faced with increases in taxes and this one is too much. We must effect further savings on salaries," Mayor Boright said. His remarks were followed by enthusiastic applause from the audience.

Mr. Smith answered this criticism with the statement that borough teachers are among the lowest paid in the county and will remain so even if the revised budget is adopted. "We must take steps to meet the tough competition for teachers in the metropolitan area," the board president declared.

The minimum salary here is in-[illegible] teachers are advanced to their proper place on the salary guide through the new budget's provisions, Mr. Smith said. Also, much of the increase is explained by compliance with new state law requiring recognition of each year's service in other systems with a full year's credit. In the past, Kenilworth had only given a half year's credit, Mr. Smith said.

When questioned by members of the audience, Mr. Smith agreed that all the teachers did not necessarily have to be brought up to their proper places on the salary scale in one year under the law. "We did this to straighten out our records and eliminate future headaches," he declared.

Charles de Grau, board vice-president, said that the board had owed teachers raises for many years and that the big jumps in some salaries this year merely represented teachers catching up with their proper salary position.

Another leading speaker for the residents was former Mayor Robert E. Kruger. He said the teachers were getting too much money and that the "propaganda" of their powerful organizations was responsible for the situation.

A number of persons expressed opposition to the $75,000 item for renovation of the Harding School auditorium. Carmine Orefice of 678 Richfield avenue, one of the spokesmen, asked that the new gymnasium under construction be turned into a combination auditorium-gym.

Mr. Smith answered that equipping of the gym with stage and chairs would be expensive and that it does not have the slanting floor necessary for a good auditorium.

The board lowered its budget after a conference with Mayor Boright and Borough Council, which expressed opposition to the original figure at its meeting last week.

School Election Next Wednesday; LWV Cites Past Apathy of Voters

Voters will go to the polls from 4 to 9 p.m. next Wednesday to select three new members of the Board of Education and rule on a school budget of $1,759,424, of which $1,200,146 must be raised by local taxation.

All five candidates have the endorsement of the Joint Civic Committee for Encouraging Candidates for the Board of Education. They are: Joseph C. Ayre, Edward Gill, Mrs. Bernard Kott, Leonard Moody and F. Edwin Winter.

Three incumbents whose terms run out this month are not seeking reelection. They are Mrs. Charles Redden, Joseph Kohn and Burton C. Belden.

There will be six polling districts. They are: Sherman School for voters living in Election Districts 1, 6 and 15; Lincoln School for districts 5, 11 and 13; Walnut Avenue School for districts 2, 10 and 14; Cleveland School for districts 4, 3 and 8; Cranford High School for districts 7, 16, and 17 and Roosevelt School for districts 9, 12 and 18.

The budget was adopted by the board January 24 after a quiet hearing attended by about 25 persons. The document represents an increase of $259,849 from the 1956-57 figure and will account for a rise of about 70 points in the municipal tax rate. The overall rate

"If the weather is just right and the mood strikes them, maybe 10 percent of Cranford's 12,718 voters will participate in the school board election on Wednesday," Mrs. Joseph E. Hawkins, Jr., voters' service chairman of the local League of Women Voters, remarked today.

"This is a shocking thing," Mrs Hawkins continued, "when you realize what a great influence the school board has on the future of our children, and that more than half of our Cranford tax money is spent at the recommendation of the school board members. It is even more distressing to note that many who will trouble to vote will not even notice the three questions

The flag was carried in the Civil War by Capt. Josiah S. Ricker, a relative, who served in the Northern Army. Born in 1825, the captain was married in 1855 and died in 1912.

Township Committee introduced and passed on first reading Tuesday night the 1957 municipal budget calling for the raising of $2,342,060.31 by taxes for municipal, school and county purposes and for the reserve for uncollected taxes.

This will necessitate a 34-point increase in the local tax rate to $7.09 per $100 assessed valuation. Public hearing is scheduled for March 5 at 8:30 p.m.

Finance Commissioner J. Howard McAteer, who moved for the passage of the budget, said the tax burden for each man, woman and child in Cranford this year for municipal, school and county purposes will be $102. His figures, he said, are based on an estimated population of 23,000.

Of the net amount to be raised by taxation, $536,889 will go for municipal purposes, $347,000 for county purposes, and $1,247,636 for school purposes. The latter figure represents one-half of the 1956-57 and one-half of the 1957-58 school requirements. Reserve for uncollected taxes is $210,785.

Commissioner McAteer gave the following analysis of each tax dollar to be collected this year: Municipal purposes, .23; school requirements, .53; county purposes, .15; and reserve for uncollected taxes, .09.

The total municipal budget of $2,947,060 will come from the following sources of each tax dollar: Local taxes, .79; miscellaneous reevnues, .11; and surplus cash appropriated, .10. This money will be spent as follows: Municipal purposes, .39; school requirements, .42; county purposes, .12; and reserve for uncollected taxes, .07.

The explanatory statement of the budget, which will be published in full in the Citizen and Chronicle on February 21, is as follows:

"The 1957 township budget for municipal purposes reflects an estimated 5 percent increase over the 1956 rate. Practically all of this increase is found in the following items over which we have no control: A $39,614 charge to township funds incurred in 1955 for a sewer, emergency appropriations of $12,500 arising out of operations in 1956 which must be provided in the present budget, an anticipated fire hydrant service charge increase of $8,570. In addition, salary increments to township personnel averaging 3 percent make up the balance of the increase."

The township has appropriated $275,000 of surplus revenue this year in an effort to keep the tax rate down as compared with $211,000 last year. The township anticipates miscellaneous revenues of $330,000 this year, an increase of $31,000 over this figure in 1956.

Of the net amount to be raised by taxation, school expenditures account for about $200,000 of the increase and county requirements make up $22,500. Municipal requirements are $4,465 less than in 1956.

Community Council Series To Consider Town Planning

Former Mayor Fred P. Andersen will be the principal speaker at the first in a series of meetings of the Cranford Community Council concerning the recent Town Planning Survey. The meeting is set for 8 p.m. next Thursday in the Township Rooms, it was announced today.

Robert M. Crane, president of the council, announced that all local clubs and organizations have been invited to send representatives and that the meeting also will be open to all residents.

Mr. Crane said that "it is hoped these exploratory and educational meetings will prove of value to Cranford, so intelligent decisions may be made as to the feasibility of the survey proposals."

"We feel the survey and its possible implications are of great importance to the future growth of Cranford," the council president stated.

There are tentative plans for subsequent meetings which will be discussed at next Thursday's session, Mr. Crane stated.

The business area study, printed in full in a special supplement of the Citizen and Chronicle's November 21 issue, was completed in October by Community Planning Associates, Inc., of Princeton.

The firm was engaged last June by the Township Committee to study the economic well-being of the business area and to make recommendations for its improvement.

Workshop Will Merge With Council

Members of the Cranford Community Workshop have voted to disband their organization and join the Cranford Community Council at the invitation of Robert M. Crane, Community Council president, it was announced today.

The action was taken at a meeting of the workshop last Thursday in Cranford Methodist Church called by Mrs. C. G. Albury, workshop chairman.

Mr. Crane, in an informal talk with workshop members, pointed out that the workshop and the council "seem to have identical interests and that there is actually a necessity for only one organization of this type in Cranford."

He suggested that it would be in the best interests of the community if the workshop joined its efforts with those of the council and became a part of it since the council is "an established organization with a substantial treasury."

An influx of new members and a new leadership would make the council a valuable contributor to the community once more, Mr. Crane stated.

The council president credited Kadimah Chapter, B'nai B'rith

Palsy Drive Begins Here

Distribution of workers' envelopes for the 1957 Golden Deed Crusade, the house-to-house canvass for funds for support of the cerebral palsy treatment center in Elizabeth, was begun here on Tuesday and is expected to be completed by tomorrow, Mrs. James F. O'Brien, Cranford chairman, reported.

Canvassers will wear identification badges when calling on their neighbors, Mrs. O'Brien related. She said it is expected that all collections will be completed by February 15.

Assistance in filling the workers' envelopes was given by Senior Girl Scouts under direction of Mrs. Robert Davison, Mrs. L. M. Fingerlin and Mrs. Thorlief Johnsen.

In addition to district captains listed last week, Mrs O'Brien named the following: Mrs. Carleton L. Ward, Mrs. Delano B. Ives, Mrs. Edward R. Morrison, Mrs. Frederick G. McCrea, Mrs. Henry M. Holland, Mrs. Julius Orgel and

Need for Larger Library Stressed in Director Report

Cranford's need for new quarters for its Free Public Library (also pointed up in last November's report by Community Planning Associates of Princeton) is stressed once again in the annual report of Library director Sarah F. Raddin to the board of trustees.

On this subject, Mrs. Raddin has the following to say:

"It is evident from our annual statistics that the Cranford Library is not serving the town as it should. Why isn't it? An institution operating in a building constructed to meet the needs of a population of 6,000 cannot possibly serve adequately a population of over 20,000. The present building has less than one-third of the minimum amount of floor space deemed adequate for a community of Cranford's size.

"How does the size of a building affect its service?

"First, and most important, lack of shelf and storage space means that the book stock cannot grow. When new books are added, others less in demand must be discarded. This often results in irreplaceable books of the past being lost. Lack of space limits the number of copies purchased so that borrowers often have to wait weeks for the current bestsellers."

"According to minimum stand-

Seek Clothing For Orphans

Members of the Cranford Council of Church Women, through their respective churches, are making a collection of clothing for shipment to the Sung Sim Orphanage, House of Youngsam, in Seoul, Korea, as one of their projects in connection with the World Day of Prayer observance scheduled for March.

Good, used clothing is desired, and contributions may be left at any church this month. It is proposed to mail the clothing to Korea as soon as possible after February 25, with the council providing for payment of shipping charges.

Benefitting from the project will be 74 Korean children from the ages of 1 through 7 housed at the orphanage. There are 38 girls and 36 boys, so equal amounts of clothing are required for both sexes.

Schools, Banks, Library Closing All Day Tuesday

In observance of Lincoln's Birthday, next Tuesday will see the public schools, St. Michael's School, township offices, banks and Free Public Library closed all day.

Classes will be conducted as usual at Union Junior College and the Post Office will be open all day with deliveries on the regular schedule. Local stores and business offices will observe usual hours.

Help Plan Celebration

School Trustee Albert E. Johnson has been appointed chairman and Township Engineer P. J. Grall co-chairman, of the local committee which will cooperate with a county-wide group planning for Union County's Centennial Celebration later this year, it was announced by Mayor John L. Brennan.

Service League 'Strip-Tease' Aids The Jumble Store

Fashion, in every size, shape, color and form, was the theme of the February meeting of the Cranford Junior Service League as members participated in a mock strip-tease for the benefit of the Jumble Store.

Members attended the meeting Tuesday afternoon at the home of Mrs. William P. Cleaver of 38 Manor avenue wearing the articles they donated.

Prizes were awarded by the Jumble Store committee, headed by Mrs. Corliss Abbott, to Mrs. Robert M. Crane for the costume composed of the greatest number of articles donated and to Mrs. L. K. Merrill for the most original costume.

Red Cross Chapter Maps Two-Pronged Fund Drive

A two-pronged drive for the annual fund campaign of the Cranford-Garwood-Kenilworth Chapter, American Red Cross, was mapped by drive leaders at a meeting last night at the chapter's headquarters, 10 North Union avenue.

George Morton, drive chairman, outlined plans for the campaign. He said the house-to-house solicitation will be kicked-off on March 15, allowing workers three weekends to cover their areas. The first two weeks of the drive in March will be devoted to a special gifts campaign — including industries and businesses in the three-town area, Mr. Morton explained.

The drive chairman said a special gifts committee will be named in the near future to conduct this phase of the campaign.

Attending the meeting were: Mrs. Robert T. Hueston, vice-chairman for the northern section of the township; Mrs. Robert E. Colston, vice-chairman for the southern section of Cranford; former Councilman John McCoy, Kenilworth vice-chairman, and Mrs. Charles Rocco, Garwood vice-chairman.

Quotas for the three communities were discussed as well as plans to select district and area leaders.

Drive leaders also discussed setting up a series of meetings for their workers. This would enable workers to get to know each other, Mr. Morton explained, and to exchange ideas on successful solicitation. The meetings also will provide an opportunity to go over services of the Red Cross to the community and to the country, Mr. Morton said, so that workers will be able to answer questions of persons they visit for contributions.

Suggests Ways To Get Greatest Use Out of Chains

"Many things protect us in winter, and it's our duty to give them a little protection in return," remarkd Police Chief Lester W. Powell today, as a car with tire chains passed safely by.

"To help mprove our safety record on snow and ice we must try to persuade drivers to equip their cars with a good set of reinforced tire chains," the chief explained. "And for the same reason we are interested in having those chains last as long as possible."

Chains should be kept tight, the chief pointed out. Snug chains wear much longer than chains that are loose, particularly over sections of bare pavement. Too, driving speed should be reduced to lessen the impact of car chains on hard surfaces.

"Experts say it isn't the weight of the car, or actual wear, that causes chains to break prematurely," Chief Powell advised. "It's the slappng of loose chains against the pavement with great centrifugal force. This causes impact fatigue."

Approved procedure is to put the chains on as snugly as possible, drive a short distance, then tighten the side chains again.

"Driving allows the chains to adjust themselves, and drivers are usually surprised to learn they can take up one or two more links after driving a short distance," the chief said. "This technique doubles, even quadruples, the life of a set of chains."

Why use chains when there are stretches of dry pavment?

"Because that slippery stretch ahead, particularly if it's on a hill, may require all the traction your chains can provide to keep you out of serious trouble," replied the chief. "So don't put them on too late, or take them off too soon."

Antique Tone For Furniture

Antique finishes add an unusual subtle mellowness and richness to painted pieces of furniture rather than simulate age. Miss Gena Thames, extension home furnishing specialist of Rutgers University, says you can apply such a finish yourself easily if you do it with a delicate hand.

"If it's too noticeable, it loses its effectiveness," she warns.

You can buy commercially mixed glazed goats in various colors for antiquing, or you can mix it yourself. The New Jersey State University specialist offers this formula for home mixing: Three tablespoonsfuls turpentine; one tablespoonn varnish or boiled linseed oil (varnish is preferable), and one teaspoon color-in-oil. The color-in-oil may be raw turkey umber. Or use raw sienna if a warmer tone is desired. Use lamp black on darker colored enamels.

"Whether you buy the glaze coat or mix it yourself, apply it after the last coat of paint has dried 24 hours," Miss Thames advises. "If an old enamel surface is in good condition, clean it thoroughly and allow to dry. On old or new enamel, cut the glossy surface and make 'tooth' for the glaze by rubbing the surface with 3/0 steel wool or by sanding with a solvent cleaner.

"Apply glaze with a paint brush to one section of the piece of furniture at a time. On flat surfaces, start at the center and work toward the edges. Wipe off the glaze material with a soft cloth, using a circular motion. Turn the cloth to a fresh portion after each wiping. Leave the center of the space lightest, graduating the color darker toward the edges.

"Blend further by patting the surface with clean cheesecloth and finish blending with a dry paint brush, working it from the center toward the edges and wiping the brush on a cloth often.

"Wiping off and blending is not at all difficult when only a very small amount of the glaze material remains on the surface. It gives a slightly noticeable but most effective appearance. Dampen the cloth with turpentine if the glaze does not come off easily.

"On curved surfaces, such as turnings and moldings proceed as for flat surfaces but remove excess glaze material with a dry brush, wiping it off on a cloth. Highlight all raised areas by wiping off most of the glaze, leaving the background dark.

"When the glaze is completely dry, rag on a thin type of penetrating wood sealer. Wipe on, in and off. If shiny after one week's drying, rub carefully with FFFF pumice powder and a lightweight mineral oil."

Attachments Make Machine Sewing Easier

By CAROL YUKNUS
Associate Home Agent

Whether you own a sewing machine with separate attachments or one with built-in attachments you should learn to make the most of them. These attachments are part of your sewing machine equipment. They will make your sewing easier if you will learn how to use them.

Too often women pay for attachments for their machine and never unwrap them. Many home sewers can't even identify different attachments or what they are used for.

With a little time and practice on your part, you can quickly and easily speed up your sewing as well as add professional touches to any garment.

The demonstrator for your machine will show you how to operate the different attachments. Or, you can teach yourself by following the directions in the book that comes with your sewing machine.

One attachment that has caught the fancy of many home sewers, is the automatic zigzagger. It can be used for flat stitching of seams on interfacing material. This avoids bulk and the result is a well shaped and tailored inner construction of a jacket or coat.

By using a fine zigzag stitch, interesting appliques can be added to skirts, blouses, sweaters or curtains. Extra reinforcement at the knees and elbows of children's clothes can also be done with this same stitch.

Another practical attachment that should be used more often is the ruffling or shirring attachment. The fullness for dirndl skirts or skirts for a dropped waistline can be quickly and neatly gathered by using this attachment. Ruffles for curtains, dresser skirts or bed spreads have a professional look when this attachment is used.

Different hemming attachments can also save time. Whether it is a small one-eighth or one-half in. hem, the job can quickly be done with this sewing aid. Hems for the very full skirt can be finished in one-fourth the time, by using one of the hemmers that come with your machine.

Reds Still Strong, Rosary Told

"The United States has the natural and spiritual resources to defeat Communism but fails to make maximum use of them," Dr. Bella V. Dodd, former Communist party member now crusading against Communism, said Monday night.

Dr. Dodd addressed a capacity audience of members of the Rosary Society of St. Michael's Church and their husbands in the school hall. She was introduced by Mrs. H. J. O'Brien.

Dr. Dodd decried America's apathetic attitude and declared that far from being wiped out, Communism is moving right along and all attempts are being made to draw us into war.

Communism is a plan whereby small groups aim to control the natural resources of the world, she said.

We spend more on education and educate more children than all other countries combined, the speaker declared. Before 1930 those who committed treason could be counted on one hand, since that time the number cannot be counted. This shows a weakness of some kind in our present educational system, she charged.

It remains to be seen whether Alger Hiss will emerge a traitor or the hero of the new soviet of the United States, Mr. Dodd stated.

Dr. Dodd traced her gradual drifting into the Communist Party. It wasn't until she was actually working with the top party members that she realized how little they cared for the small people, she said.

When she realized her plight, she left the party and drifted for four years during all of which time she was followed by the Russians and the F.B.I. It was her meeting with and instruction ceded by novena devotions and by Bishop Fulton J. Sheen that gave her the faith and peace to again become a useful citizen of the country.

The talk by Dr. Dodd was preceded by the rosary at the church.

The monthly bake sale will be held on Sunday in the school hall after all the masses. Baked goods may be brought to the hall on Saturday from 3:30 to 4:30 and from 7:30 to 9 p.m.

The president, Mrs. B. J. Minetti, reminded those present to bring their donations to the White Elephant Sale which will be held at the March meeting.

Rev. Dezso Off Next Week For Santo Domingo Mission

The Rev. Albert G. Dezso, pastor of Osceola Presbyterian Church, and Mrs. Dezso will leave by plane from Idlewild Airport, New York, on the night of February 15 on the way to the Dominican Republic, where the Rev. Mr. Dezso will participate in an evangelistic mission from February 17 through 24.

Their schedule calls for arrival on the morning of February 16 in San Juan, P.R., from where they will fly to Ciudad Trujillo, Santo Domingo, to receive their assignments.

One of five Presbyterian ministers in this country selected to participate in the mission, the Rev. Mr. Dezso will preach every evening, speak to civic organizations, train church officers and visit in the homes of church members. All of his messages will be translated by a Spanish interpreter.

Announcement of the Rev. Mr. Dezso's selection was made by the Division of Evangelism of the Board of National Missions of the Presbyterian Church, U.S.A. Five Methodist and five United Brethren ministers will join the Presbyterian clergymen in the project.

On February 24, the Rev. and Mrs. Dezso will return to San Juan, where they will visit and observe church work being done there. They expect to arrive back in the United States on February 28 so that the Rev. Mr. Dezso can return to his pulpit on Sunday, March 3.

During his absence the pulpit of Osceola Church will be supplied by the Rev. Richard L. Smith, associate pastor of the Presbyterian Church of Westfield.

The Rev. Mr. Dezso recently returned after spending the Christmas season as shipboard chaplain for a group of Hungarian refugees brought to this country from Germany.

He is moderator of the Presbytery of Elizabeth and has served as the Presbytery's chairman of evangelism for many years.

Demonstration Of Drunkometer At VFW Meeting

Police Chief Lester W. Powell presented a report on the drunkometer program conducted by his department during the past year, telling how it resulted in a marked increase in the number of arrests and convictions for drunken driving, as guest speaker at a joint meeting of Capt. Newell Rodney Fiske Post 335, Veterans of Foreign Wars, and its Ladies' Auxiliary in Veterans' Memorial Home Tuesday night.

His talk was followed by a demonstration of operation of the chemical device for measuring the alcoholic content of a person's blood by Patrolman Matthew Haney, one of the department's five drunkometer technicians.

Accepted as new members were Robert V. Hochreiner, John N. O'Leary, Miguel Santiago and William F. Vesely.

John Dolin, refreshment chairman, reported a roast beef dinner will be served March 2, and Roy Brinkerhoff reported on a social program planned for February 16. A donation was voted the March of Dimes.

Mrs. Mary Tinnesz, senior vice-president of the auxiliary, addressed the meeting. Commander John Fagan presided.

Native Hungarian Reviews Events There for Rotary

The recent revolution in Hungary caused splits in the Communist party in the West and showed the Asiatic peoples that they cannot expect too much from Russia, the so-called "workers' paradise."

So stated Dr. Elizabeth Davis of Glen Ridge, a native of Hungary, in a talk before the Cranford Rotary Club last Thursday in the Methodist Church educational building.

Mrs. Davis, a physician, newspaper woman and housewife, spent two years in a Nazi concentration camp and was liberated by her present husband. Her first husband was killed by his captors.

The speakers declared that while there is apparent peace in hungary at the moment, the revolution will flare up again soon, either in Budapest or at some other point. She asserted that many Russian soldiers sent out to put down the revolt deserted and joined the freedom fighters.

Dr. Davis urged Americans to preserve the economy and free enterprise system in this country. If we fail to protect our freedoms and privileges, even America could come under the iron yoke of a dictatorship, she said.

"We have no written guarantee from the Lord that it cannot happen in this country after it already has happened to more than 80 million satellite peoples," Dr. Davis charged.

She appealed to all citizens to take more interest in elections by exercising the right of franchise, investigating the candidates and their platforms and to "not take everything for granted."

Dr. Davis was introduced by Dr. Anthony Sordill, chairman of the international relations committee. President Arthur K. Burditt presided.

We find it the worst thing about time that we know not what to do with it.—Emerson

Know Your Trustee Candidates and Vote!

As an aid to Cranford voters who may wish to know more about the candidates running for election to the Board of Education on February 13th, the Citizen and Chronicle prints below the answers to two questions submitted to each candidate by the League of Women Voters of Cranford. Candidates are listed alphabetically.

Polls Open 4 p.m. to 8 p.m. — Election Day, Wednesday, Feb. 13, 1957

Vote at the public school designated for your election district. (See Notice of the election, p. 5 of Jan. 31 issue of Citizen and Chronicle; or telephone Mrs. J. E. Hawkins, Voters Service Chairman of the Cranford League of Women Voters, 103 Holly Street.)

Vote on all three Public Questions covering the School Budget. These appear across the top of the ballot.

Vote for three members of the Board of Education.

The five candidates were asked to answer the following questions in 75 words or less:

1. What is your paramount reason for wanting to serve on the Board of Education?

2. To what extent do you believe that the Board of Education should control the educational program?

JOSEPH C. AYRE, 209 Arbor Street

1. "A sincere willingness to serve and show my deep gratitude to a community for having provided the background so necessary to the ideal American home — fine churches, excellent schools and lively community spirit — to name but a few."

2. "This query can be quite controversial, however, it is my current belief that complete control of the program should be kept solely within the community and that each Board Member should exert his every effort toward that end."

EDWARD GILL, 407 Central Avenue

1. "My main reason for wanting to serve on the Board of Education is the recognition of my responsibility, as a citizen, to contribute my efforts to maintain the high standards of Cranford which I have enjoyed for the past 10 years. As a home owner, I am interested in seeing that our taxes are used most effectively and as a father, I want to see that our schools continue to be well run."

2. "In general, control should be limited to the forming of overall policies, the administration of financial programs and budgets, and the obtaining of the highest caliber of professional personnel. Board members should try to interpret to the school staff the attitudes and wishes of the citizens of Cranford but by the same token they should interpret to the citizens the needs and problems of the school staff."

MARGUERITE KOTT, 182 Locust Drive

1. "In line with my feeling of civic responsibility, I wish to use whatever abilities I possess toward the continued development of quality schools in Cranford."

2. "I am a layman, not an educator. The function of a board of education is policy-forming, not administrative. A good board should concern itself with: (1) Hiring excellent administrators and well-qualified teachers; (2) Equipping this staff with an up-to-date plant and adequate tools of education to gear pupils to a knowledge of modern living: (3) Guaranteeing reasonable classroom enrollments. The board should then express its confidence in the experts it has employed by permitting them to run the schools."

LEONARD E. MOODY, 11 West Holly Street

1. "My paramount reason for running for the Board of Education is to be of service to Cranford. I feel that community service of some sort is the duty of every citizen. For many years I have had a deep and continuing interest in education and educational problems. Therefore it is quite natural that I should choose this means to be of service."

2. "I believe that the school board has the same relationship to the operation of the schools as the board of directors of a corporation to the operation of the corporation. Thus the school board is responsible for setting policy (and seeing that it is carried out), long range planning and budgeting matters. The school board should work through the proper administrative officers such as the superintendent of schools and not deal directly with school operations."

F. EDWIN WINTER, 17 West End Place

1. " 'A sense of individual obligation to the Community, State and Nation' is my motivation. I desire to expand the fulfillment of this obligation from serving the youth of our community through recreational and educational activities to working with individuals who share the responsibility of maintaining the efficient system of public education established in Cranford. I would like to employ my attributes in serving the academic interests and needs of our children — yours and mine."

2. "The Board of Education is, for all practical purposes, a board of directors and as such must form policies, determine expenditures and control the educational program through competent administrators. The Board must of necessity rely on experienced, professional personnel for proper administration and recommendations concerning the program. Periodic evaluation of curricula and personnel performance, and consideration of recommendations should enable the Board to exercise control without interference with the routine of those entrusted with administration."

Tells Way to Clean Old Cane Chair Seats

Old chair seats of rush, cane or splint that have dried out and become embedded with dust may be cleaned quickly and easily with surprisingly good results. Miss Gena Thames, extension home furnishing specialist of Rutgers University, tells how.

"This treatment not only freshens color but also adds oil to dried out and brittle rush or cane," Miss Thames says.

"To one quart of hot water, add three tablespoons of boiled linseed oil and one tablespoon of turpentine. Keep this solution hot in a double boiler, or an improvised one while you use the liquid. Do not place this mixture directly over a flame.

"Brush out loose dust before applying cleaner. Use a cloth to apply the mixture and a brush to remove dirt that has collected between strands and to clean the underside of a cane seat. Discard any unused portion of the solution as reheating makes it sticky.

"If a finish is needed on the seat after it is thoroughly dry, rag on a thin type of penetrating floor sealer to the top and bottom of the seat."

Cast Is Rehearsing 'The Country Girl'

Rehearsals for "The Country Girl," the second production of the season by the Cranford Dramatic Club—finds both the director, Miss Alice Mathews, and the cast working hard to whip the show into shape for opening night. It will be presented on February 22 and 23 at Sherlock Hall.

"The Country Girl," a hit on Broadway several seasons back, was made into a movie starring Bing Crosby and Grace Kelly. Written by Clifford Odets, it is a moving character study of a well-known actor, his tragedy and the effects it has on the people who surround him.

Miss Mathews, the director, is enthusiastic about the way the cast has grasped the author's intent in their characterizations.

Richard Anderson plays the part of Frank Elgin, the actor who has seen better days. This marks Mr Anderson's debut in the Cranford Dramatic club and his first part on the stage since his activities with his high school dramatic group.

Howard E. Milius, long active in the local dramatic group, plays Paul Unger, the author of the play. He was seen here last season in "The Happiest Days of Our Lives" and previously in "January Thaw."

Mrs. George W. Morton, Jr., is Georgie Elgin, long suffering wife of the actor Frank. Mrs. Morton will be remembered for her fine characterization of Alexandra, in "The Little Foxes," which the club presented last season.

John Madden marks his first appearance with the Dramatic Club as Phil Cook, the producer. He has had a diversified background with a number of amateur theatrical groups He numbers among them such organizations as the Elizabeth Civic Theatre in which he appeared in "She Loves Me Not" and "Petticoat Fever," the Merck Circle Players where he was seen in "Our Town," "Seventh Veil" and "Picnic," the Foothills Playhouse in "Therese" and "Dial M for Murder," and the Perth Amboy Community Theatre where he did "Streetcar Named Desire."

Another newcomer with the local group, G. James Hurley, portrays Larry, the stage manager in the current production. He received his dramatic training at the Pasadena Playhouse, where he also appeared in "Ladies of the Jury" and "Lady Precious Stream." This was followed by more study at the Hollywood Showcase under Philip C. Jones and the male lead in "All My Sons." He has also studied at the American Academy in New York and is affiliated with the CYO television group in Jersey City.

Horace A. Stevens, who plays Bernie the director, has been active in the High Lane Dramatic Club of Hamder, Connecticut. He was one of the originators of the Farmington Players of Framington, Michigan where he appeared in such productions as "Harvey," "The Torchbearers," "The Fool" and "January Thaw."

Janice Giles portrays Nancy, the ingenue. She was seen by Dramatic Club audiences in last season's "Happiest Days of Our Lives" and is active in Mask and Bauble, the dramatic society of the High School.

"What can I do to prevent blue clothing fading as it hangs in the closet?" Mrs B C asks.

Keep it away from air. The discoloration to which blue fabrics are especially susceptible is called "gas fading". Use a cover of fabric or brown paper closed at the bottom as well as the top, over the garment on the hanger. Fortunately now some fabrics and some garments are treated to resist "gas fading"

"What makes the pink surface to frozen peaches?" Mrs E. V. wants to know.

Since you packaged these frozen peaches yourself many things could have gone wrong to cause this surface mold. If they were kept in the frozen food compartment of a refrigerator that did not maintain cold enough or uniform enough temperatures, or if the package was not airtight or if some peaches with spots were included, this condition could result.

Mrs. W. M. is concerned about the comparative wisdom of buying a combination washer/dryer or two separate units.

There are some advantages each way. One motor in the combination unit works overtime and might therefore give out sooner. Also you cannot have one batch washing and another drying at the same time. If space is a definite consideration, it is still your answer.

On the third hand, if you have room for two units and can get a favorable price in comparison with the combination, and you have room, a seperate washer and dryer is probably preferable.

Mrs. Floyd Weeks of 14 Arlington road entertained at bridge yesterday afternoon for Mrs. George Gillen, Mrs. Ben W. Geddes, Mrs. Michael Bercik, Mrs. Edward C. Fearns, Mrs. Edwin M. Johnson, Mrs. William Weber and Mr. and Mrs. Wayne S. Aldrich.

New Cancer Group Chairman Entertains Workers at Tea

An afternoon tea was given yesterday by Mrs. William A. Fisher, Jr., of 103 Orange avenue, newly-named chairman of the Cranford Volunteer Services, American Cancer Society, for the chairmen of 15 local dressing units and motor corps.

Mrs. Fisher replaces Mrs. William E. Faulkner who recently resigned as leader. A five-year citation was awarded to Mrs. Faulkner last Thursday by Harry W. Kohler, president of the Union County Chapter, American Cancer Society, for her work during the past five years.

Announcement of Mrs. Fisher's appointment was made last Friday by Mrs. Merwin P. Cass, chairman of the County's volunteer services. A registered nurse, Mrs. Fisher trained at The Somerset Hospital, Somerville, where she continued after graduation in several supervisory positions: night, assistant operating room and obstetrics supervisor. She also served five years as a field nurse for the Somerset County Tuberculosis and Health Association.

Mrs. Fisher's job will be to coordinate the work of the local dressing units which make the various dressings needed. These are furnished free as long as necessary and in any quantity needed by cancer patients. Transportation to doctor's offices and to the three county clinics sponsored by the society will also be arranged by the new chairman.

The dressings are made by hundreds of volunteers from Cranford churches, civic, and service organizations. Chairman of the local units who attended the tea given by Mrs. Fisher were Mrs. J. C. Peters, Mrs. H. L. Cray, Mrs. E. E. Foerst, Mrs. J. L. Grady and Mrs. R. Crane of St. Michael's Church; Mrs. I. A. Nylen, Calvary Lutheran Church; Mrs. M. E. Engle, Methodist Church; Mrs. Edward Roos, First Presbyterian Church; and Mrs. E. W. Hughes and Mrs. J. H. Witherington, Trinity Episcopal Church.

The Junior Service League was represented by Mrs. W. P. Cleaver; Neighborhood Club by Mrs. G. C. Spahn, Colony Club by Mrs. H. Schmitt, VIA by Mrs. A. Hemleb, and Junior VIA by Mrs. Edward Miller and Mrs. Edmund Markusson. Mrs. Frank Washbourne, who coordinates the transportation of patients, was also present.

The Union County Chapter of the American Cancer Society celebrated their tenth anniversary last fall. During that decade the accomplishments of such groups as these were noteworthy. A volunteer staff of 1,500 women from all parts of the county made and distributed a million and a quarter dressings, serviced almost a thousand home and clinic patients and traveled enough miles to circle the globe four times transporting cancer victims during that period.

Glaucoma: A Leading Cause In Loss of Sight

By James R. Gregg, O. D.

(This column is presented as a service by The Citizen and Chronicle in cooperation with the New Jersey Optometric Association. Questions may be addressed to the New Jersey Optometric Association, 162 West State street, Trenton, 8, N. J.)

One of the leading causes of blindness is glaucoma. It occurs when the fluid which is manufactured inside the eye is made in too great a quantity, or when it cannot flow out of the eye as it should.

When this happens, the pressure within the eye is increased—this is glaucoma. The effect of the pressure is to damage some of the nerve tissue and to interfere with nutrtion of the inner parts of the eye. How much vision is affected depends upon how long the pressure lasts, how high it goes, and upon the resistance of the eyes to its influence.

One type of glaucoma occurs very suddenly, the ocular tension goes high, fluctuates a great deal. Another type develops slowly, the pressure may be relatively low but damage is done over a period of time. Glaucoma usually develops in both eyes, though one may start sooner than the other. It is not unknown at any age, but is far more prevalent among older people.

The symptoms of glaucoma are not clear-cut, and resemble signs of many other visual problems. Blurred vision which may come and go, pain in or back of the eyes, seeing "halos" around lights at night are typical signs—or there may be no warning symptoms at all. The pressure in the eye acts in such a way as to reduce side vision first, central vision may remain good until the glaucoma is quite advanced; thus the person may not realize what is happening.

Normal use of the eyes has nothing to do with glaucoma. Changing jobs, giving up reading, or restricting TV will not reduce chances of developing the condition. The actual causes of the upset of the fluid balance in the eye are uncertain. The important thing is to recognize glaucoma and treat it immediately.

Boy Scouts Mark 47th Birthday

OFFICIAL BOY SCOUT WEEK POSTER

More than 4,500,000 Cub Scouts, Boy Scouts, Explorers, and adult leaders throughout the nation will observe Boy Scout Week, February 6 to 12, marking the 47th anniversary of the Boy Scouts of America.

Since 1910, Scouting has served over 26,000,000 boys and adult leaders.

Through its Four-Year Program, "Onward for God and My Country," the organization seeks to train more boys in patriotism and character so that they will become intelligent citizens with an appreciation of the free way of life and a dedication to high spiritual ideals.

Boy Scout Week observances will feature preparation for the Fourth National Jamboree, which will find 50,000 Scouts and leaders camping where Washington camped at historic Valley Forge, Pennsylvania, next July 12 to 18. The nation's 111,000 Scout units will feature rededication ceremonies on February 8, the actual birthday of Scouting in America.

Rising Mercury Makes Slippery Ice Slipperier

Can ice be slipperier than slippery?

Yes, according to Police Chief Lester W. Powell.

Commenting on the dangerous glaze which can develop on streets and highways following a freezing rain, the chief pointed out that ice is slippery at any time, but when the temperature is near 32 degrees the ice becomes wet — and then it's twice as slippery, and twice as dangerous, as when it's dry.

"On glare ice, in zero weather, a motorist can figure on skidding about 114 feet at 20 miles an hour — and that's too far," Chief Powell said. "But scientific tests show that when the thermometer gets up around 32 degrees that 114 feet can stretch up to 250 feet. And that's enough of a difference to put someone in the hospital."

He warned that ice which may be sticky and fairly easy to drive on in the early morning may become treacherous when the rising temperatures of mid-day cover the ice with an unseen film of water.

To guard against dangerous skids on slippery ice, the chief recommends reduced driving speed and the use of reinforced tire chains. He bases his recommendation on actual tests performed by the National Safety Council's Committee on Winter Driving Hazards.

Chief Powell also had a good word to say for seat belts in autos as a wintertime safety measure.

"One man's carefulness can't always protect him from another man's carelessness — especially on icy roads. I advise tire chains to help avoid crack-ups, but I also advise seat belts to protect a man and his family in case of an unavoidable collision. Many lives have been saved by good seat belts," he added.

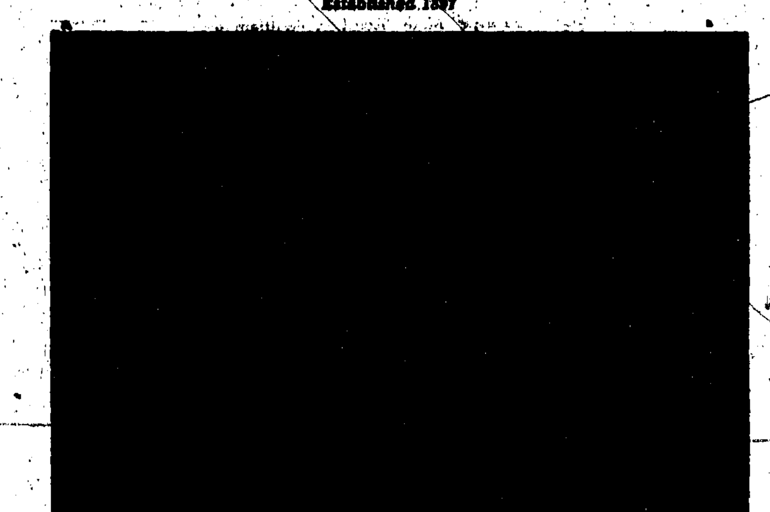

Dandelions

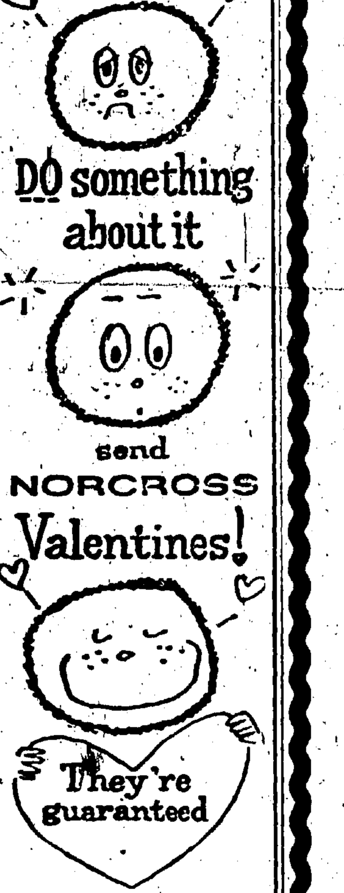

When young, dandelions are full of iron, magnesium, phosphorus, sodium, calcium, and other minerals that the body needs.

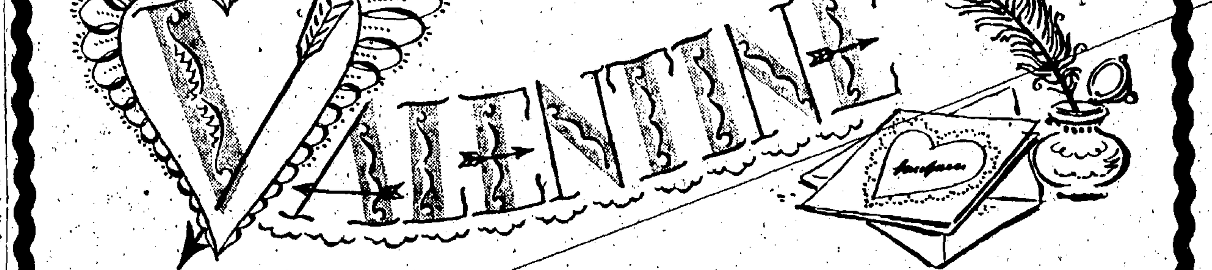

Sliced Pickles

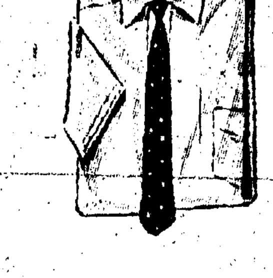

Pickles sliced lengthwise to the stem and spread like a fan may be used to form a very attractive food garnish.

Cougars Snap Roselle Win Streak, Lead in Conference

Beat Rams By 62-58 At Roselle

Cranford High School's basketball team took over the lead in the Watchung Conference race and broke the last unbeaten skein in county scholastic circles Tuesday afternoon as it defeated Abraham Clark High School, 62-58, at Roselle.

Coach Bill Martin's cagers now boast an 8-1 conference mark compared with Roselle's 7-1 record. Coach Ralph Arminio's Rams must still get by Roselle Park in their last regularly-scheduled conference contest tomorrow to wind up tied with Cranford.

Only a big upset could give the weak Park club this win. If Roselle wins as expected, Cranford will have to play another game with Clark and Roselle with tough Hillside, since these are the only teams the Cougars and Rams have not met twice.

If they both win, there will probably be a playoff for the championship.

The Martinmen won on the foul line again, handing Roselle its first loss in 14 games this season. It was the second time this year that CHS has been cast in the role of spoiler. Last month, the Cougars handed Westfield its first defeat in 11 games, 63-49.

Cranford players sank 26 of 37 foul shot attempts to provide the victory edge. Roselle made only eight points on fouls, although the Rams outscored the Cougars from the floor, 25-18.

Bill Dickison, who started with Cranford for the first time against Roselle Park Friday, played another strong game. He accounted for 10 points and he and Mickey Taliaferro gave the Blue and Gold an edge in the rebound department.

Neither team ever had a very big lead. Cranford led by six about a minute before the end of the first period and from then on it was neck and neck all the way.

Roselle took a 4-0 lead at the start and four free throws by Hobbie and Zulick and a field goal by Hobbie put Cranford ahead. After that, Roselle was only able to tie the score that period.

In the second canto Roselle again started the action and took a 23-20 lead over CHS. This was soon remedied and Roselle never got closer than one point to the visitors. CHS led at the half, 31-27. The tables were turned in the third frame when Roselle outscored the Cougars 19-14 and came up with a one point lead at the period's end.

The lead continued to alternate by one point until about midway through the last round when Cranford took the one point lead 55-54 with a shot by Taliaferro and then another field goal by Dickison set the Cougars three points in advance. Roselle's Norm Brandl tied it later at 58 all with a jump shot. Then Norm Muldrow put in two from the freethrow line, Bob Hobbie one and Bill Dickison one from the foul line to end it 62-58.

The score:

Tourney, Blue Devil Contests Coming Up

The 1957 Union County Basketball Tournament will get under way next Thursday at Elizabeth Armory and Cranford High's Cougars will probably be seeded near the top.

Thomas Jefferson and St. Mary's Highs of Elizabeth are expected to get the one-two seeding nod when the committee meets Tuesday. Cranford, Rahway, Plainfield, Roselle and Sacred Heart should be in the next group, although not necessarily in that order.

The Cougars have a return game with Westfield tomorrow night at the CHS gym and meet Summit in the regular season's finale at 3:30 p.m. Tuesday. Cranford whipped Westfield, 63-49, to break an unbeaten streak of 11 games January 18.

Weekleymen Defend Relay Title Today

Coach J. Seth Weekley's Cranford High School indoor track team primed for defense of its Union County Interscholastic Relay Championship at 3:30 o'clock this afternoon at Elizabeth Armory by trouncing Perth Amboy, 51-14, on Tuesday.

The Cougars have won the event, which formerly was run by the Union County Catholic Youth Organization, for the past three years. Their chances to repeat should be good, since they have won all four of their dual meets.

Events will be the 880, mile, two mile, 50-yard shuttle hurdle and medley. Cranford, Jefferson, Plainfield and Scotch Plains will enter all events. Union and Roselle will enter some.

Cliff Jackson again won both the 50-yard dash and 220-yard run in the Perth Amboy meet. His times were 5.9 and 25.6 seconds. Chismar of Amboy and Wedymeyer of Cranford tied for second in the dash, while Chismar was second and Steve Ayers of the Cougars third in the run.

Cranford monopolized the 440-yard run, while Eric Tarver took in 55.2 seconds. Alonzo Mitchell was second and Rich Robey third. Ken Weeks of Cranford won the 50-yard high hurdles in 6.8 seconds. Ozolins and Stafford, both of Amboy, were second and third.

Bill Hettman of the Cougars took the 880 in 2:13 minutes. Larry Bucher of Cranford was second and O'Rielly of Amboy third. Jay Warsinski of CHS won the mile run in 5 minutes, with Rob Woods of Cranford second and Polzasko of Amboy third.

A Cougar team took the 880-yard relays in 1:42.

Weinstein Tops By Two Gauges

Eddie Weinstein was top man of the week in both the high game and high series departments at the Temple Beth-El Teenage Bowling League games Sunday at Echo Lanes.

Leo Cernev tied Eddie for high game as both rolled a 183 game, but Eddie's three-game series of 465 put him way ahead of Leo's runnerup 444.

Mal Lav came in second with a 157 in the high game department and Alan Freund came in third with a 153. Steve Shapiro was third in the three game high series with a 426.

Edie Abramson topped the girls in the same two departments as did Eddie. In the high game department she had a 126 and in the other a 356. Fran Shapiro and Joan Smolin came in second in the high games with a 122. Dinny Kohn with a 118 was third. Fran Shapiro's 334 places her in second place in the high game department with Joan Smolin in third with a 316.

Steve Shapiro still leads in the average race with a 138. Mal Lav is in second with a 130.42 and not far behind is Nick Rockoff with a 130.13. Eddie Weinstein is in third with a 129.

Nancy Schein is still in the lead averagewise with a 108. A 100 by Joan Smolin puts her in second place and Fran Shapiro is in third with a 96.

The Kats are in first place with the Condors in second. The Poppies and the Strikers are tied for third.

George Greenberg made the 6-7-10 split this week. Ron Hospes also made a tough split this week, the 3-7.

Jayvees Defeat Park, Score 38-29 Victory

It was an all-Cranford night last Friday when the local high school met the Roselle Park basketball teams. The Cougar Jayvees started the wins by whipping the Park Jayvee [illegible]

CHS had taken a five-point advantage by the end of the first period and at the half Coach Rollie Massimino's boys were enjoying an 11-point margin in their favor.

The third canto again saw relatively little scoring. CHS still had a good lead. The last quarter was about even for both teams and Cranford thus kept its lead to win.

Matmen Tie N. Plainfield, End Streak

By DAVE CONLEY

With only two meets to go this season, the Cranford High School wrestling team ended its four-game losing streak as it tied last Friday with North Plainfield, 19-19.

Cranford took an eight-point lead as Bill Ford pinned his man in 4:45 and Jim Prior came up with a 4-0 decision. Dennis Chew lost again in the 123-pound class, 3-0, and Dean McCullough lost his first varsity bout in the 130 set as he was pinned in 5:00.

Paul Morrison lost his second of the year in a 6-0 decision. Steve Haveson won again for CHS in the 141 competition 4-0.

Charles Grieco lost, 5-0, in the 148 match. Don McClintock remained undefeated with a 6-4 win in 157-pound class. Rich Frutchey also won for Cranford with a pin in three minutes flat. Paul Diefenbruch lost in the heavyweight division as he was pinned after one minute and 23 seconds of wrestling.

The final score was 19-19. Each team had two pins and three decisions in the meet.

Cranford has only two meets left in wrestling this season. Both are home and will be against Clark and Rahway on the coming Fridays.

JV Win Gives Cougars A Sweep Over Roselle

Cranford High took both basketball games last Tuesday in the Abraham Clark High School, Roselle, as the varsity won a thriller and the Jayvees also won a close one, 49-46.

The Jayvee game was close all the way. Five points was the most either team had over the other at any time, and this was quickly chopped off by the other team.

CHS led at the end of all the periods, 21-16 at the end of the first, 27-25 at the half and 34-31 after the third quarter.

Gold Ball Cage Race Tightens

The 400's and the Maroons won their games to move into a tie for second place in the Gold Ball Basketball League Monday night at the Cranford High School gym. They are now half a game behind the first place Celtics, who did not play.

In another contest, the South Siders won their first game of the campaign, beating the cellar-dwelling Drive Inn, 39-25.

The Maroons had no trouble in subduing the VFW-Harris Ltd. tossers, 63-31. The halftime score was 32-15. Hitting in double figures for the winners were Ron Massimino with 13 points, Joe Lanza with 12 and Don Buck with 10. Frank Murray scored 14 for VFW-Harris.

In a closer contest, the 400's tripped the Royals, 41-37. It was an odd game, with the 400's jumping off to a 17-3 lead at the quarter but managing to register only two points in the second period to lead by only 19-16 at the half. Ray Moran accounted for 15 points for the 400's while Kit Wade had 17 for the Royals.

The South Siders moved from a 6-6 tie at the quarter to a 20-16 halftime lead on their way to their victory over Drive Inn. John Givens scored 18 and Dick Martin 14 for the South Siders, while Karl Pfeil got seven and Joe Formanek six points for the losers.

The standings:

Celtics	3	0
400's	3	1
Maroons	3	1
Royals	2	1
South Siders	1	2

Edge In Foul Shooting Gives CHS Park Win

By DAVE CONLEY

After defeating Roselle Park last Friday, 57-47, Cranford High School, put itself in a good position to retain its Watchung Conference basketball championship.

The Cougars' win over Park set them up to fight for the crown as it left the Tuesday game with Roselle the all important one of the season.

CHS had a new man on the court Friday. He was Bill Dickison, a junior, who chalked up 11 points in his first game of this season for Cranford High. Bill was ineligible to play the first part of the season.

The Martinmen had registered a six-point lead at the end of the first period of play which they maintained throughout the second quarter to lead, 24-18, at the half. The third period resulted in the Cougar lead having been cut to four. The Parkers continued to fight and pulled uncomfortably close to Cranford halfway through the last frame.

Driven on by their eagerness to win, the Panthers committed a chain of personal fouls which gave CHS the opportunity it wanted to pull away again. The Cougars wrapped up the game as they scored 10 consecutive points, of which six came from the free throw line.

Again in this game, fouls were the important factor in the final analysis.

Ever since the Linden game, when the Cougars lost because of poor foul shooting, they have done well generally from the foul line and have won several games on foul shots. This Roselle Park game followed the pattern. The Parkers made 20 from the floor to Cranford's 19 while CHS made 19 free throws to the Panther's seven.

Both Bob Hobbie and Glenn Allinger had 13 points for CHS and Norm Muldrow had 11. The high man for the game was Jim Heyder of Park with 21.

Zion Cagers Win Fourth; Extend Lead

Zion Lutheran of Rahway defeated Kenilworth Methodist, 36-22 to stretch its first place lead to a full game over First Presbyterian in a Cranford Church League game Monday night at the high school. In another contest, Cranford Methodist won its first game, a 27-26 edging of Cranford Alliance.

The Rahway cagers were outscored only in the third quarter, when Kenilworth had a 9-7 edge. Gritshke led Zion with 10 points while Campanella registered 11 for Kenilworth.

First Pres was idle.

Cranford Methodist built up a 20-13 lead by the half and managed to just about hold off the Alliance five through the second half for a narrow victory. Alliance chalked up 13 points to only seven for the Methodists in the second half.

Eggers was top scorer for Cranford Methodist with 16 while Vogel led Alliance with 12 points.

The standings:

Slide Detector Fence

To prevent train accidents due to falling rocks or earth slides in hilly or mountainous regions, electrically charged wire fences are made to serve as detectors. If a falling rock or an earth slide breaks one or more of the wires in the fence, a relay is released and "stop" signals are set up to halt a train approaching from either direction.

Need for Larger

(Continued from page 1)

ards the library should have a book stock of at least 55,000 volumes. We have only 30,256. Of these, 2,380 were added in 1956. 1,639 of the new books added were for adults and 741 for children.

"The Library subscribes to 88 magazines but because of lack of storage space many have to be discarded at the end of a year. The longest period of time permitted by available space for any magazine to be kept is five years. Thus much valuable material found only in older issues is lost.

"Second, lack of space means no available area for a quiet reading or serious study may be done. Spirited young people, sociable adults, library workers and serious readers are thrown together in one small area.

"Third, there is no work space for the library staff. This results in inaccuracies, inefficiency, tense nerves and confusion.

"Fourth, there is no room to expand the services of the library. One service, now missing, for which there is constant demand, is a record collection. Other libraries refuse to loan records to non-members although they graciously loaned our borrowers 306 books in 1956 through the inter-library loan system.

"Fifth, there is no available space for discussion groups sponsored by the library or for meetings of community organizations. The change in school hours in the fall necessitated opening the Junior Department mornings as well as afternoons thus closing it to those community groups which had been meeting there.

"The inevitable result of these inadequacies is shown in our 1956 circulation statistics. Our total circulation figure dropped from 127,372 in 1955 to 119,955 in 1956, a decrease of 7,417. The biggest decrease was in adult fiction which fell from 55,415 to 50,269, a drop of 5,146. There was a slight gain of 998 in the circulation of non-fiction books which rose from 20,213 to 21,211. We are certain our reference work has increased but since we have no separate reference department it has been impossible to keep statistics on this important phase of the library's activities.

"The Junior Department suffered a decrease of 2,519 in its circulation, dropping from 45,352 in 1955 to 42,833 in 1956. Books accounted for 37,639 of this total and pictures 5,194. An important factor preventing many children from using the library is the distance many of them must travel. Better parking facilities would encourage more parents to drive their children to the library."

at the top of the machine which will authorize the budget for this year—an amount in excess of a million dollars."

Board of Education statistics show a consistent record of less than 1,000 votes per election, and even at the special elections for referenda on school bond issues last year, the vote was under 2,000.

As a guide to present and potential board members, the league has distributed a two-page summary of "do's and don'ts" for the local school board member, prepared by the New Jersey League of Women Voters. The local league made a digest of this material and distributed 500 copies at several civic affairs during the past two weeks.

"This is the first time a yardstick has been available for board members to evaluate their own effectiveness, and for the voter to evaluate the candidates' abilities for the particular duties of the job."

The league's board of directors met Tuesday evening at the home of Mrs. Joseph Fraites, 19 Spring Garden street and scheduled a telephone buzz campaign to begin next Tuesday evening. Each member will be called and asked to contact five non-members to remind them to vote—not only for the school board members but for the three public questions concerning the budget, which will appear at the top of the machine.

A discussion group on the Middle East crisis will be held this evening at the home of Mrs. Robert Hazeldine, 2 Hamilton avenue. Members who plan to attend and have not yet contacted the hostess are requested to call Mrs. Hazeldine.

Mrs. Warren L. Ziegler, discussion leader of world politics courses, will conduct the meeting to give members an opportunity to express themselves on the material presented by William G. Hetherington, news analyst and United Nations correspondent, who addresed the league's open meeting two weeks ago.

Members of the League of Women Voters of Cranford now number 96, according to Mrs. Chester Van Hirtum, membership chairman. At the board meeting, she announced plans for two informal teas, at which the purpose and work of the League will be explained to new and propective members.

Anyone interested in attending or obtaining information on the league is requested to contact Mrs. Van Hirtum.

27 years. He has been a resident here 34 years.

The flags were brought here by his mother, Mrs. Virginia Lewis, who died about two years ago. She came here to live with her son and daughter-in-law about 27 years ago from Massachusetts.

Another flag which saw days of sadness and glory during the Civil War is the Hall ensign. The 34-star Wickes-Cory family flag treasured by Mr. Hall is nearly 100 years old and was flown at Albany, N. Y., to celebrate Union victories during the conflict between the States.

Its stars are arranged in two rows of seven, one of six and two more of seven. This arrangement, Mr. Hall stated, dates it between 1861, when Kansas was admitted, and 1863, when West Virginia separated from Virginia in the middle of the war.

The flag measures about 4 by 6 feet and has been used in a number of Flag Day displays on June 14 since it was retired from active use years ago.

Mr. Brixner's flag was produced sometime between 1870 and 1876. The 38-star banner measures 8 by 10 feet. Mr. Brixner has had it 20 years. It was given to him by his grandmother's cousin, Mrs. Mollie Martens of East Orange, stepmother of former Mayor Charles Martens of that community.

The Ramapo road man has no idea of the flag's past history. He has not exhibited it publicly because of its condition. Mr. Brixner has lived here since 1947.

Mrs. Morgan's 39-star flag is silk and measures only 14 by 8 inches. It was willed to her by an old friend from Ohio.

"The Cranford Visiting Nurse Association provides trained nursing for and assists in maintaining the health of the communities of Cranford, Kenilworth and Garwood. The association is not a profit making organization; it takes care of all races, colors and creeds regardless of ability to pay.

"Nursing care is not continued after the first visit except with the approval of the attending physician. Our medical advisory board, the Physicians' Club, approves standing medical orders for nursing services and determines any question requiring expert medical advice.

"The Visiting Nurse Association has, at all times, endeavored to keep the cost per visit down; our fees are lower, in some instances, than those in surrounding communities, thereby giving the town the best service at a minimum rate.

"Our revenue is obtained from the following sources: patients' fees, the United Fund and contributions from the Township of Cranford. We also have contracts with Kenilworth and Garwood and special contracts with organizations such as the Cancer Society, Crippled Children's Commission and Heart Fund. There are also private contributions.

"Our nurses are graduate registered nurses with special education in psychology, family counselling, mental health, nutrition, sociology, communicable diseases, venereal diseases, tuberculosis, orthopedics and school nursing. The nurses also attend frequent courses in up-to-the minute scientific developments the better to enable them to work closely with the doctors. The association employs one full-time nurse and two part-time nurses.

"The public health nursing services are as follows: Bedside nursing, contact teaching and tracing of health aspects of acute communicable diseases, tuberculosis, venereal, etc., formula demonstration, high colonic irrigation, intramuscular hypodermics, maternal care (ante partal-post partal), surgical dressings, family nutrition conferences, immunization, norms in social, emotional and physical growth and health education, child growth and development.

"The community is covered Monday through Saturday from 8:30 to 4:30 p.m."

hard Kellner, registrar reported. He added that five more registrations were received in the mail yesterday.

Mr. Iversen said there is still room in most courses for additional persons. They may still sign-up tonight.

No more registrations are being accepted in driver education and party sandwich making because they already have capacity enrollments, Mr. Iversen said. Fifteen persons are enrolled in driver education and 18 for the party sandwich making class.

American dances is the most popular course, with 31 persons enrolled. Other popular courses include: Home building and buying, beginners' and advanced golf, beginners' social dancing and contract bridge.

Mr. Iversen said five classes have been cancelled because of insufficient registration. They are: Aptitude testing, charm and personality development, accordion playing and beginners' and advanced pianoranging. The tailoring and sewing class has been combined into one.

Other courses available are: Tennis, typing, speaking for all occasions, Esperanto, home decorations, painting and drawing, plane geometry, speed reading, home television repair, judo, stenography refresher, first aid and photography.

If the normal number of first-night registrants are enrolled tonight, this will be the largest spring semester ever held by the school. Previous spring terms were held in 1954 and 1955. The enrollment in 1954 was 410 and about 100 less the following year. No spring semester was conducted last year because of the decreased enrollment for the fall term in 1955.

During in-person registration on Friday, Monday and Tuesday evenings, the local school distributed brochures of other adult schools in Union County as a service to Cranford residents. Mr. Iversen said this was done to give local residents a chance to sign up for classes not offered by the Cranford school. This arrangement was set up by Dr. William West of Cranford, county superintendent of schools, at a recent meeting for Union County adult school leaders.

Assisting in registration were: Mrs. Harry A. Fisher, Mrs. E. Doss, Mrs. A. Kenneth Meeks, Mrs. Charles Jaekle, Miss Jean Burnett, Mrs. John Heney, Mrs. Walter K. Fasnacht, Mrs. Walter Conley, Charles Redden, Mrs. J. H. Witherington and Mrs. Florence E. Anderson.

A meeting for all faculty members was held M ndoyvaeen ETE bers was held Monday evening. Mr. Iversen discussed class schedules, use of visual aids equipment and absence arrangements. The school director invited members of the faculty to sit-in on other courses if they wish.

"The recent discovery that the young Prince Mashhur of Saudi Arabia is a victim of cerebral palsy has made everyone more awar of this affliction which strikes on an average one child an hour every day," the local chairman remarked.

"Great strides have been made in the treatment of these children, and a research program is delving into the mysteries of the cause of the disease. Until the riddle of 'why' is solved, treatment must continue for those afflicted.

"Constant training and repetition over a long period of time, under expert guidance, makes it possible in some instances to retrain muscles in cerebral palsied children so that they can perform many functions that would otherwise be impossible."

ecutive, said operations have been moved to a huge new plant four miles south of New Brunswick in Route 1, North Brunswick.

The move was made, the company spokesman said, to cut transportation costs between a number of small plants in this area. The new center produces surgical dressings, adhesives and plaster products as well as baby products.

First announcement of the Cranford move was made in March, 1955, when Johnson & Johnson disclosed its centralization plans. In November, 1955, Pharmaceuticals Inc. announced it had contracted to purchase the property. The company produces Serutan, Geritol, Sominex and Zarumin, among other things.

Constructed in 1946 on a 30½ acre tract, the plant is of one-story, steel frame, brick and glass panel construction.

• Wednesday's Election an Important One

All Cranford residents eligible to vote in the annual school district election next Wednesday should make every effort to cast their votes in this important balloting.

Polls will be open from 4 to 9 p.m. at Sherman School, Lincoln School, Walnut Avenue School, Cleveland School, Cranford High School and Roosevelt School.

In addition to electing three members to three-year terms on the Board of Education from a field of five candidates, voters will have the privilege of either passing on or rejecting a budget of $1,200,146.58 for the 1957-58 school year.

These are important matters. The residents of Cranford are like stockholders in a large corporation. One of the largest parts of their "corporation" is the school system, which each year accounts for better than half of all local taxation.

The "annual meeting" of the Cranford Schools' stockholders is the school district election. At this election, members of the Board of Education, which correspond to members of the board of directors of a corporation, are chosen and the operating expenses are passed on or rejected.

Don't turn over your "proxy" to other residents by failing to vote next Wednesday. Study up on the candidates' records and stands on the issue and investigate the budgetary figures. Then go down to the polls and vote according to your conviction.

If you favor the budget as it stands and feel all candidates are equally well-qualified you may feel that your vote is not needed. This is not so. A large turnout of voters voting "for" things constitutes a welcome vote of confidence for the board in what it has been doing for the past year.

Its importance as a morale factor cannot be minimized.

Mayor John L. Brennan, in a recent talk before the Cranford Republican Municipal Committee, deplored the "apparent apathy of townspeople" concerning school expenses. He pointed out that less than 10 percent of the eligible voters normally cast ballots in the school election, compared with 75 percent or more in general elections.

No special registration is necessary to vote in the school election. Any person permanently registered in his municipal election district at least 40 days before the date of the election is entitled to cast a ballot. Application for military or civilian absentee ballots may be made with Herbert R. McCullough, board secretary.

Members of the board give up many hours of their precious leisure time to labor without financial compensation in behalf of their fellow residents. Cranford has been fortunate throughout its history in always finding an ample supply of persons willing to make this not insignificant sacrifice. This year's slate of candidates reflects the same high calibre of dedication and qualification.

The least the remainder of the township's eligible citizenry can do is to take the few moments necessary to go to the polls and show the candidates and the present board members that we appreciate what they are doing for us.

Let's make the 1957 school district election a real demonstration of community interest in school problems and the activities of the Board of Education, no matter how we vote on the budgetary questions or the selection of new members.

• Happy Birthday to the Boy Scouts of America!

We find the Boy Scouts of America at its peak of membership as it celebrates its 47th anniversary during Boy Scout Week, which began yesterday and will continue through next Tuesday, Lincoln's birthday.

Today 3,300,000 boys are enjoying the "game of scouting" through its three distinctive programs—Cub Scouting, Boy Scouting and Exploring.

This great work is made possible largely through the active sponsorship of churches of all denominations, schools and other community institutions. Perhaps of greatest significance is the fact that 1,200,000 adults serve as leaders, all of them volunteers, except for the handful of 3,157 men who are full time career Scout Executives.

In no other country in the world do we find so many men and women of good character willing to share their time as volunteer leaders with the boyhood of their nation.

Theirs is a devoted service.

"Recognition Day" during Boy Scout Week has been designated as the time to honor the cubmasters, the scoutmasters and the Explorer advisers and their assistants — who bring scouting directly to boys.

During Recognition Day ceremonies these leaders will be honored with presentations of the Freedom Foundations unit award plaques. These record the contribution scouting has made to the nation last year through its Get-Out-the-Vote campaign.

"The tremendous task of distributing over one and a quarter million posters and thirty-seven million Liberty Bell doorknob hangers," says Dr. Arthur A. Schuck, chief scout executive, "fulfilled a responsibility of vital importance to our country and in so doing, provided hundreds of thousands of young Americans with a citizenship training opportunity both challenging and worthwhile. There is probably no more important citizenship service than that in which our cubmasters, scoutmasters, Explorer advisers and their assistants are engaged."

Dens 10, 11 5, 8 Pack Net Victors

Dens 5, 8, 10 and 11, were winners last Saturday in the Cub Pack 103 basketball tournament.

Playing at Roosevelt School, Doug York's Den 8 led Tink Beall's Den 6 all the way and won 39-5. Phil Brubaker's accurate shooting for Den 8 was a hard match for Peter Guy and Steve VanInwagen, players for the losing den. Assisting Brubaker were; John Dreyer, Jim Bair, Robert York, Bill Philpot, Dick Erdmann and Robert Knox.

Den 10, defending their championship of the last two years, took the court in the second game at Roosevelt against Joe Dougan and Henry Rutzlers hard-fighting Den 15. It was a nip and tuck game all the way which saw Milt Boyette's Den 10 the winner at the final whistle—18-13.

Charlie Simpson, lead scorer for the champions, got good support from fellow cagers Toby Stout, John Abbott, Dickie Boyette and Tom Albans. The tight defensive play and netters Tom Andreason and Sheldon Cohen kept Den 15 scoring through all four quarters.

The young cagers of Harry Meyers' Den 11 scored their second straight win at the expense of Hank Smithers' and Orin Asnis' Den 4, winning by 16-9. The hard shooting of George Slocum connecting for six points, Ricky Hauk, two, and Kurt Vollherbst, one, for Den 4, were overpowered by the leading point getters, Frank O'Brien tallying for 10 points and Dwight Davies six points to make the win.

Brookside Place School saw Lew Fingerlin's Den 5 romp to a 25-16 win over Walt Wilson's Den 2. Both dens played a good tight game, but the polished teamwork of Wubby Foreman and King Ward dented the net for Den 5.

Foreman scored 17 points and Ward eight for the winning den. Credit also goes to Gregory Grote, Terry Washbourne, Mark and Roger Fingerlin who figured in the game.

Warren Jacobi and John Milkosky stood out for the losing den. Others on the court with Jacobi and Milkosky were Walt and Jerry Wilson, Tom Bentson, Craig Martin and Glenn Mackensie.

Referees for these games were: George Williams, Fred Spotts, Richard Armstrong and John Sosnowski.

Den 5 will oppose Den 11 at 9 a.m. and Den 8 will go against Den 10 at 10 a.m. in Saturday's semi-finals at Brookside Place School. Harry Meyers, basketball chairman, requests the Den Dads of these four dens to please note the earlier starting time and the games will start promptly.

Pack meeting for Cub Pack 103 will be Saturday at 7 p.m. at the First Presbyterian Church.

In Retrospect

From the Files of The Cranford Citizen and Chronicle

Five Years Ago

Township Committee introduced and passed on first reading a record budget calling for expenditures of $1,989,691.60 for municipal, county and school purposes as compared with $1,618,593.91 for 1951. Public hearing was to be held at another special meeting on March 3. Despite the $371,097.69 increase in total appropriations, the local tax rate for 1952 was estimated at $5.614 per $100 of assessed valuations as compared with $5.29 in 1951, a jump of 32 points.

With representatives present from all 10 districts, the Republican Municipal Committee went on record opposing the proposed redistricting plan outlined by Township Clerk J. Walter Coffee and which was slated to come up for consideration at the next meeting of Township Committee. In view of the GOP group's action, Township Committee was expected to drop the proposal for the year.

The entire township mourned the passing of Cranford's "grand old man," Nathaniel Raymond Foster, 84-year-old native of this community, church and civic leader, president of the Cranford Historical Society and chairman of Board of Adjustment, who died early Saturday, January 26, at his home, 24 Springfield avenue. Largely attended funeral services were held at the First Presbyterian Church, with the Rev. Robert G. Longaker, pastor, in charge.

Charles F. Hansel, Jr. of 210 Maple place was named executive chairman of the 1952 fund drive of Cranford-Garwood-Kenilworth Chapter American Red Cross, it was announced by Dr. Howard R. Best, chapter chairman.

Ten Years Ago

Cranford's estimated tax rate for 1947 was to be $4.54 for each $100 of assessed valuation—a record tax rate to that time in the township's history—according to the new municipal budget introduced by Township Committee. Public hearing prior to adoption was to be held on February 27. Total to be raised by taxation was to be $962,525.40 as compared with $899,155.68 for the previous year.

More than 1,000 ballots were expected to be cast in the annual school election at which voters were to be asked to approve the largest school budget in the township's history and select three members of the Board of Education. Candidates, in the order in which their names were to appear on the ballot, were: Frank O. Brand, John L. Brennan, Thomas E. Byrne, Wallace G. Dexter, Mrs. Marguerite S Earhart, Robert P. Ferguson, J. R. Settlemire and Louis G. Troutman Mrs. Earhart and Dr. Ferguson were present board members seeking reelection.

Coach Paul Selby's Cranford High School cagers downed Bound Brook, 37-35, in a game at Bound Brook. The home team took an early three-point lead and was not headed until the final period, when the Blue and Gold five sewed up the game by scoring 10 points to five for Bound Brook. Stan Weiland caged four field goals and three foul shots in the first three quarters for a total of 11 points [illegible] on fouls.

Fifteen Years Ago

Cranford's 1942 tax rate was estimated at $4.15 per $100 of assessed valuation, a drop of 14 points under the 1941 rate, according to the 1942 budget approved on first reading by Township Committee. Total tax levy of $852,369.70 represented a decrease of $12,476.62 in comparison with the 1941 levy of $864,846.32.

The air raid precautionary organization in the third zone, comprising the third election district, became the first of Cranford's 10 air raid precautionary groups to pass a test conducted by Chief Air Raid Warden Louis A. Allison.

Morris Frank of the Seeing Eye Society, Morristown, spoke on the teaching of dogs to serve as guides for the blind at a tea of the Junior Service League at the home of Mrs. Eli J. Loranger of Cranford avenue. He illustrated his talk with motion pictures depicting the training of a Seeing Eye dog and the training of the person who would have the dog as his guide.

The Cranford Dramatic Club announced it would present a three-act comedy, "The Male Animal," by James Thurber and Elliott Nugent at the Cranford Casino in March. Rehearsals for the entertainment, presenting the story of a riotous weekend at a mid-western university, were already under way under direction of Allan Carman.

Edward Ruhtard of 132 Walnut avenue was appointed a Grade C fireman by Township Committee on recommendation of Fire Commissioner D. J. Croft. Ruhtard was to fill the vacancy caused by retirement of Charles Wesighan because of physical disability.

Twenty Years Ago

Plans for local observance of Boy Scout Week were outlined and officers of the Scout Leaders' Round Table for 1937-38 were elected at the annual meeting of the Round Table in the Casino.

Peter F. Snyder of Washington, D. C., an assistant to the Secretary of Labor from 1929 to 1933, and Judge James R. Erkin of Jersey City, judge of the Court of Common Pleas of Essex County, were guest speakers at the annual dinner dance of Cranford Republican Club in the Winfield Scott Hotel, Elizabeth.

January receipts in the Cranford Post Office totaled $4,038.18 to establish an all-time record for that month as the campaign for a first class post office continued, it was announced by Postmaster William D'Arcy. January's receipts were $798.84 ahead of January, 1936, and $78.65 ahead of January, 1929, the previous record month.

The Cranford Young Republican Club, at its meeting, in township rooms, went on record as advocating immediate action to have the township redistricted.

The Cranford Dramatic Club presented two plays in the Casino, entitled, "Fixins," by Paul Green and "The Fourth Mrs. Phillips," by Carl Glick.

More than 100 members and guests attended the annual beefsteak dinner and entertainment at Trinity Men's Club January 14 in the Parish House. Invocation was offered by the Rev. Frank Magill Sherlock.

A Tribute

To our Boy Scouts!

When Lord Robert Baden-Powell, the Englishman, conceived the idea of the Boy Scouts and later our own American, Dan Beard, furthered and promoted the idea here, neither, we suspect, ever dreamed what world wide fountains of Youth he was putting in action! Today the Boy Scouts are the flower of young manhood in every quarter of the globe. Their deeds are legion. Their clean, manly characters shine forth from their scrubbed faces and the trim uniforms they wear. How very proud we fathers and mothers of Boy Scouts should be! Their merit badges are a symbol of sincerity, eagerness to serve and pride in their organization. God bless them all. They'll be leaders tomorrow!

Spotlight to Shine on Broadway's Top Names at College Club Panel

Three professional actors and producers currently working before cameras or behind the scenes of Broadway plays will be guest panelists at 8:15 p.m. Monday evening as the Cranford College Club holds a panel discussion, "On Stage."

Jean Dalrymple, theatrical producer; Ralph Alswang, scene designer, and Walter Brook, stage and television actor will share the spotlight as they discuss the theatre with Herman Shapiro of 15 Hamilton avenue as moderator. Mr. Shapiro is general manager of the New York City Center Drama Festival.

Husbands and friends of College Club members are invited to attend the theatre session which will be held at the First Presbyterian Church.

As director of the New York City Center Theatre Company, Miss Dalrymple has produced 13 plays seen during the past few seasons. From the time she was 17 years old, America's foremost woman theatrical producer has been in all branches of show business. She started as a star in a comedy sketch on the famous Keith-Orpheum vaudeville circuit.

With the dying-out of big-time vaudeville, she turned to Broadway and went to work with John Golden as genral understudy, casting director, play doctor and press agent. Eventually she opened her own publicity and management office.

Her City Center productions include "Cyrano de Bergerac," "The Shrike," "Richard III," and "Charley's Aunt," all starring Jose Ferrer. Also, "What Every Woman Knows," "The Wisteria Trees," and "The Glass Menagerie," starring Helen Hayes. She also produced "The Fourposter," with Jessica Tandy and Hume Cronyn, and "The Time of Your Life," with Franchot Tone.

Last spring she produced "Reunion in Vienna" starring Greer Garson and Brian Aherne, as a spectacular for the coast-to-coast TV program, Producers' Showcase.

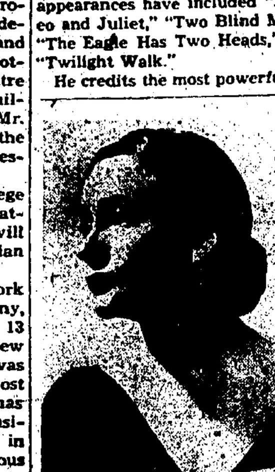

Born in Chicago, Mr. Alswang studied there at the Goodman Theatre. He has designed scenery and done the lighting for 50 Broadway shows. He is the designer for the incoming Theatre Guild production of "Tunnel of Love" and has recently been commissioned to do the scenery for "Hide and Seek" and "The First Gentleman," opening in New York in April.

Walter Brook has made numerous appearances on both the stage and television. His professional theatrical career began in John Gielgud's production of "Hamlet." His subsequent legitimate theatre appearances have included "Romeo and Juliet," "Two Blind Mice," "The Eagle Has Two Heads," and "Twilight Walk."

He credits the most powerful influence on his dramatic technique to Franchot Tone with whom he acted in "The Second Man." He has appeared in many Studio One television productions, and last week he starred with Franchot Tone in the Kaiser Aluminum show, "Throw Me a Rope."

Mr. Shapiro, a resident of Cranford for the past six years, was associated for many years with producers Jed Harris, Fred Finklehoffe, Miss Dalrymple, and Anthony Farell in such hits as "The Heiress," "Red Gloves," "The Traitor," "Affairs of State," "The Fragile Fox," and "Anchors Aweigh."

Currently he is production manager for "Hide and Seek," going into rehearsal shortly starring Franchot Tone, Basil Rathbone, Geraldine Fitzgerald, and Isobel Elsom.

Assembly Seat Candidacy Told By Mrs. Murray

Union County's vacant seat in the General Assembly, created by Mrs. Florence P. Dwyer's election to Congress, should be filled by a woman candidate, according to Anna M. Murray of Summit, who today announced her entrance in the primary contest. Mrs. Murray will wage her campaign under the "Alert and Sincere Republican" banner previously used in presenting herself to the voters of Union County.

Pledging full-time service and stressing the necessity for voting deferred legislation into law, Mrs. Murray outlined the major issues on which she will campaign. These include completing legislation to insure an adequate water supply, reapportionment of Assembly seats, a tax convention and improvement of election laws.

"There is a definite need for legislation to control the use of eavesdropping and wiretapping devices," she declared. Other issues, she added, embrace legislation for mental health and State Welfare agencies. She also urges a "frank and realistic approach to educational needs in New Jersey to provide increased aid for local school districts and Rutgers University."

Active in Republican circles for many years, Mrs. Murray was a candidate for the Board of Freeholders in the past two General Elections.

Mrs. Murray was a member of Governor Driscoll's committee on local health administration which drafted a new health bill for the State of New Jersey. She has been a Republican committeewoman for many years, is a former member of the Young Republicans and presently a member of the Union County Federation of Republican Clubs, Inc., and the State Women's Republican Club.

She is a charter member of the New Jersey Council for Local Public Health Services, a member of the League of Women Voters and a retired active member of the Summit Playhouse Association.

Mrs. Murray, the wife of Archibald Murray, an inland marine insurance underwriter, is a Vassar graduate and engaged in teaching for seven years.

This was announced at a recent troop meeting. The dinner will be February 13. Cooking will be done by the Mothers' Auxiliary.

The troop was among 17 units that was judged for attendance, proper uniforms and deportment at last week's Red Star Inspection of Union Council. An average of 98.74 was awarded to the troop of which Dennis Lynch is scoutmaster.

Equipment Theft Solution Reported

Solution of the theft of last October of surveyor's equipment valued at $475 and an electric saw valued at $160 from a shanty at the site of the new school under construction on Livingston avenue was reported this week by Police Chief Lester W. Powell.

Arraigned before Magistrate Charles J. Stevens last Thursday in connection with the case, Leroy DiFranco, 35, and Bernard VanOrden, 29, both of Elizabeth, were held without bail for action of the Grand Jury.

The two men were taken into custody by the Elizabeth police on several theft allegations last week and on arraignment there were committed to the Union County Jail in default of bail of $2,500 each.

Chief Powell sent Det. Lt. Ralph J. Koury and Detective A. Frank Burg to Elizabeth to question the pair, and the chief reported they signed statements admitting responsibility for the thefts here.

Concludes Long Career As Newspaper Editor

Charles H. LaTourette, father of Mrs. Forest H. Blanding of 120 Herning avenue, retired Friday as associate editor and columnist of The Princeton Packet in Princeton. His column, "Lookin' 'Em Over," which appeared without interruption every week since 1928, ran for the last time in last Thursday's issue.

Mr. LaTourette assumed the editorship of The Packet, New Jersey's oldest weekly newspaper, in 1917 and became editor and publisher of the paper in 1921. From that time until early 1955 he combined the responsibilities of editor and publisher.

He sold The Packet on February 1, 1955, to Bernard Kilgore, Princeton resident and publisher of The Wall Street Journal.

The retiring newspaper man was presented with a Citation of Appreciation by the Princeton American Legion post for his support of many projects initiated by the Legion during the past many years. There also were letters of commendation for the services of the retiring publisher from municipal officials and business and civic leaders in last week's issue of The Packet.

Doing the will of God leaves me no time for disputing about his plans.—G. Macdonald.

She shops miles of store aisles in minutes!

Without moving out of her chair, she's shopping all over town, as you do when you read your paper. It's the advertising in it that makes this possible . . . and so easy. The advertising in home town newspapers saves people countless hours of trudging about from store to store, finding out what is new, what's on sale, who sells it and how much it costs. The saving on the wear and tear of your nervous system alone would make advertising worth while. But advertising helps you in many other ways, too.

Advertising tells you what's good about a particular product, how it will help to make your housework pleasanter, your life more exciting. You count on advertising to point out a product's washability and durability, strength or construction, how it cleans or nourishes, price and cost of operation.

So that when you do go shopping, you know almost as much about your purchase as the man who manufactured it. Because of this modern-day convenience, advertising, you're the best prepared shopper in the world!

Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following (182:32-4): "The law of Christ, or Truth, makes all things possible to Spirit; but the so-called laws of matter would render Spirit of no avail, and demand obedience to materialistic codes, thus departing from the basis of one God, one lawmaker."

The Golden Text is from II Corinthians (3:17): "Where the Spirit of the Lord is, there is liberty."

Thought for the Week

By REV. ARNOLD J. DAHLQUIST, PASTOR CALVARY LUTHERAN CHURCH

The following message was prepared by the Rev. Dr. Martin Luther King, minister of the Dexter Avenue Baptist Church, Montgomery, Ala., one of the leaders in the fight for non-segregated seating in public transportation. This annual message was adopted and published by the Department of Racial and Cultural Relations of the National Council of Churches of Christ in the United States of America:

FOR ALL—

A Non-Segregated Society

"... you are all one in Christ Jesus."
— Galatians 3:28.

All men, created alike in the image of God, are inseparably bound together This is at the very heart of the Christian gospel. This is clearly expressed in Paul's declaration on Mars Hill: "God who made the world and everything in it, being Lord of heaven and earth ..." made from one every nation of men to live on the face of the earth ... Again it is expressed in the affirmation, "There is neither Jew or Greek, there is neither slave nor free, there is neither male nor female; for you are all one in Christ Jesus." The climax of this universality is expressed in the fact that Christ died for all mankind.

This broad universality standing at the center of the Gospel makes brotherhood morally inescapable. Racial segregation is a blatant denial of the unity which we all have in Christ. Segregation is a tragic evil that is utterly un-Christian. It substitutes the person-thing relationship for the person to person relationship. The philosophy of Christianity is strongly opposed to the underlying philosophy of segregation.

Therefore, every Christian is confronted with the basic responsibility of working courageously for an non-segregated society. The task of conquering segregation is an inescapable must confronting the Christian churches. Much progress has been made toward the goal of a non-segregated society, but we are still far from the promised land. Segregation persists as a reality.

The problem of segregated housing remains a critical one in every section of the nation. Segregated transportation facilities continue. Many communities are complying all too slowly with the Supreme Court's decision on desegregation in the public schools. Some states have risen up in open defiance, with their legislative halls ringing loud with such words as "interposition" and "nullification" and with schemes of evasion. The churches themselves have largely failed to purge their own bodies of discriminatory practices. This evil persists in most of the local churches, church schools, church hospitals and other church institutions.

The churches are called upon to recognize the urgent necessity of taking a forthright stand on this crucial issue. If we are to remain true to the Gospel of Jesus Christ we must not rest until segregation is banished from every area of American life.

Any discussion of segregation in America against the background of moral principles emphasizes the urgent need for prophetic voices. To be sure, there are communities which are successfully integrating schools and there are courageous persons in many communities who are standing steadfastly for the principles of Christian love and justice. Nevertheless, there remains need for more people in every community to join them in crying out as Amos did, "... let justice roll down as waters, and righteousness like an over-flowing stream." [illegible] they will obey the eternal demands of the Almighty God, or whether they will capitulate to the transitory demands of the defenders of segregation.

There are those who are telling us "to slow up" in the move for a non-segregated society. But the true Christian knows that it is morally wrong to accept a compromise which is designated to frustrate the fulfillment of Christian principle The time is always ripe to do right. It is true that wise restraint and calm reasonableness must prevail in the process of social change. Emotions must not run wild, and the virtues of love, patience and understanding goodwill must dominate all of our actions. But these considerations should serve to further the objective and not become a substitute for pressing on toward the goal. We face the hard challenge and the wondrous opportunity of letting the spirit of Christ work among us toward the goal. We face the hard challenge and the wondrous opportunity of letting the spirit of Christ work among us toward fashioning a truly Christian nation.

If we accept the challenge with more devotion and valor, we can speed the day when men everywhere will recognize that we "are all one in Christ Jesus."

Race Relations, Boy Scout Sunday Observances Slated

In both services at Calvary Lutheran Church this Sunday, recognition will be given to Race Relations Sunday, an annual observance of those churches which participate in the National Council of Churches of Christ in the United States of America, and to Boy Scout Sunday.

During the services members of the Cub Pack, Boy Scout Troop and Explorer Post belonging to Unit 84, sponsored by the Brotherhood of Calvary Lutheran Church, will assist with the ushering and in reading the scripture lessons. Other members of the unit will attend the services in uniform.

Church school convenes at 9:30 a.m. The adult Bible class meets with the pastor also at this time. A nursery is held during the 11 o'clock service for children whose parents attend the worship service.

First Youth Concert This Saturday

If ticket sales are an indication of actual attendance, then young folks will be at Cranford High School auditorium Saturday morning in a near-record turnout, according to Mrs. Lawrence M. Tucker, chairman of Community Concerts for Young People. On that day at 11 o'clock, Gerald Quinlan of Morristown will direct a group of talented musicians in a program of numbers composed especially for band.

Mr. Quinlan will direct the following: "King Cotton" (March), by Sousa; "Overture Dramatique," by Andrieu; "First Suite for Band," by Gustav Holst; "Who's Who in the Band," by Philip Gordon; "Jabberwocky," (bassoon solo), by Walters; "Suite of Old American Dances," by Bennett; "Fairest of the Fair" (march), by Sousa.

During the course of the program there will be a period during which Mr. Quinlan will encourage questions from the floor which he will answer on the spot.

Acting as ushers for the entire series of concerts, in groups of six to each program, will be 18 members of Mrs. Robert Harmon's Girl Scout Troop 21. These girl scouts will be earning credits in certain phases of their music appreciation badges, and will be in uniform.

Mrs. Erenst W. Schroeder, ticket chairman, stressed the fact that tickets for single performances may be obtained at the door at each concert. Those who still wish to buy tickets in advance for the entire series of three concerts or for any single performance, may do so by calling Mrs. Tucker, Mrs. Schroeder, Mrs. Homer J. Hall, Mrs. Edwin Aaron, or any PTA music chairman or class mother.

In Garwod, concert liaison committee member is Mrs. W. Joseph Choborda. Special invitations to attend the concerts have been extended to young people of all neighboring communities.

Second and third concerts in the musical series are scheduled for March 2 and 30, respectively.

Cranford's "first lady," Mrs. John L. Brennan, is shown at the door of her home at 320 Casino avenue receiving first tickets for the series of three Community Concerts for Young People to be presented in the auditorium of Cranford High School starting this Saturday. Delivering the tickets is Mrs. Lawrence M. Tucker, chairman for the project, and the interested observers are Mary and Peggy Brennan. Second and third concerts are scheduled March 2 and 30. Tickets may be obtained at the door.

Parkway Bridge Safety Project Plans Announced

The Centennial avenue and Raritan road bridges here are among those included in plans of the New Jersey State Highway Department to install especially designed wire mesh fences on the parapets of all bridges overpassing the 13-mile toll-free section of the Garden State Parkway in Union and Middlesex Counties, it was announced today.

The fences will aid in preventing children from walking on the parapets or climbing the railings. They will extend four feet above the sidewalks and will be located on the inner face of railings and parapets.

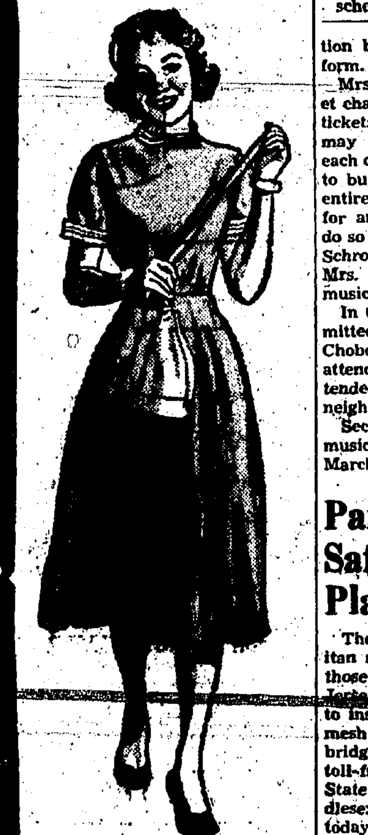

While no accidents have been reported to date, State Highway Commissioner Dwight R. G. Palmer believes the installations are warranted by the increased pedestrian travel at all 12 overpasses. He said the work will be contracted for as soon as construction drawings for the entire project are completed.

In the interval the commissioner urges all parents to cooperate with the State Highway Department in stopping the dangerous practice of walking on bridge parapets. This, he said, would include instances where adults are reported as assisting in the dangerous practice by holding the hands of small children.

Forbes Tells Governorship Candidacy

State Senator Malcolm S. Forbes (R.-Somerset) announced his candidacy for the Republican gubernatorial nomination before a gathering of Union County Forbes for Governor Clubs at the Winfield Scott Hotel in Elizabeth last Wednesday night.

"Obviously, substantial party unity behind the nominee is indispensable to the election of a Republican governor," Senator Forbes declared. "My availability as a candidate has been known; my desire to conform that personal interest and ambition to the needs and welfare of our party and the people of this state has been an equal but less publicized factor.

"It is especially gratifying that leaders of the Republican party have emphasized that their decisions reflect the sentiments of the overwhelming majority of the Republican and Independent voter groups in their counties. This is particularly significant since, it is my absolute conviction that there is no basic difference in the objectives sought by the Independent voter, and the objectives of the Republican party and its leadership.

"A Republican party in New Jersey must be a strong, harmonious and unified instrument for furthering the principles of good government.

"My every effort in the week ahead will be dedicated to translating these principles into a detailed and constructive program which our Republican party can present to the people of this state."

Creative Art Group Hears Westfield Artist

Understanding between the public and the artist was the subject of of Meyers Rohowsky, Westfield artist, as he addressed the Cranford Creative Art Group's first meeting of the year in the Municipal Building last Wednesday night.

"Man's most important asset is his ability to perceive," the speaker declared. "And creativity is the conflict between man's ideas and the realization of the rawness of his environment.

"The artist is prophetical because of his keeness of perception and his concept of present and future," Mr. Rohowsky continued. "His glimpse of the universe is true because of his sharpened awareness of its deep and far-reaching meaning, in spite of the fact that the human observer must take his bearings from the moment in space within which he finds himself. And, like the prophet, the artist needs an understanding, sympathetic audience, for without the observer, the artist exists in a vacuum."

Mr. Rohowsky went on to say that Modern Art should be approached with an open mind, for it represents the philosophical and psychological history of modern man. He quoted Picasso's statement, "People who try to understand paintings are barking up the wrong tree," and declared that the artist intends his pictures to be enjoyed emotionally rather than intellectually.

The speaker was introduced by W. Carl Burger, program chairman. His talk was followed by a discussion period.

A slate of officers for the ensuing year was presented by the chairman of the nominating committee, Mrs. James B. Brewster, and the following officers were elected:

President, Mrs. Charles H. Paul; vice-president, Mrs. Frederick S. Greenawald; corresponding secretary, Mrs. Robert H. Seavy; recording secretary, John R. Bates; treasurer, Mrs. Michael Bercik, and advisory board member, Mrs. Elven Sheahan.

'Mrs. Murrow' Conducts Interview

Scene in "Parent-to-Parent With Edwina R. Murrow," dealing with family problems, as presented at joint PTA parent education meeting in Walnut Avenue School last Wednesday night. Left to right in the picture are: Mrs. Claire Pollack, Sam Ayers, Julius Babat, Holly Millius, Mrs. Clifton H. Cox, Mrs S J. Weil and Mrs. Leonard H. Silver.

Television Technique Used In Family Problem Analysis

A record turnout of interested parents was reported for the presentation of "Parent-to-Parent with Edwina R. Murrow," a dramatized treatment of the problems of an emotionally upset family in the format of a live television broadcast, at a joint PTA parent education meeting in the Walnut Avenue School last Wednesday night.

An appeal for help was made by "Mrs. Murrow," who interviewed the "Mason Family," and a panel with Mrs. Murray Levine as moderator assisted the audience in delving into the problems in an all-out effort to arrive at solutions acceptable to the family.

One member of the panel, Dr. F. F. Schartenberg, a psychiatrist, summarized the situation as follows:

"Periods of rebellious behavior are common. Experiencing with new ideas, and friendships, is an important feature. All this is less turbulent when accepted and tolerated.

"There is a need to accept the adolescent as an individual seeking his own values, rather than making him a vehicle for the parents' ambitions. One should point out that regardless of all discussion, parents need not feel too guilty in general; children are resilient and can tolerate a lot.

"A relaxed, understanding, warm family atmosphere, where everybody finds tolerance and feels free to air his problems, is a good safeguard against gross maladjustment."

Mrs. Ruth Janovsik, supervisor of elementary education, emphasizing Cranford, Fairlawn, Summit, Linden several points concerning the relationship between the school, the child and the parents:

"The classroom teacher in the elementary school certainly plays the greatest single guidance factor during the school day.

"Guidance as far as helping the child to adjust starts when he enters kindergarten and continues from that time through high school.

"The school can work closely with the parent and child to encourage cooperation so that the child is given every opportunity to develop in accordance with his ability."

Other members of the panel included Mrs. Bert Backinoff, Mrs. Albert Chodash, Dr. Alva Bazemore and Leonard Silver.

Mrs. Leonard H. Silver took the part of Mrs. Murrow, while members of the family were portrayed by the following: Sam Ayers, son; Julius Babat, father; Holly Millius, daughter; Mrs. Clifton H. Cox, mother.

Mrs. S. J. Weil served as mistress of ceremonies, and the parts of cameramen were taken by Mrs. Leo Pollack and Mrs. Milton Auerbach.

Arrangements for the program were in charge of Mrs. Silver as Walnut Avenue PTA parent education chairman, with Mrs. Pollack as co-chairman, and Mrs. Auerbach, Brookside Place chairman.

Cub Scouts Graduated

Three Cub Scouts were graduated from Pack 75 in ceremonies at the Methodist Church Saturday evening. Don Conventry, Dick Johnston and Michael Jakubowski were presented with their graduation cerificates by Cubmaster Jack Warrington. They were welcomed into Boy Scout Troop 75 by Assistant Scoutmasters H. Sjursen and J. Olsen, and given their new neckerchiefs.

Other awards made at the pack meeting were:

Wolf badge, Walter Doney, Ronald Meeks; bear badge, Rusty Greer, Kenneth Morris, John Leland, Ronald Stanley; lion badge and arrows, Ronald Nakashima; arrows, Kenneth Morris, Ronald Stanley, Wayne Garretson.

Year pins went to Rusty Greer, Gregory Chester, Donald Coventry, Richard Johnston; assistant denner stripes to John Leland and Walter Doney, and denner stripes to Donald Dixon and Rusty Greer.

Den 6 told the cubs about some of the planets. Dens 2 and 10 presented a skit showing space men landing from a rocket.

The cubs will attend church Sunday in observance of Boy Scout Week.

K. E. Morris, chairman of the Blue and Gold banquet committee, announced that the dinner will be held at the church on March 2. The next parents' committee meeting will be held February 18, Harold Chester, chairman, reminded all parents.

Mayfair Market Opens Ninth Unit

This ninth unit of Mayfair Markets has many innovations for shoppers, including speedy electric check-out stands, magic carpet exit doors and plenty of free parking space.

Mr. Kaufelt reported that Mayfair's 10th unit is planned for opening in early March in Red Bank.

Local Nominees For Academy Appointments

David George Ward of 347 South Union avenue and Raymond John Litwinet of 948 Lincoln avenue are among five Union County youths who have been nominated by Congresswoman Florence P. Dwyer for appointment to the United States Air Force Academy in Colorado Springs, Colo.

The Union County group will compete with the nominees of other New Jersey representatives and senators for the eight vacancies to the academy allotted New Jersey this year. The eight state-wide nominees having the highest composite marks in the competitive examinations and passing Air Force physical examinations will receive the appointments.

Physical examinations and a four-day series of Air Force aptitude tests will be given the nominees at Mitchell Air Force Base late this month, and they will take College Board entrance examinations on March 16.

Those receiving appointments will enter the academy in July.

Although nominations for the Air Force Academy are now closed, Congresswoman Dwyer said that she still has openings for youths wishing to apply for entrance to the United States Merchant Marine Academy at Kings Point, L. I. These nominations close February 22.

God of Fire

Vulcanus, the Roman god of fire, suggested to modern man the appropriate name of volcano for such erupting giants as the Mauna Loa in Hawaii. The fabled abode of the god was Sicily's Mt. Etna where his blacksmith helpers were believed to work at subterranean forges.

Tax Rise of 80-144 Points Shown by Municipal Budget

KENILWORTH — Borough Council Tuesday night introduced a municipal budget of $579,298.51, an increase of $39,387.82 over the 1956 figure. The estimated tax rate will be $7.92 per $100 assessed valuation, up 80 points from last year.

In the explanatory statement issued by the auditor with the budget, it was pointed out that there will be a further increase of 64 points if the special proposal on the ballot at the school election next Wednesday is approved. This is the $75,000 item for renovation of the Harding School auditorium.

Public hearing on the municipal budget will be at 8 p.m. March 5 in Borough Hall.

The 1957 operating appropriations, according to the explanation, reflect an increase of $14,890 in salary and wages and provides for increased personnel in the police department, and $12,335 in other expenses, primarily for police, roads, garbage and trash removal, public buildings, employes' group insurance and public events and celebrations.

Levy for local municipal purposes in 1957 is $299,753.51, an increase of $37,387.82.

Local school district purposes account for $316,990.80, up $46,060.98. If the special $75,000 proposal goes through, the school increase will be $75,000 higher, or $121,060.98.

The borough's share of the Regional High School district taxes is estimated at $170,151.28, an increase of $46,197.05. The 1957 levy for county taxes is estimated at

Council Backs NYC Bus Run

KENILWORTH — Borough Council Tuesday night passed a resolution endorsing action of the Public Service Coordinated Transport in applying for a bus line between Kenilworth and New York City.

Mayor Walter E. Boright said the council will do all in its power to seek approval by the Interstate Commerce Commission of the bus line's application in view of the "large number of requests we have gotten for such service."

If approved, it would be the first bus service between this township and the metropolis in the 50-year history of the borough, according to Borough Clerk Philip McGarry.

The Public Service is seeking approval of a run from Kenilworth to the Port of New York Authority bus terminal at 41st street, New York City, via Route 28 and Route 1.

An increase of 12 per cent in attendance at the Family Bible Hour was reported by David Easton, who also said that Sunday morning attendance had been above 300 every week since the beginning of October, with three exceptions.

WILLIAM J. BRODERICK, SR.

Broderick Is Returned To Board

SPRINGFIELD — William J. Broderick, Sr. of 516 Oak street, Kenilworth, was elected without opposition Tuesday to his second three-year term on the Regional High School Board of Education.

Voters of the six municipalities comprising the school district supported the budget by an overall margin of 4-1. Kenilworth, however, approved the current expense figure of $949,065 by the narrow margin of 32-25 votes. Other communities voted as follows: Garwood, 24-5; Clark, 34-2; Mountainside, 53-16; Berkeley

Observers Predict Defeat of Budget

KENILWORTH — School district voters will go to the polls next Wednesday to accept or reject a Board of Education budget of $412,652 for the 1957-58 school year and elect three new members to the board.

Balloting will be from 2 to 9 p.m. in Harding School.

Most observers familiar with the general feeling among the voters predict that the budget will be rejected despite the fact it was pared by $31,688 before last week's public hearing. The cuts were attacked by most of the more than 400 residents present as insufficient.

The only other time a budget was defeated here in the memory of school officials was in 1949, during a political upheaval. Mayor Fred Pitten and members of Borough Council then attacked the board's plans for the original addition to Harding School as too costly.

A school official said the original amount was $250,000 and it was defeated along with the budget. However, when the addition was finally constructed, the cost was $330,000 and double sessions were necessary in the interval, it was recalled

Mayor Walter E. Boright, one of the leading attackers of the present budget, was a member of the board at that time.

Most of the opposition to the budget this time centers on the $45,140 increase in the teachers' salary item over the current budget. Despite many complaints at the hearing, the board refused to cut any teacher increases, stating they will just comply with new state regulations expected to pass the legislature next year.

Also heavily attacked was a special $75,000 proposal for renovation of the Harding School Auditorium.

Under the revised budget, the amount to be raised by taxation would be $285,829, up $28,368 from the current figure. This would cause an increase of about 28

Methodists Retain Three As Trustees

KENILWORTH — Herbert M. Becker, 30 North 11th street, George Fairchild, Sr., 24 South 18th street, and William C. Smith, 16 North 11th street, were reelected to the Board of Trustees of Community Methodist Church at its annual congregational meeting held last Sunday evening in the church social hall. The men will serve three-year terms and constitute one-third of the Board's total membership of nine.

Mrs. Andrew Ogden, the congregation's oldest charter member, was elected to the position of honorary steward, a position that carries life membership and that affords her the privilege of attending meetings of the Official Board, the church's administrative body, as often as she feels able.

Mrs. Ogden, who live with her daughter and son-in-law, Mr. and Mrs. William Schubert, 675 Fairfield avenue, has for years been an active steward and Official Board member. A floral bouquet was presented to her in recognition of her faithful service to her church.

In his report the Rev. Nishan Najarian, educational assistant, announced that late this spring he would accept a student pastorate in the New York East Conference of the Methodist Church and at that time resign his two year ministry at Kenilworth.

Commenting on the Rev. Mr. Najarian's announcement the Rev. John R. Dexheimer, pastor, said, "We rejoice with him in contemplation of the big forward step

Bayonne Base Commander Speaker at Scout Dinner

KENILWORTH — The contribution that the Boy Scout program and the training makes to the lives of boys who eventually serve America in the uniform of its armed forces will be the theme of a brief address by Rear Admiral Frederick L. Hetter, U. S. Navy, at a dinner to be held in connection with the 1957 Kenilworth Boy Scout Fund Drive Tuesday evening at the Hitchin' Post Inn, Route 22, Union.

The dinner is being jointly sponsored by the Kenilworth Lions, Optimist and Rotary Clubs and by the Kenilworth Manufacturers Association. Letters To The Editor

Kenilworth, N. J.
February 4, 1957

Editor, Citizen and Chronicle,
Cranford, N. J.
Dear Sir:

The Board of Education of Kenilworth, New Jersey, in consideration of the taxpayer, has drastically revised the original proposed budget from 96 points to 28 points. As a result, many of the items beneficial to furthering and broadening the education of the children in this community have been eliminated. However, this does not seem to concern the people and parents who have stated that "if we want our children to get culture, we will send them elsewhere." Needless to say, this and the other opinions that were expressed by the people present at the budget hearing Monday night, January 28, have had considerable effect upon the teaching staff of the Kenilworth public school system.

We have never felt we were a "powerful organization" banded together for the sole purpose of extorting money from the taxpayer. On the contrary, our main interest has been and will always be, to educate the public school children of this community to the best of our ability, with no stone left unturned in order to help each and every child develop into a mature, intelligent adult—a credit to his community.

We have been deeply hurt by the unwarranted antagonism of the people toward the teaching and administrative staff of the public school. It is something we cannot understand in view of the fact that so much extra effort has been put forth by us in order that the children may receive an education comparable to surrounding communities. Not one word was spoken favorably by any person present at that hearing.

We have been told that all the people in Kenilworth do not feel the same as those who voiced their objections do. If this is so, then

that he is soon to take. All that he has accomplished among us testifies to the good fortune of our sister Conference." The New York East Conference includes Brooklyn, Long Island and parts of the southern shore of Connecticut.

The Rev. Mr. Dexheimer praised the Board of Trustees for its recent decision, announced earlier in the meeting by Adolf Paterson, board chairman, to make every effort to break ground for the church's new educational building this spring. Noting that the trustees will review final plans and specifications as drawn up by the architectural office of Stephen Potter of Union at a meeting this week, the Rev. Mr. Dexheimer stressed the need for all members of the congregation to do their utmost to keep payments on their building fund pledges up to date.

"Everywhere we look," the pastor pointed out, "we see our church growing. To take full advantage of this continuing upsurge we need more room, and we need it immediately." He urged the people to give and to pray that "the great work which we have begun" might soon be completed.

The Rev. Roland L. Luerich, superintendent of the Southern District of the Newark Annual Conference, presided over the meeting which followed a covered dish supper served by the Women's Society of Christian Service.

points in the tax rate, if passed.

The Kenilworth Teachers Association, in a release issued today, called on the populace to approve the budget. The teachers figure the 28-point increase will cost the average home owner about 64 cents a month.

Teachers are not all getting large increases, the KTA release states. The revised salary scale for all New Jersey teachers makes it necessary that they be placed on the correct step of the guide, the teachers stated. Teachers with previous experience must be given credit for it according to law.

"Some teachers have received additional degrees and credits for which the law states they must be compensated. Also, the Board of Education has tried to bring the teachers up to the salaries comparable with other teachers in the Regional district," the KTA stated.

Voters will cast separate votes on the three main sections of the budget. They are $265,854 for current expenses, $8,975 for repairs and replacements, and $11,000 for capital outlay, land, buildings and equipment. This adds up to $285,829 to be raised by taxation.

Participate In Phase 2 Of CD Test

Among those assisting in carrying out of "Operation Ready No. 2" at Union County Civil Defense and Disaster Control headquarters in Scotch Plains last week were Police Chief Fred Falzone of Garwood, as police coordinator; Capt. Wesley D. Hoesly of the Union County Park Police, who resides at 20 Adams avenue, as deputy police coordinator, and Mrs. Florence B. Slocum of 18 Oneida place, Union County welfare director, as welfare coordinator.

John Herr, radio officer of the Garwood CD setup, maintained radio communication with State CD headquarters in Trenton during the exercise. Among those assisting with clerical work was Mrs. Theresa Scheidegger of Kenilworth.

County Coordinator Addison C. Ely of Westfield commended all members of his staff for efficient carrying out this second phase of a state-wide exercise which had its beginning on November 29.

Last Thursday's activity was devoted to estimating surviving resources and requirements after the assumed falling of a four megaton bomb (equivalent to 4,000,000 tons of TNT) on Hillside, supposedly wiping out that community and seriously damaging everything within a nine-mile radius.

In part one of the paper exercise last November it was determined that 182,000 persons were "killed" and 60,000 "injured" in the county.

With County Coordinator Ely and Deputy Coordinator Howell L. Hodgskin of Roselle Park presumed casualties in the bomb fall, Fire Chief F. F. Donovan of Plainfield as third in command directed Thursday night's operations.

As the two-hour exercise drew to a close at 10 p.m., it was assumed that Acting County Coordinator Donovan also became a casualty, so Edward M. Townsend of the Bayway Refinery of Esso Standard Oil, industrial coordinator, will be in charge when the exercise is resumed again on March 14.

"Operation Ready No 3" will deal with mobilization and dispatching of manpower and equipment requisitioned during the second phase.

Final phase of the test, in which the public will participate, will take place in the latter part of April.

Assists Planning For Symposium

G. E. Charles Wear of 18 Tulip Street is assisting with plans for a regional analytical symposium which will open tomorrow at the University of Pennsylvania Museum in Philadelphia. The meeting is being sponsored by the North Jersey Section and the Philadelphia Section of the American Chemical Society and the Metropolitan Microchemical Society.

Dr. Wear, who is a member of the products research division of the Esso Research and Engineering Company, Linden, is chairman of the analytical group of the North Jersey Section of ACS.

The meeting will feature four internationally famous analytical chemists. They are Clement Duval of Paris, Hermann Flaschka of Cairo, Wolfgang Schoniger of Basel, Switzerland, and Wolfgang Kirsten of Uppsala, Sweden.

Of the 150 persons expected to attend the all-day meeting, 75 are anticipated to be there from the North Jersey Section.

B. C. Belden of Cranford was named chairman of public relations and Mrs. Belden was named finance chairman as Mrs. H. L. Whitenight of Westfield, newly-elected chairman of the development committee for the new Girl Scout eight-council consolidation, named sub-committees at a meeting last week in Westfield.

Local residents named to serve on various other committees included: Mrs. Hollis Leland, employed personnel; Mrs. Albert Gessler, office and equipment; Mrs. Morse Shepard, fund drive analysis; Mrs. Robert G. Hoyt, organization; Mrs. Dwight Copeland, camp, and Mrs. Ira Kerzman, program and education.

Mrs. R. C. Simons of Cranford was among eight members selected from a multiple slate of 14 candidates to serve on a membership-nominating committee to secure people for the board of directors to be elected on charter day, May 1.

Last week's meeting marked another stage of progress in the work of consolidating eight Girl Scout councils to give broader and better services to 10,000 Girl Scouts.

Headquarters for the consolidated council are expected to be in Westfield, with district offices in Cranford, Elizabeth and Plainfield. The eight councils involved in the consolidation cover almost a geographical band from Elizabeth through the Plainfield area.

The development committee selected last week will serve as an interim board of directors for the council-to-be. May 1, set as the charter date, is the deadline for completing plans on staff, offices, districting, budget, coordination of camp facilities, standard training for volunteers, securing a permanent board and finding a name for the consolidated council.

LaCorte Enters Race For GOP Nomination

Hat in Ring

NICHOLAS ST. J. LaCORTE

A three-way race for the two Republican nominations for Township Committee in the April primary developed today with announcement by Public Safety Commissioner Nicholas St. John LaCorte that he is a candidate for nomination for reelection to a three-year term.

Public Affairs Commissioner Ira D. Dorian and former Finance Commissioner John L. Haviland already have their hats in the ring. March 7 is the deadline for the filing of petitions.

In making his announcement, Commissioner LaCorte declared: "Last year the people of Cranford elected me to a one-year term, and I am presently extending my best efforts as commissioner of public safety to justify their faith in me. During the campaign for election last year, I stated publicly that proper town planning was the immediate and most complex problem facing our community and that, if elected, I would devote my best efforts to solving this problem.

"The 1957 Township Committee has started its work on the town planning project and, as a member of that committee, my assignment has just begun—much more needs to be done. I am willing to continue on in my assignment and, if reelected, I shall continue my best efforts to represent all segments of our township in solving the town planning problem as well as the day-to-day problems which arise to confront our rapidly-growing suburban community."

Commissioner LaCorte was educated in the Cranford and Elizabeth elementary schools, received the bachelor of arts degree from Cornell University and a law degree from Rutgers Law School. He has maintained an office for the practice of law in Elizabeth since 1946, continuing the practice of his father, the late Judge S. F. LaCorte. He is a member of the Union County Bar Association.

He is a past grand knight of Elizabeth Council, 253, Knights of

Delivers Talk In Germany

Proved reserves of petroleum in the United States are steadily increasing, E. Duer Reeves of 406 Casino avenue, executive vice-president of the Esso Research and Engineering Company, Linden, told a conference of business leaders in Hamburg, Germany, on Friday.

Mr. Reeves arrived back in this country by plane Tuesday morning after visiting France, Germany and England on business for his company. He left February 4 on the trip.

The conference addressed by the local resident in Germany was arranged by the United States Consulate at Hamburg and attended by German business leaders, principally from the Ruhr area.

Mr. Reeves told his audience that whereas in 1927 the United States was reported as having less than a 12-year supply of oil left, today the same type of statistics show we have a 12½-year supply left.

"Actually, we have produced and sold many times the amount of oil indicated to be left to us when some dire predictions were made years ago," he declared.

"One of the reasons we have been able to increase our proved reserves," Mr. Reeves said, "is because the oil industry has done a great deal of resarch. It is more difficult each year to find oil, but

Women Sought as Aid Squad Members; Auxiliary Forming

Local women interested in organizing an auxiliary to the Cranford First Aid Squad are invited to attend a meeting in the squad's headquarters building, Centennial avenue and North avenue, east, at 8 p.m. on March 5, it was announced today by Mrs. Donald Boothby, temporary president for the group.

Walter M. Cooper, squad president, reported that membership on the squad itself also has been opened to women who pass the required basic and advanced first aid courses. He said they are needed to fill daytime squad posts.

At a meeting in the headquarters building Tuesday night, temporary auxiliary officers in addition to Mrs. Boothby were named as follows: Mrs. Jane Seymour, vice-president; Miss Antionette Cippolla, secretary, and Mrs. Ernest Thomason, treasurer.

All these temporary officers and also Mrs. Doris Schultz and Mrs. Edith Arnold are members of a group which will complete the advanced first aid courses next Tuesday night. They took the basic course at the fall term of Cranford Adult School and have been taking the advanced course at the first aid building under supervision of squad members since then.

Upon receipt of their certificates they plan to become members of the squad itself as well as of the auxiliary. There are no first aid training requirements for membership in the auxiliary alone.

Mrs. Paul Wilson of Plainfield, a representative of the Gold Cross state auxiliary set-up in charge of formation of new municipal units, addressed the local women's meeting Tuesday night.

United Nations Navy Suggested By Cranford Man

A United Nations Navy? Why not asked Brant Coopersmith of 51 Concord street two weeks ago when he barraged influential men in the international organization with letters suggesting such a force to be used now in the tense Middle East.

Noting that land forces have been sent there, Mr. Coopersmith added that one of the two tension spots today centers chiefly along a body of water, the Gulf of Aqaba, from which Israel has refused to withdraw her troops, fearing a new Egyptian blockade. The local man suggests that a token U. N. naval force patrol the area

Rotary Club Set to Present Second Evening of Harmony

The Cranford Rotary Club will present its second annual "Evening of Harmony" at 8:30 p.m. next Thursday in the Cranford High School auditorium for benefit of its charity and scholarship funds.

Advance ticket sales, according to E. C. Wolford, general chairman, indicate a near-capacity crowd will be present for this year's event.

The 75-voice Westfield Chapter Chorus of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc., under direction of Dick Berry, will sing and provide the background harmony. The Westfield Chorus was the area champion in 1953 and 1954 and was an international finalist in the latter year.

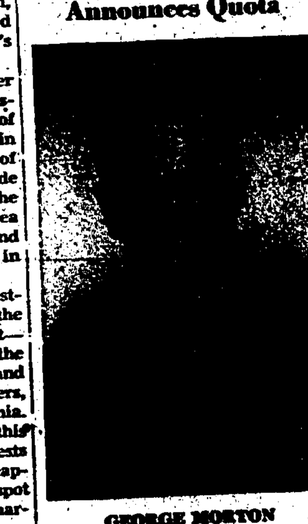

Appearing here with the Westfield Chorus will be three of the outstanding quartets in the East—the Play-tonics of Teaneck, the Easternaires of Jersey City and Cranford, and the Chord Weavers, a girls' quartet from Pennsylvania.

The Play-tonics represented this area in the International Contests in 1954, 1955 and 1956 and captured second place medalist spot in competition with 40 other quartets last year. They have appeared on Barbershop Parades from Maine to Virginia and as far west as Michigan. They have appeared on national television programs and were winners in the Greater New York Annual Ballad Contest in Central Park.

Daniel Heyburn, son of Mr. and Mrs. D. J. Heyburn of 5 Burnside avenue, is tenor with the Easternaires, which were warmly received here in last year's concert. The Easternaires won the Arthur Godfrey Talent Scout program and placed fifth in competition with 40 of the country's top quartets in the international contest in Minneapolis. This group, too, has appeared on barber shop programs

Library Registration System Tallies 6,904 Memberships

As a result of operation during the past year of a completely new registration system, Cranford Free Public Library now has an accurate tally of library members—showing 4,452 adult borrowers and 2,452 children for a total of 6,904—according to the annual report of Library Director Sarah F. Raddin. The new system was inaugurated in August of 1955.

Main improvement in library service during 1956, Mrs. Raddin reports, was the installation of an intercommunication telephone system and the inauguration of telephone service to the public.

"The lights in the reading room were rearranged and four new fixtures were added," the report continues, "thus improving not only the lighting of the room but also its general appearance.

"The front grounds were replanted and a rail fence installed. A corner at the top of the buck stairway was painted and furniture for it was purchased to give the staff members a place, though small, where they might spend their rest periods. This has been much appreciated by the staff. Several pieces of necessary equipment was purchased, including a 72-drawer card catalog for the adult department."

In addition to their regular duties, members of the staff were active in professional and community activities, Mrs. Raddin relates:

"The director represented the library at the League of Women Voters' meeting in May and cooperated with them on their 'Know Your Cranford' booklet. She spoke to the literature department of the Wednesday Morning Club and to a PTA meeting of the mothers of pre-school children.

"Miss Anderson represented the library at a catalogers' meeting in Newark. Mrs. Phillips and the director attended a meeting of circulation librarians at the new O'Donnell Branch in New York City.

"Mrs. Seidel and the director attended the New Jersey Library Association's spring conference at Asbury Park and the director took part in the program on library development at the Association's fall meeting in Montclair.

"Mrs. Turner of the board of trustees and the director represented Cranford at the Library Institute for Essex, Union and Mid-

Fire Chief's Report Urges New Headquarters Building

Prominent among recommendations in the annual report of Fire Chief Howard G. Schindler as submitted to Public Safety Commissioner Nicholas St. John LaCorte and the Township Committee is the suggestion that a new fire headquarters building be given consideration during the coming year.

(The survey report of the Community Planning Associates of Princeton now under study by the Township Committee and other local bodies stresses as one of the first steps for improvement of the town center, "the construction of the urgently needed Police Headquarters and Firehouse on Springfield avenue.")

Chief Schindler's comments on this subject are as follows:

"I recommend that a new fire headquarters be considered."

"In the year 1909 the present building was built. It was built to meet the times. The front of the building is on an angle, therefore we cannot utilize all the space inside at the front. At the time North avenue was not a state highway nor did it have the traffic which it has today. There are times when there is a double line of automobiles standing in front of the building waiting for the traffic lights at either North avenue and Alden street or Spring-

Various other plans of the voters' service committee of the League were formulated at a meeting last Wednesday at the home of the chairman, Mrs. Joseph E. Hawkins, Jr., 103 Holly street. Mrs. M. S. Greitzer was made responsible for providing all polling places on both school election day and primary election day with posters reminding voters to "Leave the Pointers Down" in the voting machine, a measure which helps cut down mechanical vote loss.

At a discussion of Middle East problems at the home of Mrs. Robert Hazeldine last Thursday evening, league members agreed that United Nations action afforded the best chance of settlement of the complex differences, and that economic and technical aid to this

Health Post Salary Fixed By Committee

Introduced and passed on first reading last night by Township Committee was an ordinance fixing the annual salary of the health officer at $5,500 and of the director of welfare at $1,000, effective March 1. Public hearing will be February 26.

This measure will pave the way for the confirmation of appointment of John F. Kunze of South Plainfield, a sanitarian on the Plainfield Board of Health, as Cranford's health officer, effective March 1.

C. J. Stevens, representing St. Michael's Church, advised that Dr. and Mrs. Edward R. Wolfe had conveyed their property at 110 Alden street to the church on January 4 and asked that taxes be expunged. The property is now being used for storage of school equipment, as a temporary office for the school and as a meeting room for various church societies. A resolution was adopted expunging taxes for the last 11 months of 1957.

On petition of 16 residents, street lights were authorized installed at
