DEDICATION

to
Dag
Hammar-skjold

Statement by Ambassador Adlai E. Stevenson, United States Representative to the United Nations, on the death of Secretary General Dag Hammar-skjold.

"Dag Hammar-skjold died as he lived, a soldier of peace—one of the greatest of our age. I have lost an esteemed friend and the world a great servant.

Through his extraordinary skill and firm moral purpose, the office of the Secretary General grew to a diplomatic and a executive position of unique importance.

He was imbued with the spirit of law; and the law to which he held himself responsible was the law of the Charter and of the resolutions adopted pursuant to it.

Dag Hammar-skjold has left his imprint

forever on the cause of peace and decency among the nations. His vision, and the brilliant life he gave to it, was heroic. In the General Assembly which meets tomorrow, and all the General Assemblies to follow, we can do no better than to rededicate ourselves to the ideals for which he died."

We the students of Cranford High School dedicate our yearbook to Dag Hammar-skjold, the man, and Dag Hammar-skjold, the symbol of world peace.

Student Council Election

The C.H.S. Student Council is the representative governing body of our school. Its members, fulfilling their responsibility to the student body, are all constantly working to improve our school's appearance and spirit.

Besides conducting the annual magazine drive to raise funds for school activities, each year the Council undertakes a major project. Last year it adopted a Korean war orphan, and has continued to support him this year. For the 1961-1962 term it has begun a Sister School Relation program with a high school in Ghana. This program may possibly lead to an exchange student system.

Our Student Council is an active responsible organization, and one of which every Cranford student can be proud.

STUDENT COUNCIL OFFICERS

1962-1963

<i>President</i>	Howard Milius
<i>Vice-President</i>	Eileen Gill
<i>Secretary</i>	April Lee
<i>Treasurer</i>	Frank O'Brien

National Honor Society

The purpose of the National Honor Society is to promote high scholarship, leadership, service, and character among high school students. The organization is sponsored by the National Association of Secondary School Principals and was founded in 1922.

Cranford High School Chapter was chartered in the spring of 1924 as the 142nd chapter in the United States. It was the first chapter to be or-

ganized in Union County and among the first in New Jersey.

To be eligible for membership in the society, a junior must rank in scholarship in the top 5 per cent of his class, and a senior in the top 10 per cent of his class. Final selection of the members is made by ballot of the faculty on the qualifications of character, leadership, and service.

Golden C

The *Golden C* Staff functions in order to publish a comprehensive yearbook. Elected by the senior class and appointed by the Executive Committee, the editors and staff members attempt to prepare an annual which not only highlights the graduating seniors but also displays all facets of Cranford High School life—its teachers, its underclassmen, its activities, and its sports. Each staff contributes to the development of the total finished project: the Business Staff raises the necessary funds by intensive sales campaigns; the Editorial Staff prepares the senior write-up and the activity precis and perform any services not provided by the other staffs; the Art Staff is responsible for the cover design and the artistic qualities of the yearbook; the Photography Staff records on film the activities of the students, athletes and teachers; and the Typing Staff types the material for presentation to the printer. The Editor is responsible for coordinating the efforts of all these staffs so that the *Golden C* Staff can publish a yearbook in which all C.H.S. students can find interest and take pride.

The Spotlight, currently in its forty-first year, is the oldest student activity in Cranford High School. At one time, the *Spotlight* served as newspaper, creative writing magazine, and yearbook. Its role today is that of the modern school newspaper, carrying news reports, feature articles, and sports. It serves as a forum for student and faculty opinion.

The Spotlight

Visual Aids

The Visual Aids Club, first organized fifteen years ago, has functioned primarily as a service organization for Cranford High School. Its members have acquired skills used in operating and maintaining complex equipment and have learned how to put on a major stage production. Under the sponsorship of Mr. M. F. Yanuzzi, the club has served Cranford High School with a high degree of efficiency.

Stage Crew

The Stage Crew is a service organization open to all boys in grades 9 through 12. They must qualify for membership by taking and passing a stage crew course. The duties of this organization are to arrange and stage all activities held in the auditorium and gym either by school or outside groups.

The Election Committee is the group responsible for organizing and supervising the various elections during the school year. Its chairman is a special member of the Student Council. The Committee instructs the students how to use the voting machines for Student Council elections in the Spring. They perform an important service to the student body.

Election Committee

Assembly Ushers

The Assembly Ushers, who are chosen by the faculty, assist in seating the students before assembly programs. The girls also usher for the various programs put on by the music departments of the high school, as well as for some programs sponsored by the township.

Red Cross

RED CROSS: The Red Cross is the only international youth organization in the school. Its purpose is to serve others and work together for better human relations throughout the world. The club's slogan is "Good things happen when you help." Its activities include the enrollment drive, the bundle drive, the toy drive, baking cookies for hospitals, and visiting local nursing homes.

The Astronomy Club

The Astronomy Club, founded in 1959, is one of our newer organizations. Its program for the past two years has included lectures, films and field trips, but this year the emphasis has been changed to the non-conventional aspects of Astronomy, such as mathematics and space biology. This new approach to Astronomy has been especially interesting and worth while to the members of the club.

Senior Hi-Y

The Hi-Y Club is the high school branch of the Young Men's Christian Association. Membership is open to all junior and senior boys who wish to uphold the standards of the club: to create, maintain, and extend throughout the home, the school, and the community, high standards of Christian character.

Junior Hi-Y

Creative Writing

The Library Council is a service organization for all students and teachers. Its purpose is to assist the librarian in such routine duties as follows: charging out materials, checking in materials, shelving, paging, processing materials. Eligibility for membership is dependent upon teachers' testimony in evidence of the applicant's qualifications. The Council is affiliated with the New Jersey State Library Council Association and sends delegates to the annual conventions.

The Creative Writing Club was started in 1959 with approximately twenty members. The club gives students with an interest in creative writing the opportunity to present their work to their peers. This gives the members a chance to improve their writing through constructive criticism. The meetings of this club are informal and are held as often as the members need and want them. The Creative Writing Club hopes to publish a club magazine containing the best efforts of its members.

Library Council

Classics Club

At the weekly meetings, Classics Club members seriously discuss with the sponsor ancient classical writings which are assigned for home-reading. The unified four-year program covers Homer's Epics, the plays of Aeschylus and Sophocles, Plato's Dialogues and their criticism by Aristotle, and in summer sessions, Horace and St. Augustine. Field trips are occasionally made to points of interest, and Greek tutorial instruction is offered.

Advanced Classics Club

The freshman-sophomore French Club was started in October of 1961. The purpose of the club is to better acquaint the French student with the cultural aspects of France as well as learning the customs and the language. At meetings the Club members watched slides showing points of interest and scenic spots in France and interviewed a French girl. They also visited a French restaurant in Flanders, New Jersey.

French I

At their monthly meetings, the members of the French Club II supplement regular classroom work with a variety of cultural and practical experiences designed to aid them in understanding France and her people.

French II

German Club

GERMAN CLUB: The German Club offers to its members the opportunity of becoming familiar with the rich cultural heritage of Germany. At the monthly meetings, the members see movies, sing songs, and discuss poems and stories which aid them in understanding Germany and her people.

Spanish Club

Students of Spanish have the opportunity to meet once each month to broaden their understanding of Spanish culture through films, slides, or talks by Spanish-speaking people in the community. The members themselves read short representative plays, sing folk songs, or play charades or word games in order to stimulate the idiomatic usage of the language.

The Club highlight is the annual spring trip to the New York Hispanic Society Museum and a lunch at one of several Spanish restaurants in New York.

FUTURE TEACHERS OF AMERICA: The purpose of the Future Teachers of America is to interest good students in becoming teachers, to explore the teaching field, to cultivate leadership, character, and scholarship in students, and to provide a greater understanding of the value of education. The members observe classes in local elementary schools, serve as teachers' aides in our high school, usher at the annual open house, see films related to teaching, hear outstanding speakers, and visit colleges which offer courses in education.

Future Teachers

Vocational Medical Club

The Vocational Medical Club provides an opportunity for students to learn about the various vocations related to medicine. The activities include field trips, speeches, meetings, forums, and group and individual investigations. Girls in grades ten through twelve who are interested in vocations related to medicine are invited to join.

Psychology Club

During the last two years, students have indicated interest in forming a psychology club. This year a psychology club has been organized, which is divided into two different sections. Each section meets once a week on successive days to discuss the various aspects of psychology. A number of textbooks and workbooks have been purchased, and it is hoped that in future years this club will develop into an actual course of instruction.

Forum Club

The purpose of the Forum Club is to provide a medium of self-expression to students who display an interest in the problems of contemporary society. This interest is enhanced through participation in forum discussions, field trips, and competition with other schools.

Photography Club

The members of the Photography Club have a good knowledge of the basic principles of photography. The purpose of the club, therefore, is to develop the skills and techniques in their approach to photography. The activities consist of group criticism of individual projects, lessons in specialized aspects of photography, and special programs provided by large photographic companies.

The Chess Club is more a team than a club. The meetings may be described as vehicles for the development of talent and the exchange of ideas. A high-ranking team in 1956 won the coveted Interscholastic State Title. The season of 1961-1962 has been a successful one for the Chess Team.

Art Club I

ART CLUB I: The Art Club for ninth and tenth grade students was organized this year. It has contributed much to the community through service projects. Its other activities have included tours of New York City art museums and outdoor sketching trips.

The Art Club has been functioning actively for the last three years with the purpose of furthering artistic ability in the school. It enables both art students and other people to work on interesting projects and to enjoy lectures, demonstrations, and field trips.

Art Club II

Mask and Bauble Club

The purpose of the Mask and Bauble Club is to develop the students' dramatic talent. The club performs for the student body during some assemblies. Club members also put on skits for the Arts Festival which is sponsored by the high school and for other clubs in the school.

The Music Club is an organization dedicated to furthering knowledge and appreciation of music. Admission to the club is competitive; members have appreciable musical talent, which is exhibited to the school body in an assembly sponsored by the club each year. Included in the activities of the Music Club is a variety of programs in which members perform, guest speakers are heard, or movies are shown. A dinner is given in December and a musicale in May. In June the club holds its annual picnic. Some members of the club give charity concerts during the year, while others render services to civic groups.

CHORAL DEPARTMENT

The choral department has functioned primarily to further musicianship. Its one hundred eighty students have been provided with instruction in voice and the fundamentals of Music. The department has functioned also for the entertainment of the school and the public. The Choir sang hymns at assemblies throughout the year. The annual Christmas concert included selections by the Girls' Chorus, the Boys' Glee Club, and the Choir. For the spring concert the choral organizations combined to present "La Traviata". Members of the Girls' Ensemble and the Boys' Double Fifth, seniors selected from the Choir, entertained several community organizations and performed in the spring concert. The Choir's concert in May was the department's major production this year. The department was represented at functions in other towns, such as the New Jersey Operatic Festival and the All-State Chorus concert.

The Dance Band is a school-sponsored instrumental music group devoted to popular and dance music. The members, who are chosen by audition, meet weekly to work out modern dance numbers and arrangements. The Dance Band, which has been well-received by the students, plays at the Awards Assemblies, the annual Band Concert, and the Arts Festival.

Dance Band

The seventy-six piece Concert Band performs two evening concerts annually. Many members of the Concert Band play in smaller groups, such as the Dance Band, the Assembly Band, and various ensembles. These groups participate in diversified programs throughout the school year.

The Cranford High Band is well represented in the competitive Region II-All State Band, All State Band, All State Orchestra, and Opera Festival Orchestra.

Concert Band

The Marching Band is composed of about fifty of the members of the Concert Band. Twirlers are chosen by competitive auditions. During the football season, the Marching Band and the Twirlers combine to provide entertainment at the games and pep rallies. At half-time of the football games they provide coordinated shows complete with an announcer. The Band provides the music and makes formations, and the Twirlers add interest and color by twirling batons and flags and by performing drills and maneuvers. The Marching Band and Twirlers also represent Cranford High School in the Memorial Day Parade.

1961 FOOTBALL TEAM

The many upsets in the football season brought surprise and sorrow to Cranford. With an explosive start the Cougars overwhelmed a strong Linden team which lost no other games in their season. After a demoralizing Saturday at Millburn, the team rebounded with five straight victories. Clark fell first to Cranford 26-6. Then in the mud and rain, a spirited Cranford team came from behind with Bob Ackland scoring twice in the last four minutes. Hillside suffered their first defeat at the hands of Cranford. With Lee Nordstrom, our

bruising fullback and the passing of quarterback, Dave DeLonge, the team continued rolling toward the Watching Conference title as they defeated Roselle 28-6 and shellacked Roselle Park 27-7. For the second year their title hopes were snuffed out by a bitter 31-7 loss to Scotch Plains. Reversing the tide, the Cougars thumped Jefferson 28-18 on Thanksgiving. Our boys looked exceptionally strong that day. The victories in the opening and final games highlighted the season, and Coach Stan Grayson gained due recognition by having the best win-loss percentage among the area coaches with 25 wins, 43 losses, and 4 ties over the last eleven years.

CROSS-COUNTRY: The spirited cross-country team, coached by Mr. Jean Poquette, ended the season with a 2-11 record. The times set by Dave Kelber (13:39) and Win Heger (13:44) for the two and a half mile course were the best Cranford has seen in many years. Jim Easton, the morale booster, along with the other senior members, Bruce Arnold, Ed Coe, and Mike Terry, all pleased Coach Poquette with their constant improvement during the season.

Coach Sferrazza worked with one of the smallest groups of boys to come out for soccer and wound up with a 1-11-1 record and one of the top defensive teams in the area. Although winning only one game, the booters never gave up, whether down one goal or three. Their lone victory came on the final day of the season when they downed Columbia 3-2. The Cougars jumped out into a 2-0 lead in the first period and fought off the Columbia threats to post their only win. Oddly enough, the three goals were scored by the team's player-manager, Rich Rubenstein, one of the full-backs, Jim Zachary, and by a non-letter man, Jack Caraggio. However, the defense of Bill Ray, Mike Bedell, Bob Johnson, Rick Wilson, Marty McEvoy, and goalie "Satch" McVey played a big part in the victory. They also played excellently during the entire year by limiting the opponents to an average of only two goals a game. A lot of credit goes to Steve Hall, team's high-scorer, Ralph Zobel, Marty Christian, and Tom Mitchell, who all rounded out the starting team and who each gave their best.

STANDING: (Left to Right), John Zalinsky, James King, Nelson Dittmar, William Ray, Neil Castaldo, John Litwinetz, William Martin, Coach; Robert Engel, Ronald Ritter, Edmond Sluzis, John McVey, Francis Collins, Ronald Rubenstein. KNEELING: Richard Rubenstein and Barry McDowell, Managers.

A largely veteran basketball team enjoyed quite a winning season, compiling a 19-6 record, with only three losses occurring in New Jersey.

John Litwinetz led the team in scoring and was among the county's top point makers. Bob Engel and Rob Ritter also provided the team with scoring and strong rebounding. Ed Sluzis was one of the most effective clutch shooters on the team, and Doc Castaldo was the playmaker, furnishing the team many times with much needed spirit. John Zalinsky, John McVey, Francis Collins, and Jim King also were effective for the team.

The Team began the season well, winning its first five ball games. During the holidays, however, the Cougars suffered two defeats to New York teams in the Schenectady Holiday Tournament, at Schenectady, New York. Following the holidays, Cranford was set back by an undefeated Westfield team. After this defeat, the team went on to win eight straight games, including a win over a previously undefeated Westfield. In spite of the fact of closing out the season with a loss to Scotch Plains, Cranford was seeded third in the Union County Tournament. The team, however, lost to Linden in a double overtime game in the semi-final round of the tournament.

Cheerleaders

JUNIOR VARSITY CHEERLEADERS: The coveted positions on the J.V. Cheerleading Squad are open to 9th and 10th grade girls. Each fall, after a stiff period of competition and elimination, ten girls are chosen to lead the spectators in giving moral support to the Junior Varsity Basketball Team. Every member of the squad works towards being chosen as a member of the Varsity Cheerleaders in her Junior and Senior years.

VARSITY CHEERLEADERS

The Varsity Cheerleaders of Cranford High represent our school, and it is their responsibility to maintain good sportsmanship, in victory or defeat, at the football and basketball games.

The squad, consisting of ten members, is chosen on a competitive basis. Our Varsity Cheerleaders, who maintain their high standards through a constitution formulated by the members, are proud of their representation.

VARSITY CHEERLEADERS: FIRST ROW: (Left to Right): Connie Beall, Stefanie Kott, Joanne Aliseo, Ruth Epstein, Mildred Gessler; SECOND ROW: Captain, Carol Bernard; Gay Milus, Betty Ann McGovney, Kathie Bride, Karolyn Schultz; Sponsor, Miss Jane Seymour.

Chorus Line Rehearsal

Closing

The Golden C Staff hopes that it has captured within the preceding pages some of the spirit and activities of this school year. While emphasizing the extra-curricular, we have tried to reflect indirectly the joys of an industrious academic year.

We express our sincere best wishes for success to the graduating seniors and the underclassmen who will carry on after they have departed.

Acknowledgements

The Golden C Staff wishes to acknowledge the guidance and assistance received in compiling this yearbook. We thank the Administration and Faculty for their cooperation, Mr. Berkebile and Mr. Frutchey for their photographic coverage, Mr. Everett of Rae Publishing Company for his understanding, and the Students of C.H.S. for their support; but most of all, we wish to thank our faculty advisors, Miss Bloom, Miss Robinson, and Mr. Longenbach, for their many hours of work.
