Mail Service Improvement Plans Related

Postmaster General Arthur E. Summerfield in announcing this week a program of major improvements in mail service for the Metropolitan New York City area, reported that a multi-million dollar bulk mail handling facility for Northern New Jersey, to be erected on a yet undetermined site, will provide faster mail service for this area.

This new facility, he said, will be convenient to air, rail, and highway transportation and will handle mail from the South and West destined for final delivery in New Jersey which now must be carried into New York City, sorted there and then sent back to Newark.

"This development," the postmaster general said, "will obviously reduce delays and will be a major improvement in terms of faster mail delivery for millions of pieces of mail each day.

"Five modern railroad trunk lines from the South and West now carry mail destined for final delivery in New Jersey into New York City," he continued. "This mail for New Jersey amounts to 25 percent of all mail going to New York City. Hereafter, this huge volume of mail will be stopped off at the Northern New Jersey bulk mail handling facility."

In connection with the improvements in New Jersey, Mr. Summerfield noted also that the new joint terminal recently opened in Hoboken represents a forward step on the part of the Post Office Department to meet railroad progress already made and thereby speed mail delivery.

It was reported that as a gift from the PTA, 43 books were purchased at the recent College Club book sale and placed in the school library.

Discuss Methods For Improving Reading Skills

"Reinforcing the Reading Program," a talk by George Hayward, assistant superintendent of schools of East Orange, was the highlight of the first meeting of the School Council of the International Reading Association, at Cranford High School on Tuesday afternoon.

Dr. Hayward discussed the importance of experimental background and co-operation, basic attitudes and a variety of reading materials in the building of effective reading skills. His talk was based upon his many years of experience as a school administrator, college instructor and expert in the field of reading.

Miss Edna Hensel of the Plainfield public schools is president of the local council, which was organized last spring. It is part of an international organization of educators who work for the improvement of reading instruction at all school grade levels.

Frank Ramsey of Cranford reported on the plans of the program committee for future meetings. He announced that Miss Jeanne Chall, an authority on readability and a professor at the College of the City of New York, has been invited to speak at the next meeting of the council, which will be held at Grace Wilday School in Roselle.

Mayor Booms Dorian For Seat in Assembly

Public Affairs Commissioner Ira D. Dorian was boomed for the Assembly seat soon to be vacated by Congresswoman-Elect Florence P. Dwyer at the 36th annual Veterans' Day dinner of Cranford Post 212, American Legion, Monday night at the Casino. More than 100 Legionnaires and guests attended.

Commissioner Dorian's name was put forward by Mayor Fred P. Andersen, guest speaker at the affair, who declared that Cranford must demand a voice in the larger community—in county and state affairs. He asserted Mrs. Dwyer's replacement should come from Cranford and that he would fight, as leader of the battle or as a man in the ranks, for this community to produce a candidate.

His mention of Commissioner Dorian, long active in local and state Legion affairs, brought a round of applause. A local lawyer,

Desire Is to Serve On Township Level

Public Affairs Commissioner Ira D. Dorian today issued the following statement in response to Mayor Fred P. Andersen's suggestion that Mr. Dorian be considered for a State Assembly seat:

"I was not aware that Mayor Andersen planned to announce my name as a candidate for the New Jersey Assembly. It is indeed gratifying to know that others have such confidence in me and one cannot help but be aware of the opportunity of representing the residents of Union County in the State Assembly. However, a decision, as important as this cannot be made without considerable thought. At the present time it is my desire to serve the residents of Cranford to the best of my ability in my office as a member of the Township Committee."

Mr. Dorian is completing his second year as a member of the Township Committee. He made an unsuccessful bid for the Assembly a few years ago.

Depicting the trend toward high ers and state agencies to control public county and municipal units, Mayor Andersen declared that he is not convinced that these agencies can do any better job than can be done at the local level.

Some of the problem in New Jersey right now, he asserted, is the conflict between an inarticulate belief in, and the lack of, any real authority for home rule, except as it may be bestowed upon us by a benign legislature.

He said the tendency to centralize more and more from state and national levels to the school system is a bad one. Since the defeat last week of Health Officer William F. Smith, he asserted there has been pressure among public health people at the state level to institute a regional health control program in Cranford.

"We have never needed that in

Realtors Sponsoring Decorations Contest

Announcement was made today that the Christmas decorations and lighting contest sponsored by the Cranford Real Estate Board for local residents will be held again this year, with dates to be announced later.

In view of the success of the show last year, a spokesman for the board said, judges have been increased to handle all entries.

Entry blanks will be available at the offices of Cranford realtors and also will be printed in this newspaper for the convenience of residents wishing to participate.

Cash prizes will be awarded in several classes.

Many Speak in Eulogy of William Smith; Town to Retain Own Health Setup: Mayor

"It has always been our opinion that Cranford should have its own services, including health, and we don't intend to become part of a regional program," Mayor Fred P. Andersen declared in announcing this week that an appointment is to be made locally to fill the vacancy caused by the sudden death last Wednesday of Health Officer William F. Smith.

No definite decision on an appointment has been made yet, the mayor said, but one will be until after the Board of Health has met and there has been a conference with state health authorities.

"One thing in which Cranford is fortunate," Mayor Andersen added, "is the number of highly trained technicians included in its population. We have many residents of greater than average technical knowledge who have gained advanced scientific training while working in near by industries and living in Cranford.

"I know we have qualified people available, at least one of whom has the training in microbiology and related fields prerequisite for service in the public health field."

The mayor said this will be one of the subjects discussed at a luncheon engagement he has arranged for next Wednesday with Dr. James E. Peterman of Summit, regional director of the State Department of Health.

Mayor Andersen declared in an address at the Veterans' Day dinner of Cranford Post 212, American Legion, Monday night that since the death of Health Officer Smith there has been pressure among public health people at the state level to institute a regional health control program in Cranford.

Meanwhile, the mayor added, provisions have been made for continued local administration of health and welfare affairs in the township pending appointment of Mr. Smith's successor.

Health Officer Joseph J. Mottley of Westfield and Frank Cerone of Union have offered to help out

Health Officer William P. Smith, who died suddenly of a heart attack last Wednesday, was eulogized as a faithful public servant, helpful co-worker and devoted friend in statements emanating from many sources during the past week. Resolutions of sorrow at his loss and condolences to the family were passed at meetings of the Township Committee, Cranford Welfare Association, Rotary Club and other organizations with which he was associated.

Commenting as president of the Board of Health, Mayor Fred P. Andersen remarked of Mr. Smith that he was generally acknowledged to be a truly professional health man who exhibited an extraordinarily high degree of ability in the technical aspects of his work while at the same time demonstrating a wonderful ability to deal with people.

"Although always a strict disciplinarian," the mayor continued, "Mr. Smith was liked and respected by all. He also did a remarkably good job in relief administration. And no matter what his critics said, there wasn't a place in town where he was unwelcome."

Public Affairs Commissioner Ira D. Dorian, who was closely associated with Mr. Smith as chairman of public health and welfare, head of the Public Assistance Board and chairman of the Welfare Board, issued the following statement:

"In the passing of Bill Smith, the Township of Cranford loses an outstanding citizen and devoted, competent public official. As public health officer, he unremittingly

Additional United Fund Giving Asked

Collections for the 1956 Cranford United Fund Campaign have reached 85 percent of the goal, it was announced today by Robert F. Leary, executive chairman for the drive.

At the start of this week, donations from residents, local business, civic clubs and others totaled $20,562, which is more than was collected during the entire 1955 drive, Mr. Leary reported.

"However," the executive chairman pointed out, "due to increased budgets of some Cranford charitable agencies and addition of the Cranford First Aid Squad in 1956, the goal for this year is $3,000 higher than last year.

"While additional returns are expected to come in the days ahead, it would appear that the 1956 goal will not be reached unless many non-contributors to this year's drive will voluntarily add their donations at this time."

Mr. Leary reminded that donations still may be mailed to Cranford United Fund, P. O. Box 34, or potential contributors may telephone the executive chairman to have their donations collected.

Returns in the 1956 drive thus far were listed as follows:

Diabetes Testing Drive Underway Throughout Week

Details of the diabetes detection drive being conducted this week—Diabetes Week—were announced today by Dr. Anthony Sordill, a member of the Union County drive committee.

Sponsored by the Union County Medical Society, State Health Department and the American Diabetes Association, the diabetes detection drive is renewed each year during Diabetes Week, which is observed the week preceding Thanksgiving, Dr. Sordill said.

Diabetes is a chronic condition which develops when the body cannot make full use of some of the food one eats such as carbohydrates (sugars and starches).

There are about 1,000,000 Americans who have the disease but are not aware of it, the Cranford physician declared. Early discovery and proper control of the ailment will help them to avoid the many serious complications which may follow from neglect.

A small testing strip for checking signs of diabetes will be available free in Union County this week. The testing strip is known as a Dexpak and was developed by a New York research laboratory. Simple directions for the method of collecting specimens of the urine for mass screening of the

Township Attorney Retiring; Several Aspirants for Post

One of Cranford's veteran municipal employees, Carl H. Warsinskt, who has served as township attorney for 27 years, has notified the Township Committee that he plans to resign at the end of the year, it was learned yesterday. He has applied to the New Jersey Public Employes Retirement System for pension, effective January 1, 1957.

Mr. Warsinski's announcement is expected to bring a flood of applications for the vacancy, from local lawyers. Among names already put forward for the $6,500 municipal post are Public Affairs Commissioner Ira D. Dorian, Township Committeeman - elect Nicholas St. John LaCorte, Donald R. Creighton, former local representative on the Union County Republican Executive Committee; Carroll K. Sellers, special assistant to the prosecutor and former local magistrate; Harry V. Osborne, Jr., past president of the Cranford Republican Club; Magistrate Charles J. Stevens, William F. Little, Jr., and Walter M. Cooper, active in local Young Republican circles.

The retiring township attorney was graduated from Rutgers Law School and was admitted to practice as an attorney in 1921 and as a counselor in 1925. He clerked in the office of Nathan B. Lavitt of Elizabeth, former Union County treasurer.

Mr. Warsinski began his practice in Cranford in 1922 and was appointed assistant township attorney in 1928 and as township attorney in 1929, succeeding the late Berkley C. Austin, who held the post many years. In addition to his duties as attorney, he also

CARL H. WARSINSKI

served the township for brief periods as township clerk and as magistrate.

He played an important role in the organization of the Rahway Valley Trunk Sewer and was assistant attorney for this group for a brief period. He also was active in the elimination of the Union avenue grade crossing of the Central Railroad.

Mr. Warsinski had the distinction of serving under five mayors during this long career in public service. He started during the tenure of the late Roger C. Aldrich and continued under the late George Lott. His span of service also included the mayoralty terms of George E. Outhwaite, Emery D. Stanley and Fred P. Andersen, the present mayor.

Spring Semester Plans Told By Director of Adult School

Cranford Adult School will conduct a spring semester opening sometime in February, it was announced today by Kenneth W. Iversen, director.

It will be the school's third spring term. Other spring semesters were conducted in 1954 and 1955. Because of decreased registration for the fall semester in 1955, no spring semester was held this year.

Mr. Iversen cited the large increase in enrollment at the current fall semester over last year's figure as a major factor in deciding to sponsor another spring term.

Dates for the term as well as registration days will be announced in the near future, Mr. Iversen said.

Discussion on holding a spring semester was held Monday at a meeting of the school's advisory committee. This group firmly favored conducting the spring program.

At its last spring term in 1955, the school offered 27 courses. These included such classes as better English, bridge, dog obedience, first aid, gardening, guitar, home planning, bookkeeping, psychology, sewing, social dancing, speed reading, swimming, typing, upholstering and woodworking and wood finishing.

The school's first spring semester featured such classes as antiques, golf, photography, public speaking, social dancing, typing, woodworking, painting and drawing, bridge, dog obedience and aptitude testing.

The school's first spring semester in 1954 attracted almost 400 students, while the 1955 spring term registration totaled about 325.

Most Juvenile Delinquents Lack Home Training—Powell

Chief Lester Powell of the Cranford Police Department was the guest speaker at the meeting of the evening department of the Village Improvement Association last Thursday at the Cranford Methodist church.

Mrs. Ben Geddes, chairman, presided at the business meeting during which Mrs. Kenneth Estabrook, membership chairman, introduced two new members, Mrs. W. C. Beasley and Mrs. Wayne Mollenauer.

Following the business meeting, Mrs. Robert Clancy, program chairman, introduced Chief Powell, who spoke on "Juvenile Delinquency."

Chief Powell quoted F. B. I. statistics as to the proportion of various crimes such as car thefts and burglaries committed by juveniles and stated that such offenses have been steadily increasing during the past 10 years.

He stressed the importance of the proper handling of a youngster who has his first "tangle with the law" and described the work of the Juvenile Conference Committee here in Cranford which handles cases of offenders referred to it by the judge of the Juvenile Court.

When a case is referred to the court the judge may, upon receiving the report of the probation officer, send the case to this juvenile conference committee for settlement rather than bring the child before the court. He pointed out that a juvenile is not termed delinquent until he has been apprehended and sentenced.

Chief Powell stated that the majority of juvenile delinquents are in the 15 to 17 age group and a great many of them committed their first offense between 17 and 18 years of age, have usually shown maladjustment to society and almost always have one thing in common — a lack of proper home training. Parents are basically responsible for training their children; schools, churches and social agencies can merely aid them.

The big question to ask ourselves constantly, Chief Powell said, is whether we have set a good example for them in the community with regard to respect for the law, morality, religion and honesty.

Andersen Asks War Avoidance, Peace Crusade

"To remember and to recall to men's minds the inevitable consequences of war is to serve our children and their children yet unborn," Mayor Fred P. Andersen said at Veterans' Day ceremonies at the World War I Monument near police headquarters Sunday.

The mayor said "the martial music overwhelms the soft and sorrowing protests of the mothers who know too well that even as the drum beats its stirring rhythm, the drummer has his muffling-cloth ready for the funeral march to follow."

"We must remind ourselves of the horror of war," Mayor Andersen declared. "We must strive to avoid war but equally resolve to be free," he continued.

The chief executive asked his listeners to resolve "that we shall crusade for peace; that we shall crusade for freedom. We shall do it in the names of those we honor today and in the names of those we love," he said in conclusion.

The observance was sponsored by Cranford Post 212, American Legion.

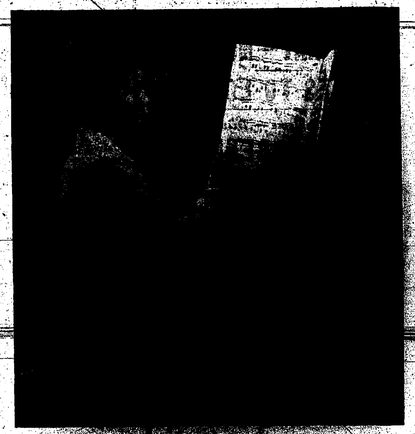
GRIFFITHS IS THE ONLY PLACE WHERE YOU CAN RENT OR BUY A BRAND NEW STEINWAY IN NORTH JERSEY

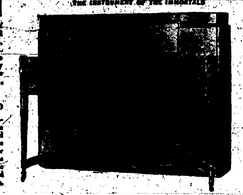


The things that money can't buy

come into your home with a Steinway

The Steinway is the standard piano of the world. Today's Steinway, built with the experience and refinements of a century, is the noblest handiwork of the piano-maker's craft. The glowing tone of this great instrument and its gentle authority inspire the child to work and accomplish, and to rise above the softening ease of push-button living. The Steinway stresses, in an age of surplus, the values money can't buy—and the values money can. The best proved piano, it is the longest lasting—its rugged construction stubbornly resists depreciation. The Steinway over the decades is actually the most economical of pianos, and the wisest investment.

STEINWAY
THE INSTRUMENT OF THE IMMORTALS



The Steinway is the piano of great artists as well as nearly all of the nation's leading orchestras, radio and television stations. BYRON JANIS (shown here) who plays the Steinway exclusively will be heard at the Mosque Theatre, Newark, Sunday, December 9th at 3:45 P.M.

THE STEINWAY PIANINO

A popular vertical piano obtainable in mahogany and American walnut. Its full-bodied tone and skillful design adapts it for use in any interior, traditional or modern. It has all the famous Steinway features including the Diaphragmatic Soundboard and the Sonut Accelerated Action.

All Industries Necessary For Advance, Kiwanis Told

Future advances in the nation's standard of living will come about only if we put behind them the full force of our entire business structure — the large, small and in-between companies," the Kiwanis Club was told Tuesday at luncheon in Marion Restaurant.

The speaker was Paul R. Leach, Jr., eastern manager of the DuPont Company's extension division. His topic was, "Where Is Your Future?"

Such improvements are not created by law or legislation, he pointed out. "They will come about only to the extent that our industries — all our industries — can continue to apply the same kind of bold and imaginative development that has proved so productive in the past."

"What we have in this country is not big business as distinct from small business . . . but a business community," he declared. This is a structure made up of all businesses "so heavily intertwined and interlaced that each is a supporting element in the strength of the whole."

Attacks on business as a "special interest" are "really maligning the entire American people," for the great majority of us make our living in and through this business community."

Mr. Leach illustrated how big and little business work together to raise the standard of living by showing how such commonplace things as nylon and cellophane got to the public and by discussing such new developments as silicon, which promise future improvements in American life. These improvements must have both big and little business, he said — the large companies to do the jobs of mass production, research, and development, and the small companies to carry on from there.

"There is nothing so remarkable about a big business, it is nothing more than a group of people . . . who have united themselves together to do things that are beyond the capabilities of a single individual, or a single group," he said.

Mr. Leach was introduced by Fred Croxy, Jr., and thanked on behalf of the club by Russell Hoag.

Adult School Spring Term Favored in Vote by Students

Eighty-eight percent of the students of the current fall semester of the Cranford Adult School who answered a questionnaire last week favor a spring term, Gerhard Kellner, registrar, reported at a meeting of the school's advisory committee Monday evening at Union Junior College.

Mr. Kellner said 278 persons favored a spring semester, while only 30 opposed it. He said answers to the questionnaire were received from more than 90 percent of those attending the school's session on November 6.

A final registration figure of 591 was reported by Mr. Kellner. He said the current term has 22 courses, and six other classes offered were dropped because of insufficient registration.

Channing Rudd, a member of the board of directors, said the current term is a financial success. He said the school made a slight profit.

In commenting on a spring term, students at the current fall semester indicated they favor business and household arts courses. Bridge, golf and tennis were among other favorites listed.

Among courses proposed for a spring term were: Social dancing, public speaking, painting and drawing, panoramaging, plane geometry, typing, sewing, stenography refresher, antiques, photography, home TV repair and home decorations.

Kenneth W. Iversen, president-director, presided.

Dr. and Mrs. John G. McNab of 8 Cummings street returned recently from a week's vacation at Mizzentop, East Warwick, Bermuda.

Mr. Smith was a director of the Rotary Club and had been nominated for president of the First Aid Squad.

Members of the police and fire departments, led by Police Chief Lester W. Powell and Fire Chief Howard C. Schindler, and Public Safety Director Clarence Fritz also visited the funeral home.

The mass was celebrated by the Rev. Mark J. Dooley, First Aid Squad chaplain. Seated in the sanctuary were the Rev. William B. Donnelly, pastor of St. Michael's Church and the Rev. Ronald Haffner, S. M., rector of the Marist Novitiate, Princess Bay, S. I.

Among the many persons at the mass were Mayor Fred P. Anderson; Public Works Commissioner Frank T. Whitty, Public Affairs Commissioner Ira D. Doriet, Police Chief Powell, Board of Health Physician Rowland P. Blythe, Tax Collector Howard Cowperthwaite and Tax Assessor Edward Markowich.

William N. Gray, Jr.

William Newman Gray, Jr., 70, of 6661 Post street, San Francisco, Cal., formerly of Cranford and Shanghai, China, died Monday at home after a brief illness.

Services will be held at 11 o'clock this morning at the Halsted and Company Funeral Home, 1123 Sutter street, San Francisco. Interment will be in San Francisco.

Born in Raritan, Mr. Gray had lived in San Francisco about 15 years. He had lived there since his retirement from Gray Trading Company of Shanghai, of which he was founder and president.

He conducted his business in Shanghai about 30 years, exporting silks and needlepoints. He was at the time of his death a member of the board of the Gray Trading Company, now operating in Hong Kong.

Educated in Cranford schools, Mr. Gray had lived in this township about 18 years. He was at one time associated with his father, the late William N. Gray and brother, Frederick H. Gray, in the funeral directing business in Cranford.

Mr. Gray was a member of the Masonic and was led in prayer by the Rev. Robert G. Longaker in memory of Mr. Smith at its meeting last Thursday.

Members of the Township Committee all added their expressions of sorrow and loss to those of Mayor Andersen at the meeting of that body Tuesday night. The committee adopted a resolution in which Mr. Smith was referred to as "a devoted public servant and a friendly, helpful and loyal teammate."

The Union County Tuberculosis and Health League sent a letter to this newspaper reporting that the league as well as the community of Cranford "has suffered a great loss" in the death of Health Officer Smith.

"His interest in the tuberculosis field was untiring," this letter continued, "and his cooperation was of the highest degree. We express our deep regret and sympathy to his family and the town of Cranford."

enforced strict health regulations, and in supervising public welfare, he was always understanding and fair. Because of the manner in which he performed these and his many other duties, his death is a great loss to Cranford. I, personally, feel I have lost a sincere and close friend."

At a regular meeting of the Cranford Welfare Association last Thursday, the following resolution was passed:

"The Board of Directors of the Cranford Welfare Association wish to express their sympathy and sorrow in the passing of Mr. William P. Smith. He was a true and understanding friend to our agency; a loyal worker who served the community with tireless devotion. He was never too busy to counsel and guide us and share with us his insight in dealing with human problems. Mr. Smith will always be remembered as a faithful servant of our community."

Another statement came from Walter M. Cooper, president of the First Aid Squad. Mr. Smith was one of the organizers of the squad, served as its first secretary and two days before his death was nominated for the presidency.

"Bill Smith was one of our most distinguished and most enthusiastic members," Mr. Cooper declared.

Christmas Program Is Planned

Plans were discussed for the Cleveland Parent-Teacher Association Christmas entertainment at the monthly board meeting Tuesday in the school lunch board room. Mrs. J. A. Blaha is heading this committee, with Mrs. Norman Jones and Mrs. Lloyd C. Beall, Jr. assisting.

The class mothers brunch was held at the home of Mrs. Robert M. Harmon yesterday. About 35 class mothers attended.

As previously scheduled in the ParentTeacher Association program for the organizations activities, Mrs. Blaha reported a change in date for the Christmas treat for the children. This affair will now take place on December 19, instead of December 21 as planned.

Mrs. C. H. Cox, parent education chairman, reported the last meeting in conjunction with the seven other school committees held at Cleveland on November 7 was very well attended. PTA film "The Quiet Child" was the highlighting. The next joint Parent-Education meeting in January 10 at Washington School.

The next board meeting of the Cleveland Parent-Teacher Association will be on December 11 at 9 a.m.

Cranford," he declared, "because Bill Smith was an old pro. He was the best. With his passing, the city arises that we should become part of a region, losing by so much our local authority, our local identity. And I maintain that we cannot lose bit by bit our identity any more than you could ask any family to lose a child, a member of its own flesh, blood and spirit."

Mayor Andersen explained the Ordinance adding several more stop streets. Most recent streets were authorized installed on State avenue and Elm lane.

Mayor Andersen appointed following to membership on the 1957 Memorial and Independence Day Committee; Thomas Bailey, R. S. Dow, Mrs. Fred J. Delker, P. J. Grall, A. G. Hemrich, Carl Baar, Charles M. Ray, Mrs. W. S. McCullough, Lester W. Peters, Howard G. Schindler, A. F. Metz, F. P. Anderson, R. E. Smith, A. A. Smith, J. A. DuBarry, W. Wasilowski, G. U. Hilbert, Mrs. Mrs. E. R. Morrison, John H. Fagan, Mrs. Dorothy Kleckner and Walter F. Zingler. The committee will be supplemented with additional representatives from local veterans' groups.

October report of Building Inspector F. J. Delke showed 28 permits were issued as follows: 10 residences and garages, 13 additions and alterations, 4 garages and 1 sign, with new construction value estimated at $213,000. Fire report for last month showed 28 general and 16 still alarms with property loss by fire estimated at $500.

Mayor Andersen extended a welcome to J. Howard McAteer, who was elected to a three-year term on the Township Committee in last week's election. The mayor also urged local residents to cooperate in the movement to provide relief for residents of Hungary.

A Record of Service in One Short Life

First reaction of our community to announcement of the sudden death of Health Officer William P. Smith last week was one of shocked, unbelieving surprise. It just didn't seem possible that Bill wouldn't be coming around the next corner with his cheery greeting and sincere, helpful interest in whatever problems one might have on one's mind.

And then there came another reaction — one of marveling realization of the prodigious amount of work accomplished by one man in his quiet, unassuming gentleman. Until the record was set forth in black and white in his obituary, few people fully appreciated the variety and extent of the services of Cranford's health officer, not only locally but also in the state and county.

Among the living memorials bearing witness to this life so full of service in spite of its relatively short length is the Cranford First Aid Squad. Bill Smith was one of the most active members during the three years that it has been serving the families of Cranford. The squad's first secretary, he served as its vice-president for the past year and two days before his death was nominated for the post of president.

Another outstanding accomplishment in his efforts on behalf of the welfare of the people of Cranford was his efficient organizing and administration of the Salk vaccine program conducted here earlier this year. For this, he received special commendation and thanks in the name of the community from Mayor Fred P. Andersen.

In cooperation with the Cranford Welfare Association and the Public Assistance Committee, Mr. Smith as director of relief worked out a comprehensive program of aid and rehabilitation for less fortunate members of the community while at the same time keeping relief costs to the township at a minimum each year.

The health of the people of Cranford was well protected by Health Officer Smith through conscientious enforcement of the provisions of the Sanitary Code. He was always painstaking in his inspections and also gave much time to a friendly, helpful educational program among proprietors of local establishments corning under his jurisdiction.

Mr. Smith brought modern ideas to the Cranford Health Department and was well qualified to speak with authority in his field. He held graduate in pharmacy and bachelor of science degrees and a certificate in public health from Rutgers University and was licensed as a registered pharmacist, health officer and food and drug inspector in the State of New Jersey and was approved by the State Department of Health as a registrar of vital statistics. Before assuming his duties here, he was a pharmacist with the Oliver and Drake Company in Elizabeth for several years and also was employed by Parke Davis and Company in their medical service division and in the biological and nutritional divisions of Wyeth, Inc.

The esteem with which he was regarded in the public health field is evidenced by the lengthy roster of offices and committee posts he held in various county and state organizations. He was scheduled, for instance, to have been elected president of the New Jersey Health Officers' Association at its annual convention in Trenton this week.

Active also in many other fields, Mr. Smith was one of the organizational members of the Union County Heart Association, past member of the board of trustees of the Union County Mental Hygiene Clinic, a member of the board of directors of the Cranford - Garwood - Kenilworth Blood Bank sponsored by the Red Cross, a past president of the Union County Social Workers' Club, a director of the Cranford Rotary Club and a member of the local service committee of the Salvation Army, the Municipal Welfare Employes' Association and the Holy Name Society of St. Michael's Church.

This mention of a few of his many activities and affiliations should give a stranger some idea of the magnitude of the public service crowded into the life of William P. Smith. And yet to those who knew him personally, Bill was the quietest, most unassuming man you could ever hope to meet.

Ingathering: An Opportunity to Help Less Fortunate

Once again the Cranford Branch of the Needlework Guild of America is giving residents an opportunity to contribute directly to the welfare of the needy of our community by donating articles of clothing or cash in connection with its annual Ingathering, to be held at the American Legion Casino on Monday.

Articles of clothing and bedding collected here will be used to fill the closet shelves of the Cranford Welfare Association, the Department of Health and Welfare and the Visiting Nurse Association. A few articles also will be sent to the Children's Country Home in Mountainside.

Needed are bedding, towels, sweaters, blue jeans, pajamas, caps, socks, mittens, underwear and white T shirts, especially for children of school age. To become a Needlework Guild member, the donor must make a presentation of "Twins" — two of the same article, that is, so there will be "one to wear and one to wash."

The local Ingathering is part of a program being conducted by 470 local branches of the Needlework Guild of America in 37 of the 48 states during which men, women and child members will have the pleasure of adding their gifts of "Twins" to those accumulated for distribution by each branch to institutions and welfare agencies in its own locality.

Since 1885, more than 67,000,000 garments have been collected and distributed through the Needlework Guild to unfortunate people, regardless of color, race or creed. At times when catastrophes have visited in parts of our country, clothing and bedding in quantities have been sent to the stricken areas to alleviate distress. Because of a long affiliation with the Red Cross, such aid can be extended speedily and directly.

You can share in the satisfaction of helping others by taking part in the "Twin" garment giving in connection with the Ingathering of the local branch next Monday. For further information, contact Mrs. R. F. Robey, 409 Orange avenue, or Mrs. R. G. Hoyt, 8 Arnet place.

Virginia Abrams helps the boys and girls in music by playing the piano when they sing.

A calendar for the month of November was drawn on the blackboard by Russell Harrington. Richard Johnston and Wayne Garretson.

George Mitchell decorated the classroom with a Thanksgiving motif. The following pupils helped him: David Patterson, Warren Rogers, Janet Eberle, Cheryl Ivy, Linda Smith, Michael Jakubowski, Lolis Colaneri and Lauranne Biribauer.

BROOKSIDE PLACE SCHOOL
Grade 1

Children in Irene Bloyder's first grade at Brookside have made a Thanksgiving booklet about the Pilgrims and Indians. The pilgrims and Indians are silhouettes of the children themselves. The dishes and food were made by the children also.

The following boys and girls worked on the scene entitled "We Gather Together": Michael Gorski, Linda Frain, Elizabeth Sisson, Donna Wozniak, Bruce Trotola, Susan Maxfield, Ellen Sue Ward, Diana Avery, Franchesca Tuchert, Mark Detering, Pamela Tristram, Robert Krol, Carol Sussky, Dana Swanson, William Brasley, Patricia Fauble, Vallie Dennis, Sarah Miller, Maxine Van Gilder, James Silverman, Elizabeth De Cleo, Rise' Gordon and Susan Gessner.

Grade 2

Recently the boys and girls of Miss Sumner's second grade took a trip to the Cranford Public Library, where they learned about library books and heard a story. The trip was in connection with a unit study of the community.

Original stories were written and read by John Conover, Carl Fleckenstine, Elizabeth Knox and Alfred Keefe.

ROOSEVELT SCHOOL
Grade 3

Children in Mrs. Estelle Danzky's third grade class have received a reward for 100 per cent P.T.A. membership. The boys and girls' decided to buy goldfish and guppies with the money.

As part of the unit on Switzerland, the class made maps of flour, salt, water and powder paint. Three different colors were used. The following children wrote stories about Switzerland: Scott Christensen, Michael DeMicco, Robert Donnelly, Jeffrey Knapp, Anne Brittle and Rebecca Pearce.

Eugene Hamilton and Rebecca Pearce have added their "coal gardens" to the science corner.

Four of the children participated in assembly this week. Jean Ellenbacher read the Bible, while William Wiebelick, Arthur Jones and Donald Silliman served as color guards.

Grade 2

Mrs. Elsie Miller's class has organized a Story Hour Club. The following officers were elected: President, Jean Schwartz; vice-president, Dawn Baumann, and secretary, Susan Conklin. Every Friday afternoon the children read books from home, the public library or our school library, to their classmates.

These pupils have read books: Barbara Hebert, Dawn Baumann, James Elliott, Vivian Regal, Gary McMackin, Susan Conklin, George Segebarth, Jane Sherbak, Jean Jankowski, Diane Rauk, John Eichinger and Harvey Nevalis.

Mrs. Pudy Pelzer's class has completed its study of "The Community." The class enjoyed making their booklet in which they wrote about and illustrated the various community helpers.

In science, the class is beginning to study about different types of rock. There is quite a collection of rocks on the science table. Those who contributed to the rock collection include: Stephen Gill, Robert Peterson, Timothy Exton, Charles Archdeacon, Theodore Olde, and Linda Allen.

Kindergarten

Mrs. Gizella Matorano's kindergarten class has had some unusually interested science lessons with the help of Jeffrey Davies. Jeffrey showed the class a fascinating snake skin that his mother received from Africa. He also showed the class some cotton that was grown by his grandfather in Mississippi.

For Halloween the class made cats, witches, owls, and pumpkins. Some of the most interesting were made by: Susan Joralemon, Kai Baumann, Jay Hoffacker, Richard Schmidt, Katherine Koehler, Gerald Bross, and Judy Rodgers.

The children are now building a store with large blocks. Charles Hansel, Richard Eitel, Robert Van Schoick, and Robert McCarthy have been very good helpers in this project.

One day Craig Sommerville drew a wonderful picture of a horse-drawn stage coach. A few days later he showed the class a statue of England's Queen Coronation Coach. Craig's Aunt from Scotland gave it to him.

It is not only our errors which ruin us, but our way of conducting ourselves after committing them.

At State GOP Session

Mrs. Harold A. Crowter of 116 Columbia avenue attended a meeting of the board of directors of the New Jersey State Federation of Republican Women's Clubs Tuesday at the Princeton Inn, Princeton.

It's awful how much of our lives we spend just waiting.

Maybe you want to improve yourself so you can qualify for a better job. Why don't you give our Library a chance to impart the knowledge you need? We salute the fine, quietly-efficient men and women who work in our Library. Make them your friends and get the most from their books!

What puts the Mark of Tomorrow in the new kind of FORD?
Here's what puts the Mark of Tomorrow in the new kind of Ford!
It's the sculptured look. You'll see it the moment your eyes wander over this fine car. In a '57 Ford you belong . . . anywhere.
It's the long, lean lines. There's a greyhound grace to this Ford. No useless "fat," no showy "padding." It's as trim as a jet fighter.
It's the hardtop styling. Fairlanes and new the hardtop look of Victoria! Superthin, superstrong center pillars are smartly concealed to give hardtop beauty when doors are closed.
It's the freedom of choice. Colors? Fabrics? Accessories? Far more than that! Ford gives you a choice of two new, bigger sizes . . . longer, lower, roomier!
It's the ride that stays gentle. With a new frame that rides sweeter and lower, new springs, new suspension all around, even the rudest roads can't ruffle the poise of the new Ford.
It's the Thunderbird power. Ford celebrates its Silver Anniversary of V-8 leadership with the biggest selection of V-8's in Ford history. In addition to all this Thunderbird GO, there's a new and more powerful Mileage Maker Six.
"Six or V-8, the going is great!"
Just looking at this Fairlane Club Sedan is a special kind of fun!
It's the record-breaking performance. On the Salt Flats at Bonneville, Utah, a '57 Ford traveled 80,000 miles in less than 20 days . . . an average speed of 108.16 mph, including all pit stops! Another Ford averaged over 107 mph. Altogether, 458 national and international performance records were smashed as Ford rewrote the record book.
It's the big dollar value that lasts and lasts. Styled for tomorrow, a new Ford keeps its value longer. And wonder of wonders, all this extra strength, extra beauty, extra length is yours at low Ford prices!
*Included is a special 270-hp Thunderbird 312 Supra V-8 engine available at extra cost. Also, an extra-high-performance Thunderbird 312 Super V-8 delivering up to 285 hp.
Wise man say: "Don't wait for TOMORROW when you can get it today!"

Couples' Club Lists Speaker

The Rev. Edgar S. Brown, Jr., director of the Department of Worship of the United Lutheran Church in America, will be the guest of the Couples' Club of Calvary Lutheran Church at 8:15 p.m. tomorrow.

One of the newest departments added to the official church, the Department of Worship has as its purpose the giving of guidance and assistance to pastors and congregations in all the problems relating to worship. Because of the nature of the subject the entire congregation is invited to attend, according to Pastor Arnold J. Dahlquist.

Dr. Brown is a native of Allentown, Pa. He was graduated from Muhlenberg College in 1943 and received his bachelor of divinity degree from the Lutheran Theological Seminary in Philadelphia in 1945. He was awarded the degree of master of theology in 1950 and of doctor of theology in 1954 by the Divinity School of the Protestant Episcopal Church in Philadelphia.

Dr. Brown served as a Navy chaplain from 1943 until 1946. In January, 1946, he was called to Grace Lutheran Church, Pottstown, Pa. During his period as pastor the church erected a new $400,000 structure. In 1955 he was called to be the director of the Department of Worship.

Since his coming to this new post he has written the weekly column known as "Worship Notebook" in the official periodical of the United Lutheran Church, "The Lutheran." On March 1, 1946, Dr. Brown married Elaine Fay Freeman of Schuylkill Haven, Pa. They have two children, John Thomas, III, age 6, and Christine Anne, age 4.

CHRISTIAN SCIENTISTS CHURCH SERVICES

How Christ Jesus healed sickness and disease of every kind will be brought out at Christian Science services Sunday.

The Master's healing of the woman who had a "spirit of infirmity 18 years, and was bowed together, and could in no wise lift up herself" (Luke 13), will be included in the scriptural readings in the Lesson-Sermon entitled "Soul and Body."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy, the following selection will be among those read (210:11-16): "Knowing that Soul and its attributes were forever manifested through man, the Master healed the sick, gave sight to the blind, hearing to the deaf, feet to the lame, thus bringing to light the scientific action of the divine Mind on human minds and bodies and giving a better understanding of Soul and salvation."

Thought for the Week

By the Rev. Arnold J. Dahlquist, Pastor, Calvary Lutheran Church

GOD AND OUR MONEY

At this time of the year most churches solicit pledges or covenants from their people to support total programs for the year ahead. It has been interesting to me to find several outstanding secular magazines reporting on studies of this problem.

What do I mean by calling it a problem? Simply this. The greatest majority of church members in all denominations give pennies to the work of spreading the good news of God's saving act in Jesus Christ. One of the magazines reported above says that people are giving a smaller percentage of their incomes now in this period of peak prosperity than they did during the depression years of the 30's. Another says that most people could double what they are giving, and it still wouldn't have any effect whatsoever on the way they live.

I know that for a minister, this is a period of highs and lows, with strong accent on the latter. The highs come from noting the dedicated promises of those devout people to whom giving is welcomed as an opportunity for them to express their boundless gratitude to God. The lows, which are far more frequent than their opposites, spring from the innumerable expressions of selfish unconcern.

What's to be done? Well, first I think the churches must be done with all commercialism. The devices and techniques used to support God's work are an escape which foster faithlessness. The testimony from those churches which have discontinued unscriptural methods is a rising chorus of, "Why didn't we do this long ago?" To which I add a resounding "Amen!"

Second, our people must be brought face to face with the absolute fact that money is spiritual. It is one of the most positive means in human hands to let God know the depth of our gratitude for all He has given us in extravagant abundance. When given gratefully and joyfully it is promptly employed in preaching Christ to the world.

If God ever withdrew all His gifts from us, our state of lostness would be absolutely intolerable. His giving to us couldn't even be stopped by a Cross. How is it that we can be so penurious with Him?

Harvest Home Contributions Being Received at Calvary

During all of the services from now through November 25, members of Calvary Lutheran Church and the Church School will receive articles of canned goods to the church as a harvest home contribution, it was announced this week by Pastor Arnold J. Dahlquist.

Especially needed are canned fruits (except peaches) and fruit juices, all vegetables (except peas, corn, tomatoes, and baked beans) and potatoes and apples. It was announced that the supply of rice and dried beans is ample.

These articles will be taken to the Kinderfreund Home of the Lutheran Welfare Association in Jersey City.

Thanksgiving also will be observed with a special service Wednesday evening at 8:15. The senior choir will sing "God is Our Refuge," by Macfarlane. The Rev. Mr. Dahlquist will preach on the topic, "The Thanksgiving Prayer."

During Sunday worship services at 8:15 and 11 a.m., Pastor Dahlquist will preach on "Stewardship Christs." Theordore Lough, III, of Westfield will be the soloist at the early service. The senior choir will sing the anthem, "The Heart Worships," by Holst, at the later service.

Sunday Church School convenes for all ages at 9:30. The adult class which meets also at 9:30 a.m. with the pastor is open to all adults.

Baptized last Sunday were: Robin Sue Crosby, daughter of Mr. and Mrs. Richard T. Crosby of Clark, and Miriam Eileen McCarthy, daughter of Mr. and Mrs. Gerard W. McCarthy of Westfield.

New members coming by letter of transfer from other Lutheran churches will be received the first Sunday in December. This group will meet with the pastor on November 30 at 8 p.m.

The Women's Missionary Society will meet this afternoon at 2 o'clock; Boy Scout Troop 84 at 7 p.m.; senior choir rehearsal at 8 p.m.

The Mr. and Mrs. Club will meet at 8:15 p.m. tomorrow, and catechetical instruction will be at 9 a.m. Saturday.

On Sunday evening the Luther League will hold an Open House for parents and members of the congregation. The movie, "45 Tiger Street," will be shown. It tells the story of today's Christians who have the courage to apply the Bible to their daily living.

Church Council will meet Monday at 7:30 p.m. for a Bible study period preceding the regular council meeting. The Mothers' Club of Scout Troop 84 will meet at 8 p.m. Monday.

The charity sewing group will meet on Tuesday at 10 a.m., and the Kindergarten Mothers' Club at 8:15 that evening. The Youth choir will rehearse Wednesday at 7 p.m.

Is not that the truest gratitude which strives to widen the horizon of human happiness which has gladdened us?
—Henry Codman Potter

Model Railroad Exhibit Opening

With the holiday season approaching, an event always eagerly anticipated by the youngsters will again take place.

The occasion is the annual show of model trains, operated by the Central Jersey Model Railroad Association at its permanent quarters at 135 Elm street, Westfield.

The exhibition will be open on three week-ends, from tomorrow through Sunday, December 2. Hours for the show are 7 to 9 p.m. on Friday evenings, 2 to 6 p.m. and 7 to 9 p.m. on Saturday afternoons and evenings, and 2 to 5 p.m. on Sunday afternoons.

Many persons are surprised to learn that Westfield is the home of one of the finest model railroads in the country. On their 600 square feet of layout, the design and scope of the complex yet smooth operation, the vast planned and carefully modeled scenery, and the wealth of detail, both plastic and accessories, the intricate toy train layout is a fascination.

The Association is an adult club, started in the present location in 1955, and devoted solely to the hobby of railroading. Membership is by invitation only, and a prospective member must first prove he is a serious hobbyist and not a toy, railroad.

WHY DO LUTHERANS BAPTIZE BABIES?
Because Infant Baptism is the clearest demonstration of the sovereign grace of God.

In the Baptism of a baby, God gives Himself to one who is absolutely helpless, one who claims absolutely no merits, one who has absolutely nothing to offer, one who can only receive.
And that is the Christian religion in a nut-shell.
But the moment Baptism is denied to infants, human qualifications have been set, forth, and God has been denied the right to give Himself to the unqualified.
The Holy Scriptures are clear about the status of un-Baptized babies. But Baptism is very, very clear on these points:
• Baptism is a sacrament — i.e., it is God at work. God gives, man receives.
• God saves by giving, man is saved by receiving. The whole Christian Gospel is sacramental — God coming down, and man climbing up.
• Baptism is a means of God's giving, the channel Christ has chosen for giving His kingdom to human beings.
• He who believes, i.e., in His kingdom, "Let the children come to me, and do not hinder them . . . whosoever does not receive the Kingdom like a child shall not enter it . . . Go therefore and make disciples of all nations, baptizing them . . ."
If you have an Un-baptized children, be assured that the Lord Christ wants them, for His family. A team of Lutheran laymen would be happy to talk with you about His love for your little tots soon.

New Cadillac Offers Many Innovations

Front bumper to bumper, from top to bottom, the 1957 Cadillac is completely new. Yet, in appearance it is unmistakably Cadillac.

In announcing the new Cadillac, Don E. Ahrens, general manager of the Cadillac Motor Car Division and vice president of General Motors, said "the 1957 car represents the most complete model change in Cadillac history." It is now on display at Laing Motor Car Company, Plainfield.

"Our engineers and stylists literally created a new car this year," Mr. Ahrens said, "but still they retained its Cadillac personality. The over-all silhouette has been lowered as much as three inches; the hood and rear deck are lower than the fender profile; the traditional Cadillac tail fin is restyled and two additional four-door hardtops make their appearance in 1957."

These dramatic changes are to be found on eight of the 10 models. The two Eldorados, the Biarritz and the Seville, are distinctively different, featuring a rear quarter panel and rear end styling that puts the "dream car" into reality as a limited production car.

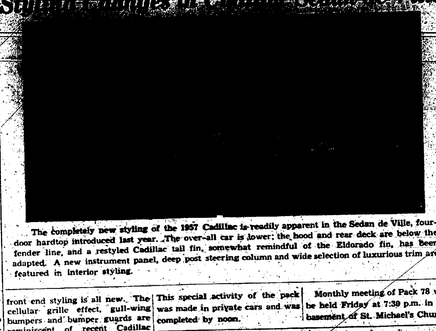
"An engineering development in the form of a revolutionary new frame has allowed us to achieve our new low silhouette," Mr. Ahrens explained. "With this frame the body is secured to outrigger mounting brackets rather than the side rails of former years. Not only does this permit lowering of the car but torsional rigidity is increased.

Like the rest of the car, the front end styling is all new. The cellular grille effect, gull-wing bumpers and bumper guards are reminiscent of recent Cadillac styling, but they have been redone to tie in with the low, sweeping design of the 1957 models.

Behind this front end is a 300-horsepower engine, the most powerful and the highest performance engine ever offered by Cadillac as standard equipment. This V-type overhead-valve engine has a 10 to 1 compression ratio, a four-inch bore and a displacement of 365 cubic inches.

Eldorado owners can have this engine modified with twin, four barrel carburetors and developing 325 horsepower.

With this multitude of new physical features included in the 1957 Cadillac, a complete redecorating job was called for. And it happened. New fabrics, trims, leathers, floor coverings, and headliners are combined into the finest of interiors.



The completely new styling of the 1957 Cadillac is readily apparent in the Sedan de Ville, four-door hardtop introduced last year. The over-all car is lower; the hood and rear deck are below the fender line, and a restyled Cadillac tail fin, somewhat remindful of the Eldorado fin, has been adapted. A new instrument panel, deep post steering column and wide selection of luxurious trim are featured in interior styling.

Bell's Pharmacy Marking Twenty Years in Cranford

Bell's Pharmacy, 12 North Union avenue, this week is marking its 20th anniversary in business in Cranford.

Founded at 9 North Union avenue in 1936 by Saul Bell of Rahway, the store was purchased a few months after it was opened by Samuel S. Eisenberg, who had been manager when the store was opened.

Enjoying a steady growth from its opening, the pharmacy was moved to its present more spacious quarters in 1941 when the staff also was increased. The store today has four registered pharmacists, a cosmetician and three salespersons on its staff, and has filled more than 315,000 prescriptions in the past two decades.

While the store's inventory includes more than 60,000 individual items, Eisenberg has taken pride in the fact that his prescription department contains a complete stock of pharmaceuticals and apologizes for the physician and his patients. New drugs are added as rapidly as they are released after thorough clinical testing by the manufacturer and its laboratories.

A graduate of Rutgers College of Pharmacy, Newark, Mr. Eisenberg worked in drug stores in Newark before coming to Cranford. He and Mrs. Eisenberg have been residents here for 20 years and presently reside at 128 Spring Garden street.

Mr. Eisenberg is a past president of the Cranford Business Association, a past president of the Union County Pharmaceutical Society, a member of the New Jersey Pharmaceutical Society, Cranford Rotary Club, Mount Neho Lodge, F & A M, Elizabeth, and Temple Beth-El.

Mrs. Eisenberg, who maintains an active interest in the pharmacy, is a member of Temple Beth-El and its Sisterhood, and of the Cranford League of Women Voters. They have a son, Warren, now studying on his master's degree in history at George Washington University, Washington, D. C.

A. C. Nuber, a pharmacist, has been on the store's staff for 14 years, and Rudolph Zurick for the past 10 years. Mrs. Ethel Gansburg has been with the pharmacy for five years, and Mrs. Eleanor Miller, four years. Other staff members are John W. Hughes, William Smith, Jr., and Miss Geraldine Arnold.

Aid Squad Host To District Units

Service of the Cranford First Aid Squad to local families was praised by Police Chief Lester W. Powell in a talk delivered as the local squad was host to a meeting of the Second District of the New Jersey State First Aid Council in Veterans' Memorial Home on Sunday.

Walter M. Cooper, president of the Cranford squad, welcomed the visitors. Invocation was by Rev. Carroll M. Baker, priest-in-charge of Trinity Church, and benediction by the Rev. Mark J. Dooley, assistant pastor of St. Michael's Church.

Presiding at the district meeting was Jack Vesecore of Highland Park, chairman.

Dinner was prepared and served by members of the Ladies' Auxiliary of Capt. Newell Rodney Fiske Post 233, Veterans of Foreign Wars.

The Second District comprises squads in Union, Middlesex and Essex Counties.

Cub Puppets On Display

Various types of puppets made by the cubs during October were on display as Cub Pack 177 held the monthly meeting in the auditorium of Lincoln School Saturday night. There were paper bag puppets made by Den 3, sock puppets and hand puppets by Den 6, finger puppets by Den 1 and papier-mache puppets by Den 2.

In den meetings during the past month the boys not only made puppets but also wrote stories and gave simple puppet shows.

Everett M. Kidd, pack committee chairman, conducted the business meeting for parents while the cubs had a game session under the supervision of Assistant Cubmasters Virgil Young and Fred Roach.

Mr. Kidd reported that the sale of "Lollipops-for-Halloween" was successful enough to finance the pack for the coming year. A project for the during November will be the collection of usable, though used, toys for the needy, but by retarded. Soft toys, dolls, rubber balls and "dress-up" articles are especially in demand.

Cubmaster Robert Odell introduced his new assistants and presented pins to Mrs. James Watson and Mrs. Michael Bilske, den mothers, and Assistant Cubmasters Young and Roach.

In the bobcat ceremony, Richard Watson, George Sanguillano, Stuart Herman, Theodore Knauer and Alex Huppert were welcomed into the pack. With their parents standing behind them, the boys repeated the "Cub Scout Promise" and the "Law of the Pack" and gave the Cub Scout sign. Bobcat pins were presented to them by their parents as the other cubs gave a "Do Your Best" cheer.

Akela's Council (the achievement ceremony) followed as Cubmaster Odell presented awards to the following cubs:

Wolf badge, Donald Kidd, Jeff Knauer and Ronnie Czybrowski, and arrow points to the badge, Randy Myerson, Christopher Day and Ronnie Czybrowski; bear badge, James Polley and Carl DiRini, and arrow points to the badge, Gerald Schuman; lion badge, Alan Rappaport, with gold and silver arrows; assistant denner stripes, Steven Roach.

"Happy Birthday" was sung, and service stars were presented to the following members of the pack who are celebrating their first or second anniversary in scouting: G. DiGiovanni, M. Hayecek, S. Hudson, U. Kilesmanis, J. Gatto, B. Pavico, J. Pavico, P. Gatyas, B. Odell, S. Ugone, D. Ault, S. Roach, V. Bagwell, M. Abbot, R. Harden, D. Kidd, F. Roach and J. Weber.

Mr. and Mrs. Stephne M. Gatyas served refreshments.

College Club Taken on Tour Of South America via Slides

Through the Panama Canal, on down the eastern coast of South America and up the western, Herman Bielefeld, assistant professor of languages at Union Junior College, through the medium of slides gave members of the Cranford College Club, at their meeting in the Flint Presbyterian Church Monday night some conception of the diversity of the South American continent.

The speaker related that South America shows the impact of three types of civilization: the rural Indian, the Spanish Colonial and the 20th Century. The juxtaposition of civilizations was revealed in the slides used to illustrate his talk.

Mr. Bielefeld started his travels as the only passenger on a banana boat going through the canal toward Quito, which he related is twice as high as Denver and described as one of the best preserved Spanish Colonial cities in South America.

From Quito, he proceeded to Peru, the home of many civilizations but remembered mostly for the Incas, the last to appear on the scene. The Inca people have never been surpassed in the art of agriculture, the speaker related as he described slides of Inca terraces. Mr. Bielefeld reported, was his ride up the Andes on the highest standard gauge railway in the world. This railway was built in Peru 75 years ago by an American, he told his audience, and the engine and cars can get up and over 16,000 feet of mountains only by means of switchbacks.

On through Chile and its lush valleys, Mr. Bielefeld headed through the Straits of Magellan up to Argentina and Uruguay and to Brazil, "with its beautiful beaches and resort areas, its fabulous seaside sidewalks and terrifying cable car ride that several years ago kept passengers high in the air for 18 hours when "one of the cables broke."

The talk ended with a slide of Brazil's famous statue of Christ and expression by Mr. Bielefeld of a hope that he had given some of the club members a desire to see South America in person. The speaker was introduced by Mrs. Henry Frahm.

The business meeting, presided over by Mrs. Forrest P. Dexter, Jr., included three annual reports: Treasurer's, given by Mrs. William T. Collins, auditing committee's, by Mrs. S. Thomas Hall, and the banquet's by Mrs. H. W. Laughlin.

Mrs. Roy Tipton, chairman of the ways and means committee, reported total receipts of the book sale as $1,117.24, and it was decided to hold another sale in 1957.

Mrs. William Barnhart, chairman of the Christmas supper committee, announced that this affair will be held December 10.

Mrs. Howard J. McAteer introduced the following new members: Mrs. Fred Shepard, Mrs. William J. Klapproth, Jr., Miss Lynn Marino, Miss Nancy Tipton, Mrs. R. W. Mussett, Mrs. George H. Hines, Mrs. David C. Dieterich, Mrs. John P. Hands, Mrs. Martin J. McHugh, Mrs. Joseph E. Hawkins, Jr., Mrs. Russell Huckell, Mrs. Vincent F. Sarnowski, Mrs. Nathan Rodstein, Mrs. J. D. Prior, Mrs. Howard C. Mask and Bauble Dance Features Wonderland Motif

Two Miles of Railroad Taxes:

$1,870,000 A Year!

A two-mile surface stretch of New Jersey railroad may easily the most heavily taxed in the world. Beginning at the Hudson River waterfront, across from downtown Manhattan, these two miles of railroad, including adjacent terminal facilities, in 1955 paid taxes amounting to $1,870,000!

Recently a portion of the New Jersey Turnpike extension from Newark to the Holland Tunnel was placed in service. It is immediately adjacent to these two miles of railroad. The cost of the highway construction averaged 14½ million dollars per mile for the benefit of highway transportation, including the railroad's principal competitors. The financing for this facility was tax free; the investment is tax free and the income is tax free. The adjacent railroad, with an assessment of approximately the same as the cost of the Turnpike, is paying state taxes at the rate of $935,000 per mile of road each year.

While the railroad has terminal facilities within these two miles, the taxes are vastly higher than those on comparable railroad property anywhere else in the nation. In fact, the assessment on some of the land within the two-mile stretch is as much as $56,000 an acre!

Here is another dramatic case demonstrating the discriminatory and archaic tax system faced every day by your New Jersey railroads — a system which compels your railroads to pay the highest railroad taxes of any state in the union, five times the national average!

Today, the New Jersey railroad industry pays out an average of $1.67 in New Jersey taxes for every dollar earned in the state—the earned dollar and 67 cents besides.

Such disproportionate taxes on your railroads are also, and more importantly, a tax on your future.

You can help New Jersey progress—by being a well-informed citizen and speaking your mind on what needs to be done to get tax fair play in New Jersey. You'll find the facts in "FACTS ON TRACKS." Just write: Railroad Information Bureau, 21 Commerce Street, Newark 2, N. J.

First Aiders Plan Election December 3

Nominating committee of the First Aid Squad has been instructed to hold a meeting to select another nominee to head the slate of officers to be voted upon at the December 3 meeting, it was announced this week by Walter M. Cooper, president. Health Officer William P. Smith, who suffered a fatal heart attack last Wednesday, had been nominated for the presidency two days before his death.

Others on the slate presented by the nominating committee last week are: Vice-president, Edward Rouvel; recording secretary, Hugo Staiger; corresponding secretary, Mrs. Albert A. Bendlin; treasurer, Harris Warner; historian, Michael Colaneri; trustee for three years, Mr. Cooper.

Also, captain, Mr. Bendlin; first lieutenant, Dominick Colaneri; second lieutenant, Frank Heick; master sergeant, John Colaneri.

This slate will remain the same, Mr. Cooper said, unless the one elected to replace Mr. Smith as nominee for president happens to be one of those suggested for another office above, in which case there would have to be another nomination also for that particular office.

Mr. Cooper said the election is being held at the December 3 meeting instead of in January as in the past in order to tie in with the program of the State First Aid Council.

Applications are still open for squad membership, the president reported. Applicants should be between the ages of 18 and 65.

Permission was granted the Homemaker Service, Inc., of 10 North Union avenue, to use the squad's headquarters building for a Rutgers University extension course for training of women who will do light cleaning, cooking and marketing for families where there is illness.

It was reported that the ambulances traveled 650 miles in answering 44 calls during October.

VFW Dinner December 8

Plans are being completed by Harrell Rodney Fisher Post, 2215, Veterans of Foreign Wars, for a dinner at 7 p.m., on December 8, proceeds of which will help support activities of the post's annual Christmas party for local children. Past Commander Rodney S. Fisher is chairman of the committee.

Members of the post and its Ladies' Auxiliary met at a hallowe'en party arranged for children at the Menlo Park Diagnostic Center.

A delegation from the post took part in the Veteran's Day observances at the War Memorial on Monday, and the post's rifle squad and color guard and the women's drill team also participated in the Veterans' Day parade in Newark.

Accepted as new members at a recent meeting were Samuel Marshall of Newark, John Trocchi of Jersey City, Joseph Loeffler of Keyport and Earl Barker of Roselle.

Plans were discussed for a waste paper drive on December 1 and 2. A donation was voted for the Cranford United Fund. Commander John Fagan presided.

Roosevelt Book Fair Opens Friday

Students have discovered that those who do best in school, business and the professions have one thing in common, a good vocabulary—and the answer lies simply in home reading, beginning the earlier the better."

That statement was made today by Mrs. Harold Grayce and Mrs. Dale Gangaware, co-chairmen, in calling attention to the Roosevelt Book Fair, a project this year of the Roosevelt Parent-Teacher Association, to be held at Roosevelt School from 3 to 5 p.m. tomorrow and from 10 a.m. to 5 p.m. on Saturday.

"The reading habits of children are today a vital step in the overall development of our future citizens," the co-chairmen continued. "There is so much questionable reading material exposed to our young folk that we are all duty bound to try to combat this trend by furnishing good books for better reading habits."

"Can you tell me what is a rutabagas?" Mrs. L. P. inquires.

Because they look similar to turnips and usually have yellow flesh, rutabagas are often misnamed. Actually, they are a cross between turnips and some form of cabbage. A century and a half ago in this country they were known as "turnip-rooted cabbage." Botanically speaking, they are members of the cabbage family and are related to kales, cauliflower, Brussels sprouts, collards and broccoli, as well as turnips.

Part of the confusion over rutabagas comes from the fact that most true turnips marketed in this country are white fleshed, while most rutabagas have yellow flesh. This leads to the impression that a rutabaga is just another name for a yellow turnip. However, there is a real yellow turnip and for that matter, there are white rutabagas.

Will you give me a good Spanish rice recipe, Mrs. A. M. asks.

There are many different versions; my favorite uses crisp, chopped bacon, but some folks prefer browned, ground chopped beef. Spanish rice is quite good without any meat at all as a main dish supplement or luncheon dish.

SPANISH RICE
2 tablespoons finely chopped onion
2 tablespoons chopped green pepper
2 tablespoons coarsely chopped celery
1 tablespoon cooking fat or oil
1-½ cups cooked rice
2 cups canned tomatoes
¾ teaspoon salt
1 teaspoon sugar
1/8 teaspoon Worcestershire sauce

Lightly brown the onion, green pepper, and celery in the fat or oil. Add rice, tomatoes, salt, sugar, and Worcestershire sauce. Simmer until thick. If desired, cooked ground or chopped meat or crisp chopped bacon may be added to the Spanish rice. Six servings.

"Can I wax my asphalt tile floor in the basement?" asks Mrs. H. D. Yes, if you are sure to use a water soluble self-polishing wax.

Two questions look to Thanksgiving.

"Can I stuff my turkey the day before I roast it?" Mrs. D. G. asks.

"What can I do to make the turkey easier for my husband to carve?" Mrs. E. J. inquires.

It's safer, from the standpoint of preventing any possible bacterial development not to stuff the turkey until a short time before roasting. To save time on the big day, you can have the turkey all washed and ready to stuff and bake and the stuffing all ready to place in the bird. Pinfeathering the bird and getting the stuffing ready ahead are the two time consuming tasks.

Turkey or any poultry will carve more easily if it has stood a few minutes after coming out of the oven. The flesh of a steaming hot bird is apt to tear and not slice evenly until it has stood a few minutes. Gravy is usually served, especially if there is dressing, and this can never be too hot.

"Can I use my washing machine to starch clothes?" Mrs. H. M. wants to know.

The answer is, "yes." In fact, Mrs. Doris Anderson, our Extension Home Management Specialist says, "Using a washing machine for starching gives excellent results. The starch will be worked evenly and the excess removed far better than by hand squeezing and wringing." These are the directions; prepare your starch according to instructions on the label of the package. Wash and rinse as usual. In an automatic, complete the entire cycle. In a non-automatic, put the pieces through the wringer, then separate those you want to starch from the rest of the load.

For a front opening automatic, turn control to final deep rinse after pieces to be starched are in machine but fill to desired level before adding the starch solution.

With a top loading automatic fill about half full of warm water and add the starch. Then put the articles into the starch solution and let the dial be jumble or agitate for two or three minutes. Then set on spin. When the machine stops, the articles are ready for drying.

Meeting to Be Called On Teachers' Salaries

GARWOOD — As of yesterday, no announcement had been made as to the date for a meeting requested by the Garwood Teachers' Association in a letter to the Board of Education in which the association asked that "all teachers be placed on the same guide, according to step, on the Regional High School guide."

It was learned however, that Oliver W. Davis, president of the board, had given assurance to Fred White, association president, that a meeting to discuss the matter would be arranged in the near future.

The association's letter was not included among communications read at the regular meeting of the board of Education in Franklin School Monday night, but it is understood that the letter had been received and referred to committee.

Warren J. Binns, Jr., chairman of the educational committee, remarked during the board session that the committee was to meet with the public relations committee of the Teachers' Association, but no date for such meeting was mentioned.

Mr. Davis was quoted following Monday's meeting as declaring that the board would not get involved in a "bidding war" over the salary scale of its teachers and that the board will determine what increments it can give the teachers after it studies the request.

Ask Survey On Route 28 Speed Limit

GARWOOD — The State Highway Department will be requested by Garwood to review a recent ruling increasing the speed limit on North avenue from 25 miles an hour to 30 miles an hour in the borough.

This was decided at a meeting of the Borough Council last Friday night with Borough Clerk A. Robert Schmidt, Mrs. James Appeldoorn, Mrs. Elliot Humm, Mrs. Robert Davison, Mrs. J. S. Clarke, Mrs. Edwin Aaron, Mrs. Marvin Ostro and Mrs. H. W. Hildebrant.

It was pointed out at the meeting of the Borough Council that the speed limit was increased from 25 miles an hour to 30 miles an hour on North avenue from the Cranford line to the state body asking that a survey be made on the entire avenue.

Councilman Edward S. Tripka in a recent discussion of the matter declared that Garwood is discriminated against in the ruling setting a limit of 25 miles an hour here in Route 28 as compared with a 30 mile limit on the same highway in adjacent communities.

It was pointed out that children on the south side of town have to cross that highway in getting to and from Lincoln, Franklin and Jane's Schools.

Democratic members of the council challenged the ruling of Republican councilman, Mayor-Elect Edward H. Tiller, to name specific industries in connection with recent remarks by him to the effect that industries were planning to leave the borough because of high assessments.

Councilman Tiller remarked that he did not care to discuss campaign issues at a council meeting.

"You saw fit to after the election in 1953 when you questioned me and I gave you answers," Council President Lewis M. Hoss replied.

Councilman Tiller recently had reported complaints from local industries "about the sharp increases in personal taxes which came without warning be-

PTA, Schools Join Tonight In Education Week Program

GARWOOD — In connection with the observance of American Education Week this week, local schools have arranged a special program to coincide with the regular meeting of the Parent-Teacher Association in Lincoln School tonight.

Parents will visit the classrooms of their children, where the teachers will explain their individual programs and answer questions. All teachers will be in Lincoln and Franklin Schools, as Washington School will not be open for the project.

Eighth grade parents will meet with Mrs. Myrtis Christie, guidance director, and Teaching Principal Louis A. Dughi for a discussion of the guidance program. The parents will be given suggestions on how they can assist their children in choosing suitable courses of study for high school.

Superintendent of Schools Lewis F. Laird also issued an invitation to all parents to visit their children's classes in the local schools and see them at work during American Education Week.

The visits with teachers in the classrooms tonight will be followed by a PTA business session conducted by Mrs. Joseph Leonard, president, in the auditorium of Lincoln School at 9 p.m. After the meeting there will be refreshments prepared and served by the high school mothers' group, under direction of Mrs. Raymond Burger, of the Franklin School cafeteria staff.

At a meeting of the PTA executive board last Thursday night, [illegible] Coheen was named to succeed Mrs. Dorothy Reimer, who resigned as publicity chairman. A committee headed by Mrs. Leonard will provide drapes for the teachers' room in Washington School.

PAL Dance Well Attended By Teenagers

GARWOOD—Third annual teenage dance held by the Police Athletic League in the Cranwood last Saturday night attracted more than 300 young people and proved to be "a great success," it was reported today by Capt. Thomas J. Colwell, Lt. James Lesak, Sr., and Patrolman Carmine Cusmano, who were in charge of arrangements for the affair.

In addition to music provided by Bud Little and his orchestra, and the Ronald Jozef of Cranford, American Federation of Musicians, there were several selections by students from Arthur L. Johnson Regional High School, Clark who brought their instruments with them.

Accordion numbers were played by James Lesak, Jr., of Garwood, and Ronald Jozef of Cranford, while Peter Siragusa of Garwood played the guitar and William Kennedy of Clark was at the drums.

Refreshments provided free of charge by PAL included hot dogs [illegible] proprietor of the Cranwood donated the use of the hall for the affair and said that it will be available in the future for any such PAL affairs for local young people.

Among adults assisting at the dance were Mrs. James Guerriero, Mrs. Joseph Peluso, Mrs. Mildred Wrhel, Mrs. Donald Legg, Mrs. Joseph Mayer, Mrs. Peter Norkunas, Mrs. John Gudowski and William Melka.

Salary Guide Gives Raises Up to $400

KENILWORTH — A new teachers' salary guide, which gives increases of from $200 to $400 at various educational and experience levels, was adopted by the Board of Education Monday night.

Increments are stepped up under the new guide from $150 to $200 annually. Also, Superintendent of School Edwin W. Kraus pointed out, the number of annual steps to reach maximum salary has been increased from 16 to 14.

Salvatore Cirillo, board representative to the County Association of Boards of Education, said other representatives at a recent meeting told him Kenilworth was the first school system in the county to reach agreement with teachers on a 1957-58 salary guide.

Agreement of the Teachers' Association was obtained several weeks ago, Mr. Cirillo stated.

The new guide provides for the following first-step salaries: Non-degree, $3,500; bachelor's degree, $3,800; master's degree, $4,100, and Ph.D., $4,400.

Non-degree teachers reach the top rate after 13 years, when they make $5,900. Other categories are at the top after 14 years as follows: Bachelor's degree, $6,700, and Ph.D., $7,000.

A letter was read from the Teachers' Association, thanking the board for the new guide and call-

Costa Leaves For Coast

KENILWORTH—Frankie Costa of 463 Washington avenue, Kenilworth's contribution to the race horse-plotting trade, has announced that this year he will forsake Florida tracks in favor of those on the West Coast. He left Saturday for California.

The diminutive jockey said that he's been promised three of four mounts a day by his California agent if he goes to the coast. He has been spending the past three winter seasons in Florida.

In California, Costa will be joined after the New Year by his eastern agent and adviser, Frank Collechio of Clark. Costa credits much of his riding success to Collechio's guidance.

At Jamaica Costa recently won a $36 mutual, completing a daily double of $458 on Codomo. Last Thursday, Frankie booted Robert W. for a $10 payoff, completing a $70 double.

Last summer, the Kenilworth rider clicked off two victories at Saratoga.

Frankie returned to action this year after a serious shinbone injury he suffered in 1954 forced his withdrawal from competition for two years.

State Revokes License

KENILWORTH — Charles F. Stevens, 18, of 275 Michigan avenue, is among 78 motorists who had their driver's licenses revoked today under the Point System. The local resident lost his license for four months for speeding, two passed red lights and two careless driving charges.

Capt. Stupak Named Chief; Council to Probe Smoke

KENILWORTH — Capt. Edward Stupak, a member of the police department since 1930, was advanced to chief of police Tuesday night by Mayor Walter E. Boright and Borough Council.

Chief Stupak has been serving as acting chief since Chief George D. Conklin went on terminal leave in July. Chief Conklin's retirement took effect October 1. Chief Stupak's appointment became effective immediately.

In announcing the appointment, Mayor Boright commended Chief Stupak as "a loyal and diligent servant of the borough."

Born in Austria-Hungary, Chief Stupak was brought to this country at the age of 6. He has lived in Kenilworth since 1922 and is a 1924 graduate of Roselle Park High School. He has been a member of Local 27, PBA, throughout the 26 years he has been on the force.

Chief Stupak began as a patrolman in 1930 and was advanced to sergeant in 1945. He was appointed captain in 1950. He is a graduate of the New Jersey State Police Academy and has attended various schools of police administration.

There were only three men in the department when Chief Stupak was appointed — Chief Conklin, the late Lt. Andrew Rzecznky and himself. There are now 12 full-time men.

The chief is a communicant of St. Theresa's Church, a charter member of the Optimists Club and a member of the Epworth Social and Athletic Club, Roselle Park. He is married to the former Miss Claude Mayo and the couple has two children, John, 11, and Ruth, 16.

A vacancy in the rank of captain is created by the appointment. Sgt. Thomas Neville, who has been acting captain during the tenure of Captain Stupak as acting chief, and Sgt. Charles Lahmann are the possibilities for the position.

A letter from the National Tool and Manufacturing Company read during the meeting, offered a chain of comments and action. In its letter, the company complained that a [illegible] had not given its side of a recent court action in which the firm was fined $25 in addition of the borough smoke ordinance.

Mayor Boright commented that he has noticed fumes from the plant and that it "behooves the company to get rid of fumes and

More than 200 boys and girls are registered for bowling in two girls' and two boys' leagues, Mr. Soltis stated. About 185 have participated in the first three weeks of preseason practice, he added.

Mayor Walter E. Boright before Tuesday night's Borough Council meeting issued a proclamation declaring this week to be Optimist Week in Kenilworth.

The Optimists, a new group in the community, are dedicated to helping youth. Besides running the bowling league, they honor an outstanding boy or girl each month as the "youth of the month."

William C. Tehan is president of the club and Edward Sutherland is publicity chairman.

Scout Troop Men Learn

KENILWORTH — Boy Scout Troop 82 of Community Methodist Church was represented at Camp Winnebago, Marcella, last week-end as eight junior leaders attended the Junior Leaders' Course conducted by Union Council.

"The course consisted of Patrol Leaders' Council, axemanship, compass and mapping, games and songs, first aid, conservation, fire-building, patrol leadership, patrol meetings and activities, camp fires, and camp and campsite inspection," Scoutmaster Jerry Ing said. The purpose of the course was to enable the leaders to teach their own patrols these methods.

Winter had covered the ground with snow on their arrival at camp, but nevertheless, the boys cooked all their meals on an open fire out of doors. The boys attending were:

Church Members to View Education Unit Drawings

KENILWORTH — Architect's drawings of the new educational unit to be constructed by the Community Methodist Church of Kenilworth will be reviewed at a fellowship supper and congregational meeting this Sunday evening.

The pot luck supper will be served at 6:15 and will be open without charge to the families, adults and children of the parish. Each family that attends is asked to bring a family size covered dish of hot or cold food.

The committee in charge of arrangements will provide coffee, tea and milk. Beginning promptly at 7:30, the congregational meeting will be open to all members and constituents of the church.

By the use of slides, blueprints and mimeographed reports the story of the educational building program will be told. For the first time drawings of the addition will be shown, including elevation sketches of the exterior and detailed floor plans. These will be explained by Adolf Paterson, chairman of the Board of Trustees. Full opportunity for discussion will be given.

Harry Van Horn, chairman of the executive committee of the Educational Building Fund, will analyze the present status of the congregation's financial support of the project and will answer questions having to do with pledges.

Following the presentation of the building program, the Rev. John R. Dexheimer, pastor, will outline for the congregation a four-year program of church work which has been suggested by the New York Area of the Methodist Church and by the Newark Annual Conference, in both of which the Kenilworth church is located. Ways and means will be talked over whereby this program can be implemented locally.

At 11 o'clock Sunday morning, Rev. Mr. Dexheimer will preach on the subject, "A Curious Way of Giving Thanks." It will be a Thanksgiving Sunday sermon, and the service, including the hymns and the anthem by the Methodist Choir, will be in keeping with the theme. The Rev. Nishan Nalarian will assist in conducting the service. Mrs. William Bridges will be at the organ.

Students in the Sunday School will bring canned and dry food products to the 9:30 session of Sunday School, and the items they bring will be delivered to the Methodist Home for the Aged in Ocean Grove as a harvest home offering. Mrs. Robert De Rick and Mrs. Karl Planter, local church representatives of the Home, are in charge of this effort.

Next Wednesday, at 8 p.m., Rev. Dexheimer will conduct the church's annual Thanksgiving Eve Service. Feature of the service will be an old-fashioned hymn sing with members of the congregation requesting their favorite hymns and all then joining in singing them. There will be no services on Thanksgiving Day.

Slain Missionary's Widow Speaks Tonight at Chapel

KENILWORTH—The story of the martyrdom of five American missionaries at the hands of hostile Indians in Ecuador last January will be told by one of the widows at a service for women in Kenilworth Gospel Chapel tonight at 8 o'clock.

Mrs. Olive Fleming, widow of Peter Fleming, will show colored slides of the country, the mission stations and the Auca Indians. In two weeks she will accompany Mrs. T. Edward McCully, another widow, and her three young sons back to Ecuador, where Mrs. McCully will maintain a home for the children of missionaries. Mrs. Fleming's plans for future service are still uncertain.

ing it "a big step toward our goal of equalization with the Regional High School guide."

The new salaries become effective July 1, 1957 and continue until June 30, 1958.

Mrs. Helen Arthur, board secretary, was authorized to again write Borough Council and request a conference on borough-owned land behind the schools. The board this long sought six acres for playground use.

Mrs. Sylvia Pico of Clifton was engaged as a sixth grade teacher at a salary of $3,750. She is now teaching in Nutley. Mrs. Pico will replace Mrs. Barbara Martin of Woodbridge, whose resignation was accepted, effective December 31.

Mayor Boright paid homage to Mr. Truesdell as a loyal public servant who had contributed many extra hours to his duties. Mr. Truesdell was first appointed in January, 1948.

Included in Chief Stupak's report for October was the statement that Halloween had been characterized by a "lack of malicious mischief" in the borough. The mayor praised the department and civic organizations for activities in preventing hoodlumism.

The W. D. Snyder & Sons Company, Kenilworth, was given the contract for erection of an addition to the Borough Garage, at Sheridan avenue and 15th street. Its bid of $7,897 was low among four.

Commenting on another letter from the Board of Education requesting a meeting concerning the board's desire for additional land adjoining the borough schools, Mayor Boright said the Regional Board of Education "made part of the same land.

"I wouldn't want to jeopardize Kenilworth's chances for a high school by granting this land to the local board without due consideration," the mayor said.

Councilman Hart announced that he will introduce new fire and building code ordinances at the next meeting, November 27. He said they will make "long overdue" changes in regulations.

KENILWORTH—Frank Kerrigan, vice-president of the Summit National Bank and Trust Company, will address a meeting of the Home Owners Mutual Benefit and Civic Association at 8 p.m. Monday in Holy Name Hall, Washington avenue and 21st street.

C. Joseph Aragona, publicity chairman for the group, said Mr. Kerrigan has been given "equal time" to reply to charges made at an earlier Home Owners meeting by representatives of the City Federal Savings and Loan Association.

The City Federal officials told the Home Owners there is not enough present or potential business in Kenilworth to support two financial institutions here. The Summit bank has applied for a Federal charter for a branch in the borough, now served only by a City Federal branch.

3 Girl Scouts Tell of Trip Experiences

KENILWORTH — Three senior Girl Scouts told of trips to Washington and Canada made by their troop at the monthly meeting of the Kenilworth Girl Scout Leaders' Association Monday evening in Community Methodist Church.

Connie Bergstrom told how the troop had worked to earn funds for the trip and discussed the Washington excursion. Kathryn Leikauskas showed films taken on the trip by the leader, Mrs. Adolph Leikauskas.

The troop's second trip to Canada was outlined by Marilyn Goldreks, after which movies were shown of this journey.

All leaders and assistants have received invitations to the Early Scout Award program at 8 o'clock tomorrow night in St. Theresa's Hall in honor of Barry Roth, first Boy Scout of Troop 83 to receive the highest award in scouting.

Plans were started for Christmas caroling on Friday evening, December 21. Mothers and fathers of Girl Scouts as well as others interested persons are invited to join the group, it was announced.

After the caroling, refreshments will be served in the Veterans' Hall by Troops 57 and 88.

Councilmen Ernest Vardalis and Raymond Blydenberg echoed the mayor's statements. Councilman Kenneth Hart said "many other companies" are also violating ordinances and suggested that the State health department be brought in for a study of borough air pollution.

Councilman Dallas Neville, speaking for residents living near the National Tool plant, complained of a pile of scrap wood and plastic shavings in the plant yard. He said this material furnished a refuge for rats seen in the neighborhood.

Mr. Neville referred to a petition recently presented to council on the matter and council's warning that the company should clean up the refuse or face legal action.

Counsel referred the problem to Borough Attorney Earl Pollack and the Board of Health to determine just what action may be taken.

Borough Engineer Thomas Trunzon, Jr., submitted his resignation, because of the press of other activities, and it was accepted with regret. The resignation is effective December 31.

Mayor Boright paid homage to Mr. Trunzon as a loyal public servant who had contributed many extra hours to his duties. Mr. Trunzon was first appointed in January, 1948.

Included in Chief Stupak's report for October was the statement that Halloween had been characterized by a "lack of malicious mischief" in the borough. The mayor praised the department and civic organizations for activities in preventing hoodlumism.

Christmas Comes Early for DAR Unit

Christmas came early Tuesday afternoon for members of the regular monthly meeting of the Crane's Ford Chapter, Daughters of the American Revolution, at the home of Mrs. John J. Barbato, 24 Dartmouth road, when members brought prettily wrapped gifts for a student at the Chapter's sponsored school at Crossnore, N. C.

Mrs. Thomas L. Brennan, regent, presided and Mrs. L. G. Putscher, registrar, presented Mrs. F. Gordon Leech of 108 Lathrop place as a new member, bringing the total roster to 82.

Plans for the annual Christmas dinner were advanced by Mrs. William N. Boyd, chairman. The dinner will be held at the home of Mrs. G. W. Trumpore, 37 Munsee drive, in December. A new flag was ordered purchased to accompany the pole to be presented to Historical Museum.

In the absence of Mrs. E. Dunreuen, vice regent, Mrs. A. H. Caswell introduced the speaker, William S. Schaefer, of Westfield, a past president of the Sons of the American Revolution, who spoke on "Our Constitution as Envisaged by the Founding Fathers."

Starting with the introduction of "We, the people," Mr. Schaefer stated that the ideals and principles of the framers, while not always in agreement on interpretation of broad clauses, such as "General Welfare," which has become a circus playground for Communists and Left Wingers, were so far-reaching as to encompass events unheard of, unforeseen, and unwanted at that time.

"The founders," he said, "met to deliberate not as representatives of vital, self-ambitious states, but individual persons to draw up a series of compromises as a guide rule for living as people under a democratic form of government, never once referred to as a Republic. The framers were all Republicans, as we know them today, but were dedicated to democratic principles in the sense of forming a democracy."

Many provisions originally discussed by our founding fathers had no negative action, such as the election of the President from and by the members of the House, rather than the Electoral College, to serve only one term for a period of six years. North and South disagreed upon the inclusion of the Bill of Rights.

Getting down to present day administration and interpretation of the Constitution, Mr. Schaefer stated that a current Supreme Court decision declaring illegal only the state laws of 42 states (referring to the Steve Nelson decision) was a direct reversal of original intention, and the acceptance and reinstatement of a Fifth Amendment, leading to full recognition and back pay since dismissal was constituted upon the say of political pointers in the Supreme Court, rather than by the decision of a jury of a constitutional scholar, student, or lawmaker.

The 16th and 18th Amendments to the Constitution are "the direct opposites of the framers' original intention, Mr. Schaefer stated. The superconference of our top level United Nations' decision and practices could never have been imagined by any interpretation of the "Preamble" of the Constitution, which were signed agreements with foreign countries.

Mr. Schaefer urged investigation and action on all legislation, to include connections and affiliations with proposers, lobbyists, and promoters.

After the conclusion of Mr. Schafer's speech, Mrs. N. V. Carlson received awards for contributing twenty-five years of service with the company. Two employees received 40-year awards.

Mrs. Chester Cortright, Garden Club, which was started in 1945, has more than 6,900 members in the United States and Canada, or about one in every five employees.

Miller Honored For 50 Years With Borden Co.

An additional eighteen employees from Borden's national headquarters received awards for twenty-five years of service.

Mr. Miller received a gold watch and was lauded by Comfort, Mrs. H. C. Nielsen, Mrs. R. G. Reimer and Mrs. Banker.

Cougars Edge Blue Raiders To Win Conference Crown

The first Watchung Conference football championship became the property of Cranford High School Saturday at Scotch Plains as the Cougars managed to stave off a last half drive by the Blue Raiders to win, 14-13.

An anxious crowd of about 1,200 watched the battle, in which Cranford held a 14-0 lead at half-time, only to see it diminished to almost nothing by the time the clock mercifully ran out with the Cougars in again driving deep into CHS territory.

CHS still got some breaks in the second half, stopping one gallop threat as Eric Tarver intercepted a pass after it bounced off the back of Rich Fruhbeis and a location 2 blocks from school and transportation. Price is fair. The listing we recommend to you

Cranford's first touchdown was scored on a pass from Ron Maloney to Mick Taliaferro in the first period. Maloney ran the second time over for the Cougars in the second quarter and Taliaferro scored on an aerial from Jim Swackhamer for the third in the third period.

The team's performance is a real feather in the cap of Coach Malsimino, New on the faculty this year, Mr. Masalmino was in his coaching job. He will handle junior varsity basketball this winter.

The Jayvee football record shows victories over Linden, Hillside, Roselle and Roselle Park as well as Scotch Plains. The losses were administered by Millburn, North Plainfield and Rahway.

Jayvees Nip Plains, 19-18 Finish Successful Season

The Cranford High School junior varsity football team ended its season by snatching the one-point victory of the varsity, defeating Scotch Plains, 19-18, Monday at Memorial Field.

Coach Rollie Masimino's charges thus completed a successful year, scoring five wins against three losses.

It was the fourth straight win for the Jayvees, including victories over two previously undefeated elevens—Roselle and Roselle Park.

The Cougars took the opening kickoff and drove 69 yards for their first score of the game as Jerry Zulick gave it his all and drove five yards around right end for a fourth down to score. Dave Pelt plunged over for the extra point.

Late in the second period, the Blue and Gold had the ball again and drove 91 yards for its second TD. The drive was led by Zulick, who picked up 36 yards, and Tarver, who added 69 yards to the cause in one tremendous run. Tarver fought across for the touchdown and Ward again scored the conversion.

The second half was almost exactly like the first, with Cranford and Scotch Plains took the opening kickoff and marched 80 yards to a TD by Dave Hanan. Chambliss kicked the extra point.

Late in the fourth quarter, CHS got out to the 37 and on the Scotch Plains quarterback Ken Iuso passed to John Miley who went all the way for the Blue Raiders. This time Chamblis' kick was wide.

The game ended as the Plainsmen were driving toward the CHS goal again.

This was the third triumph in a row for Cranford and marked its sixth win of the season. Scotch Plains absorbed its fourth straight defeat.

William & Mary Team Rutgers' Foe Saturday

With its football fortunes on a definite upswing, Rutgers will be host to its sister colonial institution, the College of William and Mary, Saturday in New Brunswick in another battle of the style wing versus the T.

Early this season, when the Scarlet Knights were in the learning stages of the single wing offense, Rutgers adherents were subjected to several weeks of "suffering."

But starting with the Boston College game, a n d carrying through Lehigh and Lafayette the performances of the Queensmen have been encouraging.

With the first two Rutgers teams composed primarily of underclassmen, the current improvement in play not only has brought about a resurgence of interest in the 1956 squad, but also has given encouragement for successes in the future.

Booters Drop Final Game To Chatham

Coach Nicholas Sferrazza's Cranford High School soccer team wound up its season Tuesday, suffering a bad, 4-0, trouncing at the hands of Chatham at Memorial Field.

Chatham had been undefeated until recently, when it lost its first game in a long period. The team was "up" for its convincing win over Cranford and got it.

The Cougars were playing without two of their starting mates, Jim Di Clerico, center forward, who was hurt against Jamesburg, and co-captain Bob Albert, center halfback, who was hurt early in the second Linden game.

Both teams played hard, rough soccer, Chatham had a lead statistically in regard to shots at the goal. CHS goalie Jim Rice played his usual tremendous game as he saved many would-be Chatham goals.

This was the 11th loss for the booters this year. They tied one with Union, 3-3, and won one against Linden, 4-1. The victory was the first soccer win for CHS in three years and will be remembered for some time by all on the team.

The Union tie was a real heartbreaker, as the referee declared that two CHS goals were not goals. The Cougars later lost to teams that had been romped over by Union.

Falcons Set Pin Record

The Falcons, piloted by Stan Kuller, set a new three-game high record in the Temple Beth-El League Sunday at Echo Lanes as they scattered the pins for a 1,095 series.

The new second-best series mark of 1,071 was set by the Strikers, under Captain Bob Feinswog. Sunday's action also saw the Zingers drop to fourth place with a tie for third and fourth places with a 1,082 series.

Cranford Now Holds Three Watchung Titles

With its 14-13 win Saturday over Scotch Plains High School, the Cranford High football team rallied down the township school's third victory in the first year Watchung Conference competitions.

The Cougars take the Watchung basketball title last spring, defeating Scotch Plains, 103-63, in a playoff game after each compiled a 5-1 record in regular conference games.

Cranford also won the first conference track meet last spring, scoring 70 2/5 points to 42 7/10 for runner-up Hillside. Scotch Plains was third with 40 9/10. Roselle finished last.

Roselle Park took the conference baseball crown, Cranford tying for second with a 3-3 mark. The Cougars won their final three conference games in a row to offset loss of their first three to finish the season with the even record.

The conference this winter will be further expanded to include wrestling and possibly golf.

All Watchung Conference football contests are new history except the Roselle-Roselle Park Thanksgiving Day game. Outcome of this contest, however, cannot possibly affect the title, since both schools have mediocre records.

Denny Luker College Star

Denny Luker of 119 Alden street, a sophomore playing his first game as a starter for the University of Delaware, led his teammates to a 22-0 victory over Rutgers, University of New Jersey Saturday.

Denny, son of Mr. and Mrs. Finis Luker, scored one touchdown and set up another with a 42-yard run.

A 1954 graduate of Cranford High School, Luker moved here in the winter of 1953-54 from Plymouth, Mich., where he was a member of a championship high school team. He was named All-State right halfback.

A brother, Ken, is a junior at Cranford High. He was an outstanding player on last year's Jayvee eleven but did not go out for football this season. Also a halfback, he is expected to be a strong addition to the varsity squad next fall, when he will be a senior.

Denny's sparkling play for Delaware did not begin last weekend. In a recent game against the Bainbridge Navy team, he intercepted a Navy pass on his own goal which stopped a Commodore drive that had covered 82 yards. It prevented a score and assured victory for the Blue Hens.

For this key interception, Luker was cited by the Eastern College Athletic Conference as having made one of the plays of the week.

Eagle Award Presented to Three

Over 200 people witnessed the presentation of the Eagle Scout badge, scouting's highest award, to Rodger Kopf, 15, of 339 Retford avenue, a Member of Boy Scout Troop 75, and Arthur Cyphers, 14, of 107 Retford avenue, and Harold Sjursen, 14, of 43 Burnside avenue, members of Explorer Post 75, at an Indian ceremony in the auditorium of Cranford Methodist Church last Thursday night.

Douglas A. Summerton, Western District field executive, officially called the District Court of Honor into session. Harlon Drew of Cranford, president of Union County Boy Scouts of America, led the candidates in the pledge of the Eagle.

Each of the candidates was made a blood brother with another Eagle Scout. Glenn Allinger, Robert Miller and Harold Shirer served as blood brothers, with Explorer Adviser Everett vonGernsdorff and Scoutmaster George Kopf conducting that portion of the ceremony.

Explorer Eugene Engel and Scouts Stephen H. Robert Plant, William DiTullio and Lex Stewart took part in the Indian ceremony outlining the steps a scout must take to achieve Eagle rank. Dr. Homer Hall, troop committee chairman, was the "Voice of the Eagle" who explained these steps.

Neighborhood Commissioner Carl Ward presented the badges to the new Eagle Scouts and in turn each boy presented a miniature pin to his mother.

George Freeman, chief executive of Union Council, spoke of the future expectations of the three boys. He paralleled these expectations by citing the experiences of three Eagle Scouts who exemplified true Americans.

In addition to the three blood brothers, the following Eagle Scouts were introduced: Carl Harbaugh, Alex Siebert, William Krippendorf, Peter Wright, Michael Spaulding, Robert Ramshaw and Douglas Tucker. The new assistant scoutmaster, Jack Olsen, also is an Eagle Scout.

Among the scouting notables present were District Commissioner Roy Irving, Assistant District Commissioners Earl Parfrath, Alfred Sherwood and Anton Sumac and Assistant District Advancement Chairman Carl Ingebolm. Scoutmaster M. H. McCrea, Jr., of Troop 83, Kenilworth, and Cubmaster Jack Warrington of Pack 75 also were honored guests.

The Indian tepee used in the ceremony was made and decorated by Richard LeDuc, assistant Explorer adviser.

The Court of Honor was declared closed by Mr. Summerton. Dr. Albert Allinger, pastor of Cranford Methodist Church, pronounced the benediction. Refreshments were served by the Mothers' Club of the troop.

Scout Rodger Kopf and Explorers Arthur Cyphers and Harold Sjursen (in that order, left to right) are shown in front of ceremonial tepee during District Court of Honor in which they received the Eagle Scout badge, scouting's highest award, at Cranford Methodist Church last Thursday night.
