Magazine Sale Drive Opened At High School

Third annual magazine sales campaign of Cranford High School for the benefit of various high school organizations is now underway.

At a recent assembly, G. Frank Zimmerman, principal, told of the success of the last two campaigns which resulted in funds being made available each year to organizations according to their needs.

Mr. Zimmerman pointed out that because of these funds, it was possible to sell the Golden "C" Senior Annual at a price below its cost and made it possible for more students to purchase it. The funds have also bought necessary equipment for "Spotlight," school newspaper, and subsidized class treasuries.

This year, in addition to giving individual prizes to the student salesmen, each class treasury will receive 10 per cent of their commissions and an additional $100 will go to that class having the highest per capita sales. Last year the Class of 1953 received four honors.

J. Jr Hagen of the commercial department has again been appointed faculty sponsor and assisted by the Golden "C" student business manager Norma Sively and assistant business manager Margot Stein and Betty Lou Blakely. Floor captains are Diana Austin, Robert Haigerty, Charlene Peer, Dorothy McGrath, Sue Eichenlauer, Marion Kaye, Arlene Ham and Janice Kevac.

Daily auditing of the receipts and processing of the accounts is being done by the following advanced accounting students: Dorothy Casper, Janet Dempsey, Myra Dickenson, Louise Fisher, Carolyn Khusch, Ann McElwee, Jerry Miller, Lois Oram, Robert Thiede, Jan Tintl, Delores Bell and Jean Sisko.

Radarman Home; One of 5 Brothers Who Have Served

Roger W. Sherman, radarman 1/c, USN, one of five sons of Mr. and Mrs. Russell E. Sherman of 312 South Union avenue, all of whom have seen service in the armed forces, is home on a 30-day leave after an eight-month round-the-world cruise on the USS Pickering. The Picking was one of four ships of Destroyer Squadron 24 which arrived in Boston last week.

Leaving Newport, R. I., last winter, the squadron units proceeded to the Far East by way of the Panama Canal. They spent five months in support of UN forces in the Korean area, operating with fast carrier Task Force 77 and with blockading and escorting Task Force 95 at Wonsan Harbor. The ships returned by way of the Suez Canal and the Mediterranean.

Radarman Sherman will return to his ship at Boston early next month. A graduate of Cranford High School in 1950, he studied at Union Junior College before enlisting in the Navy two and one-half years ago. He plans to continue his college career upon completion of his enlistment term in another year and a half.

His younger brother, John, who was graduated from Cranford High School last June, enlisted in the Marine Corps on October 1 and is now training at Parris Island, S. C.

Another brother, David, was discharge disc June after two years with the Air Force and is now completing his senior year at New York University. Two older brothers, Eldridge and Norman, served with the naval forces during World War II.

Trustees Turn Down Thrift Plan

Administrative Staff Report Says Faculty Opposes Program

Following the recommendation of the elementary administrative staff, the Board of Education Tuesday evening voted against setting up a school thrift program.

"We find that 85 per cent of the teachers," the staff report to the board said, "are opposed to the establishment of school savings accounts. Ninety-one per cent felt that continued emphasis should be placed on the development of good habits of thrift as a regular part of the curriculum."

It was also pointed out in the report that 53 per cent of the pupils in the grades that made reports have savings bank accounts.

"The comments of the teachers," the report said, "show a reluctance to take time from the regular educational program for routine pressures connected with banking. Little interest in a school savings program was shown by a representative of one of the local banks and the Building and Loan Association."

Burton C. Belden moved that the board accept the staff recommendations and Mrs. G. Rodmey Williams seconded it. It was unanimously adopted. Also voting for the motion were Louis C. Troutman, president of the board, Mrs. Walter J. Conley, Joseph Kohn and L. Tuffendsen.

Mr. Belden said the board should abide by the views of the high percentage of teachers who said they do not want to participate in such a program. He also said he felt it would interfere with the educational program and that it can be taught later in other classes. Mr. Troutman also noted to the time the teachers would need for the program and to the fact that it is a recurring thing.

School Board Receives Check For Memorial

A check from the late Miss Sarah Edmond, former teacher, principal and supervising principal, to provide a memorial in honor of two former teachers was accepted Tuesday evening by the Board of Education.

Miss Jeannette H. Armstrong, in behalf of Miss Edmond, sent a letter to the board on September 21 concerning the memorial. Miss Edmond died last Wednesday night at Cohocton, N. Y. In her letter to the board, Miss Armstrong said Miss Edmond requested that the funds be "dedicated for setting up a memorial for Mrs. Ethel Bell Smith and Miss Grace McAllister."

"It was Miss Edmond's wish," Miss Armstrong said, "that this memorial contribution be used for dogwood trees in your landscape program for the two new schools."

The board directed that its secretary, Herbert McCullough, acknowledge the letter and inform Miss Armstrong and Miss Edmond's sister that the board accepted the memorial.

Revival of Water Carnival on Cranford Day Depends Upon Cooperation of Organizations

If there is sufficient interest and cooperation from local clubs and organizations, there is a good possibility the water carnival, for which Cranford was famous a quarter of a century ago, will be revived during next year's Cranford Day celebration.

This was indicated Tuesday night at the initial meeting of the special steering committee appointed several months ago by Mayor Fred P. Andersen to look into the possibilities of expanding the annual Cranford Day program which has been sponsored for several years by the Village Improvement Association.

Another meeting of this steering group is slated for November 16 and a meeting of presidents of all local organizations has been called for November 30 in the municipal building to determine the extent of active and financial participation by each group in next year's project. Also to be discussed will be a suggestion that a paid director be engaged to handle the detailed work for the 1954 event.

It is proposed to enlarge next year's Cranford Day event to a two-day program. Friday's schedule would open with the serving of coffee and doughnuts at the station for the commuters. Historical slides of early Cranford scenes would be shown in the public schools, special historical displays in the library and public buildings, and athletic activities for young people at Memorial Field.

On Saturday, it was suggested that local art groups present an art exhibit at Warner Plaza, and the Recreation Committee sponsor the annual fishing contest for youngsters. In the afternoon, children's art groups would stage an exhibit, and in the evening the water carnival would be held, interspersed with band selections.

The water carnival, which would depict early historical events here, would be held between the Hanset Dam and the Canoe Club. Seating facilities for more than 6,000 spectators could be erected along Riverside drive between North Union

Student Accident Insurance Plan Taken Under Advisement

The Board of Education Tuesday evening indicated it favored endorsing an accident insurance program for the students of the Cranford public school system.

However, the board voted to request the health and attendance committee with the assistance of Joseph Heuer, an insurance man, to study the policy and to act on the proposal. Mrs. Walter J. Conley, committee chairman, arranged a meeting for Wednesday evening to which Roy MacLeon, insurance manager, and Dr. Howard R. Best, superintendent of schools, will be invited.

A letter was received from the Parent-Teacher Association Council advocating that the board approve the program. The insurance would cost $1 for a school year. Dr. Best reported, and provides $1,500 in medical and surgical benefits, and $1,000 in accidental death as well as dismemberment. It covers children while on school property and while proceeding to and from school and the home. It does not cover pupils engaged in interscholastic athletics, Dr. Best said.

Dr. Best pointed out that the program is one of the PTA's projects this year.

In suggesting that the board study the policy, Mr. Heuer said that sometimes such policies have so many exceptions that there is no coverage. He said he felt the board had an indirect responsibility and should have knowledge of the coverage.

Most of the board members expressed the view that there is a need for such insurance.

The board directed that a letter be sent to the PTA Council informing it of its action.

In another insurance matter, the board voted to purchase builders' risk insurance on the two new elementary schools now under construction. Each building will have a coverage of $400,000 and the cost will be $1,300 per building.

The board voted to review the

Spiritual Interest Seen at High School

An increase in religious and spiritual interest among Cranford High School students was indicated in a report by Superintendent of Schools Howard R. Best and Principal G. Frank Zimmerman submitted at the Board of Education meeting Tuesday night.

They report listed the theft of two Bibles from the high school. The board received the announcement without comment.

CD Test Sunday

Civil Defense Council Will Complete Plans At Meeting Tonight

Cranford Civil Defense Council will meet tonight to receive final instructions for the county-wide test to be conducted Sunday.

During the actual "raid" on Sunday, the entire community will be directed to take cover until the all-clear is sounded, Barney W. Forman, director, announced. The principal objective of Sunday's test, Mr. Forman said, is to determine the effectiveness of inter-community communications.

The public is urged, Mr. Forman said, to recall or determine the nature of the "alert" and "all clear" signals so that during the alert all areas will be cleared of all but operating crews.

Linden has been designed as the attacked area and an "A-bombing with casualties" and other emergency situations will be staged. The test has been described as a "full-scale exercise" by Addison C. Ely, county CD director.

Once the extent of the "attack" in Linden is determined, apparatus and personnel from other communities in the county will be dispatched to the "stricken area."

According to Mr. Ely, the drill is the first in the county to include realistic "incidents" and the first in which all communities will mobilize their emergency forces in concert.

The local CD leader called to

New Gate For Dam

Placement Scheduled Today at Hansel Site; River Cleaning Begins

Placing of the new west bank gate of the Hansel Dam at North Union avenue was scheduled to take place today, it was announced by Township Engineer Patrick J. Grall. A steam shovel was moved to the site last night to lift the 3,150 pound gate into place and then to proceed with removal of silt from the river bed.

Gates at the Hansel Dam and the dam at old Droescher Mill site were opened at 5 p. m. Sunday to lower the Rahway River in preparation for installation of the new gate and for the annual river cleaning work.

The river project was begun by the Public Works Department on Monday, and by yesterday 20 cubic yards of concrete had been poured for the flooring of the new Hansel Dam gate and forms erected for a new retaining wall on the west side of the river.

Replacing a 50-year-old circular gate which had a capacity equal to a 24-inch pipe, the new gate has an opening almost six feet square, which will facilitate flood control and silt removal operations.

Last year the old east bank gate was replaced by one of the square type measuring approximately four by four feet.

Mr. Grall pointed out that this year's replacement job pose greater difficulties for his department be-

Halloween Art on Windows In Town Center Next Week

The annual Halloween decorating contest for high school students, being sponsored this year by the Cranford Business Association in cooperation with the Lions Club and the Kiwanis Club, will be participated in next week by 150 students.

There will be 50 store and office windows in the business section for the art work of the students, who are scheduled to begin painting Monday. The projects must be completed by 4 p. m. Saturday, at which time judging will begin.

Awards will be made for the most original, most eerie and most "arty" paintings. Entries will be judged in two divisions: Junior divisions for students in the seventh, eighth and ninth grades, and senior division for students in grades 10, 11 and 12.

Students attending St. Michael's School also are eligible to enter the contest this year.

Local artists who will judge the entries are Theodore Roxbury, Mrs. G. Russell Smith and Leslie Crump.

Sidney Breen is chairman of arrangements for the Business Association, while B. W. Longunbuch and Miss Edna Pearns of the high school art department are in charge of allocation of windows and supervision of the painting. Richard Harlig was named to procure and distribute the painting materials.

The students will remove their art work from the windows after school on Monday, November 2.

Committee Appointed For Police Memorial

Police Chief William A. Fischer, chairman of the Police Memorial Service Association, today announced appointment of Lt. Lester W. Powell to head a committee to arrange for the annual Armistice Day service in honor of deceased members of Cranford Local 52, Patrolmen's Benevolent Association.

Assisting Lt. Powell on the committee are Sgt. William Gassmann, Sgt. Edward N. Lee and Patrolman Frank Caruso.

Wives of deceased members of the local will be invited to attend the memorial service, to be conducted by the Rev. Joseph Donnelly, police chaplain, at St. Michael's Church on the morning of November 11. The service will be followed by a breakfast.

List Prom Leaders

Parent, Student Co-Chairmen Named To Plan Affair

Mrs. J. C. Klein and Charlotte Peer have been named co-chairmen of next year's Cranford High School junior-senior prom committee, it was announced at the initial general meeting of the Prom Committee in the school. The dance again will be sponsored by the High School PTA.

The purpose of the meeting was to consider a tentative budget for the affair, which will take place in May. In view of the success of previous proms, the committee planning next year's dance expects to follow a similar pattern.

A name band will be engaged for the dance, a buffet supper will be served during the evening and favors will be distributed.

Working on each of the planning committees will be a student and a parent or a faculty adviser, it was pointed out by Mrs. Klein.

Other members of the general committee are: Lee Ferguson, junior class president; John Pritchard, senior class president; Thomas Scutro, class sponsor, and G. Frank Zimmerman, high school principal.

The committees appointed are as follows: Finance, Mrs. R. P. Ferguson, assisted by Peter Trumpore, junior class treasurer; Food, Mrs. Thomas Hann, assisted by Pat Castaldo; decorations, Burton Longenbach, assisted by Charlene Russell and Yvonne Berg; and publicity, Mrs. Nelson M. Adjourn Water Rate Hearing

Following testimony by William H. Speer, president of the Plainfield-Union Water Company, and several witnesses for the company, the hearing before the State Public Utility Commission in Newark on the company's request for a 25 per cent rate increase, which opened Tuesday, was adjourned until the firm submits a report on the facilities and needs for future improvements.

The report, being prepared by engineering experts on direction of the PUC, is scheduled to be presented to the commission November 2.

Counsel for the municipalities served by Plainfield-Union attending the hearing before Commissioner Hortense Kessler agreed to a motion by William E. McGlynn, special representative of the attorney general's office, to defer further testimony until after the engineering report has been received.

Company President Speer indicated during his testimony that $1,560,000 would have to be spent before present and future requirements of the area served by Plainfield-Union could be met adequately.

The engineering survey of the company's facilities was ordered by the PUC following drops in water pressure during the summer months.

Township Attorney Carl Warsinski represented Cranford at Tuesday's session.

UnitedFund Collections Lagging

Blach Urges Workers To Cover Territories As Quickly as Possible

Collections in the twelfth annual Cranford United Fund Campaign are lagging, John L. Blach, executive chairman, reported this week. He appealed to workers to make every effort to cover their areas as quickly as possible and turn in their reports to their area chairmen.

Through Monday night, a total of $6,102.10 or approximately 29 percent of this year's quota of $21,000, had been collected, the chairman said. Mr. Blach stressed the fact that the five participating agencies — Boy and Girl Scouts, Visiting Nurse Association, Welfare Association and Boy's Camp — depend on the United Fund for their budgets for the ensuing year. He pointed out that this year's quota is up approximately five percent over last year and it is imperative that his increase be spread proportionately over the more than 5,000 families in the community.

After three report nights, only scattered returns have been turned in by many residential districts, including Monday night's returns. The total collected in each district follows:

District 1	$ 204.00
District 2	50.00
District 3	1,249.00
District 4	495.00
District 5	213.00
District 6	227.80
District 7	614.50
District 8	439.50
District 9	996.00
District 10	47.00
Organizations, Legal and Out-of-town Business	1,566.00
Total	$6,102.10

Additional report meetings are slated for 8 to 10 p. m. tonight and Monday at the Shakeen Agency.

Toast to the United Nations

"On this day let all men of good will throughout the earth turn their thoughts toward their brothers in other lands.

"On this day let each of us pause to remember that, whatever our race, our language, our beliefs, or the pigment of our skin, the needs and aspirations of our neighbor across the border differ but little from those of our neighbor next door and ourselves.

"On this day let us take pride in dreaming — in dreaming of a world in which all men live forever in peace, for only out of dreams down through the ages have come realities.

"So on this day let all men of decency and good will in all lands and on all the seas, salute and cherish the instrument which the nations have created to construct lasting peace. Let us on this United Nations Day salute mankind's bright hope — THE UNITED NATIONS."

This toast to the United Nations was proposed by the advertising council of the United Citizens Committee for United National Day, October 24, at which time this toast will be read at United Nations Day celebrations all over the world.

Prayer for United Nations Urged on Eighth Anniversary

Cranford will observe Saturday the eighth anniversary of the founding of the United Nations. Local churches will be open, the UN flag flown in 1958 and maybe in 1955.

He pointed to this year's sophomore class, which has an enrollment 5 percent higher than last year. "This is unusual, he said, and is appreciated as a 5 percent increase had been anticipated.

By using all the facilities of the school system, further building need not be necessary until 1957 or 1958, he explained, which gives the board a year or two of grace.

In 1954 or 1955, all six elementary schools, including the two which are now under construction in Walnut avenue and Brookside place, will not be filled, Mr. Bolden explained. It would be to the board's advantage, Mr. Belden said, to think in terms of all building

Problem Next Year Foreseen

Proposal to Move Seventh Graders Under Consideration

Burton C. Belden, chairman of the building committee, proposed to the Board of Education Tuesday evening that seventh grade classes be moved to the elementary schools when Cranford High School becomes overcrowded in September of 1954 or 1955.

Such a move, Mr. Belden said, would permit the board to postpone the construction of additional facilities for one and two years. He said there would be advantages to such action.

Mr. Belden cited the report of the board's long-range Planning Committee, which two years ago predicted that the high school would be filled to capacity by 1956. Several districts, the building chairman said, confirm the fact that there will be a serious shortage of classrooms at the high school in 1956 and maybe in 1955.

He pointed to this year's sophomore class, which has an enrollment 5 percent higher than last year. "This is unusual, he said, and is appreciated as a 5 percent increase had been anticipated.

Approximately 1,400 of the 7,000 books collected by the club were sold yesterday, but the committee pointed out that the shelves are being replenished with additional donations which are being received daily.

Books pertinent to the study of the United Nations have been set aside at the Cranford Public Library by Mrs. Hazel Haagensen, librarian.

Westinghouse Names Witting To Radio Post

Chris J. Witting of 129 Severin Court will be named president of Westinghouse Radio Stations, Inc., wholly-owned broadcasting subsidiary of Westinghouse Electric Corporation, effective January 1, it was announced by E. V. Huggins, Westinghouse vice-president.

Mr. Witting, now managing director of the DuMont Television Network, will succeed Mr. Huggins as president of the subsidiary and will report to him in the over-all Westinghouse organization.

"Our selection of Mr. Witting for this important post reflects the increasing importance Westinghouse is placing on its broadcasting activities," Mr. Huggins said. "He brings with him an intimate experience with both network and stations operations which should prove invaluable to us as we broaden the scope of our television and radio activities."

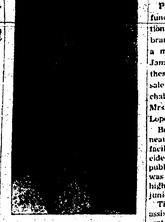

With the Allen B. DuMont organization since 1947, Mr. Witting set up operating procedures for its telecasting division, then being formed. He became general manager of the network in 1949, and soon thereafter was named managing director.

As an executive with Price, Waterhouse Company in the 30's, Mr. Witting obtained wide experience in installing operating systems and internal procedures throughout industry. When the leaders of the entertainment world returned to Price, Waterhouse for guidance in setting up Camp Shows, through which show business cooperated with the U. S. O. to entertain servicemen all over the world, the task of organizing the business end of the activity fell to Mr. Witting. He later became controller and assistant treasurer of Camp Shows, and served in that capacity throughout the war, except for a period of a year-and-a-half with the U. S. Maritime Service.

Mr. Witting is a member of the Broadcast Advisory Council of the U. S. Advisory Commission on Information. He is a member of the board of directors of the National Association of Radio-Television Broadcasters; a director of the Radio Television Executives Society; a member of the board of directors of the Advertising Council representing the broadcasting industry; and a member of the New Jersey Communications Commission. Cake Sale To Aid St. Michael's Library

Plans for a cake sale to raise funds for the purchase of additional books for St. Michael's Library were approved Monday at a meeting of the library board. James Wood, chairman, appointed these members to serve on the cake sale committee: Mrs. R. L. Wilson, chairman; Mrs. Virginia Lepore, Mrs. F. A. Hacker and Mrs. J. Lopez.

Because many persons from nearby communities are using the facilities of the library, it was decided to conduct the sale on a city-wide publicity program. Also approved was a suggestion that at least six high school girls be named as junior librarians.

The Rev. Joseph T. Donnelly, assistant pastor, served as moderator and Mr. Woods presided.

Leaves on Lawn Damage Grass, Agent Reports

It may seem like a futile job to start raking leaves while there are so many still clinging to trees, but there's a good reason for doing it.

Eric H. Peterson, Jr., Union County agricultural agent, points out that a heavy blanket of leaves on the lawn can kill grass. There is danger of this happening especially when rains wet the leaves and make them a tightly-sealed cover.

Newly seeded lawns are most likely to be damaged by a leaf cover.

The family leaf raker may not like to hear this, but Peterson stands by his statement that it may be necessary to remove several times during the fall and early winter. Conservation-minded home owners with an eye to the value of organic materials in the garden will put their leaves in a compost pile.

New Gate for Dam To Be Placed Today

(Continued from page one)

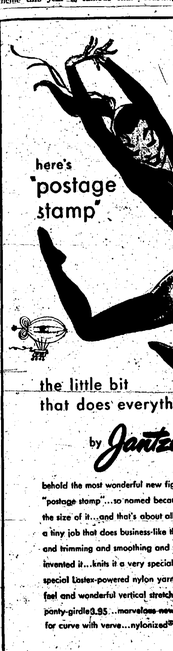

cause all equipment must be transported across the dam to the west bank of the river. A path of planks was constructed to permit carrying of cement across the dam in wheelbarrows.

The dry spell and continued mild weather made this an opportune time to start the project, Mr. Grall said the work was not started during the summer because lowering of the river at that season would have interfered with recreational activities.

He said the river probably will continue at its present low stage for several weeks while the dam project and cleaning work are carried out. This also will afford opportunity for property owners to make necessary repairs on walls and docks, he said.

Four men from Mr. Grall's department also have been busy this week removing debris from the river bed and carting it to the municipal dump for disposal. If favorable weather continues, a bulldozer and steam shovel will be used in further cleaning operations.

Before the river could be lowered, the local department had to get permission from the Union County Park Commission and the Division of Water Policy and Supply of the State Department of Conservation and Economic Development. Approval from the state unit was received last Friday.

Varnish should be flowed onto a surface, with a brush that holds as much material as possible without dripping. A small area should be quickly covered and the varnish spread out evenly.

FAMILY LIFE TODAY

By PHYLLIS PAGE BRADSHAW

Specialist in Human Relations Rutgers, the State University

"Johnny has been disgracefully bad today," says a mother to a friend. "I don't know what's happened to him. Finally I sent him to his room to get over his orneriness. Bringing him downtown was a risk, but so far so good. I'm keeping my fingers crossed that he behaves until we get home."

While this conversation is taking place in the market, Johnny is right there on the spot. He has ears and can hear what mother says. He can't move away because that is clutching him tightly.

Evidently mother hasn't thought about Johnny's feelings. She is talking about him as if he were not there, but he is there. And he is feeling very uncomfortable, too. He is embarrassed because it is very much like eavesdropping on someone's conversation, and because he has to listen to the long tale of his misdeeds brought out in public.

Johnny feels resentful. He does not like to be embarrassed and he resents his mother for making him feel ashamed. He is angry about it, too. He is seething inside and wonders how he can get even. What can he do to make mother feel as awful as she is making him feel right now? Johnny is a normal, healthy boy — so he manages to think up some tricks that will really cause a commotion. The only interesting part of this whole experience for Johnny is that he is now looking forward to putting his thoughts into action.

Being talked about is usually an unpleasant experience for children. Sometimes parents think the youngster won't understand, but he usually does.

"This Is the Way I Feel"

Duty as Seen by Lincoln

"If I were to try to read, much less answer, all the attacks made on me, this shop might as well be closed for any other business. I do the very best I know how — the very best I can; and I mean to keep doing so until the end. If the end brings me out all right, what is said against me won't amount to anything. If the end brings me out wrong, ten angels swearing I was right would make no difference."

Girl Scout Observance

Food Collection Among Events Next Week Honoring Founder

Girl Scouts in the Cranford area will join with the more than two million scouts throughout the country in the observance of National Girl Scout Week, starting Monday. This week honors the memory of the founder of Girl Scouting in the United States, the late Juliette Gordon Low, who was born in Savannah, Ga., October 31, 1860.

In celebrating Girl Scout Week, all troops will complete the collection of canned food for the Cranford Welfare Emergency Shelf. This is a community service project in which the scouts have participated for many years.

On Monday evening the Council-Leader-dinner will be held at the Presbyterian church. After the dinner, Betty Wilsander will show films of her 6-0-6 to Camp Cody, and Mahyn Reeves will report on the national convention. Both girls are Senior Scouts. Mrs. B. C. Holden and Mrs. C. J. Tagholm, official delegates to the convention, will report on their trip. Mrs. E. C. Conrad is the chairman of the dinner committee.

One of the highlights of this year's national observance of Girl Scout Week will be the publication of the tenth edition of the Girl Scout Handbook," containing up-to-date information on Girl Scout activities and describing new badges. Mrs. D. L. Copeland, Director of Girl Scouts, has announced that the book will be on display in the Cranford Library and at the Scout House.

Fine, License Loss In Accident Case

Frank J. Kunsch, 19, of 10 Blake avenue, driver of a car which overturned several times on Walnut avenue near Lincoln avenue on October 4, resulting in injuries for himself and two other Cranford men, was fined $50 and $3 court costs when arraigned on a reckless driving charge before Magistrate Charles J. Stevens in Municipal Court Monday night. His driver's license was suspended until December 31.

George Kochmer, 22, of 310 Elm street, and John Barta, 24, of 35 Hollywood avenue, were still in Muhlenberg Hospital, Plainfield, this week receiving treatment for injuries suffered in the accident.

Lt. Lester Powell reported that Kunsch apparently lost control of the car as it crossed the Lincoln avenue intersection. He said the vehicle mounted the curb, bowled off a tree and rolled over five times before stopping in an upright position on the road.

OBITUARY

Miss Sarah Edmond

Flags at the Cranford public schools were lowered to half staff last Thursday in memory of Miss Sarah Edmond, 87 years old, former supervising principal of the Cranford public schools, who died last Wednesday night in the Danville, N. Y., Memorial Hospital after a lingering illness.

A native of Cohocton, N. Y., Miss Edmond attended Cornell and Wisconsin Universities and received a bachelor of science degree from New York University and a master of arts degree from Columbia University. She also studied at Oxford University, England.

She started her teaching career in 1889 in Cohocton and subsequently taught in Rochester, N. Y., Marshall, Minn., and LaCrosse, Wis., prior to being appointed a high school mathematics instructor here in September, 1902.

Miss Edmond was appointed high school principal in 1912 and was named supervising principal in 1914 when Dr. A. L. Johnson resigned as head of the local school system to become county superintendent of schools. She served in that capacity until her retirement in July, 1934.

The late supervising principal joined the local school system about the time it was changed from a two to a four year school and was moved from Grant School to Cleveland School. During her years as supervising principal, the school enrollment more than doubled and two new schools — Sherman and Roosevelt — were added and an addition also was made to Lincoln school.

Following her retirement, Miss Edmond was presented with an automobile, a gift from the faculty, present and former, pupils and friends. She had resided in Cohocton, N. Y., since leaving Cranford.

She is survived by two sisters, Mrs. Helen Carter of Boonton and Mrs. Irene Sick of Cohocton.

Funeral services were held Saturday from the Patton Funeral Home, Cohocton, with interment in the family plot.

Miss Anna J. Vermilye

Funeral services were held at Trinity Church on Monday for Miss Anna Josephine Vermilye, 82, a former Cranford resident who died Friday in Villa Maria Sanatorium, North Plainfield. The Rev. Frank V. H. Carthy, rector, officiated. Interment was private.

A landscape artist, Miss Vermilye was an art instructor for many years at Swarthmore College. She was a graduate of Wellesley College, a member and former president of the Art Students League of New York and a member of the Print Club of Philadelphia, the National Association of Women Artists, the Westfield Art Association and the American Bible Society.

She was the daughter of the late Henry P. and Anna Schofield Vermilye of Westfield. There are no immediate survivors.

Severed Cable Causes Bank Robbery Scare

It looked like a bank robbery in town at 2:25 p. m. Tuesday when bells began to ring and red lights flashed at police headquarters, sirens blared, cars raced to the local office of the Union County Trust Company on South avenue.

When Sgt. Harry Page and Patrolmen Frank Caruso, George Ward, Lawrence Bennell and Louis Guertin arrived on the scene they were informed that an electrician doing some repair work had accidentally cut through a cable which sounded the alarm at police headquarters and cut off the bank's telephone service.

Trenton Hearing Held On Regional Expansion

The State Department of Education conducted a hearing yesterday morning in Trenton on a request of the Union County Regional District No. 1 to construct an 800-pupil high school in Clark.

The board has proposed to buy sites in Clark and Berkeley Heights and to construct a high school in Clark at a cost of $1,950,000.

Kenilworth officials, who want the school to be built in Kenilworth, were represented at the hearing by Councilman Oliver J. Brown, Jr. Borough Clerk Philip J. McGevna also attended the hearing.

Representatives from the Regional board as well as officials from Clark also attended the hearing.

Brownies Elect

Brownie Troop 54 held an election of officers at a recent meeting. Barbara Frutchey was elected secretary, Helen Dentry, treasurer, and Gale Griffiths and Pat Dungan, color guards. The project for the week was making supply bags to contain scissors, pencils, etc. The leader of the troop is Mrs. W. Griffiths.

Joins Medical Society

Dr. William L. Fidler of Cranford was welcomed as a new member as the Union County Medical Society held its first meeting of the season at the White Laboratories, Kenilworth, last Wednesday night.

Human Origin

Many scientists have concluded that the human race began somewhere in the great Asiatic land mass about a million years ago. From there, it spread into all parts of the world.

Cancer Aim

The big aim of cancer control is to find a chemical agent capable of controlling cancer that has spread so far that it cannot be removed by surgery.

Trustees Discuss CHS Overcrowding

(Continued from page one)

and in terms of rearrangement.

With the use of all buildings in mind, Mr. Belden said he did not think it would be necessary to set up machinery to plan an expansion program at this time. He pointed out, however, that the two new schools will be two-and-a-half years in planning from the time the architect was hired to the opening of the buildings in September.

In discussing the figures of the Long-Range Planning Committee, Mr. Belden pointed out that the figures for the elementary schools are running toward the low side, while the totals for the upper grades are toward the high side. He attributed part of the lower figure in the elementary grades to more students attending St. John the Apostle School; Clark-Linden, then anticipated.

Louis C. Trautman, president of the board, warned that the board was not "presupposing that a junior high school would be built."

Possible combinations to aid in finding additional space during the classroom shortage have been discussed by the administrative staff and the teachers, Dr. Howard E. Best, superintendent of schools, reported. He pointed out that the situation will be "tough" in 1954, and the real blow will hit the high school in 1955.

avenue and Casino avenue, and would not damage private property.

Other suggestions made at the initial meeting included the annual three day gift days, sponsored by the Cranford Business Association; special recognition for persons who have lived in Cranford for the longest period, a special old timers' committee to cooperate with the permanent committee, and a parade of historical vehicles, such as old fire apparatus, old automobiles, buggies, etc.

Other members of the special steering committee, in addition to Mayor Andersen, are Mrs. Charles Schillinger, president of the VIA; Mrs. Walter E. Thorn, elementary school PTA group; Mrs. E. W. Schroeder, president of the High School PTA; Lieut. Lester Powell, representing police and fire; Township Engineer P. J. Groll, Township Clerk J. Walter Coffee, and Charles M. Accident Insurance Studied by Board

(Continued from page one)

coverage in six months to determine if their was enough coverage. The cost of the insurance will come from the capital funds for the two buildings.

Mr. MacBean had recommended to the finance committee that the coverage be $600,000 per building, but the committee recommended that the board approved the $400,000 figure. This amount was considered adequate.

At the recommendation of the finance committee, the board decided not to purchase vandalism and malicious mischief insurance. The committee said the need for such insurance was not indicated. Mr. Heuer pointed out that the board will be a "self insurer."

The committee also reported that it had considered group life insurance for teachers and directed Dr. Best and Mr. MacBean to obtain additional information for its consideration. Louis C. Troutman recommended that the committee consider a study of the problem made by the New Jersey Education Association.

The board accepted the report of its auditor, Charles E. Roberts of Cranford. The finance committee will consider his recommendations at a future committee meeting. He was commended for a conscientious and efficient job. Mr. Troutman said his work is appreciated by the board.

Herbert McCullough, secretary, was authorized to sell at once $45,000 in treasury notes to pay bills for the construction of the new schools.

CHRISTIAN SCIENCE CHURCH SERVICES

The fact that Life does not end with death, indicated by the resurrection and ascension of Christ Jesus, will be brought out at Christian Science services Sunday.

The Lesson-Sermon is entitled "Probation After Death."

The following passage will be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"Jesus' unchanged physical condition after what seemed to be death was followed by his exaltation above all material conditions; and this wonderful fact explained his ascension, and revealed unmistakably a probationary and progressive state beyond the grave. Jesus was 'the way,' that is, he marked the way for all men." (46:20-28).

The Golden Text is from Isaiah: "The people that walked in darkness have seen a great light: they that dwell in the land of the shadow of death, upon them hath the light shined" (9:2).

Cereal Foods
Cranberry toast and shortcake be served on toast. Try some of the following to replace toast and give a interesting variety: Toasted English muffins, chow mein noodles, pastry shells, baked potatoes, rice, ready-to-eat cereals, spaghetti or noodle soup.

Thought for the Week

By the REV. ALBERT ALLINGER, Pastor, Cranford Methodist Church

"Go therefore and make disciples of all nations" Matthew 28:19

Christianity is a missionary religion. Our Lord commissioned His followers to go and make disciples. Our day is witnessing a resurgence of the spirit and activity of the first century Christians. We read in the newspapers about the United Evangelistic Mission of the Methodist Church, the New Life Movement of the Presbyterian Church, the Christian Crusade of the Baptist Church and of others by different names. Ministers and laymen are going into the highways and byways seeking to win people to Christ and His Church. As long as this spirit of seeking and sharing is kept alive, so long will Christianity grow and prosper.

John Wesley saw 18th Century England as it really was — a land of slave traders, kidnappers, smugglers and gin-shops; a depraved world countenancing child labor, gambling, materialism and general working-class degradation. He believed that only true Christianity could be the vitalizing, the regenerative influence for nations and men. The Gospel, he said, "is essentially a social religion. This command have we that he who loves God love his brother also."

Christian understanding must therefore begin with the individual and spread to other individuals. So John Wesley set to work. His Churches were the hillsides. Mill-workers and coal miners were converted by the millions of a higher life. He argued that slavery was inconsistent with all laws of natural justice. His argument was taken up by his disciple, Wilberforce, and slavery was abolished throughout the British Empire. Although he was not a pacifist. He advised the wealthy, "First supply thine own reasonable wants; then restore the remainder to God through the poor." The income from his tracts might have made him wealthy, but he never spent more than 30 pounds a year upon himself. This was one forty-seventh of his income. The remaining 90 per cent he gave to the Lord through his brothers on earth, the laboring poor.

Does Cranford need a revival? What are our virtues? What are our sins? How does God look upon our community, its churches, its homes, its schools, its organizations, its industry and business, its race relations its social life? Children evangelism campaigns help us to become better individuals living in a more Christian, God-loving community. Will you answer the call to present day discipleship?

St. Michael's Corner

By JAMES F. WOODS

If someone were to ask you what the Mass is, could you give an intelligent answer? To say the Mass is the unbloody Sacrifice of the Cross is correct, but not enough. Unless you can convince your questioner that you believe with all your heart and soul and mind that the Holy Sacrifice of the Mass is the most tremendous drama of all time — that its action reaches forward to the end of time and back ready to heaven — that it runs from eternity to eternity — that it sweeps on our daily lives and on world history dwarfs the combined effects of all the world's greatest battles and wars, all its greatest discoveries (scientific and otherwise), and the heroic lives of all its martyrs and saints — unless you can convey to him something of the scope, of the depth and meaning, of the far-reaching effects of this stupendous act of love, the definition is meaningless.

You must try to make him understand that this is the Sacrifice of the Cross — the continuation of that sacrifice. Not a new or different sacrifice, but the same identical sacrifice; without the blood, the thud of the hammer against the nails, the jeers and noise of the crowd, the sorrow-stricken heart of Our Lady, and without the forlorn dying Christ. For if we could brush aside the veil (the whiteness, the roundness, etc. of the host), which hides our Victim as the priest raises Him aloft we'd behold (if we dared look) the glorified Body of Christ as He now reigns in heaven.

You must be able to explain to him that there is nothing figurative here, that this is not just a symbol, a representation. In the most literal sense this is in fact the Body and Blood — yes, and the Soul and the Divinity of Our Lord Jesus Christ — entire, complete, glorified.

Alone? Indeed not. He's never alone any more. If we could but see the scene at the altar at the moment of consecration! The Court of Heaven is there, angels and saints, yes, and Our Lady too. They join us in bowing in adoration as He Who is without beginning or end, without limitations of any kind, offers Himself through the hands of the priest to His Father — for us. Yes, for us. It is our sacrifice too, because we, the priest and Christ are one.

Christ died, yes, but He comprehend fully that which is infinite, and the Mass is infinite, but so is God. As we have given to Him of God so that we may love Him and serve Him, so too we are obliged to learn of the Mass so that we can participate in it more fully, partake more fully of its fruits, and live more intimately the Christ life which is the Mass.

Two Jobs at Once

Now they have concocted a paint-plaster wall-finish combination that does both jobs faster, cheaper, easier operation. One coat is said to hide small plaster cracks, fine seams, nail holes, minor surface defects, and other similar defects. Easy to apply with brush or roller, the finish dries hard and may be washed or even scrubbed repeatedly. It comes in a variety of colors and can be tinted with a brush, money, or paper.

Unity Chapter to Offer Forget-Me-Nots Here November 6, 7 and 9

"Now Is the Time When Gratitude Means Something."

This slogan has been selected as the theme for the Disabled American Veterans Forget-Me-Not Day to be held in Cranford on November 6, 7 and 9, Commander Gus Cohen of Unity Chapter 59, announced today.

"We of the DAV feel that this slogan sums up the reasons and aims of our campaign in words that will inspire every citizen," said Commander Cohen.

"The Forget-Me-Not has been the official blue flower of remembrance of the DAV since it was founded thirty years ago. The disabled have never forgotten the disabled. The DAV has been dedicated to helping them.

"To wear one of these flowers on Forget-Me-Not Day is an indication that the citizen has not forgotten the sacrifices made by those with wartime handicaps and injuries. It is to express gratitude in a concrete way."

Commander Cohen said that all funds raised during the campaign would be used to aid disabled veterans in this area. He pointed out that the local chapter also helps the wartime handicapped with their adequate compensation and pension as well as hospitalization and employment.

Hilarious Evening Promised When 'Ghost' Appears Here

The Broadway comedy hit, "Gramercy Ghost," is guaranteed to leave you limp — from laughing — when it is presented at Sherlock Hall on November 12, 13 and 14 by the Cranford Dramatic Club and the Couples' Club of the Presbyterian Church.

Written by the author of "Three Men on a Horse," the "spiritual" comedy revolves about an attractive young girl in the publishing field who inherits a house in the Gramercy Park section of New York City, and with it the ghost of a Revolutionary soldier. For 175 years Nathaniel Coombes has been house-locked near the spot where he was killed because, by tarrying with a pretty girl, he delayed delivering an important military message until it was too late.

A cast of expert funmakers are busy rehearsing and promise a most hilarious evening. Linda Herman is charming as the heroine who inherits the ghost. Ellis Rushton plays the ghost with a pleasant sense of humor, and John Whittlesley squeezes the maximum of laughs from his role of the straitlaced fiance from Wall Street who is continually in hot water from one source or another.

Alan Koppes is a happy choice for the reporter who tries to help the heroine out of her dilemma.

The supporting players rate special mention for keeping things on the move. Mary Morganthau is amusing as an old family servant who takes on new dignity when she become a property owner, and Herbert Mitchell is good as a cynical New York critic. Lynn Myers has a fine scene as the waiter, and the remaining characters, Nancy Wright, Sally O'Brien, George Diefenderfer and Richard Cheesman all do their bit in keeping the audience chuckling.

Mrs. John H. Low is the director, and Sally O'Brien, in addition to her part in the play, is working as assistant to the director.

First Aid Squad Has Ambulance Practice Session

Members of the Cranford First Aid Squad familiarized themselves with operation of the municipal ambulance in a practice session directed recently by Police Sgt. Harry P. Page, squad captain.

Capt. Page reported that the ambulance was taken out on the road and each squad member present given an opportunity to drive it, to load and unload stretchers and to operate the equipment carried in the vehicle.

Aim of the practice session, was to prepare the men for carrying out of their slogan, "Arrive Safe and Sound," when they take over the actual operation of the ambulance in the near future.

Assisting Capt. Page in the drill were the following squad officers: First Lt. John Hall, Second Lt. George Syseskey and Sgt. Michael Sikora.

Twenty-two members of the squad at present hold advanced first aid cards entitling them to take an active part in squad activities. Therefore additional candidates are now taking basic first-aid classes at Lincoln School on Thursday nights. Upon completion of this course next month they will take a four-week advanced course, Arthur Huetteman is the instructor.

Ambulance Fund Report by Chairman

A total of $305 or approximately $4.63 per trip was received by the Cranford Municipal Ambulance Committee for its replacement fund during the past three months, it was announced this week by Henry W. Whipple, chairman. The ambulance was used 64 times.

The ambulance committee has $6,994.35 invested in U. S. Treasury Bonds and a cash balance of $1,561.91.

Even though the municipal ambulance soon will be turned over to the Cranford First Aid Squad, Inc., the ambulance committee's funds will be held and used only for the purchase of a new vehicle, it was stated.

Elected to serve on the scout committee were: Scoutmaster Gipson, chairman; Thomas Bowen, treasurer; James Laurel, secretary; Timothy Mayer, advancement; Jesse Muldrow, activities; James King, public relations.

Also attending the reorganization meeting were District Scout Executive M. Henry Gaffney and Volunteer Representatives Sid W. Members of the newly-elected scout committee were briefed in their duties at a meeting last night at which final arrangements were made for tomorrow night's opening troop session.

The troop at present consists of 20 boys, and it is hoped to increase the membership during the coming year.

Speaks Tuesday

CHARLES L. BAUER, JR.

Register Bauer to Tell Duties of His Office

Register Charles L. Bauer, Jr., will speak on "Functions and Duties of the Register's Office" Tuesday evening at the Cranford Adult School at Cranford High School.

His talk will be part of the municipal, county and state government course.

Until his recent appointment as register by Governor Alfred E. Driscoll, Mr. Bauer served for many years as a Union County freeholder. He was chairman of the industry and labor and insurance committees and a member of the roads and bridges, public property, purchasing and public safety committees.

A life-long resident of Elizabeth, Mr. Bauer was educated in the public schools of his hometown. He has been engaged in examining real estates for more than 30 years and is president of the Excelsior Building and Loan Association of Elizabeth.

Mr. Bauer won the Republican nomination for register in April and is opposed in this year's General Election by Ralph DeVitaoi Union.

"Newer Methods in Cancer Treatment" will be the topic of Dr. Fletcher Gilpin at the what's new in medicine course Tuesday evening.

A&P Observes Anniversary

Ralph W. Burger, president of the Great Atlantic & Pacific Tea Company, has urged the nation's food industry to strive for greater efficiency in its operations in order to further narrow the spread between farm and retail prices.

In a statement launching a month-long celebration of the nation's oldest food chain's 94th anniversary, Mr. Burger cautioned the industry against wasteful practices that might tend to increase the cost of food to consumers or reduce returns to producers.

"The entire food industry, from producer to distributor, has given the American people the highest standard of eating in the world today," Mr. Burger said. "The average family in this country has a better and more varried diet and spends a smaller percentage of its income on food than do the residents of any other country. But if we are to remain the best-fed nation, we must continue to seek new and better ways of producing and distributing food."

Mr. Burger cited three major areas in which the industry should seek improved performance:

1. Narrow the spread between farm and retail prices.
2. Reduce waste and spoilage of food.
3. Avoid both merchandising practices and types of merchandise that will reduce efficiency and increase operating costs.

Advanced to Captain

Robert K. Neuman, 129 Oak lane, has received an Army Reserve promotion to captain, according to an announcement today by headquarters of the New Jersey Military District at the Kearny Shipyards. Capt. Neuman, a Chemical Corps Army Reserve Officer, is a member of the 1349th Research and Development Unit of the New Jersey Army Reserve.

York Boy Recuperating From Accident Injury

Reported recuperating satisfactorily at his home from a concussion sustained when he was struck by a car last week, Robert York, 5-year-old son of Mr. and Mrs. Douglas R. York of 507 Orchard street, is expected to be able to return Monday to his studies in the first grade at Cleveland School.

Lt. George L. Rosendale, who investigated the accident, said the boy ran in front of a bus, from which he had just alighted on his way home from school, and was struck by a car driven by Arthur H. Houseknecht, 41, of 211 Beech street. The accident occurred on Orchard street near Park avenue at 3:35 p. m. on Monday of last week.

After an examination by Dr. Abraham Thaler revealed no broken bones, Robert was taken to his home for treatment by the family physician.

Lt. Rosendale reported the bus driver said he had cautioned children alighting from the bus not to run in front of the vehicle. The driver of the car said he was proceeding slowly and did not see the boy until he darted from in front of the bus into the path of his car.

Patrolman Robert Nylen assisted Lt. Rosendale in the investigation.

• Candidates' Night

The Village Improvement Association will sponsor its annual open house for candidates on October 29.

This year's open house will be particularly important because of the Congressional race being staged in Union County (Sixth Congressional District) and the numerous contests on the county level. Because the Congressional battle got off to a late start, the two candidates — Republican George F. Hetfield of Plainfield and Democrat Harrison A. Williams, Jr., also of Plainfield — have not as yet attracted the voters' interest. However, the national spotlight will be on this race because of the Republicans' recent defeat in Wisconsin and because only one other such contest is being held in the country that day.

In addition, there are races for four seats on the Union County Board of Chosen Freeholders, and contests for sheriff, surrogate, register as well as four seats in the House of Assembly.

Perhaps even more significant is the gubernatorial fight between Democrat Robert M. Meyner and Republican Paul L. Troast.

Cranford residents will be missing a fine opportunity to meet the candidates and find out what their views are if they fail to take advantage of the open house session in the township rooms next Thursday night.

• Keep Youth Busy

Any attempt to curb juvenile delinquency is laudable and should be given all possible cooperation and assistance.

At a ceremony last week, Judge Libby Sachar of the Union County Juvenile and Domestic Relations Court administered the oath to the four members of the Cranford Juvenile Conference Committee. The philosophy behind this group seems sound and the committee deserves all the assistance it can get.

However, the main point in combating the problem is missed by many, it seems to us. How about considering the problem in the light of preventing the delinquency in the first place? Certainly attempts should be made to put an errant youth back on "the straight and narrow," but it is just as important to find means to keep the youth of the community out of trouble.

One of the principle means of doing this has been programs that keep youngsters interested and busy. Not busy just to be busy, but busy at something constructive. That's where a broad recreation program comes in. Cranford's present recreation program is well organized and effective, but it can hardly be considered adequate for a community of this size.

More thought and attention to the problem seems to be in order by all members of the community.

• Efficient Job

Members of the Public Works Department deserve commendation for their fine job in improving and enlarging the parking area on the eastbound side of the Jersey Central railroad station.

Township Engineer Patrick J. Grall's efficient lay-out for the area has provided space for parking close to 40 more cars than was possible before, and the resurfacing work has greatly improved the appearance of the section.

Cost of the job was kept within the $3,000 budgeted for the job, leaving funds available for suitable signs for further "dressing up" of the lot.

This project affords an example of efficient accomplishment of a needed public improvement.

• SPCA Drive

Well deserving of the support of Cranford residents is the county-wide fund appeal of the Union County Society for the Prevention of Cruelty to Animals in connection with plans for an early start on erection of an animal shelter to serve communities in this area.

The county unit at present provides animal warden services for eight communities, including Cranford, Garwood and Kenilworth, and its operations are to be expanded as soon as the new shelter is available. Such services are important to the health and welfare of all communities in this area.

The opportunity to assist in the projects of the SPCA should prove attractive not only to pet owners but to all other humane-minded persons as well.

Dear Sir:

In September Mrs. T. L. Brennan and I attended away Press Breakfast and Workshop at representatives of the Daughters of the American Revolution.

The meeting proved to be of great value to us and something worth repeating another year.

Dear Sir:

The Executive Board of the Cranford Welfare Association appreciates your interest in printing in full Mrs. Grady's Annual Report in the October 8th issue. It is most timely that this should appear while the appeal is being made for Cranford citizens to support the United Fund.

Everyone reading this report will find a comprehensive account of good modern social practice as it is administered in this town by those who ask for and need assistance.

Sincerely yours,

Dear Sir:

May I ask all readers of this newspaper, if they have not already done so, to read on the first page of Section Two in the October 15 issue of The Citizen and Chronicle, Police Chief Fischer's excellent advice to motorists. We know we must caution our children regularly as to the safe way to cross streets and ride bicycles but we might also keep reviewing it our own minds the safety "rules" of the road. I want to add some words of precaution to Chief Fischer's advice.

Public Service, Beviano and Blue Diamond buses travel through many sections of Cranford carrying school children to and from Cleveland, Lincoln and Sherman Schools. They leave the morning hours of 8:15 a. m. and 8:45 a. m. and in the afternoon between 3 p. m. to 3:30 p. m. and 4 p. m. Because they are not city municipal conveyances but chartered school buses, the usual dinner precautionary signs cannot be placed on the rear of these buses. Therefore, though it is legal to pass such buses when they stop to discharge passengers, I ask the Cranford motorists not to pass any buses "loading or unloading" as evidenced by the recent accident on Orchard Street involving a school child riding a bike home from Cleveland School—children are driven home by the bus drivers on.

Your attention is again called to the October safety slogan — "Children Must Learn — Drivers Believe."

Sincerely,
Dorothy S. Baldwin

This represented a gain of 1,260 over the previous November's registration, and 504 over the 1944 Presidential Election figure.

Residents of South Birch Street were in a turmoil over the proposed re-naming of their street. All but three of the residents petitioned the Committee that the street be called Birch Street, because of the many oak trees on the street. The remaining three families asked that it be called Clay avenue as it is continuation of the short street of that name between Manor avenue and South Sixth street.

Arrangements had been made to accommodate 1,500 persons at the deluxe party to be given at St. Michael's School by the combined societies of St. Michael's Church. Among prizes to be offered was a free trip to Bermuda.

"Set As All Git Out," an original play written by H. K. Beach and E. Webster Skerratt of the Cranford Dramatic Club, was presented at the monthly assembly of the club.

The Cranford Historical Society issued a call for pictures of old Cranford foot bridges to add to its historical collection. Residents were asked to lend pictures to the society so that prints could be made. The group also appointed a committee to determine the story behind the naming of many Cranford streets.

Democrats To Meet

Election Organization Discussion Scheduled; Ross Criticizes Council

GARWOOD — Campaign plans will be furthered at a meeting of the Democratic Club at 8 o'clock tonight in Scandia Hall. District leaders are expected to attend to make arrangements for their election day organizations.

Declaring that incidents in which quick-descending gates struck vehicles or trapped motorists on the tracks might be the result of faulty mechanism or wiring rather than the fault of the men operating the gates, Mr. Ross asserted the council should have sought action by the Public Utility Commission.

"You could hardly expect an unbiased investigation by the company which operates the gates," he declared.

Blues, Comets Seek First Win

Coach Grayson Hopes Vicci, Bolomey Will Return to Line-Up Against Hillside Eleven Saturday Morning at Memorial Field

A pair of winless teams meet Saturday morning in a gridiron contest that will probably provide a lot of spark. Both Cranford and Hillside will be seeking their first '53 victory at Memorial Field.

Things are looking a bit brighter for the Blues. They could very well step into Comet team. The probable return of quarterback Vince Vicci and tackle Bob Bolomey to the lineup will give Cranford that little bit of added experience. However, fullback Andy Rogers, end Dick Lewis and possibly halfback Pete Scholz will be absent from the injury-riddled squad. The local boys will get the nod of the defensive line holds a little better than in the Rahway affair.

The two squads will be matching T formations which should prove interesting. The Comet backfield, highlighted by Coach Chuck Ferrigno has four experienced lettermen. Roger Keehn and Alan Goldberg top the list. Jim Lavcock and Tony Martucci are scatbacks, and both are good runners. Martucci especially has recovering threes. Newcomers Bill Weliett and the Skeggs brothers, Don and Alex, also will see action in the backfield.

Hillside's line is not as impressive as the backfield although there is considerable ability. Top man up front is George D'Amiano, 185-pound junior who will fit in the tackle position along with big George Schuckman. The forward wall is light but at the guard slots and at the ends.

Cranford, which has certainly had its share of bad breaks this season, will be out to get this victory. Coach Stan Grayson's boys have continued to show spark despite four losses. It looks like Coach Grayson will take to the air with Vicci back in the passing position and with the top runners — Rogers and possibly Sholz — out. However, the Blues' running ace, Tim Schuman, rated along with Joe Apello of Roselle Park as the top backs in the county, should provide the Cranford attack with sufficient ground gains. Also outstanding on defense, Schuman should certainly prove trouble-some to the Hillside team.

Richard Parker of Cranford was elected vice-president, Tuesday evening of the Galloping Hill Golf Association at the annual organizational meeting at the clubhouse, Kenilworth.

Ed Saunders of Garwood was named secretary. Carmine Prozillo of Roselle Park is the new president.

Scarlet Rips Blues' Team, 28-7

Injury-Riddled Local Eleven Puts Up Game Battle Against Rahway

A game, injury-hampered Cranford eleven suffered its fourth straight loss Saturday as a hard-hitting Rahway club scored over the Blues, 28-7, at Rahway's Riverside Park.

Cranford, which went into the game with four regulars not in uniform due to injuries, offered the best resistance to the Scarlet attack it could. The lack of sufficient replacements created a problem as many boys saw regular action for the first time.

Highlight of the Blue and Gold's attack came late in third quarter when its hustling guard, Bill Hoagland, grabbed a loose Rahway fumble and raced 80 yards for Cranford's lone tally. Fullback Dick Young plunged for the extra point.

In the first minute of play, Rahway was deep in Cranford territory when quarterback Doug Lewis tossed a jump pass to captain Jim Robinson who took the ball to the Cranford six. Then Homer Killings went over for the TD with the conversion being good. Killings, in the second quarter, scored again for the Indians as he completed a 40-yard Cranford drive by the Rahway club making the score 13-0.

Late in the second period, Rahway scored two more touchdowns. The first was the result of a poor Cranford punt which gave the Indians possession on the Cranford 34. From here the Scarlets ploughed down the 12 where halfback Walt Smith went over. One play after that TD, Rahway's Bruce Atherton intercepted a Cranford pass. Lewis then tossed to Robinson to make it 26-0 as the half came to a close.

In the third frame, the Blues lost the services of their hard-hitting regular left halfback Pete Scholz was taken out with a leg injury. The Cranford club, however, did not give up as they repeatedly stopped Rahway's scoring threats.

Late in the fourth quarter, the Scarlets picked up two points when they scored a safety as Lewis tackled Russ Dean, Cranford back, behind the goal line.

Rahway, undefeated in four starts, was a fine host to the Cranford club, but the local boys really gave them a stubborn battle most of the time.

The line-ups:

CRANFORD		RAHWAY
Ends		Hilbert, Wesing, Staples, Schlenker
Tackles		Patterson, Whelan, Flood, Dickey
Guards		Hoagland, Ciccone, Morris, Gibson
Center		Kilmer
Backs		Rappaport, Scholz, Young, Lewis, Grisanti, Robinson

JV Game Cancelled

Summit Wins Again, 2-0

Coach Courtland Daley's soccer squad suffered another defeat Tuesday afternoon as they were again beaten by Summit by the same score, 2-0. They defeated the Blue and Gold Rickers earlier in the season, 3-0.

The local boys were certainly out-of-form for this contest for they showed an unstable attack. It was in the previous contest that the Cranford kickers showed their first signs of improvement. However, they failed in this game to show an improvement. Cranford's faithful goalie, Davey Byrne, nevertheless, continued to show his stuff as he repeatedly deflected numerous Summit attempts.

Both of the winner's scores came in the third period, the first one being scored by Ed Smit who popped in the tally near the goal. John Bollock sank the second score as he took a good pass and tagged it from about 10-yards out.

The line-up:

CRANFORD	
Goal	Byrne
Backs	Hall, Bollock
Halves	Hughes, Reid, Ivy
Forwards	Hall, Reid, Hughes, Ivy, Bollock
Summit	Goal, Smit, Backs, Halves, Forwards

This victory gave Rahway a 4-0 record.

The summaries:

1—Simkin, Rahway (14:01); 2—Rearick, Cranford; 3—Lyons, Rahway; 4—Lavin, Edison; 5—Bertram, Cranford; 6—Lyons, Rahway; 7—McClendon, Cranford; 8—Metzner, Cranford; 9—Hagerthy, Cranford.

Driver Held In Fatality

Miss Bonnell Faces Grand Jury Action After Accident Here

GARWOOD — Miss Mary Elizabeth Bonnell, 43, of 673 North avenue, west, Westfield, was held for action of the Grand Jury on a charge of causing death by operation of a motor vehicle, when she was arraigned before Magistrate James T. Leonard in Municipal Court Monday night. She was released in the custody of her attorney.

Miss Bonnell's mother, Mrs. Elizabeth Bonnell, 72, of the Westfield address, died October 19 in Muhlenberg Hospital, Plainfield, where she was taken following a three-car accident here on October 7.

According to the police, the accident occurred when Miss Bonnell lost control of the car she was driving on North avenue when she tried to kill a moth inside the car, and struck two oncoming vehicles.

Also in the Bonnell car was Mrs. Bonnell's sister, Miss Nellie Hann, 65, of the Westfield address, who is still in Muhlenberg Hospital receiving treatment for fractures of the left knee and leg. Miss Bonnell sustained rib injuries and lacerations of the chin. Also injured in the crash were three other Westfield residents, occupants of the other cars involved, one of whom required hospital treatment.

In court Monday night Miss Bonnell pleaded innocent to a careless driving charge, but Magistrate Leonard found her guilty and suspended her driver's license for 90 days. She also was assessed $3 court costs.

The accident marked Garwood's second traffic fatality this year and the first Union County fatality since the state's "Save a Life a Day" traffic safety campaign was started September 1.

They learned how the baggage and parcel department works and they went through a train made up to go to St. Louis, the Spirit of St. Louis. They visited the automat for lunch.

The children in Miss Helene Austin's kindergarten classes have enjoyed the lovely Autumn weather. They took a walk one day to observe the beautiful foliage and when they returned to the classroom they were able to identify eight different leaves. They are making a leaf booklet and learning many songs about the leaves.

The Man Who Will Work for You

WILLIAM J. DOWNEY

On July 27, 1953, I called at our township office and inquired about the last assessment on my property. I was given a formula on how the assessment was reached on my property. (Believe me this formula was not used on all property in Cranford because if it was some people would be up in arms.) The formula was used on all the houses in the area where I live. I was told all property throughout the Township of Cranford was being re-assessed, that a representative of a company doing this work had or would call to look over my property. I asked to have this representative call during that week and I will say the service was very good, the call was made on Thursday of that week.

In my conversation I asked when this work would be completed and I was advised that the work should be completed around September 15, or shortly after and at that time the books would be open to the public.

September 15th has long gone but I have not seen any public notice that the tax books were open to the public, showing the new assessments. WHY???

Maybe later would be a better time, but you, the people should be the judge.

During the 1952 political campaign the slogan "It's time for a Change" was broadcast. The American Voter, exercising his Constitutional Privileges, brought about this "Change" at the polls.

What was the principle reason given by the campaigners in advocating the "Change?" Simply this: "Twenty years of rule by one political party is too long for safety of government."

Oddly, the voters of Cranford were almost unanimously in favor of a "CHANGE" in the national government, based on the opinion that twenty years is too long for government by one political party! (It should be noted that minority representation in both houses and principal offices of the government existed during the entire period in question.) The word "oddly" is used here as a rather mild description of the political attitude of the Cranford voter who has been residing and paying constantly increasing taxes under Township government by one political party for more than Forty Years!!!!

Minority representation on the Township Committee of Cranford is our safeguard against the possible evils of Uni-Partisan caucus rule.

Capable, Honest and Constructive Representation

Let's Change This Year!

Hall GOP Speaker

National Chairman Will Talk at Rally Wednesday Evening

Leonard W. Hall, chairman of the Republican National Committee, will be a featured speaker at the GOP rally next Wednesday night in Elizabeth when Paul L. Troast, candidate for governor, and all of the party's candidates wind up a county-wide tour, Freeholder Nelson L. Carr, rally chairman, announced today.

"The importance the national administration attributes to this election in New Jersey is evidenced by the fact that Mr. Hall will be in Union County for this tour and will be a featured speaker at our rally that night," State Senator Kenneth C. Mand, county campaign chairman said today.

"With the Republican Party having a bare majority in Congress, it is imperative that Union County voters—and, in fact, all Republicans and those who support President Eisenhower's hand. It is equally important that Union County deliver a resounding majority for the Republican Party's candidate for governor, Paul L. Troast," Mand added.

The GOP rally at the Elks Club auditorium will be broadcast from 9 to 9:30 p. m. over WATV, Channel 13, Mr. Carr announced today, to give TV-viewers throughout the county the opportunity to join the Troast rally. In addition to music and the appearance of the candidates, the committee will present several "top notch" Broadway acts, Mr. Carr said.

Mayor F. Edward Biertuempfel, of Union, is directing the county motorcade that will start from the Court House in Elizabeth at 6:45 p. m. and cover every municipality in the county, winding up at the final rally at the Elks Clubhouse. The tour includes a stop at the American Legion Hall in Union for a "Troast and Coffee" break, which is being arranged by Mrs. Angelina Kneehtand a committee of the Regular Republican Club.

A campaign luncheon will be served at 12:30 p. m. at the Chilworth Manor, Mountainside, for Summit Republicans will present the gubernatorial candidate and the other members of the county ticket, at a tea at the Suburban Hotel there in mid-afternoon. The western end of the county will be covered in the late afternoon with stops in New Providence, Berkeley Heights and followed by dinner at the Park Hotel. The guests will leave the dinner in time to open the Elizabeth rally at 9 o'clock.

Tickets for the rally have been distributed to the 21 Republican municipal chairmen and are available on request, Mr. Carr said.

Poll Finds Meyner Leading Troast in Third Trial Heat

By KENNETH FINK, Director, Princeton Research Service

Former State Senator Robert B. Meyner, campaigning for governor on the Democratic ticket, is currently running ahead of his Republican rival, Chairman of the Turnpike Authority Paul L. Troast, for the first time since measurements began this September.

To be exact, the Democratic standard bearer's lead is only 1.3%. And anything can still happen.

Since the New Jersey Poll first reported on the gubernatorial contest early in August, the race has shown itself to be a remarkably even one.

At no time has either candidate swung 51% of the popular vote, and at no time has either candidate led by 4%—the minimum margin needed for the New Jersey Poll to declare one candidate definitely in the lead and still allow for statistical variation.

On August 6, the first statewide poll showed Troast leading his Democratic opponent 47.6% to 45%, his margin being 2.6%.

On September 24 the New Jersey Poll reported Troast and Meyner still neck and neck, with Troast holding a lead of 2.9%. Again neither could muster a majority or a 4% lead.

Today's results do, however, show that since early August, 1.3%. The Democratic candidate for governor, however, has neither a majority of the state's voters in his camp, nor a lead of 4% — the margin necessary to show him definitely ahead.

Today's results do, however, show that since early August, Meyner has picked up 3.2% and Troast has lost seven-tenths of one per cent (.7%).

When New Jersey Poll staff reporters asked a cross-section of 1,000 New Jersey voters in 47 of the state's 21 counties and in 44 different communities during the period between Saturday, October 3, and Thursday night, October 15, the following question:

"*On November 3, New Jersey voters* will elect a governor. *If the election were held today, how would you probably vote—for the Republican candidate Paul L. Troast, the Democratic candidate Robert B. Meyner, or the Independent candidate Clendenin Ryan?*"

The vote today compared with that of the two previous surveys follows:

	TODAY	Sept. 24	Aug. 6
Meyner	48.2%	46.0%	45.0%
Troast	46.9	48.9	47.6
Ryan	4.2	4.0	5.2
Undecided	.7	1.1	2.2

An interesting footnote to today's survey findings. It that on October 13, 1949, the New Jersey Poll showed Democrat candidate Elmer Wene leading Governor Driscoll by a margin of 2.6%. Driscoll then went on to win by a margin of 4.4%.

Today's findings must, therefore, not be construed as a forecast of the election outcome.

St. John the Apostle Show Monday Evening

Arrangements were completed at a meeting Monday evening in the school of St. John the Apostle, Clark-Linden, for the professional all-star show, "Parade of Stars," to be presented by the combined societies of the church at 8:30 p.m. next Monday. There will be dancing and refreshments after the show.

At a meeting General Chairman Peter J. Buckley received reports from the various committees. The Rev. Thomas F. Mullvaney, honorary chairman, thanked the workers for their cooperation.

Study Sessions For Republican Women Slated

The Cranford Women's Republican Club, Inc., met at the home of Mrs. Harold L. Winston, president, on 9 English Village, last Wednesday.

Mrs. Winston spoke on "The Policies of Club — Its Duties and Its Objectives," during the course of which she recalled that when she joined the club in 1939, under the sponsorship of its first president, Mrs. Julia Hazzard—at that time also Republican National committeewoman from New Jersey — the main aim of the club was the Study Group. This group—100 strong—is currently at the home of its chairman, Mrs. Robert Miller, 208 Central avenue.

Mrs. Winston went on to say that the Study Group feature of this and similar groups has been superceded these days, generally speaking, by the ubiquitous guest speaker — who, all too often, presents but one side of some controversial issue to the listener.

In this connection, it was Mrs. Winston's proposal to center the club's main activities once again around an informal Political Study Group, rather than around guest speakers, as such. To this end, she proposed a plan envisaging a series of round table talks, panel discussions, and monitored debates to take up the principal political issues of the moment as they affect the home, the youth, and the welfare of the nation in general, the State of New Jersey and Cranford in particular.

In closing, Mrs. Winston expressed the belief that many thinking wives and mothers in Cranford would be eager to study the ABC's of Government — at all levels, city, state and national — when given the opportunity to do so through such a Political Study Group.

Tuberculosis Tests Given At High School

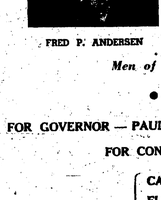

More than 270 students were x-rayed last Wednesday at Cranford High School as part of the annual tuberculosis tests given to the students and faculty.

The results of all the x-rays are sent to the pupils' family physician.

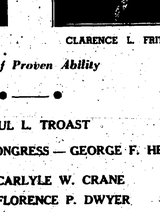

The testing program began last month when the patch test was given to all students except those who were to be x-rayed. There are several steps to the patch test which take five days. The patches were put on the students on September 21 by Mrs. Katherine Popp and Miss Elizabeth Durrell, school nurse. They were taken off two days later and on September 25 they were read. If the patch produced a positive, the person was given an x-ray.

The majority of students show no reaction at all. Even if two red spots appear after the tape is removed, it does not mean that active tuberculosis is present. The school nurses explained. It indicates, they said, that further examination by means of x-ray and physical examination should be done.

Newspaperman Tells Lions Club of Need For Continuous Fight

Keeping sources of information open to the public, particularly those relating to all levels of government, is a continuing fight in which both the press and public must take part, Hugh N. Boyd, chairman of the Freedom of Information Committee of the New Jersey Press Association, told members of the Lions Club Tuesday night at the Coach and Four.

Mr. Boyd, general manager of the New Brunswick Home News and a past president of the state press association, related incidents in Argentina, Bolivia, Columbia, Nicaragua and Egypt, where curtailment of information and press freedom have led to dictatorships and curtailment of individual freedoms.

The speaker cited several instances in this country and in New Jersey where sources of information have been closed, particularly to the press, but have later been opened in the general public interest. He described newspapers as a conduit of information from the source of the news to the general public and declared that without newspapers the public would have a difficult time obtaining unbiased information on which to arrive at their own opinions.

A question and answer period followed in which Robert Keenan, city editor of The Plainfield Courier-Rearick of the piano.

Lions Club Speaker

HUGH N. BOYD

ier News and New Jersey chairman of the Sigma Delta Chi Freedom of Information Committee, and Charles M. Ray, editor of The Citizen and Chronicle and a member of the press association's FOI committee, participated. The program was arranged by Lt. Lester Powell.

E. C. Rearick, chairman of the Lions Blind Seal committee, reported a total of $1,127.75 had been received from 809 contributors and appealed to local residents to send in their contributions for this worthwhile project. President Roy K. Scheller conducted the business meeting and singing was led by Henry Lovett with Mr. Rearick at the piano.

Builder Promises to Complete Schools by June of Next Year

The general contractor for the two new elementary schools has promised to complete the two buildings by June, 1954, Burton G. Belden, chairman of the building committee, Tuesday evening reported to the Board of Education.

The board is now constructing the new 12-room schools in Walnut avenue and Brookside place.

Mr. Belden said the building committee, the architect and engineers from the architect's office met with the builder last week to discuss building progress. The rate of construction at the present time is "fairly good," Mr. Belden said, and pointed out that the weather has been cooperative.

The chairman reported that billsfor ten percent of the total cost have now been paid to the builder for work done from July 1 to about the beginning of October.

In other action, the board granted use of classroom space and the gymnasium in Sherman School to the Westfield Squadron of the Civil Air Patrol for drill purposes. The board decided there would be no service fee in view of the fact that the program is in line with a preparedness program falling into the same category as civil defense. The squadron will use the school one night a week.

Mrs. Elmyra Shugart, third grade teacher at Cleveland School, was granted a leave of absence for the 1953-54 school year. Mrs. Gloria Mills of Cranford, formerly of Garden City, L. I., was hired to replace Mrs. Shugart. A graduate of New York University, Mrs. Mills taught for eight years in Garden City.

Miss Marie Custard, who is doing practice teaching in the Cranford School system, was hired for the 1954-55 school year. She is now a senior at Trenton State Teachers College.

The board approved paying the contractor for the installation of a new oil burner at Cranford High School. The architect reported he had inspected the installation and found it followed the plans and specifications. Dr. Howard R. Best, superintendent of schools, said the system has been "working nicely."

Melvin Kelsey, who recently returned from service in the army, was reemployed as a janitor at Cleveland School.

Joseph Kohn, chairman of the buildings and grounds committee, reported that work was started last week on a new floor in the gymnasium of Sherman School and is expected to be completed next week. Dr. Best said the work is not interfering with classes because of the good weather.

Louis Troutman, president, presided.

Dam Work Beats Rain

New Hansel Gate Handles Heavy Fall; Parking Lot Finished

Installation of the new west bank gate of the Hansel Dam at South Union avenue, was completed by the Public Works Department shortly before the rain started falling Tuesday evening, it was reported by Township Engineer Patrick J. Grall.

Mr. Grall said he was well pleased with the way the new gate together with the one installed on the east bank last year handled the heavy downpour Tuesday night.

Between 6 p. m. Tuesday and noon yesterday, the engineer reported, 1.85 inches of rain fell here. This exceeded the rainfall for the whole month of September — 1.25 inches.

Total rainfall thus far this year, Mr. Grall reported, has been 38.18 inches. With the average figure for November 3.40 inches and for December 4.40 inches, indications are that despite the long dry spell this year's total should reach or pass the total of 45.98 inches considered normal for a year. Total precipitation in 1952 was 53.30 inches.

Insurance For Pupils

Trustees Approve Accident Coverage For $1 Each Year

An accident insurance plan for all students of the Cranford public school system is now available, Dr. Howard R. Best, superintendent of schools, announced.

The health and attendance committee of the Board of Education endorsed the program at a meeting last night.

Dr. Best announced that letters on the plan will be given to students Monday to take home. Parents who do not get letters can obtain them from the schools, he said.

The premium will cost $1 for the school year and covers students while they are in school, for one hour while on their way to and from school and during school recess, Dr. Best said. The only exception is interscholastic athletics, the superintendent said, but physical education classes and intramural programs are covered.

The policy pays up to $1,500 for one accident for medical, surgical, hospital and nursing expenses and provides $1,000 for loss of life and payments for dismemberment as follows: Loss of both hands and both feet, $7,500; one hand and one foot, $7,500; one hand and sight of one eye, $7,500; one foot and sight of one eye, $7,500; sight of both eyes,

Public hearing will be November 10.

Mayor F. P. Andersen said the new squad deserves and will receive the entire cooperation not only of the committee but of all municipal departments.

Members of the squad, under direction of Capt. Harry P. Page, will meet at police headquarters at 3:30 p.m. Saturday to make their final arrangements for taking over the ambulance.

Methodists Let Contracts For $176,900 Building

Construction of a new sanctuary building for the Cranford Methodist Church, at a basic contract price of $176,900, is scheduled to start within the next few weeks on the two-acre plot facing Walnut avenue at the corner of Lincoln avenue.

The Rev. Albert Allinger, pastor, reports that the total project cost including furnishings and incidentals, will be approximately $245,000. The new church building is expected to be completed and ready for occupancy by the fall of 1954.

At a special congregational meeting Sunday evening, members voted to approve the signing of contract papers with the Riegert Mortgage Company of Summit, representing the Connecticut General Life Insurance Company as financing agent, and with the Becker Construction Company of Newark, as general contractors for the building.

Prior to the vote authorizing the signing of these contracts, Dr. Homer J. Hall, as chairman of the New Building Committee, presented a detailed review of the negotiations leading to the contract offers, together with Roy Tipton for the Board of Trustees, Benjamin F. Newsanger for the Finance

Commend CD Work

Test Alert Activities Orderly; Need Seen For More Volunteers

Cranford's participation in Sunday's test air raid alert was conducted in an orderly manner and without mishap, Civil Defense Director Barney W. Foreman announced.

Mayor Fred P. Andersen at Tuesday night's meeting of the Township Committee referred to the drill in Cranford as among the best in the county and lauded members of the various units participating in both the local test and the incident in Linden.

The mayor declared, however, that the community still does not have sufficient volunteers to take care of all departments in event of a major emergency. He reported that Governor Driscoll had requested him to urge all residents to pay more attention to Civil Defense needs.

Director Foreman reported that when the yellow alert was sounded at 1 p. m. Sunday, members of the local Defense Council took their posts at CD headquarters in the township building and the communications unit set up an emergency radio set and established contact with surrounding communities and Area Control.

Bitter Gubernatorial Contest Even, State-Wide Poll Reveals

By Kenneth Fink, Director, Princeton Research Service

Paul L. Troast, campaigning for governor of New Jersey on the Republican ticket, was running especially even with his Democratic rival, Robert B. Meyner, during the period October 16-23 in a survey of political sentiment conducted throughout the state of New Jersey by Princeton Research Service Inc., reporters.

The survey included only registered voters who said they were going to vote on Election Day.

"On November 3, New Jersey voters will elect a governor. If the election were held today, how would you probably vote—for the Republican candidate Paul L. Troast; the Democratic candidate Robert B. Meyner, or the Independent candidate Clendenin Ryan?"

	Dem.	Rep.	Ind.	Total
	Oct. 16-23	Oct. 16-23	Sept. 4-11	Sept. 4-11
Troast	40 %	78 %	47.6%	43.0
Meyner	49	14	46.0	45.0
Undecided	11	8	6.4	12

The striking fact about this year's New Jersey gubernatorial election is that in four successive statewide polls made during the past 12 weeks, neither the Republican candidate Paul L. Troast nor the Democratic candidate Robert B. Meyner has had a majority of the New Jersey voters in his camp, nor a 4% lead—the minimum margin needed by Princeton Research Service to declare one man definitely ahead and still allow for statistical variation.

Last year's Presidential election demonstrated the importance of last minute shifts in sentiment. This factor may be particularly important in deciding the winner on November 3.

For this reason, a pre-election survey can only report as of the time the interviewing was conducted.

Today's findings should not be construed as a forecast of the election outcome.

Another survey now in the field covering all but the last two days of the campaign will be in the hands of your newspaper before election day. It will be displayed in the window of the office of the Citizen & Chronicle Monday.

New Jersey's gubernatorial campaign this fall is attracting nationwide attention because of an unusual number of local conditions complicating the race and because it's the only two major party contested gubernatorial election in the country.

State, Congress Races on Ballot

Fights for Governorship, Congress Seat Hold Election Spotlight Here With Only One Committee Battle on Local Scene

With little doubt as to the outcome of the local contest, the spotlight of the General Election here Tuesday will be focused on the bitter gubernatorial race and the fight for congressman from the Sixth Congressional District.

In the local contest, Mayor Fred P. Andersen and Public Safety Commissioner Clarence L. Fritz, Republicans, are seeking reelection to the Township Committee. They are opposed by William J. Downey, a Democrat.

The principal contenders in the gubernatorial contest are Republican Paul L. Troast, chairman of the New Jersey Turnpike Authority, and former State Senator Robert B. Meyner of Warren County. The race is conceded to be very close. Also in the race are Albert Ronis, Henry Krajewski and Clendenin Ryan.

Republican George F. Hetfield of Plainfield seeks to succeed former Congressman Clifford P. Case of Rahway in the House of Representatives. His Democratic opponent is also a Plainfield resident, Harrison A. Williams, Jr. They are both attorneys.

The fight between Mr. Hetfield and Mr. Williams has taken on congressional significance. This is the only congressional race taking place on Tuesday and political forecasters are watching the results closely to determine a trend one way or the other. In gaining his fifth term last year, former Congressman Case, who is now president of the Fund for the Republic, rolled up a record 54,000 vote majority. This was 10,000 more than the majority of President Dwight Eisenhower in Union County.

The Meyner-Troast battle is similar in that only one other state contest will be held on Tuesday. The other one is in Virginia and it will be a big upset if the Republicans win, although some GOP leaders have expressed the opinion it may be close.

Voters in Union County will also elect four freeholders — three for three-year terms and one for a one-year unexpired term. Seeking three-year terms are: Republicans Albert Bennett of Mountainside, George Herlich of Hillside and Donald Pearsall of Westfield, Democrats — George B. Doly, Jr., of Rahway, Frank J. Slugaski of Elizabeth and Joseph A. Sharkey of Union.

Former Assemblyman Donald Mackey of Plainfield is the Republican candidate for the unexpired term on the Board of Chosen Freeholders, and he is opposed by James E. McTeman of Hillside.

Two incumbents, Mrs. Florence P. Dwyer of Elizabeth and G. Clifford Thomas of Elizabeth, and two newcomers, William R. Vanderbilt of Summit and Mayor Carlyle W. Crane of Plainfield, are the Republican candidates for the House of Assembly. Opposing them are: Richard A. Pettit of Plainfield, Jack M. Clawson of Scotch Plains, Lawrence G. Belluscio of Elizabeth and Leo Rozwitz of Linden.

Seeking reelection as coroners are: Robert A. Lehr, Jr., of Roselle Park; C. Wyllys Cass of Elizabeth and William H. Fredrickson, Jr., of Elizabeth, all Republicans. They are unopposed.

Union County voters will also elect a sheriff, a surrogate and a
