New Members On St. Michael's Library Board

Three new members were welcomed to the board of St. Michael's Parish Library at the monthly meeting held Monday in the library. The new members are: Mrs. J. M. Kirk, Miss Beatrice Gleason and Frank Pfaff.

Mrs. Harold Cray, board chairman, announced the appointment of Mrs. J. S. Lopes as recording secretary. Mrs. Lopes replaces Mrs. Cecille Kubar, who recently resigned from the board.

Mrs. Cray expressed regret at the resignation of Mrs. Kubar, whose services during the past year included temporary filling of two offices and supervision of the Christmas exhibit.

Copies of the new constitution and by-laws were distributed to the members.

The greater part of the meeting was taken up in discussing ways and means of promoting greater reading interest among adults. Although several plans were suggested, none was adopted.

The Rev. William B. Donnelly, board moderator, suggested further serious consideration of the different plans might narrow the selection down to one or two which would make adoption of a workable plan possible at the November meeting.

Mayor's Freeholder Bid, County-wide Fights Highlight Tuesday's Election

Local Residents on Election Ballot

FRED P. ANDERSEN AMBROSE ERNST FRANK T. WHITTY

Mayor Fred P. Andersen's bid for a one-year unexpired term on the Union County Board of Chosen Freeholders, will highlight Tuesday's General Election in Cranford.

Cranford voters also will elect one man to a three-year term on the Township Committee, vote on the question of tenure for Township Treasurer Dudley J. Croft and cast ballots for a state senator, four assemblymen, three freeholders for three-year terms and a freeholder for a one-year term.

Whitty Seeks Reelection

Township Committeeman Frank T. Whitty, Republican incumbent, is opposed by Ambrose Ernst, Democrat, in the only local contest.

Mayor Andersen, a Republican, who was appointed to the freeholder board in February, is opposed by William F. Crowley of Elizabeth, Democrat, who is a native of Cranford, for the one-year unexpired term on the freeholder board.

After serving for 11 years as township treasurer, Mr. Croft has filed for a referendum granting him tenure. His bid is backed by Mayor Andersen and he is expected to gain wide-spread approval.

$100 Million Water Question

Another question on the ballot concerns a state-wide bond issue of $100,000,000 "for acquiring, constructing and developing dependable public water supplies." Although it is not mentioned in the question on the ballot, the referendum provides $60,000,000 for a reservoir at Chimney Rock in Somerset County and $40,000,000 for unspecified purposes, but presumably for acquiring additional water supplies for South Jersey.

The referendum is the subject of much controversy with members of both parties opposing and supporting the issue. It is unlikely that the referendum will be approved, although strenuous support has been given the question in recent days.

Three in Senate Race

Three men are in the race for a four-year term as State Senator from Union County. State Senator Kenneth C. Hand of Westfield, Republican incumbent, is opposed by Mayor Robert L. Sheldon of Roselle Park, Democrat, and Harry Mopsick of Linden, independent. This race is considered to be close with Senator Hand favored to gain reelection.

Four Republican Assembly incumbents, Carlyle W. Crane of Plainfield, William R. Vanderbilt of Summit, Mrs. Florence P. Dwyer of Elizabeth and G. Clifford Thomas of Elizabeth, seek reelec-

Meeting On Track Requested

In a letter to the Township Recreation Committee directed to the attention of Herbert Jacobus, chairman, the Cranford Boosters' Club requested that the committee "arrange a meeting with your committee, the Cranford Township Committee and the Cranford Board of Education to discuss the construction of a competitive running track at Memorial Field."

The club voted to send the letter at a meeting last Thursday evening in the Municipal Court Room at Police Headquarters. Michael Ferro, president, sent the letter on behalf of the club.

"We realize, of course," Mr. Ferro said, "that the building of such a track is the responsibility of the Board of Education. The ideal location for such a track is undoubtedly at Memorial Field, which is township property. It is, therefore, necessary that these committees meet to discuss this project. Since the administration of such a track, if constructed at Memorial Field, would be under your committee, we feel that you have a vital interest in it."

The letter pointed out that many local organizations have gone on record in favor of a track for the Cranford High School track team and have informed the Board of Education and Township Committee of their endorsements.

"Our club," the letter to the Recreation Committee said, "has been requesting the Board of Education to build a track for quite a number of years. We have felt, and still feel, that a track is not only something which is deserved by the high school track team and its coach, J. Seth Weekly, but is a necessity if Cranford High School is to carry out the athletic policies which have been set up by the Board of Education, the superintendent of our schools, and the high school principal. These policies have been made known to the Boosters' Club at several meetings of the board."

The Boosters' Club said it feels the Board of Education and the Township Committee each may be waiting for the other "to instigate a joint meeting to discuss the use of Memorial Field for a track."

"Since Memorial Field is the property of the township they may feel that they should be invited to discuss its use by them. Since the track would be built by the board, the Township Committee may be waiting for the Board of Education to request such a meeting," the letter said.

A track for the high school team has previously been endorsed by the Cranford Women's Republican Club, Colony Club, Business and Professional Women, Village Improvement Association, Rotary Club and the Lions Club. All the communications have been referred by the Board of Education to its health and athletics committee headed by Mrs. G. Holmes Williams.

Mayor Fred P. Andersen has indicated approval for the project, but the Township Committee has referred all communications to the committee of the whole. Neither group has taken any action to date.

The Boosters' Club letter is the first sent to the Recreation Committee on the project although the subject has been considered informally by the recreation group.

May Adopt 'Cougars'

At a meeting tomorrow, the Student Council of Cranford High School is expected to select the nickname "Cougars" for its athletic teams.

The high school has never had a formal nickname, although the name "Blues" has been used for several years by newspapers and others as a convenience.

The question of a nickname came up last spring when the Student Council considered a large number of names. None was officially adopted, although Cougars seemed to be the most popular. At a meeting two weeks ago, a committee was named to determine if some type of attire could be found to go with the nickname such as the Columbia University "Lion."

A student committee of William Livingston and Sharon Austin investigated and found that such a suit can be purchased for between $80 and $90. If the name is adopted it is expected such a suit will be purchased.

Earlier reports that the name Cougar was to be adopted apparently were premature.

The student council turned down the name Blues because a mascot in connection with it would not be possible.

In case you're interested, Webster's New Collegiate Dictionary defines a Cougar as follows: "A large quadruped (felis concolor) of the cat family, tawny-brown in color without spots, found from Canada to Patagonia;—called also puma, panther, catamount and mountain lion."

Township Committee will meet at 8:30 p.m. Monday instead of Tuesday because of General Election, Township Clerk J. Walter Coffee announced today.

High Bacteria Counts to Net Summonses

Following one more educational campaign and one more "swab test" in local places serving food and drinks, the Board of Health plans to inaugurate a "get tough" policy with continual violators in the matter of excess bacteria on multi-use utensils, it was reported today by Health Officer William P. Smith.

Mr. Smith said that of 21 such places regularly inspected, four have been continuous violators of the provision that there shall be a bacteria count of less than 100 per utensil.

This, he said, has been the case in spite of the fact that after each test he has gone back and instructed offenders in the proper washing and sanitizing of multi-use utensils.

The local ordinance covering such offenses was passed on December 22, 1952.

"This ordinance has been in effect a sufficient length of time and our program has been carried on long enough to make such repetition by the same offenders inexcusable," Health Officer Smith said.

He added that all local restaurants, taverns, diners, confectionery stores, soda fountains and similar establishments have been warned, and that following the next tests and education program

Taxpayers' Unit Elects

Richard J. Kaul, former member of the Board of Education, was elected president of the Cranford Taxpayers' Association at the annual meeting last Thursday night in the municipal building. He succeeds Roderick W. Smith, who has served as president for the past five years.

Other officers are: Vice-president, Robert E. Crane; treasurer, Warren D. Sculthorp; and secretary, R. S. Hunicke. M. Hunicke succeeds Carroll K. Sellers, who has served as secretary since the association was incorporated 15 years ago.

New directors include John H. McClintock, also a former member of the Board of Education, and Albert E. Johnson. The new officers will assume their duties January 1.

Committees were appointed to confer with the Township Committee and the Board of Education on their budgets for the coming year prior to the presentation of the budgets. Serving on the committee to confer with the

Vacation For Students Next Week

A five-day vacation starts for Cranford's public school students on Monday and continues through next Friday.

On Monday, the annual teachers' workshop will be held, while Tuesday is Election Day. The schools will be closed next Thursday and Firday for the annual convention of the New Jersey Education Association in Atlantic City. Rather than open the schools for one day, there will be no classes on Wednesday.

In compliance with a new state law, X-ray examinations will be available for all teachers of the public school system from 8 to 10 a.m. Monday at Cranford High School. Later, in the morning, x-rays will be given students who had a reaction to the patch tests given the first week of school.

Dr. Norton L. Beach, professor of education at Teachers College of Columbia University, will be the keynote speaker at the teachers' workshop at 10:15 a.m. Monday in the auditorium of Cranford High School. "The Public and Our Schools" is the theme of the institute.

Dr. Howard R. Best, superintendent of schools, will welcome the teachers. A question period will follow Dr. Beach's talk.

Following luncheon in the school cafeteria, 11 discussion groups will be formed on various aspects of improving public relations. Resumes of the discussion will be submitted at a general session in the auditorium at 2:30 p.m.

Health Officer William P. Smith of 1018 Orange avenue attended a meeting of health officials from throughout the state in Trenton yesterday.

Sen. Hand, Mayor Sheldon Methodist Forum Speakers

State Senator Kenneth C. Hand of Westfield, Republican incumbent, and Mayor Robert L. Sheldon of Roselle Park, Democrat, opponents for a four-year term for state senator from Union County at Tuesday's General Election, will be guest speakers at a forum Sunday afternoon at 4 o'clock in the auditorium of the Educational Building of the Cranford Methodist Church.

They will discuss campaign issues, including the $100 million water supply bond issue. The forum will be sponsored by the Methodist Men's Club. Kenneth Stewart of the church will be moderator.

A question and answer period will follow the talks.

Senator Hand has been serving in his present post for eight years and previously served as a Union County assemblyman for five years. A veteran of World War I, he was an assistant county prosecutor for three years. Senator Hand is a graduate of Rutgers University and Columbia Law School and now practices law in Elizabeth. He recently moved to Westfield from Elizabeth.

Mayor Sheldon has been a resident of Roselle Park 30 years. Also a lawyer, he has his offices in Roselle Park. He was educated in Roselle Park schools and Duke University, Durham, N. C., where he was captain of the debating team. A veteran of World War II, he is serving his second term as mayor.

Debating Spring Term

Under consideration by the officers of the Cranford Adult School is the question of whether or not to conduct a spring semester.

If there is any response at all, a spring semester will be held, Channing Rudd, president-director, reports. However, he said an enrollment of at least 300 would be necessary for such an undertaking. It would hardly be worth while to open the high school building for any smaller enrollment, Mr. Rudd said.

The school officials are studying the second semester proposal because of the declining enrollment in both the fall and spring semesters in recent years. This trend is evident in many area adult schools, Gerhard Kellner, registrar, reports.

Some of the decrease in enrollment was caused by new schools starting in other towns. When Fanwood-Scotch Plains opened an adult school this year, the Cranford Adult School lost between 40 and 50 regular students.

School officials are also considering ways of better publicizing the school, but nothing definite has been decided on this.

Schools, Banks, Library Closing For Election Day

Local schools, municipal offices, banks and the Public Library will be closed all day Tuesday because of Election Day.

Dr. Kenneth Campbell MacKay, president and dean, announced that Union Junior College will remain open for regular day and evening sessions.

Because of the legal holiday, motorists will not be required to put coins in parking meters Tuesday, Police Chief William A. Fischer reported.

CHS Seniors Offer 'Smoky Mountain'

The senior class of Cranford High School will present its annual play "Smoky Mountain" on November 18 and 19 in the high school auditorium.

Tickets can be purchased from members of the senior class and reserve seat tickets are available at the school.

Warm, Wet Weather Blamed For Infestation by Houseflies

The large number of flies which have been pestering residents of this area during the past week are a direct result of recent heavy rainfall, Township Engineer Patrick J. Grall explained today. He said the species is one that breeds in wet, damp grounds and is encouraged by warm, rainy weather. There were 12 days of rain here during October, with 10.13 inches of rain recorded for the month, the engineer added.

Mr. Grall related that in addition to the regular spraying program carried on at the municipal dumps every two weeks, special spraying was done there on Monday because of the heavy infestation of flies. He said extra spraying will be continued until there is a change to colder weather.

During this season's program at the dumps, the Public Works Department has used 6,000 gallons of spray containing several different insecticides. Extra spraying also was done after the recent floods, the engineer reported, and on September 5 he had an outside company, the Accurate Tool Company of Summit, come in to spray the local dump and the entire surrounding area.

An inspection was made at the dumps on Monday by Health Officer William P. Smith and a representative of the State Board of Health.

This followed reports that Health Officer Henry F. Gavan of Linden had said he though flies bothering residents of the Berlant Park section of Linden were coming from a swamp and the Cranford municipal dump, directly behind the affected homes.

In view of recent weather conditions and the spraying program

Retirement Plan Favored By Teachers

Cranford teachers and janitors were unanimous in approving a new state-wide retirement system which would include social security.

In secret balloting last Wednesday and Thursday, 161 teachers and janitors voted in favor of the new system and one vote was declared void, Dr. Howard R. Best, superintendent of schools, announced. There was a 100 percent turnout, Dr. Best reports.

The unanimous approval of the plan by local teachers and janitors was attributed to a series of three meetings held here in the past six months on the program, Dr. Best said. He said the teachers were carefully briefed on the benefits of the system.

The election was conducted by a committee headed by G. Frank Zimmerman, principal of Cranford High School, which included Mrs. Ruth Janovsik, supervisor of elementary education, and Mrs. Doris Newswanger, president of the Cranford Teachers' Association. Committees were appointed in each of the seven Cranford schools to conduct the election.

A majority of all those eligible in the state approved the new plan, which is retroactive to January 1.

Kessler Institute Director Speaks To Junior VIA

William K. Page, executive director of the Kessler Institute for Rehabilitation, West Orange, spoke last Thursday evening on the work being done for the upper extremity amputee. He was introduced at the regular meeting of the Junior Village Improvement Association by Mrs. William Palmatier, president.

He told the group that an individual fitted with an artificial limb is given assurance of scope of life opportunity. This assurance enables the patient to live a normal, productive existence and is the basic contribution made by the organizations supporting the work of the institute and affording funds for prosthesis and research.

The State project of the Junior Membership Department of the New Jersey State Federation of Women's Clubs is the Upper Extremity Amputee Fund. On November 19, a state-wide tag day will be held. Members of the Junior VIA will be selling these tags in Cranford. The Upper Extremity Amputee Fund is being set up to provide the means for securing prosthesis and rehabilitation for individuals who do not have the means of procuring it for themselves. A board will be set up from both Junior and Senior Departments to receive requests for help and allocate available funds.

Mrs. Palmatier introduced the following guests: Mrs. Walter Conley, Village Improvement Association; Mrs. James F. Burnash, Wednesday Morning Club; Mrs. Harold Buckman, Couples Club, First Presbyterian Church, and Mrs. Wilbur V. Schindler, Women's Association, First Presbyterian Church.

The following young women were introduced by Miss Joan Baureis, membership chairman, as having fulfilled requirements for membership in the Junior V.I.A. and they were welcomed by the members: Mrs. William Pflug, Mrs. Howard Trombley, Mrs. Ann Ainsworth, Mrs. Barbara Batten, Mrs. Marion Simonson, and Mrs. Frank Coons.

Mrs. Richard Woolley, Mrs. Philip Pearlman, Miss Katherine Dustin and Mrs. Edward Geiger were welcomed as guests. Mrs. L. Richins, adviser for the VIA was present.

Also announced were plans for a chicken dinner to be served from 5 to 8:30 p.m. on December 10. Proceeds will help defray the expenses of the post's annual children's Christmas party on December 18.

Study Records Of Opponents, Mayor Asks

Maintaining that the Board of Freeholders, consisting of nine Republican men, have "properly represented Union County's entire population, as all elected officials should do," Freeholder Frederick P. Andersen, who also holds the non-compensatory job as mayor of Cranford, urged voters to "study our records before giving consideration to our opponents," in a statement issued by him yesterday.

"To properly represent the people is the sworn duty of every elected official," said Mayor Andersen, who is a candidate for a one-year term at the November 8 election. "Republicans understand and practice that philosophy. We feel that on the record and by reason of the experience of the Republican team, we should receive the support of the electorate at the election," he continued.

"Under successive Republican Boards of Freeholders, which have administered Union County since the institution of the small board in 1933, a great deal of progress has been made for the people of Union County."

The freeholder pointed to several major projects as follows:

Improved county and municipal cooperation through the establishment of an appropriate committee for that purpose with the board.

Provision of a means to coordinate municipal planning activities through the appointment of an appropriate and effective subcommittee.

Vigorously supported the successful activities of the Inter-Municipal Water Committee in its handling of the local water problem.

Brought bonded indebtedness, using 1950 census figures, down to $17.55 per capita, as contrasting with an average of all other New Jersey counties of $23.16.

"Adjusted for population growth since 1950, Union County's per capita debt is nearer $15," Mayor Andersen declared. "We have reduced interest charges since 1932 by approximately 75 percent. Taxes to operate county government, on estimated current population, are about $1.25 per month per person this year, nearly 50 percent of which is for welfare programs.

"This constitutes good management. It should be remembered, however, that this result was achieved through prudent policies and not by exploitation. To the best of our knowledge, the only county in the state which includes a prevailing wage clause in its contracts is Union County."

"In our opinion, this is as it should be. We are a county which has, to a greater extent than any other in New Jersey, a mixture of agriculture, industry and management," Mayor Andersen concluded.

American Party Stays in Power At Junior College

The American Party continues as the dominant political force at Union Junior College.

Since the party was founded in 1939 it has lost only one annual election. At the Student Council election held last Thursday, the American Party elected the following candidates: James Hall of Cranford, John Forbes of Springfield, Raymond Check of Avenel, Maureen Decker of Elizabeth and Naomi Mazza of Elizabeth.

Losing candidates for the United Party were: Richard Fedele of Somerville, John Spitz of Hillside, Linda Olsen of Berkeley Heights, Patricia Bailey of Cranford and Richard Carroll of North Plainfield.

David Sanyour of 414 North Union avenue, who was elected to the Student Council last year on the American Party ticket, was chairman of the election board.

Prior to the balloting last Thursday, a student assembly was held at which the candidates spoke.

The new Student Council will meet soon to draw up a budget and to elect officers.

Fund Given $1,000 Check By Church

A contribution of $1,000 has been made by the First Baptist Church to the Freedom Fund of the Plainfield Branch of the National Association for the Advancement of Colored People.

Dr. Benjamin W. P. Allen, pastor, who presented the check to the chapter, said the money is to be sent to the national office of the NAACP in New York for its Legal Defense and Education Fund directed by Thurgood Marshall.

Dr. Allen presented the check to Miss Eleanora K. Terrell of Plainfield, president of the Plainfield Branch. The church also was represented by Thomas Brown, church auditor, and Deacon James Kelsey, church clerk. The chapter was also represented by Mrs. Fred F. Durrah of Plainfield, chairman of the Freedom Fund; and Mrs. Eva B. Feilds of Plainfield, vice-president of the chapter.

The money, Dr. Allen said, will be used to implement the decision of the Supreme Court concerning equality for Negroes in public schools. Test cases are planned where necessary to force action to implement the decision, Dr. Allen explained.

This summer the church contributed $1,000 to the United Negro College Fund and for the past three years gave $1,000 yearly to the Virginia Union Theological Seminary in Richmond, Va.

An annual contribution of $1,000 for the NAACP'S Legal Defense and Educational Fund will be budgeted by the church, Dr. Allen said.

Legal Aid Society Services Outlined For Kiwanis Club

Henry Kruse, Jr., of Chatham, a member of the legal staff of the Union County Legal Aid Society, told of the assistance given those in need of such services, at the meeting of the Cranford Kiwanis Club at Markos Restaurant on Tuesday.

Mr. Kruse spoke of the founding of the Legal Aid Society and then by use of case-histories showed the type of work the organization is doing. Most of the services rendered are in the form of consultation, rather than actual handling of court cases, he said.

He pointed out that although housed in offices in the Union County Court House, the society is a private agency and is supported financially largely by the members of the legal profession.

He told the club that in many of the cases the clients pay small fees. About a thousand persons a year make use of the services of the office. Mr. Kruse was introduced by James F. Kervick.

The birthday anniversary of Dr. William Silverman was noted.

Dr. John J. O'Leary, in charge of collections for the business and industrial division of the Cranford United Fund, asked that members who still have calls to make complete them as soon as possible. Halloween 'Quiet' Here

One false alarm and several cases of vandalism were reported to the police on Halloween, but things were very quiet locally in comparison with former years, it was reported today by Capt. Lester W. Powell, who was in charge of special assignments for regular and auxiliary police.

Thirty-three members of the regular department reported at police headquarters for assignments at 6:30 p.m., Capt. Powell related and 26 members of the Auxiliary Police reported for duty at 7 p.m. Monday.

The false alarm was turned in from Box 24, South Union avenue and Marsh street, at 9:13 p.m. Three police cars checked the area but were unsuccessful in their search for the culprits. Capt. Powell said the investigation would continue.

First report of vandalism was received at police headquarters at 6:45 p.m. Monday, when Mrs. Ida Freund of 12 Collins avenue called to say a stone had been thrown through a storm window on the front of her house. Investigation by Patrolman Alfred Grickowski indicated that the window pane was broken by a pellet from an air gun.

At 7:35 p.m. two minor boys reported to the police that they had been assulted on Eastman street by three older boys who took a flashlight and a Halloween bag from them. One of the younger boys said he was hit on the side of the head with a sandbag. He was taken home to his parents, who said they would take him to the family doctor. Investigation of this incident also was continuing.

Mrs. Thomas Nolan of 321 Retford avenue reported at 8:50 p.m. that boys were committing acts of vandalism at her home. Patrolman Grickowski apprehended three youths who were interviewed by Capt. Powell at headquarters and then turned over to their parents pending further investigation.

At 9:35 p.m., Patrolman Ralph Koury apprehended two boys who were taking pumpkin jack-o-lanterns from porches and smashing them. They were turned over to their parents for disciplinary action.

The auxiliary men and regular officers on special duty were dismissed at 11 p.m.

Mental Hygiene Clinic Work Told League by Dr. Schaefer

The work of the Mental Hygiene Clinic of Union County, Plainfield, was explained to the members of the Cranford Junior Service League on Tuesday at a regular monthly meeting by Dr. Phyllis Schaefer, medical director and chief psychiatrist of the clinic.

Cranford people give through separate fund drive and this amount has supported 5 percent of the budget. But because of the National government funds allotted to the clinic, Cranford receives 9 percent of the help. The staff has two psychiatrists, four social workers, a psychologist and a graduate student training for social work.

An initial interview with a psychiatric social worker determines what treatment a patient needs. Professional counselling is given. The fee for this service is based on the family's ability to pay and is on a sliding scale. When the patient can't pay all, the difference is made up of the sum contributed by his communtiy.

Dr. Schaefer illustrated the reasons why people need psychiatric help by telling of the personality problems and emotional difficulties of their patients. She used a case history in which the mother and son were involved, and both needed counselling.

After the conclusion of the business meeting, tea was served. Mrs. Charick Rosencrantz and Mrs. William Hanzl poured. Mrs. Edmund B. Faulkner was hostess.

Donations amounting to $650 were authorized by the Junior Service League board at a meeting Monday afternoon. The Cranford Welfare Association was given $250 to fill Christmas stockings and the Children's Service Committee was given $400.

LWV Slates First Meeting

The first general meeting since the organization of the Cranford League of Women Voters will be held this evening at 8:30 at Union Junior College, for the purpose of introducing the membership to the attitudes and techniques involved in the production of the "Know Your Town" booklet, the group's first local project.

Mrs. S. Robert Christensen, president, will preside and introduce Mrs. Elmer A. Koyen, "Know Your Town" chairman, who, in turn, will introduce a panel composed of Mrs. Edward Coe, Mrs. J. Walter Coffee, Mrs. Norman D. Goldsmith, Mrs. Warren S. Peret, Mrs. Charles Redden and Mrs. Irving Wilner.

Mrs. K. D. Smith of Westfield, representing the State League of Women Voters Organization Committee, will lead the discussion of sample questions to be explored by the Cranford group in the "Know Your Town" survey, after which the membership will move to "buzz session" tables for a closer look at each chapter heading in the booklet: Town characteristics (including housing, planning, zoning), town government (political organization and elections, police and fire protection, etc.) town personnel (finances, equipment, education, recreation), and public health and sanitation (streets, transportation, utilities, welfare). Mrs. Roland Graham, Mrs. Redden, Mrs. Peret and Mrs. Coffee will lead the discussions at the tables.

Mrs. Christensen states that the Voters' Service chairmanship previously announced as offered to Mrs. Redden had to be withdrawn when it was realized that Mrs. Redden's post on the Board of Education precluded her services on the league's Board of Directors. Though the league urges all members to participate in political activities in the parties of their choice, in order to preserve its non-partisan nature, no nominated or elected government or political party official may serve on the league's Board of Directors. Mrs. Redden will assist Mrs. Koyen with the "Know Your Town" project.

Mrs. Richard Bradfield, Jr., a newcomer to Cranford, formerly an active member of the league in Ithaca, N. Y., has assumed the voters' service chairmanship. Over 2,000 "Know Your Candidate" sheets have been distributed to voters in Cranford during the past week, with the assistance of Mrs. Joseph E. Hawkins, Jr., Mrs. Christensen, and Mrs. Peret. Volunteers will be requested at tonight's meeting to distribute these informative sheets at the railroad station and downtown tomorrow evening. They are also available at the Cranford Public Library.

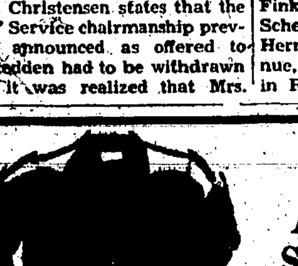

Mrs. William Isaac has been selected budget chairman and will present the budget for approval at tonight's meeting.

Mrs. John Mullins has been selected hospitality chairman and will be in charge of the refreshments this evening.

The board of directors will meet Tuesday evening, at the home of Mrs. John L. Snook, Jr., 113 Glenwood road.

Mr. and Mrs. Edward Finkel of Linden have announced the birth of a son Monday evening in Muhlenberg Hospital, Plainfield. Mrs. Finkel is the former Florence Scher, daughter of Mr. and Mrs. Herman Scher of 347 Walnut avenue, and formerly was a secretary in Roosevelt School.

the Snapshot Guild

It's the light on the subject that counts; camera user could be in complete darkness and still get a picture.

Light Makes Your Snapshots

Have you ever thought about how important a factor light is in taking pictures? As a matter of fact, there would be no picture at all without it. For it is the light entering your camera when you open the shutter that creates the image on the film—light that is reflected from the subject, into your camera, and on to the film.

In taking pictures, the lens and shutter of your camera act just as the human eye does. The iris of the eye admits light, which in turn registers an image on the retina. Just as the iris adjusts automatically to brighter or weaker light, your camera lets you accomplish the same effect by means of its adjustable lens and shutter.

Film has a fixed sensitivity—it requires just so much light to register a picture. Too much light produces over-exposure—a chalky, "burned-up" look. Too little light results in under-exposure—darkness, lack of detail, or even no picture at all.

Whenever we use an adjustable camera, we have to decide what will be the best lens opening and shutter speed for a particular picture. And this, of course, is based on the amount of light reaching the subject.

Note that we said "light reaching the *subject*"—not on the camera or on the person behind it. In picture-taking, it's the light on the subject that counts, not the amount of light where the camera is. As long as your subject is well-lighted, everything else may be in the densest shade and it won't affect your picture one bit!

To obtain exactly the right quantity of light every time you take a picture, you soon learn to mix a little observation with a little mechanical help. The easiest mechanical assistance for you to have is the exposure table packed with most film—or perhaps you'd prefer one of the 25-cent pocket-size guides which allow you to dial the proper exposure for any given weather conditions, film, distance, etc.

Pil-O-Bar Installed By Cleaner

Westminster Cleaners of Linden, with a branch store in Kenilworth, have announced installation of a new service, a large stainless steel and glass machine, called the Pil-O-Bar, which automatically sterilizes and deodorizes pillows.

According to Milton and Seymour Goldberg, owners, the feathers from one pillow at a time are tumbled in a stainless steel drum to remove the sneeze producing dust and powdered feathers. Ten powerful ultra violet ray lamps—the same as are used in hospitals—kill 95 percent of the germs. Ozone, a super powered form of pure oxygen, removes every trace of perspiration and other odors.

Then the feathers are fluffed and blown by air into a new ticking. The pillows are cleaned individually. The feathers from one pillow are never mixed with feathers from another pillow.

The public has been invited to view the new machine in action. They will see an attendant slit one end of the old ticking and insert the pillow in the top of the machine. The feathers go into the large cylinder that revolves at the touch of a button. Afterward, the feathers are blown into the new ticking where they are treated with the ozone to completely deodorize them. Often, a quart of dirt is removed from one standard sized pillow, Mr. Goldbert points out. This falls into a drawer in the bottom of the machine.

Braille Department Makes Greeting Cards

The Braille Department of the Junior Village Improvement Association met last night at the home of Mrs. John Boffa, braille chairman, to make greeting cards for those with a partial loss of sight, both adults and children.

Mrs. Boffa asked that eye-glasses be brought to the next meeting. She stated that the gold in the frames is used to purchase artificial eyes and the lenses are sent by the commission to India.

The following members attended the meeting: Mrs. Paul K. Wilson, Jr., Mrs. Philip Pearlman, Miss Joan Baureis, Mrs. Marion Simonsen, and Mrs. William Palmatier.

Mental Hygiene Clinic Work Told League by Dr. Schaefer

The work of the Mental Hygiene Clinic of Union County, Plainfield, was explained to the members of the Cranford Junior Service League on Tuesday at a regular monthly meeting by Dr. Phyllis Schaefer, medical director and chief psychiatrist of the clinic.

Cranford people give through separate fund drive and this amount has supported 5 percent of the budget. But because of the National government funds allotted to the clinic, Cranford receives 9 percent of the help. The staff has two psychiatrists, four social workers, a psychologist and a graduate student training for social work.

An initial interview with a psychiatric social worker determines what treatment a patient needs. Professional counselling is given. The fee for this service is based on the family's ability to pay and is on a sliding scale. When the patient can't pay all, the difference is made up of the sum contributed by his community.

Dr. Schaefer illustrated the reasons why people need psychiatric help by telling of the personality problems and emotional difficulties of their patients. She used a case history in which the mother and son were involved, and both needed counselling.

After the conclusion of the business meeting, tea was served. Mrs. Charick Rosencrantz and Mrs. William Hanzl poured. Mrs. Edmund B. Faulkner was hostess.

Donations amounting to $650 were authorized by the Junior Service League board at a meeting Monday afternoon. The Cranford Welfare Association was given $250 to fill Christmas stockings and the Children's Service Committee was given $400.

LWV Slates First Meeting

The first general meeting since the organization of the Cranford League of Women Voters will be held this evening at 8:30 at Union Junior College, for the purpose of introducing the membership to the attitudes and techniques involved in the production of the "Know Your Town" booklet, the group's first local project.

Mrs. S. Robert Christensen, president, will preside and introduce Mrs. Elmer A. Koyen, "Know Your Town" chairman, who, in turn, will introduce a panel composed of Mrs. Edward Coe, Mrs. J. Walter Coffee, Mrs. Norman D. Goldsmith, Mrs. Warren S. Peret, Mrs. Charles Redden and Mrs. Irving Wilner.

Mrs. K. D. Smith of Westfield, representing the State League of Women Voters Organization Committee, will lead the discussion of sample questions to be explored by the Cranford group in the "Know Your Town" survey, after which the membership will move to "buzz session" tables for a closer look at each chapter heading in the booklet: Town characteristics (including housing, planning, zoning), town government (political organization and elections, police and fire protection, etc.) town personnel (finances, equipment, education, recreation), and public health and sanitation (streets, transportation, utilities, welfare). Mrs. Roland Graham, Mrs. Redden, Mrs. Peret and Mrs. Coffee will lead the discussions at the tables.

Mrs. Christensen states that the Voters' Service chairmanship previously announced as offered to Mrs. Redden had to be withdrawn when it was realized that Mrs. Redden's post on the Board of Education precluded her services on the league's Board of Directors. Though the league urges all members to participate in political activities in the parties of their choice, in order to preserve its non-partisan nature, no nominated or elected government or political party official may serve on the league's Board of Directors. Mrs. Redden will assist Mrs. Koyen with the "Know Your Town" project.

Mrs. Richard Bradfield, Jr., a newcomer to Cranford, formerly an active member of the league in Ithaca, N. Y., has assumed the voters' service chairmanship. Over 2,000 "Know Your Candidates" sheets have been distributed to voters in Cranford during the past week, with the assistance of Mrs. Joseph E. Hawkins, Jr., Mrs. Christensen, and Mrs. Peret. Volunteers will be requested at tonight's meeting to distribute these informative sheets at the railroad station and downtown tomorrow evening. They are also available at the Cranford Public Library.

Mrs. William Isaac has been selected budget chairman and will present the budget for approval at tonight's meeting.

Mrs. John Mullins has been selected hospitality chairman and will be in charge of the refreshments this evening.

The board of directors will meet Tuesday evening, at the home of Mrs. John L. Snook, Jr., 113 Glenwood road.

the Snapshot Guild

It's the light on the subject that counts; camera user could be in complete darkness and still get a picture.

Light Makes Your Snapshots

Have you ever thought about how important a factor light is in taking pictures? As a matter of fact, there would be no picture at all without it. For it is the light entering your camera when you open the shutter that creates the image on the film—light that is reflected from the subject, into your camera, and on to the film.

In taking pictures, the lens and shutter of your camera act just as the human eye does. The iris of the eye admits light, which in turn registers an image on the retina. Just as the iris adjusts automatically to brighter or weaker light, your camera lets you accomplish the same effect by means of its adjustable lens and shutter.

Film has a fixed sensitivity—it requires just so much light to register a picture. Too much light produces over-exposure—a chalky, "burned-up" look. Too little light results in under-exposure—darkness, lack of detail, or even no picture at all.

Whenever we use an adjustable camera, we have to decide what will be the best lens opening and shutter speed for a particular picture. And this, of course, is based on the amount of light reaching the subject.

Note that we said "light reaching the subject"—not on the camera or on the person behind it. In picture-taking, it's the light on the subject that counts, not the amount of light where the camera is. As long as your subject is well-lighted, everything else may be in the densest shade and it won't affect your picture one bit!

To obtain exactly the right quantity of light every time you take a picture, you soon learn to mix a little observation with a little mechanical help. The easiest mechanical assistance for you to have is the exposure table packed with most film—or perhaps you'd prefer one of the 25-cent pocket-size guides which allow you to dial the proper exposure for any given weather conditions, film, distance, etc.

Better Than Plain

Rather than having plain coffee cake, spread this on the batter before baking for extra deliciousness: 3 tablespoons softened butter mixed with 2 tablespoons honey and ½ cup well-drained pineapple.

Pil-O-Bar Installed By Cleaner

Westminster Cleaners of Linden, with a branch store in Kenilworth, have announced installation of a new service, a large stainless steel and glass machine, called the Pil-O-Bar, which automatically sterilizes and deodorizes pillows.

According to Milton and Seymour Goldberg, owners, the feathers from one pillow at a time are tumbled in a stainless steel drum to remove the sneeze producing dust and powdered feathers. Ten powerful ultra violet ray lamps—the same as are used in hospitals—kill 95 percent of the germs. Ozone, a super powered form of pure oxygen, removes every trace of perspiration and other odors.

Then the feathers are fluffed and blown by air into a new ticking. The pillows are cleaned individually. The feathers from one pillow are never mixed with feathers from another pillow.

The public has been invited to view the new machine in action. They will see an attendant slit one end of the old ticking and insert the pillow in the top of the machine. The feathers go into the large cylinder that revolves at the touch of a button. Afterward, the feathers are blown into the new ticking where they are treated with the ozone to completely deodorize them. Often, a quart of dirt is removed from one standard sized pillow, Mr. Goldbert points out. This falls into a drawer in the bottom of the machine.

Two Wins, Tie In Park Competition

Two wins and a tie was Cranford's record last week-end in football competition with Roselle Park.

The varsity gained a 7-0 win Saturday afternoon and the junior varsity won, 7-6, Monday afternoon at Memorial Field. On Friday, the freshman squads played a scoreless deadlock. This was a see-saw contest and well played.

Braille Department Makes Greeting Cards

The Braille Department of the Junior Village Improvement Association met last night at the home of Mrs. John Boffa, braille chairman, to make greeting cards for those with a partial loss of sight, both adults and children.

These cards are made of napped fabrics that can be felt and designs and greetings are simple and bold for easy reading. The finished cards and envelopes are sent to the New Jersey Commission for the Blind for distribution to the patients.

Mrs. Boffa asked that eye-glasses be brought to the next meeting. She stated that the gold in the frames is used to purchase artificial eyes and the lenses are sent by the commission to India.

The following members attended the meeting: Mrs. Paul K. Wilson, Jr., Mrs. Philip Pearlman, Miss Joan Baureis, Mrs. Marion Simonsen, and Mrs. William Palmatier.

Movie Council Selects Shows For Matinees

Motion pictures to be shown at the children's matinees on Saturdays during November at the Cranford Theatre were selected by the VIA Movie Council on Monday evening at a meeting at the home of Mrs. Arthur Venneri.

The following motion pictures will be shown: Saturday, "Abbott and Costello Meet the Invisible Man;" November 12, "Lord of the Jungle" and "The Savage;" November 19, "Mars Attacks the World;" and November 26, "Sandy Gets Her Man."

Attending the meeting were: Mrs. LeRoy Wilson, Mrs. Herman Oeincke, Mrs. George Gillen, Mrs. Russell Mathews and Mrs. Herbert Mitchell of the Evening Department, and Mrs. Frederick J. Thome of the Junior VIA.

Mrs. Gillen reported that the hostesses for November would be provided by the Parent-Teacher Association of Cleveland School.

Blues Favored in Contest Saturday With Scrappy, Speedy Roselle Eleven

Coach Stan Grayson's football forces will get a chance Saturday morning to prove that they belong among the top elevens in Union County this season. Roselle, which has tasted defeat by Regional and Union by big scores, will provide the competition for the Blues at 10:30 a.m. at Memorial Field.

On the basis of its better 4-2 record, Cranford must be rated a solid favorite in this game, but Roselle has proven it can be tough. With a 3-3 record, the Rams have defeated Scotch Plains, Bound Brook and Flemington, but lost to Hillside, Union and Regional.

Roselle was particularly impressive against Regional, holding the bigger, more experienced Springfield eleven to a 0-0 tie in the first half before losing, 23-0. The Rams lost to Union by a 27-0 score.

Hillside has been the only mutual opponent of the teams. While the Rams dropped a 12-6 decision to the Comets, Cranford rolled to a 26-12 victory.

While Roselle can be scored upon, the Rams have shown a potent attack led by diminutive Nick Clark, a speedy, elusive ball carrier. The offense lacks power, but has plenty of speed and some passing featuring the pass catching of Tico Davis, an experienced end.

Coach Grayson says the Blues must stop Clark to take this game. He broke loose for three touchdowns against Flemington on Saturday and he scored twice on long runs against Bound Brook and just missed another. Davis has been the favorite target for Roselle's passes all season long.

Because of an ankle injury suffered in the Roselle Park game on Saturday, Leroy Wilson, fine running and pass-catching halfback, may not start. If he is unable to go, John McCarthy will get the nod. Eric Tarver also has a leg injury and Walt Keve may start in his place.

Coach Grayson reports Steve Zulick will be given special attention in practice this week so he'll be ready to replace Ed Johnson as quarterback if necessary. George Williams, junior varsity quarterback, also may get to see action. Another junior varsity performer, Richard Frutchey, will be added to the varsity squad and may see action Saturday.

A weak pass defense and a porous middle of the line have hurt the Rams throughout most of the season. Cranford has been able to pass and run up the middle effectively. The Blues should be able to score early and often, but Roselle can do the same.

Cranford has shown much better defensive play so far this season and rates the favorites' role for that reason as well as because of a better balanced attack. The Blues also have more experience and more depth, but experience is becoming less and less important with each passing week.

Cranford won last year, 14-9, after trailing 9-0 at the end of the first period. The Blues then started to pass and found the Roselle defense lacking.

Standings Hold After Bumper Night

The bumper night matches Friday night failed to make any major change in the top standings in the Cranford Bowling League. Shaheen Agency, winning two from Barnett's Liquors, widened its lead to two full games. Cranford Shoe, taking a pair from Harco Chemical, is in third place, trailing Barnett's by a game, and Harco Chemical and the Lions Club are tied for fourth, a half-a-game behind the Shoe Store keglers.

Sweeps were turned in by Errico Trucking over Lehigh Esso, Police Department over Hayeck's Foods, Harris, Ltd., over Lind's Pharmacy and the Men's League over Builders' General.

Roberts of Errico Trucking turned in a 673 series Friday night, high for the season. He put together games of 224, 204 and 245 and materially aided his mates in winning a sweep. Marshall of the Democratic Club put together games of 212, 193 and 224 for a 629 series.

Boosters Suffering Through 20-Game Winless Streak

This has been a long, unpleasant season for Coach Courtland Daley and his Cranford High School soccer team.

With an experienced team on hand, the Blues expected to improve on its record of recent years, but so far the squad has been unable to come up with its first win of the year.

After losing 10 games last year, the team has shown improvement with four ties in nine games this season. Cranford has not won a soccer game since November, 1953, when they topped Irvington Tech, 4-0, as Bruce Holck kicked in four goals. A loss to Jefferson followed this win and the team lost all 10 games last year. This 11-game losing streak was broken when the Blues gained a tie in its first game this year against Verona.

Cranford now has gone through 20 games without a victory. In most of the games this year, the margin of loss was very slim. The boys have been playing good, spirited soccer, but bad breaks and poor luck have kept them away from winning.

As the team nears the end of the season, it has hopes things will improve. However, the chances of topping powerful Chatham are very poor, while Linden also will be no pushover.

Three Grid Battles With Roselle Slated

A three-game football card with Roselle is on the sports schedule of Cranford High School this week end.

Coach Bill Martin's freshman gridders open the activity, meeting the Roselle frosh at Roselle tomorrow afternoon. They will be seeking to improve their 2-1-1 record.

Following the varsity tilt on Saturday morning at Memorial Field, Coach Jim Avery will send his junior varsity eleven after its sixth consecutive win this season at Roselle on Monday.

On Tuesday, Election Day, Coach Martin's eleven will take on Linden at Linden. This game was scheduled for October 14, but was postponed because of rain and wet grounds.

The toughest soccer game of the year is on tap for the Blues on Monday afternoon at Memorial Field. Coach Courtland Daley's boys take on Chatham, one of the strongest soccer aggregations in the state. As Chatham does not field a football team, it has much more material to choose from for its soccer squad and is a perennial contender for Group II state honors.

Coach J. Seth Weekley's cross country team has only one meet this week. They take on Hillside's improving squad tomorrow afternoon at Warinanco Park, Roselle-Elizabeth. Jim Curran will go after his ninth straight victory of the season.

Globetrotters Play Sphas in Elizabeth

One of the sporting world's greatest attractions, the fabulous Harlem Globetrotters, make their only appearance in Union County for the 1955-1956 basketball season when they meet the Philadelphia Sphas in one half of a doubleheader basketball game at the Elizabeth Armory on November 13.

The Trotters, who in two previous appearances attracted capacity crowds to the Elizabeth drillshed and are drawing huge crowds throughout the world, will have all of their regulars in the line-up.

In the other half of the doubleheader, the Washington Generals meet the Boston Whirlwinds. The show is sponsored by the Elizabeth P.A.L. Christmas Basket Fund. The preliminary game starts at 2:30 p.m.

Gatesy Team Loses In Mixed Foursome

Jules Gatesy of Cranford, Shackamaxon golfing star, and Mrs. Bernard Flynn of the Rockaway River Country Club dropped a 2-and-1 decision to the medal-winning team of Bob Messer and Mrs. Alberta Moeltner of the Knoll in the final of the Garden State Women's Golf Association mixed foursome championship Sunday on the Rockaway River course.

The Cranford golfer and Mrs. Flynn went out in 39, leaving them 2 up at the turn, but they lost four of the next five holes.

Curran Wins Eighth Race

Gaining his fastest time of the season, Jim Curran won his eighth straight victory of the season as Cranford gained a 20-35 win over Dover Friday afternoon at Warinanco Park, Roselle-Elizabeth.

Curran did the two-and-a-half mile course in 13:32, probably the best time this season at the greatly used Warinanco Park course. Also scoring for Cranford were: Pete Walsh, third; Gene Griffiths, fourth; Leroy Gipson, fifth and John Munday, seventh.

It was the fifth dual meet win in six starts for the Blues. Cranford also took a second in a triangular meet with Jefferson of Elizabeth and Plainfield and took third place in the county meet.

Cranford 20, Dover 35

1. Jim Curran, Cranford; 2. Wayne Valentine, Dover; 3. Pete Walsh, Cranford; 4. Gene Griffiths, Cranford; 5. Leroy Gibson, Cranford; 6. Ed Holly, Dover; 7. John Munday, Cranford; 8. Paul Bostrom, Dover; 9. Don Sekits, Dover; 10. Bill Lansing, Dover. Time—13:32.

Jayvees Take Fifth, Topping Panthers, 7-6

Recovering from an 80-yard touchdown run on the opening kickoff, Coach Jim Avery's junior varsity football team nipped Roselle Park, 7-6, Monday afternoon at Memorial Field.

The jayvees put on a 50-yard drive in the second quarter for the six points. Bob Salinard scored from the five-yard line on a handoff from quarterback George Williams. Salinard also scored the extra point on an off-tackle slant.

The Panthers' try for the extra point on a pass play was very wide.

Although winning by only one point, the Blues outplayed Park by a much greater margin. An offside penalty in the third quarter on a long pass from Norm Muldrow to end Max Heineman called back another score.

Park never got inside the Blues' 25-yard line except for the touchdown run. Muldrow and Mike Brucato played good defensive ball for Cranford, while the return of Jack Allen and Dick Armstrong, who were out with minor injuries, strengthened the team's defense.

It was the fifth win in five games for Coach Avery's boys.

Johnson-to-Weeks Pass Combination Downs Roselle Park Eleven, 7-0

For the second consecutive year, Cranford High School's football team held Roselle Park scoreless to gain a 7-0 win Saturday afternoon at Roselle Park. The Blues won 2-0 last year.

Cranford's attack was held completely in check by a hard charging Panther line in the first half. The Blues didn't score a single first down until the third period. Both teams were stopped on the one-yard line by their opponents.

It was the fourth win in six games for the Blues, who now hold wins over North Plainfield, Millburn and Hillside. Rahway and Linden defeated the Blues in close contests.

The only score of the game came in the third quarter. Pete Rummery got the drive going by recovering a Park fumble on Cranford's 45-yard line. A pass from quarterback Ed Johnson to end Ken Weeks from the five-yard line into the end zone scored the six points. Bruce Bennett crashed through the line for the extra point.

Following the recovery by Rummery, Johnson completed a pass and then Eric Tarver hit Steve Schlapak with a toss on the five-yard line. Schlapak took the ball with defenders Walt Dean and Albert Witfill hanging all over him. The scoring play followed.

Park made a serious bid for a score in the first period as they recovered a Cranford fumble on the 27-yard line. In six plays the Panthers gained a first down on the 4½-yard line. Leo Mossucco plowed to the three-yard line, but John McCarthy dumped the Park ball carrier on the five on the next play. Witfill's attempted pass was incomplete as the Blues refused a five-yard penalty against the Panthers. Mossucco's line plunge on fourth down was just inches short of the goal.

Cranford got its first first down after receiving the second-half kickoff. This came on a 10-yard pass from Johnson to Weeks.

The Blues almost got another score in the final frame. Bennett intercepted a Panther pass on the Park 40-yard line and ran across the goal line, but this play was called back because of a clipping penalty against the Blues.

Throughout the afternoon, the Cranford defense was good. During the first half, Park's defense was even better, but the Blues opened up in the second half.

It was the fifth loss in six games for Roselle Park, which is having one of its poorest seasons on the gridiron in many years.

Early in the third period, Cranford went 42 yards to the Park two-yard line. Three cracks at the line failed with Richie McCormack sparking the Panthers' defense.

Inter-Church Bowling Loop Race Remains Wide Open

The race for the championship of the Cranford Inter-Church Bowling League remains wide open.

Community Methodist II gained a tie for first place Tuesday night with St. Paul's Methodist of Roselle by sweeping First Methodist. The only other sweep was scored by St. Paul's E. & R. II of Garwood over Temple Beth-El.

Winning two of three games were: St. Paul's Lutheran of Linden over St. Paul's Methodist, Osceola Presbyterian over Community Methodist I, Trinity Episcopal over First Presbyterian II, Cranford Methodist I over First Presbyterian II, Cranford Alliance over Temple Emanu-El, Westfield, Calvary Lutheran over Cranford Methodist I, St. Paul's E. & R. Another Tie For Booters

Playing its fourth tie of the season, Cranford High School's soccer team gained a 1-1 tie with Irvington Friday afternoon at Memorial Field.

The Blues have now gone 20 consecutive games without a victory.

Irvington scored in the opening minutes of the game. They took the ball at midfield and pushed it into a corner of the goal past goalie Jim Rice.

A short time later in the same period, Cranford tied the score. Bill Krippendorf got the score as he got a kick past the goalie.

Neither side could score for the remainder of the game. Rice again played well as did the Cranford backfield. The Blues' line also showed improvement in this contest.

OBITUARIES

Charles Henry Schmidt

Funeral services will be held this afternoon at 2:30 at Gray Memorial, 12 Springfield avenue, for Charles Henry Schmidt of 16 Balmiere parkway, formerly of Elizabeth, who died Monday in the Elizabeth General Hospital after a brief illness.

Dr. Albert Allinger, pastor of the Cranford Methodist Church, will officiate. Interment will be in Rosedale Cemetery, Linden.

A native of Elizabeth, he came to Cranford eight years ago. He had been employed 23 years as a mechanical engineer by the General American Transportation Company, Carteret.

Survivors are his wife, Mrs. Minerva Miller Schmidt; and a brother, the Rev. William Schmidt of Dover, Del.

James Frank Doremus

Services were held yesterday morning in Gray Memorial, 12 Springfield avenue, for 82-year-old James Frank Doremus of 3 West Holly street, who died Sunday after a brief illness. The Rev. Carroll Bates, curate of Trinity Episcopal Church, officiated. Interment was in Pompton Plains Cemetery, Pompton Plains.

A masonic service was conducted Tuesday evening by Azure Lodge 129, F. & A. M.

Born in Newark, Mr. Doremus was a member of an old New Jersey family and lived in Cranford since 1900. He was in the grocery business in Cranford and Garwood until 1930 when he became associated with the Public Service Coordinated Transport, Newark, office until three years ago.

He was an organizer of the Cranford Rotary Club and had been active in Cranford business and civic affairs. A 32nd degree mason, he was a member 50 years of Azure Lodge, a Shriner and a member of the Scottish Rite Society. A pigeon fancier, he served as a judge at many pigeon shows in the East.

His wife, Mrs. Adeline Stanley Doremus, died in 1945.

YOUR GARDEN This Week

By Eric H. Petersen, Jr.
Agricultural Agent - Union County

There are a good many reasons why smart gardeners keep compost piles. Of first importance to many a gardener is the fact that a compost pile saves him money.

Commercially made compost runs into quite a few dollars a ton. Besides the saving in dollars, there's the convenience of having a supply of compost at hand, ready for top dressing the lawn, for use in flower borders and as a soil for potting.

Equally important is the soil improvement that comes from returning organic matter to the soil. Soil that is rich in organic matter holds moisture and plant nutrients better than soil that has little organic material.

First choose a location for the compost pile that will be easy to screen out of sight of the general outdoor living room area. The pile should be in partial shade if possible.

A permanent compost bin is made of concrete or heavy timber, with top and one side open so that the material can be worked over at least twice a year. However, a temporary compost bin with chicken wire sides can be made with little time and expense.

On a smaller scale, a compost pile can be started by digging a hole in the ground the size of the base of the pile that is wanted. This way, rain water is caught and held for a longer time Usually a compost pile is four or five feet wide and as long and high as the gardener pleases.

Starting the pile, first make a layer about 12 inches deep of leaves, twigs, and vegetable waste from the kitchen. Sprinkle over this an inch or two of soil, some complete garden fertilizer and lime. Oak and beech leaves without lime make an acid compost.

ion. They are opposed by Democrats Allen Kaufman of Elizabeth, Mrs. Mildred Barry Hughes of Union, William A. Young of Plainfield and Dr. Frank J. Shigaski of Elizabeth.

Close Freeholder Contest

Freeholders F. Edward Biertuempfel of Union and Ernest S. Hickok of Summit and Mayor Richard P. Hatfield of Fanwood are the Republican aspirants for three-year terms on the freeholder board. They are opposed by Councilman Francis J. Burns of Linden, George B. Doty, Jr., of Rahway and Township Committeeman Robert C. Kirkpatrick of Hillside. Mr. Kirkpatrick is rated the best chance to upset the Republican trio in this closely-contested battle.

In the two-year unexpired term on the freeholder board, Freeholder John W. Zerega of Plainfield, Republican, is opposed by Richard A. Pettit of Westfield.

Board Control at Stake

Control of the freeholder board will be at stake on Tuesday as the Democrats could take over by electing all five candidates. The Republicans now hold all nine seats and have been in complete control since the so-called small board was adopted in 1932.

If Mayor Andersen is elected, he will be the first Cranford resident elected to the freeholder board since the county-wide method of electing such officials was adopted. He became the first Cranford man to serve on the board since 1932 when he was appointed in February.

The contest for township committeeman will have no effect on political control of that body as the Republicans hold all five seats at this time. Although named to the freeholder board, Mayor Andersen has continued as a member of the Township Committee.

This year's campaign in Union County has been one of the most active and noisiest in many years as the Democrats make a spirited bid to cut down the long-time Republican hold in the county. Victories in the past two years by Representative Harrison A. Williams, Jr., have encouraged the Democrats. Both sides are predicting victory.

carried on here, Township Engineer Grall declared, Cranford can hardly be expected to take responsibility for the flies in Linden.

At a meeting of the Linden City Council on Tuesday night, complaining residents of the Berlant Park area were informed by Leo Kaplowitz, president of the Linden Board of Health, that he had conferred with Cranford officials and had been assured everything possible was being done in the matter of spraying of the dumps.

He added that Cranford also agreed to drain out the swamp area which was caused by an excavation made in connection with the construction of the Garden State Parkway.

Linden's City Attorney Lewis Winetsky remarked that as a last resort the affected residents and the city could resort to court action, but he said this would be a long drawn-out process and suggested a meeting with Cranford officials on the matter.

It was suggested also at the Linden meeting that Roselle, which also has had complaints about flies, and state health authorities be invited to attend such a meeting.

Case Sees County Key To Control

"Union County may hold the key to control of the New Jersey Legislature in 1956 and '57."

This warning was given by U. S. Senator Clifford P. Case of Rahway at a luncheon meeting of the Union County Federation of Republican Women yesterday at the Elks' Clubhouse in Elizabeth. About 80 Cranford women attended the luncheon. The senator said:

"For nearly a score of years, the Republican party has held a majority in both houses of our state Legislature. We can all be proud of the record our party has made during this long period. New Jersey has been and is at the top of the list in progressive, and at the same time, prudent and economical government.

"Now our leadership is seriously challenged and because of the situation in certain counties it may well be that the results in Union County next Tuesday will be decisive.

"For that reason, we in Union County have a special responsibility. I am confident that we shall meet it successfully and I am particularly sure that as always the women of our party will carry even more than their share of the task. We must be sure to return State Senator Hand and our four assemblymen, G. Clifford Thomas, Carlyle W. Crane, Florence P. Dwyer, and William R. Vanderbilt, with the ringing vote of confidence they deserve."

Senator Case also strongly urged the election of the five Republican candidates for the Union County Board of Freeholders.

"Also at stake next Tuesday is control of our county government," the senator said.

"Five of the nine freeholder posts will be at issue and the Democrats are striving desperately to win them. This must not happen.—I am confident that it will not happen. Union County has too long been identified by experience, competence, and integrity in county affairs with Republican management to take chances on an unknown at this critical time.

"Along with a solid Republican delegation to the Legislature we will give a corresponding victory to our Republican freeholder candidates, Frederick P. Andersen, F. Edward Biertuempfel, Richard P. Hatfield, Ernest S. Hickok, and John W. Zerega."

B'nai B'rith Project To Aid Home, Hospital

Mrs. Stanley Mintz of Cranford, chairman of the philanthropies committee of B'nai B'rith Women, Kadimah Chapter, announced today the chapter will collect knitting yarns and all types of materials which the members will make into tablecloths, pillow cases, dresser scarves, dish towels and wash cloths.

These will be sent to the Bellefaire Home for malajusted children in Cleveland and the Leo N. Levi Charity Hospital in Denver, Colo., which are supported by the B'nai B'rith.

Those who have knitted squares for the afghan project are Mrs. Harold Rothbard, Mrs. Marvin Bressler, Mrs. Sigmund Gottlieb and Mrs. Mintz.

The boys participated in group games and refreshments were served by the mothers. A Halloween theme was carried out in the decorations.

Mrs. Charles Boillod headed the arrangements committee and she was assisted by Mrs. Henry Frahme.

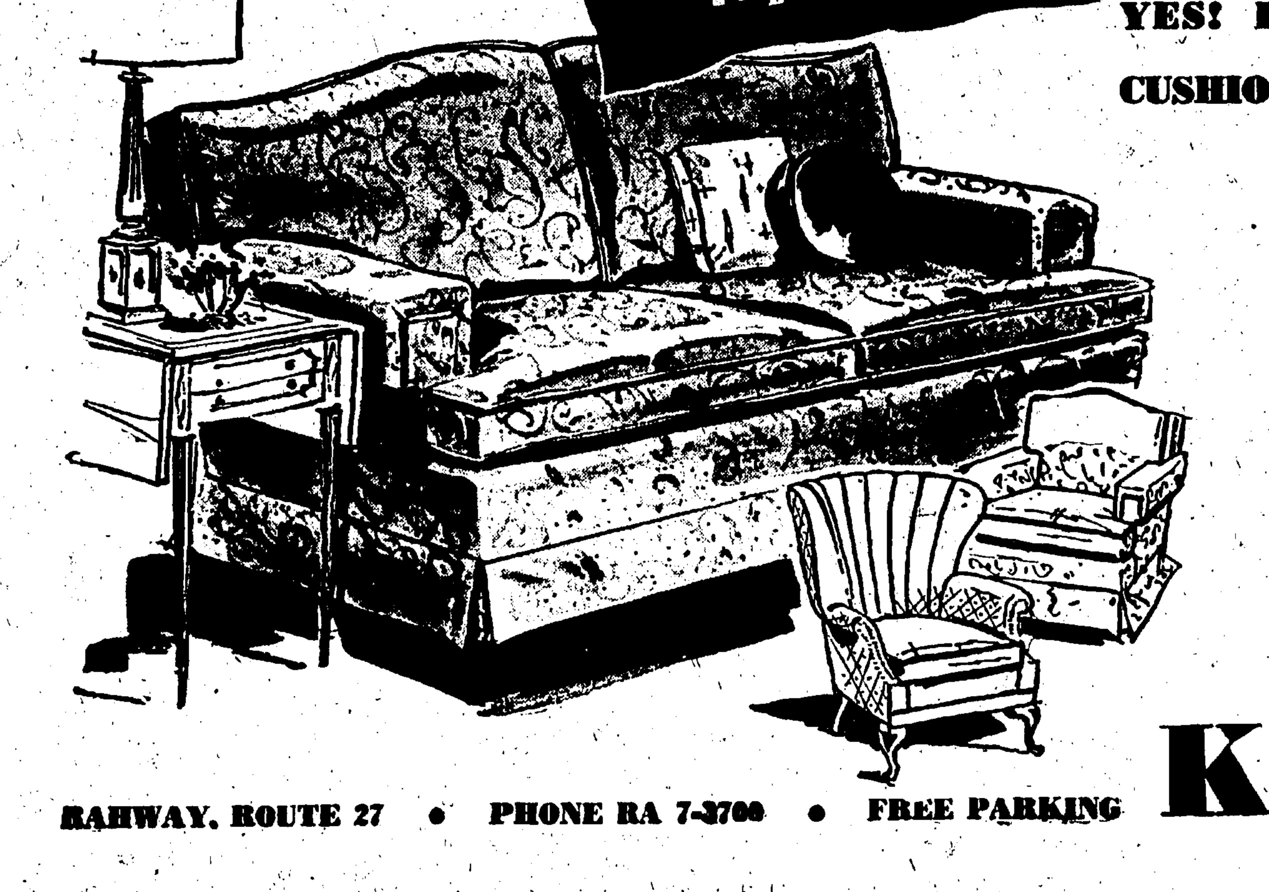

The next meeting of the Mothers' Club will be December 6. Mrs. David Brumfield, president, urged all members to be present as final plans will be made for a Christmas party.

November 8 Important Date for All

A political campaign marked by more activity by both parties than any in recent years in Union County comes to a close on Tuesday when the citizens make their decisions at the polls.

While many persons are looking forward to next year's presidential election, the current balloting may have more significance to Cranford, Union County and New Jersey than the 1956 contests. This year a state senator, four assemblymen, five freeholders and a township committeeman will be elected.

Political control of the assembly and the Union County Board of Freeholders will be at stake as the Democrats make a spirited bid for power in these two important bodies. Could any election have much more effect on the local voter?

Cranford will be especially interested in Tuesday's balloting as it will have a chance for the first time in more than 20 years to elect a local man to the freeholder board. Republicans in Cranford showed how they feel about the candidacy of Mayor Fred P. Andersen in his bid for the GOP nomination for a one-year unexpired term as freeholder at April's primary election, and all voters get the same opportunity on Tuesday. Certainly voting for Mayor Andersen merely because he resides in Cranford would be foolish. But the citizens of Cranford have seen him in action and know of his sincere desire to make Cranford and Union County a better place in which to live. Could we ask more?

If the Township Committee during Mayor Andersen's administration has been successful — and we think it has been — then the teamwork and cooperation of its members can be credited with achieving good government and a low tax rate for the township. Township Committeeman Frank T. Whitty has been a member of the team, and a hard-working conscientious member. Mr. Whitty does a quiet, efficient job, and is deserving of your support in his bid for reelection.

One of the questions Cranford voters will find on the ballot concerns the granting of tenure to Dudley J. Croft as township treasurer. In serving in this post for 11 years, Mr. Croft has done a commendable job and is deserving of tenure. Prior to becoming treasurer, Mr. Croft served the town well as a township committeeman for nine years and his experience and training make him an invaluable adjunct of our municipal staff.

In State Senator Kenneth C. Hand of Westfield, and the four assemblymen, Carlyle W. Crane of Plainfield, William R. Vanderbilt of Summit, and Mrs. Florence P. Dwyer and G. Clifford Thomas of Elizabeth, Union County has an experienced legislative delegation. This hard-working group has advocated and pushed through many necessary and important laws and has made valiant efforts in other fields which have yet to get support from other legislators. In the critical problems facing the county and the state, they have acted wisely in behalf of Union County's citizens.

There is no doubt that the State Senate will continue to be controlled by the Republicans. This is but another reason why Senator Hand should be returned to Trenton so that Union County will have a strong voice in legislative affairs.

It is very likely the Republicans will retain control of the assembly, and once again the present assemblymen will be in important posts where they can support the type of progressive legislation desired by Union County citizens.

While Cranford is, of course, especially interested in the candidacy of Mayor Andersen, it also knows of the fine job done by his colleagues on the freeholder board. This board has managed to provide adequate services in all departments of county government and at the same time has kept the tax rate among the lowest in the state. Freeholders F. Edward Biertuempfel of Union, Ernest B. Hickok of Summit and John W. Zerega of Plainfield, as well as Mayor Richard P. Hatfield of Fanwood have earned election to the board.

Somehow the Democrats call for more and more spending on such projects as flood control, more welfare services and other expenditures and promise to keep the tax rate low at the same time. This is impossible and they know it.

Another question on the ballot concerns a bond issue of $100 million to increase the state's water supply. As stated in a previous editorial, the development of a reservoir at Chimney Rock in Somerset County is the heart of this proposal. There has been no new evidence made available to indicate that our previous stand against Chimney Rock was incorrect. Therefore, it is recommended that this referendum be defeated.

With the tremendous interest of the people in the water supply situation, it is inconceivable that any political body could afford to do nothing on so serious a problem. Those who say that it is Chimney Rock or nothing are, in effect, saying our democratic system won't work. We believe otherwise.

There is a big ballot facing the voters on Tuesday — and an important one. It is the duty of every citizen to get to the polls. No matter how you feel about these candidates and issues, make your vote count by casting it. The recommendations made here were arrived at after thought and much deliberation. These candidates and issues are worthy of your consideration — and your vote!

Dear Sir:

Many of the new voters whom I have urged to vote for Mildred Barry Hughes, Democratic candidate for the Assembly, have expressed a fear that a vote for Mildred Barry Hughes will draw a vote from Florence Dwyer.

I should like to point out to them, and to others like them that under our Constitution the four candidates with the greatest number of votes are elected to the Assembly regardless of party affiliation. So one could vote for both Mrs. Hughes and Mrs. Dwyer without hurting either.

And they'd make a great team! Both are intelligent, practical, well-informed and courageous, have a sensible program for State Aid for Schools, for Mental Health and for other services especially important to women, club women, working women, home women.

Let's send them both to the Assembly.

Very sincerely yours,
Gwendoline V. Sauer

Post Office Marks Money Order Anniversary

Observance this week of the 91st anniversary of establishment by the Post Office Department of the postal money order system in the United States, finds that system newly streamlined for safety, convenience and efficiency, according to Postmaster General Arthur E. Summerfield.

Formerly the purchaser was required to fill out an application, and thereafter the postal clerk filled out the money order form. As a result of changes made in the last few months, the purchaser now merely walks up to the window and tells the clerk the amount of the order he wishes to buy. The clerk fills in the amount on the form and the stub. Before mailing, the purchaser fills in the name and address of the payee and his own name and address.

In this manner much is added to the convenience of the postal patron, while the savings in clerk-time and paper work may be expected to reduce postal operating costs by several millions of dollars a year, Postmaster General Summerfield said.

Authorized by Act of Congress on May 17, 1864, the money order system was put into operation on November 1 of that year. Early operations were small compared with those of today. During the first eight months money orders totaled only $400,000. This year the total will be approximately $6 billion.

Five Years Ago

With interest running high in the Township Committee contest between Clarence L. Fritz and Fred P. Andersen, Republicans, and William E. Sullivan and Henry E. Stoher, Democrats, an exceptionally heavy vote was expected in the November 7 election. Also holding the spotlight locally was the referendum on whether to increase salaries of police and firemen beginning January 1, 1951.

More than 250 persons visited the new home of the Jumble Store, operated by the Cranford Junior Service League, at 10 South avenue, east. Those attending were pleasantly surprised at the vast renovation program which league members and their husbands had carried on both inside and outside the 125-year-old property, under the direction of Mrs. William F. Switzler.

Clarence L. Fritz, Republican candidate for Township Committee, endorsed the proposed increase in salary for members of the police and fire departments at a Republican candidates' night in Veterans' Memorial Hall on South avenue. His running mate, Fred P. Andersen, spoke briefly, saying that if elected he would seek the advice of more experienced persons in administering the needs of Cranford. Warning that America was in danger of falling into a one-party system, the principal speaker, Congressman Clifford P. Case of Rahway, declared that continuance of Democratic control would lead to inefficiency, which in turn would lead to corruption and eventually to dictatorship. Resurgence of the Republican Party was the only hope for recovery, he said.

Kenneth Evans, costumed as a goblin, and Nancy Buckner, dressed as a grandmother, were awarded $5 grand prizes and won first place as the most grotesque and most original in the Rotary-sponsored Halloween parade. More than 200 children marched.

Members of the Cranford Real Estate Board agreed to list rentals under $70 a month, where a veteran was the renter, without charge, it was announced by G. Nelson Kling, president of Cranford Chapter 3, American War Dads. Realtor cooperation marked the first step in a local campaign lauched by the War Dads, following an editorial in this newspaper two weeks earlier, to secure housing facilities for returning veterans.

The Junior Service League netted $826.43 from its five weeks' subscription drive for The Citizen and Chronicle. The 1945 drive set a new record, surpassing any of the four previous drives, and the league earned bonuses on new and renewal subscriptions. Mrs. Thomas Truxton, who became ill, was replaced by Mrs. Charles Boillod, 1943 chairman, in the final two weeks of the campaign.

Two more cases of Poliomyelitis were recorded, bringing to 14 the number since the first case on August 14, Health Officer William J. Willsey reported. Kindergarten classes at Cleveland Schol had been closed for two weeks as a result of the new cases.

The format of Cranford High School's prize-winning "Spotlight" changed from magazine to newspaper style, and 500 copies were distributed in the school. Frank E. Ramsey, faculty advisor, revealed that the change was made after a vote by the student body showed sentiment in favor of the newspaper was three to one. Plans called for publication every two weeks.

As serial numbers drawn from the gold fish bowl in Washington, D. C., were announced, and Dr. A. J. Boyer of 114 Orchard street, with number 188, became the holder of Order Number 1 in the Union County fifth district, including Cranford, Garwood and Clark, the local draft board prepared to assign order numbers and send questionnaires to 2,137 potential draftees.

Slowing after an early spurt that seemed to point to a rebound into the win column, Cranford High's gridders found themselves nosed out of victory by a one-point margin, 7 to 6, for their second straight loss as Hillside continued in its undefeated stride.

More than 100 members and guests were present at the 15th anniversary dinner of the Lions Club at the Echo Lake Country Club, Westfield. Principal speakers were District Governor Guy A. Bensinger of Princeton and Alexander T. Wells, immediate past president of Lions International. R. J. Laier, president of the club, served as toastmaster.

Having run its list of consecutive victories to six by trouncing East Rutherford, 14 to 0, at the Cranford Oval, the Blue and Gold football team loomed as one of the outstanding candidates for the Group II state title. Four teams remained to be vanquished before Cranford could hope for the champion's laurels: Hillside, Carteret, Millburn and Glen Ridge.

A reception in honor of Harwood Simmons, supervisor of music in Cranford schools, and his associate, Miss Virginia Ray, in charge of elementary music, and Claude Keutzer, in charge of vocal work, was held at the First Presbyterian Church with more than 135 persons attending.

More than 100 members and friends attended a spaghetti-chicken dinner in Mountainside Inn under auspices of the Honorary Branch of Cranford Local 52, Patrolmen's Benevolent Association. Harry Gourley, state president of the PBA, was guest speaker. A. M. Hemleb, president of the local, welcomed members and guests. Township Attorney Carl H. Warsinski was toastmaster.

Mrs. Howard M. Park of 32 Cranford avenue, representing Echo Lake, with 100-22-78, won the low net in the one-day tournament of the Women's New Jersey Golf Association, played at Montclair. A field of 89 participated, with 54 turning in cards.

Dr. Will Gilbert of Madison, governor of the 36th Rotary International District, complimented the Cranford Rotary Club on its fine spirit of fellowship and activities during an official visit at a meeting conducted by President William J. Willsey.

Cranford's Public Schools Report Activities of Pupils in Many Fields

BROOKSIDE PLACE SCHOOL

Kindergarten

Miss Elizabeth Williamson's kindergarten classes have been studying about pets. The pupils discussed feeding them, caring for them and playing with them. Mark Detering brought his pet rabbit to school one day and Elizabeth Jackson brought her pet turtles. She also donated two turtles to be cared for in the classroom.

The children were busy last week getting ready for Halloween. John Fitzgerald, Mark Ullom, Linda Frain, and Barbara Worster painted a huge cornstalk, and Nancy Glidden, Brad Nostrand, Peter Gilroy and Dorothy Barrett painted a tree for room decoration.

A trip was made to Dryer's farm to buy a pumpkin, which the children cut out and made into a Jack-o-Lantern.

A committee from the school's library club attended the recent Cranford College Club book sale in order to use some money contributed by the Parent-Teacher Association for the purchase of library books. Miss Ruth Morgan, school librarian; Miss Barbara Fickenscher of State Teacher's College at Jersey City, and Jeffrey Caddle and Joan Kuch, fifth grade students, made the selection of books. John Svedman and Hobart Cree also worked on the committee, as did Robin Alter, who wrote a thank you note to the PTA.

Fifth Grade

The fifth grade children of Mrs. Dorothy Strauss are busy studying and classifying rocks. Pictures illustrating the formation of igneous rocks were made by the children. Pictures of Glenn Suneson, James Zachary, Peter Swanson and Carolyn Stump were placed on the bulletin board.

The children have been making autumn leaves and attaching them to a paper tree on the wall. Pumpkins, black cats and false faces ween. also have been made for Halloween.

Grade 1

The boys and girls in Mrs. Mildred Mahony's first grade planned an interesting trip to Riverside Park. They were looking for signs of autumn. A variety of brightly-colored autumn leaves, nuts and seeds were brought back for display on the science table.

The following children gathered seeds or seed pods: William Nelson, Gary McMackin, Linda Vliet and Charles Papazian. Burrs or cones were found by Nancy Higgins, Susan Kachanian and Jonathan Shapiro. Unusual leaves were found by Deborah Hall and Sherman Kisner.

To help remember the location of the rooms on the first floor, the boys and girls have made a large wall map with the teachers' pictures on it.

For Columbus Day, Linda Collins brought in a book containing Columbus' picture.

The children are greatly interested in the autumn season. Diamond Garcia, Warren Haydon, Louise Eltinge, Robert Clay, Karyn Schoonover, Linda Collins and Charles Bischoff brought in pictures of autumn activities.

There have been many contributions to the autumn science corner. Donald Stemmer, Kenneth Dinsmore, Francine DiPaolo and Janis Hearns brought in horse chestnuts. Ronald Perrone donated some hickory nuts and a dead monarch butterfly.

(Continued on page 5)

This kid isn't crazy—he has just been reading about New Jersey railroad taxes and figures that throwing away the candy and eating the wrapper is a pretty good way to show what New Jersey is trying to do to its railroads.

For, frankly, the taxes paid by the railroads serving New Jersey are a positive threat to railroad solvency, and to the economic strength of the state. Excessive tax burdens weaken the ability of railroads to provide dependable, all-weather, high speed transportation when:

... It's a fact that for every $1.00 it earns in New Jersey, the railroad industry pays $1.64 in New Jersey taxes.

... It's a fact that for every improvement your railroads make, the taxes go up, up, up ... $10.00 more a day for each large diesel engine used to replace steam engines, for example.

... It's a fact that if other states adopted New Jersey's rate of taxation—there'd be no railroad tax problems—all railroads would go bankrupt and pay no taxes at all.

Your railroads want to pay their fair share of New Jersey taxes—they want to maintain accommodations—give the best possible transportation where the public will support it.

A fair solution to this unfair taxation is important not just to the railroads but to the welfare and future progress of every New Jersey community. The better railroad service of the future—upon which such progress depends—can come only if railroads are allowed the modest earnings needed for improvements. Now, all they make in New Jersey and more goes for taxes.

Dr. Rhine Reviews Telepathy Tests For Esso Club

"The young man who could call the cards without seeing them in widely publicized experiments in mental telepathy at Duke University lost his ability to do so after an emotional experience," Dr. Joseph B. Rhine said recently in a lecture on "Parapsychology."

He spoke at a meeting of the Esso Research Club in Linden attended by many Cranford residents.

Professor of psychology at Duke University and author of several books and numerous aritcles in that field, Dr. Rhine defined parapsychology as a field of human experience which defies physical methods of scientific investigation.

Referring to the card experiments, he explained that a young man was placed in a building 100 yards from another building where a deck of 25 specially designed cards was drawn, one by one, at pre-arranged, one-minute intervals. Both the "dealer" and the subject recorded the time and the description of each card. The records were then compared.

The subject scored 119 "hits" out of 300, which, Dr. Rhine said, was twice the number that would have been scored by chance. The experiment was repeated with the same subject and the results were checked. He added, however, that the results could not be duplicated after the young man had been subjected to unavoidable emotional stress.

The theory of telepathy arose from human experience, the speaker explained.

"Persons have received detached mental impressions of events that occurred either before, after, or at the same time as the impressions," he said. "Neither time nor distance from the happenings seem to affect telepathy."

Referring to a TV performer who seemingly has telepathic capacity, the speaker said that this person is primarily an entertainer who is not without "outside sources of information."

Grade Six

"What were animals like thousands of year ago?" This is the theme that Miss Mary Amato is using in an art project with the students of Burton Mandell's sixth grade class. The children are making prehistoric animals out of papier mache. This theme ties in with the science unit the class is studying, titled "What Is The History of Living Things?"

To bring the students up to date in their study of ancient Egypt, Karen Grod and Michelle Tomasulo presented a report on modern Egypt. In their report the girls showed how present day Egyptians make use of the ideas and inventions of their ancestors.

In a lively campaign for membership in the school safety patrol the class elected Marlene Geng, Michael Pender and Robert Konopack from a slate of nominees. Shaaron Simone and James Borges were the members of the election committee who tabulated the results.

The rest of the class participated in the singing.

First Grade

The children in Mrs. Gwen Ising's first grade like their touch table. The boys and girls like to bring toys and articles for the other children to look at and touch. Lynn Shaheen, James Wilson, Stephen Gill, June Sherba, Robert McCullough, Kathleen Hume and Robert Peterson brought toys.

Mrs. Margaret Hausheer's first grade class had the experience of waxing fall leaves. Sara English brought her ironing board to school for the class to use. Frank Behlert, Lucinda Stratton, Deborah Adams, Peter Gladis and Lori Jean Griffiths brought to school enounugh colored leaves for all the class to use.

The children will compare the length of time that the waxed leaves and unwaxed leaves last.

The Sap of A Tree Does Not Rise in The Spring

Analysis shows that pieces of wood cut from trees in the winter have just as high or even higher moisture content than pieces cut in the spring or early summer. There is an increase of circulation, however, and the sap is nearer the bark. 1. Popular Questions Answered"—Geo. W. Stimpson.

Sheldon Tells 'Rock' Stand

Speaking at a candidates' night held by the Cranford Democratic Club, Mayor Robert L. Sheldon of Roselle Park, Democratic candidate for State Senate, declared that he was "astonished at the loopholes which have recently come to light with respect to the Chimney Rock proposal."

The meeting was held in Veterans' Memorial Home last Thursday night. J. Henry Vereneault, president of the club, presided.

"I have consistently felt," the speaker said, "that Round Valley is the most adequate water storage site for immediate development in North Jersey, and agree wholeheartedly with Governor Meyner that this plan should have been adopted.

"Many weeks ago, however, prior to the action of the State Legislature on the then pending Chimney Rock proposal." Mayor Sheldon continued, "I assumed that it constituted a technically sound prospect despite the fact that it would cost more money per million gallons of water and would involve moving nine times more families than Round Valley. At that time, I felt and publicly stated that Chimney Rock might be acceptable in view of the desperate water needs if the Republican-dominated Legislature continued to play politics with Round Valley.

"I have been shocked by subsequent facts which have been revealed which indicate the grave doubts concerning the reservoir's ability to hold water.

"When this information came to my attention, I immediately joined with the other Democratic candidates in recommending defeat of the referendum and urging the election of a Legislature committed to support Governor Meyner's program all the way."

Also speaking on the water question was Robert Wysong of Roselle Park, a student of government at Rutgers University. He declared there is not enough definite information as to the suitability of Chimney Rock to warrant a yes vote on the $100,000,000 referendum next Tuesday.

Ambrose A. Ernst, Democratic candidate for Township Committee, criticized the caucus system and declared that only by gaining minority representation on the Township Committee can an end be put to "the tranraction of township business behind closed doors."

Referring to the loss of several industries, Mr. Ernst said that while the township still receives tax revenue on the empty plants, it loses personal taxes on equipment. He also criticized lack of locker room facilities at Memorial Field pointing out that after practice or regular games, high school athletes have to go more than a mile to the high school for a shower.

Other candidates speaking at the rally were: Allen Kaufman of Elizabeth, Mrs. Mildred Barry Hughes of Union, William A. Young of Plainfield and Frank J. Slugaski of Elizabeth, the Democratic slate for State Assembly, and Robert C. Kirkpatrick of Hillside, Richard A. Petit of Westfield and William F. Crowley of Elizabeth, Democratic candidates for freeholder.

A talk in support of the entire Democratic ticket was given by James J. Kinneally of Rahway, chairman of the Democratic County Committee.

Sees Influence of Television Creating 'Classless Society'

Chris Witting, president of the Westinghouse Broadcasting Company, Inc., told the Cranford Rotary Club that "the explosion of information poured out by television can enable each man to choose intelligently his own way of life, career and interests." At its regular luncheon meeting last Thursday, the club heard the native and resident of Cranford tell of the tremendous growth of television in less than 10 years of operation.

He remarked that in 1946, at the time of the Joe Louis-Billy Conn telecast, New York had 6,000 sets and Philadelphia only 2,000. Over 34 million homes now have television, he added.

The new post-war industry, in addition to creating new jobs, completely changed some businesses while affecting all in some respect, according to the speaker. It helps circulate more money, more swiftly, and more productively than any other force in history, he declared. No event ever before television assembled 67 million people as an audience. He pointed out that Nielson studies show that 30 to 40 million people listen to regular programs and that TV commands four and a half hours of attention daily in 34 million homes.

Station operators, according to Mr. Witting, realize the editorial responsibilities thrust upon them as this medium grows into an inseparable part of our lives. There is in preparation an international TV system for the Voice of America.

The speaker remarked that the normal human being can handle a vastly increased volume of information traffic through his mind and this fact will make for more rational and intelligent decisions, free from the effects of emotionalism and mob confusion.

Today's mankind can quickly acquire information about its history, culture, and environment, Mr. Witting said. Through this mass of information, he declared, TV is creating a revolution that can either build a classless society, or reduce the points of difference between social groups, so that the individual can select his own environment free from fear or stigma.

"Man can put behind him the childish pursuit for some equality with money groups, priestly groups, or social groups and go direct to the field of special interests selected in mature judgment through the influence of television," the speaker asserted.

He said that broadcasting shows people what they can do and how they can obtain things of the spirit, mind and body for both the individual and the group, and that television has become the center of our incentive system.

"It is important that broadcasting sells goods," he declared, "but more important that it sell the worth-whileness of a society that can provide wealth, travel and leisure at almost no cost; a society static in accomplishment as compared with a mobile society struggling in enmity and rivalry."

Charles M. Ray, past president of the club, who introduced the speaker, called attention to his being a product of Cranford High School and New York, Columbia and Fordham Universities. Mr. Witting served as a commander with the U.S. Maritime Service during the war. In 1947 he joined the telecasting division of the Allen B. Dumont Company, and on January 1, 1954, assumed his present position. Among many other activities, he helped set up and is a director of the National Association of Radio and Television Broadcasters.

Visiting Rotarians introduced by Edward Dehmer were: Dr. Lorimer Armstrong and Thomas Hyde of Westfield, Edward Savige, Arthur Williams and Wallace Higgins of Roselle and Clay Friedrichs of Fanwood. Thomas Arrants was the guest of Dr. Wilmar Lange.

Club singing was led by the Rev. Robert G. Longaker. The meeting was conducted by Arthur K. Burditt, vice-president, and John Blach, past president, served as secretary, in the absence of Peter J. Clark and William J. Dodds, respectively, who were attending the annual conference of Rotary International's 271st District at Buck Hill Falls, Pa.

A Word of Advice About Fuel Oil

The way things look now, we think it's just good common sense for you to be foresighted about your home heating.

To safeguard your family's comfort and health we suggest that you do this as soon as possible:

Be sure your fuel oil dealer is a well-established firm, with a reputation for taking care of its customers and—most important—with a source of supply in which *you* can place confidence.

We'll be glad to talk this over with you. We've been here in this business a long time. Our supplier of Mobilheat fuel oil—Socony-Vacuum—is one of the largest refiners of fuel oil in the world.

When better automobiles are built Buick will build them

It comes upon the heels of the most successful Buick in history—and beats it on every score:

In shimmering steel and solid sinew, it's Buick for 1956—and there's never been anything like it for pure automobile.

You get a good hint of what we mean when you take in its sweep-ahead styling—from the air-splitting prow of its V-front grille to the robust rake of its canted rear profile.

You get an even better hint when you open the doors and see the dazzle there.

But it's when you put this beauty to the city streets and the open highways that you learn the best of it.

For here is performance without parallel. A new advance in Variable Pitch Dynaflow* goes airplanes one better—steps up your getaway in normal driving *without* switching the pitch. But when you do need that extra surge, it's there *instantly*—and in extra abundance.

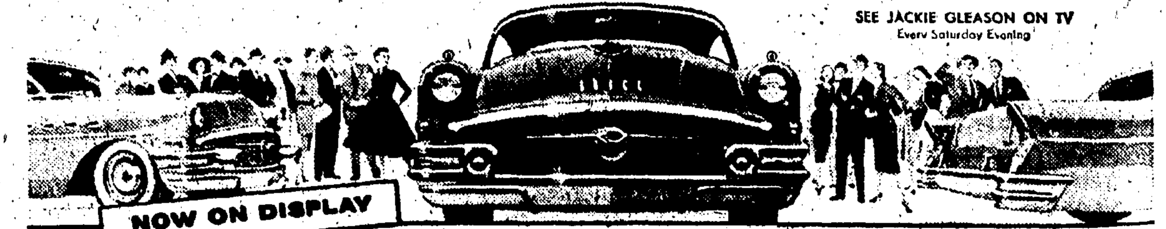

The might of big 322-cubic-inch V8 engines in *every* Series brings new record high power to all Buicks—Roadmaster, Super, Century, and the bedrock-priced Special. And to handle such dynamic driving power, the whole rear end has been endowed with extra brawn and heft and solidity.

We could spread before you an acre of blueprints on the engineering gems that spark the spectacular performance and ride and handling and roadability of these great Buicks for 1956.

But you can get the full and magnificent story right now, at our showroom, in a face-to-face meeting with the best Buick yet—now on display, and setting a dazzling new pattern for 1956.

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Add Sparkle

When you're tossing leftover vegetables or greens into a salad, add sparkle with an unusual salad dressing. Grated American, Parmesan or blue cheese are excellent in the dressing for adding a tempting note to the salad.

Thought for the Week

"BREAD AND LIFE"

By the Rev. John E. Haun, Assistant Minister, First Presbyterian Church

Any attempt to ignore the importance of bread, economics, etc., and to limit God's concern to things spiritual, finds no support in the Bible. Bread has played an important part in man's work and worship throughout the Bible. And if you today go without food for a day you know how important it is for strength in life. Talk with a person from a war-torn land and you will learn of the central factor in the fight for survival. Man cannot live without bread, but man cannot live by bread alone.

We who have so much find it so easy to forget those who have so little. We take for granted the fact that when the hour arrives there will be food on the table to satisfy our hunger. Many times when we sit at the table eating becomes no more than a biological process, when it should be a time of thanksgiving and fellowship with those around us and with God.

Too often we credit man when we should honor God. The physical need for bread, serious in itself, points to a still more serious need — the need of man for the One who gives us bread. After spending 40 days and nights without food in the wilderness, Jesus was tempted by Satan to turn the stones into bread. He replied, "Man shall not live by bread alone, but by every word that proceeds from the mouth of God." (Matt. 4:3) What are these words which come from God?

Words of comfort, hope and peace of mind for He says over and over to those who will hear Him, "I am with thee."

Words which demand action on our part, but asking nothing which He has not already done for us through His Son, Jesus Christ, tentimes over. Forgive: This is a forgiveness which forgets as well. Love: This love goes as far as loving our enemies. Give: This means to give ourselves to the service of others. Be patient: This means that we must learn to wait upon God, trusting in His faithfulness and knowing that in Him we live, and move, and have our being.

Do these things and you shall truly live.

Special Prayers at Trinity For Every Member Canvass

November is the month set aside in the Episcopal Church for the Every Member Canvass and throughout the nation from Cathedrals to rural missions Episcopalians will be visited and given an opportunity to express their gratitude for God's blessings by exercising Christian stewardship, the Rev. Hazen, organist and choirmaster, will sing Ralph Vaughn Williams' setting of the famous "For All the Saints who from their Labors Rest."

Among the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (250:6 The): "The divine nature was best expressed in Christ Jesus, who threw upon mortals the truer reflection of God and lifted their lives higher than their poor thought-models would allow — thoughts which presented man as fallen, sick, sinning, and dying."

CD Test 'Most Successful' Here

From an over-all standpoint, Cranford's participation in the state-wide alert last Thursday evening was "the most successful in the three-year experience of the present Civil Defense Council," CD Director Francis W. Foreman reported today.

Cooperation of the public was excellent, he said, with only one specific "incident" reported. That was the case of a commuter who at first refused to obey instructions to take cover in the railroad plaza tunnel. Compliance followed when he was threatened with arrest as a disorderly person.

One outstanding feature of the test, Mr. Foreman said, was the efficient operation of the new radio set-up here. Radio equipment at the council's center in the basement of Sherman School was in contact with the Union County network from the start of the test until headquarters signed off at 9:31 p.m. and also with three local mobile units until they were dispatched to a county assembly center at Biertuempfel Park, Union.

Kenneth McGrath, communications officer, and John Roberts, radio officer, stood by at the control center and kept the local station on the air for almost five hours. This marked one of the best records of any radio set-up in the county, Mr. Foreman declared.

Because of the time of the alert (the red alert signal was received here at 5:56 p.m. and the white all-clear at 6:06 p.m.) returning commuters created a special problem, it was reported by Police Capt. Lester W. Powell, who was in charge of Auxiliary Police and regular officers during the test.

Auxiliary Capt. Charles Christian was detailed to the Jersey Central Railroad station with 10 men to direct commuters alighting from trains to take cover in the tunnel and waiting room.

Capt. Powell reported that 39 members of the Auxiliary Police and 24 off-duty members of the regular department were dispatched to assigned locations to stop traffic and direct pedestrians to shelter.

Except for the one "incident" referred to, the exercise went off smoothly here, Capt. Powell said.

Following the sounding of the all-clear, local CD units were dispatched to assembly areas to participate in the county-wide maneuvers. John Almquist, transportation officer, was in charge of the movement of units to the assembly points at Biertuempfel Park, Union, and Warinanco Park, Elizabeth-Roselle.

Members of the regular police department and approximately 50 percent of the members of the Auxiliary Police were sent to Warinanco Park, Director Foreman related.

Cranford First Aid Squad also sent an ambulance and crew to Warinanco, where they were joined by nurses from Cranford who travelled to the park with the police convoy. From the park the local first aiders later were dispatched to Springfield First Aid Squad headquarters to cover that town during a simulated emergency.

Township Engineer Patrick J. Grall, head of the CD demolition squad, reported that 20 members of this unit reported at the town barn for duty and four were sent with a truck to the assembly point in Biertuempfel Park.

A 750-gallon pumper was sent to Biertuempfel Park by the Cranford Fire Department, it was reported by Fire Chief Howard G. Schindler. The truck was manned by a regular driver and five members of the Auxiliary Fire Department under direction of Auxiliary Capt. Robert Higby.

When the muster exercises had been completed at the county assembly points, vehicles from the various participating communities returned to their respective headquarters in convoys. One convoy from each park proceeded through Roselle, Cranford, Garwood, Westfield, Scotch Plains and Fanwood to Plainfield, and another through Union, Springfield, Summit and New Providence to Berkeley Heights. Units left the convoys as they reached points nearest their headquarters.

Auxiliary and regular police manned intersections on South avenue to keep that thoroughfare open as the main artery for convoys traveling to and from the county assembly points.

Union County Park Police Capt. Wesley D. Hoesly of Cranford was in charge of logging men and vehicles reporting at Warinanco Park.

Cranford-Garwood-Kenilworth Chapter, American Red Cross, provided a canteen to serve coffee and doughnuts to members of units reporting at Warinanco. Mrs. R. T. Hill was in charge of the canteen, assisted by Mrs. A. H. Suneson, Mrs. H. Nartzel and Mrs. Maurice Baker.

When the confidential yellow alert was received shortly after 4 p.m. Thursday, members of the Cranford Civil Defense Council manned the CD center in the basement of Sherman School to prepare for direction of activities during the red alert and the exercises that followed.

Stove Switch Shorts

The fire department was called to the home of Mr. and Mrs Carmine Gregorace, 12 Shawnee road, at 6:10 p.m last Thursday when a short in the switch of an electric stove filled the kitchen with smoke. There was no fire damage, Chief Howard G. Schindler reported.

Safety Message

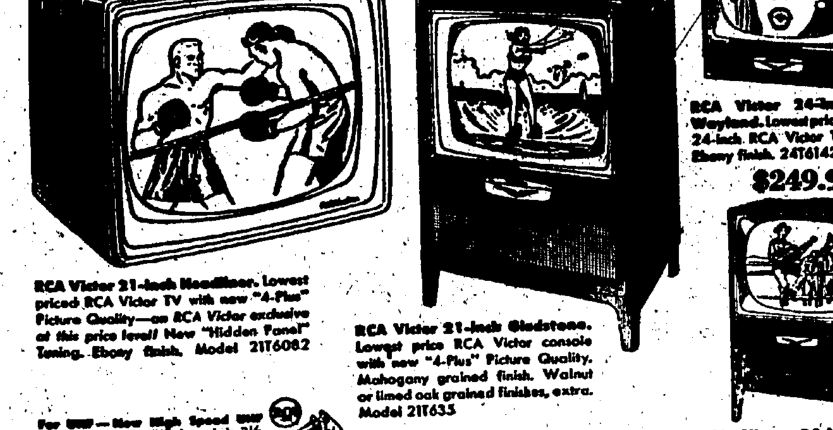

In cooperation with the "Safe Driver of the Month" program of the Cranford Kiwanis Club, Police Chief William A. Fischer today issued the following message:

Motorists — the National Safety Council and the Cranford Police Department say it's a sign that you know how to avoid trouble and tragedy if you always obey traffic signs. Halt for a stop sign, observe posted speed limits, and when a sign warns of something ahead, take it easy and be prepared. Traffic signs protect you — if you respect them.

Water Referendum Defeat Urged By Lions Speaker

Defeat of the water-supply referendum in the coming general election "is imperative to keep the Raritan from becoming a river in the red."

This warning was voiced by Donald Coleman, of the engineering committee of the League for the Preservation of Washington Valley, in a talk Tuesday night before the Cranford Lions Club at the Coach and Four Restaurant.

The league comprises residents of the area that would be inundated by the construction of a reservoir at Chimney Rock in Somerset County, the site proposed in the legislation calling for the referendum. Involved is the creation of $100,000,000 state debt, with $60,000,000 to be spent on the first phase of the Chimney Rock basin and $40,000,000 for developing undefined water resources in South Jersey.

Mr. Coleman asserted that the Raritan River, which would feed the Chimney Rock reservoir, has an inadequate flow to support a major water-supply system and simultaneously meet other important demands. The reservoir would be designed to yield 200 million gallons a day in its final phase.

The river, Mr. Coleman related, has an annual flow averaging 770 millions gallons a day. Only about half of this, or 385 million gallons, he maintained, can be caught for daily use, because at flood stage great volumes of water cannot be trapped by reservoir or dams.

Against this potential, he added, would be these commitments: 200 mgd for Chimney Rock, 150 mgd for the Middlesex Sewerage Authority, and 20 mgd to fill diversion rights of the Elizabethtown Water Company.

"This adds up to 370 million gallons, leaving a puny balance of 15 million gallons for water-hungry on-river industries," Mr. Coleman stressed. "This is a deplorably inadequate amount for the existing plants, let alone providing a prudent margin for future industrial expansion.

"The Raritan Valley, as one of the fastest-growing industrial centers in the East, has become a vital factor in the state's economy. However, if the Chimney Rock scheme prevails, not only will the valley's industrial growth be foreclosed but its present status as source of mass employment and purchasing power will be gravely endangered."

Mr. Coleman also warned that depletion of the Raritan by the reservoir would result in "a sanitation mess." It is anticipated, he explained, that the Somerset-Raritan Sewer Authority will dump a daily 28,500,000 gallon effluent into the Raritan, and that neutralizatoin of this pollution to meet recreational standards, including fishing and bathing, will require a minimum flow of 269 million gallons in the river.

However, with the Chimney Rock reservoir tapping the river for 200 million gallons a day, the required volume of dilution water in the river would be available only one-quarter of the year, Mr. Coleman emphasized.

"The river through Bound Brook," he added, "would meet recreational standards during the rainy periods only. The rest of the time it would be dark colored and odorous."

He also warned that the Raritan's depletion would adversely affect the purification capacity of Raritan Bay and might well involve New Jersey in sanitation difficulties with New York State.

Taxpayers' Association To Mark Anniversary

Representatives of the Cranford Taxpayers' Association will participate in the silver anniversary meeting of the New Jersey Taxpayers' Association in Newark on November 14, it was announced this week by Richard Kaul, president.

"The program of this 25th annual meeting will feature discussions of prime interest to taxpayers at local, state and federal levels of government," it was pointed out by Mr. Kaul.

"Steps being taken toward assessment equalization, a long-standing problem which can have far-reaching effects in our local community, will be one feature of the afternoon session. State Government reorganization and what we can do about the Hoover Report will be other issues of prime importance," Mr. Kaul reported.

Board May Act On School Plan November 15

No action is expected by the Board of Education on the recommendations of its School Planning Committee for the construction of 32 additional classrooms before its meeting on November 15.

It is expected that the Board of Education will approve the plan. The report of the School Planning Committee was signed by four trustees, and all other members have been kept informed of the studies. Many of them attended meetings of the planning group.

B. C. Belden, chairman of the planning unit, said informal discussions are being held with members of the township's Planning Board, but nothing definite has been decided upon. The recommendations of the School Planning Committee have been referred to the Planning Board for consideration by the township body. Mayor Fred P. Andersen reported earlier that the township is studying seven possible sites for a new school in the southern area of the township.

Mr. Belden reports work will begin soon on a formal report of the School Planning Committee. It is expected the school staff will be assigned to write this report.

AMBROSE A. ERNST

Democratic Candidate
— for —
Township Committee
Vote Row A-11

★ ★ ★

THIS IS WHAT I STAND FOR

1. Abolish Township Caucus Rule.
2. Coordination in solving Township and County water problems.
3. Lower Taxes.
4. More Recreation Facilities for our youth.
5. Minority Representation.
6. Township Government by District Representation.

★ ★ ★

WHY?

First and foremost because good government is founded on a two-party system. We in Cranford have not had the two-party system for far too long than we care to remember. Democracy in government is not government by reiterated "ayes" but government by debate and explanation. Reasons must be given for every act without fear of criticism, to preserve in all governing bodies, a sound sense of clear judgment.

A Democratic Committeeman representing the minority party in our community would serve as a checkrein, as a watchdog, protecting the interests of all the citizens.

To yield to no man in firm adherance to democratic principles, to have courage of conviction and sincerity of purpose, such is the practical and patriotic course for a candidate to pursue.

In our Democratic candidate; such attributes are found and no extended argument is needed to commend them to your favorable consideration. He seeks to unselfishly devote his energy and talents to the service of the people of Cranford as a whole, with the conviction that he will have the counsel and support of all forward looking men and women in the community.

There IS room on the Township Committee of Cranford for a sound, common sense Democrat.

45 YEARS WITHOUT MINORITY REPRESENTATION

After these many years of Republican rule, the time is right for a change. But, only a candidate who is able to conduct an intelligent, forceful, two-fisted campaign, which will earn the respect of Democrats, Independents, and clear-thinking Republicans alike can make that change possible.

INDEPENDENT VOTERS

—are becoming a major force in American politics. Selecting the best man for our Township Committee is a mighty big responsibility. Be sure the man you choose has the mature judgment, proven executive ability and a record of honesty and integrity in public service and in private life.

AMBROSE A. ERNST is the man for this man-size job.

Halloween Painting Contest Award Winners Announced

Awards were announced today in the annual Halloween painting contest sponsored by the Cranford Business Association with the cooperation of the Kiwanis and Lions Clubs. The judges reported that the pictures displayed by Cranford High School students in 66 windows of local stores from last Thursday until Tuesday included some of the most effective ever seen in the local competition.

Richard Hartig, general chairman for the project, reported both business men and student artists were pleased with the new system introduced this year, under which painting was done on large white poster cards instead of directly on the windows. This permitted students wishing to do so, to keep their art work after the contest was over.

Two special prizes of $5 worth of art supplies, each, were awarded by the Cranford Creative Art Group for paintings in the senior (grades nine through 12) and junior (seventh and eighth grades) divisions considered of special artistic merit.

In the senior division the special award went to Lynn Jacobsen for her depiction of an autumn scene on a farm, displayed in the Alden street window of Martin Jewelers.

The special prize in the junior division went to David Hall and Victor Valla for their picture of a "haunted house," exhibited in a window of Breen's Liquor Store, 21 North Union avenue.

Other awards in the senior division went to the following:

First Prize of $8, Donna Ziegler and Judy McFadden for painting displayed at Scher's Drug Store; second prize, $6, Carol O'Neil and Jane Collins, Martens' Photo Shop; third prizes, $4 each, Janice Giles (Cranford Cleaners) and Sharon Sorenson and Kathy Brennan (Breen's Liquor Store); fourth prize, $3, Edward Bendel, Center Market.

Honorable mentions ($2 each), Rosalie Collins, Citizen and Chronicle; Barbara Harris and Susan Salars, Bell Telephone Company; Martin Mathews and Barron Donaldson, Morgenroth's, and John Havens, McPherson Realty.

In the junior division there were awards in three classes, as follows:

Most artistic — First prize, $5, Barbara Rettino and Carol Klubenspies, Manor Bake Shop; second prize, $3, Muriel Ann Gregg and Arlene Dill, Daniel's Hardware, and third prize, $2, Karen Cocuzza and Linda Huff, Albert's Shoe Store.

Most humorous — First prize, $5, Janet Ray, Patricia Downing and Elva Reeves, Citizen and Chronicle; second prize, $3, William Della Sala and Stephen Gatyas, Union County Trust Company; third prize, $2, Elsie Massa and Barbara Vergalla, Speed Auto Store, and honorable mention, $1, Carole Lawson, Louise Hubbuch and Vorma Mysiak, National Typewriter Company.

Most eerie — First prize, $5, Susan Paul, Jane Sheldon and Hilary Grote, Colony Delicatessen; second prize, $3, William DiTullio and Walter Engel, Rekemeier Flower Shop; third prize, $2, William Zalinsky, Mary Jordan and Suzanne Simmons, Acme Market, and honorable mention, $1, Susan Montgomery, Baron's Drug Store.

A total of 136 Cranford High School students, 85 in the junior division and 51 in the senior division, took part in the competition.

Judging was conducted on Saturday by Mrs. Willard N. Woodward, president of the Cranford Creative Art Group; Herbert Wyllie, of South Plainfield, art instructor, and Mrs. C. D. Stratton Jr., Cranford artist.

Burton W. Longenbach and Mrs. Edna I. Peairs, art instructors, were in charge of arrangements at the high school. Use of the poster cards instead of painting directly on the windows was suggested by Mr. Longenbach. Sidney Breen of Breen's Liquor Store assisted Mr. Hartig in arrangements for the Business Association.

Fumes Overcome Sleeping Family

Carbon monoxide fumes caused by a defect in a coal-burning furnace overcame a family of four while they were sleeping in their home at 14 Cayuga road early last Thursday, necessitating administration of oxygen and use of artificial respiration by police and a doctor.

Revived were Albert Price, 28; his wife, Clara, and their sons, Gregory, 5, and Robert 2. Police reported the younger boy was limp from the fumes.

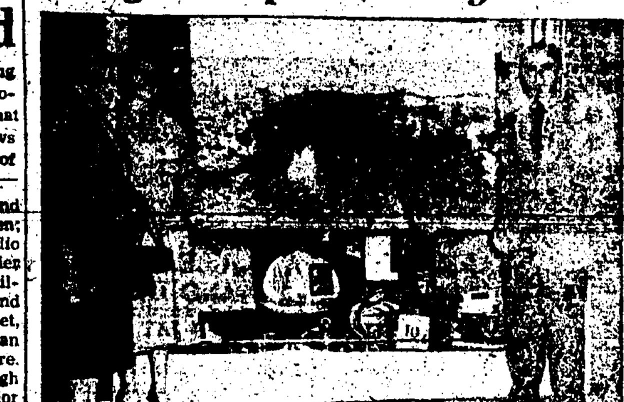

Called to the scene at 3:10 a.m. by Mrs. Price, who managed to get to the telephone after awakening with a "foggy" feeling, Sgt. Louis Guertin and Patrolman Lawrence Bonnell administered oxygen and cooperated with Dr. Abraham Thaler in resuscitating the family.

Police said the windows in the house were closed.

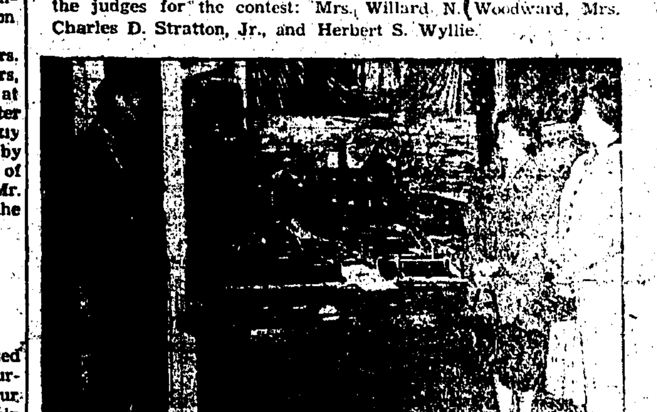

Fight Brush Fire

When a brush fire, fanned by the wind, threatened to get out of hand off Raritan road near the Garden State Parkway about 4:30 p.m. last Thursday, two calls were sent in to the local fire department. Linden firemen also assisted in quelling the blaze near the line of the two communities.

Troop 10 News

The girls of Troop 10 have been enrolled in an Audubon Junior Club sponsored by the National Audubon Society, to further their interest in birds, mamals, insects, trees and other nature objects. The benefits derived as members of this Club will help the girls meet their nature study requirements. In this connection the troop recently hiked to the home of Mrs. Harold Walsh, 517 Orchard street, to study several varieties of trees. Mrs. Walsh pointed out the different types of trees, and ways in which they can be recognized. The girls are collecting leaves and making "Tree" booklets.

This troop decided to save canceled stamps to be sent to the Catholic Missions. Ruth Glogorski is in charge of this project.

On Saturday Troop 10 will visit the Costa Ice Cream plant at Woodbridge. Transportation is being provided by Mrs. Walter J. Cordes, Mrs. P. R. Green and Mrs. John F. Petroccione.

GARWOOD Citizen and Chronicle KENILWORTH
Vol. LXII. No. 41. THE CRANFORD CITIZEN AND CHRONICLE, THURSDAY, NOVEMBER 3, 1955 SECTION FOUR TEN CENTS

Election Interest High in Garwood

GARWOOD—With the terms of the three Republican members of the Borough Council expiring at the close of the year, the Democrats have nothing to lose and everything to gain locally in Tuesday's General Election. Conversely, the Republicans have nothing to gain but everything to lose.

A Republican sweep of the two full three-year terms and one one-year unexpired term to be filled, woud still leave the council posts equally divided between Republicans and Democrats with a Democratic mayor holding the deciding vote. A sweep by the Democrats would put the local government completely in their hands, with six Democratic councilmen and a Democratic mayor.

In the face of this situation, leaders of both parties have been urging a large turnout of voters and local interest in Tuesday's election is running high.

Republican candidates for Borough Council are former Councilman Edward H. Tiller and John G. Malko, former secretary of the Board of Health, seeking three-year terms, and Leonardo Ragonese, a former president of the Board of Health, aspirant for a one-year unexpired term.

Seeking council posts on the Democratic ticket are John Teuscher, an equipment engineer with Western Electric Corporation, and Nicholas LoBue, supervising director of methods and operations for the Jaeger Watch Company in New York, seeking full terms, and Edward S. Tripka, past commander of Garwood's Memorial Post 317, American Legion, running for the unexpired term.

Terms expiring are those of Councilmen Addison S. MacDougall and Frank J. Ragonese, both completing three-year terms, and Edward F. Sanders, who was named last November to one year of the two-year unexpired council term of former Mayor Burton E. Dickerman. None of the Republican incumbents chose to run for reelection.

Only other local office to be filled Tuesday is that of collector-treasurer for a four-year term. Competing for this office are Walter J. Flesher, Jr., Democrat, and Robert Parkhill, Republican.

A lifelong resident of Garwood, Mr. Flesher was graduated from Jonathan Dayton Regional High School, Springfield, and studied higher accounting (including municipal accounting), business law

Walsh (center), pastor of the Church of St. Anne, during celebration of 25th anniversary of church and pastor. Holding crucifix is the Rev. Mark J. Dooley, assistant pastor of St. Michael's Church, Cranford.

Presbyterian Anniversary Celebration Begins Sunday

GARWOOD — Celebration of the 50th anniversary of the laying of the cornerstone of the present building of the Garwood Presbyterian Church will begin this Sunday with special services and a parade of the Sunday School children, and there will be an anniversary dinner at the church at 6:30 p.m. next Thursday.

The Rev. Robert G. Longaker, pastor of the First Presbyterian Church of Cranford, "parent" church of the local church, will speak on the subject, "Out of the Past Into the Future," at a special anniversary service at 3 p.m. Sunday. Elmer Finney of Plainfield, moderator of the Elizabeth Presbytery, will bring greetings from that organization.

At the regular morning worship service at 11 o'clock, the Rev. Eric S. Tougher, pastor, will take as his topic: "Lessons From Our Past." Sunday School classes will convene as usual at 9:45 a.m.

The parade of Sunday School children will start at 2:30 p.m. Sunday. They will march down South avenue to Center street, up Center street to Spruce avenue and along Spruce to the church.

Special music for the anniversary dinner next Thursday will be provided by Duncan McCaskill, bagpiper; Ralph Kagin, accordionist; Norman Johnston, Irish tenor, and others.

In conjunction with the anniversary program, the Rev. Schools Close November 10

KENILWORTH— Edwin W. Kraus, superintendent of schools, announced today that the Kenilworth public schools will be closed on November 10 and 11 to permit teachers to attend the annual convention of the New Jersey Education Association in Atlantic City.

The Board of Education authorized Mr. Kraus to close schools on November 10 if he were unable to get sufficient substitutes. Mr. Kraus reports 24 teachers plan to attend the convention. The closing of schools on November 11 was scheduled when the 1955-56 school calendar was adopted last spring.

Aid Squad Gets Permit For Building

KENILWORTH — Building inspector Fred Teipel on Tuesday evening issued a building permit to the first aid squad of the Kenilworth Volunteer Fire Department for a building at North Nineteenth street and Cross avenue.

At its meeting Tuesday evening, Borough Council waived payment of the fee for the permit.

It is expected construction will get underway this week with Krueger Bros. as contractor. The property was cleared over the week-end, by Frank Mauro and Sam P. Vitale, local contractors.

The main section of the building, which will serve as a garage for the squad's ambulance and as an assembly hall, will be 28x57 feet. This space will house two ambulances and other first aid equipment.

Attached to the side of the main structure will be a 12x28 foot area containing a utility room, kitchen and lavatories.

The building will be in Colonial architecture and will cost about $13,000, Hans Weber, squad captain, reports. Louis M. Steuber of Union is the architect.

It is expected the building will be ready for occupancy early next year. No formal ground breaking ceremonies are planned.

Mr. Weber reports most of the money for the project has been raised by the squad, but he urged all persons who still have cards containing money to send them to the squad or request to have someone pick up the funds.

The squad now has 43 active members, all members of the Kenilworth Volunteer Fire Department, and a 1949 Cadillac ambulance. So far this year the squad has answered 120 calls, Mr. Weber reports.

Borough Council sold the land to the squad for $1.

Election of Mayor, Two Councilmen Tops Voter Interest Here Tuesday

KENILWORTH — A mayor and two councilmen will be elected by Kenilworth citizens Tuesday at the General Election. Whether political control of the borough is at stake remains undecided at this time.

Councilman Walter Boright, Democrat, and Councilman Oliver J. Brown, Jr., Republican, seek to replace Mayor Robert C. Krueger, a Republican. Councilman Brown won the GOP nomination by decisively defeating Mayor Krueger.

Councilman Frank Mascaro, Democrat, is seeking reelection and his running mate is Raymond Blydenburgh, secretary of the Board of Adjustment. They are opposed by former Councilman Dudley Neville and Edward Nelson, Republicans.

Borough Council now has four Republicans, Councilmen Brown, whose three-year term expires this year, Ernest Vardalis, Kenneth Hart and Alva Myers, and two Democrats, Councilmen Boright and Mascaro.

If the Democrats should win the mayoralty and the two council seats, the Republicans would still have a 3-2 advantage on Borough Council as Councilman Boright would be forced to resign to become mayor. Councilman Boright would name his successor, but it would require confirmation by the Republicans. If the GOP did not go along with Councilman Boright's choice, it could name its own appointee after waiting a month, but this could be vetoed by Mr. Boright. How all this will turn out is hard to determine at this time.

The Republicans can strengthen their hold on political control of the borough by winning all the contests. In recent years, the par-

Expect 200 to Attend Dinner Saturday for Chief Conklin

KENILWORTH — About 200 persons are expected to attend a testimonial dinner Saturday evening for Police Chief George Conklin who is celebrating his 30th year with the Kenilworth Police Department.

County Clerk Henry Nulton of Hillside will be the principal speaker. Magistrate William Bruder will be master of ceremonies.

Mayor Robert C. Krueger, Councilman Ernest Vardalis, Capt. Edward Stupak, members of Borough Council and Mrs. Conklin will be among those introduced. Chief Conklin will be presented with a gift.

Mrs. John Ruth is ticket chairman. Also serving on the committee are: Borough Clerk Philip J. McGevna, Councilmen Walter Boright, Oliver J. Brown, Jr., Alva Myers and Frank Mascaro, Capt. Chief Conklin began his police career as a special officer on January 1, 1925. He began full-time duty in April of that year and was appointed a patrolman on July 15, 1925. He was given a full-time assignment when George Rigge was charged with shooting and killing a citizen for a minor offense and was sent to jail.

Upon the retirement of Chief Alfred Vardalis, father of the present police commissioner, Chief Conklin was named to his present post on October 13, 1931. His tenure as chief is one of the longest in Union County.

When Chief Conklin joined the department, he served on the night shift and Chief Vardalis had the

Lions Club Hears Criticism Of Chimney Rock Proposal

GARWOOD — Many advocates of the water-supply plan embraced in the referendum to be presented to the voters Tuesday are seeking to spread "a scare psychology," Doren Mitchell, an engineer speaking for the League for the Preservation of Washington Valley declared in a talk before the Garwood Lions Club at the Cranwood last night.

Representing residents of the area in the vicinity of Chimney Rock, in Somerset County, the reservoir site proposed in the referendum, the league is staging a state-wide campaign to defeat the proposal.

The referendum provides for the creation of a $100,000,000 state debt, with $60,000,000 earmarked for constructing the first phase of the Chimney Rock project, and $40,000,000 to be expended at the legislature's discretion for developing undefined water resources in South Jersey.

"Supporters of the Chimney Rock Scheme," Mr. Mitchell asserted, "are trying to spread the scare psychology that if the plan is defeated, the critical water requirements of the northeastern counties will not be met for years to come. This will not be the case.

"The North Jersey District Water Supply Commission," the speaker said, "will be in a position to proceed with the development of Round Valley, in Hunterdon County, as soon as it receives the authorization of the State Division of Water Policy and Supply and pending legislation is passed to permit several of the commission's partner municipalities to obtain required finances.

"The commission's application has been pending for months," Mr. Mitchell added, "but action has dragged as a result of the interjection of the Chimney Rock scheme.

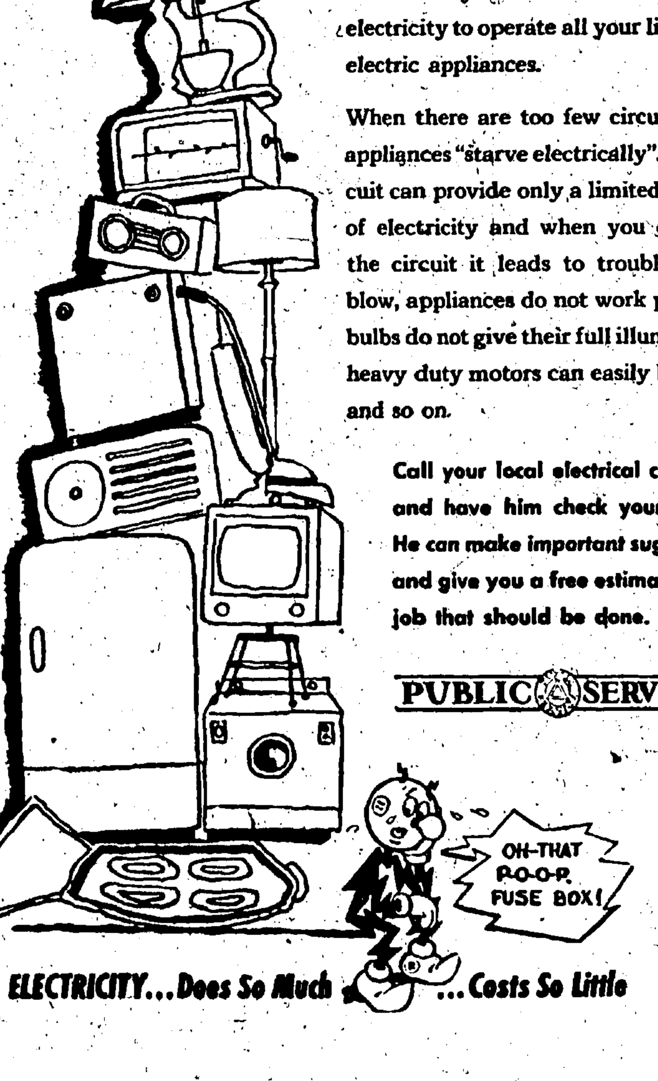

"All references to the commission's plan," Mitchell said "have been carefully avoided in statements issued by Chimney Rock advocates. There seems to be a conspiracy of silence to promote the false idea that only Chimney Rock can solve the water problem."

The speaker maintained that the commission's plan is "plainly superior" to the Chimney Rock proposal.

"The contemplated Round Valley reservoir," he added, "at full development would yield 300,000,000 gallons a day at a cost of $116 per mgd. Compare this with the daily output of 150 to 200 mgd

Are there enough electric circuits in your home to do the JOB?

Electric circuits run from your fuse box to the various outlets throughout your home. They "feed" the outlets with electricity to operate all your lights and electric appliances.

When there are too few circuits, your appliances "starve electrically". One circuit can provide only a limited amount of electricity and when you overload the circuit it leads to trouble: fuses blow, appliances do not work properly, bulbs do not give their full illumination, heavy duty motors can easily burn out and so on.

Call your local electrical contractor and have him check your wiring. He can make important suggestions and give you a free estimate on the job that should be done.

Democrats Charge GOP 'Cover Up'

KENILWORTH — In a joint campaign statement issued today, the Democratic candidates term a charge by the Republicans that no progressive legislation was offered by the Democrats "as a feeble effort to cover up their own inadequacies."

The statement was issued in behalf of Councilman Walter Boright, mayoralty candidate, and Councilman Frank Mascaro and Raymond Blydenburgh, who are seeking three-year terms on Borough Council.

The statement continued:

"The public can thank the Republican administration for the obnoxious conditions that exist in some sections of town. Since Democratic representation has been present on the council, a firm stand has been taken against these matters and will continue to be enforced while there is Democratic representation on council.

"The Republicans have repeatedly failed to bring forth a new building code for which the town is sorely in need. The present set up is as antiquated as the 'one horse shay.'

"Our zoning ordinance had been kicked from pillar to post at the slightest whim of favored individuals, yet nothing had been done about it. Only due to the diligent efforts of Democratic Councilmen Walter Boright and Frank Mascaro, were loopholes plugged in order to prevent further infliction upon the public. Among these being ordinances on explosives, manufacture and storage of certain flamable gases, apartment houses, traffic control and many others.

"The public can rely upon the entire Democratic ticket to continue in the future the same honest, sincere and diligent representation we have followed in the past.

"Our integrity is above reproach, our qualifications the highest. We are proud to present to the people of Kenilworth a clean, forthright administration, one that in our opinion is worthy of their wholehearted support."

The statement also said:

"Referring to an article published in the press regarding the Democratic councilmen's attendance records, we wish to state that from January 1, 1953 to October 25, 1955, inclusive, the Republicans have had 27 absences, Democrats 17. A charge of this sort amuses us especially since as far as we can search, the Republicans seem to hold the record. They had a councilman who was absent for approximately two years and nothing was ever done about it. So you see this is just another of their efforts to discredit the Democrats. We must admit that we never know what they are liable to say next. Many like statements by our adversaries will undoubtedly be made between now and election, some of which we will not have the opportunity to answer as time will not permit.

"Frankly, the only reason we answer this ridiculous and meaningless statement is to prove to the public the type of campaign being used by our opponents."

Mascaro Proposes Parking Board

KENILWORTH — Councilman Frank Mascaro announced today he will recommend to Borough Council that a parking committee be appointed to help solve the borough's parking problems.

He suggests that the committee consist of the Borough Council's police committee, two merchants two industrialists and two representatives each from the Home Owners Mutual Benefit and Civic Association and the Kensington Civic Association.

Councilman Mascaro said parking meters might be one of the things the committee could consider.

It is expected he will make the recommendation to council on November 22.

The trip is planned for spring. Last year the troop visited Washington, D. C. Mrs. Leikauskas also is leader of this troop.

At a meeting last week in McKinley School, Brownie Troop 63 discussed plans for its first anniversary party. The date and place have not been decided upon. Mrs. Fred Rein and Mrs. James Ferguson are troop leaders.

All members of Brownie Troop 72 wore costumes to a Halloween party held last Thursday. The leaders, Mrs. Stephan Chronkright, Mrs. John Klok and Mrs. Anthony Mazzarese, were required to guess who each member was. Games were played, songs sung and refrshments served. The girls made their own place mats.

Early Halloween Raids Reported by Police

KENILWORTH — Starting their Halloween celebrating early, juveniles were blamed by Kenilworth police for numerous windows broken in several areas of the borough on Sunday evening.

Rudolph Roselle of the Kenilworth Greenhouse reported eight windows were broken in his building and 12 pumpkins were stolen and smashed. A resident at 213 North Eighteenth street reported to police that someone threw a rock through a picture window which just missed several persons.

Mrs. Helen L. Rodgers of 30 North Twenty-first street reported to police that someone took a wheel from the trunk of a car owned by Albert Cleaver of Perth Amboy, a visitor at her home.

day shift. They were the police department except for special officers who handled such things as picnics and outings.

The department consisted of three men when Chief Conklin became chief. Capt. Stupak joined the force that day, joining the late Andrew Ruscansky as a patrolman.

Under Chief Conklin's direction, Kenilworth installed the first radios in patrol cars in August, 1933. Before automobiles came into extensive use, Chief Conklin remembers making his rounds on a bicycle. Getting back to the police radios, Chief Conklin was the first police officer to be given a radio operator's license in Union County. It was operated on an experimental frequency on W2XI.

During prohibition days, the police had a difficult time, Chief Conklin recalls. Numerous raids on stills kept the department busy, he reports. Through the years, Chief Conklin said, Kenilworth has been free of serious crimes. The town was much harder to police during prohibition than it is today, Chief Conklin declared.

Although traffic in the borough has increased considerably — at least 10 fold in the past 10 years — the accident rate has not increased, Chief Conklin said. He attributes this to good traffic control and good patroling.

Chief Conklin's biggest case? The shooting in Borough Hall on January 1, 1940, in which Borough Clerk Stahl was killed and Patrolman Ruscansky was critically wounded. Both shootings were by John Butler, tax collector and treasurer, who was finally arrested by Chief Conklin.

A native of Haverstraw in Rockland County, N. Y., Chief Conklin spent his youth in Jersey City, attending public schools there. He came to Kenilworth with his parents in 1913 and has lived here since then.

Chief Conklin is married to the former Anna McCormack, a local girl. They have a son, William, who resides at 540 Monroe avenue. He is a traffic controler at the Newark Airport tower.

In addition to his police duties, Chief Conklin is a member and trustee of the Kenilworth Rotary Club and a member of the Community Methodist Church.

Chief Conklin has seen the borough grow from a rural community of less than 2,500 to its present suburban character with a population estimated at 8,000. Along with the growth of the borough, police methods have advanced, Chief Conklin says, so that today Kenilworth has a modern, alert police department.

ditional post-graduate work at New York University and recently was honored by Parsons College with the degree of doctor of divinity.

Following completion of his first degree at Biblical Seminary in 1928, Dr. McKee continued at the seminary as an instructor in Greek. Upon receiving his doctorate in 1931, he became a full-time professor in the fields of New Testament and church history. In 1941, he was made dean of the seminary, and he continued in that office until elected president in 1946.

Dr. McKee has made two extended trips to Europe and the Near East, the latest of which was in the spring and summer of 1951. Having made an extensive photographic record of his trips, he has

REV. DEAN G. McKEE

given numerous lectures on "The Lands of the Bible" and "The Early Church."

An ordained minister of the Presbyterian Church, Dr. McKee has been a member of various committees of the New York Presbytery. At present he is serving on the committee on the examination of candidates and is chairman of the committee on ministerial relations. He holds membership in a number of professional societies and has contributed articles to various theological quarterlies and other religious publications.

First Presbyterian services in Garwood were conducted in the third house to the rear of the present Borough Hall prior to 1898. In the spring of 1898 services were being conducted across the street in the Lent Building. About this time the chapel at Garwood came under direction of the Cranford Presbyterian Church at the express request of the people in Garwood.

First regular superintendent of the local Sunday School was Elder Charles T. Bingham of the Cranford church. He was followed in this post by a Garwood man, John Sorter, in 1899. On January 13, 1901, the Cranford Session approved the selection of an inactive ordained elder, George Krause, as superintendent, and in 1903 the post went to Elder E. M. Wray of the Cranford church. Elder Wray was succeeded by F. H. Trevenen, who was succeeded in 1906 by Joseph Deremer.

Following Mr. Deremer, superintendents of the Sunday School were: W. B. Johnston, 1909; J. Deremer, 1910-1913; John Stiff, 1914-1930; W. R. Conover, 1930-1931; L. Cowell, 1931-1932; S. Brady, 1932-1936; J. Deremer, 1936-1938, and R. Clark, 1938-1955.

In the beginning, young men who supplied the pulpit attended seminary, and their services were on a week-to-week basis. J. Herbert MacConnell (brother of Dr. C. W. MacConnell of Cranford) occupied the pulpit prior to the century. R. C. Dobson, a student at Princeton Seminary, filled the pulpit in the spring of 1900. He was succeeded in the autumn by J. K. Howard, a senior at Union Seminary.

J. Elmer Russell became pastor in the autumn of 1901. He had been invited by the Cranford Session to accept the position at a salary of $600 a year.

The Rev. Henry Ketcham was pastor of the chapel in Garwood at the time of the formation of the borough in 1903.

By that time the Presbytery of Elizabeth had given approval for the purchase of lots for a future church building. On September 20, 1904, a plot measuring 100 x 125 feet was purchased, and later during the pastorate of the Rev. Edward Love, a Mr. Tenny of Roselle, friend of the pastor, donated additional adjacent lots.

On October 23, 1905, ground was broken for the new church. About this time the former Jefferson School was opened, making the old school building (now St. Paul's Evangelical and Reformed Church) available to the Presbyterian congregation for services until completion of their new building.

Work on the foundation for the new chapel was under way by November 1905, and November 19, 1905, is accepted as the date of the actual laying of the cornerstone.

On that occasion, the boys and girls of the Sunday School walked from the old school house on Center street to the new church site on Spruce avenue, just as they will do again next Sunday. As they walked they carried their hymn books and sang, "Onward Christian Soldiers."

The new chapel, which cost about $7,000, was finished and dedicated on October 2, 1906.

Following the death of the Rev. Mr. Love on February 17, 1909, the pulpit of the local church remained vacant until December, 1909, when the Cranford Presbyterian Church hired the Rev. Gordon Russell to be assistant pastor with the Garwood field as his charge. He continued in this post until February 1, 1914.

He was followed by the Rev. H. W. Arthur Wellhoelter, during whose pastorate the Garwood Chapel became the Garwood Presbyterian Church. This occurred on June 28, 1917, at which time 161 names of members were read and officially transferred from the Cranford Presbyterian Church to the Garwood Presbyterian Church.

The Rev. Mr. Wellhoelter resigned as of October 1, 1917, and was succeeded on January 29, 1918 by the Rev. John Albright Sellers. The Rev. Mr. Sellers resigned on November 1, 1925, and Dr. Duncan Cameron supplied the pulpit until March 21, 1926. In July, 1926, the Rev. J. B. Hodgson was chosen as pastor.

After the Rev. Mr. Hodgson resigned in June, 1928, Dr. Cameron filled the pulpit frequently until January, 1929.

Next pastor was the Rev. Peter Wall, and after he resigned in May, 1932, Dr. Cameron again filled the interim period until the installation of the Rev. Dr. Robert Graham in November of that year.

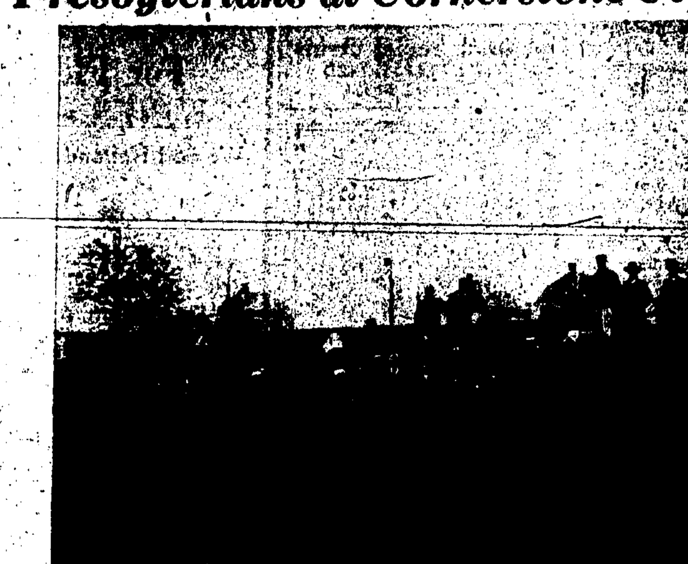

The Rev. J. Whitfield Sloan, who had been pastor of the Mountainside Union Chapel, was called by the people of Garwood on October 14, 1937, following the resignation of Dr. Graham the previous April.

After the Rev. Mr. Sloan resigned in 1943 to enter the chaplaincy he was succeeded by the Rev. Irwin C. Wise, who took the position on a part-time basis as of April 4, 1944.

The Rev. Mr. Wise resigned on April 27, 1947, and on December 10, 1947, the Elizabeth Presbytery installed the present pastor, the Rev. Eric Samuel Tougher.

During the ministry of the Rev. Mr. Tougher an addition was built to the church for Sunday School purposes. It was dedicated on December 28, 1951. A new manse was purchased in June, 1954.

"Furthermore, because Round Valley would be a much larger and deeper reservoir than Chimney Rock, and would draw most of its supply from the Delaware River, it would yield water of superior quality in softness, purity, taste, color and temperature. It would be comparable in every way to New York City water, one of the world's best.

"Chimney Rock would tap the Raritan River at a point where the waters are relatively hard and contaminated by a high degree of industrial and domestic wastes."

Defeat of the forthcoming referendum, Mr. Mitchell declared, would convince our legislators that "the citizens of New Jersey refuse to settle for inferior water at a higher price."

More than 60 priests from other parishes were guests at a luncheon in the cafeteria of St. Anne's School following the offering of a solemn high mass of thanksgiving by Msgr. Walsh in the church Saturday morning.

Republicans Attack Letter By Mayor

GARWOOD — Speaking at a Republican election workers' social last night, the Republican candidates for Borough Council in the coming election attacked a letter issued by Mayor William H. Severage last week as "a further effort to deceive the people of Garwood."

Former Councilman Edward H. Tiller, seeking election to a three-year term on the council, declared he was "amazed" at the mayor's remark that he was the victim of "character assassination" by the Republicans.

"Does one defame another's character by repeating what the other has himself said?" Mr. Tiller asked.

"Webster's dictionary," the former councilman continued, "defines the word assassination as a violent act upon the person of another, or his or her character. How can this be applied to the Republican candidates? No violence, either in language or act was committed by them; they simply repeated the promises and statements made by both the present Democratic mayor and his administration, which were taken from the official borough records, newspaper articles and circulars distributed by them.

"Why is it that the Mayor did not consider it character assassination in the years he was a candidate for councilman and Mayor?" Mr. Tiller continued, "We have quoted many of the charges he and his colleagues made against Republican administration members and candidates, using language and words that were utterly false, as time has since proven. Did they ever, at any time, use polite language in attacking these men? How inconsistent can Mayor Severage get?"

John G. Malko, also seeking a three-year council term, said the Republican candidates charge the present mayor and his Democratic dominated council with deliberately lying to the people of Garwood when they said that they had only inherited $30,000 surplus from the last administration and the Republican candidates said it was over $80,000.

'Mayor Severage and his administration never answered this charge until last Thursday," Mr. Malko declared. "Even then he made no effort to admit that he was wrong. However, he had to show that the charge was true, because in his letter, in the tenth paragraph, he said 'on December 31, 1954 the borough had $80,000 surplus revenue cash, of which $40,000 or approximately one half has been appropriated in the accompanying budget, leaving $40,345 of free funds.'

"Now, Mr. Mayor," the speaker continued, "will you please explain, in simple arithmetic, how could you only have, as you say, $25,792.69 and yet have $40,000 free funds, which is approximately $15,000 more than you claimed to have had? We are afraid the mayor is more confused than the people. The taxpayer and the people who pay taxes in rent, know how to add and subtract—they know $80,000 is more than $30,000 and they also know that $7.64 is 64 cents more tax than the mayor said it was going to be and it surely is a lot more than $6.91 which was the 1954 tax rate under the Republican administration."

Leonardo (Leo) Ragonese, candidate for a one-year unexpired term, commented also on the mayor's letter. He said he noticed the mayor spoke only for himself.

"Why?" Mr. Ragonese asked, and continued, "We did not neglect to charge the Administration as a whole. Why does he not defend the Democratic members of his administration as well as himself? In his desire to clean his own slate, he even paid for the printing of the letter, as attested to in the lower left hand corner—'Paid for by William H. Severage.' It looks to us that he has no confidence in his own councilmen. He just ignores the charges made by our candidates, which affect them just as much as they do him.

"Since the Democratic administration as a whole, have made no effort to deny the charges of broken promises, false information and failure to maintain an efficient businesslike government, their silence must necessarily be an admission of fact."

Pupils to See Historic Points On Philadelphia Trip Today

GARWOOD — Pupils from the seventh grade classes in Lincoln School are going to Philadelphia today to visit such historical places as Independence Hall and Congress Hall. They plan to attend a show, "The Planets," at the Planetarium. The day's program also will include a trip to Valley Forge.

Accompanying the pupils will be three of their teachers, Teaching Principal Louis Dughi, Mrs. Raymond Crawford and Mrs. Dorothy Tearse.

Students from the eighth grades, accompanied by Superintendent of Schools Lewis F. Laird, Mrs. Christie and Mrs. Tearse, went on a guided tour through United Nations headquarters in New York recently in connection with their study of the United Nations.

A United Nations program was presented in assembly last week by the seventh grade social studies classes and several eighth grade students. In celebration of the 10th anniversary of the organization, it consisted of a play, "The United Nations, the Hope of the World," and slides showing the interior of the headquarters building.

Members of the staff of the school newspaper, "The Lincolnian," met last week with Mrs. Warren W. Halsey, faculty adviser, to make arrangements for preparation of the first edition, scheduled to be issued before Thanksgiving.

Pupils of the primary classes held their first assembly of the new school year recently. Morning exercises were presided over by Anne Sieller of 4R. Features of the program included several Halloween choral speaking numbers by Mrs. Charles Bahr's class. There were two vocal numbers by Miss Alice Rogers' fourth grade, "Come Thou Almighty King" and "Old Dan Tucker." Carol Makowsky was the soloist.

Miss Mae Carden, author and publisher of the Carden Reading System, visited the classrooms last week, giving assistance to the new teachers.

A fire drill was held recently for all classes in the public schools.

Physical examinations have been completed in the schools by Dr. Leon Anson, school doctor, assisted by Mrs. Michael Kuchta, school nurse. Examined were pupils in the eighth, sixth, third and first grades.

Tiller Attacks Mayor's Answer On Commission

GARWOOD — Councilman Edward H. Tiller, Republican candidate for a three-year term on the Borough Council, in addressing members of the Republican Municipal Committee last night, commented on Mayor William H. Severage's announcement Monday night that a Shade Tree Commission had been formed but that the names of its members would not be revealed until the commission begins to function next month.

"In refusing to reveal the names of the Shade Tree Commission," the former councilman declared, "it would appear that there is no commission at all, and in his saying that these names will be announced later, it would appear that he hopes he will be able to find three or more citizens who will serve as a commission.

"Why next month? If he has had no money for this fund so far this year, where is he going to get it now—rob Peter to pay Paul? With a 70 point tax jump, the Democratic administration should be able to purchase at least a few trees."

Commenting on a remark by Mayor Severage that attacks upon himself constituted a "left-handed" compliment for this year's Democratic candidates by indicating that their qualifications could be attacked, Mr. Tiller said:

"Mayor Severage must be very naive if he expects people to believe anyone would criticize any candidate's qualification before he has had a chance to demonstrate his ability to show that he is qualified. One only criticizes those who have had that opportunity and who failed to measure up to the standards expected of them. This is something that the Democratic administration has failed to do. This answer, given by Mayor Severage to Republican charges, is the weakest and most unsatisfactory the people have ever received from any past administration."

Democratic Session Held

GARWOOD—Democratic Party workers meeting during the past week at Scandia Hall to prepare for Tuesday's election praised the local Democratic candidates, John Teuscher and Nicholas Lo Bue, seeking three-year Borough Council terms; Edward S. Tripka, candidate, a one-year unexpired council term, and Walter J. Flesher, Jr., collector-treasurer aspirant, for "the clean and factual campaign waged by them for borough offices."

Mr. Teuscher told listeners that his knowledge of Garwood voters precluded any other kind of campaign. He also reported that alumni of Jonathan Dayton Regional High School in Springfield seemed particularly enthusiastic about the fact that three of the Democratic candidates, himself, Mr. Tripka and Mr. Flesher, are Regional graduates.

Many of the residents whose homes he had visited seemed very interested in the backgrounds of the Democratic candidates, Mr. Tripka reported.

Mayor William H. Severage also spoke, declaring that the Democratic Party was fortunate in having Mr. Teuscher, Mr. Lo Bue, Mr. Tripka and Mr. Flesher as its candidates in this year's election.

"I feel confident that people will vote for the men best fitted for the job, and on that basis I know Garwood residents will vote the right way," John E. Conklin, co-campaign manager with Councilman Lewis M. Ross, declared in concluding the meeting.

HERE'S WHY!
DEMOCRATS AND REPUBLICANS
NEED
RICHARD A. PETTIT OF WESTFIELD
— AND —
ROBT. C. KIRKPATRICK OF HILLSIDE
AS FREEHOLDERS
HEAR WHAT REPUBLICANS
have to say about Boss Benninger and his cohorts in a statement to the Elizabeth Daily Journal:
"Ours is a 'captive' county of a political machine that in order to perpetuate itself, must be fed by political patronage.
"A boss-controlled county creates nesting places in government for jobholders who are being paid off not on the basis of ability or a desire to perform a decent day's work, but rather the ability to deliver votes." Take the Kealy and Hodgskin episodes for examples!

EighthGrades Will Study New Addition

KENILWORTH — The new addition to Harding School will be studied by the eighth grade science and mathematic classes of the school under the direction of Joseph Haladay and John Wanko.

The project is directed by an executive committee consisting of a chairman, a secretary and four representatives from each of the three eighth grade classes. Carl Leschinski of Miss Winona Newcomb's eighth grade class was elected chairman.

Jacqueline Meros of Miss Margaret Ray's eighth grade class is secretary. The representatives are: Miss Jeanne Russo's eighth grade class — Wayne Feuerhern, Marlene Volpe and Betty Aragona; Miss Ray's class — Elizabeth Brittain, Alan Rhodes and Ronald Holmquest; and Miss Newcomb's class — Patricia Dressal, Susan Wayne, Emil Scouzzo and Gary Slangan.

Some of the activities planned by the eighth grades are: Making scale drawings and models, studying the rocks and soil, finding the weight and amount of dirt excavated and learning to share experiences.

Work on the addition was started last week. The excavations for the foundations have been completed. P. Jantelli, Inc., of Newark is the general contractor.

The addition will contain a gymnasium, boys' and girls' locker rooms and showers, cafeteria, manual training room and household arts room and 14 regular and special classrooms.

Civic Association Slates Candidates' Night

KENILWORTH — Candidates' Night will be held this evening at 8:15 by the Kensington Civic Association at St. Theresa's School.

All local candidates have been invited to speak. Officers also will be nominated.

The meeting place was changed from the Kenilworth Inn to St. Theresa's School.

Hillside Resident, Miss Dafeldecker Married Sunday

KENILWORTH — St. Theresa's Church was the setting Sunday for the marriage of Miss Doris M. Dafeldecker, daughter of Mr. and Mrs. Charles Dafeldecker of 20 South Seventeenth street, to Theodore Klinko, son of Mr. and Mrs. Sylvester Klinko of Hillside.

The Rev. Sylvester P. McVeigh, pastor, officiated. A reception followed at the Polish National Home, Irvington.

Given in marriage by her father, the bride was attended by her cousin, Miss Dorothy Fisher of Kearny as maid of honor. Miss Ella Klinko, sister of the bridegroom, was bridesmaid.

Edward Konesky of Massapequa Park, L. I., was best man and Carmen Mariano of East Orange, brother-in-law of the bride, ushered.

After a motor trip, the couple will make their home in Kenilworth.

A graduate of Jonathan Dayton Regional High School, Springfield, Mrs. Klinko is employed at the RCA Victor Division, Harrison.

Mr. Klinko, a Navy veteran of World War II, attended Hillside High School. He is proprietor of the Hillside Music Center.

Mayor Backs State, County GOP Slate

KENILWORTH—Mayor Robert C. Krueger was one of 12 Republican mayors from all parts of Union County who have given their endorsement to Republican candidates for state senate, assembly and freeholder.

In a session in Clark Township on Saturday evening called by Mayor Jay A. Stemmer of Clark, the 12 municipal leaders declared the Republican aspirants for state and county offices are the best qualified and also had the greatest understanding of administrative problems at a municipal level.

The mayor's indorsement was based on the consensus that the GOP slate could best serve the interests of the people of all Union County communities. These experienced Republican legislators, the mayors declared, would be of the utmost service and value to each and every taxpayer.

Mayor Stemmer explained the session was called to determine sentiment as community administrators and leaders, competent to appraise candidates from a municipal level.

The mayoralty declaration in behalf of the GOP slate contained, among other things, this major six-point indorsement program:

"All proven leaders have been previously elected and in public office.

"Experience in legislation offering the utmost value to each taxpayer.

"All have had solid experience in municipal and county matters.

"All have outstanding administrative, professional and civic backgrounds.

"All are best qualified to maintain and raise the standard of public office.

"All have the ability, experience and background making them better qualified to understand and handle the varied and complex problems facing all levels of government."

The indorsement also was signed by the following mayors: Ira Holley of Berkeley Heights; Mayor Stemmer; Nicholas S. LaCorte, Elizabeth; Joseph Komich, Mountainside; Charles Johnson, New Providence; Allen Tompkins, Plainfield; Francis Pitman, Roselle; Walter Jones, Scotch Plains; Albert Binder, Springfield; Percival Bland, Summit, and H. Emerson Thomas, Westfield.

Halloween Holds Attention At Local Schools

KENILWORTH — Halloween captured the imagination of many students this week of the Kenilworth public schools.

In Miss Helen Austin's kindergarten classes, Debby Della Fera, Ozzie Mitschke and Elayne Werner brought jack-o-lanterns to decorate the classroom. The classes held parties as the children and their parents wore costumes.

Miss Joan Meyer's kindergarten classes made tall, black witches' hats in preparation for Halloween.

Original stories and a party marked the Halloween celebration in Mrs. Catherine Renner's second grade class.

Members of Mrs. Minna Gaffney's fifth grade class have been presenting reports on books they brought from home or from Kenilworth Public Library. They also are making maps in connection with their study in geography of explorers and navigators.

Carol Kaiser reports that the students in Miss Charlotte Carmody's sixth grade class are learning about how animals care for their young. She says the class has found this subject interesting, because many of the children in the class have mother cats and dogs with young at home. Wayne Brown brought in a collection of foreign stamps, which attracted the attention of the class philatelists.

In science, the tadpole brought in by Wayne Brown is starting to grow a leg. Marie Jansco brought in different kinds of squash and the sweet potato brought in by Cheryl Tyska is beginning to grow. In poetry class, the class finished poem book covers. The first poem, "On the Moon," was acted out by Delores Kurtz and Carol Ann Kaiser.

Council Praises PublicCooperation

KENILWORTH — The public displayed complete cooperation with all civil defense and disaster control units during the test alert last Thursday evening, the Civil Defense Council announced following an evaluation session Tuesday evening.

It was announced that siren coverage was adequate and wardens under Robert Ruscansky cleared the streets.

Kenilworth was directed to send two fire companies to Biertuempfel Park, Union. Under Chief Leon Tripodi, one company was composed of members of the Kenilworth Volunteer Fire Department and the other of civil defense reserves who used their new fire truck, the borough's fourth, for the first time.

Seven police reserves were dispatched to Warinanco Park, Roselle-Elizabeth.

Director Daniel Kerr said he was completely satisfied with all units that participated. Radio communications were operated during the drill with all operations directed from the control center in Harding School. Billy Emmert was operations officer.

It was announced that there is still a need for additional personnel in all services of disaster control and civilian defense.

Republicans Predict Victory

KENILWORTH — "Confident of victory." That's the statement today of the Republican Campaign Committee.

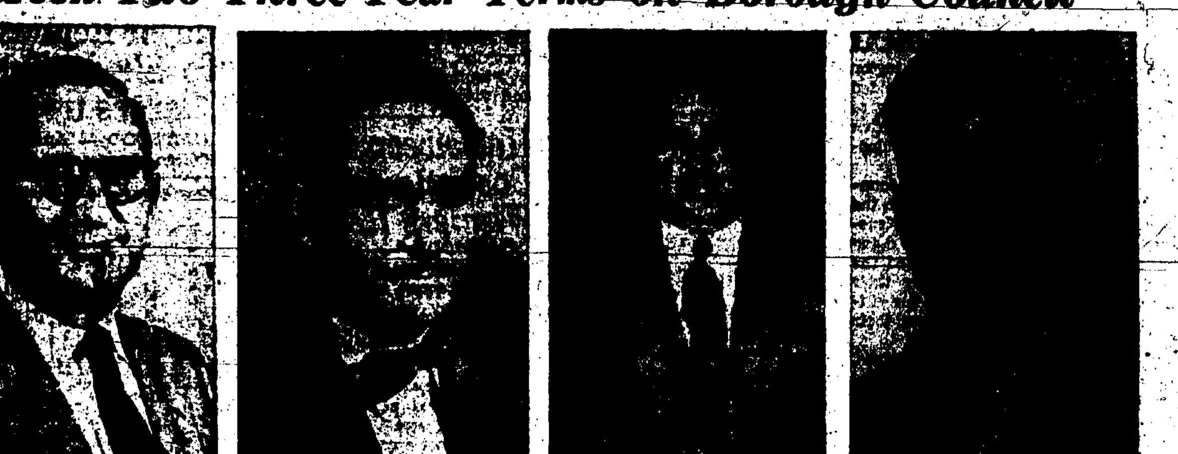

The committee announced that it will close the campaign with "a hard-hitting program of house-to-house visitation and a motorcade on Saturday, winding up in an 'open house' at the Kenilworth Veterans Center." The motorcade is scheduled to begin at 1:30 p.m. in front of Harding School. After covering all parts of the borough, the motorcade will conclude at the Kenilworth Veterans Center at 3 p.m. Refreshments will be served to the voters and their children.

Victory was predicted for Councilman Oliver J. Brown, Jr., mayoralty candidate; and former Councilman Dudley Neville and Edward Nelson, councilmanic aspirants.

In a campaign statement, the committee credits Councilman Brown with the purchase of modern equipment and erection of a new public works building while serving as public work chairman of Borough Council. He has served as representative to the Regional Animal Control Plan and to the Board of Adjustment and Planning Board.

According to the statement, former Councilman Neville was instrumental in development of equipment and personnel for the fire and police departments, helped to procure industry to strengthen the borough's tax structure and was instrumental in development of borough's present shopping center.

On Tuesday evening Mr. Petersen will preach on "The King With 70 Crowns," and on Wednesday his subject is "A Housewife Stops An Army." Mr. Petersen's messages are being recorded for later use by Christian workers in isolated regions, such as Alaska.

Election of Mayor

(Continued from Page 1)

ties have split the council races and this may happen again this year. The mayoralty race is considered to be very close. Mayor Krueger won his election by a 28-vote margin over former Councilman Earl J. Baron.

The campaign has been comparatively quiet with few major issues. Both parties claim they favor eliminating caucuses, but debate which party started the idea. In a campaign statement, the Democrats came out against the water supply referendum. The Republicans haven't commented publicly on this issue.

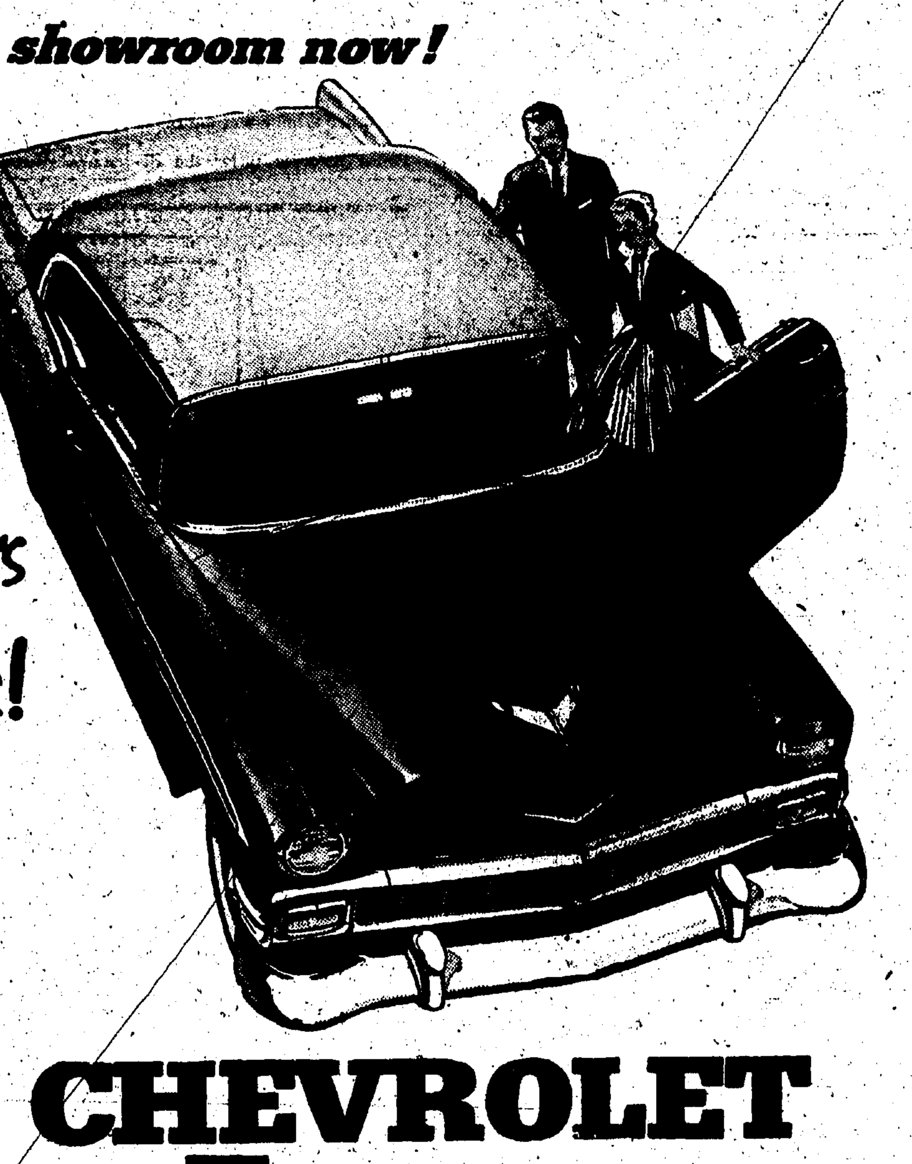

Councilman Mascaro and Edward Woodruff were nominated by the Democrats at the primary election, but Mr. Woodruff bowed out of the race because he is leaving town. Mr. Neville and Mr. Nelson won the GOP council nominations by topping a field of three other candidates, Arthur Russo, Mrs. Ernestine Marino and Carman Lepore.

Assembly Candidate Speaks at Tea Here

GARWOOD — Political campaigns of the future, emphasizing intimate talkfests and television appearances, will serve to increase the interest of women in politics, Mrs. Mildred Barry Hughes, Democratic candidate for Assembly, declared in speaking at a tea given at the home of Mrs. Patrick Sacco, 183 Hickory avenue, last Thursday.

Mrs. Hughes urged her listeners to vote "no" on the water referendum because, she said, the Republican-controlled State Legislature is trying to "pass the buck" by not waiting until all the facts are available on the Chimney Rock proposal.

Citizen Safety Drive Praised

KENILWORTH — Kensington Civic Association was commended Tuesday evening at a meeting of Borough Council for a safety drive it is conducting among development residents.

Councilman Alva Myers, council president, who presided in the absence of Mayor Robert C. Krueger, said the association is doing a good job and he extended the thanks of the borough for their efforts. It is a fine thing for citizens to take problems into their own hands, Mr. Myers said.

Councilman Ernest Vardalis, chairman of the public safety committee, also praised the efforts of the group.

In behalf of Mayor Krueger, Councilman Myers proclaimed the week of November 6 to 12 as American Education Week. He reported that the Jonathan Dayton Regional High School, Springfield, will hold open house for all citizens on Monday and Wednesday.

The Springfield Board of Health informed council it is willing to pay the additional fee to continue the Regional Animal Control Plan of the Union County SPCA.

A storm sewer will be constructed this week in Sixteenth street, Councilman Kenneth Hart, chairman, public works committee, reported. He said the paving of Washington avenue, between Twenty-first and Twenty-second streets was completed this week.

The playground next to Harding School is being taken down to make way for an addition to the school, Councilman Frank Masc... chairman of the recreation committee, reported. He said the Recreation Committee will meet soon to decide on a new site for the playground. Flood lights at the playground have been removed, Councilman Oliver J. Brown, Jr., reported, and are ready to be installed at the municipal parking lot opposite the Kenilworth Veterans Center.

Three subdivisions approved by the Planning Board were confirmed. They are for one one-family homes each. A zoning variance for a two-family house at 569 Newark avenue was approved for Robert J. Hampp after the Board of Adjustment recommended approval.

Councilman Mascaro suggested that a white line be painted down the center of Market street as a safety measure.

Open House At Regional Next Week

SPRINGFIELD — Jonathan Dayton Regional High School will hold open house as part of the celebration of American Education Week, this week.

On the two days that the school is in session, Monday and Wednesday, the parents of Regional students and citizens of the six sending communities are invited to visit the high school while the school is in operation.

Students and faculty on these days will follow regular time schedules and routines. Parents will have an opportunity to see their children in actual classroom situations. Arrangements have been made for cafeteria service for visitors who "attend" school on these days.

Preparations for the open house were completed by a committee of teachers. Bernard Carr, chairman of the committee, has requested all the mayors of the six communities to issue official proclamation recognizing American Education Week at Regional High School. Local service organizations were invited to participate. Members of the teachers' committee for American Education Week are: Theodore Faraklas, Jean Elliot, Jean Meeker, Pauline Keith, Roger Richards, and Vivian Hascup.

Mayor Replies To Shade Tree Charges by GOP

GARWOOD — Answering Republican charges that he failed to set up a Shade Tree Commission as promised during last year's campaign, Mayor William H. Severage declared this week that a commission has been formed but has not been operating because of lack of funds.

Mayor Severage said that three qualified men have accepted appointments to the commission but added that their names will not be revealed until they begin acting officially next month.

Addressing his remarks to campaign workers in Scandia Hall on Monday night, the mayor declared that recent attacks made by the Republicans upon himself constituted a "left-handed" compliment for this year's Democratic candidates for local offices by indicating that their qualifications could not be challenged.

Physicians' Club Favors Salk Shots In Offices Over Mass Inoculations

There wil be no mass inoculation program for administering Salk anti-polio vaccaine to Cranford children.

At a meeting Monday evening at the Cranford Hotel, the Cranford Physicians' Club decided "that the administration of the vaccine could best be done in the offices of the private physicians."

In a statement the club said: "The members of the Cranford Physicians' Club pledge that the fees for this service would be as modest as commensurate with careful administration and the cost of the vaccine."

The statement emphasized that in needy cases the injections will be given at reduced fees or free of charge if necessary.

The club went on record as pledging that "no child in Cranford will be deprived of the vaccine because of inability to pay for it."

During the meeting, the physicians thoroughly discussed the present status of the Salk vaccine, the statement said.

"The results of vaccine released under new safety standards instituted after the vaccine difficulties last spring were studied. They prove this vaccine has a high degree of safety and was very effective in preventing paralytic polio in the serious Boston epidemic," the club's statement said.

"Consequently," the statement said, "the club went on record as fully endorsing the administration of the vaccine at this time."

The club's statement was released by Dr. Neil Castaldo, president, who presided at the meeting.

Health Officer William P. Smith reported there are 3,754 school children in Cranford in the first through eighth grades as well as an estimated 1,000 children 1 to 6 years of age who are eligible to receive the shots. Under current state regulations, all children up to 15 years of age and pregnant women are eligible for the shots.

Mr. Smith said it is expected the Board of Health will take up the problem at its meeting on November 21. The health officer said every effort will be made to get parents to take their children to the

Industrial Growth Forecast For Property Along Railroad

Referring to "recent talk about what municipal officials have and have not done about industrial development" here, Ross E. Rowland, industrial agent of the Jersey Central Railroad, this week expressed confidence that negotiations aimed at securing an occupant for the vacant Wood and Selick plant should be completed "within a month" and added that within the next 12 months Cranford can look forward to construction providing an additional $1,000,000 in ratables on the D. O. Evans tract on North avenue, east.

Mr. Rowland, who resides at 427 North Union avenue, spoke at the weekly dinner meeting of the Cranford Lions Club in the Coach and Four Restaurant Tuesday night.

Referring to the expected construction on the Evans tract adjacent to the railroad, he declared it would be equivalent to 70 residential units with individual values of $15,000 and "without the added burden of schooling, police and fire protection required by new homes."

At present there is one plant on the tract, constructed by Mr. Evans for Blessings, Inc., now manufacturing a new patented disposable diaper.

Mr. Rowland said the expected further construction has not gotten underway during the past year because Mr. Evans has been too busy with his Elizabeth Central District development, between the Turnpike and U. S. Route 1 in Elizabeth, where five large units already are under construction and negotiations are progressing with several nationally known firms for new buildings.

Referring to the Cranford tract as "one of the choice sites in Union County," he added that at

May Act On Expansion

Burton C. Belden, chairman of the School Planning Committee, announced today he will recommend to the Board of Education that it adopt the committee's recommendation that an expansion program consisting of 32 additional classrooms be adopted.

It is expected the Board of Education will adopt this recommendation. Four members of the board, including Mr. Belden, served on the School Planning Committee and other members have been in close touch with the planning.

Following a meeting with the Township Planning Board last Thursday evening, Mr. Belden said he feels he is in a position to ask the board to act. Mr. Belden went over the plans for the expansion with the Planning Board and answered members' questions.

There has been no further word on attaining a site for a new 16-room elementary school in the southern section of the township, Mr. Belden said. The School Plan-

Diabetes Drive Opens

A broad educational campaign will be launched in Cranford in support of Diabetes Week, which formally begins Sunday, and ends November 19.

Diabetes Week, which is observed the third week in November, marks the renewal of the year-round Diabetes Detection Drive, sponsored by the American Diabetes Association and conducted locally under the auspices of Union County Medical Society.

Dr. C. M. Canright of Cranford, Union County chairman of the Diabetes Detection Drive, reported that plans have been completed to check as many people as wish to be tested for signs of diabetes. Testing centers will be opened beginning Monday at the offices of family physicians or the Board of Health, 2 Alden street.

The tests are free, don't hurt, and only take a few minutes, Dr. Canright said.

"There are many diabetics in our county who are not aware they have developed the disease. These undetected diabetics must be found as soon as possible so they may receive proper medical treatment and thereby avoid the many serious complications that follow neglect of diabetes.

"Diabetes is a chronic condition which develops when the body cannot make full use of all the foods one eats, such as sugars and starches. The danger signs are excessive thirst, constant hunger, frequent urination, loss of weight, severe itching, easy tiring, failing eyesight, and slow healing of cuts and scratches. However, some people have diabetes without any symptoms at all," Dr. Canright said.
