Christmas Lights Add New Glow To Community's Holiday Programs

The host of varied community projects planned for the Christmas season in Cranford — including a residential decorations contest sponsored by the local Real Estate Board, visits by Santa Claus, and parties by local organizations for young and old alike — seemed to focus on a new glow as Mayor Fred P. Andersen closed the switch to turn on the lights of the Christmas decorations in the town center Monday evening.

Adding to the glow were the lights on large municipal trees at the Post Office and the station plaza — and the winking red nose of Rudolph at the head of Santa's reindeer in the display set up by the Public Works Department at both Avenue and Alden street.

Santa Here Saturday

And the spirit of Christmas will grow even brighter here with the arrival Saturday morning of Santa Claus, in the person of former Police Sgt. William J. Gassmann, returning from retirement in Adirondack to resume his traditional holiday role.

Gassmann, [illegible] Cranford Business Association, sponsor of the business center decorations and the visit of Santa, reported that the jolly gentleman with the white whiskers will arrive in a Jersey Central train at about 10 a.m. Saturday and take up headquarters in a trailer parked on North Union avenue near Alden street.

Santa Claus will be in his trailer to interview local youngsters from 10 a.m. to noon this Saturday and again on December 17, and from 1 p.m. to 9 p.m. on December 12, 14, 16, 19, 21 and 22, Mr. Geller announced.

Busy Schedule

In addition to his trailer interviews, Santa Gassmann has a busy schedule of appearances arranged for him by local organizations and individuals. He started work as early as last Sunday, visiting the children in St. Walburga's Orphanage, Roselle, under sponsorship of the Cranford-Kenilworth Chapter of the Junior Chamber of Commerce.

On Monday night he attended the annual Christmas party of the Rosary Society of St. Michael's Church. He will be a welcome guest at a Cub Scout party at [illegible] School on Saturday and next Sunday he will be the guest at a Santa's Cottage, sponsored by Cranford Unit 212, American Legion Auxiliary, at the Casino. Survey Shows Most CHS Pupils Take Science Courses

A survey made by Harold M. Wilson, head of the science department at Cranford High School, indicates that every member of the class of '55 with three exceptions took some science course during his four-year high school career.

Mr. Wilson said it is difficult to compare the performance in this field with other school systems because figures are not available.

In reviewing the study by Mr. Wilson, Dr. Howard R. Best, superintendent of schools, said the figures indicate that the local high school should not be included in [illegible] criticism on the national [illegible] that schools are not placing enough emphasis on science. Much [illegible] emphasis is given to science in the Cranford public school system, Dr. Best said, than in most communities.

Science is given to science in the Cranford public school system, Dr. Best said, than in most communities.

Mr. Wilson's study shows that [illegible] percent of the class enrolled in [illegible] biology course, while 37 per [illegible] of the class enrolled in chemistry. Physics courses attracted 43 [illegible] of the 167 members of the [illegible] class.

[illegible] only six percent of the class, Mr. Wilson said, took four sciences [illegible], while 24 percent took three courses and 39 percent took two courses. Only 28 percent took only one science course.

Part of the study, Mr. Wilson said, involved the 32 members of the class who did not take general science. Of these, 25 enrolled in one class, 35 took two other courses and 12 were students in three other courses.

Of the 32 students, 58 took chemistry or biology, Mr. Wilson reports, but 34 of them had no contact with science in high school other than biology.

"This would seem to call for an increase in the number of those who should take general science," Mr. Wilson said. "We must also remember that those coming to us from St. Michael's School have had no courses in science, like those of our seventh and eighth graders."

Mr. Wilson also reports that of the 68 pupils who planned to attend a four-year college in June [illegible] will be taking various types of engineering, chemistry, medical studies and science teacher training. This number is 26 percent of those enrolled for four-year college or 11 percent of the class. In addition, 12 of the 26 students who [illegible] planned to attend other

Site for New 10-Room School Bought in 1950 for $8,000

A site purchased in 1950 for $8,000 will be used by the Board of Education for a 10-room elementary school if the voters of the township approve.

The tract, known as the Bloomingdale avenue site consists of about six acres bounded by Bloomingdale, Adams, Hoskins and Albany avenues, both Adams and Albany [illegible] streets.

As part of an overall expansion program to solve the school system's overcrowded conditions, the Board of Education plans to build the 10-room school on Bloomingdale avenue, a six-room addition to Brookside Place School, a 16-room elementary school on a site not yet selected in the southerly section of the township, conversion of Cleveland and Sherman Schools to two-year junior high schools and make Cranford High School a four-year institution.

The board also owns the land on which it plans to construct the addition to Brookside Place School. This site also was purchased in 1950 for $10,000. Most of the site is used for the new 12-room school, while the remainder is at present being used as a wildlife preserve with students and members of local Garden Clubs maintaining the area.

Mayor Says Dump Okay

"Cranford's municipal dump was given a clean bill of health following inspection by a representative of the State Board of Health. It has been there a long time and we need that disposal area. Since we have an acceptable operation, we will continue it."

[illegible] made by Mayor Andersen in commenting on a report that Health Officer Henry Gesen of the City of Linden had said the state board planned to issue an order to the township to convert its dump into a sanitary landfill.

The Linden health officer was reported to have made this statement at a meeting in Linden City Hall last Thursday night attended by more than 35 persons from Roselle and Linden which was called to discuss the problem of flies in the Berlant Park area.

Mayor Andersen said arrangements had been made for a conference between Linden officials and Cranford's Health Officer Stanton P. Smith, Township Engineer Patrick J. Grail and Public Works Commissioner Howard Cowperthwaite. When [illegible] received word that a public meeting instead of a private conference was being held, he added, he instructed the Cranford representatives not to attend.

Part I of the "Christmas Oratorio" will be followed by the offering, with the offertory anthem, "Let All Mortal Flesh Keep Silence," by Gustav Holst. Part II of the oratorio there will be the recessional hymn, benedictory and [illegible] postlude.

Soloists will be joined in the quintet in Part II by Marjorie Page, soprano, of the Chancel Choir.

Camille Saint-Saens, who was born in Paris in 1835, was an organist, conductor and composer of operas, oratorios, symphonies and songs. In writing his "Christmas Oratorio" he used words taken from the story of the coming of Christ as found in the Bible. It was translated into English by N. H. Dole.

Two New Plants Slated For Cranford

Decision of township officials on the desirability of the processes of two companies for which D. O. Evans of Hillside plans to erect new buildings on the industrial tract adjacent to the Jersey Central Railroad on North avenue, east, is expected to be made Monday evening.

Mr. Evans reported that township approval would be necessary before he can make start on the erection of a one-story brick building of approximately 20,000 square feet for Graham Associates, a Newark plastics concern, about 100 feet west of the Garden State Parkway overpass.

Also scheduled for erection, by sale, is a plant almost the same size by the General Blessings, Inc., building 19,500 square feet on the Alden side of the tract where the Hyperion Printing Company of New York City.

Mayor Fred P. Andersen said that a physical inspection of the present plants of these two companies will be made this week by Township Attorney Carl H. Warsinski, Public Affairs Commissioner Ira D. Dorian and Public Works Commissioner Howard Cowperthwaite.

The mayor added that as far as is known there seems to be nothing objectionable to the processes conducted by either concern. He said that a report on the processes of the plastics concern has been prepared for the township by a reputable engineering firm. The printing company is expected to submit its wall decorations in the future.

Erection of the proposed new buildings in addition to the plant built for Blessings [illegible]ufacturer of disposable diapers last year will take up only about one-third

Traffic Lights Rejected by State

The township has received notification from the state that the results of traffic counts conducted at North avenue, east, and Elizabeth avenue, and at North avenue, west, and Orchard street, do not warrant installation of traffic lights at those points.

Meanwhile, the Board of Freeholders is studying a report from the county engineering department containing suggestions for alleviation of traffic problems created by the triangular intersection of Springfield avenue and Kenilworth boulevard.

With regard to the turning down of the township's request for a traffic light at Elizabeth avenue and North avenue, east, scene of a fatality in June, 1954, Mayor Fred P. Andersen remarked that "we have been trying for a long time to get permission for a light there but have been getting nowhere with the state." He added that Township Engineer Patrick J. Grail has gone to Trenton personally several times in attempts to get favorable action.

Mr. Harkness will continue to make his home in Cranford until he finds a place in Nassau County. He will commute here on weekends.

While serving the Western District, Mr. Harkness was instrumental in forming 14 new district units including Pack 177, sponsored by the Lincoln School PTA, Troop 77, and Pack 77 sponsored by the Cranford Alfiance Church, Pack 84, sponsored by Calvary Lutheran Church, and Troop 83, sponsored by St. Theresa's Church, Kenilworth. In the same time, membership in district units grew from 1,305 to 2,160.

In addition to his duties as district executive Mr. Harkness served for three years as business manager of Camp Winnebago, Union Council's camp at Marcella.

Mr. Harkness is a member of the Cranford Lions Club, Lincoln School PTA and the Cranford Methodist Church and in 1953 participated in the annual Red Cross fund drive. Mrs. Harkness is a member of the executive board of the Lincoln School PTA, a den mother for Pack 75, and treasurer of Circle 13 of the WSCS.

holiday safety campaign which started November 21 and will continue through January 2, there were five accidents injuring four persons; 23 motorists were given summonses for moving violations, and one motorist was arrested for drunken driving in Cranford, Chief Powell reported.

The chief expressed appreciation to the people of Cranford for their "splendid cooperation" in keeping S-D Day accident free.

good drainage. The township's new lateral sewer from Wade avenue to Cranford avenue cuts through the property. This facility will be available for use by the new school.

While only six acres, school officials say the tract is adequate, but doesn't provide an excess amount of playground space.

The new school, it was pointed out, will be similar to the new Brookside Place and Walnut Avenue Schools and will contain the same facilities. In addition to 10 classrooms, the buildings would include a kindergarten room as well as a regular classroom which could be converted easily into a kindergarten, and an all-purpose room (combination auditorium and gymnasium), art room, household arts room, music room, library, teachers' room and administrative, health office.

Voters of Cranford approved the purchase of both the Brookside place and Bloomingdale avenue sites on February 8, 1949, at the annual school election at a cost of $28,800. The vote was 1,065 yes and 288 no. The large vote was brought out in an eight-man race for three seats on the Board of Education.

More than half of the Bloomingdale avenue site was owned by the township and the remainder was purchased from two persons.

Junior Chamber Stages Orphanage Christmas Party

A variety of toys, including a 10-foot sliding board and a "jungle gym," were presented to children at St. Walburga's Orphange in Roselle during a Christmas party sponsored by the Junior Chamber of Commerce.

Santa Claus, in the person of retired Police Sgt. William J. Gassman, was on hand to distribute the toys, half of which were donated by the Junior Chamber and half by Childhood Interests of Roselle Park.

Also distributed were cookies and cakes baked by the wives of members, ice cream, and stockings filled with candies. Members present also took up a collection of $23 which was donated to the orphange.

John O'Keefe of Kenilworth and Edward Emling of Cranford were chairmen for the party, assisted by all members.

Maurice Finnerty, president, reported that a membership roundup will be held in the Cranford Hotel at 7:30 this evening. Refreshments will be served. Men between 21 and 35 years of age living or working in Cranford or Kenilworth are eligible to become members. Interested persons are requested to contact John Keefe of 323 Retford avenue, membership chairman.

Form New Civic Group

Residents of Shetland Park and Cranford Estates development and adjoining areas will form a new civic organization.

A group of residents from the area met Monday evening at the Veterans' Memorial Home to organize the new group. It was reported that about 100 residents in the new development near the new Walnut Avenue School are eligible for membership, which will be open to both men and women.

Co-chairmen of the organization committee are Ben Grieg of 116 Wiltshire drive and James Vampolis of 109 Wiltshire drive.

Selection of a name for the organization and election of officers was deferred until another meeting next month.

Harris Warner was nominated from the floor for the post of first lieutenant.

Floor tile has been delivered and will be laid by members of the squad, the president reported. He said that one-half-inch wallboard is to be installed in the ambulance room, the first aid room and the storeroom.

Mr. Shaheen announced that kitchen equipment will be partially donated, and that doors have been donated together with finishing materials. He added that he is investigating the cost of equipment to electrically control the doors.

Skidding, Poor Vision Enemies Of Safe Driving

Skidding and poor vision are the chief enemies of safe driving during winter months.

That was the warning issued by Clarence L. Fritz, chairman of Traffic Coordinating Committee, who commented today on the recent Safe-Driving Day observed here.

"The president's proclamation of S-D Day was a great help in promoting traffic safety," said Commissioner Fritz. "Our objective now must be to make every day S-D Day."

Two of elements in the campaign for safe driving, especially during winter months, are disregard for traffic function and improper studies made by the National Safety Council the driver's vision was obscured in one out of eight fatal accidents in 1954; while wet, muddy, snowy or icy roads were reported in one out of five fatal accidents.

"The answer," he said, "is slow down. Be sure you can see, and use tire chains on your car when snow and ice coat the highway."

He urged that all motorists cooperate in the joint and national effort to make every day S-D Day.

Add Sparkle

When you're tossing leftover vegetables or greens into a salad, add sparkle with an unusual salad dressing. Grated American, Parmesan or blue cheese are excellent in the dressing for adding a tempting note to the salad.

Profiles

Profile silhouettes are prominent in the millinery picture to look best with new costumes. Helmets and toques are also popular, while pillboxes are rounded in feeling. Contrasting color and fabric combinations are used extensively.

New Invention

Molten solder in a cup is provided through the invention of a new type of soldering-iron assembly, invented and patented by Charles R. Woltz, Laurel, Md. Electricity melts the solder in the cup and heats an iron, the which is bent like a hook to submerge in the molten metal, as the iron rests on the support.

Intra-State Fare Hike Effective January 1

New Year's Day will mean an increase in the cost on intra-state trips on the Central Jersey Lines.

A fare increase for such trips goes into effect on that date under an order issued by the Public Utility Commission. The increase was ordered October 17 by the Interstate Commerce Commission.

The new rates amount to $2.50 more a month on unrestricted commutation fares and an additional $2.40 monthly on restricted commutation fares between four and 11 miles. Distances under four miles are not affected.

For example, the fare on the Jersey Central from Newark to Cranford will jump from $16.50 to $18.30.

Roselle Park Fire Halts Service on CNJ

Service on the Jersey Central Lines was halted for more than an hour Tuesday afternoon as a result of a spectacular fire in Roselle Park which destroyed a lumber mill and storage shop of the Elizabeth Sash Door and Supply Company.

The blaze also interfered with traffic on the heavily traveled Westfield avenue in Roselle Park and First avenue in Roselle.

Hundreds of spectators, including many from Cranford, witnessed the fire.

Lincoln School Thanks PTA For Projector

It was reported that Christmas plans have been completed. The Christmas treat for the children of the school will be a puppet show on December 19. On December 21, a program will be presented for the mothers. A business session will be held on the same date.

Klubenspies Named

Henry A. Klubenspies of 1593 Springfield avenue recently was named delegate of the Kindly Exempt Firemen to the annual state convention for the third year, subsequently making him a life member eligible to vote at every succeeding convention.

Mr. Klubenspies, president of the Honorary Branch of Cranford Local 52, Patrolmen's Benevolent Association, formerly served as police recorder in Linden.

Christmas Tree Precautions Urged By Fire Chief

Fire Chief Howard G. Schindler suggested today that persons buying their Christmas trees early take special precautions with them to reduce the hazard of fire.

As soon as the tree is brought home, the chief said, a fresh cut should be made at the bottom and the tree placed in a pail of water. This will help keep it fresher and greener looking in addition to lessening the fire hazard.

Chief Schindler also suggested that trees and other greens used for Christmas decorations be brushed or sprayed with a flame-proofing solution. He warned that this should not give one a sense of false security, as such solutions do not completely prevent burning. However, they do lessen the chance of accidental igniting by sparks.

One solution that is effective in retarding flammability, he said, consists of nine ounces of borax and four ounces of boric acid to each gallon of water.

Chief Schindler added a plea that trees be taken down and removed from the house as soon as possible after the holidays because they become more dangerous the longer they are kept indoors.

The chief reported there have been no dangerously flammable toys or decorations discovered in town thus far this season. He said he has been keeping a close watch and local storekeepers have been cooperating. He urged that shoppers also be careful about the types of toys and decorations they purchase.

Family Life Today

By PHYLLIS PAGE BRADSHAW

Rutgers, the State University

One of the hardest lessons anyone learns from life is how to meet failures. No matter how bravely a person seems to accept failure, it is a discouraging experience. The next step is important because it shows whether one gives up or has learned from the failure.

A person continues to learn throughout his whole lifetime. However, childhood is the time when learning is easiest. Parents can help youngsters learn to make constructive use of failures. Every child fails many times because he cannot do everything he tried to do. Eating and dressing seem simple to adults, but a youngster has many failures before he can learn to use a spoon and a fork or before he can tie his shoes.

Through encouragement and guidance, the youngster can learn from his experience and discover what not to do. The child needs this encouragement and guidance from his parents, but it doesn't help him learn if his parents do everything for him. He won't fail, but he won't succeed either.

When parents get upset, ashamed or angry at the child's failure, the youngster is likely to become timid. He feels he is better not to attempt something new because if he doesn't try, he won't fail. It is to avoid constant failure that parents are urged to help the child succeed as much as possible. But when he fails, parents can help him understand that he has learned of what not to do.

This is the time when a few suggestions are appropriate. A child will try to do something in the same way over and over again. If his way leads to failure, show him a different way that will help him and let him try it. This is not the same thing as doing the job for him.

Act Against Juveniles In Car Ornament Thefts

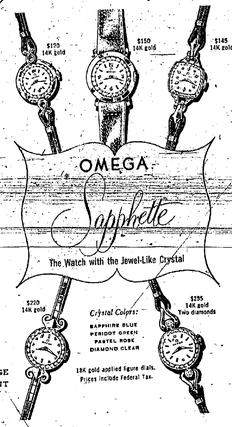

Police Chief Lester W. Powell reported today that Set. George C. Ward, juvenile officer, has filed Juvenile Court petitions against seven minor boys for larceny of automobile parts and bicycles.

This action came after a wave of petty vandalism and thefts of car ornaments reported in recent weeks by local motorists.

Set. Ward presently is following up other leads which probably will involve several other minors for these acts, Chief Powell said. He added that he has instructed members of his department to be especially alert for this type of vandalism.

LWV Holds Discussion On 'Know Your Town' Book

The "Know Your Town" booklet to be published during the next year by the Cranford League of Women Voters was discussed in detail last week when committee and chapter chairmen met at the home of Mrs. Elmo A. Konyen, general chairman.

Mrs. Koyen described this booklet as the first major project of every new league and one of the most challenging and informative studies undertaken in the almost 1,000 league communities in the nation. "Know Your Town" is the result of a thorough survey of the history, responsibilities and functions of our local government in a strictly factual report compiled from first hand interviews with all public officials. No editorial comment is permitted and the only comparisons allowed are with nationally accepted standards. This thorough survey gives league members direct knowledge of their local government and the booklet is very useful to older residents and vital to new ones. In fact, many school systems in New Jersey and throughout the United States use "Know Your Town" booklets in civics classes.

Mrs. Joseph DiMartini will be in charge of the first chapter on "Town Characteristics," which includes a brief resume of the history and personality of Cranford. The Cranford Historical Society and the local archives of the library will be consulted for this study, some of which has already been completed by Mrs. Gertrude M. Barble in the community analysis published by the steering committee before the Cranford League was formally organized.

Mrs. Ireland Graham, Jr., is chairman for chapter two on "Town Government" and chapter 12 on "Political Organization and Elections." These two chapters will summarize the composition of our municipal government and the part played by the voter. Between them in the booklet will appear explanations of the various departments and their responsibilities. Mrs. R. Ackerman will guide the study of "Town Personnel, Finance and equipment." Mrs. Floyd Weeks will work on "Public Health and Sanitation" and Miss Mary Sullivan will cover "Public Welfare Facilities." Mrs. S. M. Howlett is chairman for chapter six on "Protection" which includes police and fire departments. Mrs. Irving Wilmer is in charge of chapter seven on "Streets, Transportation and Public Utilities." Mrs. Charles Redden will gather and report the basic facts of education in our town and Mrs. Harold Trent will survey our recreation facilities. Mrs. Charles Schwartz is in charge of chapter 10 on housing and Mrs. John Mullins will be chairman for chapter 11 on planning and zoning.

Mrs. Chesfer Van Hirtum will be in charge of advance sales and Mrs. F. J. Callan will handle the publication details. These league members are all eager for assistance and anyone interested in interviewing or compiling the information on the above topics is welcome to call Mrs. Koyen of the individual chairmen.

Coffee Trees

During its ten-year life, the carefully-nurtured coffee tree produces about 30,000 ripe red "cherries," on the average—the equivalent of only 10 to 13 pounds of roasted coffee. It takes 125 billion cups of the beverage to quench America's thirst for it, every year.

New Soaps

Detergents which will wash cloths in ice cold water, remove stains without extra bleaching, and make fabrics mothproof and mildewproof are among the new industry developments predicted soon.

YOUR GARDEN This Week

By Eric H. Petersen, Jr.
Agricultural Agent - Union County

Winter protection for some trees and shrubs may be advisable, especially if they have been planted late, and planting may still be going on.

Any trees set in late summer or fall should be staked or guyed to prevent too much whipping about by winds. Wind action loosens roots and also creates a hole about the tree in which water may stand. If this freezes, it is likely to injure the bark and possibly kill the tree.

For small trees, a tall stake driven firmly into the ground should give enough support. A piece of discarded garden hose or heavy wire is used to fasten the tree to the stake.

Do not wrap completely around the trunk as this may result in girdling. Just make a figure eight before twisting around the stake for fastening. Larger trees may be staked to stakes driven into the ground.

A good way to attach these is you have no turn-buckle is to make a long loop around the tree and stake with hose on the wire where it comes in contact with the tree. Twist the ends of the wire together. Then by turning a stick inserted between the wire the guy is tightened.

A wise precaution in the case of newly planted trees is to wrap the trunks and, if the tree is large and has branches, wrap these too, with strips of burlap or Kraft paper wrapping made for the purpose. This can be purchased at garden supply houses or from nurserymen.

This wrapping should be spiral-fired, but not tight, and held in place with strings that are not tight enough to cause girdling the trunk. This wrapping is usually left on for two or three years or the growing season to make sure there is no girdling.

The wrapping reduces evaporation of moisture from the bark during winter, prevents sunscald and reduces danger from destructive borers.

Registration Deadline Near for College Tests

Gerhard Kellner, Cranford High School guidance counselor, reported that December 17 is the deadline for students to register for the January 14 College Board Examinations.

This is one of five dates for the tests during the current school term. The examinations may be taken at Westfield, Jefferson High School, Elizabeth; Hillside, Linden, Plainfield and Summit as well as about 20 other sites in New Jersey. Most Cranford students take the tests at Westfield.

Diet and Polio

Scientists are trying hard to discover if there is a connection between diet and polio. While they cannot yet tell you what to eat to avoid it, they are beginning to hope that diet may eventually provide a means of preventing the disease.

Births Already Exceed Last Year's Total

Births recorded in the local health office for the first ten months of this year already exceed last year's total, it was learned this week.

The total for 1954 was 415. In October, 56 births were recorded, bringing this year's total above the 415 figure.

These figures seem to support a forecast by Forrest Blanding of 320 Herning avenue, which was prepared for the School Planning Committee. In his report, Mr. Blanding concluded that Cranford's birth rate per dwelling unit will stay at the current level, which means that the total births will increase as new dwellings are occupied. This figure, Mr. Blanding says, will approach 500 a year as contrasted to an almost stationary figure of 420 for the past nine years.

MOD Drive Chairmen Named for Suburbs

March of Dimes chairmen for Garwood and Kenilworth were named yesterday by Edward L. Whelan, chairman of Union County Chapter, National Foundation for Infantile Paralysis.

Henry C. Harkort of 431 Spruce avenue will be the campaign leader in Garwood, while Miss Doris Boydenburgh of 100 North Fourteenth street will be the Kenilworth chairman.

Four Cranford Men Inducted Into Service

Four Cranford men and two former Cranford residents were among the 21 men inducted into service Friday by selective Service Board 44, with offices in the Plainfield City Hall.

Those are: James H. McKeown of 9 Brookside road, William P. Brescka of 425 North Union avenue, Michael A. Bongiovanni of 7 Moon street, Harold Ahlstrom of 7 Yarmouth road, Donald S. Parsons of Township Pond Russell E. Forster of Long Valley.

At going-away ceremonies, Stanley Hanna of Cranford distributed Gideon Bibles.

How-To-Ideas

by Dick Carpenter

Desk Top from Hardboard-Covered Door

You can make an exceptionally useful desk from a sheet of ¼-in. hardboard, an old door and a pair of two-drawer file cabinets. Cut the hardboard to the same size as the door and nail or glue it over one side of the door to form the desk top. All you have to do is remove the hardware. Decide on the spacing of the file cabinets, and cut two strips of wood to the same length as the distance between the cabinets. Nail these to the underside of the desk top so one will line up with the cabinet fronts, and the other with the cabinet backs. These will keep the desk top from shifting position when it is set over the cabinets. Paint the desk top and the cabinets in a matching color.

schools plan to study such scientific courses as nursing, medical technicians and junior college science courses. This is 46 percent of the group enrolled in other than four-year colleges and seven percent of the class.

Whether the total enrollments in science courses in Cranford High School or the number who we sent on for science work in college is as high as they should be is hard to determine since no adequate data is available for comparison," Mr. Wilson said.

Dr. Best pointed out that the science program in the Cranford schools begins in the kindergarten and continues through the high school level. The purpose of the program, he said, is to orient the child to this scientific world, provide a general idea of what science is and develop interest in science.

In another study, it was found that 85 percent of the current sophomore class at the high school has had some science, while 83 percent of last year's sophomore class had at least one science course at that time.

Dr. Best said the high school has an exceptionally strong science department. He said it is strong in structure and laboratory equipment, which he said compares to that found in smaller colleges. The guidance department is alert to keep the students informed of the need for science in living and the need for scientists in America, he said. Dr. Best said interest students in the field.

All students in the kindergarten through eighth grade are introduced to take science courses. The program takes on a more formalized nature in the fourth grade and becomes more technical in the seventh and eighth grades. A great deal of emphasis is placed on the seventh and eighth grade science program, Dr. Best said.

The high school offers courses in general science, general and college chemistry. Courses in which a good deal of science is offered included home nursing, first aid, safety education, radio and automobile mechanics, Dr. Best said.

In addition, the school offers an advanced program in mathematics which supplements the science program, Dr. Best explained. Besides algebra and plane geometry, which most schools offer, classes are available in solid geometry, second-year algebra and trigonometry.

For more advanced students, Oliver West, mathematics instructor, takes the pupils as far as they can go in the time allotted. This includes differential calculus and analytical geometry, Dr. Best pointed out. This is part of the enrichment program for gifted students, the school superintendent explained.

Studies are now underway, Dr. Best said, to determine how the curriculum needs to be revised. New courses will be added as the need arises. Dr. Best said it is expected the studies will be completed by Spring.

A record membership of 1,324 was reported by Mrs. Charles Suggs, senior membership chairman, at the executive board meeting of the Cranford High School Parent-Teacher Association last Thursday. The president, Mrs. E. A. Koyen, expressed the satisfaction of the board at the high percentage achieved in the recent membership drive.

Mrs. Koyen also announced the award of a certificate of honor to the association by the New Jersey Congress of Parents and Teachers for subscribing to the New Jersey Parent-Teacher magazine for every member of its executive committee.

Mrs. Wilfred Burton has been appointed chairman of the senior high dancing class planned for later in the school year.

After a discussion of the bills for state school aid, due to come before the special session of the New Jersey legislature, board members were urged to write to legislators urging passage of bills A-356 and S-380, 261 and 362.

Mrs. F. C. Ward, program chairman, discussed plans for the meeting of the association on January 17, at which "Most Frequently Asked Questions of Our High School" will be discussed by the staff.

A notice to members will soon go out with instructions for sending in any questions they may have about the high school curriculum, and program. In order to plan effectively and have all pertinent information at hand, the program committee will ask parents to submit their questions at an early date.

Mrs. J. H. McAteer, room chairman, reported on the initial meeting of the general room committee held recently at her home. Planning committees composed of a student and a parent or faculty adviser were present also, and plans were started to make this year's prom as successful as previous ones.

The board voted to purchase a large coffee urn for the use of the committee serving refreshments at the meetings of the association.

Editor, Citizen and Chronicle,
Cranford, N. J.

Dear Sir:

I am appalled at the lack of concern, shown by the Police Dept. and Township Officials, at the recent near fatal accident, suffered by my 3 year old son. Fortunately, we were close by and rescued him from drowning. He accidentally fell into a pool of water next door to our house. The house is in the process of construction by Harmony Homes. The area filled with stagnant water for over two months, was approximately 2 feet wide, 2 feet deep, and running the entire length of the house. Surely in two months it must have been seen countless times, upon inspection.

We notified the Police and other people concerned, to no avail. Finally, through the efforts of Mr. Grull, a ditch was made, to drain off the water. This process took approximately 2 weeks.

The accident occurred on Nov. 19th. We attended the Township Committee Meeting on Nov. 22nd, and protested to the committee. We were assured that the matter would be attended to immediately. To this date, nothing further has been done.

Our children are definitely in more danger from the gross negligence of Harmony Homes, than they are from the dangers of Polio. Yet our Mayor has taken the time [illegible] mass inoculation. It would be far better if he directed his efforts to enforcing safety measures on construction, and left the health of our children in the competent hands of the doctors. The doctors of our town have never let us down. Can we say the same of the politicians?

Yours truly,
(Mrs. M.) Selma Agerbach

Letters to The Editor

• New Police Chief Well Qualified for Job

Cranford has been both unfortunate and fortunate in recent weeks.

Unfortunate in the death of William A. Fischer, who through his development of the modern concept of professional police work in the Cranford Police Department during his 11 years as chief had gained a reputation as one of the outstanding police officers in the state.

Fortunate in the naming of a man of the calibre and training of Lester W. Powell to succeed Chief Fischer.

In ceremonies marking the presentation of the new chief's badge of office recently, Mayor Fred P. Andersen remarked that Chief Powell has a big task ahead of him in living up to the professional police standard set by the late Chief Fischer. The mayor said also that Chief Powell "has been tested and we know that he is competent to perform ably in his new post."

In public pronouncements by officials and civic leaders following his appointment on November 22, the new chief was referred to in such terms as "eminently qualified . . . a worthy successor to one of the finest policemen in New Jersey . . . a diligent, efficient and conscientious officer."

Chief Powell, in expressing appreciation of the trust placed in him in the appointment, declared that he will do his utmost to carry out the duties of his new office to the best of his abilities, with the aim of assuring Cranford "an efficient, conscientious and courteous police department second to no other department in the state."

The advancement of Capt. Powell to the rank of chief came as no surprise to anyone. When he was named Cranford's first police captain in the reorganization of the department on August 16, 1954, it was understood that he was being groomed to succeed Chief Fischer in the event of the latter's decision to retire.

Chief Fischer's sudden death of a heart attack on November 5 meant that Capt. Powell had to take over the reins sooner than had been foreseen, but his earlier training and his diligent attendance to duty as Chief Fischer's right-hand man during the past year had prepared him well for just such an emergency.

We extend our congratulations to Chief Powell on his advancement and wish him success in carrying on and expanding the modern police program so ably inaugurated in the department by his predecessor.

• Glee Club Evokes Spirit of Christmas in Music

One always welcome phase of pre-Christmas activity in our community is the annual winter concert of the Cranford Glee Club, to be presented this year at 8:30 p.m. on December 17 in Sherlock Hall.

For those who have heard the singing of carols and other Christmas songs by this group of local voices in past years, there is no need to describe the treat in store for the audience at Sherlock Hall on Saturday night of next week. The very evocation of the spirit of Christmas in music, in itself makes attendance at the annual concert an evening well spent.

But the carol singing is only one portion of the musical menu offered. Singing under direction of Henry M. Boardman, the club will present a generous sampling of its well-rounded repertoire of classical and modern numbers, spirituals and humorous songs, and in addition there will be selections by a trio comprising Ruth Boyer, voice; Helen Reitner, flute and Celinda Ferguson, piano.

D. C. Morganthau, president, reports that the club also is considering presentation of a spring concert this season.

You can assist the Cranford Glee Club in its worthwhile contribution to the cultural life of the community by becoming an associate member (Mrs. Walter K. Fasnacht of 33 Central avenue is associate membership chairman) and treating yourself to an evening of inspiring music on December 17.

• Santa Says There's Still Time to Shop in Cranford

Santa Claus is coming to town this Saturday.

His arrival will conjure up in the minds of children visions of the coming Christmas vacation replete with gifts, goodies and good times—and in the minds of many adults the sudden realization that there are only two weeks left in which to get that Christmas shopping done.

The very presence of the jolly man in the red coat and white whiskers should prove reassuring, however, to those who feel qualms about not having made an early enough start on preparations for the holiday season. For Santa's reappearance on the scene serves as a reminder that Cranford's merchants have remembered young and old alike in their efforts to make sure this is a happy Christmas for all.

For the children, the Cranford Business Association has made arrangements with Santa Claus to be available for interviews from 10 a.m. to noon this Saturday and also on December 17, and from 7 p.m. to 9 p.m. on December 12, 14, 16, 19, 21 and 22. Cranford's Santa will be a well known friend of local youngsters, for William J. Gassmann, who retired last year as a sergeant in the local police and who is now living in Metedeconk, has agreed to return to carry on the tradition he started so many years ago.

And for children and grownups alike, Cranford merchants are offering varied stocks of gifts and holiday fare at attractive prices, displayed in gaily decorated shops right here in your own home town. What a boon that is to late shoppers. It means that you can still fill your holiday needs without being subjected to the rush and crush of traffic and crowds that have to be bucked when you try to shop elsewhere at this time of year.

Our merchants have been busy for a long time replenishing their stocks and dressing up their stores to help make your Christmas shopping at home a pleasant, satisfying and economical experience. You can be sure, too, that the prices are right, for Cranford stores offer you name brand products of known quality, making it easy for the shopper to check and compare.

As Santa arrives and the Christmas lights go on once more there should be a rising vote of thanks to the Cranford Business Association and the Township Committee for the cooperative efforts which have gone into assuring local residents a bright and cheery business center in which to do their Christmas shopping—early or late.

In Retrospect

From the Files of The Cranford Citizen and Chronicle

FIVE YEARS AGO

Two candidates had entered the Board of Education race for three seats to be filled in the February school election, District Clerk Herbert R. McCullough announced. Mrs. Charles Roddon, completing her first term on the board, had announced her candidacy for reelection, and Burton C. Belden of 10 Manor avenue had filed his petition with the district clerk. Walter E. Cooper, president of the board, had announced he would not seek reelection. Edmund B. Faulkner, also completing his initial term, had not decided yet whether or not he would run for reelection.

Frank Pacewicz and Frank Rental, both of Jersey City, pleaded innocent to a charge of armed robbery of the Cranford Savings and Loan Association and the Repl-Strong Coal Company on May 5. County Judge Edward A. McGrath set trial for January 29.

Initial steps to whip Cranford's Civil Defense Organization into shape to meet any emergency were taken when Police Chief William A. Fischer issued an appeal for 200 men to serve as Emergency Police Reserve Officers with the Cranford Police Department. Carrell K. Sellers, chairman of the council, said that a general recruitment program by that body would be held January 3 to 14.

The Most Rev. Thomas J. Walsh, archbishop of the Newark Diocese, laid the cornerstone and blessed the new $425,000 St. Michael's Church in the presence of many dignitaries of the church, clergy from neighboring parishes and members of the local congregation.

Completing their most successful season, the Cranford Clippers climaxed an unbeaten, untied streak by smashing the Linden A. C., 32 to 7, to take the Union County Football Conference Title at the Linden High School field. The Clippers—last Bernie Swanekamp, Stefan Antl, in the first quarter, when he suffered a broken collarbone after completing a 27-yard pass. Howie Thomas, Clipper halfback, and Bill Gustney scored the three telling touchdowns in the last few minutes of play. Linden led with one touchdown into the last period, with Cranford scoring only two points on a safety along the way.

TEN YEARS AGO

Cranford High School bowed to Jefferson High School of Elizabeth, 33-0, in a postponed Thanksgiving game, to end its best season in 10 years. Previously Cranford had been defeated only by Roselle Park. The contest was the sixth meeting with the Elizabeth opponent. Cranford had won three, lost two and tied one in the series.

Appointment of a "well-qualified local business man" to fill the Township Committee vacancy caused by the resignation of Finance Commissioner Frederick G. Payne was urged by the executive committee of the Cranford Business Association.

To strengthen its organization for better service to returning veterans, Cranford Chapter, American War Dads, launched a four-week intensive membership campaign, President Nelson King announced. Richard Babeuf was membership chairman.

Cranford was to have a team in the Union County Baseball League in 1946, under sponsorship of Cranford Post 212, American Legion. According to Louis R. Pompliano, in charge of organizing the team, it would be composed principally of veterans.

FIFTEEN YEARS AGO

Giant Killer Cranford cut down another Group IV football team for its Thanksgiving Day feast, ending the season with a record of five victories, four defeats and one tie by beating Thomas Jefferson of Elizabeth, 19-7. The Men's Bible Class of the First Presbyterian Church made plans for a dinner for the team members, coaches and managers in December.

While youngsters enjoyed sledding on freshly fallen snow and a crew of workers, under Milton Doty, road superintendent, cleared the main streets, Police Chief Carl A. Massa urged motorists to consider the snow a warning of impending winter severity. No accidents occurred during the first snowfall but local garages reported a large number of frozen radiators.

Cranford, Garwood and Clark—Union County District Five—joined in a three-ply dinner at the Casino to wish Godspeed to the district's first contribution to the nation's draft army, seven who volunteered before their order numbers were called. Leading citizens of the three municipalities, service men and organizations and groups sent gifts. The men were: Walter L. Sternenberg and John Bobusky of Cranford, and Harley T. Ferrel, Ernest J. and Lewis C. Sanders, Thomas Crimeola and William R. Clark—son of Garwood.

TWENTY YEARS AGO

The Board of Education awarded $496,000 worth of school bonds to the VandeVoorter Securities Company, Swarthmore, Pa., bidding 2.63 per cent.

The bonds, which bear an annual interest rate of 4 per cent, mature in an annual payment of $35,000 per year, with the exception of $22,000 in 1956.

Proceeds of the sale, with a $351,000 federal grant, were to be used to construct the new junior-senior high school, according to Ralph Hall of the syndicate, representing Kean, Taylor and Company, Adams and Mueller, Minsch, Hoeld and Company and Daugherty Corkton and Company, offered a saving by the trustees of about $2,700 on the principal and interest over a 30-year period.

An address on "The Quaker Way to Peace Among the Nations" was given by Harry S. Mesner, head of Friends' Seminary of New York, before the Cranford Rotary Club.

Reductions in 1934 valuations totaling approximately $22,000 had been granted by the Union County Board of Taxation on appeals from Cranford property owners, the Township Committee was notified by letter. Reductions granted were: Cranford Legion Holding Company, real estate and property exempt; Franklin Ward Building and Loan, $20,000 off building; R. Perkins, Riverside drive, $10,750 off building; Delia McNamara, 216 North avenue, west, $1,000 off building, and Delia McNamara, 212 North avenue, west, $750 off building. The letter was referred to the committee of the whole to decide whether any of the reductions would be appealed to the state board.

Girl Scout Council Sets Meeting

Annual meeting of the Cranford area Girl Scout Council will be held January 9 at 1 p.m.

At that time, a new slate of officers will be presented by Mrs. George Barlow, membership nominating chairman. The regular meeting of the council will be held at 10 a.m. on January 9. It was suggested that members bring their lunch. Coffee and dessert will be provided.

The last council meeting of the current year was held in the Girl Scout House on Monday. Mrs. Herbert Leland, president, presided.

Mrs. W. C. Throneberry, houses committee chairman, was authorized to consider the snow a warning of impending winter severity. No accidents occurred during the first snowfall but local garages reported a large number of frozen radiators.

Cranford, Garwood and Clark—Union County District Five—joined in a threepell dinner at the Casino to wish Godspeed to the district's first contribution to the nation's draft army, seven who volunteered before their order numbers were called. Rotarians Told Esperanto Values By State Leader

Esperanto is the international language that could break down the language barriers between nations, Donald Walton, president of the Esperanto Association of New Jersey, told members of the Rotary Club at their luncheon meeting last Thursday in the Methodist Church educational building.

Describing its ease to learn, Mr. Walton said all nouns end in o in Esperanto, while all verbs end in e. All adjectives end in a.

He concluded his talk by having club members read a paragraph in Esperanto and the paragraph was translated at sight by Dr. Sordill.

Announcement was made that Rotarians, their wives and families will tour the Linden plant of General Motors at 7:30 p.m. next Thursday. The club's board of directors met Tuesday evening at the home of Dr. Edward M. Coe, treasurer, in Holly street.

Reading Progam Topic for Talk, Film at Brookside

A breakfast to be held at the school on December 19 at 9 a.m., will be the next scheduled meeting of the Brookside Place School PTA. As part of the program for the meeting, Mrs. Ruth Japovsky, supervisor of elementary education, will show a film and speak on "The Reading Program in the Cranford Elementary Schools." This is a film which was taken of students in the Cranford schools.

Following Mrs. Janovsky's talk, the sixth grade class of Mrs. Marion D. Eschenlauer will present a Christmas program.

At the meeting of the Executive Board of the PTA at the school last Thursday, Miss Etta Tunner, principal, announced that the school is currently being subsidized for milk money under the Federal Subsidized Milk Program, which is the reason for the recent reduction in the price of milk for school children.

At the suggestion of the Cranford Council of Teachers and Administrators, school children are requested not to bring gifts for teachers to school in order to protect from embarrassment those children whose parents are unable to provide gifts and to discourage competition.

Mrs. Joan Melvin, visual education co-chairman, reported that a set of nine film strips has been order for the school's film strip library, through the courtesy of the PTA.

Mrs. Herbert J. Mitchell, president, announced that facilities will be available to cars for preschool children of mothers who wish to attend the meeting on December 19.

McGrath at the Union County Court House, Elizabeth. They are: Otto Ozolnieks of 306 Willow avenue, Garwood, and Kathleen M. Dowdell of 412 North Seventeenth street, Kenilworth.

Survey Conducted On Interstate Buses

Cranford commuters using interstate buses participated in a travel survey last week conducted by the Metropolitan Rapid Transit Commission.

Questionnaires were distributed at terminals in New York City to persons bound for New Jersey. This marks the final phase of public participation in a comprehensive study to solve the area's rapid transit problems.

Several weeks ago railroad commuters answered similar questionnaires.

Denied Damages In Collision Case

Richard Bradfield, Jr., of 31 Park avenue, was denied damages by a Superior Court jury in Elizabeth for injuries suffered in a traffic collision on March 9, 1954, near Hop Bottom, Pa.

The jury voted no cause for action following a three-day trial before Judges Richard J. Hughes.

In his complaint, Mr. Bradfield said his car became stalled on Route 11 and was struck by trucks operated by Francis A. Nulle of Frenchtown and Frank W. Swarge of Flemington. He sued the two drivers and Stanley Walkron, owner of one of the trucks, for $100,000.

Also dismissed by the jury was a counterclaim in which Mr. Walkron demanded $500 from the Cranford resident for damages to his truck.

Greens Show Well Received, Club Reports

The Christmas Greens Show presented by the Garden Club of Cranford at Sherlock Hall last Wednesday and Thursday was enthusiastically received by the townspeople as well as by those from out of town, many of whom are prominent in Garden Club circles, the club announced.

The idea-filled demonstration table was continually surrounded by people, young and old, many of them with pencil and paper in hand, taking notes.

The gift shop was so popular that there is some danger of it being completely sold out the first day.

The tea room, decorated by Mrs. T. S. Williams and Mrs. J. P. Ansbro, was equally popular with its cozy fireplace and friendly Christmas-like tea table.

The mantels and tables were lovely, some modern, some colonial, some elegant and some simple, material there for every taste and pocketbook.

The stage was a beautiful, peaceful, homey room ready and waiting for Christmas day. The wreaths and swags at the opposite end of the hall drew much comment.

The arrangement classes were all different, all lovely and an inspiration to those who looked upon them.

The Christmas gift boxes were a gay and brilliant spot of color, while the miniature arrangements in their lighted circular frames proved immensely popular.

The program also included a reception to Mrs. Charlotte LeDuc, Union District deputy president, and one of the most challenging and time consuming duties undertaken in the almost 1,000 lodges communities in the nation.

"Know Your Town" is the result of a thorough survey of the history, responsibilities and functions of our local government in a series of factual report compiled from first hand interviews with all public officials. No editorial comment is permitted and the only comparisons allowed are with nationally accepted standards. This unusual survey gives league members direct knowledge of their local government and the best way to be very useful to older residents and vital to new ones. In fact, many school systems in New Jersey and throughout the United States use "Know Your Town" booklets in civics classes.

Mrs. Joseph DiMartini will be in charge of the first chapter on "Town Characteristics," which includes a brief resume of the history and personality of Cranford. Mrs. Frederick Veigel is chairman for chapter six on "Protection" which includes police and fire departments. Mrs. Irving Wilner is in charge of chapter seven on "Streets, Transportation and Public Utilities." Mrs. Charles Redden will gather and report the basic facts of education in our town and Mrs. Harold Trent will survey our recreation facilities. Mrs. Charles Schuman is in charge of chapter 10 on housing and Mrs. John Mullins will be chairman for chapter 11 on planning and zoning.

Mrs. Gherett Van Hitum will be in charge of advance sales and Mrs. F. J. Callan will handle the publication details. These league activities and all eager for assistance and anyone interested in interviewing or compiling the information for the above topics is welcome to call Mrs. Koyen or the individual chairmen.

A FAIR QUESTION

We have been asked why we show a house and floor plan in so many of our advertisements.

What do you care what house the owner builds so long as you sell the materials?" is the way the question runs.

Our answer is that we are interested both in our customer and in our community. We want the customer to be happy in his new home; we want the community to be improved with well designed, soundly constructed homes.

That is also why we sponsor the House-of-the-Month. Its Portfolio, which is at your service free, has designs by many of America's most distinguished architects. These designs vary from large to small, range thru all architectural styles.

We believe that our customers and our community are entitled to the best. We hold no brief for any particular architectural style, ask of a plan only that it be good style.

That is why we illustrate our advertisements with designs of distinction and why we invite you to make use of our outstanding House-of-the-Month Portfolio when you plan to build.

'Staggered' System Reduces CHS Assemblies

One of the major disadvantages of the "staggered" system now underway at Cranford High School is the few assembly programs that can be held.

The number held so far this year is sharply reduced from the assembly program held in past years.

Under the present system, the ninth through 12th graders attend classes as one unit, while the seventh and eighth graders are scheduled as another unit. The seventh and eighth graders start classes later in the morning and continue until later in the afternoon.

The next programs at the high school will be the seventh and eighth grade Christmas program at 10 a.m. on December 20 and the nine through 12th grade Christmas program on December 21 at 9 a.m.

State Department Surveying Vocational Education Needs

A survey to determine the vocational education needs in Union County will be undertaken by the State Department of Education.

Frank Connolly, supervisor of guidance for the state department of education, made this report to the Union County Guidance Council during a panel discussion last Thursday at Union Junior College.

Gerhard Kellner, guidance counselor at Cranford High School and "lots of interest" in the subject council chairman said there is of vocational education throughout the county among guidance people. The council decided to meet again on the same subject on January 26 at Thomas A. Edison Vocational and Technical High School, Elizabeth.

Samuel J. Martin, principal of Edison, outlined the program offered there. The school provides training in machine shop, wood shop, wood finishing and interior decorating, chemistry for laboratory assistants, electrical, printing, carpentry and automotive for boys and cosmetology, sewing and practical nursing, for girls.

Mr. Connolly told the guidance men and school principals the same help is available from the state in the form of funds for a vocational education program and a little federal money is available. The most help the state could provide, he said, is advice and assistance in planning the program.

E. J. Coughlin, supervisor of guidance and placement for the Essex County vocational schools, described the techniques used to interest students in the vocational education program. He said persons from his department go out to all schools in the county to speak to eighth grade students. In addition, brochures are sent to the home and news releases are used.

Mr. Martin reported that the Union County Board of Freeholders favored a county-wide vocational school in the 30's, but no funds were ever appropriated for it. A survey to ascertain if such a school is definitely needed, Mr. Martin said. He explained that edison's waiting list now includes Elizabeth students and without a county school the needs of many students are not being met.

The state department, Mr. Connolly said, prefers to see vocational and technical high schools constructed on a county or regional basis rather than by the individual community. He said Elizabeth and Paterson are doing a fine job, but that it is the opinion of the department that the better programs are going to be developed on a county or regional basis.

Dr. William West of Cranford, county superintendent of schools, was unable to attend. He was scheduled to serve on the panel.

A Word of Advice About Fuel Oil

The way things look now, we think it's just good common sense for you to be foresighted about your home heating.

To safeguard your family's comfort and health we suggest that you do this as soon as possible:

Be sure your fuel oil dealer is a well-established firm, with a reputation for taking care of its customers and—most important—with a source of supply in which *you* can place confidence.

We'll be glad to talk this over with you. We've been here in this business a long time. Our supplier of Mobilheat fuel oil—Socony-Vacuum—is one of the largest refiners of fuel oil in the world.

Girl Scout Brownie News

Brownie Troop 72 Elects

The following officers have been elected by Brownie Troop 72: President, Barbara Aron; vice-president, Barbara Solome; secretary, April Lee, and treasurer, Barbara Wolf. Leaders of the troop are Mrs. A. R. Lee, Mrs. J. Solome and Mrs. M. Wolf. Among the recent activities of the group was the preparation of a huge mural-type get well card for President Eisenhower.

Troop Selects Patrols

Brownie Troop 67 has been divided into four patrols and each has chosen a flower for its name. Named to the patrols were Rose—Virginia Abrahms, Lauranne Brihauer, Lea Brown, Linda Bates, Yvonne Christy and Lana Lombardi; Pansy—Betsy Cyphers, Diane Dilzel, Donna Dunmore, Josie Hearns, Helena Jones and Meryl Skolnik.

Also, Petunia—Linnel Kearney, Marybeth Lang, Janice Manley, Drinna Marino, Karen McCall and Phyllis Serina; and Violet—Virginia Sewell, Susan Walker, Barbara Yaracz, Frances Thimons and Henrietta Thurz.

The troop recently took a trip to the Miniature Village and hiked to the Johnson & Johnson plant.

Mrs. Louis Dilzel is troop leader. Serving as chairmen are: Mrs. Philip Kearney, treasurer; Mrs. Robert Walker, cookies; Mrs. Benjamin Cyphers, telephone; Mrs. Joseph Serina, transportation and Mrs. Robert Sewell, publicity.

Girl Scout Troop 30

A trip to Hackettstown to visit the fish hatchery was made recently by Girl Scout Troop 30. The girls learned about fish and game laws and water pollution.

They had a picnic lunch at Jockey Hollow and inspected the reconstructed cabins and historical exhibits there. They also visited the State Ranger Station at Morris Plains and learned about forest fire detection and weather reporting.

The girls who attended were: Linda Huff, Karen Cocuzza, Nancy Serina, Barbara Vergalla, Jane Sheldon and Mrs. K. W. Sheldon, troop leader.

Girl Scout Troop 88

Girl Scout Troop 88, newly-organized this year, recently held its first investiture ceremony at Walnut Avenue School. Five senior Brownies flew up and became full fledged Girl Scouts. Eleven celebrated their joining by being officially invested and were presented Girl Scout pins. All members were introduced into Worlds which united them with Girl Scouts all over the world.

Mrs. Kim Hadgraft is troop leader. Mrs. Mildred Cushmeyer is assistant leader and Mrs. Florence Chernow is committee member. They were assisted in preparations for the program by four Girl Scouts from Troop 12.

Troop 88 members participating were: Joanne Alisco, Janice Chernow, Christine Cushmeyer, Patti Halkowich, Stella Laier, Joanne Peill, Elyse Rabin, Sandra Ross, Linda Schar, Jane Shaffhan, Brenda Weinstein and Carol Young.

Discussion on 'Dating'

The members of Girl Scout Troop 11 of Cranford took part in a discussion on dating with members of Boy Scout Troop 52 of Roselle Park recently at the Community Methodist Church, Roselle Park.

Some of the topics discussed were: going steady, going on a blind date, different types of dances and what a boy or girl is expected to wear on movie or formal dates. After the discussion, refreshments were served.

The girls attending were: Martha Babcock, Sharon Cocuzza, Elinor Ingelholm, Janice Papa, Marilyn Powers, Cheri Stewart, Ramona Vance and Theresa Zizzewski. Shaner Cocuzza was mother hostess.

Visit Miniature Village

Troop 39 of Roosevelt School district took a trip to "Miniature Village" in Springfield. The panoramas of the circus scene and summer lake resort scene were especially enjoyed. Thirteen Girl Scouts plus two guests comprised the group. Mrs. R. Davidson, Mrs. P. Dudley and Mrs. William Barhart accompanied the troop.

Troop 75 Holds Investiture

The members of Brownie Troop 75 of Roosevelt School met recently at the Girl Scout House for their formal investiture.

The children took part in an original play written by Mrs. B. W. Grant, in which each child expressed in rhyme a concept forming an integral part of scouting, and displayed a symbol to represent it. Mrs. L. D. Etherington, troop leader, presented pins to the children, and the new Brownies served refreshments to their parents. Mrs. J. Schupper and Mrs. V. Schreck assisted the troop leader in preparing and presenting the program.

At their pre-Thanksgiving meeting, the individual patrols met at the homes of their leaders and made Thanksgiving dinner place cards for their families.

The troop members are: Violet Patrol—Karen Bullen, Patricia Coffey, Melanie Dmytysiw, Barbara Lauren, Katherine Mayer, Carol Okun, Sandra Shupper; Wild Rose Patrol—Gayle Beckman, Barbara Coffey, Marilyn Dimak, Lynn Schmebel, Gail Sommerville; Pansy Patrol—Jane Barnhart, Janet Etherington, Kathleen Boyd, Barbara Jones, Barbara Levett, Sharon Puth, Carol Shinn, Barbara Westphal.

Legion Slates Tree Sale

Cranford Post 212, American Legion, has completed plans for its sale of Christmas trees at Springfield avenue near North Union ave.

The sale will open season as the trees arrive. The proceeds will be used to sponsor teams in the Cranford Little League and the Cranford Babe Ruth League and donations to Cranford Welfare and the First-Aid Squad.

William Turk is chairman for the sale and Mathew O'Shea is co-chairman. F. Edwin Winter is handling the sale of tickets in connection with the sale.

At a recent meeting of the post, Emil P. Monshek, probation officer of Union County assigned to Juvenile Court under Judge Libby Saltzer, spoke on juvenile delinquency. He said that Cranford has done an excellent job of keeping delinquency to a minimum.

Union County Vice-Commander Robert Randolph was a visitor. Henry A. Bond and David B. Thompson were admitted as new members.

Commander George Dixon presided.

Make Every Day Safe-Driving Day, Magistrate Urges

"Obedience to traffic laws can make every day S-D Day!"

Reminding citizens of Safe-Driving Day, held here last Thursday, Magistrate Charles J. Stevens of Cranford court urged that all citizens cooperate to make safe driving an every day practice.

"It is high time," Magistrate Stevens said, "that motorists and pedestrians recognize the fact that traffic laws and regulations are made for their protection.

"Too many people are inclined to regard traffic laws and regulations as restrictions on their personal freedom and to ignore them whenever it suits their convenience."

The magistrate branded as unlawful the current disregard of traffic laws so prevalent throughout the country. Almost all traffic accidents, he said, occur when one or more traffic laws are violated by motorists, pedestrians or both.

"It has been estimated," Magistrate Stevens said, "that if every driver and pedestrian observed traffic laws and regulations and safe walking and driving rules, the annual traffic toll would be reduced between 85 and 90 per cent."

Pointing out that S-D Day could be an everyday occurrence, the magistrate listed five acts that are high on the list of traffic law violations and urged motorists to practice rigid obedience. The five listed by the magistrate in toto:

Exceeding a safe speed.

Failure to give a car on the right the right of way at intersections.

Failure to give a pedestrian already in the cross walk the right of way.

Not coming to a full stop at stop signs.

Ignoring a red light or a school zone slow sign.

"I am convinced," Magistrate Stevens said, "that if all of our drivers would obey these five traffic rules—all legal and punishable for failure to obey, by the way—we should have no difficulty in continuing the practice of Safe-Driving Day every day in Cranford."

Honey For Sweetness

French dressings used with fruit are usually made with honey for extra sweetness. Use ½ cup honey for four dressing, and substitute lemon juice for vinegar for delicious results.

The meeting tonight at 8 o'clock will be open to all young men between 21 and 35 years of age who wish to participate in the group, for the benefit of both the individual and the community.

One of the principal objectives of the JayCEES is to give young men an opportunity to develop leadership ability through active participation in constructive projects. Members also have an opportunity to help improve their community, to have a voice in the affairs of their community, state and nation and an opportunity to meet and associate with other potential leaders.

House-of-Month Fits Individual Family Needs

"One of the reasons for the increasing popularity of ranch homes, aside from their unusual attractiveness, is the ease with which their one-level floor plans adapt to the living needs of different families."

This statement was made by Builders' General Supply Company today in announcing the current "House-of-the-Month," the Audubon, which is described as illustrating this ability of ranch homes to fit the habits of individual families.

For instance, the den provides a quiet reading or work room in which father and mother may seek seclusion if junior or the teen-age daughter is entertaining a noisy crowd in the living room around the television set. This multi-purpose room may also serve as an occasional guest room or even an extra bedroom in the case of larger families.

The architect's working drawings, available through Builders' General at 336 Centennial avenue, include details for this building with or without a basement.

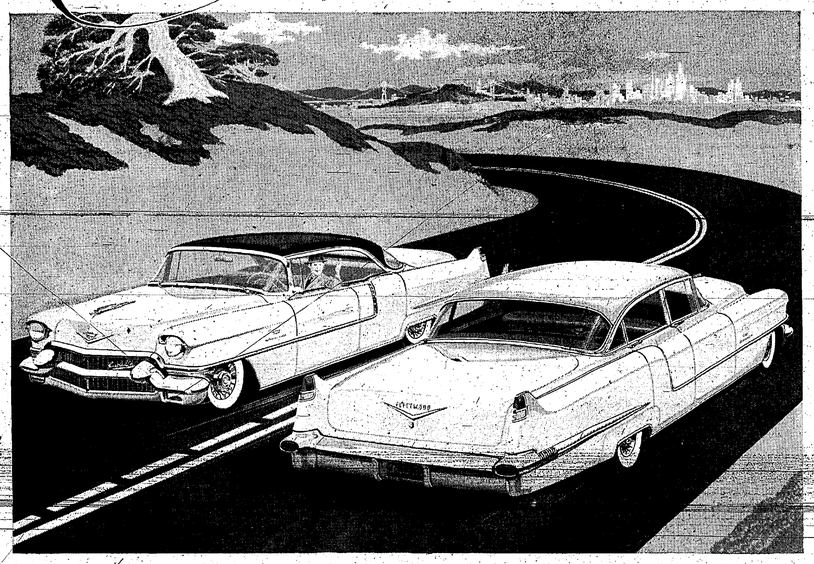

The Audubon is from a portfolio of homes of all sizes and architectural styles provided by Builders' General for free use of home builders in this area.

Cadillac

Strangers—with a Mutual Friend!

Anyone who owns and drives a Cadillac will find this a familiar scene.

For it is not at all unusual for Cadillac owners to salute one another as they pass on the highway . . . or to exchange approving nods as they wait at the traffic light.

Cadillac owners, you see, know that they have at least *one* mutual friend . . . in the Cadillac car.

And the chances are that if they were to meet, they would find they had a great deal more in common than just their affection for the "car of cars."

For Cadillac owners, taking them by and large, are people who share a keen appreciation for the finer things in life.

"And, generally speaking, they are people of unusual *practical* wisdom . . . who have found in Cadillac the most economical means to the finest end in motordom.

They have learned, for instance, how reasonable a new Cadillac can be insofar as original cost is concerned—actually within a few dollars of many so-called "medium-priced" cars.

They have seen for themselves how economical a Cadillac is to operate through the miles . . . and how dependable it is through the months and years.

And they have savored that final reward for choosing the "car of cars"—Cadillac's extraordinary resale value.

Perhaps, in view of these remarkable facts, the time has come for *you* to meet this wonderful friend of America's most demanding motorists.

We'll be delighted to introduce you at any time you find convenient—and to supervise a personal demonstration on the highway.

Why not come in today?

Swedish Holiday Customs WSCS Program Topic

In keeping with the approaching Christmas season, the Women's Society of Christian Service of Cranford Methodist Church will present Marion Brask Hoffman in her original program "A Swedish Christmas," during a meeting at the church on Tuesday.

The public is invited to attend the program, starting at 12:50 p.m. The regular WSCS luncheon will be held at 11:50 a.m. instead of noon.

Also featured will be the playing of Mueller's "Christmas Fantasia" by Mrs. Henry Boardman and the reading of "The Christmas Story" by Mrs. L. M. Totten. Mrs. S. L. Nunn will lead the prayer.

This will be the fifth season that Mrs. Hoffman has presented her Christmas program, which portrays the holiday customs of Sweden and echoes with many carols and folk songs.

Mrs. Hoffman wears the national costume of Sweden and displays Swedish pictures, handwoven materials, china, glass and silverware. Her program also touches briefly on the life of Jenny Lind, the "Swedish Nightingale," with renditions of some of her favorite songs. In closing, the assemblage will join in singing carols.

Mrs. Hoffman, whose father was born in Sweden, is an active member of the Montclair Operetta Club and has appeared in 10 of their productions, the most recent being last year's "Carousel."

In private life she is Mrs. Robert Hoffman of Madison, mother of two young boys. She studies voice with Marie Shepherd of Maplewood. Accompanist for her program will be Mrs. Betty Mieth of South Orange.

Cagers Meet Linden in Opener Tomorrow at CHS Gym

Injuries to key players have dampened the high optimism that prevailed when the Cranford High School basketball team began practices as Coach Bill Martin prepares the Cougars for their opening game against Linden tomorrow night at the local gym.

Coach Martin has lost the services of Walt Sosnowski, one of the leading scholastic players in the county last season, and Jim Curran, Union County cross country champion, who won a starting berth. Sosnowski's groin injury has failed to mend and he may not be able to go tomorrow night. Curran has a sore foot. He's likely to see action.

After suffering an ankle injury last week, Dan Berry, 6-6 center, is in good shape. He will have to carry both the rebounding and scoring loads if Sosnowski is unable to play or is slowed down. Berry's rebounding has been very good and he is shooting more often.

Joining Berry in the starting line-up will be Chuck Preston, Bruce Bennett, Bob Munter or Art Wendelken. Coach Martin will pick his starting five from those seven seniors. All depends on how Sosnowski is.

While Linden may not be in for its strength of recent years, the squad, of Coach George St. Andrassy is potentially a good ball club. The Tigers have two lettermen returning in Bob Richard, 6-4 forward, who has shown great improvement over last year, and Red Sojka, all-star halfback.

Coach Andrassy hopes to be able to use 6-4 Andy Obester, senior star at 215 pounds. Obester's experience may force him to move Richard from the center post.

Bob Bacon, Jim Bottomley, and Roger Middlestead, quarterback on the football team, have won the guard positions. Bacon has shown a good jump shot and is a good rebounder. Middlestead is the team's ball handler and playmaker, but he lacks a scoring punch.

Coach St. Andrassy feels his team lacks depth and defensive strength.

Cranford compiled an 18-6 record last season, second best in this area to St. Mary's 20-1 mark. Cougar fans hope to see an even better record this year. Only Jack Cooper, now a student at Lehigh University, and Ed Hubbin, now at Dartmouth College, are lost from last year's squad. Both Cooper and Hubbin are playing freshman ball this season.

Early season scrimmages show of the Cougars to have all-around ability, but the play of the team has been disappointing the past 10 days or so against Columbia of South Orange-Maplewood, Springfield Regional and North Plainfield. Berry and Curran were slowed down by their injuries and Sosnowski didn't play and this hurt the squad.

Coach Martin has been pleased with the improvement shown by Wendelken. He has shown good rebounding ability and some scoring punch. He'll see a lot of action this year.

UJC Cagers Meet Monmouth Wednesday Night

Union Junior College's cagers open their first game of 1955 Wednesday evening, meeting Monmouth Junior College at Long Branch at 8:30 o'clock.

Coach Ernie Melotchik's five opened its season last Thursday night by Trenton Junior College, 100-49. Trenton is the defending champion in the New Jersey Junior College Basketball Conference. Other conference members are Monmouth and Jersey City.

Frank Klose of Bound Brook, a graduate of St. Benedict's Prep School, Newark, is team captain, although he is one of the youngest members of Dickinson High School, it is the team's leading scorer.

The squad has six Union County members. They are Ed Fiorvanti, James Price and John Spitz, of Elizabeth, a graduate of Jefferson, and James Gartland of Berkeley Heights, and Walt Schubert of Mountainside, graduates of Jonathan Dayton Regional High School, Springfield.

Other members of the squad are: Arnold Aronowitz, a graduate of Weequahic High School, Newark, and the team's tallest performer at 6-3; Robert Jackson of Barringer High School, Newark, and John Mooney of South Plainfield, a graduate of North Plainfield High School.

Intra-mural Cage Program Opens for Junior High Pupils

An intra-mural basketball program for seventh and eighth graders was inaugurated yesterday afternoon at Roosevelt School by Bill Martin, head of the physical education department, announced.

Dick Legrande, guidance counselor, has been appointed to head this program. His duties as jayvee basketball coach have been taken over by Jim Avery, jayvee football and freshman track coach.

Under the new intra-mural program, the seventh graders will play on Tuesdays and Thursdays, while the eighth graders will participate on Monday, Wednesdays and Fridays. The program will begin immediately after the close of school at 3:25 p.m. and continue until 5:15 daily.

For the first several weeks, the program will consist primarily of instruction in basketball fundamentals. Teams will then be selected and league play started.

This is the first intra-mural program of this type in recent years, although Coach Martin conducted a program for seventh and eighth graders on Saturday mornings at the high school for the past four years.

The program is just for basketball, Coach Martin said. He said he would like to see it continued into other sports as well. It is essentially a program for boys who participate in no other sports.

Linden Awarded Sectional Football Title by NJSIAA

Linden was awarded the North Jersey Section II, Group III football championship, by the New Jersey State-Interscholastic Athletic Association at a meeting Tuesday in Newark.

Although Rahway has a better record of 8-1 against 7-2 for Linden, the Tigers were given the title because they defeated Rahway during the season.

Rahway scored 650 points on the Colliton rating to 631 for Linden. Also considered for the title were Cranford and Scotch Plains-Fanwood, both with 7-2 records, and Dover with a 7-1-1 mark.

Cranford scored 533 points in the Colliton rating to 530 for Regional and 336 for Dover.

In the same section, Montclair won the Group IV crown, verging the Group II title by outscoring Roselle Park, Millburn and Clifford Scott of East Orange. Hackettstown was awarded the Group I championship.

Linden shared the same title last year with Sayreville.

Luker, Wening With Delaware Gridders—

Denny Luker and George Wening, former Cranford High School athletes, were members of the Delaware University freshman football squad this past fall.

Dick Lewis, another Cougar star of the Class of 1954, is a member of the Roanoke College cross country team. Lewis won the state Group II half mile championship last spring.

Trackmen Start Drills At Elizabeth Armory

Cougars-Scotch Plains Open Conference Play

The new Watchung Conference begins operations on Tuesday when Coach Bill Martin takes his powerful Cranford High School Cougars to Scotch Plains for meet the Blue Raiders.

The Watchung Conference was formed after the Page County Conference was divided in three, in addition to Cranford and Scotch Plains, Roselle Park and Roselle have joined the league and Clark, Garwood and South Plainfield may join next year when these new high schools open.

Cranford is favored to win the first conference crown with the chief threat coming from Scotch Plains. Roselle Park shows promise, while Roselle is in the process of rebuilding.

Scotch Plains had a 6-12 record last year, but was the area's top scoring team. Four starters from last year are on hand. They are Dave Truitt and Peter Matz, guards, and Art Cockburn and Al Booth, both 6-3 and good rebounders.

If the Cougars can take Scotch Plains on Tuesday and Roselle Park on December 16, the opener for the Panthers, they will be in good position to take the first conference title. Neither of these games will be easy victories. If Walt Sosnowski is unable to play, they will be very close.

Although the conference has only four teams, they should supply plenty of competition. Each team will play six conference games on a home-and-home basis. Clifford Scott of East Orange, North Arlington and Harrison complete the conference.

Coach Herb Farrell reports the basketball season will get underway next week-end at the Elizabeth YMCA has been enfeebled. The team's first eight games have been cancelled. It will open December 17 against a powerful Somerville squad at the local high school.

A scrimmage has been scheduled for Tuesday with Springfield Regional, one of the area's top squads in Class B competition.

Jack Cooper is with the Lehigh University frosh, while Ed Hubbin is a freshman on the Dartmouth College freshman five.

Avery Takes Over Jayvee Cage Job

Returning to the coaching line sooner than he expected, Coach Jim Avery will lead his Cranford High School junior varsity basketball team into action tomorrow evening against Linden at the local gym.

Coach Avery was assigned to the squad this week following the appointment of Dick Legrande to head an intra-mural basketball program. This is a return engagement for Coach Avery who served in a similar capacity in the 1951-52 and 1952-53 seasons.

Under Coach Avery's direction, the junior varsity football team, consisting of all sophomores, won six of seven games this past season. He also coached the freshman track team in the spring.

Coach Bill Martin, head of the athletic department, announced today Coach Avery's assignment is only for only as long as the intra-mural program is in operation, and rules were discussed. There were instructions by various wrestling coaches.

Wrestlers Show Promise

Members of Cranford High School's first wrestling team showed promise in matches Saturday at a wrestling clinic at Rutgers University, New Brunswick.

Wrestling against mates like themselves, five Cranford boys won by falls, two took decisions and two gained draws. Seven other members of the squad were beaten.

Winning by falls were Jim Bendick, football tackle; Rich Fruchey, Frank Pergiello, Ray Burns and Charles Dickison. Norman Bound and Frank Dickison won by decision and Don McGrath and Martin Matjewes drew.

Dropping their matches were Pete French, Jay French, Skip Morrow, Jim Price, Mike Spaulding, Lee Stoics and Pete Wells.

At the morning session, holds were demonstrated by Lee Morgan, Rutgers assistant coach, and rules were discussed. There were instructions by various wrestling coaches.

Gold Ball League Organizes Tonight

A meeting of team captains of squads planning to enter the Gold Basketball League will be held at 8 o'clock tonight in the Municipal Building.

Cagers Meet Allentown December 23

A game with Allentown High School on December 23 at Allentown, Pa., has been added to the schedule of the varsity basketball team, Bill Martin, head basketball coach, announced today.

Always a basketball power in Pennsylvania, Allentown has a veteran team. Coach Martin reports. This should be a great test for the Cougars, who are rated among the top teams in the state this year.

The New Jersey State Interscholastic Athletic Association as well as local school officials have approved the request, Coach Martin reports. Regulations of the NJSIAA require that all out-of-state games be passed upon by the state organization.

The game is scheduled for 8:30 p.m. A large number of fans has already indicated they plan to attend, Coach Martin reports.

It was the opening game for both teams in the New Jersey Junior College Basketball Conference.

Dick Allen led the Trenton attack with 26 points, including a free throw in the last three seconds of the 100th point. John Weidner of Cranford was the Owls' attack with 17 tallies.

Scholarship Plan Outlined

Cranford High School senior students are being offered an opportunity to compete in the General Motors National Scholarship Plan, according to G. Frank Zimmerman, principal.

The plan, initiated early in 1955, provides for 100 four-year scholarships, at least one in every state and 50 at large, at any college or university of the successful contestants' choice and in any field of study he may select.

Registration for the second year of the plan is under way now. Eligible to participate are high school seniors, both boys and girls, who are United States citizens, and who plan to take the College Entrance Board examination for admission to a school of their choice or who arrange to take the examination in order to enter the competition.

Selection of award winners in the General Motors plan will be the responsibility of a group of leading educators representing various parts of the country.

Full details about the plan, including registration dates for the examinations, are available to interested students from the guidance office.

Freezer Can Help With Meat Supply

By Mary W. Armstrong
Home Agent

Many prices changes, with the seasons and if you have a freezer you can buy meat in quantity when prices are lowest. The Rutgers Extension is considering purchasing enough freezer space you have to work to earn great dividends for you.

There is pork galore this fall. The lowest pork prices of the year will probably be between now and mid-December. So plan to ready the freezer for your favorite part of the pig. Late winter pork prices will be somewhat higher, but you may look for a slight dip in price when the fall pigs arrive next spring to replenish your pork supply if needed.

Beef cattle and sheep are running out of Mother Nature's lush pastures, when the grass gives way to the fall months, it is time for beef and lamb lovers to fill their freezers. It is hard to tell how many cattle the farmers will hold back for feeding and the low beef price may be the result. Price Lamb prices dropped off earlier than usual but may take another dip before late winter. Grass-fed beef calves are also in low price supply while home-fed veal usually has two price periods — mid-summer and fall.

Remember that you may have as much as 60 percent loss in trimmings and trimmings when a wholesale purchase of beef is cut up and packaged. This will affect your cost per pound. The cost of freezer operation should also be considered.

For convenience label each package with the kind of meat, the cut, size, weight or number of pieces and the date of freezing. Package all cuts so that the entire package will be used at one meal. A one-pound pack is the maximum size recommended for freezing ground meat.

You may wish to freeze some cuts raw to be cooked later and to prepare other cuts in cooked dishes to be frozen for work-saving dinners. Cured and smoked wholehams and slices of bacon retain their quality for several months, but freezer storage of sliced smoked ham and bacon is not recommended. The flavor of sliced bacon and ham changes after one week of freezer storage. Pork sausage keeps well in the freezer no more than three months and pork liver no more than two months. Beef and lamb liver will keep for three to four months. Veal and ground beef should not be kept longer than four to six months. Lean pork will keep six to nine months, and beef and lamb steaks and roasts, nine to 12 months.

Remember, the freezer compartment in your refrigerator may be only a holding box for frozen food, not a real freezer — that means that the temperature does not go down low enough. Frozen meats keep best at zero degrees Fahrenheit or lower and a range of different meats are based on this temperature.

Clerks' Group Hears Students At Annual Dinner

Attending from Cranford were: Miss Irene D'Alessandro, Miss Betty Dixon, Mrs. Gertrude Wendeken, Mrs. Linda Northquest, Mrs. Jane Hoffman, Miss Florence Hoffman, Mrs. Ruth Stevens, Mrs. Ruth Musti and Mrs. Elizabeth Hird. Mrs. Gladys Easton and Mrs. Joan Dunmore of Kenilworth also were present.

Two Jobs at Once

Now they have concocted a plaster-like wall-filler combination that lets you paint and plaster in one operation. One coat is said to hide small plaster cracks, fine seams and nail holes, uneven surfaces, and other similar defects. Easy to apply with brush or roller, the finish dries hard and may be washed or even scrubbed repeatedly. It comes in a variety of colors and can be tinted with a brush, sponge, or paper.

Many things can be planted now. This is the proper season for setting out tulip bulbs, lilies like tigrinum and many of the lilies' hardy hybrids, because perennials, especially the peony, and others of the early blooming flowering plants. The exception is bearded iris which should have been moved in July or July.

Many trees and shrubs, particularly roses, may be planted as long as the soil is not frozen if you mulch well. Most of the conifer forms first slice it off, do your planting and then place the frozen slice back.

The old nursery man - bulldozer - Better to put a tree or plant in a 50-cent hole that's not cramped than a $5 hole that's not big enough and deep enough so roots can be spread out with the plant handling least as deep as it was in the nursery.

Cure in packing soil about the roots is especially important this season, where roots may be slow to develop. Too often soil settles away from the root zone, leaving air pockets with soil then soon dries out and the plant may not survive.

The danger in this practice is that the soil is bound to settle around the roots when the tree or shrub is in the packing material. Water settles in the packing and freezes and this may result in injury to the plant and possible death.

I have seen peonies that failed to bloom because of too deep planting. The crowns were set at the proper depth, but the soil was packed well around the roots from the bottom of the hole upward. The roots settled during the first winter so the crown was three inches below the surface instead of the advisable two inches.

Always put the soil back a little at a time and make sure it is well packed from the bottom of the hole to the top. Mound soil slightly to allow for some settling if you have a heavy soil that practice.

A loose mulch about all plants set in late fall or early winter is

Cause of Polio

Though many people still believe that the cause of polio is a mystery science now has a very good idea of what brings on the malady. It is caused by the attack of virus which enter the body cells and by chemicals. And there is very little mystery today about what kinds of virus are responsible.

Vol. LXII, No. 46. THE CRANFORD CITIZEN AND CHRONICLE, THURSDAY, DECEMBER 8, 1955 SECTION FIVE TEN CENTS

Date Set For Hearing Resumption

GARWOOD — Hearing on the borough's request for elimination of the Center street grade crossing of the Jersey Central Railroad will be resumed before the Public Utility Commission at 1000 Broad street, Newark, at 11 a.m. on March 7.

The resumption date is set in a letter received this week by Borough Clerk Walter S. McManus from W. A. McGrath, director of the PUC division of railroads.

Mr. McGrath's letter was in reply to a request for postponement of resumption of the hearing, originally scheduled for yesterday, made to the PUC by Mayor William H. Severage and the Borough Council.

At a meeting of the Borough Council on November 22 it was announced that the postponement was sought by the railroad because of engineering problems involved in the project, and that Borough Engineer Harold S. Grall had recommended granting the delay.

First session of the hearing was held in Newark on July 27, at which time railroad engineers and Borough Engineer Grall were interrogated concerning engineering and practical plan for eliminating the crossing for discussion when the hearing is resumed.

A tentative plan presented by borough officials at the opening session, calling for elevation of the tracks and construction of a bridge at the Center crossing, was declared incomplete by PUC officials, who requested more information on the grade crossing.

'Mr. Mayor' Role for Tiller Suggested by Daub at Dinner

GARWOOD — Essaying a glimpse into the political future of Edward H. Tiller, former Mayor L. Thomas Daub at a dinner in honor of the Republican councilman-elect at the Cranwood last Thursday evening suggested the hope that "some day I may have the pleasure of addressing you as 'Mr. Mayor.'"

Speakers at the dinner, arranged by the Republican Club as a testimonial to the lone Republican victor here in last month's election, praised Mr. Tiller's record as street commissioner during his previous three-year term on the Borough Council and expressed confidence that he will have more Republican company on that body after the 1956 election.

In reply to remarks about the "hard row to hoe" facing him when he takes his seat in the company of five Democratic councilmen and a Democratic mayor, Mr. Tiller pledged:

"I'll go along with any good programs the Democrats may introduce, but I also have some of my own programs in mind, some that may not have thought about yet."

Undersheriff Daub in telling of his predecessor's career in office while both were members of the local governing body remarked that Tiller "never was a job he didn't like and never failed to get it done."

Other speakers at the dinner were Municipal Chairman Burtis E. Dickerman, also a former mayor, reiterated that during his four years on the borough council Mr. Tiller he found him an outstanding councilman.

Mrs. Edward C. Garwood were wise when they put him back on the Borough Council," Mr. Dickerman declared.

Councilman-elect Tiller expressed thanks to Mr. Dickerman for his campaign manage, and Lee Steffen as campaign manager and

Salk Clinic Plan Vetoed

GARWOOD — Negative replies had been received this week from two of the borough's three doctors in response to letters from the Board of Health asking whether or not they would participate in a clinic for administration of Salk anti-polio vaccine in local children.

Health Officer William P. Smith said one negative reply was received in writing, and Anthony Casale, secretary of the board, revealed that another doctor reported verbally that he would not participate in a mass inoculation program.

In both cases, Mr. Casale said, the doctors gave as their reasons the fact that both the Union County Medical Society and the Medical Society of New Jersey are opposed to mass inoculations.

Final action in the matter is expected at a Board of Health meeting tonight. The regular meeting scheduled for December 19 has been moved up to tonight because consideration of the clinic question had to wind up the board's business for the year.

Secretary Casale was instructed to write the letters to the doctors, and the action was taken at a time which time it was announced that establishment of a clinic for administration of the vaccine would depend upon cooperation of the

Suburban Post Offices Begin 'Operation Santa Claus'

A new mail service, designated "Operation Santa Claus," was inaugurated yesterday at the Garwood and Kenilworth Post Offices to expedite mail movement during the holiday season, it was announced today by Postmaster John F. Dugan of Garwood and Postmaster Nicholas Capece of Kenilworth.

"There will be two trips daily by Post Office mail vans between the Garwood and Kenilworth and 14 other post offices in this immediate area. The new service was inaugurated by W. H. Kuntze, district superintendent in charge of the Philadelphia Region of the Post Office Department.

This special service has been established in order to by-pass the congestion at the Cranford Post Office, which normally supplies the post offices on the "Operation Santa Claus" circuit. It will provide for prompter dispatch, and will expedite considerably the receipt and delivery of mail between offices on this circuit — in some cases it may even result in delivery of mail on the same day it is posted.

"Operation Santa Claus" is in addition to the regular year-round railroad service, which has also been expanded to care for the increased volume of holiday mail. The terminus of the two mail trips of "Operation Santa Claus" will be at Newark at 11 a.m. and 4 p.m. daily.

Postmaster Dugan said that practically all mail received at the Garwood and Kenilworth and 14 other post offices in this immediate area will be distributed yesterday at the Garwood and Kenilworth Post Offices for delivery by the first mail carrier on his route today.

All mail, earmarked for transfer or further distribution will be handled by the Newark Post Office.

The district operations manager feels that the establishment of this particular service will do much to speed the delivery of mail between Garwood and Kenilworth and the other post offices on the "Operation Santa Claus" circuit. These offices are: Newark, Elizabeth, Linden, Roselle, Roselle Park, Plainfield, Plainfield, Fanwood, Scotch Plains, Westfield, Cranford, Summit, Springfield, Vaux Hall and Union.

It is planned to terminate "Operation Santa Claus" on December 24. The experience and statistics derived from this year's operations will be used in planning services of this nature in subsequent years.

Thought for the Week

"GOING FORWARD IN FAITH"

By Dr. George A. Aitcheson, Pastor, Cranford Alliance Church

When Paul wrote to Titus he mentioned "the faith of God's elect" in chapter one and verse one. When I read those words I could not help but think of those to whom I have been privileged to minister in Cranford and the surrounding areas the past few years. As I look at what has been accomplished, and what is being done by the congregation of my church, I find no explanation for the results other than "the faith of God's elect."

As you well know, we have launched into a large building program to meet the growing demands of our local congregation. Yet, in spite of the tremendous cost of this venture, our missionary pledge has reached an all-time high in that it is $22,118 for the missionary year of 1955-56. Each year our people have paid in full their financial obligations, and I have no doubt but that they will do it again.

Our present building program is the fourth since the church started in a store room on Walnut avenue. Our members are of the opinion, God willing, that it will not be the last, since we plan one day to build a new church across the street on the lot we purchased there bounded by Cherry street and Retford avenue.

In addition to steps of faith along material lines, the greatest joy of all to our hearts is that, out from the church there have gone many young people into fulltime Christian service—some of them on different mission fields and others in the ministry in the United States and in Canada.

The Alliance was started by a step of faith as a non-denominational movement, with the purpose of getting the gospel out to the unevangelized people of the world. Therefore, we have not striven to build a large denomination; but instead, we have placed the major part of our emphasis on our foreign missionary program. As a result, our church today as a whole is supporting over 700 missionaries on 29 different mission fields. This has all ever made possible by "the faith of God's elect."

The year 1956 will be a time to take new steps in faith, but now is the time to begin to prepare for them. We cannot launch out on them, cold. They must be motivated by a warm heart. Ask yourself the question, WHAT WILL GOD HAVE ME TO DO? Wait then until He makes it plain to you. Then, go ahead and launch out into the deep, and God will take care of the results.

AN OPEN LETTER TO PARENTS:

If you have a son or daughter in school, a portable-typewriter is an ideal solution to your Christmas gift problem. In a recent impartial survey it was found that typewritten school work received from 10 to 20 percent better grades than material submitted in handwriting.
A typewriter is a big help to a high school student, but to a college student it is a necessity. Classes are large, examinations tough, but the students who type their notes memorize them quicker and more thoroughly. So if you are looking for an eminently suitable gift for a student, one which will be useful through coffee and years afterward, we suggest a portable typewriter.
We have portables which combine every feature and quality that makes for speed, ease of operation and good typing. They are priced to fit every purse and can be bought on the easy payment plan. We are now offering new portable typewriters at a discount of 25 percent off list prices. For example, the new Royal Quiet DeLuxe has for $124.75; our price is $91.50 including tax.
Drop in at our store and try one of these machines. We are open till 9 p.m. every day from now to Xmas. Should you prefer an office model machine, we have some excellent, fully guaranteed rebuilt machines from $24.50 to $150.00. Trade-ins accepted. National Typewriter Co., 20 Eastman Street, Cranford, opposite Cranford Theatre. CRanford 6-0000.

S-D Day Record Clear In Garwood

GARWOOD. — Thanking the people of Garwood, pedestrians and drivers alike, for exercising the care which enabled the borough to turn in a perfect record of no accidents on Safe Driving Day last Thursday, Police Chief Fred Falzone today requested that this safety-minded attitude be continued for the rest of the holiday safety campaign, which will continue until January 2.

The chief reported that arrival of coffee and equipment provided by a large coffee concern for setting up a "coffee bar" at police headquarters for the holiday period is expected during the next week.

Serving of coffee to motorists to counteract the effects of late hours and holiday partying is part of the local program in connection with a nation-wide holiday safety campaign.

Other projects to be carried out by the police department in connection with the drive include: Setting up of additional safety signs throughout the borough; use of the speed meter when weather permits; stepping up the campaign against traffic violators; repatterning of traffic lines on streets; enforcement of a one-hour parking limit on streets in the business area; use of the municipal parking lot by persons planning to park over four hours, and distribution of safety signs to taverns and liquor stores.

Chief Falzone reiterated his request to local residents to continue to exercise especial care, not only during the holidays but throughout the year, to help make every day Safe Driving Day in Garwood.

Public hearing will be held on December 27 and the proposed new pay scale will become effective January 1, 1956.

The proposed measure also provides for a pay increase for probationary policemen and firemen after six months' service.

A new position, that of deputy chief in the fire department, has been created under the new ordinance, while the position of captain in the police department has been abolished. Public hearing on this measure also will be December 27.

Polio Shots Board Topic

The Board of Health is expected to discuss the administration of Salk anti-polio shots at a meeting Monday evening.

Health Officer William P. Smith reports he will recommend to the board that it urge all parents to take their children to the offices of private physicians for the inoculations.

This stand by Mr. Smith follows a refusal by the Cranford Physicians' Club to participate in a mass inoculation clinic. The club has taken the position the shots can be given better in the physicians' offices.

Mayor Fred P. Andersen, president of the board of health, requested the physicians to participate, in a mass inoculation clinic for first and second graders now attending the local schools. The doctors also refused to do this.

Survey Says Library Needs More Reading, Work Space; Larger Budget, Staff; Higher Salaries

The Cranford Free Public Library has less than a third of the recommended floor space deemed adequate for a community the size of Cranford, approximately half of the recommended seats for readers, no work space for the library staff and the annual budget is approximately $20,000 less than the recommended "average" expenditures per capita for a town of 22,000 persons.

These are among facts gleaned from a recent survey of local library facilities by Mrs. Janet Z. McKinlay, head of the Public and School Library Services Bureau of the State Department of Education.

Mrs. McKinlay's report, based on American Library Association standards, also shows that the local library facilities are used more than the national average. Whereas the registration in Cranford should be 7,700, based on the national average of 35 percent of the local population, the actual local registration is approximately 5,000.

The report, considered by the library's Board of Trustees at its meeting last month, has been passed along to the Township Committee with a plea for more funds for 1956 and also a recommendation that steps be taken immediately to provide more adequate facilities.

J. H. McCoy, president of the library board, offered the following comment in a letter to the Township Committee:

"The year 1956 presents a serious problem for the Township of Cranford. A public library is an important service agency and should be geared to the times and ready to meet the demands of its reading public.

"Over the past several years, the Township Committee and the library Board of Trustees have cooperated in an effort to hold back the expansion of the library in expectation of a Community Center development, to the point where a bad health and morale situation has been created.

"In October, we requested the Public Library Bureau of the State Department of Education to make a survey in an effort to ascertain what steps should be taken to correct this serious situation and the proposed library budget for 1956 reflects the minimum increase that will allow some progress to be made.

"The following chart, which is part of the report of the Library Bureau, shows standards compiled by the American Library Association — the present comparable figures for Cranford — what they should be now — and what we should aim for in a 20-year view:

Factor	Standards	Present	Should Be Now → 1955	20 Years
Population		22,000	22,000	30,000
Exp. per Cap.	As of 25	$20,316	$40,500	$120,180
Book Stock	4 vols. per Pop.	31,985	92,400	361,800
Registration	As of 35 per Pop.	5,000	7,700	12,250
Circulation	As of 5 per Pop.	97,000	192,500	612,500
Reader seats	5 per 1,000 Pop.	110	115	150
Total floor area	1 sq. ft. per cap.	6,000	15,400	24,500
Employes	Professional Asst. for every 2,500 books; circulation as subtitle to head	6 part time	12 full time	15 full time
Work space	100 sq. ft. per employe	none	1,200 sq. ft.	1,200 sq. ft.

"The above figures show the need for the employment of qualified professionally trained librarians and a clerical-typist to secure the most efficient operation of the present plant at an added payroll figure of about $10,000 a year.

"The quickest and least expensive method of increasing the floor space is to alter the present partially excavated basement into a full headroom area of approximately 1,000 sq. ft. at a cost of some $8,000. The present heavy traffic of children to the present inadequate quarters for books — no staff room, nor sufficient sanitary facilities

Endorse Mrs. Dwyer For Congress

Assemblywoman Florence P. Dwyer of Elizabeth already has been selected by the 16-member Republican screening committee as the GOP candidate for Congress from the Tenth Congressional District (Union County) in next year's election. This was learned yesterday from an authoritative source and was not denied by one of the Republican members of the screening committee.

Official announcement of Mrs. Dwyer's candidacy for the Congressional seat is not expected to be made until early in January, perhaps after the new Legislative session has convened. Mrs. Dwyer was reelected to the Assembly last month, polling the highest number of votes of any GOP candidate.

A three-member committee is understood to have called on Mrs. Dwyer over the week-end to inform her of the screening committee's endorsement of her candidacy. While it could not be learned whether the assemblywoman-elect has yet formally said that she has been interested in the Congressional post for some time, and Republican leaders have expressed confidence that if she

Name Leaders For Prom

Mrs. J. H. McAteer and Frances Scanlon have been named co-chairmen of next year's Cranford High School Parent-Teacher Association prom committee, it was announced today.

An organization meeting of the committee was held recently at the home of Mrs. McAteer. The Cranford High School Parent-Teacher Association will again sponsor the dance.

The purpose of the meeting was to inform and instruct the members as to the functions and duties of each committee so that next year's prom will be as outstanding and successful as in the past. As in previous years, a name band will be engaged for the dance, a buffet supper will be served during the evening and favors will be distributed.

Working on each of the planning committees will be a student and a parent or faculty adviser.

Other members of the general committee are as follows: James Hice, junior class president; Walter Selznowski, senior class president; Roy Daniels, junior class sponsor; and G. Frank Zimmerman, principal.

Christmas Rush Begins At Post Office

Reporting today that the Christmas rush is picking up speed at the Cranford Post Office, Postmaster Arthur F. Metz issued an appeal to local residents to mail parcels and cards as soon as possible now and at the same time expressed appreciation for the cooperation being shown by the public this year.

Early mailings and the way in which people have been preparing their parcels and sorting their letters and cards beforehand as to destination indicate that the public is "becoming educated" in the matter of things which can be done to help speed up postal service, Mr. Metz declared.

Although this promises to be the local office's biggest year, with approximately 40 temporary and extra clerks put in by the regular staff and holiday extras is enabling the Post Office to handle the rush more efficiently than ever, the postmaster said.

Postal employes were on the job until 9 p.m. Monday and Tuesday, Mr. Metz reported, and extra hours will be worked right up until Christmas Eve, a necessary, to insure delivery of parcels and mail in time for the holiday.

Welfare Unit to Play Santa to 78 Children; Generosity of Individuals, Groups Cited

Santa Claus, in the person of retired Police Sgt. William J. Gassman, is shown about to enter his trailer in front of the Bell Telephone Company building on Alden street, where he will visit with local children from 7 p.m. to 9 p.m. tomorrow and Monday, Wednesday and Thursday of next week, and also from 10 a.m. to noon this Saturday.

Thanks to the generous planning of many individuals and organizations, 78 children who otherwise have experienced the disillusionment of having merry-old Santa forget them this year will have many surprises and treats in store for them.

That's the report today from Mrs. Anthony G. Fennell, executive director of the Cranford Welfare Association. The organization through which arrangements for a Happy Christmas for the underprivileged are channelled.

"I was there were a way in which I could present Cranford's Christmas story to the children," Mrs. Lennox said in an interview at her offices at 10 North Union avenue. "Statistics such as 'no' and 'no' is planning a Christmas party for 'so many', and 'such and such organizations are sponsoring Christmas baskets' just don't tell the story the way it should be told." It's a good story, too, the story of how Cranford organizes a joyous holiday for everyone, and sometimes the arrangements have consumed several months thought and work on the part of many people.
