Let's Keep the River in the Asset Column

The colorful River Carnival held in connection with the recent observance of Cranford Days served to call attention once again to the important part the Rahway River has played down through the years in providing year-round recreation and relaxation for Cranford residents and in giving our town a reputation as a beautiful, healthful and restful place in which to live.

"The Rahway River winds its course through the pretty village of Cranford, and the wide-awake villagers have plans for making it useful in many ways," a newspaper article reported on August 2, 1886. "They have dammed a portion of it and above this artificial falls there is a stretch of water with a depth of from three to four feet.

"It is the purpose to improve the river to increase the value of the land and the sanitary condition of the village, as well as giving the villagers an opportunity for recreation. The portion improved is about a half a mile in length. On either side are great elm trees lining the banks, and their thick foliage shading the stream makes a delightful spot for boating and bathing."

In succeeding years, the winding river has continued to be one of the township's greatest assets, adding to the aesthetic beauty of the community, bringing joy into the lives of fishermen, young and old, and providing recreation and relaxation in the form of boating in summer and ice skating in winter.

Recently, however, there have been reports of pollution and vandalism threatening the pristine beauty of the river and the very life of the fish and ducks which inhabit it.

A letter to the editor of this newspaper included the following dire warning: "It might not be amiss to remind the taxpayers of the town of Cranford that when the river becomes no longer safe for fish and wildlife, it will have died, and will henceforth become an open sewer."

Another letter added: "Waste ma-

terial in this stream is not the only hazard which ducks, geese and small animals in this zone face. The annual wanton destruction of mallard eggs in nests along the river across from the Old Mill must halve the population. Deliberate injury to ducks and geese (wings and legs broken by stones and willful hands) is common and pitiful to behold. The abuse goes beyond animals. I can show you a sizeable tree which has been girdled and stripped of its bark from the ground to a height of 10 feet.

As the writer of the second letter points out, this deplorable situation "represents a definite change in the pattern of Cranford living."

A check of conditions made by conservation authorities when it was learned that trout stocked from the Hackettstown Fish Hatchery were dying in the river indicated the deaths were due to low water, high temperatures, low oxygen content and some pollution and decaying vegetation.

The State Division of Fish and Game has urged Union County communities along the Rahway River to help keep the portion of the stream within their individual boundaries clear of refuse and free of pollution.

Cranford residents can assist by supporting steps to discourage industries from polluting the river (although any industrial wastes found in the river in Cranford most likely would come from other areas upstream) and by seeing to it that they or their children are not responsible for the appearance in the river of such dangerous items as the recently reported 40-odd bottles of discarded drugs and a partially emptied can of asphalt, or of any other garbage or debris.

We urge cooperation of parents and young people alike in a campaign to keep the river clean along its full length within the boundaries of Cranford and also to put a halt to the reported vandalism and cruelty to wildlife so we may return to an approximation of the old pattern of Cranford living so enticingly described in the 1886 newspaper article quoted above.

Display Your Flag Proudly and Correctly

In view of the fact that today is Flag Day, we present the following excerpts from the code and regulations governing the display of the flag of the United States by civilians, to help insure proper procedure:

When raising the flag, it should be hoisted briskly and lowered ceremoniously. It should not be displayed on days when the weather is inclement.

When the flag is displayed from a staff projecting horizontally or at an angle from a window sill, balcony or front of a building, the union of the flag should be placed at the peak of the staff unless the flag is at half staff. When the flag is suspended over the sidewalk from a rope extending from a house to a pole at the edge of the sidewalk, the flag should be hoisted out, union first, from the building.

When a flag is displayed otherwise than by being flown from a staff, it should be displayed flat, whether indoors or out. When displayed either horizontally or vertically against a wall, the union should be uppermost and to the flag's own right, that is, to the observer's left. When displayed in a window, the flag should be displayed in the same way, that is, with the union or blue field to the left of the observer in the street.

When the flag is displayed over the middle of the street, it should be suspended vertically with the union to the north in an east and west street and to the east in a north and south street.

When used on a speaker's platform, the flag, if displayed flat, should be displayed above and behind the speaker.

When displayed from a staff in a church or public auditorium, if it is displayed in the chancel of the church, or on the speaker's platform in a public auditorium, the flag should occupy the position of honor and the place at the clergyman's or speaker's right as he faces the congregation or audience. But when the flag is displayed from a staff in a church or a public auditorium, elsewhere than in the chancel or on the speaker's platform, it shall be placed in the position of honor at the right of the congregation or audience as they face the chancel or platform.

The flag should never be displayed with the union down, except as a signal of dire distress. It should never touch anything beneath it, such as the ground, the water, the floor or merchandise. It should never be carried flat or horizontally but always aloft and free.

The flag must not be used as drapery, or festooned, drawn back, or up, in folds. Nor should it ever be fastened, displayed or used for covering a speaker's desk or for draping the front of a platform. It should never be used as a covering for a ceiling, nor should any mark, insignia, letter, word, figure, design, picture or drawing of any nature be attached to it.

The flag should never be used for advertising purposes in any manner whatsoever, nor should advertising signs be fastened to a staff or halyard from which the flag is flown.

When the flag is in such condition that it is no longer a fitting emblem for display, it should be destroyed in a dignified manner, preferably by burning.

Letters to the Editor

4-C Pacific Drive
Winfield, N. J.

Dear Sir:
I would, first of all, like to thank you and your staff for the excellent publicity you have given to our organization this past year. The consideration and encouragement you have afforded us is deeply appreciated.

I would also like to thank the many people of Cranford who have commented on how much they have enjoyed watching our girls march every year in the Memorial Day parade. This moral support on the part of so many has made us feel that our efforts have been worthwhile.

Although we are sponsored by Cranford Post 212, American Legion, and the majority of our members are Cranford residents, we also have members from other towns. This past year, I'm sure they have come to realize what it has been like to be born and raised in Cranford, already knew and that is what a wonderful town it is.

Most sincerely,
Karl Blood, Secretary

On behalf of the Cranford Junior Service League, I would like to express our appreciation to the Board of Education, Fire Department, Police Department, Township Engineer, Cranford Citizen and Chronicle, the Cleveland School Administration, the Chambermen of the Cranford Days Committee, and most especially to all the participating organizations who helped to make the Cranford Days Country Fair such a great success and a delightful experience.

Most sincerely,
Mrs. F. J. Torrens, Jr.
Cranford Junior Service League
Cranford, N. J.
June 31, 1962

Dear Sir:
This letter is in reference to the letter submitted June 7 by the executive board of the Colony Club of Cranford. In their letter they stated that they were in "no way connected with the planning and organization of the block dance held at MacConnell Park," and that the "behavior of some of the participants, due, in part, to the lack of supervision, was a disgrace to this community."

Although their letter was directed to Mr. Howard Siegel, I, as supervisor of Cranford and director of the block dance, accept full responsibility for their unjust criticism. I would like to ignore this particular letter because it is the work of thoughtless people, but I feel that the false impression which their letter has created should be erased.

It is deplorable that the executive board of any club would condemn a youth organization, its program and its chaperones because one unfortunate boy, out of almost a thousand young people, involves himself in a pitiful situation, a situation which was actually handled by the Cranford Police. I was wrong to ask the Colony Club to sell refreshments. I thought that I was doing them a service. Perhaps, it is such letters as these that make young people reluctant to involve themselves with adult organizations.

The executive board of the Colony Club did a great disservice, not only to the young people of Cranford but to the young people of Cranford. They need your help. Provide them with adequate facilities. Work with their parents to improve their habits of dress, dancing and behavior. Face the fact that teenage problems are your problems. Their behavior affects you and the community.

To the young people of Cran-

ford: I apologize for the public denouncement of your block dance. I thank you for your usual display of good conduct and your enthusiastic support of the dance. To the chaperones, directors and police: It is unnecessary to condemn your actions. You know you did a good job. Whether we had 12 or 500 hundred experienced adults supervising the block dance, unfortunate incidents will occur.

I am very proud to have been connected with Cranford and its activities.

Sincerely,
Mrs. Charles M. Preston

Initial steps to alleviate flood conditions in many parts of the township were taken by Township Committee with the introduction of an ordinance appropriating \$25,000 from the capital improvement fund for improvements to the storm drainage system. Action was prompt.

ed by recent heavy rains which caused the Rahway River to spill over, taxed storm-sewers to capacity and caused sewer back-ups.

Candidates for diplomas from Cranford High School totaled 151. G. Frank Zimmerman, principal, announced. Four seniors were to give talks on "What We May Expect Our Education to Do for Us." Speakers were: Jeanie Gloger, Frank Weidmeyer, Dorothy Preston and Arthur Eschen-lauer.

Committee Named to Study County College Legislation

Dr. William H. West of 45 Central avenue, Union County superintendent of schools, Dr. Kenneth C. Mackay, president of Union Junior College, Freeholder Edward H. Tillis of 502 Lorain avenue, Garwood, and Mayor Edward H. Peterson of South Plains, president of the Mountain Co. Educational Association, are among the members of a four-member committee named to evaluate new legislation which provides for construction and operation of county junior colleges.

The committee was named by Jay A. Steininger of Clark, director of the Union County Board of Freeholders, to survey all phases of the situation in the county and make recommendations to the freeholders.

Union County recently purchased a 45-acre tract in South Plains for a proposed educational center.

"Because Union County already has a privately operated Union Junior College and has a county-sponsored vocational and technical school arrangement with a training program already in progress," Freeholder Steininger said, "the situation in the county becomes more complex than in other counties. In addition, the new legislation does not take effect until July 1, 1965."

The Freeholder added that as far as he is concerned, he would not want the county to undertake any program that might be detrimental to existing institutions or be unduly burdensome upon the taxpayers.

The new law provides that after study and investigation, if it seems advisable to establish a county college, the Board of Freeholders must petition the State Department of Education for such permission.

The state board then determines whether there is a need for such a college and whether the county has the financial capacity to support such a college.

While the law does mention state aid for such projects, there also remains a big "if" as to where or when these state funds will be forthcoming.

The law also says, Mr. Steininger pointed out, that the state could provide one-half cost of capital projects approved by the state.

Also the state can help supply operational costs to the extent of one-third of or \$200 per equated full-time student, including such students living in other counties and attending a county college on a paid tuition by his own county.

These supports also are made subject to the limit of available state funds.

NOW! AUTOMATIC DIALING!

Two new telephone improvements for faster, easier calling

THE CARD DIALER uses punched plastic cards to automatically dial numbers quickly and accurately. Telephone and dialer are in one compact unit. You simply insert a pre-punched card in the slot, press the Start Bar and wait for your party to answer. You can easily add or change numbers by preparing new cards. Available in four colors—beige, gray, green or white.

THE RAPIDIAL, connected with a dial telephone, automatically dials the telephone numbers you want. Stores up to 290 numbers. To dial, just turn the selector knob to the name and number you want, press the Start Bar—and Rapidial does the rest. You can add, change and remove numbers in seconds. Also available in your choice of beige, gray, green or white.

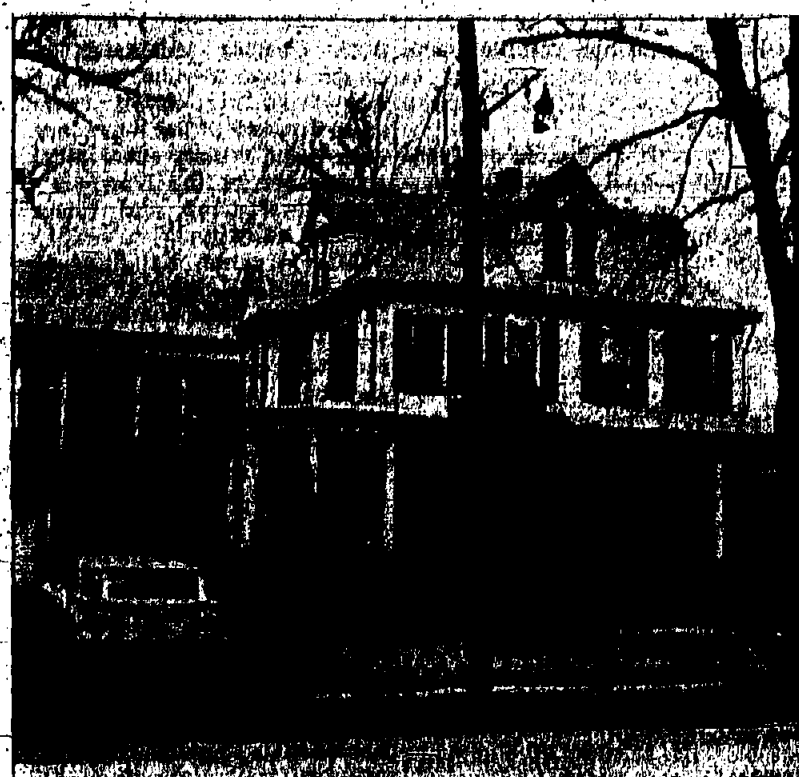

These two remarkable advances are made for homes and businesses where the same numbers are called frequently. Easy to use, they save time by making it unnecessary to look up numbers you call often. And their built-in accuracy reduces the possibility of dialing errors. Both can be used for all types of calls—local, long distance and intercommunicating. Automatic dialing is another important step toward making your phone service faster and more convenient than ever.

For more information, just call your Telephone Business Office.

Thought for the Week

By The Rev. Henry T. Gruber, Curate

Trinity Episcopal Church
Recently, the Most Rev. F. D. Coggan, Archbishop of York, in speaking in the new cathedral at Catterick, England, said, "There is a vast company of men and women who like a little religion on great occasions. They may lip service in 'Christian principles' but that is all."

Dilettantism is a characteristic of our way of life. We spread ourselves thin over many, many activities, and very few of us allow ourselves to become really deeply involved. We dabble and avoid total commitment in all phases of our lives particularly those on which our livelihood is not dependent.

In the Book of the Revelation of St. John the Divine, it is written "I know thy works; that thou art neither hot nor cold: I would thou wert cold or hot. So then because thou art lukewarm, and neither cold nor hot, I will spew thee out of my mouth."

For too much of our religion today consists of "church-going" which our culture cloaks with an aura of respectability. Men and women go through the motions of their faith, but hold back from God the total commitment of themselves and all that is theirs.

In Christian churches, last Sunday was observed as Pentecost of Whitsunday, the latter being a name derived from the English. By it, we remember the Holy Fire which took over the lives of the Apostolic Fathers, ignorant according to the standards of the world unknown and living in an obscure corner of the Roman Empire, they made total commitment of themselves. We know the result of that total commitment, blessed as it was by the Holy Spirit. There was nothing lukewarm about their response to the commission given to them.

Today, the world needs dedicated, committed Christians. Easy-going, comfortable, lukewarm religious practice will fail the challenge of all the problems which face us today. The forces of evil who would destroy all that we profess to believe, are committed and dedicated to their nefarious task. We know, acknowledge God's sovereignty must likewise be totally dedicated to the Divine Commission. God will give us the victory over the forces of evil when our lives are totally in all aspects sets of worship offered to Him.

Young Adults Plan Family Breakfast to Honor Fathers
A family breakfast will be served by the Young Adults of the Cranford Methodist Church from 9 to 11 a.m. Sunday in observance of Father's Day.

New members will be received at the 9:15 a.m. service and the sacrament of baptism will be administered at the 10:15 a.m. service.

The Senior High Fellowship will have a picnic at 9:30 p.m. at the home of their advisers, Mr. and Mrs. William L. Collins, 40 Roger Avenue. Election of officers will be held.

CHRISTIAN SCIENCE CHURCH SERVICES
How spiritual understanding of God brings freedom from weariness and fatigue will be brought out at Christian Science services Sunday.

Scriptural readings in the lesson-action entitled "The Preacher of Man" will include the verse from Isaiah (40): "They that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary, and they shall walk, and not faint."

One of the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (p.217): "The scientific and permanent remedy for fatigue is to learn the power of Mind over the body or any illusion of physical weariness, and so destroy this illusion, for matter cannot be weary and heavy-laden."

The Golden Text is from Psalm 91: "He that dwelleth in the secret place of the most High shall abide under the shadow of the Almighty."

Wins Master's Degree 22 Years After Bachelor's

CRANFORD—Twenty-two years after receiving his bachelor's degree in education, Robert Harris of 235 Locust avenue, formerly of Cranford, was awarded his master's degree at Newark State College in Union last Thursday. He is assistant to the principal of the Hillview School in New Providence.

Following his graduation from Cranford High School in 1936, Mr. Harris worked a year before continuing his studies at Newark State Teachers College, then located in Newark, where he received his bachelor's degree.

His career in education was interrupted by 11 years' service as an agent for the Metropolitan Life Insurance Co. and three years in the Air Force, including 18 months as a flight instructor in the cadet training program.

He returned to education in 1947, when he joined the faculty of the New Providence school, and served four years as a sixth grade teacher before assuming his present post as assistant to the principal.

During his residence in Cranford, Mr. Harris was active in Boy Scout work and served as assistant director of the Cranford Boys' Camp. He still attends Cranford Methodist Church and teaches a Sunday School class there.

His daughter, Virginia, will be graduated from Arthur L. Johnson Regional High School, Clark, next Wednesday, and plans to continue her studies at Trenton State College in September.

avenue at the Cranford line has been installed by the state in the temporary form of sandbags, with a permanent installation to be made as soon as the work schedule permits.

On recommendation of Councilman Charles E. Jones, recreation chairman, council authorized expenditure of \$500 for wall tile for the new Little League field house at James V. Quercione Memorial Field.

Mayor Casabona announced that the new field house will be formally dedicated in ceremonies at 3 p.m. on July 4. He urged local residents to attend "and see the fine work which has been done by volunteer workers in their free time."

The mayor appointed Councilman Jones chairman of a committee to arrange for the borough's Fourth of July celebration. Also named to the committee were Councilmen Piskorski and Edgewood W. Krenig. The opening field events for local youth people will be held at Glenside field this year instead of at Union Park as in the past.

Mayor Casabona also issued a proclamation setting aside this week as Little League Foundation Week and requested all citizens "to recognize and give support to the program of the Little League."

On recommendation of Councilman Trippin, chairman of streets and roads, council authorized expenditures of \$215 for a new plastic floor for the street sweeper, \$140 for 18 new type litter buckets and \$35 for an electronic device to locate manhole covers buried in road resurfacing work.

Mayor Casabona announced that he will be out of town from June 24 through July 1 in connection with his vacation and appointed Council President Trippin to serve as acting mayor during this period.

Council accepted with regret the resignation of Leroy P. Gray as a special officer. Mr. Gray has been appointed a patrolman in the Westfield Police Department.

Hosts for the fete were the A.P.A. Trucking Corp., Eastern Express, Inc.; Mazon and Dixon Lines, Inc.; Railway Express Agency, Rand Express Freight Lines, Inc.; Republic Transport, Inc. and Seafair Lines, Inc.

Also attending were the presidents of the Traffic Clubs of North Jersey, the Rutgers transportation faculty and alumni of the traffic management program. The graduates completed a three-year evening program including economics, transportation principles, transportation management, motor traffic and ICC practices and procedure.

Tips Offered For Preventing Mowing Injuries

With the lawn mowing season upon us, Michael Postle, local health officer, offered these tips today on how to prevent injuries to children and adults.

"Because of their cutting ability, both power-driven and hand-driven mowers can cause accidents if used carelessly," Mr. Postle said.

"The U.S. Department of Agriculture estimates that 75,000 power mower accidents have occurred each year in recent years in the United States. More than half the injuries are to feet or hands. Other parts of the body are involved when stones or pieces of metal are thrown by whirling mower blades. Such objects are thrown with terrific speed and can cause severe injuries, some of them fatal.

"Because most injuries stem from carelessness or poor judgment on the part of persons using mowers, persons using mowers are advised to take these precautions: Know how to stop the mower's engine quickly.

Check all bolts, nuts and screws on mower to see that they are tight. Add fuel before starting the engine, never while the engine is running. Don't fill to brim; leave room for expansion.

Remove stones, sticks and other objects from the lawn before beginning to mow.

Keep hands and feet away from mower blades when starting and while mowing.

Keep small children and pets at safe distance from the mower, and under supervision.

Stop engine before pushing mower across gravel driveways, walks or roads.

Be sure of footing when mowing slopes or when grass is wet.

Move the mower away from the operator.

Remember that slow-moving mowers cut turn over on sloping ground.

Disconnect the spark wire before checking or cleaning mower.

Mowers with crank-type starters should not be in a charged position until ready for use.

Keep fuel in marked, closed container in a safe place.

Stop the engine when the mower is left unattended.

Scan the grass in advance of the mower at all times for objects that might not have been seen in the preliminary cleanup.

Do not use an electric mower when it is raining.

much fertilizer you should spread for best results.

Most recommendations call for 10 to 20 pounds to 1,000 square feet.

Trust the Seals

"Now that's not a very big pile of fertilizer, and just by looking at it you can tell you're getting a lot more than there must be a little bit of it," said a seal.

Well, take it from Mr. Mitchell, if you have measured the pile correctly and have taken care to weigh your fertilizer, then the amount is correct.

The next step toward scientific gardening and success is to spend some time with your spreader if you use one. Calibrate it to make sure that it distributes just the right amount of fertilizer, not too much and not too little. This isn't always easy.

The directions on the handle of the spreader may hold true for one specific fertilizer, but different fertilizers have different textures and flow through the holes in the spreader at different rates.

If you want to do the job right you should calibrate your spreader every time you use it and with each kind of fertilizer.

Hand Method

If you spread your fertilizer by hand and you're after a degree of precision, here's what Dr. Mitchell prescribes:

Divide your carefully weighed fertilizer into two parts. Broadcast half as you walk east and west, doing your best to stretch the amount over the whole area. Then do the same, walking north and south.

For relatively small areas—say, up to 10,000 square feet—the amount over the whole area. Then do the same, walking north and south.

All-Star Lineup Heads Legion Nine

An all-star lineup will greet spectators watching the Cranford Post, 212, American Legion baseball team play this summer as the local team appears to be one of the strongest in recent years.

Cranford will open its 1962 schedule today at Westfield and will return home tomorrow to play host to the Bayway squad at Memorial Field with the game time at 6 p.m.

Seven out of the nine probable starters were selected to either the first or second team, All-Watchung or All-County teams this season with four gaining top honors in both Watchung and County play.

Cranford's batting attack will be paced by such hitters as Tex Brown, Dennis Raczynski, Don Byrd, Harry Whitton and Joe DiFabio. Whitton, who played centerfield for Roselle High School this year and has made both the All-County and All-Watchung selections for the past two seasons, heads this all-star unit with a .310 batting average. He was also described as being the Watchung Conference's most talented outfielder by compiling an exceptional speed with a deadly arm.

Up from the Cranford High School squad will be three of the finest players the Cougars have had in years. Each member of this team was selected to both the Watchung and County All-Star squads. Brown, who hit .349 in league competition and .333 overall, will be at first while Raczynski, who paced the Cougars with .360 league average and was .356 overall, will be behind the plate.

Although DiFabio was known throughout the area as an outstanding pitcher, his hitting also helped the Cranford High School team win several games. Joe batted an excellent .419 which, coupled with his pitching record, makes him an exceptional prospect for Coach Norman Koury. DiFabio had a 1.18 earned run average, 112 strikeouts and an overall record of 10-2.

Rounding out Cranford's star-studded cast will be Don Byrd of Roselle at shortstop who batted .378 and made the Watchung second squad as did Fred Cole of Roselle who will be at third base and John Stonnek of CHS who will be in left field. Jack O'Brien, former All-County and All-Watchung player will return to play second base and Mike Terry will hold down right field chores.

Coach Koury's American Legion squad is also fortunate in having another top pitcher in and second team All-County, had a fine 1.30 earned run average this past season coupled with an 8-2 record. He also struck out 78 batters.

Other members of the team include: Bob Montgomery, Ron Rubenstein, Rich Rubenstein, Jim Slocum, Tom Kelly and Booney Mazzella.

Mrs. D. F. Eaton Wins Jack Lumpkin Tourney
Mrs. D. F. Eaton and Mrs. R. T. Jones of the Echo Lake Country Club 18-hole group won the Jack Lumpkin Tournament this week with a net 64.

Other 18-hole group winners included: Class A—Mrs. R. T. Jones and Mrs. C. A. Jerome; Class B—Mrs. R. N. McFadden and Mrs. T. A. Swart; Class C—Mrs. D. F. Eaton and Mrs. George Knaus; and Mrs. W. J. Reitze tied for second.

Mrs. R. H. Daniel won the nine-hole group stroke play tournament this week with a score of 37.

Mohicans Win Pair, Bolster Lead

Brown's Mohicans won two games during the past week and tightened their grip on first place in the Nomahegan League. The Mohicans defeated the Mayfair Market's Seminoles by 3 to 0 on Wednesday with Jay Kline outpitching Mike Martin in a well-played ball game. The Mohicans only obtained three hits off the offerings of Martin; however, two were homers by Bill Janowski and David Thorne which was the difference between victory and defeat in this ball game. Jim Seavy, Dick Kimmelman, Wayne Johnson and Mike Martin all hit singles for the Seminoles.

On Saturday, Brown's Mohicans swamped the Cranford Dairy Queen's Cheyennes by an 11 to 1 lopsided score. Bill Janowski was the winning pitcher while Chad Warrington took the loss. David Thorne hit three homers, Jay Kline two homers while Bill Janowski had four hits including a triple for the winners. The Cheyennes had six hits of which three were made by John Folk, two by Chad Warrington and one by Tom Kelly.

Croy's Paynees were the victors in two games this week by upsetting Mayfair's Seminoles by a 7 to 4 count, and edging out the Cranford Dairy Queen's Cheyennes in a seven-inning tie, 14 to 10. In the game against the Seminoles, John Croy was the winning pitcher striking out 13 Seminoles while Bill Mulvaney pitched a good game in a losing cause. Tom Willoughby had a double and a single for the Paynees while both Mike Martin and Bill Mulvaney had a triple and a homerun for the losers. J. Shuk's double also went for nought in a losing cause.

In their game against the Cranford Dairy Queen's Cheyennes, Willoughby and Connolly pitched for the victors while Hopper and Antoine toiled for the last place Cheyennes. Connolly with a triple, Willoughby and Steele with two singles each and Schelling with a single led the victors in hitting while Jim Hallan with a triple and a single, Jim Wright and Tom Kelly each with a double and a single were the outstanding hitters for the losing team.

The Cranford Elk's Navajos shut out Goldberg's Cherokee by a 9 to 0 score on Thursday. Bob Blaken, who allowed the Cherokees only one hit, batted a grand slam homerun and a single in helping his team to victory. Tim O'Malley with a triple and Tom Kelly with a single were the other key hitters for the Navajos while Bill Babblek got the Cherokees' lone hit. Glen Montgomery was the losing pitcher for the Cherokees.

Goldberg's Cherokees won a thrilling extra inning game from the Suburban Trust Co. Apaches, 10 to 9 on Saturday. Tom Beadle, who pitched for the Apaches, won the game while Paul Sullivan, who pitched the seventh inning for the Apaches, was the loser. Charles Shanley pitched the first six innings for the Apaches. Dave Kralin, who doubled in the sixth and Tom Beadle, who had three singles and scored the winning run in the bottom of the seventh, were the key hitters for the Cherokees. Ron Manhardt took the loss.

Varsity Combine Compiles Best CHS Record, Places 5 on Watchung, 2 on County Squads

By RICH RUBENSTEIN

Under head coach Hubie Brown, this year's varsity baseball team compiled the best record in history with an outstanding 10-6-1 log. Of those 18 wins, 14 came in Watchung Conference play as the Cougars were the first combine in conference history to go the entire season without a setback.

Cranford also placed five players on the All-Watchung team and two on the All-County squad. Tex Brown, Jim Easton, Dennis Raczynski, Bob Prall and Joe DiFabio all were selected to the All-Watchung first team while Bob Konopack and John Stonnek made honorable mention.

Brown and DiFabio headed the All-County selections for CHS while Raczynski and Prall were selected to the second squad.

This year's Blue and Gold also drew the number one seed for the annual county tournament, in which they were eventually eliminated during the semi-final round. Although the Cougars lost the UCC State tournaments, they proved they still were in the fight as they won their final two Watchung Conference games, both by shutouts, and brought back to Cranford the second league championship in the last three years.

On their way to their conference crown, the Cougars beat each team twice, including two all-time winners from second place Hobart. They edged the Indians by 3-2 and 2-0.

The Cougars' record in the regular season games and won only two. They were defeated by Springfield 8-2, St. Mary's 6-0, Linden 5-1, and Clifford 8-2. Their wins were from Woodbridge

Robinson's, Hotel, VFW Tie for Softball League Lead

The Cranford Hotel tripped Robinson's and Robinson's downed the VFW to put these three teams into a virtual tie for first place this week in the Cranford Softball League.

Either the VFW or the Cranford Hotel will soon drop out of the top spot, however, as these two teams meet tonight at Memorial Field with the game beginning at 6:30 p.m.

Dick Stevens, Tom Muldrow, Don Halbsgut and Bob Dommergue all hit safely in the same frame to account for the Hotel's only hits and three runs as they downed Robinson's, 3-0. Herb Griefel was the winning hurler while Bill Burnett took the loss.

Robinson's broke the game wide open with six runs in the sixth inning. Walt Blaes had a pair of bingles for the losers. Ed Klubenspies was the winning pitcher.

The Cranford Hotel came from behind to win their second game of the week and move into a three way tie for first by edging Marino's, 10-5. Stufel, winning pitcher, also paced the Hotel at the plate with a pair of doubles and Charlie Stevens added a homer. Merwede blasted a homer, Heiniger, three singles and Leo Schultz, a triple and a single for Marino's.

J. B. Williams remained in contention, only one game off the pace, by defeating the Jokers, 8-4, and trouncing the Davis Bros., 12-1. Tom Goomy tossed a five-hitter and Andy Kutzler pitched a double down the left field line driving in two more South Plainfield runs. Andrews replaced Cree and promptly loaded the bases by walking DeVito, the seventh baseman, but Andrews bore down and fanned the next hitter ending the inning with "South Plainfield leading 3-2.

Right fielder Zebro singled but was retired as the next hitter bounced into a short-second first double play. However, Cree yielded another single to short stop Calderone, and proceeded to walk three straight, forcing in the home team's initial run. Cree then was retired after first baseman Doug Krenicky walked on a ground rule double down the left field line driving in two more South Plainfield runs. Andrews replaced Cree and promptly loaded the bases by walking DeVito, the seventh baseman, but Andrews bore down and fanned the next hitter ending the inning with "South Plainfield leading 3-2.

Pony League All-Stars Bow to South Plainfield, 5-4

By RICH RUBENSTEIN

The Cranford Boys' Baseball League's Pony League All-Star team opened up their 1962 Union County All-Star League competition on a sad note by bowing to South Plainfield 5-4 last Sunday afternoon at the South Boro Park, South Plainfield.

The locals took a 4-3 lead into the last of the sixth frame, but South Plainfield tore into Jerry Andrews, Cranford pitcher from the Beavers, for three hits, a walk and an error to tally the tying and winning runs. Roger Calderone, South Plainfield's hurler, pitched and batted his teammates to victory as he went three for three at bat and hurled a neat six-hitter, striking out six and walking only two. His third hit of the game drove in the deciding tally in the sixth.

The locals drew first blood quickly in the opening frame as catcher Dennis Burke of the Bums singled and Jim Downing of the Blues hammered a first pitch home run over the center field fence, 320 feet away. They continued to hold the lead with pitcher Rusty Cree of the Colts swirling tough clutch baseball, but South Plainfield finally got to Cree in the bottom of the third.

Right fielder Zebro singled but was retired as the next hitter bounced into a short-second first double play. However, Cree yielded another single to short stop Calderone, and proceeded to walk three straight, forcing in the home team's initial run. Cree then was retired after first baseman Doug Krenicky walked on a ground rule double down the left field line driving in two more South Plainfield runs. Andrews replaced Cree and promptly loaded the bases by walking DeVito, the seventh baseman, but Andrews bore down and fanned the next hitter ending the inning with "South Plainfield leading 3-2.

Outstanding Students Win Awards At Annual High School Assembly

Graduates Urged to Treasure Bible as 'Profitable Reading'

The Bible is the richest treasure of profitable reading that any graduating senior could hope to possess for his library. Its stories bear the mark of divine authenticity, yet it deals directly in human situations.

This statement was made by the Rev. Frank M. Rossi, pastor of Cranford Baptist Church, as he discussed "Barriers and Bridges" at the baccalaureate service for the graduating class of Cranford High School in the school auditorium Sunday night.

Recounting "that" momentous event in the history of the story of the children of Israel when they crossed from the wilderness into the land of Canaan, the speaker pointed out that "there was one difficulty: the River Jordan was a great obstacle in their path."

The Rev. Mr. Rossi then presented examples from present day life to point up a parallel between the circumstances described in the Old Testament story and our present times under "the tyranny of fear which has gripped our planet."

"Some of the barriers of the future you would not choose to face," he said, "but they are yours because you are heirs to the future."

"There is the intensification and relaxation of cold war tactics. Sometimes it seems as though the very wisdom of God has been scuttled by this menace to world security."

"Again there is the breaking out and breaking up of vast territories inhabited by people once thought to be secure in the cradle of colonialism; people whose one desire is to be free."

"Now into the realm of economics, entertainment, politics, where you will and you will find barriers unique to these changing times."

"There has always been the rule for the game of life," the Rev. Mr. Rossi said in summing up the parallel. "Between us and success, there is always a river to be crossed."

Returning to the story of the children of Israel from the Book of Joshua, the speaker continued: "What a sight that must have been with the turbulent river running 14 feet above flood stage; its proper banks indicated only by a line of oleanders and trees far out and beyond the existing brink. But there they stood in defiance to what lay before them. With shoes in hand, they were ready to cross over the swelling Jordan, down from above rose up in a heap . . . and

Identification Cards Issued For Local Recreation Events

To help identify Cranford students eligible to participate in Cranford Recreation Committee activities, identification cards were distributed this week by the committee to all ninth through 12th grade students at Cranford High School. The cards are to be filled out in full and presented whenever any student desires to participate in a Recreation Committee sponsored activity.

These include the Wednesday Night open houses at Walnut School during summer vacation, tennis lessons, basketball clinics and leagues during the summer, and winter basketball tournaments.

"Any local student who attends a school other than Cranford High, and who has completed the ninth through 12th grades, may obtain a card from the local police department by applying there in person. Duplicate cards also may be obtained there in event a student loses his identification card."

Identification cards were deemed advisable because they are used at many of the Recreation Committee sponsored activities and are increased considerably in recent years. The cards will aid the directors in identifying local students who are eligible to participate and help in keeping out those from nearby communities who infringe upon these activities, it was stated.

The Recreation Committee has requested the cooperation of all local students in carrying the cards at all times and presenting them whenever requested at a committee sponsored program.

The first open house of the season is scheduled for July 11 at Walnut Avenue School.

Citizen and Chronicle Wins 3rd Place in National Contest

The Cranford Citizen and Chronicle will receive a third place national award for General Excellence tonight at the 77th annual convention of the National Editorial Association in Hershey, Pa.

A total of 2,500 entries, the largest number in the history of the contest, were entered in the various divisions, and 96 winners were selected, representing 32 states.

The Citizen and Chronicle placed third in the General Excellence division for weekly newspapers in the 4,000 to 4,000 circulation category.

The Chronicle, N. Y. "Inquirer" was chosen first and the Beeville, Tex., Bee-Peayune second above the Citizen and Chronicle. Honorable mention in this classification went to the Elkin, N. C. Tribune; Newport Beach, Calif., Newport Harbor News Press; and Ashland, Va., Herald Progress.

The judges' comment on the local entry follows:

"The Cranford Citizen and Chronicle was generally excellent in every department. Typography and reproduction were good and the paper has excellent use of pictures. There is a fine editorial page with letters to the editor featured. The judges also marked the excellent sports coverage."

"Competition in the 32 contest categories was very keen," according to Contest Chairman E. Ralph Hostetter, publisher of the Elkin, Md., Cecil Whig. "Comparing last year with this year, there has been general improvement. The bulk of the entries, if they are representative of the country, were generally good. The majority of newspapers we looked at treated their editorial responsibility very seriously. The competition was close this year and in many instances the final decision as to which paper came first or second was a hairline decision."

The Citizen and Chronicle received honorable mention nationally in General Excellence last year and in 1953. The local newspaper also has been cited for its typographical excellence, placing second nationally in the 4,000 to 4,000 circulation category in 1961 and third in 1954. The Citizen and Chronicle also has won many awards in state-wide competition.

Charles M. Ray, publisher, Mrs. Ray and son, Bill, will leave this morning for Hershey to attend the NEA convention, which will continue over the week-end.
