Women candidates

After breaking the sex barrier locally on the baseball diamond, females now have moved onto the hardwood floor of civic life—the stage for the Township Committee.

There is a great deal of precedent throughout the state and nation for women candidates for elective office, and many have outstanding records of achievement. A number of women not only have been elected to local office in New Jersey but have gone on to higher elective or appointive posts.

The fact that the illogical prejudice against women in public office has existed so long is more remarkable than the fact they are now seeking public office. Sex obviously has nothing to do with qualifications for service in this area.

Women have a lot going for them in most fields of endeavor. The test-givers maintain they are smarter; the psychologists say they have a better intuitive understanding of human problems, and the personnel managers concede they do at least as well as their male counterparts in the various levels of employment.

A coalition of local Republican party groups agreed on Mrs. Geraldine Mattson as their distaff choice for one of two upcoming

COED CANDIDATE Lora Andrews, a Cranford High alumna, is one of four candidates for the Union County Democratic Committee and coordinated the local campaign for State Senator Alex Menza.

A second woman candidate for the Democratic Township Committee nomination is Mrs. Edith Coogan, co-founder and co-chairman of VISTA, the local service organization.

Mrs. Coogan has been more recognized for her work in behalf of civic and church activities than political campaigns.

If voting patterns hold tradition, one of the women candidates is likely to gain office if only as a nominee on a winning party ticket. Whomever might be elected is bound to make a fresh contribution to the deliberations of a body which has always been a males-only enclave. A woman mayor of Cranford? She could well be on the horizon.

League lines ... Municipal court

By Elaine Coburn

President, League of Women Voters

Did you know that if your dog gets away and eats the neighbor's prize state-of-the-art you could end up in municipal court? Did you know that if your spouse gives you a right to sue when he schedules a court judge? Even if you enjoy yourself too much at a party and drive your car into someone's private hedge you could find yourself standing in front of the municipal court judge?

The municipal court system in this state handles more than 100,000 cases each year. It is a busy and important part of the judicial system. The clerk has a lot to do. He is assisted in his job by a court recorder, a clerk and a bailiff.

The most important of these jobs, it would seem, is the clerk's job of administering justice in our courts. Perhaps state standards for municipal court judges and court clerks could effect the same upgrading in those areas which need it. Judges could still be appointed by the local governing body but their appointment could be subject to the approval of the local agency or committee. A local agency or committee could be set up to oversee the appointment of judges and court clerks. This would be a responsibility of the clerk's office. The clerk's office would be responsible for the scheduling of traffic violations for the state. In the judge's office, the clerk could sign warrants and set bail, which means 24 hours on call, in a town Cranford's size, where the clerk has little assistance. This means no real-time-off.

The Cranford League of Women Voters is working to improve the municipal court system. They are interviewing those people involved in its operations. Our conclusion is that it runs smoothly and fairly. However, it is reported to us by other leagues in the state that not all municipal courts function this well. But the personalization, the working well, all efforts should be made to preserve it, to keep it from crumbling from certain quarters about reforming the judiciary.

Letters to the editor

HD aid
To the Editor:
After hearing an informative lecture from President Jim Capone of the Garden State Chapter for HD (Huntington Disease), the members of the Kenilworth Jaycees put their hearts and arms out to these noble pioneers of this old but newly researched disease. This disease is a genetic disorder with a fifty percent chance of being passed on to children. The disease is not usually detectable until the age of 30-35. It is a terminal disease. Most physicians know little or nothing about it, so many patients die of other causes before it is discovered. After the last stages of the disease set in patients can no longer be taken care of at home. A major problem is presented to families because few hospitals or homes, other than private, will take these patients. The Kenilworth Jaycees, along with the Chapter for HD, are trying to help. We have no children on view in the hospital. We have photographs on our bulletin board but the children who wait in foster homes and in the country are not abstracts or invisible. They are there. Help Spaulding earn the money to care for them. We have no children on view in the hospital. The contest was held recently at Jersey City State College and was open to all schools in the state. Five students from Union Catholic received awards. Scott Saunders of Plainfield, first place in third year competition; Thomas Garland of Union, third in third year competition; Charles DeZaenque of Union, tied for second place in second year competition; Frank Peraza of Rahway, in a three-way tie for first place in first year competition; and Mary Beth Simons of Westfield, third in outside class experience.

The Kenilworth Jaycees will be keeping the products collected to give to HD at their New Jayce Headquarters in the Community Center in Kenilworth.

Recital
The Friends of the College committee want to express their appreciation to the generous space given to us in articles concerning the piano recital for Union College by Dr. Thomas Richter.

Thank you for contributing to the success of this occasion. President, Friends of the College.

Grateful
To the Editor:
On the morning of April 7th, 1974, I became very ill. My wife, Mrs. M. D. Hall, called the police for help. In minutes Officer George Kane and two other officers responded to the scene. They were able to assist the patient to the hospital. The police and the first aid crew were most helpful. I am so thankful to the Cranford Police and the first aid crew for their help.

Club's plants bloom

The Sunny Acres Garden Club recently conducted a cleanup workshop at its embankment garden on North Union Ave. near Cleveland School. At right is dwarf spring tulip in full bloom there last week.

Mrs. Francis A. Wagner, left, and Mrs. Eudolph Danish, right, are shown in the garden. At right is a dwarf spring tulip in full bloom there last week.

The club started last spring to plant this bare patch of ground. Up to that time it had been an eyesore and after a rain most of the plants were washed away. Members armed with rakes, trowels, pruners and baskets removed debris, weeded, removed bricks, and pruned out dead branches.

Golfers unbeaten

The Cranford High School varsity golf team rolled to its eighth and ninth wins of the season without a loss this past week as they clobbered Plainfield Thursday 14-4 and took New Providence Monday 6-1.

Coach Herb Farrel's Cougars shot well in the Plainfield match as the top four scorers all came in under 40. Mark Pittinger carded a 37, Bill Doskzynski, 38, and Rob McCormick and Jeff Thornton, 39 each.

Tigers name Isaac to team

Tom Isaac, a native of Cranford, is a member of the 1974 Princeton varsity baseball team. The 6-1, 185-pound sophomore paced the freshmen with a .333 batting average a year ago. A slick glove at first base, Isaac faces the unenviable task of trying to dislodge Tiger captain Ken Beytin, a three-year regular and the team's best hitter. But because of his strength in that department, Isaac should see action as a designated hitter, as well as spelling Beytin at first when the captain is called on to assume the DH role.

Isaac is the son of Mr. and Mrs. Anthony J. Isaac of 101 Severin Ct., and is a graduate of Cranford High School.

Hocagee open house Sunday

Hocagee House is holding an open house for the people of Cranford Sunday from 2 to 4 p.m. in an effort to familiarize them with services available there. Co-chairpersons Lynn Wagner and Joan O'Leary will hold an open discussion at 2:30 that will touch on the concept of Hocagee as it relates to the township.

Although Hocagee is an adjunct to the Mayor's Committee On Drug Abuse, the organization has rejected the label of drug center for the more universal concept of a youth center which features a remarkable number of services oriented to the needs of young people.

A number of groups are being offered to any young person who may not wish to join Hocagee but is interested in its discussion group. One such group is centered on "Male-Female Relationships" and is led by a trained social worker. Another rap group is offered by a director of youth services for the area. Other groups feature certified firearm safety instruction, arts and crafts and a supervised gym night.

A referral service is available for those youngsters with some emotional or educational problems that require more intensive therapy. This service is coordinated by a professional committee composed of those staff members whose training and experience qualifies them as expert in these fields. They have access to agencies equipped to handle a wide variety of problems facing youth.
