**Owner Found**  
A .38 caliber revolver, found March 9 by a schoolboy in the street, was claimed by Charles F. Stedman of Cranford, last Saturday, at police headquarters. The boy told police that the weapon was taken from his service station at South and Centennial avenues by an unknown person.

**All in a Day's Work**  
The fire department rescued a cat from a tree on South Union avenue Saturday, extinguished a grass fire on a lot near Lexington avenue, and on Monday put out a grass fire on Wall street.

**Shine Used as Money**  
Beaver skins were used in New Amsterdam and elsewhere, in colonial times, instead of money.

**Alumnae to Meet**  
Mrs. F. R. Bailey of Edgewater, N.J., will be invited to the Alumnae Association of the Cranford High School, which will meet at 1 p. m. today at the home of Mrs. John Starn of Cranford. Mrs. F. R. Bailey is a graduate of the Cranford High School and is now a resident of Edgewater, N.J.

**Car Impounded**  
A 1937 sedan, being operated, police said, by Robert Williams of Newark, and improperly registered, was impounded late yesterday afternoon. Lt. Lester Powell confiscated the license plates and issued a summons to the driver for a court appearance April 2. The car was held for the owner.

**Reports Proctor**  
Mrs. R. H. Williams of Cranford reported a power outage at the Northern New Jersey Alumnae Association of the Cranford High School, which will meet at 1 p. m. today at the home of Mrs. John Starn of Cranford. Mrs. F. R. Bailey is a graduate of the Cranford High School and is now a resident of Edgewater, N.J.

### How Much Should a Funeral Cost?

Many people have asked this question.

Our charge for a funeral is the same whether the funeral is held in the family home, the Church or our Funeral Home.

The following tabulation shows that funerals conducted by Gray, Inc., are within the means of every family. The costs shown are for adults only. Child Funerals are, of course, less expensive.

STATEMENT OF COSTS OF 300 CONSECUTIVE ADULT FUNERALS CONDUCTED IN RECENT MONTHS BY GRAY, INC.	
26 Funerals cost	under \$200
43 Funerals cost	from \$201 to \$300
50 Funerals cost	from \$301 to \$400
102 Funerals cost	from \$401 to \$500
81 Funerals cost	from \$501 to \$600
92 Funerals cost	from \$601 to \$750
58 Funerals cost	more than \$750

Prices shown in the above tabulation include: Personal and Professional services, casket as selected, outside case, removal of deceased, funeral coach (local cemetery), gravesite and use of Funeral Home. The only expenses not included are cemetery costs, which are under no control, newspaper notices and clothing or such items as are, at the request of the family, advanced cash to cover.

We submit this record of our charge in the firm belief that no one can furnish a satisfactory service for less.

**GRAY MEMORIAL**

## • For Better Teeth

Dental health, like mental hygiene, has become a concern not only of medical men but of individuals as well. Much can be accomplished in such fields by the interest of civic organizations.

The Cranford Lions Club has forwarded to the Board of Health its resolution favoring the fluoridation of Cranford's water supply. This process, the club believes, would lessen cavities, especially in children's teeth.

After studies of controlled water fluoridation had been made, the American Dental Association endorsed the proposal but left it in the hands of local health departments. The Union County Dental Society has expressed its support for the movement.

Local organizations have been asked to consider the measure and report back to the Board of Health, stating whether or not they recommend fluoridation of the water supply.

Since the Plainfield Union Water Company serves many communities in this area, other municipalities also would have to agree to the proposal if fluoridation can be accomplished.

If studies by the State Council on Dental Health and the Council on Dental Therapeutics continue in high praise for the project, then it is to the benefit of each person that such a project is carried out in Cranford.

We hope other groups will follow the Lions Club in recommending fluoridation and in urging the Board of Health to consider the proposal.

## • Inviting Trouble

We wonder if parents are fully aware that children who "play" with air

rifles and slingshots are causing increasing damage in Cranford. These weapons, which are illegal in New Jersey, already have injured two persons. Is it not time to erase a danger spot before someone loses his eyesight from a "toy" pellet?

Last week, police confiscated an air rifle from an 14-year-old boy after holes were found in Acme Market windows and in the Calvary Lutheran Church sign. A picture window on Orchard street was penetrated recently and an Irvington driver reported his car mirror had been cracked by a pellet as he was driving on Alden street.

During the investigation of the injury of a passenger on a train passing through Cranford last year, 10 slingshots and three BB guns were confiscated.

Revised Statute 2:176-13, enacted at least prior to 1937, reads: Any person who manufactures, sells, barter, exchanges, hires, loans, gives, buys, or has in his possession, or uses or shoots any air gun, spring or pistol or other weapon of similar nature in which the propelling force is a spring or air and ejecting a bullet or missile smaller than three-eighths of an inch in diameter, with sufficient force to injure a person, shall be guilty of a misdemeanor.

Revised Statute 2:176-41 reads: No person shall carry in any automobile, carriage, motorcycle, or other vehicle, or conceal on or about his person, a revolver, pistol, or other firearm without first having obtained a permit in accordance with the provisions of this chapter. Any person who shall carry any instrument known as a . . . slingshot . . . shall be guilty of a misdemeanor.

Anyone under 18 years of age who is guilty of any of these infractions will be charged with juvenile delinquency.

Police said that about 70 per cent of the parents from whose children weapons have been confiscated are ignorant of the law.

Police attempt to induce willing co-operation of parents in cases involving minors.

It is obvious they have refused to comply with the statute, then police have no recourse but to prosecute the violators under the statute.

Parents, not children, are responsible. The only way to avoid any catastrophe is to eliminate the means. We urge parents to work with the police in making Cranford safe for everyone.

Subsidies, no matter what name they masquerade under, have no place in the American way. They are a resort to subterfuge, in which the real cost of living is camouflaged so as to fool the people. —Omaha, Neb., Daily Journal Stockman.

## YOUR GARDEN This Week

According to Dr. S. A. Wakman, Rutgers University microbiologist, humus, the end-product of organic matter put into the soil, is the most important soil constituent of all, and our most valuable natural resource.

One of the great functions of soil humus is to gradually liberate a continuous stream of plant nutrients, of carbon dioxide of available ammonia which soon is changed to nitrate of phosphorus, and of the minor elements.

It improves soil structure, provides better aeration, has a binding effect upon the soil particles, increases the water-holding capacity of the soil, helps the soil absorb more heat, increases the "buffering" properties of the soil, preventing rapid changes in acidity or alkalinity.

It renders various elements, such as phosphorus, more soluble and neutralizes substances which tend to be toxic to plants; it has a very high bleaching power of known mineral fertilizers by plants.

It has a mechanical effect upon the soil, providing a more favorable medium for development of the root system of plants and for the growth of micro-organisms essential for soil purposes.

It has an antagonistic effect upon microorganisms injurious to plants by forcing the growth of the common beneficial soil organisms.

These are good reasons for use of organic matter in the vegetable and flower garden, on lawns or anywhere plants grow.

# 'Human Error' Causes Fire Loss-Schindler

Fire losses for the first month of 1951 show we're certainly starting off the year on the wrong foot. Fire Chief Howard G. Schindler said yesterday. During January, \$88,686.00 worth of American property went up in flames.

That figure amounts to an increase of 16.8 per cent over losses for the same period a year ago. It was the fourth consecutive month to register an increase over the similar month a year earlier.

The "fire" Chief Schindler revealed, "fire losses in the United States in January rose to the highest level since March, 1950. All of which indicates that we can't be taking our resolution to keep this 'fire-free 51' very seriously."

The blue spread to cellar contents and beams and smoke spread throughout the house. Firemen had two hose lines and used a booster line to extinguish the fire in an hour.

A police traffic detail, in charge of L. Lester Powell, consisted of Patrolman George Ward, Lawrence Bonnell and Albert Fischer.

# Cigarette Said Cause Of \$800 Dwelling Fire

A discarded cigarette, which ignited cardboard boxes, was blamed by Fire Chief Howard G. Schindler for \$800 probable damage at 26 Arlington road late last Thursday afternoon. Box 41 was ruined.

The large frame dwelling was occupied on the first floor by Mr. and Mrs. Harlow Jones, owners. Mr. and Mrs. Edward Spearling were second-floor occupants, and those on the third floor were the family of Mr. and Mrs. Richard Puckett. None was injured.

The blaze spread to cellar contents and beams and smoke spread throughout the house. Firemen had two hose lines and used a booster line to extinguish the fire in an hour.

# Recent Events In Local Schools

(Continued from page eleven)

Miss Elizabeth A. Green's grade spelled all 50 words correctly in a review lesson.

Noel Casio found some pictures of the people in Switzerland making cheese. She brought to school for mounting and to share with her classmates.

William Ford, Henrietta Norr and Carol Bauer have invited the Cranford Library to lend pictures and books about Switzerland. Carol and Lynn Bauer brought in some handkerchiefs made in Switzerland.

On day the class tried to measure the height of Lincoln School. They dropped a ruler that was tied to a string from the luncheon window. When the ruler touched the ground they read the string and measured it. They found that it measured 47 1/2 feet. The mountains in Switzerland are many times higher than Lincoln School.

# Transfers of Real Estate

The following deeds have been recorded in the office of County Register Herbert J. Pascoe at the Court House, Elizabeth:

Emma G. Mathew, widow, to Mr. and Mrs. Frank Kne, lots 262 and 266, map of Lexington Heights. \$200.

Mr. and Mrs. Hercules E. Massa to Mr. and Mrs. Hercules E. Massa, property known as 120 Beeler avenue. \$100.

# Playing The Cards

By ALEXANDER G. SPENCER

You are North and hold:

♠ A K 7 6  
♥ Q 10 8 3  
♦ J 10 7 2  
♣ 6

South deals and bids one no trump. West passes. North asks you what you can find partner with a fair four card suit in either major, you would like to bid game in it, but how can you find out whether partner can fit either spades or hearts? If you bid two spades and partner rebids two no trump, should you go to three no trump, or bid three hearts? The trouble with a three heart bid is that partner, with three cards in each major suit, will probably bid three spades. Then you will still have a problem, because you won't know whether to try for four spades or bid game at no trump.

# Miss Gilley Addresses Church Guild

Experience while working with displaced persons in Germany was told by Miss Mary Lou Gilley at the regular supper meeting Monday night of the Margaret Greene Guild in the First Presbyterian Church.

Introduced by Mrs. G. Holmes Williams, Miss Gilley described how displaced persons escaped from their homes in Eastern Europe and were welcomed by the American Army of Occupation in Germany.

# Accidents Are Caused: Motor Director Says

By MARTIN J. FERRER

Director

A Division of Motor Vehicles report says safety authorities have found that the cause of most accidents is human error.

Some authorities go further and say the phrase "human error" is a misnomer. They say that many motorists know the relationship of violations to accidents, but they lack the will to obey the law. There is also a wide variety of opinion as to the causes of various traffic violations.

# Order Set On Ballot

## Women Win Choice Spots on GOP Ticket For County Posts

Miss Ethel M. Towne, Westfield, candidate for the Assembly, was elected first place on the Republican primary ballot in the drawing for positions last Thursday afternoon. Following in second place were Mrs. Fred E. Dwyer of Elizabeth, incumbent, and Mrs. Irene T. Griffin of Westfield.

County Clerk Henry G. Nulton was in charge of the drawing in the Board of Freeholders' room at the Court House, Elizabeth. Twenty-five spectators watched while Deputy County Clerk Roy E. Kitchell made the selections.

The first two positions in the six-way race for three freeholder jobs were won by Mrs. Ethel M. Towne of Westfield and Mrs. Irene T. Griffin of Elizabeth.

The three GOP incumbents, Charles L. Butler, Jr., of Elizabeth, Leo S. Riggle of Springfield, and R. Story Rowland of Plainfield, bracketed, will follow.

William T. Betty of Plainfield is running as an independent.

Following Mrs. Griffin's position on the ballot was Fred E. Dwyer of Elizabeth, incumbent.

G. Clifford Thomas of Elizabeth, incumbent; Arthur E. Lloyd, Jr., of Union and Donald D. Mackey of Plainfield, incumbent.

For county clerk, Mr. Nulton will be listed first, and Stanley R. Srednicki of Elizabeth, second.

Senator Kenneth C. Hand of Elizabeth is unopposed for re-nomination in the Republican primary.

The order for Democratic candidates, all unopposed, is as follows: Assembly — Lawrence A. Dwyer of Linden, Richard A. Pettit of Plainfield, Joseph T. Sharkey of Westfield and Harrison A. Williams, Jr., of Plainfield.

Also, Board of Freeholders — John L. Harvey of Garwood, Mrs. Ann M. Donnelly of Scotch Plains and Mayor James G. Egan of Rahway.

The Democrats are running: Jerome Kaplan of Summit for county clerk and John P. Higgins of Elizabeth, for county clerk.

## Cancer Funds Aid Research, Clinic Service

Contributions from Cranford residents last year to the Union County Chapter, American Cancer Society, have maintained a program of cancer research, education and service according to the chapter's annual report released this week.

This year's county-wide appeal for funds will be launched on April 1.

The chapter purchased almost two tons of colostomy, the filler in the dressings, at a cost of more than \$1,000.

The more than 100 drivers in the Motor Service throughout the county donated their automobiles as well as their time and service in transporting patients, delivering dressings and assisting during the annual campaign.

The annual report further points out that last year, 2,194 visits by visiting nurses to the "bedside" cancer patients were paid for by the chapter as well as the cost of special medications required by indigent patients. Where the one-warrant, indigent cancer patients have been provided with a housekeeper, practical or private nurse and sometimes patients are placed in nursing homes.

Continuing its work in education, the chapter conducted seventy-one programs throughout the county last year. These programs consisted of films, medical and lay speakers, and the distribution of more than 20,000 pieces of educational literature. In addition, there were six exhibits in the county at various times and a panel discussion by outstanding authorities in the field. Many science classes in high schools are incorporating the society's new educational films in their courses.

# The New Jersey Poll

## NEW JERSEY PUBLIC FAVORS DRAFT OF 18 YEAR OLDS BY 5 TO 4 VOTE

By KENNETH PHIN, Director, The New Jersey Poll, Princeton.—Drafting 18-year-olds is approved by New Jersey voters, but the vote is fairly close, interviews with an accurate cross-section of the state's voters reveal.

The question of an 18-year-old draft has become a highly controversial one in Washington.

Secretary of Defense Marshall and his top advisers advocate just such a move. But some members of Congress are firmly opposed to lowering the draft age from 18 to 16.

To find out where the New Jersey public stands on the 18-year-old draft issue, New Jersey Poll conducted a survey of the public's opinion on the question.

The survey was conducted by telephone interviews with a random sample of 1,000 New Jersey residents. The results are as follows:

Do you favor or oppose drafting 18-year-olds into the Armed Forces?

Favor 51% Oppose 49%

Unqualified Favor 40% Unqualified Oppose 35%

Qualified Favor 11% Qualified Oppose 14%

The majority of those who gave "qualified favor" answers said they "draft them but don't send them overseas until they are 19," or "draft them but don't send them overseas until they are 20."

A number of interesting findings come out of today's survey. For example, men as a group are much more in favor of calling up 18-year-olds than are women. And younger adults favor lowering the draft age; whereas older adults are opposed to such a step.
