Democratic Club Hits First District Rezoning

KENILWORTH — Following a talk by Edward Woodruff, first district committeeman, the Kenilworth Democratic Club last Wednesday evening went on record as opposing an ordinance rezoning to industry property in the first district.

More consideration should be shown to local residents, Mr. Woodruff said. He spoke at a meeting of the club in the Kenilworth Inn.

Walter Boright, president, spoke on the need for Democratic representation on the tax assessment board as well as other municipal boards.

A family picnic was planned for June 29 at Rahway River Park, Rahway. Anyone interested in attending was urged to contact any members of the club. Mrs. Charles Cutler was appointed chairman.

Mr. Boright presided.

Fathers of Girl Scouts Attend Troop Picnic

KENILWORTH — Every member of Girl Scout Troop 25 not only attended a picnic on May 27 but was able to convince their dads to come along.

The first "dads" picnic was held in Nomahegan Park, Cranford. Mrs. George Cassera, scout leader, and Mrs. Chester Murphy and Mrs. G. Byron Hogaboom were assisted by the Mothers Club of Troop 25 in planning the affair.

The Girl Scouts did the outdoor cooking and serving. It appeared that the food was appreciated by the group of hungry fathers after playing softball with their more energetic daughters.

Fathers attending the picnic were: Eric Hamilton, George Marrese, Max Hentschel, Al Knudson, Carl Bergstrom, G. Byron Hogaboom, Austin Hiller, Max Unglaub, Adolph Leikauskas, Andy Barbarise, Jackson Terry and Walter Boright.

Moving pictures of the affair were taken by Mr. Hentschel.

Girl Scouts Like Dads Too

KENILWORTH—Apparently to prove that they show no favoritism toward either parent, the members of Girl Scout Troop 13 will hold an outdoor gathering on June 21 for their fathers.

The members recently conducted a spaghetti dinner for their mothers. The gathering for the fathers will be held at the Girl Scout Property at Lafayette avenue and North Eighteenth street from 2 to 8 p. m.

Under the leadership of Mrs. George Bassett and Mrs. Adolph Leikauskas, the scouts will organize a committee to set-up and prepare recreational facilities. The girls will also cook for their fathers.

A highlight of the program will be a softball game between the girls and their fathers.

The troop is meeting Friday evenings at the Girl Scout property to complete requirements for camp fire and camp craft badges.

First rehearsal for the Girl Scout Rally will be conducted by the troop on June 10 at 3 p. m. at Harding School. The rally will be held June 13 at the School.

Troop tied a Cranford Girl Scout team, 6-6, in a softball game last week at Harding School Field. A practice game was held Tuesday at the same site. Mrs. Bassett umpired.

Public Help Sought in Main By Chronically Ill Last Year

Chronic illness was the leading cause in forcing people to seek public assistance in 1951, according to the annual report of the Cranford Welfare Department. These people formed the bulk of 102 cases involving 447 persons who received financial help last year.

William P. Smith, director of the department, describes the chronically ill as a group "where rehabilitation, to the point of being self-supporting, approaches the impossible." He said the condition of local cases had advanced to a state of physical incapacitation.

Insufficient income and unemployment was the second reason for public assistance, the report points out. This group was primarily made up of large families for which a short period of unemployment, or a sharp drop in income, proves to be a "catastrophe."

Persons who are near 65 years of age, and who are not eligible for old-age assistance, represented the third group who sought public assistance. "Employment is difficult to find and it is necessary to carry them until they are ready to be referred to the County Welfare Board or are eligible for Social Security," according to the report.

The department took care of the greatest number of persons during the middle months of last year. Fifty-one in June, 54 in July and 49 in August. The most money, $975.05, was disbursed in July.

During the entire year, the department reports it disbursed $6,159.28 and received $6,948.92 in the form of reimbursements, appropriations and refunds. This left the department with a balance of $789.69 as of December 31, 1951, the report states. The per population cost of funds used for public assistance was 16 and-a-half cents.

In its report the department thanks the Cranford Physicians

It's Superintendent Of Schools Best

Supervising Principal H. R. Best is now Superintendent of Schools H. R. Best under provisions of Assembly Bill 300 which was signed recently by Governor Driscoll. The same applies to Louis L. D. Nicolello and Edwin W. Kraus, who now are superintendents of schools in Garwood and Kenilworth, respectively.

The new act clarifies the status of the administrative heads of school districts and makes more uniform the legal powers and duties of the supervising principal and the superintendent. For example, all school superintendents now have the right to hire assistant superintendents, the right, with Board of Education approval, to suspend teachers, principals and assistant superintendents; the right to have seats on the Board of Education and to speak on all educational matters.

The new bill also provides the same tenure protection to former supervising principals as that enjoyed by school superintendents for several years.

Bulldozer Rips Phone Line, Service Cut

East-bound telephone service was disrupted for about six hours Tuesday afternoon when a bulldozer, working on the Route 4 Parkway project along North avenue, near Aldene, ran into a 300 pair telephone cable and also broke a water main which flooded the cable. The break occurred at 2:30 p. m.

While the accident did not interfere with dial calls in the local area, it did disrupt service from local stations to points in Roselle Park, Elizabeth, Newark and other easterly areas. It also made it impossible for local subscribers to dial "Operator."

A mobile telephone unit was placed at police headquarters to handle out-going calls to hospitals and other vitally essential calls but it was not necessary to use the unit, according to Edward Smith, manager of the Cranford office.

Telephone repair crews had service partially restored by 6 p. m. and all service was resumed by 8 p. m.

Brookside Pl., Walnut Ave. Suggested for New Schools

Locations on Walnut avenue and Brookside place are being considered for the two proposed elementary schools, it was announced yesterday by the Board of Education.

A public meeting to discuss the proposed sites of the new schools has been called for Wednesday evening, June 25, in the Cleveland School auditorium. The meeting was originally scheduled for the municipal building but an anticipated large attendance is expected to exceed the capacity of the township hall. Representatives of local clubs and organizations, members of the Cranford Community Council and all other interested parents and taxpayers have been urged to attend the meeting to discuss the school expansion question.

At a recent board meeting, the following resolution was adopted: "That the Board of Education adopt in principle, for purposes of discussion at a public meeting, the plan to build two elementary 12-room schools, one school to be located on the Brookside place property and the other to be located at the southern boundary of the Walnut avenue property, both structures to be designed to permit future expansion, this plan to be subject to review by the board following the public discussion."

The board's publicity committee, of which Joseph Kohn is chairman, yesterday released the following additional information relative to the forthcoming meeting:

"Both the proposed Walnut avenue and Brookside place locations are on property already owned by the Board of Education. Purchase of the land was made following

School Superintendent Best Makes Estimate Following Round-up

Kindergarten enrollment in the Cranford Public Schools next fall will be in excess of 400, it was estimated this week by Dr. H. R. Best, superintendent of schools, as a result of last week's kindergarten registration.

Although the annual "summer round-up" of youngsters who will enter school for the first time next fall produced only 359 registrations, Dr. Best predicts that this figure will be increased by as much as 25 and perhaps 35 percent by late registrations this spring and in the fall.

Roosevelt School led all school districts with 114 registrations, followed by Lincoln with 90, Cleveland with 78 and Sherman with 77. Dr. Best said he expects a marked increase particularly in the Sherman kindergarten enrollment by the opening of school.

The advance registration program was carried out under auspices of the various elementary school Parent-Teacher Associations. Chairmen in the various districts were: Mrs. A. Duemmler, Roosevelt; Mrs. E. W. Beatty, Lincoln; Mrs. W. I. Crissman, Cleveland; and Mrs. Millard Hollenbeck, Sherman.

Youth Fishing Contest Scheduled for Saturday

A fishing contest for boys and girls up to and including 13 years of age will be conducted Saturday by the Recreation Commission.

The contest will begin at 8 a. m. Saturday and run until noon and will be held at North Union avenue at Sperry Dam.

May Soon Have Second Exit For Munsee Drive Residents

The State Highway Department has offered to pave a connecting road from Munsee Drive through the Sperry tract to Cranford Terrace to provide a second exit for residents of the Munsee drive area, Mayor E. D. Stanley reported at Tuesday night's meeting of the Township Committee.

Residents of the area, whose street was blocked off near its intersection with Centennial avenue by the Route 4 Parkway construction, have requested a second emergency exit for several months. Their only present exit and entrance is Cayuga road.

The compromise was reached at a recent conference with highway officials in Trenton. Attending with Mayor Stanley were Public Safety Commissioner Clarence Fritz, Township Engineer P. J. Grall and Police Chief W. A. Fischer.

Highway officials also promised to try to split traffic between Route 29 and the Parkway by placing alternate route signs at Broad street and Springfield avenue, Westfield, and routing part of the traffic over Central avenue, Westfield.

Cranford's request that the present temporary exit from Route 4 Parkway be retained also met with more favorable approval of the highway officials. The department now has under consideration the retention and probable widening of the temporary exit, Mayor Stanley advised.

Introduced and passed on first reading was an ordinance prohibiting parking on the westerly side of Centennial avenue between Cranford Terrace and the Raritan Road traffic circle. Public hearing will be June 24. This measure would help alleviate traffic congestion along a part of Centennial avenue.

Public hearings were postponed until June 24 on ordinances appropriating $3,000 for architect's fees for a proposed new municipal building and for vacating the driftway at Kenilworth Boulevard.

On recommendation of the Planning Board, application for the closing of Sailer street was denied with Public Safety Commissioner Fritz dissenting. Also on recommendation of the Planning Board, application of Albert DiFabio for permission to conduct a garage business at 942 East Lincoln avenue was denied.

A resolution was adopted authorizing purchase of 30 parking meters at $59 each from Karpark Corp. Clark J. Duckworth was advanced from Class C to B fireman, effective June 1.

Board of Adjustment recommended that applications of B. A. Toll, 122 North Lehigh avenue, and Anthony Tinto, 210 Walnut avenue, for permission to convert their homes from one to two-family dwellings, be denied. The committee concurred in the recommendations.

Parking meter receipts for May totaled $1,646.11, bringing the total

To Spend $25,000 On Storm Sewers

Township Committee Introduces Ordinance To Alleviate Flood Conditions in 10 Areas; Two Petitions, Three Complaints Received

Initial steps to alleviate flood conditions in many parts of the township were taken Tuesday night by Township Committee with the introduction and passage on first reading of an ordinance appropriating $25,000 from the capital improvement fund for improvements to the storm drainage system. Public hearing was set for June 24.

Action was prompted by the recent heavy rains which caused the Rahway River to spill over its banks, taxed storm sewers to capacity and caused sewer backups in many areas.

The proposed measure provides for the following extensions and revisions to the storm drainage system:

(a) Extend storm sewer on Lexington avenue 100 feet westerly.

(b) Extend storm sewer in Manor avenue 325 feet northerly from Dunham avenue and thence along a right of way 100 feet westerly.

(c) Revise drainage system at the intersection of James avenue and South Union avenue.

(d) Extend storm sewer on North Union avenue 130 feet easterly from Manor avenue.

(e) Extend storm sewer northerly along Eastman street to the northerly line of Miln street.

(f) Construct 48 inch catch-basin at corner of Roger avenue and Lexington avenue.

(g) Construct 48-inch catch-basin in westerly side of Arbor street 100 feet north of Belmont avenue.

(h) Revise sanitary sewer along easterly line of Eastman street 104 feet south of Miln street.

(i) Extend storm sewer along Elise street from South avenue to Johnson avenue.

(j) Extend storm sewer in Belmont avenue from a point 105 feet west of Herning avenue westerly to a point 100 feet east of Venetia avenue.

Public Works Commissioner James P. Duffy said the township is much concerned with the entire problem and also has obtained figures on 125,000 gallon pumps which would be used to pump the surface water from the Normandie Park area and Balmiere Park section back into the river. This would make it possible to prevent flooding of streets in these areas in normal storms.

Two petitions, one containing 34 signatures of property owners in Balmiere Parkway, and the other containing 28 signatures of property owners in Glenwood road, Riverside drive, Edgar avenue and Venetia avenue, were received urging more adequate storm drainage facilities for their respective areas.

Arthur Bautsch, 18 Balmiere Parkway, a resident of that area for 21 years, charged that his property has been flooded more since the dikes were constructed along the Rahway River in that vicinity. He declared that the Normandie Park area should be condemned for further building, unless houses are graded up to a sufficient height to prevent flooding of cellars.

Norman Gershon, 512 Riverside drive, who moved only recently into his new home, said that some protection should be afforded home byers in that area by requiring that new homes be built at higher levels than township requirements in other areas.

Max Scholz, 45 Osborne place, complained of a drainage condition in his area, although admitting that it was not a municipal problem. Referred to the Board of Health and public works depart-

The body of Robert F. Goodreds, 16-year-old son of Mr. and Mrs. Herbert Goodreds of 319 Cristiani street, Roselle, was pulled from the river near the entrance to the Garden State Parkway at 5:55 p. m., some one hour and 15 minutes after sinking beneath the water.

First report of the tragedy came by means of a telephone call to Cranford Police by Philip Robbins, 17 years old, of 359 Fourth avenue, west, Roselle, one of five youths who were swimming with the Goodreds boy at the time of the accident. The call was made at 4:59.

Mrs. Dozois: Elect GOP Legislature

Mrs. Lucien Dozois of 254 Bloomingdale avenue, presiding at the Cranford Woman's Republican Club meeting and picnic Tuesday, told the group that while current newspaper headlines tell of the coming presidential election, "every conscientious voter knows the need for alertness in order to have a Republican congress in 1953."

Victory in the executive branch of the federal government without a suporting victory in the legislative branch is a half-way, she said. This, she pointed out, would cripple the political party's full responsibility for the conduct of the national government.

Mrs. Dozois went on to say that the legislative policy-making of a Republican Congress is as pertinent to the future of the nation as is the guiding philosophies and policies of a Republican president.

Mrs. William Smith was auctioneer for a white elephant sale.

Held at the home of Mrs. Ruth Nelson of 231 South Union avenue, the affair was attended by Mrs. Elfie Scheidler, of Roselle, Union County freeholder.

Deferred Pupils Urged To Obtain Form 109

Colonel Bloomer, state selective service director announced Friday that student registrants who are presently deferred under the regulations should obtain from their school a College Student Certificate, SSS Form No. 109, which will indicate their class standing as of the end of their academic year.

A grace period of thirty days will be permitted in order to have the school file this form which should be in the hands of the local board within this time if student registrants intend to re-enter school in the fall, the state director said. Students are also reminded of the fact that while they are temporarily deferred as students they have a liability to serve up to the age of 35.

It is pointed out that while local boards, according to regulations, may use either the College Qualification Test Score, SSS Form No. 108, or College Student Certificate, SSS Form No. 109, to consider deferment of students, it is desirable that students contact immediately their school authorities in order that the boards may have sufficient information on which to base their determination.

Fritz, McCrea Given Cerebral Palsy Posts

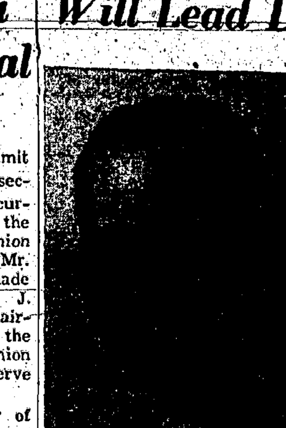

Clarence Fritz of of 8 Summit road has been named for the second year to head Cranford's current fund raising campaign of the Cerebral Palsy League of Union County. Announcement of Mr. Fritz's reappointment was made today by Freeholder Albert J. Benninger, county campaign chairman. William McCrea, of the Cranford Branch of the Union County Trust Company, will serve as treasurer.

Mr. Fritz, branch manager of the Acacia Mutual Life Insurance Company, Newark, is past president and trustee of the Cranford Boys' Camp Association. A past president and trustee of the Cranford Lions Club, he has served as deputy district governor of the Union County Area Lions Clubs. He was chairman of Rationing Board 3, during the war.

Mr. Fritz was chairman of the drive that last year prompted Cranford residents to contribute $840 to the league. Urging an even greater demonstration of generosity this year than last, Mr. Fritz pointed out that the needs of the cerebral palsied are greater than ever before. "The highest birth rate of any year in our history was recorded in 1951, with over three million babies born in the United States. Cranford and the remainder of the county have certainly received their share. Since the incidence of children with cerebral palsy from birth is directly proportional to the birth rate, this means that our burden and our responsibility will be greater in 1952 than ever before," the chairman stated.

Funds sought by the league are to maintain its pre-school and recreation center at Christopher Columbus School 15, Elizabeth, and other clinical services. Ultimate goal of the organization is the establishment of a $150,000 treatment and educational center in Union County. The league is the local affiliate of the United Cerebral Palsy Associations, Inc.

WSCS Looks Back on 18 Months Work

A review of the past 18 months and a glimpse into the future was the feature of the program of the Woman's Society of Christian Service of the Methodist Church Tuesday.

Reports were given by the secretaries of the work carried out by their departments. Circle leaders also gave reports of the work accomplished in the 12 circles into which the larger group has been divided. A letter was read from Mrs. Esther Dixon, Methodist Church missionary, and her husband, who are sailing for Sumatra, Dutch East Indies. Mrs. Dixon thanked the group for thir support and prayers, according to Mrs. Albert Allinger, publicity chairman.

Also, Mrs. W. Morell gave a short retrospection of the past quadrenniums within the Methodist Church and the part carried out by the women's societies. A treasurer's report compiled by Mrs. Daisy Greenwell was read. It was announced that 2,550 cancer dressings and 153 jackets have been prepared by the cancer unit for the Red Cross.

The perspective, "That the Kingdom of God May Be Realized," led by Mrs. T. Buzalski, emphasized the points the WSCS should study to aid them as they seek to grow as Christians, according to Mrs. Allinger.

It was announced that there will be a covered dish luncheon on July 8 in honor of the linen shower for the Home for the Aged at Ocean Grove. Also scheduled is a bus ride to Ocean Grove on August 12.

Following are meetings of the new circles which have been called by their conveners for next week: Circle one, Mrs. Sue Gove, 189 Locust drive, time and date not announced; Circle three, Mrs. Ruth Van Ness, 16 Arlington road, 1 p.m., June 18; Circle four, Mrs. A. Brady, 101 Benjamin street, 1 p.m., June 18; Circle six, Mrs. Thomas Buzalski, picnic at Nomahegan Park, 1 p.m., June 18; Circle 12, Mrs. Fred Simonson, 260 Willow avenue, 8 p.m., June 18; Circle eight, Mrs. R. L. Hardy, Westfield, 8 p.m., June 16; Circle 10, Mrs. W. G. Walsh, 614 Orchard street, 8 p.m., June 17; Circle 14, Mrs. M. T. Free Rabies Clinics Slated For Late June

The inoculation of dogs against rabies will be held on Tuesday, Wednesday and Thursday, June 24, 25 and 26, between the hours of 3:30 and 5:30 p.m., and on Wednesday, June 25 between 7 and 9 p.m. at the Public Works Building, 12 South avenue, west, near South Union avenue.

There will be no charge for this service. All dog owners are urged to bring their dogs on a leash so that they may be tightly held.

In 1949 there were 67 cases of rabies in animals in New Jersey with 14 cases in Union County. Restriction of dogs running at large and vaccination of dogs against rabies has given us a two-year period without one single case.

"It is not the time to relax our control methods as rabies is present in States surrounding New Jersey. The Board of Health has selected this period before vacation time to offer all dog owners an opportunity to protect their dogs and families against rabies. There is still no known cure for this disease once it has started. Prevention by vaccination is the only known protection," Health Officer William Smith said.

Real Fireplace

This time of year many people are enjoying the pleasure of a real fireplace with real logs. The beauty of the wood grain in a log can be preserved by sawing off a cross-section and covering the raw wooden ends with a thin coat or two of shellac. Book-ends can be made by flattening a part of the section with bark so the log won't roll.

Russian Settlers

Beginning about 1715, crude river boats crossing the open sea brought black-bearded Russians to Spitsbergen. Wintering in darkness and misery in thousands of huts dotting coastline and interior they hunted Arctic fox, polar bears, walruses, seals and eider ducks.

Presbyterian Church Gains Meeting Topic

The growth of the Presbyterian Church in the United States was the topic of the Rev. Robert G. Longaker, pastor of the First Presbyterian Church, at a meeting of the Presbyterian Women's Association yesterday morning in the church.

The meeting, which took the form of a breakfast, also featured an address by Mrs. Eugene Hessel, Presbyterian missionary in the Philippines. She discussed the schools and churches being established there.

It was pointed out by the Rev. Mr. Longaker that the Presbyterian Church has added 1,000 members every week during the ten-year period from 1941 to 1951. He said he thought people felt a need for new spiritual life.

Three new members were accepted. They are: Mrs. James Burnett, Mrs. Abner Dow and Mrs. Gustaf Cromey.

Mrs. Howard Best introduced the Rev. Mr. Longaker and Mrs. Fred Mayer introduced Mrs. Hessel.

The breakfast was served by Mrs. Andrew Bain and her group. Eighty-two persons were present.

A membership committee meeting will be held Wednesday at 2:30 p. m. at the home of Mrs. Mayer, 503 Orchard street.

Mrs. Walter Fasnacht, president, preside at a short business meeting following the breakfast.

served on the West Coast, in the Philippines, and in Japan.

Active in fund activities in his six years of residence in Cranford, Mr. Van Horn was chairman of district nine in last year's drive. In accepting the post of executive chairmen, he remarked that the friendly spirit and cooperation of both workers and contributors has been the outstanding feature of Cranford's Fund drives.

"This feature", he said, "is most fortunate for Cranford has no large industrial givers to underwrite the success of each drive. Instead, many workers, and contributions by all residents are required, and I know that Cranford will respond wholeheartedly again this year."

The executive committee for the drive will be announced shortly. Meanwhile, said Mr. Van Horn, former workers and others who desire to volunteer in the drive are requested to contact him.

served on the West Coast, in the Philippines, and in Japan.

Active in fund activities in his six years of residence in Cranford, Mr. Van Horn was chairman of district nine in last year's drive. In accepting the post of executive chairmen, he remarked that the friendly spirit and cooperation of both workers and contributors has been the outstanding feature of Cranford's Fund drives.

"This feature", he said, "is most fortunate for Cranford has no large industrial givers to underwrite the success of each drive. Instead, many workers, and contributions by all residents are required, and I know that Cranford will respond wholeheartedly again this year."

The executive committee for the drive will be announced shortly. Meanwhile, said Mr. Van Horn, former workers and others who desire to volunteer in the drive are requested to contact him.

Many View Tragedy; Roselle Boy Drowns

(Continued from page one)

Louis Guertin, each arived at the scene in a patrol car. A public works department rowboat was dispatched to the scene.

Two Cranford men, Harry and Ralph Dietzel, rowed the boat and dragged the river with a police department grappling hook in the area where the boys entered the water, a point about 50 feet above the Raritan road dam.

One by one bystanders dove into the water to aid in the search until at one time six men were looking for the body. After many tries in the 10-feet deep water, David Schwartz of New Brunswick, recovered the body.

He was pronounced dead at 6:05 by Dr. Anthony Sordill, but not until efforts to revive him by artificial respiration and use of a pulmotor failed by the Clark Rescue Squad. His body was removed to Pettit's Funeral Home in Rahway.

According to police, the events which led to the youth's death were as follows:

A junior at Abraham Clark High School in Roselle, young Goodreds told his parents after school he was going swimming. He rode in a car to the river with Philip Robbins and four other Roselle youths, Alfred Boehm, 15 years old, of 606 Chestnut street; Joseph Dermody, 16 years old, of 220 Fifth avenue, east; Salvatore Esposito, 16 years old, of 739 First avenue, west; and Nick Schlauch, 17 years old, of 753 Third avenue, east.

They entered the water and started out together. About half way across, the Goodreds boy began to fall behind and when the others reached the opposite shore he was about 20 feet from shore.

After asking if he was all right and getting no answer, the Robbins and Dermody youths swam to his side but turned back when he said he was all right. While they were returning to shore, young Goodreds' strength apparently failed and he sank. After repeated attempts to locate him, the boys summoned Cranford and Union County Park police.

The tragedy was made more evident with the statement by Capt. Wesley D. Hoesly of the Park Police, who had charge of the recovery attempts, that there is an ordinance prohibiting swimming in waters of the Park Commission other than pools.

Before being taken to Pettit's Funeral Home, last rites for the youth were administered by the Rev. Charles P. O'Connor, assistant pastor of St. John the Apostle Church in Clark.

A native of Elizabeth, Robert was a member of the basketball and baseball teams at Abraham Clark and had just been elected art editor for the Class of 1953 yearbook.

Besides his parents, he is survived by a sister, Betty, and his grandmother, Mrs. Florence Goodreds of Newark.

Funeral services will be held from the Prail Funeral Home, 124 East First avenue, Roselle, at 8:30 tomorrow morning, and a high solemn requiem mass will be offered at the Church of the Assumption, Roselle Park, at 9. Interment will be in St. Gertrude's Cemetery, Woodbridge.

Cranford's other drowning victim this year was two-year-old Joseph Behan of 205 Central avenue, who toppled over a flood dike into the river a block from his home March 27. He was drowned several feet from shore.

Need More Volunteers For Bloodmobile Visit

Several local residents have registered during the past week as donors for the next visit of the Red Cross Bloodmobile unit on Monday, July 7, in the First Presbyterian Church, it was announced yesterday by officials of the Cranford-Garwood-Kenilworth Chapter, American Red Cross.

However, more donors are needed if the chapter attains its quota of 125 pints, it was pointed out. The local chapter has one of the outstanding records of any chapter in the area for blood donor contributions throughout World War II and the Korean conflict.

Residents of Cranford, Garwood and Kenilworth may register by calling Mrs. Katherine Wagstaff, executive secretary, at CRanford 6-3060.

Cranford Day Scenes

Mayor E. D. Stanley, hat in hand, is shown greeting commuters as they departed from Jersey Central Railroad station Friday morning. Harry Yerkes, raiload's geneal passenger agent, is to Mayor Stanley's right, and Mrs. E. A. Koyen, to his left. Commuters were served coffee and doughnuts and given boutonnaires as they left for work.

Winners in Rotary Club's treasure hunt Friday afternoon receive prizes from the Rev. Robert G. Longaker and Robert M. Crane, committee members. Mrs. Charles Mott, general chairman of this year's Cranford Day festivities, is pictured at the microphone.

Scores of youngsters and oldsters, too, crowded Eastman street, adjacent to MacConnell Park, for the square and social dancing Friday evening.

Cranford Day Honors

(Continued from page one)

Paintings and drawings by elementary and high school students and by members of the Creative Art Group created much interest. Among the pieces of art work displayed were the following: "Mass Land" by Mrs. Joseph Gubas, "Barnegat Lights" and "Moonlight," by Mrs. W. Woodward, "Grassmen" by Mrs. Joseph Babinec, "Genevieve," "Purple," "Dawn," and "Annie," by Mrs. A. D. Green, "Roads End," and "Grinning Cat" by Mrs. W. L. Spander, "Flamingo" and "Youth" by Mrs. H. Sheahan, "Amarylis" and "Cape May" by Mrs. F. E. Sloat, "Presbyterian Church" by Dean Compton and "Douglas Young" by Mrs. H. Young.

As in the past, tours of historical interest were conducted. Mrs. J. Angus Knowles and James H. McManon were barkers.

Display booths were set up at the park by Johnson & Johnson, Boyle-Midway, Inc., Wood & Selick Sweetened Co., Inc., Cranford Historical Society, Cranford Photographic Society and the Cranford Police Department. The police exhibited the tape being applied to bicycles so they can be seen at night.

Square dancing in Eastman street in the evening drew a large number of teen-agers and other residents. Harold DiEspies was the caller for square dancing and music was furnished through the courtesy of Local 151, American Federation of Musicians in cooperation with its Music Performance Trust Fund. Selections by the Plainfield Chapter, SEPBSQSA and Norman Jones, vocalist, were well received.

This was the sixth consecutive Cranford Day program, which is sponsored to make the citizens of Cranford more aware of the town in which they live.

A three-day sale was held in conjunction with the celebration by the Cranford Business Association. The association also arranged to have free parking on Friday. Each parking meter in the business district was covered with a bag which reported that it was "Cranford Day" and that there would be no charge for parking.

Conditions at MacConnell Park were in good shape despite the heavy rains the previous week and the strike by maintenance workers of the Union County Park Commission. Police, however, were kept busy keeping children away from the swollen Rahway River which surrounds the park on three sides.

A carnival air surrounded the activities at the park. This atmosphere was heightened by the large number of children and the activities for the youth.

Butonnierres for all commuters were provided by the Floraphile Garden Club, the Cranes Ford Garden Club, the Green Thumb Garden Club and the Sunny Acres Garden Club.

Cranford Diner provided without charge the 600 hot dogs sold by the Sherman School Parent-Teacher Association. The diner also provided the pickle relish, mustard, catsup and aprons and hats. Prizes for the ring toss game were provided by Hathaways. Two hundred prizes were distributed.

Textile Union to Vote On Proposal by J & J

at the local plant in Walnut avenue, which produces baby products, as well as other company plants in New Brunswick, Metuchen and Milltown.

Shortly after the strike was called, Richard Dowell, manager of the local plant, reported that the company's wage rates and fringe benefits, such as holidays, vacation pay, life insurance, hospitalization, surgical benefits, shift premiums, service awards and others are equal to and in most instances better than those of any of its competitors.

Picketing has been peaceful and a friendly attitude has been evident between management and the workers, Mr. Dowell reported yesterday.

The union reported, following a negotiating session Monday, that the company refused to submit the union demands to arbitration. It was pointed out by the union that in 1951 Johnson & Johnson made the second highest profits in its history.

favorable action by a public referendum held three years ago. The Brookside place land is adjacent to, and to the rear of, the high school grounds. The Walnut avenue plot is located next to the board's former athletic field.

"This year's enrollment in the elementary schools is 1,986 pupils. Because of the distribution of pupils in the four elementary school areas, the Roosevelt and Sherman schools are already overcrowded, with sub-standard basement rooms pressed into service as classrooms.

"Next year it is fairly certain that the elementary school enrollment (kindergarten through sixth grade) will increase to about 2,175 pupils, an increase close to 200. There will also be some increase at the high school building which is not yet operating at capacity. Next year's elementary enrollment will, however, about exhaust the remaining available space in the Lincoln and Cleveland schools. Although the four elementary schools can accomodate 2,200 pupils, the board points out that the desirable use of these buildings is for a total of not more than 2,000 pupils. The latter figure allows for suitable teachers' rooms, libraries, and other special rooms which cannot now be provided in these schools, as well as doing away with the use of sub-standard rooms for classroom purposes.

"School forecasts prepared from a study made by the board's Long Range Planning Committee in the past year indicate that the elementary school enrollments will continue to rise for the next several years. The eventual figure for kindergarten through sixth grade was estimated to be not less than 2,700, wih a possibility that it migh level off a total as high as 3,200.

"The building of two new 12-room elementary schools, as proposed by the board, will provide for 650 pupils and will be sufficient to cover the requirements of the minimum estimate of 2,700 elementary school pupils. The board's present thinking is, however, that these new buildings will be so designed that they can be added to at a future time if it becomes evident that the grade school totals will exceed the minimum estimate by any substantial amount."

The season's dresses call for a small waist, very much nipped in. The proper foundation, even though you're slender, calls for a high-waisted girdle, one which extends above the natural waist-line.

Make Home 'Fire Safe' Says Chief

Springtime always starts people thinking about vacation. For most people it is a time to get away from home and see new faces and new places. Yet even with the nicest vacation possible, it's always pleasant to return home when the trip is over. "But," asks Fire Chief Howard Schindler, "have you ever thought that far too many persons return home to find that in their absence, their home has gone up in smoke and flames, usually because they did not take a few simple precautions for fire-safety in their absence?"

Here are a few tips on making your home "fire safe" before you go away. "First of all," points out the chief, "check all closets, the basement, attic and garage and make sure that no collections of waste or oily rags have been accumulated. They might cause spontaneous combustion. This is one of the greatest causes of fire in unoccupied homes. To make it worse, a fire started in this manner may have to break through the roof before it attracts attention. By that time, the fire has grown so large that usually all the firemen can do is prevent the flames from spreading to other homes.

"The second hazard, which you can largely minimize by a few simple acts, is the danger of fire from electrical systems. Ideally, the electrical current should be turned off at the main switch. But often it is necessary to keep power on for electrical refrigerators and other service equipment. If so, the next best thing is to disconnect all other attachments such as floor lamps, radios, television sets and phonographs. Take a look around the shrubbery before you lock up. Clean out loose papers and trim high grass against the house that might be ignited by a spark from someone's carelessly tossed cigarette.

"Finally, ask a neighbor to keep an eye on your home. Then you can start out on your well-earned vacation and be fairly sure you'll have a home to return to. Your Fire Department will be on hand to safeguard your property."

Don't Cover Yourself Just Part Way

Insurance protection should be complete—not patchy.

You don't buy half an umbrella or one boot — or roof only one room of your house.

The primary purpose of insurance is to worry-proof your life. You chip a minor sum into a kitty each year to protect yourself against major losses by fire, accidents, law suits, theft, etc.

So make it your business to protect yourself ALL OVER from every angle. It is OUR business to show you how.

• Father's Day

Father's Day is just around the corner. So, dust off that easy chair, Stand by to hoist anchor and go fishing. Cater to his every whim, and no back talk for at least 24 hours — come next Sunday, June 15.

But Dad has not always received such royal treatment from his loyal subjects. Back in the Stone Age, for instance, fathers were frequently challenged to mortal combat by their grown-up sons. After the brawl was over, Junior became captain of the cave, if victorious, and ruled the family until he also was overthrown.

In ancient Greece an annual festival honored Zeus, father of the gods. Zeus was also the patron of human fathers. But though his sacred statues were crowned with new laurel wreaths each year, the traditional gift to Dad was simply a cluster of ripe grapes.

Dad's authority reached rock bottom in India. There, if he fell in debt, Mom could sell him into slavery to pay off the creditors. And in the African Sudan, even today, a wife may return to her parents after bearing five children, leaving you-know-who to look after the kiddies.

Here in America, Father's Day provides the perfect answer to such goings-on. It's our way of paying tribute to fathers everywhere. And it has been since Father's Day was first celebrated back in 1910.

• New Schools

Another important public meeting of local parents and taxpayers will be held on Wednesday evening, June 25, in Cleveland School auditorium to discuss the location of two proposed elementary schools. This follows closely on the recently largely-attended session in the same auditorium where local property assessments were discussed and the Township Committee's announcement that construction of a new municipal building may be undertaken soon.

All of these meetings and announcements mean that John Q. Taxpayer is going to have larger tax bills to foot in coming years. It is therefore mandatory for all residents to keep abreast of local events and to attend these public meetings to obtain first hand information from their elected officials as to the whys and wherefores of these proposed new buildings.

As to the need for new elementary schools, it is a matter of record that Cranford's school population is setting new records each year. Already over the 3,000 mark, school officials estimate that the enrollment will increase approximately 300 pupils annually for the next several years with the peak not expected until 1965.

New facilities must be provided, and soon, to relieve present overcrowded conditions in three elementary buildings and provide accommodations for the increased enrolllment in coming years. The Board of Education already has acquired property for its proposed buildings.

These are but a few of the problems occasioned by a growing community. To take care of this additional population, more facilities are required. We are confident our elected officials will welcome the suggestions and guidance of all local residents as to how these problems may be solved at a minimum of public expense.

Don't Vote—If

The New Jersey Constitution prohibits any idiot or insane person from voting; therefore, if you are an idiot, or insane—don't vote. (Article II, Section 6.)

If you are qualified to register and to vote, it is not too early to think about getting out the vote for the National election on November 4th.

In the last Presidential election, over 400,000 registered New Jersey citizens did not vote. This represented more than all of the registered voters in any one county in the State — there were 17 people out of every 100 in New Jersey who could have voted, but didn't.

IN RETROSPECT

From the Files of The Citizen and Chronicle

Five Years Ago

Approximately 190 seniors were to receive their diplomas at commencement exercises in the Cranford High School auditorium, it was revealed as Principal Ray A. Clement released the names of members of the Class of 1947.

The United Jewish Appeal Drive in the Cranford - Westfield - Garwood - Kenilworth area was $12,000 short of its $30,000 goal, it was announced at a meeting in Temple Beth-El.

Jordan M. Taxon, who had served as rabbi of Temple Beth-El since 1946, was graduated from the Jewish Institute of Religion, New York, with the degree of master of Hebrew literature, and was ordained a rabbi by Dr. Stephen S. Wise, president of the college.

Cranford was to mark Independence Day with a day's program of events beginning with baseball games at 9 a. m. and climaxing with an hour's display of fireworks in the brook section of Nomahegan Park on Kenilworth Boulevard in the evening.

More than 400 persons were present when a $30,000 addition to the Cranford Gospel Tabernacle of the Christian and Missionary Alliance was dedicated during services at the church. The addition consisted of two wings and increased the seating capacity in the church auditorium from 300 to 525.

John A. Manger, local accountant, was elected director of the Cranford Savings and Loan Association for a one-year unexpired term caused by the resignation of Eugene D. Towler, who had moved from Cranford.

Thirty-eight boys had registered for a total of nearly 100 boy weeks at the Cranford Boys' Camp for the season opening July 6, it was announced by Arthur Boerlmann, camp registrar.

Abraham M. Shapiro, 71 years old, of 219 Orange avenue, proprietor of Shapiro's Dry Goods Store, 19 North Union avenue, and one of Cranford's first merchants died in Boston where he had suffered a heart attack.

League Champions for 1946-47 at St. Michael's Grammar School were announced at the Fifth Annual Sports Night sponsored by the Catholic Youth Organization of the church.

Diplomas were presented to 32 students in the graduating class of Union Junior College during informal commencement exercises in the library. Following the ceremony, a reception for the graduates was tendered by the Village Improvement Association.

In honor of Cranford's 76th anniversary, the Village Improvement Association was to hold a Cranford Day celebration. The program was to include a sight-seeing tour of the township, a bazaar at the township rooms, a tea there in the afternoon and a spaghetti supper at the Casino. Mrs. F. W. Riley was general chairman for the event, assisted by Mrs. A. J. Davies.

Ten Years Ago

An original Class Night program was to be presented by the Class of 1942 of Cranford High School in the high school auditorium. A baccalaureate service, a special awards assembly and commencement were planned for the 152 seniors.

The War Relief Fund of the Cranford-Garwood-Kenilworth Chapter of the American Red Cross exceeded its quota of $100,000, it was announced by Treasurer Henry Whipple. The Junior Service League and the Cranford Garden Club put the drive "over the top" by raising approximately $350 from six "open house" exhibits.

In view of the withdrawal of an application by Charles I. Tarlow for a plenary retail distribution alcoholic beverage license for premises at 25 South Union avenue, the township committee decided not to pass on final reading an amendment to a previous ordinance increasing from three to four the number of retail distribution licenses in the township.

Armand Van Gelder was elected president of central council of the Cranford Junior Red Cross Chapter, succeeding Edith Mott. Other officers, chosen at a meeting in Cleveland School, were Beverly Smith, vice-president, and Cabot Barber, secretary.

Union Junior College was moved from Roselle into the Grant School building, Holly street and Springfield avenue. Prior to the opening of the school's summer session, the Village Improvement Association planned to hold an open house.

A revised list of Cranford men in the various branches of the nation's armed forces, as nearly complete as possible, had been compiled by the Mayor's Honor Roll Committee and placed on the Honor Roll in the corridor of the municipal building.

At the request of the Local Rationing Board, Cranford food merchants agreed to conserve rubber and gas by limiting deliveries to two a day, Clarence Fritz, board chairman, announced following conferences with the merchants.

Of the more than 4,000 homes in Cranford only two were found with lights left burning during the state-wide surprise test blackout, it was announced by Herbert R. Winckler, commander of local defense units and chairman of Local Defense Council. In both cases, residents had gone out for the evening and had left their interior lights on.

The honorary degree of doctor of letters was conferred upon Dr. Albert B. Meredith of 3 Tuxedo place at the annual commencement exercises of the Rutgers University School of Education.

Approximately 150 young people of the Diocese of New Jersey were to gather in Cranford as guests of Trinity Chapter of the Young People's Fellowship for their annual Diocesan Convention.

Local newspapers are also closer to their readers than any other, J. Douglas Gessford, secretary of the Newark Advertising Club and former newspaper publisher, declared in an address before the Cranford Rotary Club in the Methodist Church Chapel.

Ross Awarded Most Coveted Pingry Prize

Award Winner

JEREMIAH K. ROSS

Jeremiah K. Ross of 20 Crescent place was awarded the Class of 1902 Emblem at the 93rd Commencement exercises of Pingry School, Elizabeth, Friday evening.

The award read, in part, that he ". . . during his course in the Pingry School . . . has done the most for the school . . ." It was reported by the school that the award was the most sought by the senior class.

He was one of four local boys awarded diplomas by Conover English, president of the board of trustees. They are: Jay Cleveland Harbeck of 10 Tulip street, William Damon Mason of 110 Cranford avenue and Ronald Hale Post of 387 Lincoln avenue.

Jeremiah was also elected to the Cum Laude Society and received honorable for the Scholarship Prize-Sixth Form.

YOUR GARDEN This Week

By ERIC H. PETERSON, JR.
Union County Agricultural Agent

If some Japanese Maples, Dogwoods, Sugar Maples and some other trees on your property seem to have a leaf disease, inspect leaves closely. Your trees may have leaf scorch.

Leaf scorch is a drying out of certain irregular areas on the foliage of many plants. The trees mentioned are the first to suffer from such climatical disorders.

The condition is caused by neither insect nor disease. It is a result of lush growth during the usually wet spring season followed by dry, hot, sunny days. It is assumed that with an ample supply of moisture in the ground, root systems of many trees are able to make quick development of foliage possible.

When the moisture supply is decreased due to the stopping of the spring rains, the weather usually is warm. This sets up a condition where more moisture is transpired through the foliage than is possible to be taken in through the root system. The individual cells in the affected area, therefore, are "deflated" to the point where they dry out.

If enough of these cells in any one area are affected the resulting crisp areas are noticeable on the foliage of your plants. Severe conditions can completely cripple an entire tree.

If it happens early in the season new foliage still can come on and make the plant look fairly decent for the rest of the season. However, many times it comes late in the spring and early summer and the dried out condition exists for the remainder of the year.

There isn't much that can be done. Artificial watering at first signs of scorch may slow down the process and be of some help. Thinning out the tops of trees during the fall and winter is the best thing you can do to help the condition in future years.

A proper fertilizing program would also induce a larger root system which in turn would improve the condition.

Trees that are not well established in their new homes are the first to suffer and these can be helped materially if a large mulch area is applied immediately after transplanting operations. This mulch should be kept there for at least three or four years. The mulch shades the soil and cuts down evaporation of ground waters.

Summer Reading Club Registration Monday

Registration will open Monday for a summer reading club for the Junior Department of the Cranford Free Public Library, which will be conducted by Mrs. Marie Seidel, children's librarian.

Emphasis will be placed on reading for pleasure, Mrs. Seidel reported, and no written reports will be required. Registration will continue though the end of the month.

To create interest in the club, prizes will be awarded to children reading ten books. When a child has read one book, Mrs. Seidel said, he may take a "fish" out of the fish bowl and put it in the "river" on the bulletin board. A silver star will be placed beside each child's name on the honor roll for each book read.

The reading club will terminate August 29.

Model Airplane Meet Sunday at Warinanco

A large field of Union County juniors is predicted for the Union County model airplane meet Sunday at Warinanco Park, Elizabeth, by Raymond D. Matthews, of Hillside.

Mr. Matthews is chairman of Union County Plymouth dealers who are co-sponsoring the meet with the Elizabeth Daily Journal.

Dealers from all over the county report an unusual demand for entry blanks and information on the meet, Mr. Matthews said. The meet will start at 1 p. m. and will continue until 7 p. m. In case of heavy rain, it will be postponed until the folowing Sunday, the chairman added.

Because post entries are permitted, few formal blanks have been filed, Mr. Matthews said, but reports from dealers indicate there will be a large number of junior model fliers comparatively new to competition. These coupled with veterans of the sport will make Union County's annual feature one of the best in its history, he continued.

Flower Arrangements Topic of Garden Club

At an outdoor meeting last Thursday at the home of Mrs. J. Donald Savercool, members of the Sunny Acres Garden Club made flower arrangements.

Following a box lunch and business meeting, Mrs. Raymond P. Wismer of the Cranford Garden Club commented on each arrangement and offered constructive suggestions. Refreshments were served by the hostess.

The next meeting will be held at the home of Mrs. D. Broughton in September.

Odd Creature

"A bachelor looks unsettled and funny and he always wants to be running around seeing things. He looks at a woman and then looks away and then looks back again, so she knows he is thinking about her. Bachelors are always strange and that's why women like them."—James Stephens.

Thought for the Week

FATHER'S DAY

By the Rev. Albert A. Dezso, pastor of Osceola Presbyterian Church

Fathers enjoy a great honor. They are given one of the names of God. They are given many of the opportunities and privileges of God. Jesus made the human father the figure and type of God. Our Father which art in heaven is our most familiar address to Him. From an examination of our relationship to our earthly father we ought to be able to climb up to a better understanding of our relation to God. The child of the earthly father we ought to be able to climb up to a better understanding of our relation to God. The child of the earthly father has his traits and nature partly determined by his heredity from his father.

The idea of fatherhood reveals the true nature of God. He is our father by creation, redemption, adoption. We acknowledge a personal God. We are brethren together in one great family.

As father we may expect of him love, mercy, protection, enlightenment, discipline and inheritance.

As children, the father may expect of us childlike faith and confidence, filial submission to His will, childlike reverence, love to His children, heavenly mindedness.

A tiny lad was crossing a stream on stepping stones with his father. Confident of his own ability he started alone. But the water grew deeper, the current swifter, and the stones farther apart, till the little fellow drew back in fear. The father, just behind him, held out his hand. With the small hand clasped firmly in the big one, the boy leaped the chasms fearlessly and the two landed safely on the opposite shore. The childish face was serious for a time then looking up with grateful smile he said "Father, I couldn't have crossed without your hand."

In life we are crossing a stream. At first we may be confident of our own ability but as the waters grow deeper we will finally turn to our father; not only our earthly father but sooner or later, our Heavenly Father. It will be the clasp of His hand that will take us through life.

It should be the aim of a Christian father so to live that when his children hear of a heavenly father, the image that arises in the mind will be the highest and noblest that the mind can entertain.

Reveal First Church Schedule

This Sunday the summer schedule of services will start at the First Presbyterian Church. There will be just one Sunday morning service and that will be held at 9:30. The Father's Day message by Rev. Robert G. Longaker, pastor, will be "The Way of a Good Man." The music will include "I Will Sing New Songs of Gladness" a soprano solo by Marilyn Vosberg, and "Power Eternal," a duet from "Stabat Mater," by Maria Martell and Miss Vosberg. The Sacrament of Baptism will be administered to Bryn Ann McGinnis, daughter of Mr. and Mrs. Philip McGinnis.

The Junior Fellowship closed the season with their meeting last Sunday.

The Senior Fellowship will meet at the Church at 7:30 p. m. to go to the Baccalaureate Service at Cranford High School.

The Young Adult Club will meet at 7 p. m. at the home of Ned Reeves of 406 Casino avenue. Rev. Neal N. Herndon will lead the discussion on "The Sermon on the Mount."

Wednesday at 12:30 p. m. the Woman's Association group, led by Miss Helen Plummer, will meet at the home of Mrs. M. L. Taliaferro of 114 Herning avenue.

Wednesday evening at 8 o'clock the Couples' Club will have the last regular meeting of the season. A comic fashion show will be presented by an all-male cast.

Clergy Council To Recognize Revised Bible

Recognition will be given the new Revised Standard Version of the Old Testament on Sunday, September 28, by member churches of the Cranford Clergy Council.

The council has suggested that each minister preach to his own congregation on the theme: "The Bible Is the Answer."

It was pointed out by the council that the Revised Standard Version of the New Testament was published six years ago and that the publishing of the new version of the Old Testament has been eagerly anticipated. Some 900,000 copies will be printed and over 700,000 copies have been sold in advance of publication.

The council met Monday morning at the home of the Rev. Albert Allinger, pastor of The Methodist Church.

The Rev. Robert G. Longaker, pastor of the First Presbyterian Church, reported that a fulltime chaplain will be engaged this summer at Camp Winnebago, Union Council's Boy Scout camp, near Marcella. The cost of this service will be borne by thirty churches in this area which have Boy Scout troops, he said.

Next meeting of the council will be September 8 at 1 p. m. at the First Presbyterian Church.

Those present at Monday's meeting were: The Rev. Mr. Allinger, the Rev. Mr. Longaker, Dr. George Aitcheson, pastor of the Cranford Tabernacle; the Rev. Samuel I. Matchett, pastor of St. Mark's A. M. E. Church; the Rev. Albert G. Dezso, pastor of Osceola Presbyterian Church; the Rev. Neal Herndon of the First Presbyterian Church; and the Rev. Frank V. H. Carthy, rector of Trinity Church.

Youth Conduct 'Day' Program

Children's Day was commemorated Sunday in the Cranford Tabernacle at the 10:30 a. m. service with a special program by members of Sunday School.

Students of the nursery, beginners, primary and junior departments recited scriptures and verses and sang hymns.

"The Code of Many Colors" was the object lesson of Bill Pettersen.

A Young Men's Trio of the senior department sang. The members of the trio are William Douglas, David Crane and Alvin Cicone.

Scripture reading was by Richard Knierim of the intermediate department. He read from Matthew 18:1 - 6 and 10 and Mark 10: 13 - 16.

Mrs. Furman King was general chairman for the program. Mr. King was song leader and Alan Richardson, was program chairman.

A. C. Blaschke, general superintendent of the Sunday School, gave the welcoming address and A. F. Belford led in prayer. The benediction was by Mr. Blaschke.

Church decorations were by Mr. and Mrs. King and Mr. Richardson.

To Honor Children

The annual observance of Children's Day will be held at Calvary Evangelical Lutheran Church this Sunday. Instead of having the regular service at 11:00 a. m., a special service will be held starting at 10:30 a. m., all of which will be in the hands of the Sunday School. The planning for this has been arranged by the superintendent, Theodore Frank, of Westfield. There will be no Sunday School period at 9:30 a. m. The buses will pick up children and parents, and will start their routes 45 minutes later than is customary.

The 8:30 a. m. Matins Service will be held as usual. The sermon by the Rev. Arnold J. Dahlquist, pastor, for this service will be entitled, "The Faith of Children." Mrs. Clarence Hausmann will sing the solo, "Spirit of God," by Neidlinger.

The annual picnic will be held at Nomahegan Park starting at noon, Sunday, June 22. Many people will go directly from the 11 o'clock service to the picnic grounds. All families of the church are invited, including the families of children in the Sunday School. A full afternoon's program has been arranged and there will be special refreshments for children. The day will close with a Vesper Service early in the evening.

Three church families recently contributed approximately $450 to buy carpeting for the front, back and side aisles of the sanctuary. This part of our church plant will now be completely and beautifully carpeted, according to the Rev. Mr. Dahlquist.

Tonight the senior choir will rehearse at 8 p. m. Also, members of the church council will meet with representatives of the United Lutheran Church's Architecture Department to discuss plans for enlarging and improving the church plant. The Women's Guild holds its regular monthly meeting at 8:15 p. m. tomorrow.

A special youth emphasis program is now being set up by the Youth Committee, composed of Arlin Schulz, chairman, Miss Jeannette Zulick, Warren Weisert, Robert Robins and Ellis Franklin, Sr., and Mr. and Mrs. Alexander Michelson, Jr., of Westfield. From June 24-27, a caravan of specially trained young people will visit the church to aid in establishing youth programs for Intermediate (ages 12 to 14) and for those between the ages of 18 and 26.

To date $367 has been received for Lutheran World Action.

Buy Big Refrigerator

A rule of thumb about refrigerator size is six cubic feet for two people with an additional cubic foot for each additional person. Michigan State College specialists point out, however, that a refrigerator is soon outgrown and it would be better to buy a large one in the first place.

Calvary Women's Group Slates Special Service

The Women's Missionary Society of Calvary Lutheran Church will hold a special Thank-Offering Service on June 19 at 2 p. m. in the church. Invitations have been sent to many neighboring Missionary Societies.

Mrs. Clarence B. Hausmann, the president of the local society, has also announced that a brief but important business meeting has been scheduled for 1 p. m. that afternoon. The major item of business will be the election of officers.

List Final Meeting

Trinity Church School will hold its final sessions until the fall this Sunday at 9:30 a. m. Discusses Blind Aid

Mrs. Howe Tells Local School Staff Meeting of NJ Aims

Purposes and activities of the New Jersey State Commission for the Blind were discussed last week by Mrs. Clara Howe, field representative, at a general staff meeting of the Cranford public school system in the Cleveland School auditorium.

The commission has been invited to bring its mobile eye unit to Cranford on September 15 to examine all children who apparently have 20/40 vision or less, Dr. Howard R. Best, supervising principal, announced.

Mrs. Howe explained to the staff how the commission operates and the background of the organization. It was pointed out that the unit has an ophthalmologist which is a great assistance to most school systems. Most schools cannot afford to have an ophthalmologist on its staff, she explained.

During the month of June, Dr. Best said, teachers in the system will be asked to screen their classes and to inform the health department of children who seem to have abnormal eye conditions or who are slow readers.

Parents will be sent forms explaining the program, Dr. Best reported, and slips permitting the examinations.

The commission's field representative spoke highly of the Cranford health department and said the commission is happy to come to Cranford.

Prior to the meeting, Mrs. Howe had conferences with Dr. Best and members of the health department to discuss the program.

High school students acted as guides for the tour. Parents of sixth grade students in the four elementary schools and parents of eighth grade pupils of St. Michael's School were invited.

Mrs. John M. Duryee was in charge of the program.

Sulphur Deposits

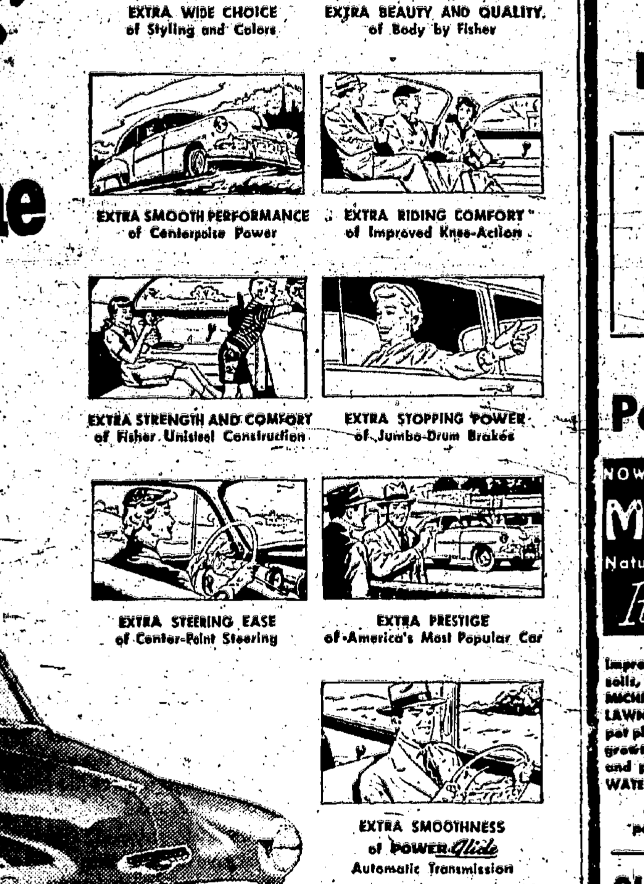

Men drilling for oil along the Gulf Coast struck sulphur quite unexpectedly. Only a score or so of the region's many oil-yielding salt-domes have so far been found to hold the yellow mineral. The few, however, have proved enormously rich, one providing twelve million tons. Port Sulphur and Newgulf are lively model towns that Gulf Coast sulphur has built. The most recently discovered big sulphur deposit is at the tip of the Mississippi's delta.

CHRYSLER SARATOGA 6-PASSENGER SEDAN

DON'T LET YOUR WIFE DISCOVER THIS TOO LATE!

Women by the thousands are discovering in the beautiful Chrysler Saratoga the easiest "big car" of all to handle . . . the most generously comfortable to ride in . . . and the most instantly responsive to their command.

That's why we say to you . . . *and your wife*. . . "Come in and see for yourselves what the Saratoga does for you." And do it now, *before* you decide on any car . . . not later, when you may regret not having all the things *you can have* in a Saratoga!

Yes, it *is* a big car with big car power . . . a breath-taking 180 H.P. performer (the most revolutionary V-8 engine in 25 years) that answers to the touch of your toe with delightful gusto. And it doesn't call for premium fuel, either!

Does your wife think there's too much car here to handle? . . . let her try its Power Steering that does 4/5 of *all* the steering work and gives *five times* greater control on the road and when parking!

Is she safety-minded? Chrysler Power Brakes give her quicker, safer stops . . . with up to *two-thirds less* foot pressure. She'll appreciate Chrysler's Safety-Cushion dash panel. And in case of a blow-out, she'll have the assurance of Safety-Rim wheels that won't "throw" a tire.

How about comfort? Come, both of you, for a ride! . . . feel how those amazing Oriflow shock absorbers "liquidate" even the worst road bumps. Chair-high seats plus big, big windows let even the tiniest little lady see out properly. Doors open wide . . . and she can keep her hat on!

Here, in short, is the car beautifully designed for men *and* women. The liveliest, best handling car in America. The car you'll both be glad you saw *first*. Why not stop in today?

NOTE: Power Steering standard on Crown Imperial. Available, extra, on any new Chrysler.

FAMILY LIFE TODAY

By PHYLLIS PAGE BRADSHAW
Specialist in Human Relations
Rutgers, the State University

MISS BRADSHAW

FATHER'S DAY

It's a fitting tribute that Father should have a day as well as Mother. He receives brief aclaim on Father's Day, and perhaps even a present or two. We still hear that "it's a man's world" and it is true that our laws are man-made and our huge industries are controlled by men. But what about our homes and families? What is Fathers' place in the home? How much interest does he take in his children?

Men accept the terrific changes of the present day world in technological progress. They use new knowledge to keep business up-to-date. Yet many fathers have left the relationships of the family and the upbringing of the children so much to the mothers that they don't realize that the changes of the world have affected family living and child development. Father is an important figure in the home. He is important to his children. His children want and need his companionship, his interest, his understanding.

Many fathers deserve the acclaim of Father's Day. But far too many do not. In recent years, fathers have abandoned their home and family under the pressure of going out of the home to work. Before these days of modern industry and urban living, fathers were at home. Their work was in and around the home. The keeping of the house and, to a certain extent, the care of the children, were woman's work. But father was there. He was a real figure, not a shadow who slips in for dinner but must not be disturbed because "he had a hard day at the office." In the old days, father was probably a stern disciplinarian, an authoritarian. But even so, the children knew him.

The past is over. It cannot and should not be brought back. The stern authoritarian father should not return. But frequently, when fathers do take an interest in their children, they try to bring back the authoritarian father. Fathers do this in sincere good faith. They just haven't kept up with the times.

Father fails his children when he is just a shadow or when he is the authoritarian parent out of the past. Often fathers wait until their children are teen-agers before they begin to take an interest in them. It's never too late, but when they wait that long, it is extremely difficult to build a real place in their children's lives. Children need their father. In adition to depriving the child, father is depriving himself of a surprising amount of pleasure.

Shapely Eyebrows

An eyebrow pencil, kept sharply pointed, is useful in heightening the arch and making eyebrows seem darker, longer, or thicker than usual. The color you choose should be plausible in relation to your hair. Black pencil is excellent with dark-brown or black hair; brown with red, light-brown, blond, or white hair. Draw short, light lines in the direction in which the hairs grow naturally.

Accidents Threat to Children

With the approach of the summer vacation period, parents would do well to ponder some very significant facts suplied by the New Jersey Safety Council. Accidents cause more deaths and disabling injuries to children from one to fourteen years of age than any disease or other cause.

Dr. George M. Wheatley, chairman of the Accident Prevention Committee of the American Academy of Pediatrics, after a study of reports on injuries and deaths supplied by the three thousand specialists in children's diseases who make up the membership of the Academy, makes the following observations:

"Accidents cause more deaths to children than the next seven leading causes, which include pneumonia, cancer, leukemia, tuberculosis, heart and kidney diseases, and contagious diseases such as poliomyelitis. Accidents also cause untold suffering through disfigurement and mutilation." About fifty per cent of the cases reported were due to poisoning. Burns were the next important cause, representing thirty per cent of the cases. Flammable clothing was the contributory factor in half of these burn cases. Strangulation or suffocation involving harnesses or sleeping garments ranked high on the list. There were injuries and deaths due to falls from top-heavy and badly-balanced highchairs, to pointed uprights on children's furniture, to lollypops with wooden sticks, to car doors that opened suddenly, to plastic toys that broke easily and presented ragged edges, to lead poisoning from paint, to insecticide poisoning, and to the bars of a child's playpen which caught and held a baby's head.

Manufacturers are generally very eager to cooperate with safety agencies in eliminating from their products any features that involve a hazard to the health and welfare of children. Much progress is being accomplished in consequence of this cooperation. However, to the individual parent belongs the responsibility for the exercise of the enlightened and vigilant care which may be the means of saving his child from serious injury or death.

Mental Hygiene Clinic's Local Unit Has $950

The Cranford Committee of the Mental Hygiene Clinic of Union County has received approximately $950 to date against the local quota of $1,500, it was announced yesterday by Robert M. Crane, drive chairman.

Clinic services to local residents will, of necessity, have to be curtailed proportionately unless the full quota is raised here, Mr. Crane pointed out.

The Mental Hygiene Clinic of Union County, located in Plainfield, offers psychiatric help to both children and adults of all ages. It is staffed by competent psychiatrists, social workers and psychologist under the supervision of Dr. Phyllis D. Schaefer, medical director, and is a purely voluntary community agency. It is supported chiefly by private donations from Cranford and Westfield and by the Community Chests of Plainfield, Summit and New Providence.

Boat or Train?

A combination canal boat and railroad car was once constructed in Germany and operated successfully in West Prussia. The boat was fitted with standard real wheels. The engineer-pilot could steer it onto under-water rails, shift power from the propeller to the wheels and pull out of the canal and proceed as a rail car.

H. F. Benner, Inc. Opens Saturday in New Home

One of Union County's oldest automobile painting and refinishing concerns, Harold F. Benner, Inc., will officially open on Saturday in its new establishment at 606 South avenue, east. The new location was necessitated because the State Highwty Department took over he company's former site at 455 North avenue, east, to be used as part of the Garden State Parkway.

Constructed by Daniel McCarron of Elizabeth, the new structure has facilities for the handling of 14 cars at one time. A building-encircling drive and large parking facilities, designed to afford greater convenience to customers, have been installed.

Harold F. Benner, Inc. was founded by the late Harold F. Benner, who began working in the automobile refinishing field in 1916. He opened the North avenue establishment in 1927. Since his death in 1950, the business has been carried on by his son, Eugene A. Benner, and his son-in-law, Henry Zekoll. "Gene" Benner, as he is known to his friends, has been in the refinishing line for 25 years, while Mr. Zekoll has had 20 years of expereicne.

Severage Denies Remarks

Recreation Commission Not Object of His Dictates, He Declares

GARWOOD — It didn't happen until near the end of the meeting, but as has been the case in the past at times, politics was in the limelight at Tuesday night's session of Borough Council.

On the offense was Democratic Councilman and mayorality candidate in this November's general election, William Severage. He voiced his resentment against remarks allegedly made by Republican Councilman Edward Tiller that he (Mr. Severage) was responsible for the Borough's Recreation Commission not having contributed trophies to the Garwood Woman's Bowling League, which recently concluded its year's activities.

Mr. Severage, who is chairman of the Recreation Committee, pointed out that his committee appropriates money to the recreation commission which uses it for activities of the youth in the borough. He said the commission spends the money as it sees fit and has not set any aside for adult activities. Mr. Severage explained that in past years his committee gave the bowling league trophies, but since the creation of the commission this year, such action is a thing of the past.

Mr. Severage denied that he "dictates to the recreation commission," as allegedly charged by Mr. Tiller. He said it does not matter what happens to him in November, but "it does matter what happens to the commission," he said.

Mr. Severage declared that he doesn't intend to have the commission "used politically one way or another." "For the good of the borough, I hope we can leave politics out of the group," he said.

"I say give the commission a chance to work," he urged.

Mr. Tiller, who had left the council chambers several minutes prior to Mr. Severage's remarks, was not around to answer back.

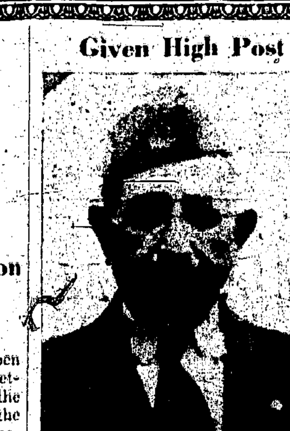

The entire council came under the attack of two residents of Beech avenue, who called on the council to do something about the "flood" conditions which come about on their street after a rainstorm.

The two, Charles T. Horton of 321 and John Wolf of 333 Beech avenue, both agreed that a culvert cutting across the westerly side of the avenue at the intersection of Beech and Center street would go far to alleviate the condition. They pointed out that most of the water drainage from Westfield, would be carried down Center street. Even if 50 per cent of the water was kept off Beech avenue it would help, they said.

Following a discussion of the relative merits of such a plan, Mayor L. Thomas Daub said the culvert would be constructed some time this summer.

Councilman Tiller reported the apprehension of a group of boys, not yet in their teens, in connection with the recent smashing of windows and breaking into of the municipal garage. He said the youngsters were picked up last week by Lt. Cowell, who he pointed out, did a commendable job in handling the case. Mr. Tiller said the parents of the boys also commended the lieutenant and agreed to pay for the $35 damage done to the windows and material inside the garage.

Roselle Park Man Faces Stiff Charges

GARWOOD — Jack M. Clay, 23 years old, of 588 Grant avenue Roselle Park, will be arraigned before Magistrate James Leonard in Municipal Court Monday night on charges of leaving the scene of an accident and careless driving.

The charges arose out of an accident last Thursday night in which a bicyclist, Raymond Bennet, 67 years old, of Westfield, was knocked down by a car allegedly driven by Mr. Clay. Mr. Clay was apprehended at his home at 2 a. m. Friday, two-and-a-half hours after the accident.

According to Police Chief Fred Falzone, Mr. Bennet was run down at Center street and South avenue, near police headquarters. Police officer Cusmano, who was patrolling on foot, shouted a warning to the driver of the car and then fired several shots at the vehicle as it sped from the scene.

A night watchman at the National Gypsum Co., Mr. Bennet was on his way to work at the time of the mishap. He had a stitch taken in his scalp.

Late yesterday, Chief Falzone was still waiting for a report from the state police laboratories in Trenton to determine if bits of paint on the bicycle and car match.

The accident was witnessed by gate tender at the Center Street Jersey Central Railroad crossing, James Scott of 178 Orchard street, who took a license number.

Trackmen Second In NJSIAA Meet

CHS Falls Short In Bid for Group 2 Crown at Montclair

Having looked forward to the New Jersey State Interscholastic Athletic Association track meet for some time and being ranked a top contender for the Group 2 crown, Cranford High hopes for a state track title fell short as the Blue and Gold trackmen finished second behind Red Bank on Saturday at Montclair's Woodman Field. The winning Red Bank track machine rolled up 27 points while Cranford's second-place score was 21½.

Elsewhere in the NJSIAA event, Montclair, (41½), won the Group 4 title over Thomas Jefferson (27); Princeton, (43 2/3), breezed to the Group 3 crown over Rahway (18); Verona took Group 1 honors with 34½ points and St. Peter's of Jersey City won the Catholic High School group, nosing out St. Michael's of Jersey City by one-half point, 44 to 43½. A total of 108 New Jersey High Schools competed in the meet, with Plainfield's Milt Campbell, just back from an international meet in London, emerging as the individual standout with three firsts.

The costly loss of Cliff McClendon, Cranford's standout trackman this season, undoubtedly meant the difference between a second-place finish for Seth Weekley's Blues or the Group 2 trophy. McClendon, the UCC champion in the javelin, had been nursing a sore arm all week and had he been able to compete in that event, the locals would have probably been the Group 2 champs.

Cranford was only able to pick up one first-place, that by Jesse Bell in the broad jump. Bell, who also ran fourth in the 100, won the event with a jump of 20 feet, 6 inches. Charlie Rearick, UCC and Four-County Conference champion in the pole vault, was tied for second in that event and John Korsch placed fifth in the shotput. George Lincoln, Dave Root, Bob Boteler, Bob McClintock, Bill Iaione, Bud Weidknecht, Fred and Hal Voorhees, Tim Schuman and Gordon Seig were among others entered for Cranford.

The State meet closed the 1952 outdoor season for Cranford High, the Blues compiling a 5-2 record in dual meets and scoring a triple win by winning the Group 1-2 state relays, Four-County Conference and Montclair College High titles.

'Most Valuable' Trophy Won by William Jackson

William Jackson of 201 High street was awarded a trophy for being "the most valuable member" of the Ithaca College, Ithaca, N. Y., track team.

He and Donald Woolley of 12 Wade avenue were members of the Ithaca College team which completed its season with a record of one victory and five defeats.

Jackson competed in the low hurdles, high hurdles, high jump, broad jump, and 100-yard dash, while Woolley participated in the 440-yard run and was a member of the mile relay team.

The Ithacans deefated Scranton University and lost to Alfred, Rochester, East Stroudsburg, Hamilton and Cortland. They placed sixth among 10 colleges in the New York State College Track Association meet at Kings Point.

Not Too Good

Paul Selby's Cranford Junior High baseball team ended its current season with a record of three wins and eight losses. The junior high club secred their three victories over Westfield twice and Rahway once.

Police Victory Takes Them to .500 Mark

Cranford Police Department got back to the .500 mark in the Union County Police Softball League with a 12-6 win over Winfield in a game played at Walnut avenue last week. They have won two and lost the same number.

Going into the fourth inning on the short end of a 4-1 count, the locals came through with four big runs to go ahead, 5-4. They got three more in the fifth, one in the sixth and three in the seventh while holding the losers to two more tallies to win going away.

Firemen Win; CYO Turned Back, 18-13

The Kenilworth Firemen, after losing their first two games in the Intra-County Baseball League, blasted away in the late innings against Blue Star Auto Sunday to come out on top with a 13-2 win. W. Adams went the route for the winners giving up eight hits, while his opposing moundsmen, Murphy and Wanczyk, gave up nine base-knocks.

Blue Star took an early lead getting their two runs in the bottom of the first frame. Kenilworth tied it up with two in the third and put the game on ice with a big five runs in the fifth inning. They scored three more in the sixth, one in the seventh and closed out their run-making with two in the eighth.

Batting stars for the Firemen were Buchan, who got two for six, and Edelman, who got two in three trips to the plate.

In a game against Westfield Sunday, St. Anne's CYO of Garwood also scored 13 runs, but the unlucky number was five less than Westfield who combined 14 hits for a total of 18 runs. Their runs came off St. Anne's hurlers J. Wanko and Scanlon. Meadows started for Westfield, but G. Greaves was on the hill when the game ended. They gave up 10 hits.

Batting honors for St. Anne's went to Fontinelli and Nadasky, who got two for four, and Ward and Parkhill, who hit twice in five attempts.

Glenn Owens and Andy Crisanti, ex-Cranford High School players, rapped out three hits and one base-knock, respectively for Tri-City Stars in that team's 15-13 triumph over Twin-Boro Ford Sunday. The win put Tri-City back in first place. The previous day, Tri-City lost to Blue Star Auto, 3-1, Owens getting one for four, and Crisanti going hitless in four trips to the dish.

St. Michael's Wins 3-2; Neufeld Stars

Facing the possibility of perhaps going into extra innings in view of the top-notch pitching by both hurlers, St. Michael's came through with a run in the bottom of the fourth inning to edge St. Mary's of Rahway in a Union County Junior CYO Baseball League, Saturday.

Batting star for St. Michael's was Bob Neufeld who drove in all three of his team's runs. His two hits, including a double-producing two counters in the third inning, were half of what the entire team collected. Winning pitcher was John Warner, who also got a base-knock. The other singleton was the work of Dave Ryan.

St. Mary's took a 1-0 lead in the second inning. However, the locals came back in the third frame. Ryan rapped out a single, Coyne walked and Neufeld then slammed out his two-bagger.

The Rahway nine bounced back with a tie-making run in the top of the fourth. It was then that St. Michael's came on with what proved to be the winning marker. McCarthy strolled, stole second and third and was pushed across the plate on Neufeld's single.

Catching the slants of Warner, who allowed only three hits, were Pete Rumery and Tom Heim.

Errors were thick as ants at a picnic in the woods. The losers had four miscues, St. Michael's three.

The locals will meet St. Elizabeth of Linden, league leaders, at the Rahway diamond at 10 a. m. Saturday.

Four-County Conference Title Won by Panthers

For the second year in a row, Roselle Park has captured the championship of the Four-County Conference. The conference has been in existence only two years and the Panthers have won every championship except in track. The Park school does not field a track team.

Cranford was expected to present the biggest threat to Roselle Park, but failed to live up to expectations and ended up in a third place tie with Roselle with a 7-5 conference record. Clifford Scott took second with a 9-3 record.

However, the Blues gained some distinction by handing the Park team its first conference defeat in any sport behind the fine hurling of Don Kern.

Athletics Secondary to Studies, Cappon Tells CHS Athletes

Athletes must remember that athletics are secondary to academic pursuits when attending high school or college, "Cappy" Cappon, head basketball coach at Princeton University, said at the annual spring dinner Thursday evening of the Cranford Boosters Club.

The speaker reported that most of the men on his teams are in the upper part of their class and that several were elected to Phi Beta Kappa.

It is necessary to work on books in high school to get into college, the Princeton coach said.

Mayor E. D. Stanley spoke in behalf of the township, Louis Trautman, president of the Board of Education, for the trustees and Joseph Laird for the Boosters Club. Preston Wooley, boosters club president, was unable to attend.

The coaches of the various athletic teams at the high school were introduced and they presented gold pins to the senior letter winners on their squads. Participating were: Paul Buonaguro, baseball; Bill Martin, basketball; Charles Frentzos, tennis; Tom Gambino, golf, and J. Seth Weekley, track. Mr. Buonaguro made the hockey awards in the absence of C. J. Daley, who was unable to attend.

Magistrate Charles Stevens was toastmaster. Arthur Winters, Lafayette College track coach, also spoke.

Mr. Laird was chairman of the arrangements committee and he was assisted by Sheldon S. Anderson, Howard R. Jacobus, George M. Lincoln and William Hill.

An award for the highest batting average on the baseball team went to Andy Crisanti and an award for the best free throw average on the cage squad was presented to Joseph DiMarco.

Westfield Rips CHS Netmen

For the second year in a row Cranford High's tennis team wound up the season having won its opening match and dropped all its remaining matches. Charles Frentzos' netmen concluded their 1952 season with a 1-4 record as they dropped a 4-1 match to Westfield at the Westfield Tennis Club courts last Thursday.

Cranford had opened with a 4-3 win over Plainfield and then lost four straight and last year the locals dumped Dunellen in their first match and then lost five in a row.

The match with Westfield saw Frentzos' CHS club drop all three singles and gain a split in the two doubles. In the No. 1 singles match, Cranford's Hugh Mair lost to Westfield's Greg Houendon in straight sets and in the other singles, Pete Stevens and George Conger were beaten also in deuced sets.

Conger teamed up with Dave Crane to save the Blues from a shut out with a 6-3, 5-7, 6-4 win over Henry West and John White. Cranford's top doubles man, Jay Rommes, was paired with Russ Davis in the other doubles, but the two Cranford High seniors couldn't come through with a victory, losing to Dick Stacey and Gordie Bourns in two sets.

Monmouth Park Opens 49-Day Season Saturday

OCEANPORT — With mutuels and attendance records tumbling like tenpins all over the turf, Monmouth Park is prepared to open its 1952 racing season Saturday afternoon on a high and happy note of optimism. A year ago the northern New Jersey race course, hard by the Atlantic Shore, handled a record $56,707,853 for a daily average of $1,232,779. The turnstile count of 724,181 was also a new high.

Such figures, astronomical though they are, should be surpassed during the 49 days of sport ahead, according to President Amory L. Haskell and General Manager Edward J. Brennan of the seashore track. In justifying their optimism they point to increased "handles" and interest at all tracks throughout the nation as the Sport of Kings continues to register new gains wherever it is presented.

Clippers Lose Third

Westfield Shells Kern From Mound in Sixth; Sexton Gains Victory

Don Kern, Cranford High's pitching star, found the going rough in his first start Sunday in the Union County Baseball League. He was shelled from the mound in the sixth frame as the Cranford Clippers dropped its third straight to the Westfield Hawks, 9-2, at Memorial Field.

Kern allowed six runs, four hits and walked five, before being relieved by Al Keller. A double play saved Kern in the first inning.

Westfield opened the scoring with three runs in the fourth inning and sewed up the contest with four tallies in the sixth.

Lack of timely hitting hurt the Clippers. They stranded seven men on the bases in the first three innings. The home team's only runs came in the fifth frame on a single by Don Wehrenberg, walks to George Beardsworth and Dick Walters and a single by Mickey Carroll, which drove in the runs.

George Sexton, the winning hurler, allowed only five hits and struck out 11. He had the game under control at all times.

All the blame for the defeat cannot be charged to Kern as several costly errors hurt his chances.

Found In Compounds

Boron, first isolated as an element in France and England in the early years of the last century, is never found in nature in its pure state, a brown powder. Instead it occurs in the form of acids, borates, as an essential constituent of many silicates, and in such natural compounds as crude borax and rasorite.

Local Golfers Take Part In Suburban Tourney

Eight Cranford golfers participated Sunday in the Suburban Golf Club member-guest invitation tournament.

Other Cranford men in the tournament were: Cary Kammler, Jr., Vic Shaheen, Dr. Wilmar Lange, P. Schalestock and Sam Oliver, who were partners, and J. Walter Coffee and Charles Stevens, who also teamed up.

Breen's G.C. Takes Over First Place

By virtue of its having won three games in a row in the Cranford Softball League, Breen's G.C. has moved into undisputed possession of first place. Harris, Ltd., with whom Breen's was tied with for first place last week, was dumped into fourth spot when it lost three straight, one a 15-2 shellacking at the hands of the league leaders.

Breen's got 14 hits to five for the losers. Pitching for the winners were Gebler and Arnesen, while for Harris two hurlers also took the mound, Appezato and Poelter.

Breen's second victory came at the expense of the Sportsman's Shop, a 6-4 affair. Appezato allowed seven hits. Losing moundsman Duff gave up six. The third win was a 12-5 blasting of the Aces on eight hits served up by Tretout. Winner was Burns.

In other action around the league, Lodge edged into second place by nipping the Aces, 3-2, each team getting three hits, and facing Lodgers, 12-1, on 12 hits to three for the losers. Winning hurler in the first game was Hermann, while Treout took the loss. In the second contest, Ketchell garnered the victory and McLendon suffered the defeat.

The Ace's lone win came against Harris, Ltd., who turned back 8-3, on Treout's two-hitter. Losing hurler Gebler allowed eight safeties. Harris also took it on the chin from the Sportsman Shop to the tune of 12-4. Pitcher Nylen gave up eight hits to 10 allowed by Dineen and Arnesen.

Rezoning Hearing Scheduled

Council to Hear Pleas Of Citizens June 24; Adopt Two Proposals

KENILWORTH—Borough Council Tuesday evening set June 24 as a date for a public hearing on an ordinance to rezone two residential tracts for industrial uses.

The ordinance proposes to rezone a 200 ft. by 600 ft. tract in the First District bordered by Fourteenth and Fifteenth streets and Lafayette and Sheridan Aves. and a 200 ft. by 200 ft. site near Market street between Fairfield and Woodland avenues.

At a meeting Monday evening, the Planning Board rejected rezoning in the First District, but approved the other proposal if off-street parking and a screening area is provided.

Borough Council incorporated the two suggestions of the Planning Board in the ordinance.

Mayor William Lister warned local residents that strict parliamentary rules will be followed at the public hearing and that it will not be the occasion for the meeting of a debating society.

The Papyrus Co. of Market street opposed an ordinance which proposed paving Market street from Fairfield to Colfax avenues at a cost of $25,000. The company contended that the borough had agreed to pave Market street northerly to the Boulevard. At the suggestion of Mayor Lister, a conference will be held by Market street industries to discuss the paving proposal The ordinance was adopted by Borough Council

Also adopted was an ordinance officially moving Market street about ten feet to its real location and one purchasing land in the rear of Borough Hall for $1,000 for use as a municipal parking lot.

George A. Kinkler of Twenty-third street submitted his resignation as recreation director, Councilman Charles Cutler reported. He reported that Charles Fleck, a student at Trenton State Teachers' College, is the only applicant for the position of playground director.

An ordinance was introduced which would regulate the removal and placement of soil in the borough. It prohibits excavations, except for work permitted by building, plumbing and sewer inspectors, where it would interfere with or obstruct drainage or create holes where surface water could gather. The ordinance requires issuance of a permit before soil can be removed or placed. To gain a permit, an applicant would be required to provide information on the work and a map designating proposed grades and contour lines.

The ordinance further orders that top soil be replaced where removed. The permits will cost $1 and violations coud cost a maximum of $200 in fines and 30 days in jail or both.

Steelworkers Elect Wilson

KENILWORTH—Robert Wilson of Cranford defeated James Flynn of Lafayette street Tuesday for the presidency of Local 4526, United Steelworkers of America, CIO. The union is bargaining agent for employees of Volco Brass and Copper Co.

Mr. Wilson, who is a former president of Local 6731 United Mine, Mill and Smelter Workers, former bargaining agent for the workers, received 175 votes to 139 for Mr. Flynn.

James Cermele decisively defeated John Cortellaci for vice-presidency. He received 218 to 76 votes for Mr. Cortellaci. In the only other race, Eddie Abraham defeated James Parella for the position of recording secretary, 152-123.

In uncontested positions, Charles Amorosa was elected financial secretary, George Perkins, treasurer, Fred Nice guide and Joe Canales guard.

The new officers will be inducted Sunday at a meeting in Masonic Temple, Roselle. At the meeting, the members will also select three trustees

Plan Board Hits Rezoning

KENILWORTH —The Planning Board Monday evening at an adjourned meeting rejected the rezoning of a first district site for industrial uses.

Several members of the board cited objections raised by residents in the area.

The site is bound by North Fourteenth, North Fifteenth streets, Lafayette and Sheridan avenues. An area approximately 200x600 would be rezoned.

The board approved the rezoning of a 200 ft. x 200 ft. area west of Market street between Fairfield and Woodland avenues for industrial use. However, they recommended that off street parking areas of no less than 20 per cent of the useable area be provided and that a screening area be provided where the land faces a residential section. The screening must be at least five feet high and must be constructed on the property of the industry and maintained by the industry.

Following a conference with Mayor William Lister and Earl Pollack, borough attorney, Swen Swenson, chairman, announced that the board cannot hold a public hearing and that only the mayor and borough council can do that. The function of the board, Mr. Swenson said, was to consider the council's ordinance and to adopt it, reject it or propose changes.

If any ordinance is rejected by the board, it must receive a two-thirds vote in borough council to be adopted.

Section 11. No person shall place upon any property any substance, dirt, ashes or garbage, or any other material for the purpose of providing dirt fill or to act as a substitute for soil, so as to raise the elevation, contour or grade, of any property without first obtaining a permit so to do from the Governing Body of the Borough of Kenilworth. No permit shall be issued unless the Mayor and Council shall determine that the material sought to be deposited upon any property is of a desirable substance, and that the same shall be free from contamination and shall not be deleterious or undesirable matter, of such a nature as shall be contrary to the best interests of the Borough, or shall be injurious to the safety, health and general welfare of the residents of the Borough of Kenilworth.

Make Paint Adhere

To get paint to adhere to new tin, first sandpaper the surface and make sure it is free of grease. Then coat with fresh shellac. When dry, the application of paint will not only take but the base of shellac will help spread the paint further.

The SNAPSHOT GUILD

Baby's first toddling steps are an event of such importance that you should record it for your photo memory book.

Firsts Are Always Important

ANY collector is always enthusiastic about "firsts"—whether it be the first edition of a book or the original issue of a new stamp. But there are some "firsts" very dear to our hearts that can't be collected in that fashion. They involve people—and the things they do. There are many times you wish you could save these "firsts"—especially when the small fry are concerned.

You can save these precious moments if you keep your camera handy. I recently heard of one young couple who made up their baby's snapshot album almost entirely of "firsts."

It started with baby's first bath in the bathinette. Then there's a picture of mother feeding baby on the day he first ate vegetables. They pictured baby in his best finery, all set for his first expedition into the outer world—in this case a visit to grandmother. Naturally, as time passed, there were more firsts. They ran into a little difficulty when they tried to picture the first tooth, and had to settle for a snapshot of baby which went into the album with the date and label "today baby cut his first tooth." His first toddling steps were recorded, too, of course.

They plan to continue this record throughout his childhood. There'll be pictures of the first day of school, the first grown-up suit and of the uniform in which he makes his football debut.

Of course, they'll make other pictures in between, but they feel their collection of "firsts" will bring fond memories in later years, when Bobby is an adult with his own family.

Meeting Wednesday On Schools

To Discuss Two New Elementary School Locations

Final plans have been completed by the Board of Education for a public meeting at 8 p. m. Wednesday in Cleveland School auditorium to discuss locations for two proposed elementary schools. An invitation to attend the meeting has been extended to all parents, taxpayers, and representatives of local organizations.

The board proposes to build two 12-room elementary schools, one school to be located on school property on Brookside place and the other on school property on Walnut avenue. Both will be designed to permit future expansion.

School officials have pointed out that, because of the distribution of pupils in the four elementary school areas, the Roosevelt and Sherman schools are already overcrowded with sub-standard basement rooms pressed into service as classrooms. Elementary school enrollment this year is 1,986.

Present indications are that next year's elementary school enrollment, kindergarten through sixth grade, will increase to about 2,175 pupils, an increase of close to 200. This will about exhaust the remaining available space in the Lincoln and Cleveland schools.

Although the four elementary schools can accommodate 2,200 pupils, the board states that the desirable use of these buildings is for a total of not more than 2,000 pupils. The latter figure allows for suitable teacher's room, libraries and other special rooms which cannot now be provided in these schools, as well as doing away with the use of sub-standard rooms for classroom purposes.

School forecasts prepared from a study made by the board's Long Range Planning Committee in the past year indicate that the elementary school enrollments will continue to rise for the next several years. The eventual figure for kindergarten through sixth grade was estimated to be not less than 2,700, with a possibility that it might level off at a total as high as 3,200.

High School Scholarship Winners Listed

Scholarships for the Class of 1952 of Cranford High School have totaled more than $25,000, Dr. H. H. Best, superintendent of schools announced yesterday. This amount is second to the record scholarship amount of $34,000 of the Class of 1951.

Principal scholarship winners in last night's graduating class were Joseph Daley, NROTC scholarship; Carole Alexander, Junior Achievement scholarship, Ann Marie Woods, State scholarship; Martha Berry and Betty Fenderson, Cranford College Club scholarships.

Marcia Houston, Wells College scholarship; Judith Rosenson, Rider College Trustee scholarship; Donald Cyphers, Teague Foundation scholarship; Richard Eppler, Andrew Mellon Trust Fund scholarship.

Douglas Smith, Brown University scholarship; Robert Boteler, Maine Maritime Academy scholarship; and Don Kern, Ithaca College Athletic scholarship.

A survey completed last week shows the future plans of this year's graduates: 62.5 per cent will continue their education, 19.7 per cent will accept permanent employment, 2.7 per cent part-time employment, 3.8 per cent armed forces, 6 per cent marriage, and 11.2 per cent undecided. The number planning to continue their education is the highest of any class of the high school.

Johnson and Johnson Workers End Strike

Employes of the Johnson and Johnson Baby Products plant on Walnut avenue returned to work Monday morning, ending a strike which began at 11 p. m. on June 4.

Members of Local 630, Textile Workers Union of America (CIO), with which local employes are affiliated, voted last Thursday in New Brunswick to accept the company's offer of approximately six cents an hour in fringe benefits, including insurance, sick leave and other social benefits. Workers had demanded an 11 cent an hour package increase.

The negotiated gains accepted by striking workers included:

Five days paid sick leave, company paid double indemnity life insurance for all workers, company - paid car insurance for workers traveling between plants on company business, review of the merit-rating system and the rates in mechanical department, company-paid life insurance for workers retiring after May 15, 1952, six-months wage reopening clause.

Free Shots For Rabies

Given Three Days From 3:30–5:30; One Evening 7–9

The innoculation of dogs against rabies will be held Tuesday, Wednesday and Thursday in the Public Works Building, 12 South avenue, west, near South Union avenue, it was announced yesterday by Health Officer W. P. Smith. The clinic will be open from 3:30 to 5:30 p. m. during the three days and on Wednesday evening from 7 to 9 o'clock.

There will be no charge for this service, Mr. Smith pointed out. All dog owners have been urged to bring their dogs on a leash so that they may be tightly held.

Although Cranford has enjoyed a two-year period without a case of rabies reported, Mr. Smith urged that the community not relax. He pointed out that there were 11 cases of rabies in this county in 1949. Restrictions of dogs running at large and vaccination of dogs against rabies are the two best methods of preventing rabies this year.

Fireworks Display, Concert Again To Highlight Program

Harold A. Glovier, general chairman of the committee for the observance of Independence Day in Cranford, announced last night at a committee meeting in the Township rooms that the initial plans have been completed for the July 4 celebration.

The program this year will again be held in the Brook Section of Nomahegan Park on the night of July 4. There will be band music from 7 until 9 p. m.; a welcome by Mayor E. D. Stanley, USN (Ret.); and then an hour of fireworks will begin, according to Postmaster Arthur F. Metz, chairman.

In case of rain, the display will be set off on the first clear Saturday. This means that July 5th may have to be the display date. Rain has dampened the event for the past few years.

Lieberman Convicted

Guilty of Bookmaking; Victor Bogen Freed On Counsel's Motion

Seymour S. Lieberman, 24 years old, of 105 Walnut street, Tuesday was convicted by a jury of bookmaking in Union County Court, Judge Walter L. Hetfield, presiding.

Mr. Lieberman's conviction came after the case against his co-defendant and father-in-law, Victor Bogen, 59 years old of 208 Walnut street, had been dismissed on the motion of defense counsel, Eugene A. Liotta of Elizabeth. Mr. Liotta had entered a blanket denial of the gaming charges.

Mr. Bogen is the proprietor of Bogen's Cigar Store at 19 Eastman street, where local police said horse race bets were booked.

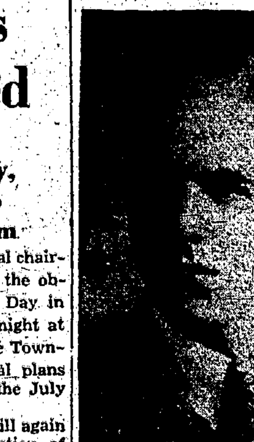

The pair went on trial Monday. Cranford Police Lt. George L. Rosendale told the court that he apprehended Mr. Lieberman and John W. Zalinsky of 108 Miln street, the State's principal witness, several hours before arresting Mr. Bogen.

Mr. Zalinsky told the lieutenant he had just made a bet with Mr. Lieberman and the officer found the proceeds of the wager in Mr. Lieberman's possession, he declared.

The first witness to be called by Assistant County Prosecutor Carroll K. Sellers of Cranford, Mr. Zalinsky admitted making a $10 "round robin" bet with Mr. Lieberman. The latter's version was that he had placed bets with Mr. Zalinsky. When cross-examined

Savings & Loan Association Names Three New Directors

Three new directors, George S. Sauer, Patrick J. Grall and Charles F. Hansel, Jr., have been named by the Cranford Savings and Loan Association, it was announced this week by President Joseph A. Plummer. This is the largest number of directors appointed at one meeting in many years, it was said.

The new appointees fill vacancies caused by the resignations of Howard M. Park and L. B. Hazzard, who have moved from Cranford, and of William M. Sperry, 2nd, who died recently.

Naming of Mr. Sauer, who has served as associate counsel for the association since 1942 and counsel since the death recently of Berkeley C. Austin, marks the first time that the association's legal adviser also has been a member of the board of directors.

At its recent meeting, the directors declared a dividend of 2¼ per cent payable for the six-month period ending June 30. This marks the 77th consecutive dividend declared by the local institution.

The Cranford Savings and Loan Association now has deposits totaling $1,168,000, an all-time record, and representing a 15 per cent gain over the same period a year ago, according to Warren D. Sculthorp, secretary.

Mr. Sauer, who resides at 317 Casino avenue, has been a resident of Cranford since 1929 and maintains law offices at 8 North avenue, west. A graduate of Fordham University, he attended Columbia University and Newark Law Schools and was admitted to the bar in 1926. He became a counsellor at law in 1930 and has been practicing in Cranford since 1930.

In addition to serving as counsel to the Cranford Savings and Loan Association he has been vice-president and counsel for the Cranford Trust Company since 1947; counsel for the Cranford Board of Education since 1935; and a trustee and counsel for Union Junior College for the past 10 years. He holds membership in the Union County Bar Association, the Cranford Lions Club and is a communicant of St. Michael's Church. Mr. Sauer

Mr. Dickenson told Sgt. Page that the box contained $1,400 in old coins of undetermined value, birth certificates, war bonds, and insurance papers. The box had been unlocked and not been looked at during the past month. It was taken from a bedroom chest of drawers, Mr. Dickenson added.

Welfare Unit To Sponsor 35 to Camps

Thirty-five boys and girls will be sent to summer camps this year for a week by the Cranford Welfare Association, Mrs. Carrie Grady, executive secretary reported at the June meeting of directors last Thursday.

Mrs. Grady reported 15 boys will be sent to Cranford Boys' Camp, 5 to the Salvation Army Camp at Butler, and 3 to the Union County Boy Scout's Camp, Marcella. Five children will go to the Bonnie Brae Camp, Millington, and seven or eight boys and girls to Camp Endeavor near Scotch Plains.

There was an urgent appeal for camp clothing, sizes 8-14—T shirts, shorts, bathing suits. Suitcases are also needed as well as any used articles in good condition. Articles can be left at the Welfare Rooms, 10 N. Union avenue.

Meredith S. Conley was welcomed by the board to fill the vacancy of vice-president. He will serve on the board for two years. The next meeting will be held on the second Thursday evening in September.

Bank Vote Next Week

Suburban Trust Is To Be New Name If Merger Approved

If the proposed merger of the Cranford Trust Company and the Westfield Trust Company is approved by stockholders at meetings next week, the name of the institution will be the Suburban Trust Company.

Originally it had been suggested that the name would be the Central Union Trust Company, but it was decided that this name might result in confusion with the names of other banking institutions in Union County.

Stockholders of the Westfield Trust Company will have a special meeting Monday and stockholders of the Cranford Trust Company will have a special meeting Tuesday to vote on the merger. It already has been approved by the State Commissioner of Banking and Insurance.

If approved next week by the stockholders, the two institutions will begin operations at the Suburban Trust Company on Monday morning, June 30.

Many Officials Visit 'Ailing Heart' Victim

When Fred Wright, 59 years old, of 28 Barclay street, Newark, entered Medical Center, Jersey City, for treatment for a heart ailment last week, he found more throuble than an ailing heart.

For it seems that Mr. Wright, alias James Reynolds, had issued a goodly number of fraudulent checks during the past year and a half in Cranford, Newark, Bayonne, Elizabeth, Roselle and other communities.

Lieut. Thomas Woods of the Cranford Police Department was among the first of the many "official" visitors to call at Mr. Wright's hospital room for an interview. The patient admitted that he passed worthless checks here on January 19, 1951, at the following stores: Barnett's Wines and Liquors, 9 Walnut avenue; Cranford Meat Market, 11 Walnut avenue, and Shapiro's Department Store, 19 North Union avenue.

In each instance locally, Mr. Wright, who gave his local address as 38 Johnson avenue, made a small purchase and then asked to have a check cashed. The checks were made out against the Empire Chemical Co., Inc., Newark. Two of the checks were for $66.71 and one for $67.41.

According to Lieut. Woods, Mr. Wright took $800 from a cash box in his home which belonged to an organization for which his wife was serving as treasurer. Subsequently he found a bundle of blank checks from the Empire Chemical Co., Inc. in a Newark theatre, and decided to pass them in an effort to get the money back.

The Cranford department has filed a detainer with the Jersey City police for Mr. Wright who now as a prisoner as well as a patient at the Medical Center.

Vaccination Rule Exemption Asked

Board of Education's Health and Attendance Committee Will Look Into Objections Made By Four Persons Who Cite New Statute

To give Board of Education members an opportunity to study the request that three local children be exempt from the board's compulsory vaccination rule, the proposal was referred by the board Tuesday to the health and attendance committee.

Requests were received from George C. Zimmerman of 309 South Union avenue, Mr. and Mrs. Willard N. Woodward of 10 Claremont place and Mrs. Francis M. Drake of 617 Springfield avenue. They cited the law recently signed by Governor Driscoll which permits Boards of Education to waive compulsory vaccination.

Mr. Zimmerman, who spoke at the meeting, cited the constitutional guarantee of freedom of religion and pointed out that Gov. Driscoll was attempting to further guarantee those rights.

Howard Cowperthwaite, chairman of the health and attendance committee, recommended that the board uphold the compulsory vaccination, but withdrew the motion when members of the board asked for additional time to study the whole question.

Dr. Howard R. Best, superintendent of schools, explained that the law requires that a written statement be submitted stating objection to vaccination on religious grounds. This would lead to a breakdown in the system, Dr. Best explained. It was further explained by the superintendent of schools that a specific religion does not have to be cited in the request for exemption.

Compulsory vaccination was passed for the protection of all children in the school system, Mr. Cowperthwaite said, and exemptions would not be consistent with past actions of the board. The health and attendance chairman said that Cranford has one of the best health departments in the state and that he favors keeping it that way.

Flood Relief Quota Met By Red Cross

The board of directors of the Cranford Chapter of the American Red Cross at a recent meeting voted to appropriate from the chapter's funds an additional $683 needed to meet the $1,050 quota set for special flood relief. The $1,050 was tacked on to the goal of $14,628 as the result of the floods in the mid-west earlier this year.

The decision came after a report given by Fund Drive Chairman C. F. Hansel, Jr., who said a total of $14,995 had been donated, $367 of this amount having been earmarked for flood relief.

George A. Bates, chairman of the blood donation program, reported difficulty in obtaining a sufficient number of persons willing to give blood to the armed forces. He said it was especially difficult to get enough people who are able to accept appointments during the afternoon from 1 to 4:30 p. m.

Mrs. Bates, chairman of volunteer services, said extensive services had been given at Camp Kilmer, Lyons Veterans' Hospital and the State Diagnostic Center in Menlo Park by the Gray Ladies, nurse's aides and social welfare aides. She also said the local Red Cross chapter had given many items necessary for the comfort of the patients at the above places.
