Mayor Daub served on the Zoning Board and the Board of Education before he was elected to the Borough Council in 1943. He was first elected mayor in 1944. He has been a member of the local fire department since 1928 and is a life member of the New Jersey Volunteer Firemen's Association and the New Jersey State Exempt Firemen's Association. He also serves on the Deputy Branch of Cranford Post 60, American Legion, for a dance and entertainment at the Cranford Armory on May 28, and to be selle Park Post 60, American Legion, for a dance at Scandia Hall on April 24.

A proclamation was issued by Mayor Daub setting this week as Easter Seal Week and urging local residents to support the annual polio fund drive. The Cranford Society for Crippled Children and Adults.

Building Inspector Louis B. Wessell's report for March showed nine permits issued for new valuations totaling $18,580.

Study Grade Crossing

through the borough.

Although expressing a hope that "maybe we can get somewhere on it" as a result of increased action on several fronts, the council president, who shared duties with Mayor L. Thomas Daub in conducting the meeting, pointed out that the several crossing removal projects now under way in Dunellen probably will not be completed until 1956, and that the PUC has indicated that Garwood must wait until the current projects have been finished.

Read at the meeting was a letter from Emmett T. Drew, secretary of the State Department of Public Utilities, reporting, in response to a query in a recent letter from the borough council, that there have been no additional appropriations for the grade crossing elimination fund since a previous allocation was made to the borough in his letter of September 29, 1953.

The PUC reported recently that it is possible the borough's next request may be started late in 1954 or early in 1955.

Council authorized requisitions for road materials for 1954 to low bidders as follows: Tar Asphalt Service, Inc., Linden, 4,000 gallons R.C. 2, $604, and 2,000 gallons, M.C. -1, $302; Joseph F. Hilton Company, Inc., Linden and Plant mix, $382.50; Fanwood Stone Crushing and Quarry Company, Fanwood, 1,000 tons of 3/8" crushed stone, $1,620; 200 tons of road stone, $440, and 40 tons of sand, $96.

Other bidders included North Jersey Quarry Company, Morristown; Lehigh Building Supply Company, Plainfield; Dunellen Sand, Gravel and Stone Company, Dunellen; Middlesex Sand and Gravel Company, Inc., Middlesex; and King Company, Whippany, and Rahway Valley Sewerage Authority, Rahway.

A resolution was passed appointing Lt. Colwell to serve as acting chief of police in the absence of Police Chief Fred Fellenzer, who is attending a course being given for chiefs of police at Rutgers University, New Brunswick. Lt. Colwell is scheduled to attend a course for administrative assistants at Rutgers next week.

Council approved Mayor Daub's appointment of Frank Packer, Sr., of 206 Cedar street, to serve as a special officer, in the capacity of school policeman, for the rest of the year.

Following granting of a permit to Bay Leaf Post 6807, Veterans of Foreign Wars, to hold a carnival from May 5 to 15, Councilman William H. Severage, former chairman of lawns and licenses, remarked that this marked the end of a three-year period during which permits have been granted alternately to interested local organizations and expressed the hope that this would be the last of such permits requested.

Councilman Severage said he hoped that the organizations would find other means of raising funds and that carnivals could be eliminated entirely in the borough.

A letter was received from the New Jersey Federation of Official Planning Boards requesting that the council reconsider and withdraw its resolution of March 23 in which the local governing body went on record as favoring Assembly Bill 158, which aims at eliminating a restriction preventing planning boards from creating streets over 50 feet in width.

The communication declared that the present Municipal Planning Act does not prevent municipal planning boards from creating streets over 50 feet in width if they already are included in a master plan or are shown on an official map. It said the board feels "we should live with the law for at least a year" before changes are made. The letter was referred to Borough Attorney Bernard Steiner for further interpretation.

Referred to the laws and ordinance committee for further study was a request from Bay Leaf Post 6807, VFW, for assistance in making plans for Memorial Day observances in the borough.

Thanks were granted to the Garwood Democratic Club for a dance and entertainment at the Garwood Armory on May 28, and to the Scandia Park Post 60, American Legion, for a dance at Scandia Hall on April 24.

Independence Hall, Congress-Hall, Carpenter's Hall, the Betsy Ross House and Valley Forge. Accompanying the group were Superintendent of Schools Lewis Laird, Teaching Principal Leola Dught, Mrs. Glena Crawford and Mrs. Dorothy Tearse. The class members gave a motion picture on Friday to help defray expenses for the trip.

Parents of eighth grade students visited Lincoln School last week and had interviews with Mrs. Esther Tonjes and Mr. Laird concerning the scholastic background of pupils desirous to enter Jonathan Dayton Regional High School in Springfield next September. The parents also discussed curriculum subjects with Mrs. Myrtle Christie and Mr. Dught.

Mrs. Tearse was in charge of the reception committee, which included the following students: Sandra Hopkins, Jane Korczynski, Joyce Liskovic, Jolene Ragonese and Margaret Materia, all of whom served in the afternoon, and Richard Kappy, Peter Morrison, Richard Lewis, Roger Munn, Joseph Rock, Angelo Lupino and James Thaine, who served in the evening. Mrs. Cecelia Jameson was in charge of refreshments.

Pupils of the sixth, seventh and eighth grades, accompanied by their teachers, went to Regional last Wednesday to see the senior play.

tional students registered, Mr. Kraus said. It has already been necessary, he pointed out, to use temporary quarters which had been marked for next September.

The school calendar, which closely follows the one to be used by Jonathan High School, was adopted by the board.

For a meeting April 27 of local citizens interested in the educational district, the Kenilworth board proposed that the agenda include a discussion of a cooperative school psychologist and the co-sponsoring of a remedial reading class.

Action was voted by Mrs. Burside instructors $2.50 per hour. An instructor for a child with multiple handicaps was approved.

A motion was approved requesting the health committee to consider setting up standard procedures in applying bedside instruction. Sydney Tylewski, health committee chairman, and Mrs. Murphy opposed the idea. They expressed the viewpoint that the medical inspector and the superintendent of schools should make the decisions based on the length of the illness and the child's educational development.

Mr. Murphy reported new contracts have been sent to all teachers not on tenure.

The board also adopted a policy of no paid programs for students during school hours. It ruled that no charge or contribution can be required for such a program.

William C. Smith, president, presided. All members were present.

WSCS Elects Mrs. Murphy

KENILWORTH — Mrs. Howard Murphy was elected president of the Women's Society of Christian Service of the Community Methodist Church Tuesday evening at a meeting at the church. She succeeds Mrs. Lynn Kramer.

any of these contests is the ballot-ing on "public necessary" raffles and raffles. Members of Kenilworth Post 2230, Veterans of Foreign Wars, and the Kenilworth Volunteer Fire Department are supporting the questions. At the general election in November Kenilworth voters approved an amendment to the State Constitution legalizing bingo and raffles by an overwhelming 1,058 to 359 margin. A similar response is expected in Tuesday's referendum in the absence of chance in Kenilworth.

The following unopposed candidates will be elected to the Democratic County Committee: First District — Raymond Hydenburgh and Mrs. Jeanne M. Woodruff. Second District —John Weber and Mrs. Helen E. Mutek; and Third District — Arnold Rago and Mrs. Cecilia Wickham.

A larger than normal vote is expected with local and county battles in both parties and the bingo and raffles questions to attract voters.

Brownie Troop Presents Easter Plants to Home

GARWOOD — Brownie Troop 55 presented Easter plants to deserted foster parents of the Brookside Nursing Home, Cranford. Members of the troop committee and leaders attending were Mrs. Richard B. Harper, Mrs. Robert Harris, Mrs. Roy Fitzsimmons, Mrs. Samuel Pafenroth and Mrs. Leo Liskovec.

Neighborhood 1 met recently in the Garwood Presbyterian Church basement to discuss day camp and the Memorial Day parade, in which member troops plan to participate. Hostesses at the meeting included Mrs. Fitzsimmons and Mrs. C. A. Galiszewski. Mrs. Clara Miller outlined details of a forthcoming cookie sale.

Named to Committee For Memorial Day

GARWOOD — Commander Edward Tripka, Anthony Regal and John Wolf will serve on a committee to assist in the observance of Memorial Day, it was announced at a meeting of Garwood Legion Post, 317, American Legion, at the Oakland House last week.

Approval for legalization of bingo here was urged at the meeting. The post voted to assist a State-wide committee to assist in the operation of a building application previously submitted by the Cranford Swimming Club, Inc., and the issuance of a new permit in the new location.

The proposed new location of the pool is on the northerly side of Springfield avenue at the Westfield-Cranford line.

The area at present has no residents within several thousand feet of it, Mayor Anderson said. "It is bounded on its largest side by park woodland. There can be no nuisance in view of the size restriction, and the question of public welfare because of traffic has been adequately answered.

"I do not believe there are any factors which we have overlooked, I shall vigorously support the necessary buildings in the construction details, and all available for examination in the municipal building," the mayor said.

The Cranford Swimming Club several weeks ago was granted a permit to construct a pool and accessory buildings in a three-acre tract of land at Cranford and Hazelwood avenues.

Although the proposed swimming pool, bathhouse buildings and parking area (in the Cranford and Hoskins avenue locations) did conform to the requirements imposed by the Township Committee when it granted the permit, the building inspector and the applicant, Mayor Anderson explained. Because of the crowded condition of the court calendar, it appears unlikely that this issue can be brought to trial at an early date, the court has refused also to dismiss the action, preferring a complete presentation of the case.

Under the circumstances, Mayor Anderson continued, "the association sought alternative locations which might make it possible to proceed with their project in time for its completion this year. The Township Committee believes that such action, subject to the safeguards which it imposed in the original permit, is neither an undesirable nor inappropriate but feels equally that no publicly-owned property can or should be made available for purchase by the association.

"Acting as private individuals, the board of directors of the swimming club were able to locate an area privately owned (at Springfield avenue and Kenilworth Boulevard), and commenced discussions with the owner, the Butts Realty Company, as to the possibility of purchasing the necessary three acres. The tract has been before the Planning Board and committee at various times over the past two years, and early in 1953 a map was accepted for Section 4 of the tract upon which a number of line homes have subsequently erected.

"Because of the irregular shape of the adjoining property, it was suggested to the owner that he

Trustees Hire Eight Teachers, Five for Elementary Classes

Eight teachers were hired by the Board of Education Tuesday evening for the 1954-55 school year beginning in September. Five of them will teach elementary classes, one is a kindergarten instructor, one will teach science in the seventh and eighth grades and the other is a home economics teacher.

It was announced that 14 new teachers are needed altogether. Three will be required to replace the teachers who will retire, four to succeed instructors appointed to the positions of principals and seven to teach new classes formed because of an expected increase in enrollment.

Among the new elementary class teachers is Mrs. Adelaide Nemortas, a graduate of Jersey City State Teachers College. Mrs. Nemortas has six years' experience, but has been out of teaching for three years. She has done substitute work in Cranford in the past.

Another new elementary teacher is Miss Lucy M. Hartnett, a graduate of St. Elizabeth College, Con-

Resignation Effective At End of School Year; Taught Here Since '30

Miss Mary Hoak, a second grade teacher in Cleveland School, informed the Board of Education Tuesday evening that she plans to retire at the end of the current school year.

Miss Hoak joined the system in 1930 and has taught first, second and third grades classes. During her long career, she taught at the old Grant School, Sherman School and in recent years in Cleveland School.

A graduate of Lancaster, Pa., High School, she held a teaching certificate from Millersville (Pa.) State Teachers College and bachelor and master's degrees from Teachers' College of Columbia University.

May Issue New Permit for Pool If Annexation Ordinance Passes

If the ordinance to annex a three-and-a-half-acre tract of land from Westfield is passed on first reading by the Township Committee Tuesday night and the Cranford Swimming Club, Inc., application sent yesterday, the committee will then decide whether or not withdrawal of a building application previously submitted by the Cranford Swimming Club, Inc., and the issuance of a new permit in the new location.

The proposed new location of the pool is on the northerly side of Springfield avenue at the Westfield-Cranford line.

"The area at present has no residents within several thousand feet of it," Mayor Anderson said. "It is bounded on its largest side by park woodland. There can be no nuisance in view of the size restriction, and the question of public welfare because of traffic has been adequately answered.

A total of $1,573, or approximately 39 percent of Cranford's quota of $4,000, has been raised here in the annual fund drive of the American Cancer Society, it was reported yesterday by Howard M. Siegel, treasurer.

Ernest C. McMahon, chairman of the drive, has urged townspeople to mail their contributions for cancer immediately to Mr. Siegel at 27 North Union avenue.

"Thus far, contributions have been received from less than 500 of Cranford's more than 5,000 homes," Mr. McMahon stated. "If every Cranford resident would respond every home, no matter how large or small the donation, this com-

Building Plan Study

Calvary Council Set To Submit Expansion Project to Members

A final study of preliminary building plans preparatory to submitting them into the congregation for action in May, will be made at a special meeting of the Church Council of Calvary Lutheran Church at 8 o'clock tonight.

The plans call for construction of a new Church School unit to include the Nursery, Beginners and Primary Departments. Also included are some structural changes in the present church to allow for improved worship and choir facilities.

To date these plans have been reviewed by the officers of all organizations, and many suggestions coming from these leaders have been incorporated into the plans as approved by the building plans and construction committee, headed by Bernard Schneider.

When construction is started, the Rev. Arnold J. Dahlquist, pastor, expects it will take only a few months to complete the building.

It was announced that Frederick Malchow will head a delegation from Garwood to the county convention in Rahway on June 18 and 19.

Delay Move On Districts

Trustees Say Decision On School Population Shifts Expected Soon

An expected decision on redistricting for elementary schools did not develop at Tuesday evening's meeting of the Board of Education.

In a statement to the press, the board said: "The board is postponed consideration of the staff's proposals for redistricting the elementary schools until it is ready to take final action on this matter within the next two weeks."

Seven residents from the southern section of the township inquired as to the board's plans on the matter. They were told that members of the board had just received the staff's recommendations and had not had time to study them thoroughly. Attending the session were: R. H. Gaffney of 8 MacArthur avenue, Joseph J. Trezza of 1 Oratan drive, J. N. O'Leary of 20 Algonquin drive, Glenn Montgomery of 27 Walnut avenue, Senior J. Battdorf of 13 Pershing avenue, Martin Dubmeyer of 22 Pershing avenue and Harold Dankel of 4 Cherokee road.

Read at the meeting was a letter from Mr. Trezza, chairman of the Lincoln School committee. The letter stated that at a recent meeting of persons participating in the bus plan a majority expressed a desire to attend the Walnut Avenue School. A division of the area covered by the bus plan (Quarry Acres, Woodside Manor and Columbia Manor) would increase transportation costs and make the administrative procedures more difficult, the letter stated.

At the March meeting of the board, Louis Troutman, superintendent, told Mr. Trezza, Mr. Dankel and Mr. O'Leary that it was likely a decision on the redistricting would be available by Tuesday's meeting.

Also attending the meeting were three students from the administrative practices class of Dr. Frank Sears, professor of education at Teachers' College of Columbia University. They were: Miss Pat Clark of Wichita, Kans., State, Miss Betty Horada of Hazel and Miss Ellen Helsel of Michigan. Miss Helsel told the board she was impressed by the way the board operated. The students have also visited several other school board meetings in the metropolitan area.

Mr. Troutman presided.

Conference On Alarm

Manufacturer's Agents To Determine Needs Of CD Alert System

Representatives of a New York City alarm company will visit Cranford tomorrow to determine the type of equipment and number of devices needed to give the township an adequate air raid warning system, Director Francis W. Forcman reported at a meeting of the Civilian Defense Council in the Municipal Building Monday night.

Director Foreman announced that he has requested Township Engineer Patrick J. Grall and Deputy CD Director G. H. Williams to accompany him on an inspection of the town with the alarm company representatives.

The CD siren may be sounded tomorrow afternoon to demonstrate the equipment for the Metropolitan area, Mr. Foreman said. He advised local residents that the 10- to 15-second blast will not be an official CD test.

Following the recent CD alert here, the local director issued a statement in which he described Cranford's one CD siren as "pitifully inadequate to warn the townspeople of any impending disaster."

At Monday's meeting a new ap-

Asks Parent Cooperation

Health Officer Urges Active Immunization Week Participation

Health Officer William P. Smith today issued an appeal to Cranford parents to cooperate in making a success of the observance here of Immunization Week, which starts Monday.

The annual observance is held under sponsorship of the Cranford Physicians' Club and the Board of Health. During the week, parents of young children are urged to take steps to see that they are protected, a g a i n s t diphtheria, whooping cough and smallpox.

Immunizations against these diseases is required by the Board of Education for children entering Cranford schools, unless a child is excused because of health or for other reasons.

As their part in the Immunization Week observance, members of the Cranford Physicians' Club will cooperate by immunizing without charge any child referred to them by the Board of Health or the Cranford Welfare Association in cases where the parents cannot afford to pay for the service.

Methodists to Lay Cornerstone

An invitation to all townspeople is extended cornerstone laying ceremonies for the new Methodist Church building at Walnut and Lincoln avenues at 3:30 p.m. today was announced today by the Rev. Albert Allinger, pastor.

Among those on the speakers' platform will be the Rev. Roland Leurich, district superintendent; Mayor Fred P. Andersen, and members of the Township Committee. Speakers also will include the Rev. Mr. Allinger, Dr. Homer J. Hall, chairman of the new building committee, and Harlon W. Drew, chairman of arrangements.

The work on the $225,000 colonial style brick building has been proceeding according to schedule as a result of favorable weather conditions, and it is hoped that it may be occupied by the congregation early in the fall, the pastor announced.

Dr. Franklin Duncombe, a former member of the local church who is now pastor of the Community Methodist Church of Balaswyn, Pa., will pronounce the benediction at Sunday ceremonies. The program will include trumpet selections by a group including Robert Pizzella, Arthur Kiamie and Richard Rebey, Cranford High School students, under the direction of and accompanied by Louis Haar, director of instrumental music at the school.

During the ceremonies, the names of all children in the Sunday School and of members of the church and its various organizations will be placed inside the cornerstone.

In the event of rain, the Rev. Mr. Allinger announced, ceremonies will be conducted in the present church sanctuary.

The new building, almost double the size of the present edifice on Walnut avenue, will seat 310 persons when completed. There will be seating room for 350 persons in the nave, and a balcony at the rear of the church and above the entrance hall will seat an additional 120. Provided in the chancel will be space for a choir of 40 voices.

The architectural firm of Prena and Taylor designed the edifice.

Bingo, Raffles Rejected; Name Incumbent, Dorian

Good Government Republicans won, but the anti-council committee battles in which they were engaged in Tuesday's Republican primary and are expected to have a minimum of 12 votes when the GOP municipal committee convenes Monday evening for its annual reorganization meeting.

There are 38 potential votes at the meeting. The GOP group has a vacancy in the fifteenth district, reducing the total to 35.

Mrs. Mary Jane Glovier, vice-chairman of the Union County Republican Committee and secretary and commissioner of the Union County Board of Elections, was the only organization Republican engaged in a contest to emerge victorious Tuesday. Mrs. Glovier defeated Mrs. Janice C. Brewer, Good Government Republican, 188 to 71, in the fifth district.

In the twelfth district, James E. McGovney, Good Government Republican, defeated Municipal Committeeman Edward C. McMahon, 142 to 87, and in the fifteenth district, Anne C. Graham, another Good Government Republican, won out over Margaret F. Shire, 166 to 75.

Chauncey Rudd, Good Government Republican, defeated Charles Bell in the fourteenth district, while James H. McAtee, Good Government Republican, won out over E. Clemens Portenoy in the sixteenth district. In the four-teenth district, Wilbert L. Wilson, another Good Government candidate, edged Walter J. Joseph J. Trezza of 1 Oratan drive, J. N. O'Leary of 20 Algonquin drive, Glenn Montgomery of 27 Walnut avenue, Senior J. Battdorf of 13 Pershing avenue, Martin Dubmeyer of 22 Pershing avenue and Harold Dankel of 4 Cherokee road.

Read at the meeting was a letter from Mr. Trezza, chairman of the Lincoln School committee. The letter stated that at a recent meeting of persons participating in the bus plan a majority expressed a desire to attend the Walnut Avenue School. A division of the area covered by the bus plan (Quarry Acres, Woodside Manor and Columbia Manor) would increase transportation costs and make the administrative procedures more difficult, the letter stated.

At the March meeting of the board, Louis Troutman, superintendent, told Mr. Trezza, Mr. Dankel and Mr. O'Leary that it was likely a decision on the redistricting would be available by Tuesday's meeting.

Also attending the meeting were three students from the administrative practices class of Dr. Frank Sears, professor of education at Teachers' College of Columbia University. They were: Miss Pat Clark of Wichita, Kans., State, Miss Betty Horada of Hazel and Miss Ellen Helsel of Michigan. Miss Helsel told the board she was impressed by the way the board operated. The students have also visited several other school board meetings in the metropolitan area.

Mr. Troutman presided.

Conference On Alarm

Manufacturer's Agents To Determine Needs Of CD Alert System

Representatives of a New York City alarm company will visit Cranford tomorrow to determine the type of equipment and number of devices needed to give the township an adequate air raid warning system, Director Francis W. Forcman reported at a meeting of the Civilian Defense Council in the Municipal Building Monday night.

Director Foreman announced that he has requested Township Engineer Patrick J. Grall and Deputy CD Director G. H. Williams to accompany him on an inspection of the town with the alarm company representatives.

The CD siren may be sounded tomorrow afternoon to demonstrate the equipment for the Metropolitan area, Mr. Foreman said. He advised local residents that the 10- to 15-second blast will not be an official CD test.

Following the recent CD alert here, the local director issued a statement in which he described Cranford's one CD siren as "pitifully inadequate to warn the townspeople of any impending disaster."

At Monday's meeting a new ap-

Rising Food Costs Reflected In Welfare Department Report

Rising food costs are reflected in the annual report of the Department of Public Welfare for 1953, as released this week by Director William P. Smith. Largest single expenditure was that of food, in which category $3,554.28 was expended during 1953, as compared with the 1952 total for this item of $1,588.63.

Total disbursements during 1953 were $4,830.50, or $2,000 more than in 1952, when 380 persons were given assistance. In 1952, disbursements totaled $4,832.67 in 107 cases in which 408 needy were assisted.

Of the 380 persons aided last year, 336 were given financial assistance, while during 1952 financial assistance went to 353.

Other relatively large items in the 1953 total were: Shelter, $685; clothing, $194.86; hospitalization, $111.03; medical supplies, $127.41, and utilities and household supplies, $85.55.

Director Smith pointed out that modification of the $4,830.54 total disbursement figure for 1953 by adjustments and reimbursements from—the—State—and—other—municipalities (including $1,632 from the State of New Jersey) brings the 1953 figure for net cost of relief down to $2,695.14.

With cash on hand to the department's credit totaling $1,703.08, and an appropriation of $3,500 from the township, the department's balance as of December 31, 1953, was $2,307.94.

The director reports that the principal reason for requesting public assistance during the year was illness.

"The chronic disease problem," he relates, "is greatest among those economic groups which are least able to bear its costs in medical care, immediate wage losses and permanent invalidism.

"The second reason," the report continues, "is insufficient income due to attending school, temporary shut-downs of plants and seasonal employment. Inadequacy of training and lack of intelligence while comprising a small number of individuals, is those without a standard of social value. The immediate members of their families must be supplied with the essentials of life while our appeal is made to the courts.

"Two-thirds of all cases required full support and one-third were in need of supplemental assist

Lt. Ken Reck Visits Korean Graduation

Lieut. Ken Reck, son of A. F. Reck of 27 West Holly street, was one of two Americans who were guests of honor recently at a sixth grade graduation ceremony in Korea. They were presented by the 548th Ordnance Co— Battalion Headquarters, tells of the graduation exercises in a letter to his father.

"Today again was mother first for me. The chaplain stopped in my office this morning and said that the Sung Su School, that is the school we are building the new school house for, was going to have its first 6th grade graduation. He said he was going and he wanted me to go along. The graduation was held in the First Presbyterian Church of Chuncheon for that is the sponsor of the school. The church is a wooden structure about 35 ft. long and 25 ft. wide. The floor inside was raised up about 1 ft. off the ground and as we went in, we had to take our shoes off and proceed in stocking feet.

"The room was filled with about 250 children and grown-ups. The pastor met us at the door and shook our hands and said, through our interpreter, he was glad to see us and happy we could come. He then escorted us to the front of the room where there was a speaker's stand and behind it three large type chairs —over to one side was a bench. We were escorted to the large chairs and asked to be seated. The pastor and assistant pastor sat on the bench and later were joined by the President of the Chuncheon Board of Education. In the third big chair sat the Police Chief of Chuncheon, a very honored guest. The principal of the school stood at the speakers stand and was more or less the M.C. As we came in, two school children pinned a paper flower on me —one that they had made in school.

"Well, the program started and they opened with a prayer from Pastor Pak the minister of the church. Then everyone joined in a song. Boy, these Koreans can really sing; they sing both loud and good. After the song everyone was seated—not on chairs but on the floor—they don't sit on chairs. The only chairs were in front. By this time my feet were cold, after all we didn't have shoes on.

"The principal addressed the gathering and then called each graduate up to receive his diploma. Each child came forward, bowed, then received his diploma and shook hands with the principal. There were 72 graduates.

"As the children were coming up for their diplomas, I looked around to see what was there and what was going on. The things I saw I think will interest you. First over to my left was the Chair. It consisted of six 15 year old Korean girls that were at the age where they think they are glamour girls and too old for this sort of stuff.

"Then over to the left in the front row were about 15 kids that were six years old and either just starting to school or about to. To them this was really a great thing—and their eyes really lit up watching the children get their diplomas. In the middle and towards the back were the children from the middle grades; they did most of the clapping. In the rear were the parents, not too many of them and most of them women. Three of the women had their babies tied on their backs. One of them was nursing off its mother while the service was on and also near the back door a woman was nursing her baby—it is a very common sight in Korea, they nurse their children anytime. The women in the back were stretching their necks to see when their children got their diplomas. At the completion of this the President of the Board gave out 12 honor certificates to the honor students.

"When he had completed the pastor got up and began to speak. I leaned over to my interpreter and asked him what the man was saying and he said he was talking about the chaplain and me—so I leaned over to the chaplain and said, 'Hey they're talking about us.' Just then they stopped and turned to the chaplain and asked him to say a few words. He rose and spoke to them through the interpreter. He finished and then the pastor rose and began to speak and look toward us both—then from the rear two small children came forward each carrying a box about the size of a camera case and they presented one to me and one to the chaplain.

"I was really surprised. I never anticipated this and furthermore the box was heavy and I just couldn't figure what was in it. After they presented the gift they asked me to say a few words, so through the interpreter I did. It is a very funny feeling to speak to a group of people who speak a different language. But it was interesting. At the completion of the ceremony we left and went back to Battalion. When we got here I could hardly wait to open the present.

"I will tell you it is beautiful—it is a solid brass coffee set. It consists of a tray, coffee pot, cream and sugar bowl, and two cups all inside our of solid nickel plated brass. It was made right in Seoul and costs about $25. This to a Korean is three weeks' salary, because a well paid Korean makes at the most 5000 whan, which is $32. G.I. dollars. So you can see it set them back quite a bit. But I was thrilled and surprised to receive it."

Brownies Plan Dinner

The Brownies and Girl Scouts of St. Michael's Church will conduct a mother-daughter dinner Monday at 6:30 p.m. at the school for that is the sponsor of the school. Girl Scouts Aid Women At Preserve

Taking advantage of the fine weather Tuesday and yesterday as well as the vacation from school, members of two Girl Scout troops assisted the Crane's Ford Gardeners in preparing the wildflower preserve and bird sanctuary at the Brookside Place School site. Troop 46 assisted on Tuesday and Troop 17 yesterday.

Along with clearing and burning brush, Troop 46 transplanted a number of flowers from an area soon to be destroyed. In aiding the garden club, the group worked toward first class rank in scouting and enjoyed a cookout luncheon as well. Mrs. Irva Kerzman, troop leader, was assisted by Mrs. James Slocum.

Girl Scouts participating were Maty Beckett, Janet Colburn, Diana DeLange, Lucy Halton, Bonnie Kerzman, Carol Shirp, Pamela May, Margaret Milricker, Susan Osborne, Janet Ray, Rita Reeves, Jean Slocum, Bette Swackhammer and Virginia Warner.

The Fawns, Chipmunks, Bay Bees and Skunks patrols of Troop 17 combined a day of work with an outdoor cookout and worked toward their second class ranks by assisting the gardeners with their community project. The girls cut, removed and burned brush from the wooded area on Spruce street.

As part of a conservation program, the girls transplanted a number of dogtooth violets to an area within the preserve.

More than 25 Girl Scouts participated in the program under the direction of Mrs. Francis Boettger, troop leader, assisted by Mrs. Edward Terrell, Mrs. R. Sorensen, Mrs. Russell Ash and Mrs. James Christensen.

Mrs. Henry A. Deiering and Mrs. Arthur Houseknecht of the Crane's Fords Gardeners were also present.

School Principal Makes Mental Health Plea

A strong plea for service clubs to understand and support the mental health program was made Tuesday night by John H. Lepreati, Jr., principal of Calvin Coolidge School, Hillside, in a talk before the Cranford Lions Club in the Coach and Four Restaurant.

Mr. Lepreati, Jr., vice-chairman of the Union County Mental Health Association and a member of the Governor's Committee on Youth Welfare, pointed out that mental illness requires more hospital beds than heart, cancer and tuberculosis combined.

President Roy K. Scheller presided.

Harvey Could Happen to You At Sherlock Hall Next Week

By LINDA HERMAN

Harvey has happened to a great many people! But it took playwright Mary Chase, with a proper regard for Pookas, and her friend Elwood P. Dowd to make people believe in him. Harvey, as everyone must know by now, is the unseen white rabbit of the comedy hit "Harvey," which will be presented by the Cranford Dramatic Club under the direction of Helen Hoffman on the nights of April 29, 30 and May 1. The production will be given at Sherlock Hall, and April 30 will be Kiwanis Benefit Night.

Elwood P. Dowd, played by Bob Fast, is the beguiling gentleman whose best friend is Mr. Harvey. While Harvey likes everyone, he is especially fond of middle-aged ladies who are a little discouraged. He things that young people are so sure of themselves that they don't need a six-foot-one-and-a-half-inch rabbit as a friend.

The story of "Harvey," which combines comedy and whimsey, begins late one night when Fast, wood returning from a party, discovers all six-feet-one-and-a-half-inches of white rabbit leaning against a lamp post. Of course Harvey, for that was the rabbit's name, spoke to Elwood, and from then on they became fast friends. We pair frequently meeting at Charlie's Bar, where they enjoyed exchanging confidences and meeting new people.

The trouble really begins when Elwood brings Harvey home to live with his sister, Veta Louise, played by Irene Carrier, and her daughter, Myrtle Mae Simmons, played by Barbara Clancy. When Elwood insists that Harvey be introduced at tea parties, where there can be pretty unimaginative about Harvey's existence, Veta Louise thinks that Elwood should be locked up, but then she sees Harvey herself and everything happens next!

Rankin Bullard is the famous psychologist, Dr. Chumley, who after an evening with Harvey begins himself slightly befuddled. Also seen in humorous roles are Vi Christensen as Nurse Kelly, Ray Winkler as Dr. Sanderson and Russ Herman as Wilson, the sanitarium attendant who has his troubles with the unwilling patients. Polly Gruber, Nan Kaplan, Jean Winkler, Bob Berg and Larry Newbert also add to the fun. "Harvey" one of the funniest plays presented by the Cranford Dramatic Club.

Miss Carla Niedrach, a hostess with the Eastern Airlines, visited her parents, Mr. and Mrs. Frederick Niedrach of 8 Central avenue, over the week-end. She has returned to her base field at Miami, Fla. She recently did education and promotional work for the airline at Mt. Ida College, Newton Center, Mass., and Cranford High School. She attended both schools.

Mental Hygiene Clinic Aided 15 Local Citizens Last Year

(ED. NOTE: This is the first in a series of articles by the Cranford Citizens' Committee for Mental Health aimed at acquainting Cranford citizens with the need for their support in maintaining a contributing membership in the Mental Hygiene Society of Union County.)

Cool green walls, crisp white curtains, a pair of chintz covered chairs, and a couch for children to climb on, to cuddle on, to play on in the Mental Hygiene Clinic of Union County.

Dr. Schaefer's office is but one of the clinic's pleasantly decorated rooms, located on the second floor of the Plainfield National Bank Building at 111 Front street, where during the past year a total of 411 patients received consultation and treatment for a wide variety of emotional disturbances. Of this number, 15 were also involved Cranford residents.

An interview with Dr. Schaefer arranged to acquaint the people of Cranford, who will shortly be called upon to support the Mental Health Fund Drive, with the procedure involved in getting help for their problems, and the clinic's staff. A series of questions considered by the Cranford Committee for Mental Health to be of general interest were submitted to Dr. Schaefer and his questions and their answers follow:

Q. Who can seek the aid of the Mental Hygiene Clinic, and what is its cost?

A. "Anyone. For contributing committee funds there is a graduated fee scale based on ability to pay may reduce the payment as little as $2.50 an hour for service. However, the full cost of treatment may exceed $20 weekly for one adult, to $20-25 for a family group—is paid by those able to afford it.

Q. What are the psychiatric cases that come into the picture?

A. "After the testing period, those individuals who want to continue, come once weekly for 45 minutes to an hour. Cranford people will talk about his feelings,' his fears, his memories. These sessions are designed to give him a better undegstanding of one's self, with the intention of using this understanding to change. The duration of treatment is determined by the severity of the case, but generally one year is required."

Q. What kinds of cranford people make up three percent of the total case load the year as compared to 25 percent of Plainfield for instance. This was based on Cranford's contribution to the clinic. In the future, the more money Cranford collects, the more services it will be able to get.

A. Last year ago you may recall, we were temporarily unable to accept any new Cranford cases because of a lag in public support. These cases known as CRAVIA became interested and through their generous donations we were able to restore our service.

"We have a very fine relationship with the Cranford schools' psychologist, Mrs. Hansen, and she has already led to more referrals. It is safe to conclude that with the increasing number of Cranford applicants, future demands on the clinic will be greater.

The scope of the clinic (with its technical staff of two psychiatrists, three psychiatric social workers and a psychologist) ranges from accompanying people with vague disturbances such as job dissatisfaction or unwillingness to face the truth about a retarded child, to more complex mental illnesses. However, Dr. Schaefer was particularly anxious to talk about the human, everyday problems besetting the average citizen.

"If we could remove the element of 'shame' from people unwilling to admit that they have emotional disturbances," she said, "our work would be simpler and more effective. Perhaps we are beginning to do so. Maybe we should remove the word 'mental' from our title — call ourselves 'personality consultants,' or something similar. The truth is, at some time in our lives almost everyone needs emotional guidance from an outside source."

Dr. Schaefer, an attractive, soft-spoken woman with a warm, quick-to-come smile, has headed the clinic's staff for the past seven years and is well experienced. Formerly from Summit, she now commutes four days weekly from Philadelphia beginning at 8:30 a.m. with her husband, an airlines executive, and their two children.

(Next week: How the Cranford Schools participate in the Mental Hygiene Society's program.)

Safety Classes At UJC See Braking Tests

Tests of reaction time and stopping distances were conducted in Central avenue Tuesday morning.

The program was conducted for 130 students of the first aid and safety classes at Union Junior College. It was sponsored by the Cranford Police Department, the college, the New Jersey Automobile Club, the New Jersey State Safety Council and the Cranford Kiwanis Club.

C. Stewart Mead, education consultant for the automobile club, told the students that women make up 29 percent of the licensed drivers in this country, but are involved in only nine percent of the accidents. He pointed out that when a car is going over 60 miles an hour it takes a distance of almost a quarter of a mile to stop the vehicle.

Also participating in the tests were Dr. Nat O. Schneider of the safety council and Police Chief William Fischer and Lt. George L. Rosendale of the Cranford Police Department. The police blocked off Central avenue between Springfield avenue and Eastman street for the test.

License Revoked

George E. Wooley, 19 years old, of 68 Centennial avenue, has had his driver's license revoked for one year by Motor Vehicle Director William J. Dearden under the point system. The local youth has four speeding and one red light violation against his record. Sixty-six driver's licenses were revoked today by the director.

Girl Scout Troop 50 Holds Theatre Party

Girl Scout Troop 50 under the leadership of Mrs. Arthur Kightlinger, Mrs. R. L. Davis and Mrs. Fred Loeloff held a theatre party at the Paper Mill Playhouse, Millburn, last Thursday afternoon.

The 37 scouts, leaders and members of their families enjoyed dinner after the show. The affair was a treat rewarding the girls for their work in selling Girl Scout cookies.

Television Changing Reading Habits, Librarian Tells VIA

Television has had a great deal of effect on the reading habits of Cranford residents, Mrs. Harold Haagensen told the Village Improvement Association at a meeting Tuesday afternoon in Sherlock Hall. Mrs. Haagensen has been with the Cranford Public Library for 22 years and has been librarian for the past 14 years.

Recent surveys showed, she said, that for four hours and fifteen minutes each evening the television set is turned on. Women spend an average of 12.9 hours a week looking at television; men average 13.1 hours and children from 8.5 to 11.7 hours, depending on their age. Television has not affected children's reading habits as much as it has adults'.

The local librarian also spoke of the new trend in reading. She said that the feeling of insecurity which has developed as a result of two wars, a depression and the atomic age has given people a feeling of religion. Books with a religious background, the uplifting type, have skyrocketed in popularity and are in constant demand. Science fiction is also popular. The old type herd doesn't satisfy today's reader. They want people who are actually doing things today, she said.

Mrs. Haagensen also discussed the following best sellers: "Not As a Stranger" by Morton Thompson; "Sayonara" by James Michener; "Forty Plus and Fancy Free" by Emily Kimbrough; "Bhowani Junction"; "Royal Family" by Pierre Berton and "Rainbow on the Road" by Esther Forbes.

Mrs. W. K. Frederick, chairman of nominating committee, submitted the following slate of officers: President, Mrs. William Gobas; first vice-president, Mrs. Sidney Nunn; second vice-president, Mrs. J. T. Klein; recording secretary, Mrs. Robert Allen; corresponding secretary, Mrs. James Wetherby; assistant treasurer, Mrs. William Klein; and auditor, Mrs. C. Hasbrouck.

A resolution approving President Eisenhower's atomic energy control plan was approved. This resolution is being voted on by all clubs of the General Federation of Women's Clubs. If adopted, copies will be sent to the president, the Senate and the House of Representatives.

Mrs. Walter Chapman, garden department chairman, announced that the department will visit the estate of Pierre du Pont, Longwood Gardens, Pa., on May 5. Cars will leave the south side of the station at 8 a.m.

A contribution of three dollars was voted to the Fifth District Drama Festival Fund to purchase trophies to be awarded winners in the annual drama festival.

Mrs. Joseph Babinec, chairman of American home department, reported that the group would meet on May 10 at the home of Mrs. Carl Sahn in Cedarcroft. Mrs. C. G. Kemp of Rahway will speak on "Wills and Inheritance Taxes." A covered dish luncheon will also be served.

Mrs. Robert Laier, Sr., was chairman of the tea committee. She was assisted by: Mrs. W. S. Bishop, Mrs. C. Crouch, Mrs. Sumner Darrow, Mrs. Alva Dunbaden, Mrs. F. C. Fyke, Mrs. Milton Koos, Mrs. Elmer Koyen, Mrs. Alice Long, Mrs. A. MacPherson, Mrs. M. J. Seavy, Mrs. Harold Young, Mrs. Herbert McCullough, Mrs. Anna Roessing, Mrs. Isaac Thomas and Mrs. August Thermann.

TED MUNDAY

Ted Munday Wins Eagle

Presented Award At Parents' Meeting Of Scout Troop 79

Theodore Munday, son of Mr. and Mrs. John Chipman Munday of 19 Hamilton avenue, received the Eagle award, the highest in scouting, Tuesday evening at a parents' night meeting of Boy Scout troop 79 at the First Presbyterian church.

The presentation was made by District Commissioner Robert E. Smith, holder of the Silver Beaver, who was assisted by the Rev. Robert G. Longaker, pastor of the First Presbyterian Church; Scoutmasters Joseph D. Robinson and C. V. Rosenvarntz, Explorer Advisor Albert M. Gessler and Eagle Scouts Rudi Metzner and Bill Bucher. After receiving his award Ted pinned a miniature eagle on his mother.

Another highlight of the meeting was the presentation of bronze palms to Bill Bucher and Rudi Metzner by Mr. Robinson and Mr. Gessler.

Ted joined Troop 79 October 1949, and became Star Scout in 1951 and Life Scout in 1952. He has served the troop as Senior Patrol Leader and Explorer Crew Leader, and is now Junior Assistant Scoutmaster. Last year he received the Scoutmaster's Award for outstanding service.

He attended the National Jamboree at Valley Forge, Pa., in 1950 and at Santa Anna, Cal., in 1953. He served as treasurer and scribe of Jamboree Troop 22, and wrote a series of articles for the Cranford Citizen and Chronicle on the experiences of Cranford scouts at the Jamboree. Chairman of the Order of the Arrow, an organization of experienced scout campers, and is the secretary for the Arrow Lodge of Union County.

At the Court of Honor, the following scouts advanced in rank: Star scouts—James Williams, Larry Bucher and Bob Ramshaw; first class—Bruce Brumfield, Kenneth Doktor, Gary Dorian, Art Williams and Pete Pender; second class—Carl Harbaugh, Jeremy Johnson, Frank Story and Pete Metzner.

Management Society Elects Walsh Member

William J. Walsh of 123 Mohawk drive, chief draftsman, Airco Equipment Manufacturing Division, Air Reduction Company, Union, was elected to membership in the Northern New Jersey Chapter, Society for Advancement of Management, Newark, it was announced today.

The Newark chapter, with more than 400 executives from the Essex-Union area, is the largest of 60 chapters in the United States.

A native of Jersey City, Mr. Walsh attended Stevens Institute of Technology, Babcock, and Polytechnic Institute of Brooklyn, where he studied mechanical engineering and metallurgy, and was graduated from St. Peter's College, Jersey City, with a B.S. degree in business administration.

Unveil Rahway Plaque to Mark Site of Nation's First Mint

History was officially corrected in New Jersey Tuesday when Governor Robert E. Meyner and his mother officiated at ceremonies at Koos Bros., Rahway, which officially recognized "the south side of the Rahway River" as the site where, in 1786, privately owned mints ground out the first coins in the nation to bear the national legend "E Pluribus Unum."

With more than 300 persons attending, including local county and state representatives, Charles Koos, president of the home furnishings mart, which now occupies the site, said: "I would be less than frank if I don't acknowledge that we at Koos were proud to learn not too long ago that our establishment was to become a historic landmark. We are happy," he continued, "that this lovely town of Rahway has gained another point of public interest."

The affair was sponsored by the State Department of Conservation and Economic Development and Charles S. Erdman, Jr., commissioner, served as master of ceremonies. Commissioner Erdman introduced Mrs. Sophia Meyner, who unveiled the bronze plaque which read: "First Mint Site—by Daniel Marsh's Great Mill on this site, the first New Jersey Horse Head Coppers were minted (1786). Here the first authorized coin to bear the legend 'E Pluribus Unum.'" Mrs. Meyner was presented a bouquet of flowers by Miss Charle Koos.

Charles Stapp, executive vice-president of Koos Bros., presented to Mrs. Olga C. Atkins, supervisor of Historic Sites Division of the state agency, one of the original coins minted on the Rahway site.

In introducing Mr. Stapp, Commissioner Erdman said: "There are 132 markers in this state, commemorating historical events. This is the 133rd marker."

Boy Scout Trailer Blessing Scheduled Prior to Camp Trip

Prior to its use on a week-end trip to Surprise Lake on Friday, the trailer of Boy Scout Troop 78, which was recently renovated, will be blessed by the Rev. Matt Dooley, assistant pastor of St. Michael's Church. The ceremony will take place at 5:30 p.m. tomorrow in front of the church.

Plans for the trip were made at a meeting of the Troop Committee last week at the home of Joseph F. Carroll of 515 Orchard street. Arrangements were also discussed for a Court of Honor on May 17.

The committee announced receipt of word from Union Council that a review of the records revealed Troop 78 is entitled to its Red Star Award.

At a recent meeting of the troop Fred Ahr, Jr., son of Mr. and Mrs. Fred Ahr of 100 Cotton avenue, was elected to the order of the Arrow. He is a member of the newly-formed Explorer unit of Troop 78.

The next meeting of the troop committee will be held at the home of George D. Gillen of 220 Centre avenue on May 11.

Tipsy Driver Guilty Plea Filed by Proxy

After a guilty plea had been entered on his behalf by his cousin, Albert Carrito, 20, of Jersey City, who filed $200 and assessed $20 doctor's fees and $5 court costs on a drunken driving charge by Magistrate Charles J. Stevens in Municipal Court Tuesday night. The cousin, Raymond Carrito, also of Jersey City, told the court the defendant was confined to a hospital.

Albert Carrito was arrested at 12:15 a.m. April 5 by Lt. Thomas H. Woods on North Union avenue near North avenue. Passersby had reported noticing an apparently intoxicated man driving west on North avenue, east, and later in Riverside drive. The Jersey City man, reported by Lt. Woods to have been driving erratically, when he followed him in a police car from Springfield avenue to the point of arrest, was pronounced intoxicated by Dr. Abraham Thaler.

Overcome by Fumes

Overcome when a gas leak developed in a refrigerator in her home Tuesday night, Mrs. Raymond R. Estes of 6 Lenholm drive was revived by police and firemen, who administered oxygen pending arrival of Dr. Abraham Thaler. The refrigerator was carried out of the house by Sgt. Harry Page and Patrolmen Roy Brinkerhoff and Albert Grickowski.

Ruth Martin's MENU SECRETS from LOOK Magazine's Dream Kitchen

Try baking the first asparagus of spring, as suggested by LOOK Magazine, and serve it with their easy Hollandaise sauce.

BAKED ASPARAGUS: Trim and clean 1 lb. tips and place in a casserole; add 1 table spoons each of water, butter, ½ teaspoon salt, 1 over tightly and bake in a moderate oven, 30 minutes.

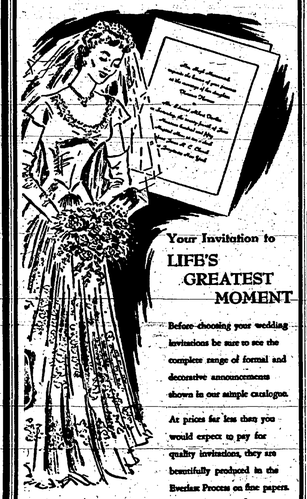

EASY HOLLANDAISE SAUCE: Use a gentle hand and low heat and you can cook Hollandaise this easy way. Place in small, cold heavy pan: 1 bar of butter or margarine (¼ pound), 2 egg yolks, 1 tablespoon lemon juice, pinch each of salt and cayenne pepper. Set bowl of hot water in pan, stirring constantly and gently, until butter melts and mixture is smooth and thick. Remove from heat immediately. This may be refrigerated and reheated in a double boiler. If Hollandaise curdles, beat in 1 or 2 tablespoons boiling water.

to 8,841 for Mr. Lowden. Running third in the seven-man field was Guy G. Gabrielson, Jr., of Summit, who was supported by the Young Republicans. He received 7,238 votes in his first bid for public office.

Horace Baker of Westfield, former county chairman, ran fourth with 6,383 votes followed by Robert T. Walsh of Elizabeth with 4,817, Matthews of Summit with 2,248 and Fred T. Haney of Roselle with 1,686.

The tally in the freeholder race was as follows: Carr, 21,203; Mackey, 21,995; Bailey, 20,373; Mrs. Scheidelor, 19,358; Daub, 18,833; and Eugene F. Daly of Summit, 13,606.

Mr. Gabrielson gained the most votes from the absentee ballots, 49, while Mr. Carr was high with 110 among the freeholder aspirants.

Former Rep. Clifford P. Case of Rahway, who was unopposed for the Republican nomination for the U. S. Senate, topped the Republican ticket. He polled 37,469 votes.

Rep. Harrison A. Williams, Jr., of Plainfield, who also was unopposed for renomination, received 18,385 Democratic votes to top his party's vote-getters.

Preliminary figures indicated that 40,737 Republicans and 22,012 Democrats went to the polls.

Cranford appears to be the strongest town in the county for the Good Government Republicans, where they won five out of six races. Throughout the county, the Good Government forces won in their first campaign test in 15 of 27 battles.

The battle between the Good Government Republicans and the forces led by Freeholder Albert J. Benninger may come to a head Tuesday evening when the Union County Republican Committee reorganizes. County Chairman Charles Beardsley of Springfield and Mrs. Mary Jane Glovier of Cranford, first vice chairman, are allied with the Benninger organization.

cases of whooping cough. In 1948 the community took action through the Parent-Teacher Associations, the medical departments of the schools, the Cranford Welfare Association, Cranford physicians and the Board of Health. Results were seen between 1948 and 1953, when there were only 51 cases of whooping cough, one reported in 1953.

"These results," Mr. Smith said, are even to be even more striking when it is considered that there were 1,859 births here from 1942 to 1947, and 2,425 births in the period of 1948 to 1953 inclusive. He added that our population rose from 12,860 in 1940 to 18,708 in 1950 and continues to rise steadily.

"If we had not started on an intensive campaign to control these diseases," he said, "many more cases would have occurred. Continuous control can succeed, but only through continued community effort."

talization, gifts, free shelter and other items."

With regard to the aid of local physicians in welfare cases, the report reads:

"We appreciate the excellent service of Cranford physicians in keeping our medical case costs low by treating all persons recommended by the director of welfare without charge. They have responded to all our requests by office appointments or home visits without question. We sincerely thank the physicians of Cranford for their interest in the individuals aided by the Welfare Department."

Other credits for aid in the department's work are given in the report to Mayor Fred P. Anderson and members of the Township Committee as follows:

"We wish to thank the members of the Local Assistance Board who are responsible for the expenditures and services of the department. We have enjoyed their confidence and cooperation.

"The Cranford Physicians' Club has continued to give medical care to our citizens on the recommendation of the director of welfare without charge. They have prolonged the life of several of our people and in all cases made them more comfortable.

"Our partnership with the Cranford Welfare Association has developed a program of cooperation and coordination that many times has prevented the need for public assistance. Overlapping of services is prevented by constant reporting between agencies and conferences. We also acknowledge and appreciate the services of the many other private and public agencies concerned with health and welfare problems. Dependency can be prevented by all community agencies working together.

"We also wish to thank the mayor and members of the Township Committee for making the necessary funds available."

Study of the report figures as prepared by Director Smith and Mrs. Margaret R. Beggs, clerk of the department, reveals that the largest number of cases was handled last April, with welfare expenditures that month totaling $572.76 in 12 cases. Greatest expenditure for any one month in the year occurred in December when $596.34 was spent on seven cases.

Totals by months for 1953 are listed as follows: January, 8 cases, $457.88; February, 9 cases, $371.74; March, 11 cases, $487.37; April, 12 cases, $572.76; May, 8 cases, $472.58; June, 7 cases, $408.62; July, 8 cases, $224.72; August, 7 cases, $252.88; September, 6 cases, $167.80; October, 5 cases, $282.82; November, 6 cases, $535.45, and December, 7 cases, $596.34.

In introducing his report, Director Smith points out that only a small part of the activities of his department can be evaluated statistically or in a physical manner.

"What has been accomplished in rehabilitation, the prevention of delinquency, improving the health of our clients and restoring individuals to their capacity of employment cannot be reported in a tangible method," the introduction reads. "The resources of the person served and those available in our community and county have been used to the best of our ability."

Members of the Local Assistance Board are: Frank T. Whitty, chairman; Mrs. Florine Beardsley, Harry R. Helm, Henry W. Whipple and Mrs. G. E. Thurston.

vent Station. She has had 10 years' experience. Also joining the elementary school faculty will be Miss Dorothy Frantin, who is a graduate of Newark State Teachers College and has one year's experience, and Mrs. Vivian Pfeil, who holds a bachelor of arts degree from the National College of Education, Evanston, Ill. She also attended Michigan University, Ann Arbor, Mich, for two years.

Returning to the Cranford school system is Mrs. Cora Leonard. She also will be assigned to an elementary class. Mrs. Leonard resigned in 1944.

Also returning to teach here is Mrs. Jeanne Saunders, who will be assigned to a kindergarten. After four years in the local school system, she resigned to enter the armed forces during the war. Since then she has spent two years teaching in Aruba, Dutch W. I.

A graduate of Union Junior College and Western College, Oxford, O., Miss Laura M. Houts was hired to teach science in the junior high school. She has had one year's experience.

The new home economics instructor is Mrs. Ruth Lund, who is a graduate of Framingham Teachers College, Mass.

In other business, the board received a request from the Winfield Board of Education to take high school students on a tuition basis in September of 1955. The board requested Mrs. Walter J. Conley, attendance committee chairman, to inform the Winfield Board of Education that Cranford would be unable to accept the students because of a possible shortage of classroom space in Cranford at that time. However, the board said it appreciates Winfield's problem.

The Winfield trustees reported that they will not be able to send pupils to Roselle Park High School in September of 1955, but they have received tentative approval for a junior high school which could handle the students in that year. About 60 pupils are involved. Before being sent to Roselle Park, the Winfield students attended Cranford High School.

proach to Civilian Defense in keeping with H-bomb developments was discussed by Mr. Foreman. He stated that residents can be adequately prepared only if they receive the best warning possible through use of an adequate alarm system.

The director added that too much emphasis cannot be placed on the need for an extensive educational program to keep residents up to date on all phases of Civilian Defense. He said that groups in the community desiring to have qualified persons discuss CD problems with them should get in touch with the council.

"We cannot defend ourselves and protect our loved ones unless we know what to do," he declared. Under the State CD control program, the director related, the CD program is to supplement existing agencies in the event of any unusual disaster or emergencies.

Next meeting of the council will be held in the Municipal Building on May 17.

Observation Post Appeals For Volunteers

Residents of the Cranford area have been urged by civil defense officials to volunteer as observers to man the Ground Observer Corps Observation Post in Eliza-

(Continued from page one)

At an emergency meeting last week, civil defense officials reported that 300 volunteer skywatchers are needed to adequately staff the station. Each observer is asked to give only two hours a week of his or her time.

T. C. Bothmann of 313 North avenue, east, is assistant chief observer of the Elizabeth Post and Alan H. Butler of 115 County Park drive is a regular observer, having been active during the last war at the Kenilworth Observation Post, which has been deactivated.

The Elizabeth Post, it was announced, will welcome volunteers from Cranford, Kenilworth and Garwood as well as Hillside, Roselle, Roselle Park, Union, Springfield, Linden, Winfield and Rahway. All interested persons should communicate with P. R. Bothmann, of 215 Beech street, who is in charge of the Ground Observer Corps in the Civil Defense, or with Mr. Bothmann.

In the past and at the present time, the U.S. Air Force and the Anti-aircraft defense system have been on a 24-hour alert here in the United States. Hundreds of states, which constitute this country's "air defense perimeter," fighter interceptors, anti-aircraft batteries and radar installations are manned and ready for a possible surprise attack around the clock. Radar alone, however, does not and cannot provide adequate warning under all possible contingencies, civil defense officials said.

"Our radar network, although good at medium and high altitudes, is not enough," a civil defense leader explained, "for hostile pilots could sneak in through low altitude gaps. Our only means of filling these gaps is by observers. Women and retired or semi-retired men are especially needed for the daylight hours."

• *Cranford Still Needs a New Town Hall*

Once again the question of a town building for Cranford has been raised.

The need for such a structure hasn't changed any since the public referendum was defeated two years ago. However, Public Safety Commissioner Clarence Fritz now feels the township should begin planning for such a building. He commented at a recent meeting of the Township Committee that plans should be started now for the construction of a new municipal building by 1960 when the new lease on the present "garage" expires.

Whether or not this is a better time to construct a municipal building than it was two years ago, is debatable, but the fact remains that Cranford needs one.

What the situation will be five years from now is difficult to determine, but Mr. Fritz is on the right track when he requests that planning begin right now. It might also be a good idea to appropriate funds for the project in each year's budget between next year and 1960 so that less money would have to be borrowed. Westfield found this method very valuable.

At any rate, the town will be wise to give serious consideration to all plans and suggestions, keeping in mind the importance of having a town building ready for use when the present lease expires in 1960.

• *Parents' Aid Vital to Immunization Program*

Next week has been set aside by the Cranford Physicians' Club and the Board of Health as Immunization Week, with the aim of getting Cranford parents to have their children protected against diphtheria, whooping cough and smallpox now, so that doctors may complete their schedules of injections prior to the summer months.

Efficacy of the immunization program locally is revealed in figures released by Health Officer William P. Smith with regard to whooping cough, the last of the three diseases mentioned to fall before concentrated community action. From 1942 to 1947 there were 340 cases of whooping cough here. In 1948 the community took action. As a result of a concentrated immunization program, between 1948 and 1953 there were only 51 cases of whooping cough, one reported in 1953.

Maintenance of this efficient control depends upon continued cooperation on the part of Cranford parents.

• *Harmony Prerequisite of GOP Victory*

With the primary election over but not forgotten, it is now time for all Republicans in Union County to get behind the winners to assure victory in the November General Election.

The Republicans have an excellent chance to regain some ground lost in last year's fateful election. This opportunity is enhanced with former Representative Clifford P. Case of Rahway leading the ticket as the party's United States Senate candidate.

Representative Harrison A. Williams, Jr., of Plainfield is acknowledged as a tough foe to defeat. Actually he has never stopped campaigning since his success last November, and he has made many friends. The Democrats also have a better-rounded freeholder slate than in past years.

All these points indicate the importance of all Republicans now throwing their weight behind the successful candidates if the county is to remain in the Republican fold. Only with this type harmony can victory be attained.

Letters to The Editor

4 Hillside Place,
Cranford, N. J.,
April 18, 1954

Editor, Citizen and Chronicle,
Cranford, N. J.

Dear Sir:

I would like to find out if there is an anti-smoke ordinance in Cranford and, if not, I believe we should have one enacted at once.

The summer will be here soon and, everywhere I turn I see people in their yard or on their porches to enjoy the sunshine. However, some of our residents have put an open fireplace within three feet of their neighbors' property lines. When the wind direction is away from their houses, they light their fires, probably without realizing that a few feet away their neighbors have been greatly annoyed. The neighbors have to run for shelter inside their homes and close the windows.

Therefore, I respectfully urge our Township Committee to take under consideration the adoption of an ordinance which would protect our residents from those overzealous exponents of the outdoor fireplace.

Respectfully yours,
Nicholas Philippa

Druzek Aids Drive For Recreation Leader

According to word received recently in Cranford, Nicholas Druzek, of Coral Gables, Fla., former member of the Cranford Police Department, wrote a series of articles which aided in gaining public support for a recreation director for Coral Gables.

A student in advertising and journalism at the University of Miami, Mr. Druzek is also a member of the staff of the "Riviera Times," for which he wrote the articles.

The purpose of the stories, it was pointed out, was to create interest and to put pressure on the city officials to appoint a new recreation director. The campaign, incidentally, was successful.

Wier Marks Fortieth Year At Bell Firm

Anthony J. Wier of Cherokee road, a member of the technical staff of Bell Telephone Laboratories, Murray Hill, yesterday celebrated the 40th anniversary of his service with the Bell System.

During his career with Bell Laboratories, Mr. Wier has specialized in the development of telephone transmission systems, most recently broad-band carrier telephone systems, used in our nationwide communications network. He has also done considerable engineering work on telegraph and toll telephone equipment. Before joining the Laboratories in 1928, Mr. Wier was associated for a number of years with the Western Electric Company in Chicago, Ill., and Kearny, and with the New York Telephone Company.

A native of Buffalo, Mr. Wier served with the A.E.F. during World War I and was stationed at the Army Ordnance Depot at Mehein, France, where he was concerned with the repair of fire control instruments.

Mr. Wier has always had a keen interest in the law, and in 1933, after compressing four years of high school, three years of preliminary college training and three years of law school into nine years of night school study, he received an LL.B. degree from New Jersey Law School. Upon retirement from the Bell System he is considering the practice of law.

Mr. and Mrs. Wier moved to Cranford from Westfield in 1947. Prior to 1945 they had made their home in Elizabeth for 18 years.

Their daughter, Loraine, is the wife of Mrs. M. Y. Tirrell, Jr., of Harmony, graduated from Battin High School, Elizabeth, and Williams and Mary College. Their second daughter, Virginia, now Mrs. C. A. Thompson of Pittsburgh, Pa., is a graduate of Roselle Park High School and Bucknell University. The Wiers also have two grandsons, Matthew V. Tirrell III, and David A. Tirrell.

Mr. Wier is a member of the First Presbyterian Church, the American Institute of Electrical Engineers, and the Frank B. Jewett Chapter of the Telephone Pioneers of America.

St. Michael's Corner

By JAMES F. WOODS

Remember the game of "Giant Steps"? You may have called it "May I?" In any case it's a game in which by means of giant steps, baby steps and medium steps a group of children move forward to a predetermined goal. The first to reach the goal is, of course, the winner. I forget what happens after that, but I think he becomes something like a boss, or leader for the next game or for the cornerstone. The public is invited to attend.

Operating a library like St. Michael's Corner reminds me of that game. As has been mentioned before in this column, our ultimate goal is a first-class Catholic information center. Our progress has been marked by a few giant steps and many baby steps. One of the truly hopeful aspects of our progress is that although the baby-step stage no one has lost sight of the goal or been noticeably discouraged by the snail's pace advance. Instead we're ready to take another giant step forward.

A committee has been formed and is hard at work securing sets, of pamphlets which will cover in capsule form the hundreds (yes hundreds) of subjects which fall into many general categories of the Catholic Theology, Liturgy and many others.

Some of the pamphlets have been catalogued and are now on display. They may be taken out on the same basis as any other book. New pamphlets will be added to the collection as rapidly as they can be secured and processed.

The project, however, does not end with the initial securing and cataloguing of a number of pamphlets. It's much bigger than that; it's a continuing project—a constant reviewing, screening and cataloguing of new and replacement material. It means keeping abreast with the latest issues of everything in pamphlet form. It's a job that requires vigilance, ingenuity and attention to detail. And it's being undertaken for YOU.

The success of the undertaking can be measured only in terms of how well these pamphlet racks are patronized. You can help make it a success by seeking the answers to your questions on Catholic teaching among these pamphlets. You can also help by telling us when you can't find the answer to your question. There is an answer and if we don't have it, we can get it.

The people in charge of this project must inevitably profit individually from a closer contact with the teachings of Holy Mother Church. In addition to this much-coveted but very personal reward they stand to gain a much richer one with your help. That one which God promises to those who "Go forth and teach all nations"—His lay apostolate.

CHRISTIAN SCIENCE CHURCH SERVICES

That unwavering obedience to the eternal demands of Christ is the only way to individual salvation and progress will be brought out at Christian Science services this Sunday.

The Lesson-Sermon entitled "Probation after Death" includes the following passage from the King James Version of the Bible: "Wherefore, my beloved, as ye have always obeyed, not as in my presence only, but now much

Thought for the Week

By the Reverend Albert Allinger, Cranford Methodist Church

"That I may know him and the power of his resurrection, and may share his sufferings, becoming like him in death, that if possible I may attain the resurrection from the dead."—Philippians 3:10, 11

Reflecting on the beauty, wonder, joy and transforming faith in our celebration of Easter, I wonder how we can apply its deeper meaning to the issues confronting us. These issues appear to be the newly discovered H-Bomb and a potential war in the Far East.

The only difference between these twentieth century issues and those of the first century is their enlarged proportions. The disciples of Jesus went out to conquer a world just as confused as ours in the use of force and violence. They decided to put up their swords and trust God's saving power of love revealed on Good Friday. With this they conquered and we are the living witness of it today. As Christians we believe that loving kindness is the only power which can overcome hate, subdue our enemies, and win them to friendship. What every Christian has been taught and every pulpit proclaimed as recently as last Sunday, we now have a chance to put to a test. The God who conquered death has not been made impotent by man's invention of horror weapons.

What puzzles me is that the much reviled "communist line" has now become the standard from which our foreign policy is taken. We read what is happening in Moscow and then shape a policy of resistance. The strategy of the Kremlin now comes from the New Testament, not the Near East. Even our atomic researchers are trying to outdo the "communist scientific line" in its latest dialectic materialistic weapon. Christ did not follow the "Roman line" but God's will. "To love the Lord thy God with all thy heart, and with all thy soul and with all thy mind, and they neighbor as thyself" are the first and second commandments. These are more realistic than fiction.

How can we reconcile the Easter message with war? We can't. Easter teaches faith in the goodness of God and man. Hate and fear vitiates both. Hate results in spiritual impoverishment. Fear leads to spiritual bankruptcy and comprehension. War relies on hell fire and brimstone of incalculable destruction.

Only ignoramuses or fools will gamble on the possibility of not using the latest bombs once war starts. A cold objective is imminent. This would mean the destruction of all, good and bad alike.

Is there an answer to our dilemma? It seems clear to me that we cannot teach "God-less people" a God fearing way by using their weapons. It will only confirm them in the rightness of their philosophy. These times call for extraordinary procedures as unprecedented as the crisis we are in. Let us declare our faith in the integrity of all men by ratifying the Charter of Human Rights of the United Nations. Let us announce a disarmament program and invite nations to make it universal. Let us yield the absolute sovereignty of treaty making to a Commission under a suggested revised Charter of the United Nations. Let us strengthen Point Four and appropriate equivalent funds to the amounts we are spending to maintain our present military program.

These alone will not bring peace, nor maintain it. But these would be steps in the direction of reconciling our Hallelujahs of Easter with the needs of our days. The time is short. This would mean the destruction of all, good and bad alike.

The Church of St. Anne, Garmore in my absence, work out your own salvation with fear and trembling" (Philippians 2:12).

From "Science and Health with Key to the Scriptures," by Mary Baker Eddy, the following passage will be read: Vibrating like a pendulum between sin and the hope of forgiveness — selfishness and sensuality causing constant retrogression—our moral progress will be slow. Waking to Christ's demand, mortals experience suffering. This causes them, even as drowning men, to make vigorous efforts to save themselves; and through Christ's precious love these efforts are crowned with success." (22:3).

The Golden Text is from Psalms: "Examine me, O Lord, and prove me; try my reins and my heart" (26:2).

Mrs. Veronica B. O'Shea, 31, of Summit, suffered lacerations of the forehead and the abasions of both knees and a possible fracture of the skull when the car she was driving was involved in an accident on the Garden State Parkway near Centennial avenue last Thursday evening.

A word of Advice About Fuel Oil

The way things look now, we think it's just good common-sense for you to be foresighted about your home heating.

To safeguard your family's comfort and health we suggest that you do this as soon as possible:

Be sure your fuel oil dealer is a well-established firm, with a reputation for taking care of its customers and—most important—with a source of supply in which you can place confidence.

We'll be glad to talk this over with you. We've been here in this business a long time. Our supplier of Mobilheat fuel oil—Socony-Vacuum—is one of the largest refiners of fuel oil in the world.

Geology Topic For Morning Club Tea Talk

"Unknown New Jersey" will be the subject of a talk by Forrest P. Dexter, professor of chemistry and geology at Union Junior College, during a philanthropic tea to be held by the Wednesday Morning Club at the home of Mrs. Lincoln Holroyd, 219 Central avenue, at 2 p.m. Wednesday.

Mr. Dexter's avocation is the geology of New Jersey, which he reports is a fertile field for study. A graduate of Massachusetts Institute of Technology and holder of a master's degree from Harvard University, he was employed by the Tide Water Oil Company as a research chemist but found teaching to be the field he preferred. During the summer he is nature director of Camp Kawanhee in Maine.

Proceeds from the tea will go to the Red Cross and Bonnie Brae Farm.

A talk on slip covers and floor coverings was presented by a representative of R. J. Keorke Company, Elizabeth, at a meeting of the American Home Department of the club at the home of Mrs. I. J. Stone, 229 Orchard street, on Monday.

Mrs. M. A. Taliaferro of 114 Herning avenue was hostess to the literature committee on Tuesday, with Mrs. George Spohn as co-hostess.

Eighteen members of the music committees met yesterday at the home of Mrs. L. M. Banks.

Mrs. C. G. Cutin, Jr., chairman, led in a study of the growth of the symphony with illustrations from records and short biographical sketches of composers. Following the study Mrs. Banks served luncheon.

Tomorrow the drama committee will meet in Brookside at the home of Mrs. R. R. Walsh. Before the 1 o'clock meeting the group will have the honor at a reception of Mrs. C. Meserve, a member of the drama group, to be the stage manager for the Federation all-day festival which will be held in the Masonic Hall in Westfield on Monday.

Flowers to Be Topic Of 8-11 Club Speaker

A talk on "Flowers in the Home," including a discussion of arrangements and corsages, will be presented by Fred Traut of Rekenexer Flowers, Inc., at a meeting of the 8-11 Club this evening in the home of Mrs. John McNab, 8 Cumming street.

There also will be a business session, at which officers will be nominated and plans will be completed for a husbands' party in May.

Bridge Session

Mrs. Daniel M. Buckley of 211 Balmierie road, north, will entertain the evening bridge group of the Newcomers' Club at 8:15 tonight. Three playing will be Mrs. Nicholas F. Imperoto, Mrs. Harry Syverson, Mrs. Francis D. Duffical, Mrs. Rudolph A. Lingheinrich, Mrs. Richard J. Symka, Mrs. Edward C. Younghouse and Mrs. Remington Merry.

Legion Card Party May 1 Little League Benefit

Proceeds of the annual card party of Cranford Post 212, American Legion, on May 1, which in the past has been a benefit for an American Legion Junior Baseball team, this year will be used to equip a post-sponsored team of 15 youths in the newly-organized Cranford Little League, it was decided at a meeting last week at the home of Raymond Stengel and Carl Schneider will serve as coaches.

Howard Ringle, chairman for the card party, reported that arrangements are being made for an attendance of about 250 persons. He said many award donations are being received from local merchants.

The post voted a donation of $225 toward the outdoor arena or theatre to be constructed at Lyons Veterans' Hospital as a state Legion project.

Rose Rebekah Meeting

Initiations took place at a regular meeting of Rose Rebekah Lodge 99 in Veterans' Memorial Home last Thursday night. Mrs. Alys Alonso and her committee served refreshments. District Deputy Charlotte LeDuc and her staff installed officers of Lady Wildy Lodge 38, New Brunswick; Delphian Lodge 59, Carteret, and Friendship Lodge 4, Plainfield, at recent meetings.

Roof Blaze Blamed On Bonfire Sparks

Fanned by a stiff breeze, a fire believed to have been caused by sparks from a bonfire destroyed a portion of the roof of a two-and-one-half story dwelling at 712 Lincoln avenue, east, owned by Mrs. Gaetano Tines, Y Friday afternoon.

There also was damage in the attic from flames and water damage on the lower floors of the house. Fire Chief Howard C. Schneider estimated the loss at $1,500.

Firemen were at the scene about two hours. They used two large lines and two booster lines in fighting the flames and making certain that smoldering embers were completely extinguished.

Bingo and Raffles Heavily Favored; Daub Defeated in Bid for Freeholder

GARWOOD — Bingo held the spotlight in Tuesday's voting here, with 499 local residents coming out in favor of legalization in the borough and 149 voting no. Also attracting considerable interest was the referendum on legalization of raffles, the vote here being 452 for and 140 against.

Next highest vote-getter was Councilman Burton E. Dickerman, who was recorded 397 votes in his unopposed bid for Republican nomination for mayor, and Councilman Edward H. Tiller, unopposed for Republican nomination for reelection, followed closely with a tally of 390.

Interest in the Mayor-Councilman race was spurred by the Democratic campaign of Americo Daub, who ran third in the field of six candidates for three Republican nominations for councilman. His running mate on the Democratic ticket, Mrs. Margaret Daub, Mayor Charles P. Bailey of Westfield, who gained nomination for Freeholder from Democrats and Nelson Carr, incumbents, received 248 votes.

Following Mayor Daub in the high vote column were Bertram Bertolamy, unopposed candidate for the other Republican nomination for councilman, who received 370 votes, and former Congressman Clifford P. Case, unopposed for Republican nomination for United States Senate.

Only other local vote above 200 was the 212 tally for Eugene F. Delony, independent aspirant for

While not as impressive as last year's performance, Coach J. Seth Weekley's Cranford High School trackmen showed a great deal of courage and skill in winning their second straight Union County Relay crown last Thursday afternoon at Westfield.

Score 28 Points

The Blues again scored 28 points and won four events, but none of them approached a meet record. In winning last year, Cranford broke four meet records.

In gaining the fourth relay title for the school, the high school cinder men won the 880, mile, two-mile and medley races and were second in the 440 and fourth in the shot put events. Union was second with 18 points followed by Plainfield with 16, Jefferson 12, Scotch Plains 10, Roselle 9, Westfield 7, Linden 5, Rahway 3, Hillside 1 and Edison Tech of Elizabeth 0.

Impressive

It took two great efforts by Rickie Voorhees in the 880 and Dan Rearick in the mile relay to gain those wins. Voorhees took the baton in the anchor leg behind Plainfield's Ken Cooper by 14 yards, a big lead in such a short distance. Voorhees ran a terrific race as the Blues won in 1:37.4, and an unofficial timing gave Rickie a 2:01.5 220, which is five-tenths of a second better than the county record.

Rearick's win was just the opposite. He was given a big lead in the mile run of the medley and held off a serious challenge by Roselle's Godfrey Matthews.

Win Mile Event

Joining Rickie in the 880 were Timmy Schuman, Hal Voorhees, Rickie's twin brother, and Jack Schneider. The team was last entered in the 440 and lost to Plainfield's George Freeman, Carl Snell, Bill Reese and Cooper. Holek replaced Schroeder in this event.

The Blues won the mile relay by 20 yards over Westfield. Members of the team were Walt Keve, Clay Mitchell, Pat Whelan and Lou McClendon.

Rearick Holds Lead

Running with the two-mile team were George Wening, Bob Hagerthy, Rudi Metzner and Bruce Berran. In winning this race, the Blues didn't use their best half miler, Dick Lewis, who was a member of the medley team. This team beat a good Jefferson squad by 30 yards.

A big surprise was the win of Scotch Plains in the 440-yard high hurdles relay. Plainfield had won the event eight years in a row.

Union's only first place was in the shot put, but the Farmers picked up points with a second in the high hurdles, a fifth in the quarter mile, a third in the medley and in the mile and a fourth in the half mile.

Members of the shot put team for the Blues were George Wening, George Tarver, Bob Paterson and Clay Mitchell. Rodney Stokes, Talbott, Schroeder and Holek were members of the 440-yard high hurdles team which failed to score.

All Organized Teams Invited to Join League

Any organized team of Cranford players is eligible to enter the Cranford Gold Ball Softball League, the Township Recreation Committee announced this week.

The league will be organized for the coming season this evening at 8 o'clock in the Municipal Building. Captains or representatives of teams desiring to join have been invited by the committee to attend the meeting.

Trackmen to Defend Crown At Penn Relays Tomorrow

Cranford will defend its quarter mile American championship Friday afternoon in the Penn Relays at Philadelphia.

Teams will also be entered in the mile American championships and in a class mile event.

Coach Seth Weekley will select his team to defend in the 440 from Bruce Holek, Dick Lewis, Lou McClendon, Timmy Schuman and the Voorhees brothers, Hal and Rickie. The mile team will be chosen from the same group. Prospective starters in the class mile competition are Bruce Berran, Francis Kearns, Lou McClendon, George Wening and Pat Whelan.

How well Cranford does in the championship events will depend a good deal on indoor season and is performing. He pulled a muscle just starting to get back in shape. The run-in as well as he did at this time last year, the Blues will be in a position to take two national titles as well as a class mile victory.

Rickie Voorhees is the only member of last year's championship team who will run Saturday. Jesse Ball, Dave Root and Mike Ferro were the other members of the squad. They had to defeat 40 rivals to gain the crown and ran the final in 3:27, Cranford's same event in 1946 in 44 seconds flat.

George Lincoln, Dick Lewis, Timmy Schuman and Hal Voorhees were members of the class mile team which won the class mile relay.

Cindermen Snap Canuck's Win Streak

Behind the high-scoring Timmy Schuman, Fred Voorhees and Dan Rearick, Cranford High School's track team opened its season last Wednesday afternoon with an impressive, 69-48, win over North Plainfield.

Fred Voorhees won both the low-yard dash and the 220-yard dash, while Schuman won the low hurdles in the good time of 15.7 and tied for first in the broad jump with Dick Lewis and took second in the 100-yard dash to amass 12 points. Rearick won the pole vault, tied for second in the mile and the high jump.

Church Softball League Expands To Seven Teams

The Cranford Inter-Church Softball League has expanded to seven teams for the coming season which gets underway on May 3.

Returning to action are the defending champions, Osceola Presbyterian, Cranford Methodist, Calvary Lutheran, Cranford Alliance and Linden Presbyterian. The newcomers are St. Michael's and Community Methodist of Kenilworth.

Three games will be played each Monday evening, two at Memorial Field and one at Nomahegan Park. One game is scheduled for each Wednesday evening at Nomahegan Park.

Blues Down Woodbridge For First Win

After blowing a three-run lead, the Cranford High School baseball team came back to score a run in the bottom of the sixth inning to down Woodbridge, 7-6, last Thursday afternoon at Memorial Field.

The Blues scored a single tally in the first frame, three more in the second and two in the fourth. This gave them a 6-3 lead as the Barons came to bat in the sixth frame.

Woodbridge tied the score on an error, a long double to right center by Al Thorgesen, another error, a stolen base and a single by Ed Gyhardt.

Not to be denied their first win of the season, the Blues scored the winning run in the bottom of the sixth. A single, a walk and a sacrifice put men on second and third. Pete Scholz was safe at first on an error and Ken Engstrom scored from third. It was the second loss in three games for the Barons.

The game was played under the most trying circumstances. As contest got underway the sun was out bright and the temperature was in the 60's but by the end of the game the mercury had taken a quick dip, and it was raining.

Bob Evers got the win for Cranford as he pitched good ball. Woodbridge used three hurlers and none of them was too effective.

Two Crowns for Harris Five

Following their victory over the 400's Monday evening for the playoff championship of the Gold Ball Basketball League, members of the Harris Limited five and league officials lined up for the photographer. Shown (l to r) are: Front row—J. Earl Tanner, Tom Cisar and Walt Ramsay; second row—Pete Nylen, basketball chairman for the Township Recreation Committee; Dick Arthur, Ed Robinson, Frank Murray, Bob Bing and Bob Doe of the record-breaking team; Dr. Nylen presented the playoff trophy to the team.

The squad also won the league championship.

Weekley to Direct 4CC Track Meet

Coach J. Seth Weekley, coach of the Cranford High School track team, has been named director for the annual track meet of the Four-County Conference.

The event will be held May 20 at Watchung Park, Roselle-Elizabeth. Cranford has won the meet every year it has been held and will be favored to do so again this year. Also entered are Roselle, Scotch Plains, North Arlington, Clifford Scott and Harrison. The only conference member not entered is Roselle Park, which does not have track on its sports agenda.

Don Shaffer of Roselle has been named chairman of the conference's baseball committee. In this race, Roselle Park is the favorite followed by Clifford Scott. The Bastiles have won all three titles in conference play.

Good Contests Set for First Tournament

The opening round of the first Union County baseball tournament on May 1 shapes up as a very interesting card.

While the Cranford-Regional game has the most interest locally, several other good games are listed. In one of these, Pingry School of Hillside with Herb Bloch on the mound takes on Roselle Park, considered one of the leading candidates to win the tourney. This game is set for 3 p.m. at Plainfield, while the Blues take on the Bulldogs at the same site at 12:30.

The Westfield-Plainfield clash at 3 p.m. at Plainfield should be another top notcher, while Union and Linden can be expected to provide good baseball in their contest at 3 p.m. at Linden.

Jefferson of Elizabeth, which has been installed as the favorite to win the championship along with Linden and Roselle Park, has a soft touch in St. Patrick's of Elizabeth. Rahway, a dark horse, also should take Sacred Heart of Elizabeth without too much difficulty. This game is slated for Rahway at 2:15 p.m.

Scotch Plains takes on Edison Tech of Elizabeth in the fourth game at Plainfield. This one will be played at the same time as the Regional-Cranford game.

Roselle got a bye into the second round and meets the winner of the Linden-Union game.

If Cranford defeats Regional, the Blues will take on the winner of the Pingry-Roselle Park game in the second round.

Woodbridge Jayvees Shutout CHS Freshmen

The Cranford freshman baseball team found Woodbridge's jayvees too much to handle and dropped a 5-0 decision last Thursday afternoon at Memorial Field.

With several jayvee performers in the line-up, the Blues were able to gain only one hit, a single by Steve Zulick, second sacker. Most of the Barons runs were unearned. Bobbie Hobbie was the losing hurler.

Harris Wins Again

League Champions Capture Gold Ball Playoff Crown

Harris Limited nipped the 400's, 33-32, Monday night in the Cranford High School to sweep honors in the Cranford Gold Ball Basketball League playoffs sponsored by the Township Recreation Committee.

Harris Limited also won the regular season crown. The 400's were the defending playoff champions.

It was a close game throughout. The 400's led by Dick Cisar hit for 7 points for the winners, while Leo Pflug scored 3 and Sal Della Salla 7 for the losers.

It was the fourth time this year that Harris Limited downed the 400's, but the last two were by one-point margins.

Harris gained the final by defeating the VFW Juniors, while the 400's were given a forfeit win over the Maroons in the first round of the playoffs.

This contest marked the end of the basketball season in Cranford.

Roselle Park, Scott Lead in 4CC Race

The baseball season has just begun, but the Four-County Conference race already looks like a two-team affair involving Roselle Park and Clifford Scott of East Orange.

The Panthers defeated Cranford and Roselle this week, while Scott added Harrison and North Arlington to its list of victims.

Scott meets Roselle today, while Roselle Park meets North Arlington Saturday.

The standing of the conference:

Roselle Park	3	0	1.000
Clifford Scott	3	0	1.000

Westfield Foe Friday

Nine Meets Roselle Monday in 4CC Tilt; Netmen Open Tuesday

Two away baseball games against Westfield and Roselle highlight the sports schedule this week at Cranford High School.

Coach Paul Baumgartner's nine meets Westfield tomorrow afternoon and meets Roselle in a three-game pitching duel Monday in Roselle. With eight lettermen returning, the Blue Devils are an experienced ball team. The team has looked good defensively, but has not shown much punch.

In Bob Clet and Bob Marik, Coach Baumgartner has two experienced hurlers. They have shared pitching duties in early games. The team also has lettermen behind the plate, in all infield positions and in two of the three outfield spots.

Roselle has a top notch hurler in Ed Kaiser and an outstanding catcher-batsman in Al Boehm. Most of the members of the team are sophomores and inexperienced. However, Coach Vinz Ferro expects to give many a team trouble before the season ends.

The golf team has two dates this week, meeting Kenilworth Field today at Echo Lake Country Club, Westfield, and Jefferson away tomorrow.

Coach Stuart Goldblatt will make his first appearance as mentor on Tuesday when his net team meets Jefferson at home.

In addition to the two Blues relays tomorrow and Saturday, Coach J. Seth Weekley's trackmen meet Roselle in a dual meet Wednesday at Roselle.

The baseball nine has one game on tap Tuesday against Plainfield at Memorial Field.

Richey Begins Second Season

Mort Richey will begin his second season as manager of the Cranford Honorary PBA nine in the Union County Baseball League May 2 against the Linden Buckeyes at Wheeler Field.

The team will make its home debut on May 9 at Memorial Field, when it meets Elizabeth Landmarks.

Richey reports he'll probably start in the opener with Joe Conway in reserve. Tom Sharkey, a pitcher for Darlington, Maryland, is expected to hurl most of the games for the Honorary PBA's.

The manager says Ike Baldwin, who led the team in batting last season, will be back at his old position. Pete Anzelone at short and Ronnie Lombardi, another Jefferson performer, at third, Jesse Queen, Elizabeth outfielder, and Tom Kolly, former Seton Hall University player, will open in the outer gardens. Mickey Carroll will once again be behind the plate.

Joe Kooba, former Cranford High player, is also working out with the team.

Store's Fishing Contest To Continue Saturday

Because of Saturday's heavy rain storm, the children's fishing contest being conducted by the Sportsman's Shop, 17 North avenue, west, has been continued until this Saturday.

All boys and girls up to 14 years of age who catch fish Saturday should bring them to the Cranford Theatre at 5 p.m. Saturday for measuring ceremonies.

Some children braved the weather Saturday and came up with large trout. Garry Dorian caught one 11¾" and Ed Harris' was 11".

Robert Love caught one 8" long. They were all taken in the Rahway River.

Champions Rip All-Stars In Cage Finals

Both the junior and senior league champions completed undefeated seasons Monday evening at Roselle Park by downing all-star teams of the Cranford Inter-Church Basketball Leagues.

First Presbyterian, champions of the senior loop, defeated the all-star five, 45-34, while the junior league champs, First Presbyterian, ripped the junior league all-stars, 25-14.

Dick Ackerson with 14 points and Bill Bucher with 12 led the First Presbyterian five, while Wilson of Calvary Lutheran was high for the losers with 8 points.

In the league game, Jim Rice of Osceola outscored the all-stars on the opposing five from through the hoop. He was the only player in double figures.

Prior to the start of the contests, the Rev. Donald Bagge, pastor of the Cranford Methodist Church, presented trophies to the league champions. Also represented the Cranford Clergy Council, sponsors of the leagues. The Rev. Mr. Bagge praised the boys for their high standard of sportsmanship and their excellent play.

Gets Big Trout

Fishing the Rahway River in Kenilworth Saturday, the opening day of the trout season, Harry Grabowski of Cranford landed a 19½" brown trout.

Panthers Rip Nine

Cranford Rallies For Six Tallies In Final Frame

Roselle Park again defeated Cranford on the diamond Monday afternoon 13-8 but not before suffering a seven scare.

It was the fifth straight win for the Panthers this season as well as their third consecutive win in Four-County Conference play.

When Roselle Park rolled up an 11-1 lead at the end of five innings Coach Herm Shaw yanked his starting hurler Jack Kunis, who got the win, and several Panther second-string hurlers for seven runs in two innings.

Jim Eick, shortstop, and Mel Conk, third baseman, each had three hits to lead Park's 11-hit attack. The Blues again hit safely eight times, including two each by Don Staples and Jack Kunis.

Roselle Park scored in every inning but the three-run second frame being the big one.

In the seventh inning, the Blues scored six times on five walks, a single, a double and an error. Jack Kunis' double drove in two as much as anything.

The game was charged with seven errors before being lifted from the line-up.

Cranford won his fourth game of the year, while Bob Evers took the loss against one win for Cranford. Jerry Kotlarz and Herrick relieved Evers on the mound.

Those participating were Alvin Ciccone, Leonard Fischer, John Duryee, Jack Richard, Richard Meltzer, William Douglas, Stanley Meier, Elwood Miller, William Dunbar, Daniel Kraus, David Dunham, Robert Schweizer, Albert Lawson and Gerald Phillips. Drill Team To Conduct Card Party

To raise funds for new uniforms, the drill team sponsored by Cranford Post, No. 2337, VFW, will sponsor a card party Thursday evening at the Veterans Memorial Hall.

All members of the drill team as well as leaders of the post are serving on the committee. Members of the team include: Henry D. Schwarz, past commander, drillmaster; Mrs. Dale Brinkerhoff, Mrs. Pat Korner, Mrs. Irene Hilbert, Miss Alice Russell, Mrs. Helen Schwarzer, Miss Terry D'Alessandris, Mrs. Mary Tinnesz, Mrs. Ann Bird, Mrs. Marion Jones, Miss Gloria Kay, Miss Joan Treichler, Mrs. Carol Lisowski, Mrs. Polly Klekner and Mrs. Frances Mack.

Post members on the committee are: Commander George Hilbert, Willis Bird, vice-commander; Past Commanders Tom Butler and Anthony Tineo; Anton Tinnesz, chaplain; and William Jones, past commander and quartermaster.

The team will celebrate its fifth anniversary in June. During that time, it was won the state VFW championship three times in 1950, 1951 and 1952 and lost last year to Linden by one-tenth of a point. They will compete again on June 25 at the state encampment at Asbury Park and also in the national competition in August in Philadelphia.

Other events the teamf will participate in include the Memorial Day parade in Cranford in the morning and the Linden march in the afternoon, the Americanism Day parade in Jersey City Sunday and the Loyalty Day march in New York City on May 1.

Tickets for the card party are available from members or at the door.

Cindermen Nip Union Team For Second Victory of Season

scored by Dick Lewis in the half with Bob Voorhees, Lewis, McClendon and Pat Whelan. Union swept the shot put event.

It was the second dual meet win of the season for the Blues in two starts.

Other scorers for Cranford were: Bruce Holek, third in the high hurdles and a tie for third in the low hurdles; John Pair, tied for second in high jump; Lewis third in the broad jump; Clayton Mitchell second in the discus throw and George Wening third in the javelin throw.

'Normal Children' Topic For Parents' Meeting

"Let's Talk About the Normal Children" will be the topic at the last of a series of meetings sponsored by the adult education homeroom committee of the Parent-Teacher Associations of the four elementary schools, to be held in Lincoln School at 8:15 p.m. Tuesday.

Guest speakers will be Thomas E. Shea, assistant director of the elementary schools, and Kenneth Iversen, guidance director and psychology instructor at Union Junior College.

The meeting will be open to the public.

Esso Women Hear Delinquency Talk

"If children were taught to use things and love people, instead of using people and loving things, some of our juvenile problems might be solved," William G. Nagel, supervisor of boys at Borgenstein Reformatory, declared in a talk at a meeting of the Esso Women's Club in the Bayway Recreation Center last Wednesday. Mrs. James E. McGovney of Cranford, president, conducted the business session.

The speaker, who pointed out that cases of juvenile delinquency are increasing steadily because of lax parenting the past several years, said that parents who are not at all interested in their children are as much to blame as parents who, loving their children, withhold nothing from them, contribute to the large percentage of maladjusted boys and young men.

Representatives of social agencies from throughout Union County were present and were introduced.

A report on a recent card party held for benefit of the student welfare fund was given by Mrs. Harry H. Vickers of Union.

Mrs. R. H. Walker of Union announced that the annual meeting and luncheon will be held at 12:30 p.m. May 19 at the center. Reservations must be made by May 17. The program will include several skits put on by club members.

Hostesses at the tea table were Mrs. J.

Town's Area Changeable Thing

Additions and subtractions in Cranford's total land area have been in the local news headlines for months.

In the most recent transaction, Cranford has asked the Town of Westfield for a three-and-one-half acre tract located on the northerly side of Springfield avenue. Township Committee introduced and passed on first reading an ordinance on the subject. A public hearing will be held on Tuesday, connected to the annexation.

The Town of Westfield has in several other requests, Cranford has been asked to give land to Linden and Kenilworth. Last spring the residents of Berlynt Park, a residential section bordering Linden, became concerned when they learned that they be "annexed" to Linden. They pointed out that they are often served by Linden's public safety departments and their children would find Linden schools closer. Many of them also are served by the Linden Post Office and some even admitted to voting in Linden by mistake.

Both the Cranford Township Committee and the Linden City Council have been considering the problem for several months. At a recent meeting, the Cranford Township Committee directed Township Clerk J. J. Walter Coffee to arrange a meeting with Linden officials to discuss the question.

Kenilworth's request is somewhat unofficial. A member of the Kenilworth Board of Education discussed the question with Spicer Fred P. Andersen of obtaining land in the northeast border of the communities. This tract has been proposed as a site for a new school for Kenilworth. To date no official action has been taken by the Board of Education or the Kenilworth Borough Council. It has been discussed, however, by the trustees as well as the Citizens' Committee for the Public Schools.

Only recently another request of Kenilworth for land was approved by both communities so that the boundary lines between the two municipalities could be straightened. This action permitted a Kenilworth resident to establish plots for new homes in the neighboring borough.

Annexations are not new to this community. Most of what is today Garwood was a part of Cranford at one time, while Kenilworth is also located on some land which was formerly part of Cranford.

Most histories of this area seem to agree that at one time Cranford was as far west as Springfield avenue and also "west fields." Apparently Cranford was also formed in 1871 from land belonging to Railway and Union.

Illustrated Talk on Liberia Presented at Rotary Meeting

Santiago Porcella, recently returned from many years in Liberia, presented an illustrated talk on that country to the Cranford Rotary Club at its luncheon meeting last Thursday. Mr. Porcella served with the Firestone Tire and Rubber Company in Liberia for three years and later returned to that country in the employ of the Liberia Company for five years.

With the aid of colored slides he showed the problems involved in selecting the site and developing a 5,000-acre plantation for growing of cocoa beans. Mr. Porcella showed views of a 180-mile highway built by the United States Army during the war to handle traffic inland from the port of Monrovia. He supervised the construction of a 15-mile private road through the 25,000 acres allotted to the Liberia Company for development.

Starting from the ground up it was necessary to erect housing for 450 employees and their families as well as for himself and his wife, Mr. Porcella related. Food was brought in for the employes from Monrovia until garden sites assigned to the employes could provide for their needs. A private sawmill helped in the erection of structures necessary for the operations, the equipment having been built by an American company.

The speaker said that wages vary from 25 cents a day for laborers in their first year to $0.60 a day for supervisors, and up to $3 a day for carpenters. Many of the latter had been trained by the Firestone organization.

Mr. Porcella said that improved stock and nursery care had increased the yield from 500 pounds of cocoa beans per acre to over 2,000 pounds, and slides showed the care of the trees from the seedling through the various stages till the final planting in the plantation area.

William J. Dodds, chairman of the fellowship committee, introduced the speaker.

William C. McPherson was in duded as a new member by J Walter Coffee and Patrick J. Grail, past-presidents of the club.

Paul Martens and George Linzer introduced guests in their company, and Chester Fisher introduced as Rotarian guests, Benjamin Newswanger of Springfield and John B. Middleton of Westfield. David Ludlow of Summit and Arthur Williams of Roselle Park.

Club singing was led by Horace K. Corbin, Jr., with Arthur K. Burditt at the piano. The meeting was conducted by the club president, the Rev. Robert G Longaker.

Preparing to Be Good Citizens

(Ed. Note: The following essay won first prize in the annual essay contest of the Crane's Ford Chapter, Daughters of the American Revolution. The subject of the competition was "The Constitution and What It Means to Me."

By RONALD SASSI

Citizenship according to Webster means "the state of being vested with the rights and privileges of a citizen," but in the United States it carries many more rights and privileges than anywhere in the world. These freedoms are so valuable that in order to preserve them, we must start on the road toward good citizenship at an early age. Even before going to school, we start to learn sharing and manners at home. Both of these make a firm foundation for all future building.

In our country we have good schools. This is where active citizenship begins. You see a good "school" citizen doesn't destroy desks, books, and other supplies, nor is he disrespectful to teachers and other leaders. He takes an active part in school life and also tries to do his very best.

Freedom to worship where we please is another privilege. But, at the same time, we are obliged to be respectful, polite, loyal, helpful, and of course reverent.

When we get older we will be both privileged and obligated to vote. Of course we cannot vote now, but we can prepare ourselves by getting to know how the government operates and by keeping up with current and past affairs.

Along with school and home preparation there is our membership in such groups as Scouts, school athletic teams, and summer camps, places where we meet and work with other boys and girls of many races and religions.

When we are of an age to go out into the world, we are ready to go to face the problems of democracy fairly squarely. If we have kept alert and looked about us at home, in school, in church, and in our many other activities, we have prepared well to become good citizens.

Call Session Of Cranford Day Group

Rudd Announces Wednesday Meeting For All Organizations

A planning meeting of the Cranford Day Committee, composed of representatives of all local organizations, has been scheduled for Wednesday at 8:15 p. m. at the Municipal Building, Channing Rudd, chairman, announced.

The annual Cranford Day celebration will be held for two days this year, June 11 and June 12. It will be the first time in the history of the observance that a two-day program has been conducted.

The purpose of Wednesday's meeting, Mr. Rudd said, is to "finalize the program for the two days and to assign to the various organization the responsibility for some part of the program."

In issuing an appeal to all Cranford Day committee members to attend the session, Mr. Rudd said, "Your Steering Committee has suggested that our celebration be planned to interest all groups in Cranford and also to stress the many attractions of our fine town. Your cooperation in making this community affair a complete success is essential."

Serving as co-chairman for the celebration is Mrs. Helen Hoffman. Mrs. R. K. Tool is secretary-treasurer.

The steering committee previously announced that it had decided not to undertake a water pageant for this year's observance. Several features of past Cranford Day observances will be retained, including the serving of coffee and doughnuts to commuters at the Central Railroad station on Friday morning, children's games at Memorial Field and a band concert. Local merchants will cooperate by staging a two-day sales event.

Report Near On Water

Draft of Engineers' Findings to Be Studied By Municipal Group

It was learned this week that Malcolm Pirnie Engineers of New York have completed the draft of their report to the Inter-Municipal Water Committee on the facilities of the Suburban Union Water Company, including recommendations for improvements in storage and distribution systems to insure adequate supplies for the area during this and coming summers.

The draft is expected to be discussed at an early meeting of the executive committee of the municipal group, of which Mayor Charles P. Bailey of Westfield is chairman, and of which Mayor Fred P. Anderson is a member.

It is understood that the report being prepared by Malcolm Pirnie Engineers is more far-reaching in its suggestions for improvements in Plainfield-Union facilities than was the report prepared for the company by Buck Seifert and Jost of New York last fall. The latter concern was retained by the water company when the Public Utility Commission ordered an engineering survey of the Plainfield-Union system following instances of low water pressure in this area last summer.

Indications that there may be yet another engineering survey in the offing are seen in the announcement by Superior Court Judge Richard J. Hughes in Elizabeth on Tuesday, in extending the life of the January Grand Jury until July 1, that he will ask the panel to look for "possible correction" in the Union County water supply.

An investigation of the water situation was recommended by the September Grand Jury at its

Trustees Seek Bids For Old Building

The Board of Education will seek bids for the sale of the old building facing the site of the new Walnut Avenue School on May 19.

The board was recently deeded the land and building by the Township Committee to provide more land for the new school. The advertisement requires that the successful bidder must remove the building from the site. No minimum price is listed.

Board Reports Redistricting Plan Studied

The Board of Education still has not reached a final decision on boundary lines for the six elementary school districts.

This was reported to a delegation from Sunny Acres, Woodside Manor and Columbia Manor Tuesday evening by the trustees at an informal meeting in Cleveland School. Members of the board are studying the proposals submitted by the administrative staff and expect to reach a decision in the near future, the delegation was told.

During the discussion, Harold Dankel, past president of Sunny Acres Civic and Improvement Association, reviewed the Lincoln School bus problem.

Attending the meeting were: L. A. Williams of 6 Belmert place, Martin Cushmeyer of 22 Pershing avenue, Raymond Price of 18 Pershing avenue, Leo Mitnic of 17 Pershing avenue, Vernon Bardorf of 13 Pershing avenue, Glenn Montgomery of 757 Walnut avenue, B. W. Gaffney of 8 MacArthur avenue, Joseph Trezza, president of Woodside Manor Civic and Social Organization, and J. N. O'Leary of 20 Algonquin drive.

Louis Troutman, board president, Mrs. Charles Tredden, Burton C. Belden and M. L. Taliaferro were the board members present. Dr. Howard R. Best, superintendent of schools, and Herbert McCullough, secretary, also were present.

Plan New Playground for Young Children

Plans for a new playground at Adams avenue and Lambert street to be constructed by the Township Recreation Committee were announced today by Herbert R. Jacobus, chairman.

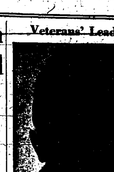

Actual construction of the play area will be done by the Public Works Department under the direction of Township Engineer Patrick J. Grail and his assistants. Mr. Jacobus said the playground will be for the use of younger children. It will be used for baseball and softball, and the newly-formed Cranford Little League has been granted permission to use the field for scheduled games.

It is planned, the chairman said, to set up a basketball court and playground equipment at the site as soon as the ground settles sufficiently to permit installation.

Mr. Jacobus also reported that plans are underway to establish a playground for small children in the Sunny Acres area. This will be done in cooperation with the Union County Park Commission, Mr. Jacobus said.

The Township Recreation Committee also reported that a heavy wire backstop for softball has been installed to the rear of Roosevelt School and that a similar backstop will be placed in the area behind Cranford High School.

Additional Funds Requested as Drive Nears $2,000 Mark

Collections in the annual fund drive of the Cranford committee of the American Cancer Society reached $1,776.50 yesterday, it was announced by Howard W. Siegel, local treasurer. Cranford's quota has been set at $4,000.

Edward C. McMahon, local chairman, again reminded Cranford residents of the outstanding work which the American Cancer Society is carrying on in the battle to wipe out this dread disease. But, he added, this fight cannot be brought to a successful conclusion unless there are sufficient funds to continue the vital research program.

The local chairman pointed out that every contribution of only $1 from each family in Cranford would put this community far over its quota. He urged those residents who may have mislaid or lost their appeal letters to send their checks or cash contributions to Mr. Siegel, treasurer, at 27 North Union avenue.

The merchants also will participate in the Cranford Days celebration in June with a three day sales event, according to Louis Colton, manager of the Cranford Bootery and chairman of the promotion committee.

'Regular Republicans' Gain Major Victories, Elect Thomas Albans Municipal Chairman

Four battles between the "regular Republicans" and members of the newly-formed Good Government Republicans of Union County resulted in major victories Monday evening for the "regulars" for leadership of the Republican Municipal Committee.

Thomas A. Albans of the eleventh district was elected municipal chairman by an 18-16 vote over George Berry of the second district. Mr. Albans succeeds Edward C. McMahon who was defeated for a seat on the Republican County Committee in the twelfth district by James E. McGovney, Good Government Republican.

THOMAS A. ALBANS

Mrs. Marion Jones, president of the Cranford Woman's Republican Club and committeewoman from the eleventh district, was reelected vice-chairman, defeating Mrs. Malcolm Johnson by a 20-14 vote. Both have been identified as "regular Republicans."

For the secretary post, Mrs. Mary Jackson was reelected. She defeated Mrs. Ruth Nelson, also by a 20-14 vote.

The fight for treasurer resulted in a tie with 17 votes cast for both Harold Dankel, "Regular Republican" and Mrs. Anne C. Graham, Good Government Republican. Mr. Dankel withdrew following the tie, and Mrs. Graham was elected unanimously. At last week's election, Mrs. Graham defeated Margaret P. Shire in the twelfth district battle.

For a seat on the executive committee of the County Committee, Robert Brewster defeated Adm. Emory D. Stanley, former chairman of the Township Committee, by a 19-15 count.

Frederick Weiss of the ninth district was unopposed for the auditor's post.

Annex Westfield Tract, Issue Swim Pool Permit

Support Mental Health Drive

Following a stormy session, the Township Committee Tuesday night adopted on final reading an ordinance annexing from Westfield a three-and-a-half-acre tract of land on the northerly side of Springfield avenue and Kenilworth boulevard, accepted a plot plan for the development of the area and issued a building permit to the Cranford Swimming Club for the construction of a pool and necessary buildings on a three-acre portion of the proposed new development.

Residents Protest

The majority of the more than 100 residents in attendance at the meeting protested the granting of a permit for a swimming pool and there were several sharp verbal exchanges which caused Mayor F. P. Anderson at one point to threaten to clear the meeting room of the residents continued to hurl personal insults at members of the township.

Representatives of women's clubs present their contributions to the Cranford Mental Health Drive to Robert M. Crane, campaign chairman. Left to right they are Mrs. Arthur Biddle, Colony Club; Mrs. E. Allen Tice, 8-11 Club, and Mrs. Joseph P. Rhein, Junior Village Improvement Association.

Goal Attainment on Sunday Mental Health Workers' Aim

Tied in with the National Mental Health Drive, Cranford's campaign to raise funds for its own mental health requirements, gets under way Sunday with a house-to-house collection. Although the national campaign is slated to run from May 2 to May 8, Robert M. Crane, chairman of the local drive, says his organization hopes to complete its solicitation Sunday.

House-to-house district captains and their workers held a kick-off meeting Tuesday night in the cafeteria of the Johnson and Johnson plant, Richard C. Dowell, plant manager, has been active in the campaign organization and is serving as vice-chairman for industrial solicitation.

Vice-chairmen for house-to-house collections are Gus Cohen and Mrs. Michael Carlozzi. Working with them as district captains are the following: Mrs. William Dodds, Mrs. J. Walter Coffee, Mrs. Milton Boyette, Mrs. C. V. Rosencrantz, Mrs. Walter E. Thorn, Mrs. R. T. Douglas, Mrs. Irvin Guyer, Preston Woolley, Mrs. F. P. Dexter, D. C. Lowe, Mrs. Bruno Metzner, Mrs. Mark Spiers, Mrs. L. B. Craft, Mrs. E. Allen Tice, Mrs. A. A. Cox, Mrs. A. B. Dodd, Mrs. I. Myerson, Mrs. A. Goldberg and Mrs. Robert Wilson.

Goal of the drive is $2,500, largely to support the work of the Union County Mental Hygiene Clinic in Plainfield. Last year the services of the clinic for Cranford citizens were curtailed as a result of lack of financial support. The Service was restored through emergency contributions by the Kiwanis Club and the Village Improvement Association. The present intensive drive, most highly organized of its kind ever in Cranford's history, is to assure that the clinic's services will be available to Cranford people on an uninterrupted basis in the future.

In advance of the drive, several local clubs and other organizations have made contributions totalling $700. Largest contribution reported has been $550 from the Junior Service League.

Cranford business organizations also will be solicited, through Vice-Chairman Geldon Hindman.

Mrs. Robert Shire of 116 Oak lane entertained at bridge on Tuesday evening for Mrs. Milton Pearlman, Mrs. Joseph Levy, Mrs. H. A. Garfield, Mrs. Louis Feldman, Mrs. William Isaac, Mrs. Samuel Roth and Mrs. Charles A. Reiss.

Arrangements have been completed by the Cranford Little League to sponsor a four-team minor league to be made up of the boys not yet ready for action in the Little League, Joseph Laird, president, announced at a meeting Monday evening in the Casino.

Meanwhile, the league has scheduled its third tryout session for 9 a.m. Saturday at Memorial Field for all Little League aspirants. The eight Little League clubs will be selected at this session, and all remaining boys will be assigned to minor league squads.

It is expected that the minor league schedule will call for one game a week for each team. The managers and coaches who will handle the minor league's activity are: East—James Kiernan, Art Donnelly, John Bradley and Bob Patton; west—Frank Washburne, Barney Foreman, Ken Weeman and Harold Doney.

It was pointed out that it would not be possible for players assigned to a minor league team to move up into Little League play during the season if they display hustle and improvement in their skills. Player Agents Jack Fiscaro of the East League and Howie Arneson of the West League expressed enthusiasm over the proposed program, which was constructed in daily practice sessions held to date. They stated that with good weather conditions the league should have ball games underway in about two weeks.

Ed Fortenbaugh announced tentative plans for the showing of two motion pictures to acquaint the residents of Cranford with the Little League activities in 46 States, Alaska, Hawaii, Canada, Canal Zone, Philippines and Korea. Further details will be announced at a later date.

Local Doctors Provide Free Immunization Service for Needy

Free immunization against diphtheria, whooping cough and smallpox was arranged this week for 30 local children whose families were unable to pay for the service, as part of the current conservance of immunization week.

It was announced today by Health Officer William P. Smith.

The cases were referred to local doctors by the Welfare Association. The annual observance of Immunization Week is held under sponsorship of the Cranford Physician's Club and the Board of Health.

Health Officer Smith reported that cooperation of Cranford parents in the campaign to have all pre-school children immunized has kept local doctors busy this week, and that the township is rapidly nearing its goal of 100 per cent in this respect.

He pointed out that while the incidence of whooping cough has tripled in the United States in recent months, Cranford has had no cases reported thus far this year. There was only one whooping cough case reported here last year.

Immunization against diphtheria, whooping cough and smallpox is required by the Board of Education for children entering Cranford schools, unless a child is excused because of health or other acceptable reasons.

Mrs. John Hird of 319 Elizabeth avenue and Mrs. Ruth Stevens of Westfield, clerk at Cleveland School, took a motor trip last week end to Washington, D. C., and Charlottesville, Va., where they visited relatives.

Limited Use Cited

During the public hearing on the annexation ordinance, Mr. Egbert objected to adoption of the measure because the land, by its very nature, will have a limited use. Very little of it, he charged, can be used for residences of the type already constructed in the area. Other parts of the tract, he said, are usable only for recreational purposes.

In response to a query by J. E. Jeffries, 25 Seneca place, as to the advantages which would accrue to Cranford by the annexation, Mayor Andersen explained that the area within the Cranford boundary is of such size and shape that it would be impossible to develop it to its highest use. New Plumbing Code Passes Final Reading

Cranford's new plumbing code was passed on final reading at a meeting of the Board of Health in the Municipal Building Monday night following a public hearing at which no citizens appeared.

The new code, which becomes effective tomorrow, was drawn up to parallel modern municipal codes and goes into more specific details and defines terms more sharply than the old measure adopted originally in 1921.

Penalties for infractions will be fines of not less than $2 and not more than $100 for each violation, and it is provided that each day a particular violation continues shall constitute a separate offense.
