the school. Mrs. Bertha Brooks' second grade made baskets for pot holders, while in Mrs. Netty Ziegler's third grade the children printed wishbone and then decorated them with colored sea shells to make gifts for their mothers.

In connection with an astronomy project in Mrs. Ziegler's class individual booklets were made containing stories and pictures of the constellations and a large wall mural was prepared showing the positions of the stars in the constellations.

Sanford Knoller and the pupils in his home room received high commendation from Oliver Cromwell, 8th, in charge of the school thrift program for the Westfield Federal Savings and Loan, for their fine thrift record. The class has had 100 percent participation for five weeks and over 90 percent for two extra weeks.

"This is certainly an outstanding achievement which is seldom equaled in the entire country," Mr. Cromwell wrote. "Other classrooms do reach 100 percent occasionally, but seldom do they hold that 100 percent for as many consecutive weeks. You and your students are indeed to be congratulated. That wonderful saving habits that the students are forming today will stand them in very good stead throughout their lives."

The Junior High Orchestra at Franklin School is busy with a unit on the circus. The pupils are making a circus parade of animals, clowns and bands and "big tops" for a border for the classroom.

David Loveland, Robert Taylor, Howard Harney and Anthony Revendro modeled elephants from clay.

The following wrote stories about the circus and some of the animals; Joan Hidi, Christel-Nordhausen, Patty Miraglietta, John Teuscher, Nancy Green, Jacqueline Kenny and Carolyn Seaman.

Serving as room monitors in Mrs. Ruth Baker's third grade at Franklin are Janice Few, Donald Weiland, Hugh Deane, Thomas Andreola, Janet Criscola and Ronald Yanuzzi.

Cirillo, board president, announced that the board is "sorry to lose such a good member, especially after so short an association."

In France, Mr. Radut will serve as a field engineer supervising construction of a new refinery in Bordeaux. After the work is complete, he will report back to the Esso Research Center, Linden, where he has been employed for the past 10½ years.

Located about 40 miles up a river from the Atlantic Ocean in southwest France, the new refinery will handle crude oil from newly-discovered French fields and also from the Middle East. Construction materials and equipment from all parts of Europe and the United States will be used in the project, he said.

At the Esso Research Center, Mr. Radut's chief assignment in recent years has been dealing with the problem of corrosion in oil tankers.

A native of Union, Mr. Radut is a graduate of Tri-State College, Angola, Ind. and served in the Marines during World War II. He was with the Third Division in Guam and China.

Mr. Radut has resided in Kenilworth nine years. He reports his wife and three children—aged 4 to 9—are eagerly anticipating their 18-month adventure. This will be the first time they have accompanied him on an overseas assignment. He has traveled extensively in the United States on company projects.

LWV Rallying Foreign Aid Cut Opposition

At a public meeting at 8:30 tonight in the Municipal Building, the Cranford League of Women Voters will issue a call for action on the league's stand opposing cuts in foreign aid appropriations. Mrs. Hersey held this same position in 1943 during the league's previous study of water conservation and, since she started life on an Idaho farm, is keenly aware of the need of careful consideration of the "Water Problem" in the state before it becomes a "Water Crisis."

"By 1965 the State of New Jersey will be using 200 million gallons of water per day even with full expansion of present facilities," Mrs. Moody declared in emphasizing the importance of this evening's program.

Copies of the booklet will be on sale tonight and will continue to be available at Harrison's Stationery Store and the Peppermint Pantry.

The Cranford League sent copies of the State League publication, "What Every School Board Member Should Know," to men and candidates for the school boards. This publication was favorably received that the Joint Civic Committee for Encouraging School Board Candidates has requested 35 additional copies for the organizations represented in the committee.

City Council created the Authority in 1952 and presented it with a grant of $27,500 for an engineering survey to determine the need for additional off-street parking facilities. Public Meeting Set On School Rezoning

The Board of Education will explain and answer questions concerning its new rezoning plan for elementary schools, which goes into effect next September, at a public meeting at 8 p.m. Tuesday in the Cleveland School auditorium.

All interested persons are invited to attend the special session, the board announced today.

The rezoning plan authorizes setting up of classrooms, teacher and administrative assignments under the new 6-2-4 reorganization of all school grades on all levels. It was adopted in anticipation of the completion of the addition to the Brookside Place School in June.

Workmen are busy this week and tomorrow transforming the gymnasium into a beautiful ballroom, but still keeping secret the nature of the decorations.

New Date Set For Aid Squad's Coin Card Pick-Up

Because of the Union County Centennial parade this Saturday, the Cranford First Aid Squad has decided to postpone the start of its house-to-house pick-up of ambulance fund coin cards until June 1, it was announced today by Michael Colanceri, fund drive chairman.

Mr. Colanceri suggested that some persons may wish to turn in their cards personally at the squad's headquarters building on Memorial Day, when the building will be open all day for inspection by the public. Cards also may be returned by mail.

Returns in the drive thus far have reached the $5,000 mark, Mr. Colanceri reported.

Board Changes School Zones Under Reorganization Plan

(A full-page map showing new school district lines appears on Page Three of Section Three in today's Citizen and Chronicle.)

The Board of Education today announced an elementary school rezoning plan, approved at its regular meeting on Tuesday, to take effect at the start of the school year in September.

According to the board announcement, the plan "authorizes the setting up of classrooms and teacher and administrative assignments under the 6-2-4 reorganization of all elementary, Junior High School and Senior High School grades."

A public meeting has been scheduled by the board for 8 p.m. Tuesday in the Cleveland School auditorium. Board members will answer all questions concerning the new zoning plan at that session.

New school assignments were made in anticipation of completion of a six-room addition to the Brookside Place School next month and completion of two new elementary school buildings after the first of the year, the board stated.

Decision to put the plan into effect now was made in order that mid-year transfer of classes from one building to another may be effected without any changes in classroom organization, the trustees announced.

There will be "essentially no" changes in either teacher or pupil assignments to classes in both the elementary and Junior High School grades when the building occupancy transfers are made "sometime after January 1, 1958," the announcement stated.

Until the completion of the new elementary school buildings, those classes which will occupy the Bloomingdale avenue unit will begin the year in Cleveland School, and those classes which will occupy the Livingston avenue building will attend the Sherman School.

After these transfers are made, the Junior High grades made up of pupils in the Walnut-Sherman-Livingston-Lincoln districts will occupy the Sherman School, and those in the Cleveland-Roosevelt-Brookside-Bloomingdale districts will go to Cleveland School. Until then all Junior High grades will continue at the High School as at present.

These rezoning moves, classroom organization changes and adjustments in teacher and administrative assignments were approved after long study by the administrative staff and the Board of Education, trustees said. Of major consideration in this study was the maintenance of a proper balance of pupil population in the various zones in relation to the number of classrooms in both new and existing buildings.

Careful consideration was also given to the problem of transportation in these zones. The plan

Cougars Nip Roselle, 2-1

Coach Rollie Massimino's torrid Cranford High School baseball team yesterday took over undisputed leadership of the Watchung Conference with a stirring 2-1 victory over Roselle, its strongest opponent on the circuit this year.

Cranford meets Hillside tomorrow at Memorial Field in another important conference game.

CHS opened the scoring yesterday at Roselle in the second inning. After George Williams singled left and Bernie Hobbie was hit into a double play, Dave Ward singled to left. Ward stole second and then scored on Tom Sweeney's

Jeff Takes County Meet; CHS Seventh

Elizabeth's Thomas Jefferson High track team far out-scored the field to win the Union County Conference track meet last Thursday at Plainfield. Cranford placed a disappointing seventh in the field of 13.

The Tee Jays, exhibiting excellent balance, scored in 11 of the 13 events as they rolled up 40 1/5 points to second-place Plainfield's 30 9/10. Cranford's total was 16 points.

It was the third team title in a month for the torrid Jeffs. Previously, they had won the UCC and Central Jersey relays.

Cliff Jackson of the Cougars took the 100-yard dash in 10.4 seconds. He was the only CHS athlete to win a first place. Steve Lasher of fourth-place Linden was the sole double winner, taking the shot put and the discus.

Jackson also pinced in the 220-yard dash, coming in fifth. Ezio Tarver was fourth in this event. Herb Ehlers captured third in the 440, while Cougar Allinger took fourth in the 120-yard high hurdles. Karl Kaimer placed third in the javelin.

Jefferson's wins were scored by Ben Morrison in the 220 and Paul Manson in the 440. Third-place Union and Linden were the only schools to post three victories.

Cranford's seventh place finish was in sharp contrast to its close second in this meet last season. Plainfield then beat out the Cougars by half a point for the title.

Ronnie Ritter, with two hits and four runs batted in, led the Giants to a 7-1 victory over the American Legion Cardinals. The game had to be called at the end of the fifth inning because of rain.

Neil Castaldo pitched a strong three-hitter for Kiwanis. Henderson started for the Cardinals, but had to be relieved in the third inning by Burke. They yielded only four hits between them, but some poor fielding was their downfall.

Ritter batted a single with a man on third and a line drive double with the bases loaded.

The Indians scored their second win by an 8-1 count over the Builders' General Yankees on Friday. Mike Cavallo started on the mound for the victors and struck out 10 men before retiring at the end of the sixth. A league rule limits pitchers to six innings a week.

"Big Mike" Donovan started for the Yanks and was relieved by Wayne Hopper in the fourth. Henry L. Smithers was the plate umpire.

The Hedenberg-MacBean Dodgers defeated the Cranford Realtors-Rootery Braves, 12-4, on Saturday. Bob Gall started things for the winners by blasting a home run over the center field fence. Gall drove stood at 6-4 until the fifth, when the Dodgers pushed across six more runs to ice the contest. Joe DeFabio tagged a homer with a man on in this frame.

Lou Raimondi, who allowed only four safeties, was the winning pitcher and Mahem was the loser. He was nicked for eight hits.

Charles King hit his second home run in as many games for a league-leading five runs batted in as the Dodgers nipped the Bell's Pharmacy Cubs last Wednesday, 4-3. Joe De Fabio was the mound victor, allowing two hits throughout the six-inning contest.

Last Thursday, the Lehigh Coal Company Pirates trimmed the Cranford Realtors-Rootery Braves, 9-1. G. Krip was the winning pitcher for the Pirates and Abbott took the loss.

The Cards defeated the Lehigh Oil Pirates, 8-5, for their second victory. Bob Montgomery went the route for the Cards and struck out six. Pete Occi, with three hits, led the winners' attack. Krug pitched for the losers and J. Krip received the loss, poling a three-run home run.

In the American League, the Martin Jewelers Orioles pushed the fifth to break a scoreless tie and defeat Cranford Radio Athletics, 6-0. Jim Bair pitched four innings, scattered three hits and got credit for the win. Neal relief pitcher for the A's, took the loss. He relieved Chester Miceli, who pitched three innings of no-hit ball.

R. Abbott, B. Olson, R. Hauk and Howie Millius were leading batters for Martin, while Jim Kerwick, David Orth and Chester Miceli led the A's at the plate.

The Orioles chalked up another victory last Thursday, defeating the Builders' General Yanks, 7-3. Jim Carroll hurled a fine game for Martin, holding the Yanks to five hits. Bob O'Reilly got three hits for the winners, while Rich Hauk and Bob Olsen got two. Konrgan was the losing pitcher. George Slocum led the Yank batsmen with a double.

On Saturday, the White Sox trounced the Tigers, 9-3. Bill Fitzgerald struck out 12 Tiger batters and allowed but four hits. Erdmann, Kelly and Henehan hit well for the winners. Ackland got two safeties for the losers. O'Brien was the losing hurler.

The St. Michael's Holy Name Society bowling team bested combines representing HNS units from Westfield, Summit, Garwood, Scotch Plains, Fanwood, Roselle Park and Linden to win the championship of the Garwood section of the Union County Holy Name Bowling League, last week.

Captained for the past six years by the late Milton Reinhart, the team now is led by Joseph Brucato, acting captain. Other team members are: William Ford, George Salway, Charles Stevens, Jr., Donald Reinhart and Al Kantner.

St. Michael's bowled in the Union County tournament of champions Sunday. Joseph Brucato had a high single game of 257 and the team's average was among the highest — 3,078.

The team bowled yesterday against the winners of the Railway Section of the HNS League and will represent the county league in a match with representatives of the Essex County HNS tonight at Scho Lanes, Mountainside.

Following tonight's match, the local society will fete the teams.

Watchung Track Meet Tomorrow

The Cranford High School track team will attempt to make it two consecutive Watchung Conference championships tomorrow afternoon when the second annual event takes place at Clark Regional's beautiful layout.

Coach J. Seth Weekley predicted yesterday that the meet will be a close one. "Cranford, Hillside, Roselle and Scotch Plains all have their strong points and no one will run away with this meet," he said. Clark, the fifth entry, is expected to trail the others.

Most of the Cougar team is in good physical shape, the coach reported, and he plans to enter the maximum of five men in most events in an all-out effort to win.

Last year, the Blue and Gold scored in 12 of the 13 events to dominate the meet. Cranford scored 70 2/5 points to 42 7/10 for runnerup Hillside.

Voorhees Named Captain of Team

Frederick Voorhees, son of Mr. and Mrs. Frederick F. Voorhees of 7 Balmiere parkway, has been named captain of the track team at Fairleigh Dickinson University, Rutherford, for the 1957-58 season.

Voorhees was the highest scorer this season, winning six of eight starts in the 100-yard dash and seven of eight in the 220. He holds the university record of 10 seconds flat in the 100-yard event and also the school mark of 22.5 in the 220.

His twin brother, Harold, is a leading member of the University of Rhode Island track team. Both participate in indoor and outdoor track.

Plainfield Trounces Cougar Tennis Squad

Dropping all the singles matches and one doubles match, Cranford High's tennis team lost, 4-1, last Friday to Plainfield at the Queen City.

Steve Haveson and Paul Morrison each went down 6-3, 6-2 in the first and second singles and Jim DiClerico also lost his match in the third singles.

Haveson and Charles Scher stuck it out for three sets in the first doubles but they couldn't come up with the winning second set. The scores were 7-5, 5-7, 9-2.

Again, it was the second doubles team that came through for the Cougars, as Bill McAteer and Pete French won 4-6, 6-1, 6-3.

Bahr National Champ

Edward Bahr of 32 West Holly street broke 94 of 100 targets to win the National Double Targets shooting championship recently at the New York Athletic Club's Travers Island range.

Firing rounds of 28, 19, 27 and 20, the 35-year-old excavating contractor finished one target ahead of Dick Shaughnessy of Dedham, Mass., the 1954 champion.

The difficult three-day competition requires that each contestant fire on two targets that are released simultaneously at a 45-degree angle.

Entering the final round, Bahr matched Shaughnessy's perfect 20 to retain his narrow margin. In previous national competition, Bahr's best score was an 89 in 1955.

Bahr uses a Remington 12-gauge over-and-under shotgun. A big tournament contender only five years, he received his early coaching from the late Jack Pride.

He won the state title last year at Pine Valley and was runnerup for the crown in 1953 at Raritan. He was first in the 57th annual Werty Hogan shoot last year in Asbury Park and has won a number of county events.

The township marksman is vice-president of the New Jersey State Trapshooting Association and will defend his state laurels June 7, 8 and 9 in Asbury Park.

Track Team Beats Tigers; 4th Straight

Coach J. Seth Weekley's Cranford High School track team won its fourth straight dual meet without a loss yesterday, whipping Linden, 69-48, at Linden.

Cliff Jackson was again the outstanding individual performer for the Cougar cindermen, taking first place honors in the 220 and 100 yard dashes and the Broad Jump. Eric Tarver was second by an inch to Cliff in the broad jump and finished third in the 220 and 100. Linden men took the seconds.

Cranford swept the quarter, half and mile events. Bob Albert took the quarter, followed by Alvey Mitchell and Richard Robey. In the half, Herb Ehler was first, Richard Vogel second and Tom Bowers third, Pete Walsh, Gene Griffiths and Jay Warsinski finished in that order in the mile.

Rich Frutchey was second in the shot put and Norm Muldrow won the javelin. Muldrow took numerous laurels in the discus.

Glenn Allinger tied for first in the high jump and took second in the high and low hurdles. Williams was third in the low hurdles. Linden swept the pole vault. Cranford has three more meets left this season. The Cougars defend their Watchung Conference laurels tomorrow at Clark, face Clark in a dual meet Tuesday and participate in the state meet June 1.

Math Team Ranks High

A Cranford High School team placed 11th out of 49 teams from New Jersey in the 18th annual Pi Mu Epsilon Interscholastic Mathematics Contest at New York University March 30, Oliver L. West of the Mathematics Department was informed last week.

Robin Ault of the Cranford High group ranked fourth out of the 150 New Jersey contestants. His teammates, Robert Blosser and Herbert Ehlers, tied for 23rd place.

A Certificate of Merit from New York University was awarded to Robin for his performance. He outscored all the 174 contestants from Long Island and high schools in Connecticut and New York State north of New York City.

Mr. West said he was particularly gratified with the Cranford High team's showing since all team members are juniors while most other contestants were seniors. The teacher hopes to enter this same group in the 20th annual contest next April.

So. Plainfield Again Beats Cougar Golfers

Cranford High suffered its second setback on the golf links this season, again at the hands of South Plainfield, 10½-1½, last Friday at the Plainfield Country Club.

All the Cougar men were blanked except Harry Chapman, who halved to come up with Cranford's 1½ points. Chapman also made one of the better shots of the game, a 20 yard wedge shot on the fourth hole.

Oriole Pitcher Hurt By Batted Baseball

An accident reminiscent of the eye injury suffered by Herb Score of the Cleveland Indians occurred in the American League of the Cranford Boys' Baseball Leagues Saturday but, fortunately, it was not nearly so serious.

Martin Jewelers Oriole hurler Jimmy Bair caught a line drive near the mouth and went down stunned. Blood trickled from his gums as managers and coaches rushed to his aid. He was taken from the field for medical attention and is expected to be returned from minor injuries.

Don Drumm, editor and publisher of a typed newsletter called the "Little League News" dealing with happenings in the American League, reports that Jimmy was a "very good sport." He also was pitching a fine game, holding the opposition scoreless. His team finally won by a 6-0 score.

Question Marks Whip PBA for 3rd Straight

The Question Marks defeated the PBA, 7-0, and two other games resulted in ties last week in the Unami Division of the Boys' Baseball Leagues' Minor circuit. It was the third win without a loss for the leading Question Marks.

A 12-12 tie between the Republicans and the Union County Trust teams and a 5-5 standoff between Callahan's and Cranford Drugs will be continued at a later date.

Standings as of May 18:

Linden Routs Cougars, 9-2; Hobbie Loser

By DAVE CONLEY

The Cougars of Cranford High took a regal trouncing, 9-2, from the Linden baseball team last Thursday at the Linden field.

Things looked good for Cranford in the first half of the first with the visitors leading, 1-0. This came about when Jim Shaw and Jim Rice singled back to back to put men on first and second.

Steve Zulick hit to the second baseman, who fired to second to get Rice while Shaw went down to third. Zulick stole second and then George Williams hit to the third baseman who bobbled the ball to let Shaw score. The next two struck out leaving Zulick on third and Williams, who had stolen second, stranded.

Linden evened things up in its half of the first. The leadoff man singled and went to second as the next batter hit to Dick Armstrong at third who threw the ball away to let the runner reach first safely. A walk loaded the bases and another single drove home the run. The second batter, Eliz Herriott, was picked off at first, catcher to first.

Linden scored again in the second as George Roper got on first on an error by Zulick and went all the way around on a single by Kurt Armsted.

There was little action until the last of the fifth when five singles, three errors, two walks and one hit batter resulted in five runs for Linden. The Tigers came up with two more in the sixth on a home run by Al Sawicki with one man on.

In the top of the seventh, Cranford made an effort to catch up but it was to little avail. Dave Ward got on base on an error by the Linden shortstop and went to second on the third baseman's error on John Sosnowski's grounder. Two walks to Shaw and Rice walked Ward home with the Cougars' second run.

The winning pitcher, Rich Cichowski, walked one and struck out six while Bob Hobbie the loser, walked five and struck out seven. CHS made six errors while Linden made four. Both catchers were on the ball, each making two pick-offs.

Del Stone Wins Its Second Game In Minor Circuit

Del Stone, also its second game of the year and consecutive, for Dealers its first game played in the Minor League of Cranford Nomenhegan Division of the Cranford Boys Baseball Leagues during the past week.

Led by pitcher Jonathan Apgar, Del secured a 4-0 victory over Suburban Trust, while Community registered a 6-2 win at the expense of Mayfair Farms.

Apgar pitched the first four innings for Del, allowing one hit, struck out seven and batted in three runs with a bases-loaded single. William Edwards relieved the final innings and preserved the shutout.

Gary Kott pitched a fine game for the losers, allowing only three hits until relieved by Joel Ostro in the fourth inning.

Good pitching and fielding characterized the Community Gas-Mayfair contest. Steve Andreassi collected two hits for Mayfair, while Ray Kelly and Bill Plimondon got extra base knocks for Community. Paul Kelly was the winning chucker and Brent Loeloff the loser.

In another game, the Elks defeated Goldberg's Men's Shop, in contest between the Elks and Suburban Trust was called on account of rain after 2½ innings. The game will be replayed on Monday.

The standings:

Del Stone	1	0
Elks	1	0
Community Gas Dealers	1	0
Goldberg's Men's Shop	0	1
Mayfair Farms	0	1
Suburban Trust	0	1

Amboy Netsters Again Whip CHS

History repeated itself Tuesday as Perth Amboy again handed Cranford a 4-1 tennis loss, this time in Perth Amboy.

The only difference in the two matches, besides the individual scores, was that the victorious second doubles team, which had been the only team to come through the last time against Perth Amboy, was made up of different men.

Steve Haveson lost the first singles 6-1, 6-4, Paul Morrison dropped the second singles 6-2, 6-3, and Jim DiClerico went the full three sets in the third singles but lost 6-2, 5-7, 6-1.

In the first doubles, Haveson and Morrison did only a little better together. Their team has done separately against Perth Amboys' first and second men, who were also playing first doubles. CHS lost 6-2, 6-3.

Cranford's only ray of hope came from the second doubles. Bill McAteer and Charles Scher had very little trouble in winning 6-2, 6-4.

5th Watchung Victory Ties CHS for Lead

By DAVE CONLEY

Cranford's 5-1 killing of Hillside last Friday at Hillside tied the Cougars with Roselle for first place in Watchung Conference baseball competition. Both teams have 5-1 conference records.

CHS started things off in the first when Jim Rice walked with one out and Steve Zulick pasted the first pitch deep into left field for a home run to score himself and Rice.

Hillside retaliated right away as Mike Diamond singled and went to second when Jack Palfi walked. Diamond scored on Steve Kerner's double to left. With two out, men on second and third, pitcher Bob Craig flew out to Hobbie in right field.

The rest of the action came in the Cougars' half of the sixth inning. Hobbie led off with a walk and went to second on Dave Ward's single. John Sosnowski hit to third where they got Hobbie who had stolen third. All other hands were safe. Rich Armstrong walked to fill the bases and Ben Jones sacrificed to score the third CHS run of the game. The other two came around when the Hillside shortstop errored on the throw trying to get Jim Shaw.

Rice, the winning pitcher, walked only three and struck out six while the losing pitcher, Bob Craig, walked five and struck out seven.

Mayor Aids Poppy Sale Days Here

Mayor John L. Brennan is shown buying first poppies from Mrs. Edward R. Morrison (left), president of Cranford Unit 212, American Legion Auxiliary, and Mrs. Anton J. Truck Driver In Fatality Here Fined

Peter F. Lemiska, 31, of 625 Lincoln Highway, Iselin, driver of a truck which fatally injured a Cranford woman April 11, was fined $125 Monday night by Magistrate Charles J. Stevens on a charges of failing to yield the right of way.

The charge stemmed from the death of Mrs. Katherine Rowland, 84, of 427 North Union avenue after she was struck by a truck driven by Lemiska at North and North Union avenues.

Lemiska has been free in $1,500 bail since April 14 awaiting Grand Jury action on another charge of causing death by auto.

Magistrate Stevens also imposed a $30 fine on Lemiska for operating an unsafe vehicle. The Mercury Motor Express of Tampa, Fla., owner of the truck, was assessed $50 for allowing operation of a vehicle not properly inspected.

The Iselin man pleaded innocent to the two charges and contended he did not see the woman crossing the street. He was represented by Allan Kraut, Jersey City attorney. Township Attorney Donald R. Creighton represented the municipality.

The court heard testimony by Mrs. Ruth Reusch of 114 Oak lane, Diana Johnson of 124 Oak lane and Patrolman John F. Varley, who were on duty at the time of the accident.

Witnesses testified they saw Mrs. Rowland get midway in North avenue and then attempt to return to the curb when the traffic signal changed.

Swan Buys Building

Swan Cleaners of 44 North avenue, east, have purchased the two-story brick building occupied by Chapin's Sporting Goods Store adjacent to their drycleaning and fur storage plant at 38 North avenue, east, it was announced this week by Samuel Stein, president. Former owner was Frederick McCracken of East Orange.

The Chapin store will continue to occupy the ground floor of the building on a lease basis, Mr. Stein said. The second floor is a six-room apartment.

A building permit has been granted to Swan to add a 25 by 50 foot cinder block addition to their newly acquired building. This will be used to house a larger shirt laundry department. The shirt laundry equipment which Swan installed about 18 months ago already has been outgrown, the president stated.

Swan Cleaners was started in Cranford in 1939 by Mr. Stein and has been enlarged several times in the past 18 years to keep pace with its growing business.

Other officers of the corporation are: Vice-president, Mrs. Stein, and secretary, William Rocker.

The Rams struck back in the fourth as Gene Clay walked and pitcher Ed Jones tripled him home.

Both hurlers turned in strong performances, Hobbie holding the Rams to three hits and striking out 11 while walking six. Jones allowed only four safeties, fanned seven and issued but one pass.

UJC Summer

(Continued from Page 1)

to longer periods of time at other schools, permitting the students to finish their summer studies by the first week of August. The early completion date thus makes it possible for many students to arrange for their military tours of duty in August, without scholastic conflict."

The Union Junior College president also noted that the 1957 summer session will be the first since the college received full accreditation from the Middle States Association of Colleges and Secondary Schools. Accreditation by this group represents the ultimate in professional accomplishment by a college or university.

"Approximately 60 percent of the expected enrollment of 200 students will probably be made up of students from other colleges," Dr. MacKay said. Continuing studies made by us show that students from more than 30 colleges and universities are normally represented in the UJC summer session. College students take the courses in order to improve their work, or because they have, or anticipate, curricular conflicts at their own college.

"However, as a word of caution, students from other colleges must first receive approval from their colleges before they will be admitted to the Union Junior College summer session. Special permission forms are available at UJC.

"High school graduates, on the other hand, have found the summer session ideal if they hope to go away to college in the fall but need additional course to complete their college entrance requirements. Also, in the case of Union County high school graduates, the first unofficial reunions since high school graduation are possible."

A special curricular feature of the 1957 summer session will be the extension to a 12-week course, on demand, of beginning Spanish. This extension will allow interested students to complete a full year's work in the language during one summer.

Members of the Legion Post who have volunteered to help with the sale are Howard Bingle, F. Hamilton, Howard Arnesen, F. Edwin Winter, Edward Morrison, William Turk, Raymond Leonard, R. W. Turcham, Thomas Albans and E. Calvin Shire.

Poppy containers and poppies will be distributed to the Legion workers at the Casino tonight.

Receipts from last year's poppy sales helped the unit's child welfare work in Cranford and also benefited many local veterans who were in need of medical help, clothing and home necessities.

Mrs. Robert Colston and Walter Carr will be in charge of distribution of containers and poppies to VFW workers at Veterans' Memorial Home this evening.

The following statement on the annual poppy project was issued by a spokesman for the local VFW post:

"Each year the poppies are made by the disabled veterans in our VA hospitals and our organization buys the poppies from them. This serves two purposes in helping those who can help themselves and those who need our help, for the profit from the sale is put into our relief fund.

"From this fund come all donations to groups that are composed wholly of veterans or their dependents, as in the case of the National VFW Home at Eaton Rapids for widows and orphans.

"This fund also supports all hospital work carried on during the year by the post and auxiliary, as in the case when the dues at the various VA hospitals in our vicinity, principally at Lyons and Menlo Park."—

Parking Authority

(Continued from Page 1)

meters. The first of the lots was opened in September, 1955.

Mr. Dunn stated that the Elizabeth Authority now operates four off-street parking lots with spaces for 500 cars as well as 1,700 metered street spaces. He said annual receipts last year totaled more than $80,000 and the Authority cleared $46,000 after making payments on the bond issue and paying its annual budget. The Authority is operated by five unsalaried commissioners and has a paid staff of four men, including a free meter maintenance and serviceman.

The speaker said parking meters formerly had been a stepchild of the Department of Public Works and there were many meters out of operation every day. His observation now seldom gets reports of more than five inoperative meters a day. A constant check is kept of metered areas which are popular with shoppers and commuters and the meters are set. In the latter cases, the price is usually reduced or the time limit extended to keep the metered areas in full use.

The speaker declared it is his opinion that the creation of off-street parking facilities is the responsibility of a public authority and not of the individual merchant or a group of merchants.

Mr. Dunn said the City of Elizabeth has increased its revenue from parking fines because the meters are kept in repair by the Authority. Based on present annual receipts, he said the bond issue will be retired in a much shorter time than anticipated and the funds will then revert to the city for reduction of taxes.

He said many smaller communities have shown interest in setting up parking authorities to help solve their parking problems in their business centers.

Winfield Kohler was in charge of the program and President Buddy Bergen presided. An announcement was made that the annual ladies' night June 29 will be the only activity of the association during the summer months.

'Half-Century Man' at Esso Feted as Retirement Nears

Bartholomew J. Morrison of 715 Lily street, who has seen petroleum refining grow from "cooking oil" to modern pipe still since he started to work in 1907, was feted last Thursday night as oil engineering's "half-century man" at more than 250 fellow workers, friends and relatives gathered at the Suburban Hotel, Summit, to hear the Esso Research and Engineering Company planning engineer who will retire June 1 after 50 years of service.

Jerry V. Murphree, Esso Research's president, who last month completed a year's service as the nation's first missile "czar" — special assistant to the Secretary of Defense—headed the program during which Mr. Morrison received a camera.

Maurice W. Mayer, director of Esso Research's planning division, opened him the "man of this hall of century" in making the presentation.

The statement preceded a review of Mr. Morrison's colorful career which involved refining operations around the world.

Only one man has preceded Mr. Morrison in Esso's 50-year service mark in the company. Clifford Peck of Madison, retired in 1946 after 50 years and three months. Harry Nelson of the New York office is the only other living company who possibly can make the exclusive club in the future. He has 39 years of service.

Mr. Morrison started work for Standard Oil Company (N. J.) May 1, 1907, with the boilermakers at the Bayonne Refinery. Born on Staten Island, he commuted to work every day by rowboat.

Along with three others, he rowed to Linden to the refinery where he worked 11 hours for 10 cents an hour six days a week. He worked into cost accounting before accompanying a crew to Peru for construction of the Talara Refinery in 1914. Assisting the chief engineer on the job, he handled building materials and process clearance. The installation is still in operation today.

On the way back from Peru, Mr. Morrison stopped at the Belot Refinery across the bay from Havana, Cuba. There he met a fellow-boarder association with another Jersey affiliate, West India Oil Company. Starting as chief accountant, he later rose to assistant manager during the stay interrupted by nearly a year of World War I Army service.

At Cuba, Mr. Morrison was credited with keeping the refinery in continuous operation at a time when labor unrest was rampant throughout

nounced today that Joseph Mikula, district manager, with offices at 16 North Union avenue, won top honors in the H. C. Prelib Agency, in the society's April leadership sales campaign.

Mr. and Mrs. Mikula will attend an Atlantic City conference starting June 6 at the Claridge Hotel in Atlantic City.

Mr. Mikula, who has been district manager with the Equitable since October, 1953, lives in Manchuten.

Feather Blowing Contest Conducted At Pack Meeting

A feather blowing contest was won by Den 8 as members of Cub Pack 178 gathered at St Michael's School attired in Indian costumes and feathers for their monthly meeting recently. Prizes will be awarded at an outdoor picnic meeting in June.

Cubmaster Paul Skarecki, in the role of Akela, led his braves through many rooms. Dens 7 and 8 gave their versions of how drums were beaten by the Indians, and feathers were strewn several interpretative dances.

Dens 4 and 6 again took honors in the den of the month.

According to Douglas Luce, activities chairman, this was one of the best attended meetings since Pack 178 was formed. The complete set of pack flags and den staffs, used for the first time since dedication by Capt. Newell Rodney Fiske Post 335, Veterans of Foreign Wars added color to the session.

Plans were formulated for marching in the Memorial Day parade and practices were scheduled.

Awards were made as follows: Webelos badge and Boy Scout neckerchief, Harold McGuire; silver arrow on lion, Jay Rattis; wolf badge, Michael Peters (also gold and silver arrows) and John Cipancka; gold arrow on wolf, Gerald Daniel, Robert Zavilla and Charles Palasuski (also two silver arrows).

Also, silver arrow on wolf, Gerald Daniel, John Doyle and T. Greaney; silver arrow on bear, John Petroccione, John Worster (2), and Michael Walsh; bear badge, Thomas McErlean and Michael Walsh (also gold arrow).

• Spur for Lackadaisical Parents

"If parents know there is going to be publicity, perhaps they will be more careful in the supervision of their children."

This thought-provoking remark was made by Associate Justice C. K. Thompson of the Iowa Supreme Court as a member of a panel which discussed "The Impact of the Press on Juvenile Delinquency" at a recent city editors' conference at the State University of Iowa School of Journalism.

The conclusion reached by the panel?

"The names of juvenile offenders should be published if the crimes with which they are charged are serious ones."

Increasing concern over the juvenile delinquency problem has resulted in frequent discussions recently of this question of whether or not the names of juvenile offenders should appear in newspaper reports, with firm convictions expressed by the supporters of both sides of the debate.

Farley S. Swackhamer, chairman of Cranford's Juvenile Conference Committee, for instance, last week told the Rotary Club that he did not believe crimes of juveniles should be publicized and said he admired the press for its stand in the past in respecting this unwritten law.

Mr. Swackhamer remarked further that the purpose of the juvenile laws and courts is not to punish youngsters but to endeavor to make good citizens of them.

Justice Thompson, on the other hand, referred to above had this to say during the Iowa panel discussion:

"The average person is inclined to overlook the major purpose of law enforcement — to set examples that will prevent crimes in the future." He declared that only secondarily is the purpose of law enforcement to save and rehabilitate the person who committed the crime.

Often raised is the question of whether or not publication of names of persons charged with crimes — adults or juveniles — serves as a deterrent to repetition of the crime, by the same person or another.

Magistrate Charles J. Stevens of our own Municipal Court finds that in the cases of many adults appearing before him, the defendant seems to be more worried about whether or not his name will get into the newspapers than he is about the extent of the punishment that may be meted out by the court.

This, taken in connection with a statement made by Mr. Swackhamer at the Rotary Club meeting, may give the clue to an effective deterrent to juvenile delinquency.

Mr. Swackhamer declared that parents are the greatest single cause of delinquency among juveniles and expressed the opinion that 80 or 90 percent of the crimes of juveniles could be eliminated by proper home life and guidance on the part of parents.

If, as seems logical, the worry of adult offenders about publicity also is inherent in the minds of parents of juveniles who may become involved in serious delinquency, would the general newspaper policy of publishing the names of all law breakers, regardless of age, would have a very salutary effect.

• Join the Poppy Days Tribute to Our Heroic Dead

"Wear a poppy in memory of America's war dead!"

This will be the appeal on Poppy Days, tomorrow and Saturday, as representatives of Cranford Post 212, American Legion, and Capt. Newell Rodney Fiske Post 335, Veterans of Foreign Wars, and their Ladies' Auxiliaries station themselves in the town center throughout both days offering the little red flowers of memory to all who will wear them in tribute to those who died for America.

The local veterans' organizations hope the whole town will join them tomorrow and Saturday in a patriotic tribute to those who gave their lives that we might live in this great, free country of ours.

Wearing a poppy is a little thing to do, but a big thing in meaning. That poppy over your heart means that you remember with gratitude those young men who died in our nation's defense on battlefields throughout the world.

The poppies have been made by disabled war veterans in veterans hospitals and convalescent workrooms. Each one is a replica of the wild European poppy which bloomed in the desolation of the battlefields and cemeteries in France and Belgium. Making the poppies provides months of beneficial and remunerative occupation for thousands of hospitalized veterans.

We should welcome each year the opportunity that Poppy Days give us to perform a personal act of tribute to America's heroic dead.

Be sure you make your contribution to aid the living and honor the dead.

• Don't Forget the Aid-Squad — It Won't Forget You

Beginning this Saturday, members of the Cranford First Aid Squad will call at homes here to collect ambulance fund coin cards distributed last month.

Initial calls will be made at homes in the First District and workers will move from district to district in regular rotation as rapidly as collections can be made.

Goal of the drive is the provision of the utmost efficiency in the squad's important service to the community. If the entire goal of $15,000 is attained, two brand new Superior-Cadillac ambulances will be purchased. One has already been ordered and is expected to arrive in less than two months.

The ambulance already on order will replace the squad's 1941 model Packard rig, which is antiquated in design and has been none too reliable mechanically of late. It takes little imagination to realize the extreme importance to every family in Cranford of two up-to-date, mechanically-sound ambulances. Overlapping calls are not uncommon for the squad.

Cranford's second present ambulance is a Miller-Cadillac First Aider purchased new in 1954. Why replace this three-year-old vehicle, one might ask? Squad members explain it makes good economic sense, since the squad may obtain two new ambulances for $15,000, including trade-ins, while trading in just the old rig would cost about $11,000.

So for a matter of approximately $4,000, the squad can have two up-to-the-minute vehicles instead of one and not have to worry about replacement for several years. And the pattern of replacing both ambulances together, with the resulting saving, is established and may be continued in the future to the benefit of the residents of Cranford.

Cranford's First Aid Squad, which took over the old township ambulance in November, 1953, is performing well a most important service and deserves the wholehearted backing of all residents. Its 24-hour service is available to every resident without charge and all types of cases are handled.

Many of our neighbors are giving hundreds of hours of their time to manning the ambulances and conducting the drives necessary to finance the work of the squad. The least the rest of us can do is to support their activities — and insure good ambulance service for ourselves — by contributing generously to the campaign.

Persons who do not expect to be home when the collector calls may mail the coin card to the First Aid Squad Headquarters, Centennial avenue.

Letters To The Editor

210 Maple Place,
Cranford, N. J.,
May 20, 1957

Editor, Citizen and Chronicle,
Cranford, N. J.

Dear Sir:

I have read with considerable interest the letter from Duke Brown, appearing in the May 16 issue of the Cranford Chronicle. I would appreciate the privilege of saying a few public words in defense of the young people of Cranford and surrounding communities.

Young Mr. Brown begins his letter with "I don't know what has happened to some of the young people in Cranford. I can remember, etc., etc." I venture to predict that this young man will discover, as each year passes, his memory will become dimmer and dimmer concerning episodes that occurred when he was a young person in Cranford. It is almost fantastic how often the memory fails when we recall what happened to use when we were kids.

True, it is indeed regrettable that there was a fight, and even more regrettable that a number of people were perhaps seriously injured in the fracas. However, the fight was certainly not of the magnitude to be classed as gang warfare as it has been known in the past in larger cities. There was no evidence of weapons of any kind, by statement of the Police Department itself. Only fists were used. Breathes there a man, young or old, with a memory so hazy that he does not remember a fist fight, and a rather violent one at that, over some foolish difference of opinion, in his younger days???

I do not wish to imply that the injuries sustained in this incident did not require medical attention; however, I believe you will agree that nowadays we are inclined to seek medical aid more often than we did back in the good old days. Many times a visit to the family physician is followed by a prescription for a beefsteak for the eye, and some stern disciplinary measures to prevent recurrence. Many an old-fashioned family doctor poured soothing oil on wounds inflicted in the fever of feeling one's oats.

Certainly, fighting between groups of young people is not to be condoned, smiled upon, nor ignored. Because of the very tension of our times, these episodes are potential threats to all of us. But — I do believe it is a mistake, in a mustering of righteous indignation, to loosely libel an unidentified youngster as an "overgrown goon." This only serves to add more fuel to already burning resentment.

It would prove interesting, I believe, to try to discover why these deplorable conditions do not exist in young Mr. Brown's college town.

From his description, it would appear that his present location is a long way from any teeming metropolis, and it therefore follows that these communities are also distant from the influences present in a town like Cranford, which is close to a number of large cities.

Closely associated with the luxuries and refinements of easy living in urban and suburban areas, these problems are not as frequently encountered in the rural sections of our land. To mention only two, consider first the case of the working mother. I'll wager that the majority of mothers in Duke's present location stay at home. Not so in metropolitan areas. A much greater proportion of them are required to work so that their children can have those very advantages of which he speaks. Not all fathers in these competitive times are able to earn all that it takes to afford their children the ability to keep up with the Joneses next door, or down the street, or in the classroom.

Then too, there is the "fever" of the society in which we presently find ourselves. There are frequent cocktail parties which too often include children who are not ready to handle the effects of alcohol. Well, it's the fashion, everybody does it, so we must do it too, or we're out of the social swim.

In rural areas where people are not subject to the stresses of metropolitanism, this fever has not yet taken quite so firm a hold. Economically, more than having a group of people in to watch a TV show, and to swallow alcohol disguised with some delicious cocktail snacks.

Duke Brown also speaks of young people down there, who stand in the roads and thumb rides to town, where entertainment facilities are readily available. Has he not read the dire warnings in newspapers editorials with the dangers involved in picking up hitch-hikers? Can you imagine what would happen to our kids if they hitched rides to Westfield to the Y, or to Elizabeth to a dance. If this becomes general practice, I daresay that within two weeks, it would be outlawed as a traffic hazard. To stretch the point, any youngster that can afford to get to New York for his entertainment can also afford the luxury of a bus or train.

Is it not possible that young Mr. Brown is anxious to place the blame where so many of us do? On this new generation of teenagers that are so very different from what we were?

Mr. Brown, you are so wrong — kids today are no different than you and I were 20 or 30 or 50 years ago. Your society in general is very different, but the basic, underlying, other different set of values, and the closer we are to big cities, the more ridiculous are the values.

Just in passing, let me remind you, you have only to read national newspapers to learn that in some sections of our country, normally peaceful and quiet, when there is a disturbance, it takes the form of needless persecution of minorities whose race or creed or color differs from that of the majority. And, I might add, their fathers have been behaving in the same way for generations and generations!

There is nothing really wrong with our young people, nor with their parents, nor with the Police Departments, nor with our communities. No one individual group can be blamed, but collectively all of us engaged in the merry chase.

More than 200 taxpayers attended a meeting in Cleveland School auditorium to discuss local assessments and consider if an equalization and assessment program is necessary and desirable here. Opposition to a newly-adopted compulsory vaccination ruling on religious grounds was expressed verbally and in letters by members of the First Church of Christ, Scientist, at a meeting of the Board of Education. The Education Board of Trustees of the church contended that it was the "belief of many persons that it was unnecessary in the interests of good health to use compulsory procedures upon Christian Scientists and take away precious religious rights, especially when those people were showing a health record considerably above the average."

Col. Ernest E. McMahon of Metuchen, assistant dean of University College, the evening division of Rutgers University, was the principal speaker at Cranford's Memorial Day exercises, it was announced by Township Treasurer D. J. Craft, chairman of the speakers' committee. Vice Commissioner J. W. Doran, general chairman, said plans were virtually complete.

Largely attended funeral services were held for former Sheriff Samuel H. Tool, one-time member of the Union County Board of Freeholders and a former member of the Cranford Township Committee, who had died in Orange Memorial Hospital.

Phyllis Pfarrer, Mary Frances Earhart, Robert Fast and Stanley Weiland were members of the Senior Class who were selected to speak at the Cranford High School commencement exercises on June 18 in the high school auditorium.

Suffering its first defeat of the season, Cranford bowed to Roselle Park, 6 to 5, in a Union County Baseball League game at Somerville. Charlie Bilknell, pitching for Somerville, shut out Cranford until the ninth inning, when three hits counted for the lone A.C. run.

Fifteen Years Ago

The Cranford Physicians' Club petitioned Township Committee to sponsor an application to the proper Federal authorities for funds for the construction of a hospital in the township. In the petition, the club pointed out that a need a hospital in Cranford had long been a subject of public discussion and the situation had become acute because of the steady increase in population within the township and vicinity.

A township-wide collection of old rubber, paper was planned by the Cranford Rotary Council's salvage committee, Mrs. Jacob Stahl and Edgar H. Miller, co-chairmen of the committee, urged all residents to contribute.

A musical program to collect musical instruments for men in the nation's armed forces was to be presented by approximately 200 Cranford children. Musical instruments, records or music books were to be presented as admissions.

Township Committee issued a strict warning that no person or corporation would be permitted to manufacture, store, keep, sell or have in possession or custody any gasoline, nitro-glycerine, dynamite or giant powder, crude petroleum, earth or rock oil, naphtha or benzine, gun powder or any combustible substance unless by written permission of the governing body.

Following up action taken at a previous meeting when teachers were authorized a raise in pay of the teaching staff, the Board of Education approved bonuses for members of the clerical staff and janitors, effective in the following school year.

Twenty Years Ago

In keeping with a program adopted by the Union County Medical Society and which already had been carried on in several other communities tuberculin tests were to be given to ninth grade pupils of Cranford High School, was announced by H. R. Best, supervising principal.

Mrs. Otto de Wolff was reelected president of the Wednesday Morning Club at its 40th annual business meeting. Other new officers were Mrs. C. H. Strett and Mrs. J. E. Garrett, vice-presidents; Mrs. Adam Earl Robinson, recording secretary; Mrs. Louis G. Adam, corresponding secretary; Mrs. Chester D. Mann, treasurer, and Mrs. Homer Dickens, auditor. All officers were reelected save Mrs. Robinson and Mrs. Dickens, who succeeded Mrs. C. M Carnegie, who for years had been actively engaged in temperance work, was conducted by Cranford Memorial WCTU. Mrs. Currie also had served for four years as president of the Union County WCTU.

The real estate market in Cranford had been very active, according to statements from the principal brokers, who reported many transactions. All brokers reported a scarcity of properties for rent.

MONEY...

The need for money, the love for money, the power that money can bring . . . has affected the lives of man from the dawn of time.

Evidence of this can be seen in the works of authors like Jack London who has written: "It's money I want, or rather the things money will buy; and I can never possibly have too much. As to living on practically nothing, I propose to do as little of that as I possibly can. It's the feed not the bred that makes the man. More money means more life to me. The habit of getting money will never become one of my vices, but the habit of spending money, ah God! I shall always be its victim. If cash comes with fame, come fame; If cash comes without fame, then come cash."

Being aware as we are of the role money plays in our daily lives is it not easy to understand why so many of us are interested in money and the effect man has made on it?

In unfolding this story . . . romance, honor, power, patriotism, and sometimes, treachery will manifest itself in the varied shapes, and figures . . . designs and materials employed in its manufacture through the ages.

Watch for this series which will appear periodically in future editions.

CHRISTIAN SCIENTISTS CHURCH SERVICES

The spiritual basis of true grace and beauty will be emphasized at Christian Science services Sunday.

Bible passages to be read in the Lesson-Sermon entitled "Soul and Body" include the following from Psalms (90:16,17): "Let thy work appear unto thy servants, and thy glory unto their children. And let the beauty of the Lord our God be upon us; and establish thou the work of our hands upon us; yea, the work of our hands establish thou it."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (247:19-24): "Comeliness and grace are independent of matter. Being possesses its qualities before they are perceived humanly. Beauty is a thing of life, which dwells forever in the eternal Mind and reflects the charms of His goodness in expression, form, outline, and color."

He who gives what he would readily throw away, gives without generosity, for the essence of generosity is in self-sacrifice.—H. Taylor

Thought for the Week

"INTEGRITY STARTS IN THE HOME"
By Rev. Robert G. Longaker, Minister,
First Presbyterian Church

For a long time many of us have thought that the month of May is the best time in all the year to think seriously about the life that is being fashioned within our homes. Summer is upon us, and we ourselves spend more hours of daylight, and we seem to manage just a bit more time with the family. The title for our thought today is taken from a suggestion that has been made by the National Father's Day Committee. Because it fits so closely to the idea of the closer ties in family life that we feel should be fostered I dare to suggest that we think about it awhile.

According to the dictionary the word integrity means uprightness, wholeness and soundness of character. We certainly all agree that this is the kind of life we want to live and the kind of life we are eager to instill within the lives of our children and youth. The home is the most influential agency in building the character of youth. If we want better people to make a better world, then we have to begin where people are made — in the home. "Train up a child in the way he shall go and when he is old he will not depart from it," is more than just a well known saying. It embodies a great truth. It doesn't mean that our children will never "get off the beam" in life but it does mean that they will have the courage and the strength to get themselves straightened out even when they do make some wrong decisions.

Our homes have to be concerned with the three sides of growth — the physical, the social and the spiritual. Most of us are fairly aware of our responsibility in providing the material comforts for our families, and do a pretty good job of watching out for the physical needs as they come along. A great number are quite aware of the importance in our day of nurturing the mental and intellectual life in ourselves and in the life of our children. It is not enough, though, to provide for the material comforts and the intellectual development of our youngest generation. The spiritual atmosphere of life must be cultivated and the moral integrity surrounding our children has to be carefully planned. God has given parents a sacred opportunity and obligation to give the moral and religious leadership of the children, who receive their first, deepest, and most lasting impression in the home.

There are two hints as to how we can best accomplish this goal. The first is an honest endeavor to understand each other as we share in family activities that bring all the family together for healthy fellowship. If we are too busy for this then we are just too busy for our own good and need to re-examine the pattern of all our life. The second is to develop a family reverence in prayer; for there is really nothing that will bind a family together so closely as through our shared faith in Almighty God.

Perhaps we can carry this meditation with us throughout each day: "All this day I am going to be a child of God. I am going to rise above all worry, fretting, fear, and hatred. My life is not apart from the life of God and that which is divine within me can never fail nor be defeated. Behind all that comes my way, God's love and wisdom will be present to strengthen and to sustain."

Sees Proper Home Life, Guidance of Parents Clue to Elimination of Most Juvenile Crime

Eighty to 90 percent of the crime of juveniles could be eliminated by proper home life and guidance on the part of parents, Farris S. Swackhamer, chairman of Cranford's Juvenile Conference Committee, told members of the Rotary Club last Thursday in the Methodist Church education building.

Declaring that parents are the greatest single cause of delinquency among juveniles, Mr. Swackhamer said that children need a good example on the part of the parents, and need certain limits imposed upon them by their parents.

Despite all the talk about juvenile delinquency, the speaker pointed out only 47 complaints against juveniles were filed here in 1955 and 68 in 1956 for a delinquency rate of 1.1 percent for the two years. During this period, the adult delinquency rate was 8.5 percent, excluding parking violations, and 20 percent including infractions of the parking ordinance.

Sixty-six of the youngsters against whom complaints were made were returned to the parents, he said. The Conference Committee for hearings and action, 73 were turned over to the Juvenile Conference Committee for hearings and action, and 30 were committed to state institutions.

He said the charges against juvenile youngsters included larceny of motor vehicles, breaking and entering, malicious mischief and trespassing. Boys were involved in the majority of cases and the youngsters ranged in age from 11 to 17 with 13 and 14 being the average age of the majority of the delinquents.

Mr. Swackhamer said the purpose of the juvenile laws and courts is not to punish youngsters but to endeavor to make good citizens of them. He said a juvenile delinquent is any person under 18, who is adjudged by the court to have committed a crime. Sociologically, he described a delinquent as a juvenile who has failed in his responsibility to his community or to his parents. The speaker declared that all people, including children, are citizens of a community and have a responsibility to the community.

He described the functions of the local Juvenile Conference Committee and said it has no punitive powers and that both parents and youngsters must agree to recommendations of the committee. Failing this, he said the committee refers the case back to the Juvenile and Domestic Relations Court.

Mr. Swackhamer asserted that additional recreational facilities will not be the cure-all for the juvenile delinquency problem, this unwritten law. He added that newspapers undoubtedly had helped greatly in focusing attention on the problem.

Among guests at the meeting were Magistrate Charles J. Stevens and Police Chief Lester W. Powell. The Rev. Robert G. Longaker, also a member of the Juvenile Conference Committee, is a member of the club. Vincent Sartowski was program chairman.

A new member, Harry W. Lawrence of the high school commercial department, was inducted by Past Presidents Charles M. Ray and Harold M. Wilson, and announcement was made that Dr. Edward M. Coe and Dr. Carl G. Hanson, club members, underwent operations recently.

President Arthur Burditt presided.

Letters to the Editor

(Continued from Page 2)

of life in modern times, are at fault.

What will we do about it? Nothing — absolutely nothing, because we figure it's not our job. These things can't happen to us. Somebody else will worry about it.

We'll just throw up our hands in dismay and shriek about how terrible the teenagers are today. Instead of taking collective, corrective action, we clam up with horror, shake an example of a few kids, most of them really nice ones, and force our Police Department to make the following statement: STRINGENT MEASURES WILL BE TAKEN TO PREVENT SUCH FUTURE OCCURRENCES."

Boys running the streets, "gangs" will be sent packing.

But where will we send them? To another town, perhaps? Why certainly — that gets our kids off our necks and puts the responsibility on somebody else.

Very truly yours,

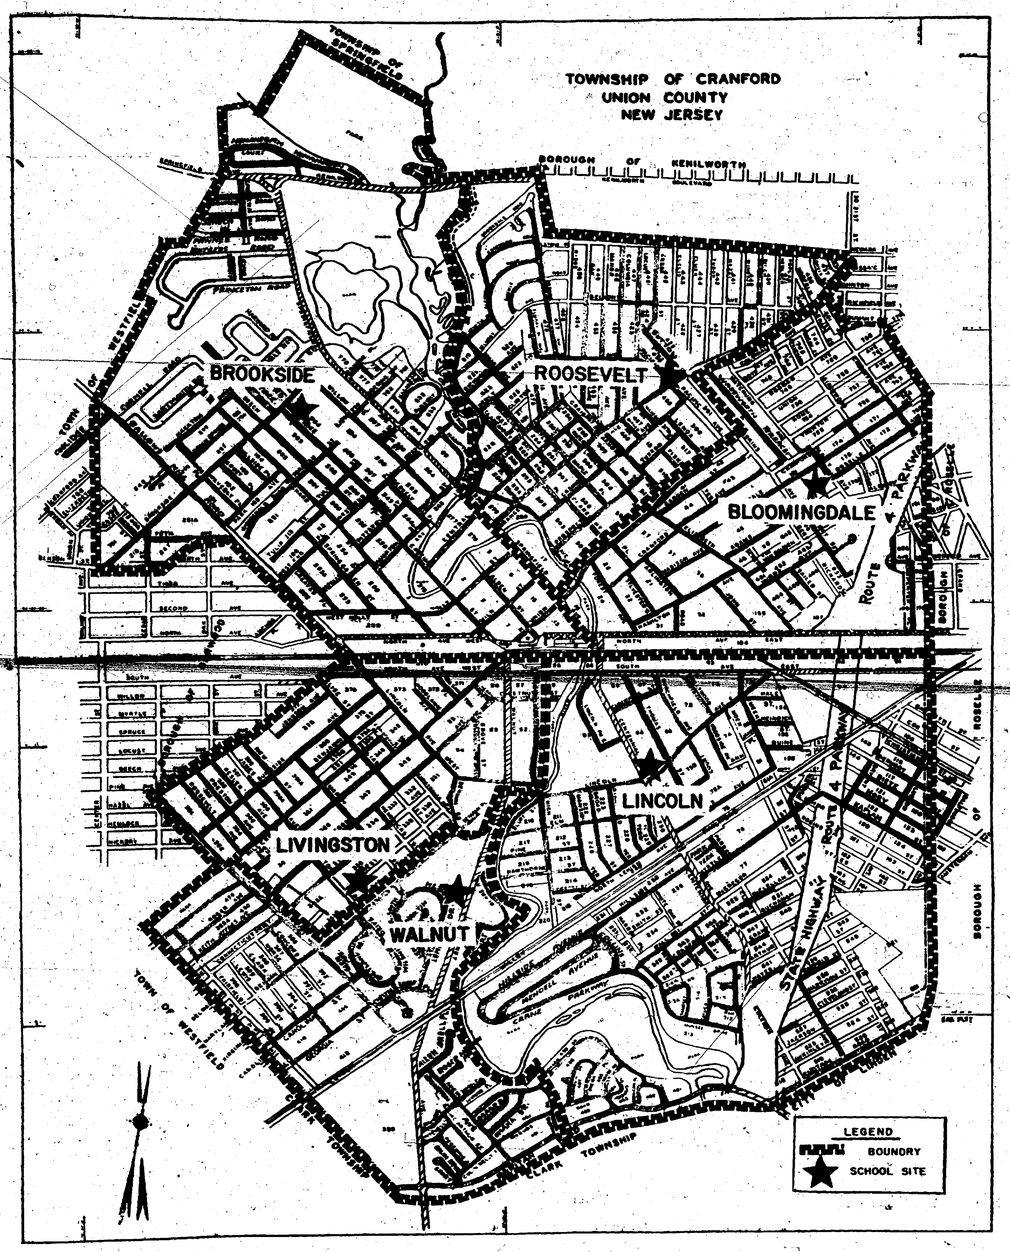
New Cranford School Zones



The above map shows the new school zoning districts which which will go into effect with the start of the school year in September. A public meeting concerning the rezoning has been called by the Board of Education for 8 p.m. Tuesday in the Cleveland School auditorium.

Until the completion of the new elementary school buildings, sometime after the first of the year, classes which will occupy the Bloomingdale avenue unit will begin the year in Cleveland School and classes which will occupy the Livingston avenue building will attend Sherman School.

School trustees have explained that the plan was put into effect so a mid-year transfer of classes from one building to another can be effected without any changes in classroom organization.

After the transfers are made into the new elementary buildings, junior high school students from the Walnut-Sherman-Livingston-Lincoln districts will occupy Sherman School and those in the Cleveland-Roosevelt-Brookside-Bloomingdale districts will go to Cleveland School.

Trustees Get 1951 Vehicle As A Gift

KENILWORTH— A 1951 Chevrolet station wagon was accepted by the Board of Education as a gift from the State Surplus Properties Division last Thursday at an adjourned meeting.

According to George C. Schlenker of the board's public relations committee, the trustees were fortunate in requesting the vehicle just at a time when one was on hand at the state agency. The division distributes various properties free of charge to school districts that request them, Mr. Schlenker said.

The board plans to get municipal license tags—which cost nothing—for the vehicles, the board member stated. No added insurance will be necessary since the station wagon will be covered by blanket policies of the board.

Trustees will now experiment to discover the best possible uses to which the vehicle may be put, Mr. Schlenker said. Among those considered are: Transporting supplies and equipment including monthly pickups of federally-supplied food at Jersey City, transportation of eight grade athletic teams and perhaps transporting physically handicapped and retarded children.

A total of 11 physically handicapped and retarded children from the borough are presently carried to special classes in schools in neighboring communities at an annual cost of $5,200 to the board. This is by taxi service contract awarded on the basis of competitive bids, Mr. Schlenker stated.

Begins 7th Year

THE REV. JOHN R. DEKREIMER

Local Pastor Is Renamed By Bishop

KENILWORTH — At the closing service of the 100th session of the Newark Annual Conference of the Methodist Church held Sunday evening in Morristown, the Rev. John R. Dexheimer was appointed by Bishop Frederick B. Newell of the New York Area to begin his seventh year as pastor of Community Methodist Church.

The Rev. Mr. Dexheimer was first assigned to Kenilworth in May, 1951. Under his leadership the local congregation grew rapidly and in the fall of 1953 a new church building standing on the Boulevard at 18th street was opened for worship. This structure has already been outgrown.

A little over a year ago a campaign was conducted in which $45,000 was pledged toward an addition for educational and social purposes. It is anticipated that ground will be broken for the addition within the next few months.

For three consecutive years the Rev. Mr. Dexheimer has served as general chairman of the fund drive conducted in Kenilworth by the Union Council, Boy Scouts of America. He is a member of the Kenilworth Rotary Club and chaplain thereof.

Board Is Impatient On School Project

KENILWORTH — The Board of Education took a step last Thursday night to speed work on completion of the new $500,000 addition to Harding School.

Mrs. Helen M. Arthur, board secretary, was authorized to write to the general contractor, C. Jantelle, Inc. of Newark, to ask that the remaining work be speeded.

Board members expressed dissatisfaction with the slowness of the project, stating that only a few men have been on the job at the school in recent weeks. It was the board consensus that, with a full complement of men at work, the wing could be ready for occupancy within a week to 10 days.

School officials are anxious to move into the addition before the end of school, if only to acquaint children with where they will report in the fall, the trustees said. They would also like to have the new cafeteria and gymnasium ready in time for year-end activities like the eighth grade supper dance June 18 and graduation, June 21.

Superintendent of Schools Edwin W. Kraus reports that some plumbing work, painting, sanding of floors in the gym and manual training shop and general cleanup

"Seems like every place you go—
you see a telephone truck!"

That's true! You're likely to see telephone crews on the job anytime—day or night—these days.
Keeping New Jersey's telephone system in A-1 order while we continue to expand and improve is a big job. It keeps over 4,000 telephone cars and trucks on the roads.
In fact, New Jersey Bell vehicles traveled over 29 million miles last year. This is equal to 60 round trips to the moon.
And telephone drivers are safe drivers. This year, for example, awards were made to 3,688 telephone men and women who have been driving 5 years or more without causing an accident. Included were 200 who have accident-free records of 29 years!

Discussion Club Holy Hour Attracts Over 400 Persons

The Very Rev. Msgr. John J. Dougherty addressed a gathering of over 400 people at a Holy Hour conducted by the parish Discussion Clubs of the Confraternity of Christian Doctrine on Sunday night at St. Michael's Church. Members of the clubs, friends and relatives as well as representatives from nearby parishes and county organizations attended.

Speaking on "The Catholic Heart and Mind," Msgr. Dougherty, professor of Sacred Scripture at the Immaculate Conception Seminary in Darlington, declared: "What a man does depends on what a man thinks; his principles reflect his behavior. The Catholic mind is a human mind which accepts the Catholic principles of living and follows Christ as found in the New Testament. The mind accepts the mystery of Christ, and the light of faith adds a crown of glory to our minds. For the Catholic, much more important than information is transformation.

"One cannot believe extraordinary things and live an ordinary existence," the speaker continued. "The human mind needs faith for its stress and strain of human existence. The pattern of living is the same for everyone, we have a great union in many things, but a great category of things that are different and no man is in a position to judge his neighbor. Behavior involves oneself as well as our neighbor.

"The mark of a Christian is love, as Christ loved, and if one can learn to love oneself rightly, it will be easier to love one another. By this creed, the world shall know us to love as Christ loved and we, as Catholics, can bring this about by the way we live."

Following the sermon, the Rev. Walter W. Curtis, archdiocesan director of the Confraternity, awarded membership certificates to discussion club members and fraternity teachers of the CYO and the nuns of St. Michael's School. He was assisted in the presentation by the Rev. Roger Reynolds, executive secretary of the Confraternity and the Rev. William B. Donnelly, pastor of St. Michael's Church.

Msgr. Curtis congratulated the groups on their progress as well as the Schools of Religion both on the high school and elementary level, stating that "the laity need, not a meager knowledge of faith, but a deeper treasure of religious knowledge."

He also lauded the efforts of the Rev. Joseph Donnelly, spiritual director, and the Rev. Mark Dooley, in organizing the groups in the parish. With a nucleus of two groups formed in October, 1954, the number has expanded to 34 active clubs to date.

It was announced that Mrs. Edward Gallagher, executive chairman, had been selected as Diocesan Club chairman of the Archdiocesan Executive Board.

The Rev. William Donnelly thanked the visiting clergy for their part in making the Holy Hour an inspiring one and congratulated the study groups, stating: "The Confraternity prepares the lay people for spreading the Gospel of Christ."

A Solemn Benediction conducted by the Rev. Joseph Donnelly closed the services with the visiting priests participating. Music was provided by St. Michael's Choir under the direction of Mrs. Mary Pryor. A social hour and reception in honor of the visiting priests and guests followed in the school, arranged by Mrs. Philip O'Connell, Mrs. F. Sherman Currie, Mrs. Peter Skurecki and Mrs. William Plamondon.

The Holy Hour marked the closing of the Discussion Group program for the current year. Anyone interested in joining a group may contact any member of the board before September.

Minor Prophets Subject of New Sermon Series

First in a series of sermons on the minor prophets of the Old Testament will be delivered by Burney E. Bawcom, minister of the Echo Lake Church of Christ, Westfield, at the evening worship service at 7 o'clock Sunday. Subject of the opening sermon will be: "Hosea and His Day."

"Sermons on the prophets," Mr. Bawcom said in describing the series, "will present the facts concerning their lives, the spirit of the various ages in which they lived, the salient sins of their day, and other background material which should contribute to a better understanding of the message they brought and their purpose in God's plan.

"It is hoped that these studies will facilitate the practical application of this portion of the Bible to life as it is being experienced today."

"Parable of the 'Two Sons'" will be discussed by Mr. Bawcom at mid-week services at 8 o'clock tonight.

At the 10:30 a.m. service Sunday, the sermon topic will be "What Lack I Yet?" The Bible school will meet at 9:30 a.m. The women's Bible class will meet at 10 a.m. Wednesday, a business session of the women's work group at 11 a.m. at which there will be sewing and making of cancer dressings.

Slide Detector Fence

To prevent train accidents due to falling rocks or earth slides in hilly or mountainous regions, electrically charged wire fences are made to serve as detectors. If a falling rock or an earth slide breaks one or more of the wires in the fence, a relay is released and "stop" signals are set up to halt a train approaching from either direction.

White Cashmere

While cashmere is scarcest and most in demand, Gray and brown ish gray are other natural shades. Each goat yields two to four ounces, little compared to the 12-pound fleece of some sheep. A cashmere sweater may represent the wool of six or more goats, while the yield of some 30 might be required in an overcoat.

Discussion Club Holy Hour Attracts Over 400 Persons

The Very Rev. Msgr. John J. Dougherty addressed a gathering of over 400 people at a Holy Hour conducted by the parish Discussion Clubs of the Confraternity of Christian Doctrine on Sunday night at St. Michael's Church. Members of the clubs, friends and relatives as well as representatives from nearby parishes and county organizations attended.

Speaking on "The Catholic Heart and Mind," Msgr. Dougherty, professor of Sacred Scripture at the Immaculate Conception Seminary in Darlington, declared: "What a man does depends on what a man thinks; his principles reflect his behavior. The Catholic mind is a human mind which accepts the Catholic principles of living and follows Christ as found in the New Testament. The mind accepts the mystery of Christ, and the light of faith adds a crown of light to our minds. For the Catholic, much more important than information is transformation.

"One cannot believe extraordinary things and live an ordinary existence," the speaker continued. The human mind needs faith for the stress and strain of human experience. The pattern of living is not the same for everyone, we have a great union in many things, but a great category of things that are different and no man is in a position to judge his neighbor. He is not even sure of himself as well as his neighbor.

"The mark of a Christian is love. He is Christ loved, and if one can learn to love oneself rightly, it will be easier to love another," he said. "The creed, the world shall rise to love as Christ loved and we, as Catholics, can bring this about by the way we live."

Following the sermon, the Rt. Rev. Walter W. Curtis, archdiocesan director of the Confraternity, awarded membership certificates to discussion club members. Certificates to teachers of the CYO and the nuns of St. Michael's School. He was assisted in the presentation by the Rev. Roger Reynolds, executive secretary of the Confraternity and the Rev. William B. Donnelly, pastor of St. Michael's Church.

Msgr. Curtis congratulated the groups on their progress as well as the Schools of Religion both on the high school and elementary level, stating that "the laity need, not a meager knowledge of faith, but a deeper treasure of religious knowledge."

He also lauded the efforts of the Rev. Joseph Donnelly, spiritual director, and the Rev. Mark Dooley, in organizing the groups in the parish. With a nucleus of two groups formed in October, 1954, the number has expanded to 24 active clubs to date.

It was announced that Mrs. Edward Gallagher, executive chairman, had been selected as Discussion Club chairman of the Archdiocesan Executive Board.

The Rev. William Donnelly thanked the visiting clergy for their part in making the Holy Hour an inspiring one and congratulated the study groups, stating: "The Confraternity prepares the lay people for spreading the Gospel of Christ."

A Solemn Benediction conducted by the Rev. Joseph Donnelly closed the services with the visiting priests participating. Music was provided by St. Michael's choir under the direction of Mrs. Mary Pryor. A social hour and reception in honor of the visiting priests followed the meeting, which was held in the school, arranged by Mrf. Philip O'Connell, Mrs. F. Sherman Curtis, Mrs. Peter Skarecki and Mrs. William Plamondon.

The Holy Hour marked the closing of the Discussion Group program for the current year. Anyone interested in joining a group may contact any member of the board before September.

Minor Prophets Subject of New Sermon Series

First in a series of sermons on the minor prophets of the Old Testament will be delivered by Burney E. Bawcom, minister of the Echo Lake Church of Christ, Westfield, at the evening worship service at 7 o'clock Sunday. Subject of the opening sermon will be: "Hosea and His Day."

"Sermons on the prophets," Mr. Bawcom said in describing the series, "will present the facts concerning their lives, the spirit of the various ages in which they lived, the salient sins of their day, and other background material which should contribute to a better understanding of the message they brought and their purpose in God's plan.

"It is hoped that these studies will facilitate the practical applications of this portion of the Bible to life as it is being experienced today."

"Parable of the Two Sons" will be discussed by Mr. Bawcom at a mid-week services at 8 o'clock tonight.

At the 10:30 a.m. service Sunday, the sermon topic will be "What I Get." Bible Classes will meet at 9:30 a.m. The women's Bible class will meet at 10 a.m. Wednesday, followed by a session of the women's work group at 11 a.m. at which there will be sewing and making of cancer dressings.

Slide Detector Fence

To prevent train accidents due to falling rocks or earth slides in hilly or mountainous regions, electrically charged wire fences are made to arm automatic alarms. If a falling rock or an earth slide breaks one or more of the wires in the fence, a relay is released and "stop" signals are set up to halt a train approaching from either direction.

White Cashmere

White cashmere is scarcest, and most in demand. Gray and brownish gray are other natural shades. Each goat yields two to four ounces, little compared to the 12-pound fleece of some sheep. A cashmere sweater may represent the wool of six or more goats, while the yield of some 30 might be required in an overcoat.

"Seems like every place you go—
you see a telephone truck!"

That's true! You're likely to see telephone crews on the job anytime—day or night—these days.

Keeping New Jersey's telephone system in A-1 order while we continue to expand and improve is a big job. It keeps over 4,000 telephone cars and trucks on the roads.

In fact, New Jersey Bell vehicles traveled over *29 million* miles last year. This is equal to 60 round trips to the moon.

And telephone drivers are safe drivers. This year, for example, awards were made to 3,688 telephone men and women who have been driving 5 years or more without causing an accident. Included were 200 who have accident-free records of 29 years!

Sees Rocket Trip to Moon Possible in Next 25 Years

"Within 25 years, I predict man will make a rocket landing on the moon," James Pickering of the American Museum-Hayden Planetarium told members of the Couples' Club of the First Presbyterian Church at their May meeting recently. Mr. Pickering discussed the international geophysical year and the proposed launching of the first man-made satellite.

He said 56 nations will cooperate in this world effort to study earth and the space immediately surrounding earth. Similar studies were made in 1883 and 1933.

The proposed man-made satellites, of which there will probably be six, will be launched sometime between July 1 of this year and December 31, 1958, the speaker related.

They will be rocketed into space and, if successfully launched, will assume an elliptical orbit around the earth anywhere from 200 to 1,500 miles above the earth. Equipped with electronic telemeters, they will radio back to earth valuable information on outer space and may answer the question of whether man can survive beyond earth's atmosphere.'

Mr. Pickering said 70 teams of "moon-watchers" will watch the satellites as they make their orbit around the earth. It is expected they will remain in outer space for a period of two to three weeks and then start falling to earth, burning as they fall, like any other meteor, so that nothing will remain, he said.

Mr. Pickering was introduced by Mrs. F. E. Sloat, vice-president and program chairman. Hostesses accompanied his talk.

Mr. and Mrs. James Brewster announced plans for the annual strawberry festival on June 5.

Get of Pie

Volkmann, the Reuben poet of five, suggests to modern men the original source of valorize for such sporting glories as the Manna Lee to Herald. The fabled abode of the gild was Sally's St. Elmo where idle blacksmith helpers were believed to work at subterranean forges.

Marco Polo Remarked

In 1275, that gallivanting gallant, Marco Polo, had this to say about the great hall of Kublai Khan: "The walls are sculptured and varnished in green, decorated with gilded dragons. The columns are lettered with a sort of paste, coated with red varnish."

Radchem Unit Formed Here

Cranford "is" one of the few towns in Union County having a "can-do-man" team of 10 men trained to determine the extent of damage to the immediate area and the amount and concentration of radiological or chemical contamination in the event of a nuclear attack in this area.

This was reported by G. Holmes Williams, director of the Cranford Civil Defense and Disaster Control Council, at the council's monthly meeting in the control center at Sherman School last week.

The Cranford team, under leadership of Gene Geddings, includes the following local residents: E. F. Berge, R. E. Thorne, L. D. Mayberry, W. J. Hoffman, H. C. Peterson, J. J. MacMillan, Russell Buckel, B. L. Tarmy and R. H. Berman. They plan to make a practical field test during the month of June.

Deputy Director Lester W. Powell reported that Pharmaceuticals, Inc., now occupying the former Johnson and Johnson plant on Walnut avenue, have offered the use of facilities in their plant to the local CD Council in the event of a disaster in this area.

Announcements were made of the appointments of Harold A. Glover as police chief of staff, Bernard Doyle as director of fire, Theodore C. Chamberlain as deputy director of fire and Mrs. B. F. Skinner as deputy director of welfare.

John W. Roberts, deputy director of communications announced that his staff would operate communications equipment from 8:30 a.m. to 1:30 p.m. during the Union County Centennial Parade being held Saturday.

BPW Planning Scholarship Project

Establishment of a loan fund for scholarships, awards and loans to Cranford High School students was recommended to the Business and Professional Women's Club of Cranford in a report presented by Miss Allison J. Gaul, chairman of a special committee named to study plans for a long range loan program, at the club's annual meeting Monday night in Kramer's Restaurant, Roselle.

As outlined by Miss Gaul, the program calls for an accumulation of funds during the next two years to be held in trust for establishment of such a fund. Benefits of the fund would be open to all high school students but commercial students especially would be urged to participate.

The recommendation was taken under advisement, as it would be necessary to change the club's bylaws to cover fund raising projects before it could be put into effect.

As the club entered its third year, Mrs. Gertrude G. Nunn, first president, acted as installing officer for the slate for the ensuing year.

Installed were: Miss Mary Lou-Ise Wetjen, president; Mrs. Margery S. Hoff, first vice-president; Miss Rita Hashim, second vice-president, and Mrs. Dorothy Bowers, recording secretary, all re-elected recently for their second terms, and Miss Ella B. Dohrman, succeeding Mrs. Dorothy C. Wescott as treasurer, and Miss Irene Pendorf, succeeding Mrs. Marguerite Levett as corresponding secretary.

Mrs. Nunn charged the officers with their duties during the coming year in an impressive candlelight ceremony.

It was announced that all new members accepted since January 1 will be installed formally at the June business meeting, which will be a picnic meeting in the yard of Mrs. Nunn's home at 181 North avenue, east, at 6:30 p.m. on June 25.

Whitty Submits Resignation As Township Commissioner

Public Works Commissioner Frank T. Whitty, senior member of the Township Committee, has submitted his resignation to Mayor John L. Brennan, it was revealed last night. Because both Mayor Brennan and Commissioner Whitty were out of town on business, no action on the resignation was taken at last night's meeting of the Township Committee.

Commissioner Whitty, who recently was named purchasing agent of Cities Service Oil Company, said his new duties necessitated more traveling and that he did not believe he could do justice to his company and carry on his duties on the Township Committee. The resignation will take effect June 30.

Public Affairs Commissioner Ira Dorian presided at last night's meeting.

The public works commissioner is now serving the second year of his second three-year term. He was first appointed to fill the unexpired term of Former Police Commissioner J. Edward Wolf on June 15, 1951, when Mr. Wolf resigned to move to Florida. He served through December 31 of that year and was elected to a three-year term in November, 19-52, and was reelected in November, 1955.

The Township Committee will fill the vacancy for the balance of this year and it will be the responsibility of the Republican and Democratic Municipal Committees to nominate candidates for the one-year unexpired term to be filled at the General Election in November. This will mark the second consecutive year that a majority of the Township Committee will be up for election. Public Af-

Aid Squad Ambulance Fund Canvass Starting Saturday

Cranford First Aid Squad will begin its house-to-house visits to pick up ambulance fund coin cards this Saturday, and Michael Colaneri, fund drive chairman, today issued an appeal to residents to be sure to turn over their contributions only to members of the squad in uniform.

The canvass will start in the first district and continue on Sunday and then evenings and weekends until all 18 of the township's districts have been covered. Mr. Colaneri said it is hoped the canvass will be completed by the middle of June.

Even before start of the pick-up, donations to the squad's campaign to raise $15,000 had passed the $5,000 mark this week, the drive chairman reported.

If the goal is reached, the squad plans to turn in its two present ambulances on two Brand new Superior-Cadillac rigs.

The old Packard ambulance, equipped with a public address system, will precede the canvassers as each area is entered. Mr. Colaneri said the Packard and also the Miller Cadillac First Aider purchased in 1954 may be seen in the Memorial Day parade tomorrow.

In observance of Memorial Day, the First Aid Squad's new head-

Sunny Acres Parents Ask School Shift

Parents from the eastern end of the Sunny Acres section last night requested that the Board of Education revise its new school boundaries for next fall so their children can go to Walnut Avenue School instead of Lincoln School.

About 50 parents attended the board hearing on new zones in Cleveland School.

The Sunny Acres residents said their homes are nearer Walnut Avenue School and also that children would have a safer walk to school if the shift took place. They pointed out dangers from the nearby Railway River and Garden State Parkway approaches which they said have to be crossed by some children going to Lincoln School.

M. L. Taliaferro, president of the board, who presided, answered that Lincoln School is the largest elementary school in the township and "must be utilized." He added that Walnut Avenue School is not large enough to accomodate all Sunny Acres students.

Several Sunny Acres parents requested that the board finance, or at least subsidize, a school bus for the area. The Sunny Acres parents are charging that themselves as well as their children are being penalized by the new zoning.

Mr. Taliaferro replied that state law only requires bus service for elementary students for distances greater than a mile and that if the board varied from the minimum "we would be flooded with requests from all parts of town."

Some parents from Wadsworth terrace, across the street from Roosevelt School, objected to the plan to send their children to Cleveland School until Bloomingdale School is ready. Mr. Taliaferro said the shift is necessary to keep classes the same before and after the move into the new schools.

Cranford Swimming Club Begins Season's Activities

The pool staff this season includes Stanley Grayson, manager; Paul Selby, assistant manager; Russell Hardy, Jr., Don Scott and Bob Steers, life guards; and Jay French, Lois Hallenbeck, Hazel Rich and Robert Hagle, attendants.

More than 200 members attended the club's dinner-dance Saturday evening at the Hotel Suburban, Summit. Mr. and Mrs. William Griffiths were chairmen, assisted by Mr. and Mrs. Wayne Mollineux, Mr. and Mrs. Lloyd Beall, Mr. and Mrs. Albert Johnson, Mr. and Mrs. John Holland and Mr. and Mrs. Vincent Sarnowski.

Schindler Fete Attracts Turnout Of Almost 400

Close to 400 persons turned out to honor Fire Chief Howard G. Schindler, whose retirement after 46 years as a member of the Cranford Fire Department becomes effective Friday at a testimonial dinner held in the Chi-Am Chateau, Mountainside, Thursday night.

Mayor John L. Brennan, in praising Chief Schindler for "serving Cranford so well and so ably through the past 40 years," pointed out that "this huge gathering bears witness to the affection and respect the people of Cranford hold for him."

"We think very highly of him and are very sorry to see him go," the mayor added.

Declaring that Chief Schindler "exemplified the finest in public service," former Mayor Fred P. Andersen remarked that he knew through experience that "one who has retired from a job he lived, will find it hard for a while."

Former Mayor George E. Ostcheld, who was mayor when Howard Schindler was appointed chief in 1936, also spoke, praising the retiring chief for the manner in which he served the welfare of Cranford and its inhabitants.
