ALL QUIET AT RENNES

Calm Reigns After Weeks of Intense Excitement.

DREYFUS ASKS FOR REVISION.

He May Not be Publicly Degraded—He May be Pardoned on January 1—Madame Dreyfus is Brave.

Special to The News.

Rennes, Sept. 11—Madame Dreyfus says that her husband's past punishment in a cell on Devil's Island is retroactive and that he will be a free man on the 13th of October. An eminent French lawyer confirms this statement.

Demange told your correspondent that it was impossible to degrade Dreyfus the second time.

The clerk of the court martial says that Dreyfus is undoubtedly sentenced to ten years imprisonment from the day next after his degradation. If this view is correct the prisoner will not only be degraded again but will have to serve ten years imprisonment in a military fortress in addition to the five years that he has already served on Devil's Island.

An answer to Dreyfus' appeal is expected within two weeks. If the decision is adverse and Dreyfus is sent to Corsica his wife may accompany him. She will not be allowed to live with him but will have the privilege of visiting him on regular days.

Rennes, Sept. 11—After the emotional scenes of Saturday and Sunday a general wornout feeling pervades the whole place.

Dreyfus has signed his "pourvoir" for revision, which will, if admitted, result in steps being taken to stop his degradation.

The verdict comprises degradation, but, owing to the fact that Dreyfus' name was never reinstated on the artillery list, and only his sword was given him, he need not be degraded before the judges, and the humiliating ceremony may be spared him.

Chief Surety Hennion says Dreyfus will not be degraded. Military men, however, hold the contrary opinion.

His case now goes before a court martial of generals delegated by the decree of the Minister of War to sit in review of the decision of the court martial of the Tenth Army Corps.

As was previously cabled, the verdict sentences him to imprisonment in a fortress of continental Europe, which may mean at Corte, in Corsica, or the fort of Ile, St. Marguerite, where Bazaine was confined.

With the exception of a deadly pallor, which shows her emotion, Mme. Dreyfus is perfectly calm.

Many kind thoughts go out to the poor little Dreyfus children, who are doomed to disappointment at not seeing their father.

Little Pierre is angry, and has written a letter, saying:

"The minister is a bad man not to let papa have forty eight hours to come and see his little boy."

He has so much to tell his father, but his mother says the minister is keeping his father for important work.

Near his heart Dreyfus wears these baby letters that Mme. Dreyfus takes to him.

Labori has gone, Jaures has gone, and all the prominent people mixed up in the affair have left. Demange says his consolation is that truth and justice are with him and he has done all he could.

Colonel Jouaust has declared that Dreyfus must serve ten years, but, speaking with friends, he expressed a conviction that there would not be a fresh degradation.

Those who think Dreyfus will be released in October because the five years on Devil's Island will wipe out the present sentence, owe to the fact that he was sentenced for exactly ten years a confirmation of their view, but they are mistaken. He was sentenced to ten years, not because that happens to be double his term on Devil's island, but because, according to the military code, the recording of two votes in his favor fixes his term of detention at ten years. Had the verdict been unanimous he must have been sentenced to twenty years. Those professing to have ascertained, since the verdict, the opinion of the judges, declare that the vote of 5 to 2 was not given by mutual agreement, but because the two judges voted in his favor from a conviction of his innocence.

This afternoon a solitary gendarme paced up and down before the military prison, and there was not a policeman or a soldier near the Lycee, which last week resembled a barracks. Workmen were busily dismantling the court room and packing the chairs, tables and benches on a trolley car outside.

Mme. Dreyfus visited her husband in the prison this afternoon, but not the slightest interest was shown in their meeting by the population. She found him calm. The prisoner smoked a pipe today for the first time in many days, which indicated that he was in a better spirit than could be expected.

HOLY WAR

Is What Aguinaldo is Trying to Make Insurgents Believe is Being Waged.

Special to The News.

Manila, Sept. 11, 4 p. m.—An excommunicated priest of the name of Aglipay joined the insurgents last July. He had been excommunicated by the Archbishop of Manila. Since that time Aglipay has been preaching the doctrine of alleged Holy War and has repeatedly denounced the Archbishop. On August 21 at Tarlac, he baptised Aguinaldo's son, and this act caused a significant chasm between the followers of the Archbishop and the so-called "Holy Cause," which is the strongest influence the rebels can bring to bear on the inhabitants of the provinces.

UNION LABEL

OUR FLAG

IS STILL THERE

Patriotic Words of President McKinley.

"It is the flag of the free, the hope of the oppressed, and wherever it is assailed it will be carried at any sacrifice, to triumphant peace.

"Our flag stands for Liberty and Humanity; what that flag has done for us we want it to do for those countries which, through fortunes of war, have come under our jurisdiction. That flag does not mean one thing here and another thing in Cuba or Porto Rico.

"Peace first; then with charity for all, establish a government of law and order, protect life, property and occupation for the well being of the people; a government in which they shall participate under the stars and stripes."

There seems to be a prospect that the war cloud will soon pass away from the horizon of the Transvaal and England; there's a big rift in it, at least.

The state fair at Springfield will be held September 25 to 30; the 26th is carnival day, the 27th ladies' day, the 28th governor's day and the 29th Springfield day.

The death of Mr Dudley Watrous removes from our city another of its well-known and respected old settlers; they are thinning out quite rapidly, as the song says "one by one."

Dreyfus and his friends are moving for a new trial of course if they get one it will be before the civil courts, and there the stain on his name can be removed and almost certainly will be.

The correspondents who have the job of compelling the dismissal of Otis may have bitten off more than they can chew; if he has done his duty well the President will stand by him, as Lincoln stood by Grant, Sherman and Sheridan.

Our neighbor, the Press, will have to make an awful straddle to stand on the vigorous prosecution of the war with one foot, and on the free silver platform of Bryan, with the other. Why not be for sound money, and be right all round?

Ohio democrats are not ranting much about the money power; that is all there is to John R. McLean, their candidate for governor; he is one of the boss monopolists of the United States. But the democratic party is never happier than when inconsistent.

We should say that the proposition to boycott the Paris Exposition of next year, on account of the Dreyfus trial, is not a good one; one injustice is not a remedy for another; the civil authorities of France are not to blame for the terrible injustice that has been perpetrated in France. The cowardly and guilty French military officers are the guilty ones and will meet their punishment as sure as time moves, and that without a boycott.

"The fact that most every Illinois farmer is buying a piano this year would indicate that there's music in the air."--Democrat. It would indicate good McKinley times, Mr. Democrat; plenty of money, paying off of debt, buying of luxuries. How on earth did you come to make such a full admission of good times? Perhaps one of the boys did it "unbeknownest" to the calamity editor.

THE NEW JEFFERSON.

Altgeld and others of the 'steeners are in the habit of calling Bryan the "new Jefferson." Yes, he is very new, as a Jefferson—so new that there is no resemblance to what Jefferson held as most important and in the things that Bryan most vehemently advocates.

First. Bryan advocates with peculiar vehemence the coinage of silver at the arbitrary ratio of 16-to-1. That is diametrically opposed to Jefferson's advocacy of the coinage of silver at the market ratio of gold and silver; according to Jefferson the markets of the world should regulate the ratio of gold and silver; according to Bryan the markets of the world have nothing to do with the case.

Second. Jefferson believed that government should intermeddle as little as possible with the affairs of the people; that government was only to enable man to exercise the powers that God had given to each, and to do their best in the race of life. But Bryan advocates with great stress, even with great distress, that the government should take charge of pretty much every thing; should intermeddle with all the business affairs that Jefferson and the fathers held as in the limits of personal enterprise and outside the limits of the dominion of government.

Third. Jefferson was a democrat, he believed in the ability of the people to govern themselves, to correct errors; while Bryan is a rampant bureaucrat socialist, who has little faith in the people, but desires government by bureaus—a regular bureaucrat, is Bryan.

In a word, no two persons could be more unlike in ideas of government than Wm. J. Bryan, of Nebraska, and Thomas Jefferson, of Virginia.

ROW AT A DANCE.

One Man's Throat Cut and Another Man Shot.

Two Italians with jaw-breaking names were arrested at Fred Weddeman's saloon on East Main street yesterday evening by Deputy Sheriff Jimmie Sloan and Detective Halls, charged with being implicated in the shooting and cutting scrape at Kellyville Sunday night. Two other foreigners are wanted but the officers were unable to locate them last evening, but it was thought that they would be apprehended before morning. The parties arrested at Weddeman's place were locked up in jail pending their preliminary hearing.

Sunday afternoon there was a dance in the Kelly grove at Kellyville and among the Americans present were Jim Clingan and John Harris, who, just after they had left the grounds were waylaid by four foreigners and in the fight that followed Clingan was cut on one side of his neck and Harris was shot in the left leg; Clingan was removed to a house near by where a physician attended to his wound, which extended nearly half the distance around his neck; eighteen stitches were required to close the gash. The jugular vein was not cut and it was thought last night that Clingan would recover. Harris was only slightly hurt and was at work yesterday, as usual, it was said.

States Attorney Wilson was notified of the trouble yesterday morning and at once had warrants sworn out for four unknown men. Deputy Sheriff Jimmie Sloan and Officer Halls took the writ and went to Westville, where Officer Stark, of that place, said the men wanted could be found, but when the officers reached that place they learned that the Italians had come to this city. The officers turned back and upon reaching this city had no trouble in locating two of the men at Weddeman's saloon.

It is said that the trouble between the Italians and the two Americans dates back a year or more, when Clingan impersonated an officer and arrested one of the dagoes.

At the Grand.

"Too Much Johnson" was the attraction at the Grand last evening. This is a first class comedy by William Gillette and very bright and funny. The company was very good and pleased a fair sized audience. Tonight this same company will present "A Man of the World." This is also a splendid play and should be greeted by a full house.

Causes of Loss of Hair

Dr. Sabouraud, the eminent French Dermatologist, says that 96 per cent of hair losers are the results of microbes and the neglect of dandruff. The antiseptic action of

LAID TO REST.

Funeral of Dudley Watrous Held Yesterday Afternoon.

The funeral of the late Dudley Watrous was held yesterday afternoon at 3 o'clock at the family residence, 216 West North street. The services were attended by a large concourse of sympathizing friends of the family, including many brother Masons.

Rev. Johannes Rockstroh and Rev. Willis E. Parsons conducted the services which were very beautiful and impressive. A male choir consisting of Messrs. H. C. Adams, C. M. Smith, E. X. Lesseure and H. L. Miller sang sweetly, "Nearer, My God To Thee," and "Abide with Me."

Athelstan Commandery, Knights Templars, and a large representation of Olive Branch Lodge, No. 38, F. and A. M., attended the services, in a body, and formed an escort to the cemetery. The beautiful Masonic services were conducted at Springhill by Worshipful Master L. D. Gass. The following gentlemen were the pall bearers A. W. Heinly, C. L. English, James Knight, John Shutts, George Hooton and A. R. Campbell. The procession to Springhill was led by the Ben Hur band.

The floral tokens of sympathy were very beautiful and very numerous, showing the universal sympathy which goes out to the family in its bereavement. Among them were the following:

Broken Wheel—From First National bank.

Greek Cross—Athelstan Commandery.

Exquisite Pillow, "Father"—Mr. and Mrs. C. C. Denton.

Sheaf of American Beauty roses—Mrs. Watrous and Miss Padgett Watrous.

Sheaf of Purple and White Asters—Mr. and Mrs. E. C. Segner.

Sheaf of White Asters—Mrs. George Buckingham.

Sheaf of Asters—Mr. and Mrs. Geo H. Segner.

Cluster Tea Roses—Mr. and Mrs A. W. Heinly.

Sheaf of American Beauty Roses—Mrs. Charlotte Jones.

Sheaf of White Asters—Mrs B. O Carlton, Miss Emily Moore and Herbert L. Miller.

Cluster of Marechal Niel Roses—Mr and Mrs. A. L. Webster.

Sheaf of White Asters—Mr. and Mrs. Joseph English.

Among those present from out of the city: Mr. and Mrs. C. C. Denton, Las Vegas, N. M.; Dr. and Mrs. Frank Gray, of Lafayette; Dr. and Mrs. Morin, of Catlin, and Mrs. Helen Smith and daughter of Catlin. Miss Minnie Dale came down from Chicago to attend also.

Mr. Watrous was one of the oldest citizens of this city, well known to our people; he was of a generous, jovial disposition, always enjoyed the company of his friends and will be missed by many who have been his associates for years. He was not well for a long time before his fatal illness, yet he persisted in going about as usual because he "didn't like to play sick," as he called it.

He was a fond father, very proud of his talented daughters, and especially so of Miss Padget, whose musical talents are so well known in this city and among musical people generally. He has passed to the final home whither we all are tending; peace to his ashes, rest to his soul. The News tenders sympathy to the bereaved wife and children.

JUSTICE COURTS.

"Giddy" Smith and Ben Garrett Held to the Grand Jury.

"Giddy" Smith and Ben Garrett have succeeded in getting each other in jail. Last Saturday evening "Giddy" swore out a warrant for the arrest of Garrett on a disorderly charge and the police arrested and locked Ben up. Yesterday morning when "Giddy" appeared at the police station to testify against Garrett he was arrested on a warrant charging him with assault with a deadly weapon, and a similar charge was made against Garrett, and both were held to the grand jury and locked up in jail. Garrett has been infatuated with Smith's wife and that is what has caused all the trouble between these unsavory colored men. Friday night they fired several shots at each other, one of the bullets grazing "Giddy's" left hand. Mrs. Smith is a white woman.

The disorderly conduct case against the Kimballs, of Cherry street, in which Policeman Knox is the complaining witness, was, by agreement of the attorneys, continued to today at 2 p. m. Attorney Rearick will conduct the defense.

Thomas Graves and George Johnson were each fined $3 and costs for being drunk, and both were committed.

DECISIVE STEP IS TAKEN

For the Redemption and Preservation of Y. M. C. A.

COMMITTEE OF MEN AND WOMEN

Appointed to Assist Directors in Raising Enough Money to Pay off Indebtedness of Institution.

Pursuant to a call issued by the mayor of this city and the president of the Chamber of Commerce a public mass meeting was held in the city council chamber last night for the purpose of presenting an appeal for aid for the Young Men's Christian association and devising some plan whereby the amount of money necessary to pay off the indebtedness of the institution could be raised. The meeting was presided over by Mayor Bailey.

In view of the condition of the association and the absolute necessity of some decisive action being taken toward its redemption and preservation, it was hoped that there would be a large attendance at the meeting. But unfortunately, there was but a small attendance. Those that were present, however, were equal to the occasion and mapped out a line of work which is thought will result in the necessary amount being raised.

After some discussion it was moved by Mr. E. R. Partlow that the chairman appoint a committee of ten to assist the board of directors in raising the money by subscription. On the suggestion of Mr. E. X. Leseure it was agreed that five members of this committee should come from among the younger men who belong to the association. L. V. Chaffee suggested that some ladies be also appointed on the committee. It was later decided that the committee should be constituted of five women and fifteen men that would get out and work and help raise the money. Mayor Bailey selected the committee as follows:

Y. M. C. A. Members—John Webster, Will Acton, J. C. Woodbury, H. C. Adams and Alfred Ray.

Ladies—Mesdames S. W. Jones, J. W. Wilkin, Edward McCusker, W. F. Brand and Miss Genevieve Wright.

Business Men—Gus M. Greenebaum, E. X. Leseure, Herman Schmitt, Charles T. Yeomans, J. A. Schaad, J. H. Harrison, W. A. Connelly, Charles P. Nelson, John Keesler and A. L. Webster.

It was agreed that E. R. Partlow should be chairman of this committee. A meeting will be held Wednesday night and a line of work mapped out. The entire city will be canvassed in soliciting subscriptions, and the territory will be so divided that nobody shall be missed and care will be taken that none of the territory shall be gone over twice. The committee will start out with the intention of raising the whole amount—that is enough money to pay off the indebtedness of the association and place it on a basis that will enable it to continue as an organization to the end of the year—or none. That is to say they will take subscriptions on condition that the whole amount be raised. In order to do this, which is in truth no small task, the committee will have to have the hearty co-operation of all. They will expect to get something from all who are able to pay.

The amount necessary to be raised is $2,034. Five hundred dollars of this amount has already been pledged by one individual on condition that the entire amount be raised. This leaves, practically, $1,534 to be raised by the efforts of the committee. Mr. Partlow read the report of the auditing committees which showed that the work of the association has been carried on as economically as possible.

O. F. Maxon said he was authorized to state that the Ladies' committee of the Young Men's Christian association had agreed to raise $200 which they would pay into the treasury of the association by April 1. This announcement was greeted with applause. These ladies represent the mothers of the association.

O. M. Greenebaum thought that many men in this city ought to be able to subscribe $25 and that it would be better for those twenty-one men on the next bond and note of the association to subscribe $25 than to get stuck for $60. This statement created some mirth and Mr. Chaffee announced that he for one would be willing to give $25 rather than have to pay the $60. It was shown however, that all these men on the bond and note have been among the most liberal contributors to the association and it was agreed that they should not be asked to pay one dollar more than they would voluntarily do so, the same as if their names were not on the bond and note.

Several present thought that there should be more activity among the members of the association toward aiding the institution financially, but Mr. Partlow announced that the membership had already subscribed $1,300 this year and that the members had given about all they were able to.

Elder Stephens was of the opinion that the amount should be divided up into shares in order to place it within the reach of everybody to contribute as much as they are able. Many would be able to take a $1 share and many $5 and $10 shares. He thought that it should be so arranged that everybody be given an opportunity to aid and in this manner the man who gave a dollar would feel as highly honored as the man who gave twenty-five dollars.

E. X. Leseure favored Elder Stephens' suggestion and Mr. Leseure further suggested that printed slips be given to those who subscribed money, certifying that they gave so much for the redemption and preservation of the Y. M. C. A.

Talks were also made by Hon. J. G. Cannon, Dr. Horace Reed, A. S. Markley, L. V. Chaffee, Mayor Bailey and John Webster.

Wonderful Cure of Diarrhoea.

A prominent Virginia editor had almost given up, but was brought back to perfect health by Chamberlain's Colic, Cholera and Diarrhoea Remedy. Read his editorial from the Times, Hillsville, Va.:

I suffered with diarrhoea for a long time and thought I was past being cured. I had spent much time and money and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of that trouble, and I wish to say further to my readers and fellow-sufferers that I am as hale and hearty man today and feel as well as I ever did in my life.—O. RUN OVER AND KILLED.

While Walking Along C. & E. I. Tracks North of Junction.

CHRIS JOHNHOLTZ IS STRUCK

And Run Over by a Tank Car — Left Side of Head Cut Open — Was Employed at Kelly's No. 3.

Chris Johnholtz, a German employed at Kelly's shaft No. 3, was run over and killed yesterday afternoon about 4 o'clock at a point about two hundred yards north of Fairchild street. The unfortunate man was about 50 years old and leaves a family of seven children, five boys and two girls. His wife died about a year ago. He has several brothers and sisters in Chicago and other relatives in Germany.

There was no work at Kelly's No. 3 yesterday afternoon. Johnholtz came up on the miners' train about noon and tarried, it is said, around the Junction and Germantown until about 3:30 o'clock when he started for home, walking along the tracks. A switching crew in charge of Conductor Fox was switching some cars north of Fairchild street, making up a train for Chicago. Conductor Fox saw Johnholtz walking along between the tracks and saw him stop and put his dinner pail on a flat car. A few minutes later his lifeless body was found by a man named Donovan. The left side of his head was cut open and frightfully mangled. It is supposed that he stepped over on the track where some cars were being shoved and was run over by tank car No. 8167.

The remains were removed to Berhalter & Olmsted's undertaking establishment and prepared for burial. Coroner Stansbury was notified of the accident and will hold an inquest this morning. The deceased was a brother in-law of Fred Prast, proprietor of the lumber yard on Corinne street.

STOMACH : DISEASE

Treated Right by the Celebrated Specialist,

DR. GUTHRIE.

Read What This Great Scientst Has To Say---Office Days, Wednesday, Thursday and Friday.

Dr. Guthrie, the eminent ear, nose and throat specialist, returned to his office this week after an absence of several days on account of the sickness of his wife.

The doctor is very anxious that all his patients call on him this week as early as possible. He will be at his office until late every evening from Wednesday until Friday night and all those who he has been treating will have plenty of opportunity to see him.

STOMACH DISEASES.

Let us take up the cure of obstinate stomach disease—each trouble different from every other stomach trouble, but all troubles of the stomach with some symptoms that are common to every form of stomach disease; each form of stomach disease requiring a different medicine.

While a few of the stomach conditions are incurable, the majority of them are readily cured by skill and patience, and all stomach disorders, even the mildest in type, when neglected, tend to run into a more severe form of the disease. Thence, with simple indigestion is liable to follow gastritis, and then stomach ulcer, and then cancer. Cancer of the stomach usually owes its start to some simple interference with the duties of the stomach that shows itself a trifling affection.

So different are the diseases of the stomach, so widely varying are they in their nature, that any one can readily understand that no one treatment or single remedy may be used with any degree of safety or satisfacton in treating stomach troubles.

So widely varying are stomach troubles in their nature and character that only a doctor's skill, who is experienced in stomach troubles, can ever hope to separate one diseased stomach condition from another and by this means find out just what stomach trouble exists, and until this is done a cure for the various stomach diseases can never be obtained.

CATARRH OF THE STOMACH.

Catarrh of the stomach—This may result from the swallowing of poison one material, or it may be brought about by catarrhal processes at work in the lining of the stomach itself. The thousands of glands that are dotted all over the lining of the stomach and which open out into the chamber inside of the stomach, manufacture, pour out indigestive juices that attack the food and digest it and make it soluble, and when catarrh is present the digestive juices in their action, the food lies like a lump of lead in the stomach and does not digest.

STOMACH ULCER.

When there is an ulcer in the stomach there are two periods when the pain is felt most; immediately after the food is taken, the particles of food irritating the sore, inflamed ulcer. The digestive juices that are poured out at this time to digest there food act as an irritant to the inflamed ulcer and give pain. Then, when the stomach is empty the stomach folds up like a collapsed toy balloon, the two sides rubbing against the sore part or pressing against it sets up pain.

Now with the pain that goes with ulcer there are attacks of irritation of the stomach. These persons that are developing ulcer of the stomach as a rule suffer quite a while with all those symptoms they have learned to believe are dyspepsia. The soreness and pain in the stomach are not heeded until an attack comes on some day, during which hemorrhage ensues, and then the ulcer is discovered by the doctor.

CANCER OF THE STOMACH.

Cancer of the stomach comes on most people after they have passed their fortieth year. They are usually people who are run down, who have suffered with their stomach immediately after eating; that they have a sense of fullness and distention; that they are gradually losing flesh, and, while they are hungry, they can't take food without great distress. Their color gets bad and waxy, and after a time the blood vessels in the abdomen enlarge and stand out like whipcords.

SEPTEMBER 7.

We will give you a Box Kite Free, worth 25 and 50c each, to every boy who purchases a pair of Bunker Hill School Shoes. We have only a limited quantity of Kites so come early and get a souvenir while they last.

We wish for parents to know the advisability of buying box calf, vici kid and winter tan Bunker Hill school shoes for the boys.

If there were better shoes at the prices we would have them. Frankly we do not know where you can get better or as good excepting by paying more. They are modeled on the lines of a perfect foot and contain specially selected stock, perfect fitting and void of that "cheap" appearance noticed in the so called fine makes of boy's shoes shown elsewhere at the same prices, $1 50, $2 00, and $2.50 per pair.

The business built up on our Bunker Hill Shoes is evidence of their merit. We are now showing a large variety of styles and solicit your inspection of our line before buying School Shoes.

Editor Osborn of the Republican will lecture at Vermilion Grove the 23rd inst., on "Our Boys—Where? Why?" Hear him.

Elwood Township Sunday School Convention at Vermilion Grove, Saturday, 23d inst. An interesting program has been arranged.

Geo. W. Smith is among the oldest settlers of Elwood township, having resided here sixty-seven years. On the 27th of this month he will reach his 80th mile stone. He relates many incidents of earlier days in this vicinity which are full of interest.

John R. Tanner has made and is making a good governor, has saved the State money. He will be renominated and elected by the republican party. Mark it.

For sixty-three years our old-time friend George Sanders has been living in this world and forty-four of them has been spent in Elwood township. In 1856 he concluded he had fallen in love with Jane Shires and they became man and wife. As the result of this union is one son, Albert. Uncle George is an energetic man, a good neighbor, loyal to his friends and the republican party. May his last days be his brightest days.

Little Vermilion Predestarian Baptist Association was held at the Grove of Rev. Isaac C Whitlock last Saturday and Sunday. A large number were present, together with five noted ministers of the church. It took two hundred pounds of meat, one hundred and twenty loaves of breadwith an abundance of good viands to feed the vast multitude of people. One hundred and ten people remained Saturday night with Rev. Whitlock. Every body seemed to enjoy the religious feast. Next year they meet at Hopewell church near Gessie, Ind.

On our table lays an educational journal which says our friend L. H. Griffith is a man who has been conservatively progressive in the administration of his office as county superintendent and that he belongs to a class of educators who are honored and obeyed and advanced because of the good they have done and are continuing to do by their recognition of the fact that the education of children is a growing idea and that each step taken is merely a stepping stone to something better.

I believe that our readers will agree with me when we say that the republican party is the only party of any power or influence that is always for the promotion of the right, for supremacy of the will of the people, for law and order, for a free ballot and a fair count, it is a parth that is recognized by the best and truest men as a means for doing good for all men from the home of America to the far away Orient.

We believe it is termed one of the old settlers, if living in a place for thirty years or over. We record the names and ages of Elwood's old settlers who have passed to the beyond during the past twelve months: H. R. Hester, 66; H. R. Craven, 63; Levi Newlin, 71; John Hester, 71; Wm. Hester, 71; Wm. Turner, 81; Asa J. Ramey, 80; Wm. Brown, 85; Bettie Holaday, 81; Mattie Long, 60; H. T. Ellis, 61; John Jones, 66; Mrs. Bruce, 63; Maggie Baum, 59; Wm. Banta, 66; Lydia J. Williams, 48; Hiro Buell, 43; A. I. Fletcher, 32; Chas. Long, 32. Soon we will all have to answer the roll call.

We visited the Woods' pasture belonging to Richard Mills and found it a beautiful woods. Mr. Woods has spent much time and labor clearing out the undergrowth and trimming limbs from the trees which makes it a beautiful place. One can stand any place in these woods and look all over this shady nature's park. Richard is an ideal farmer and undoubtedly will realize good interest in cleaning up his woods. Others should get a hustle and do the same.

As republicans we will go into the campaign of 1900 indorsing without reserve the administration of President McKinley. The American people are to be congratulated upon conditions of prosperity and happiness resulting from the wisdom and patriotism which McKinley has brought to the discharge of his public duties. We will further declare our confidence in the policies adopted and the measures taken by Wm. McKinley to restore order and to establish progressive government in Cuba, Porto Rico and Philippines, and the republican party will pledge him their continuous support until these are fully attained. Nonnac.

Obituary.

To The News.

Died, at his residence three miles southwest of Oakwood, Tuesday, Sept. 5, Jacob Richter, of typhoid fever, aged seventy-two years.

Jacob Richter was born April 4, 1827, in Platte county, Penn. He was the son of Jacob and Rebecca Richter. He was married July 29, 1850, to Miss Mary Peck. To this union five sons and six daughters were born.

Mr. Richter came to this State in the fall of '63 and settled near Oakwood, where he resided until his death. He was prominent and well known throughout the township, having led a life of industry and contributing freely to the church and to the poor.

He had been a patient sufferer for some months, but was taken seriously ill on the 29th of August and in just a week he was kindly released from his suffering by his God. He gave evidence that all was well with his soul.

The funeral services were held Wednesday at 11 o'clock at the home conducted by Rev. Michael Oakwood. After a very impressive sermon the remains were interred in the Oakwood cemetery.

Mr. Richter was a kind husband, an indulgent father and a good neighbor. He leaves a wife, seven children, two brothers a sister and a host of friends to mourn. The neighbors and friends deeply sympathize with the bereaved and heart stricken family.

Card of Thanks.

The family tender their thanks to the many friends for their kindness during the sickness and death of their loved one.

Glenburn.

Sept. 11.—A glorious rain! the dust is laid at last and life is not as much of a burden as it was.

Last Wednesday was the day on which the reunion of the old 125th regiment, Ill., Vol. Inf., was held at Lincoln park. There are not as many of the comrades to answer roll call now as there was on the 10th day of Sept. 1863, the day that we marched out of the old fair ground at Danville to go to the front. No, no; many a good man and true, who then helped to fill its ranks has gone and their bodies are resting in their graves all through the South; of some of them it was never known what their end was or where their resting place is—the only record we have was "missing" on the muster roll. On the 8th day of October, 1862, we had our first encounter with the foe at Perryaville, Ky. But before that we had that horrible forced march through Kentucky after Bragg. Heat, dust and the scarcity of water all continued to make the march a terrible one. But we were in it until the end.

Mrs. James R. Tilton departed this life on the evening of Sept. 8. She had been sick for a long time. Her remains were interred in Pleasant Grove cemetery, Rev. Milton Mills preaching the funeral sermon.

An infant child of Mr. and Mrs. Cook died last Thursday and was interred in Pleasant Grove cemetery.

The weather is much pleasanter than it was—nice and cool.

Mr. Joseph Dysert has returned from a trip he made to Indiana on a visit to his daughter, Mrs. Fowler. He reports everything flourishing over there and the crops immense. Sarge.

East Lynn.

Sept. 11.—The much-needed long-looked for rain came last week.

Snyder & Dunavan are erecting a fine large corn crib.

The commissioners are improving the looks of the village by putting in several new crossings.

John Mell is working in the butcher shop during the absence of Alf Day.

Misses Clara and Angie Rose left this week for Lake Forest where they expect to attend school. They will be greatly missed by their friends and associates, as well as their parents.

S. H. Dunavan spent a few days in Chicago last week.

C. H. Fuller was in Iowa last week on business.

Robt. Fuller returned last week from several months' stay in South Dakota, where he has been working on a farm for his uncle.

Nels Reindahl, and wife from Royal Center, Ind., were visiting in the family of Carl Larson last week.

Mr. and Mrs. E. E. McConnell returned from their trip to Colorado last week and are now visiting relatives in Indiana.

Our public schools commenced last week with eighty-two enrolled. Among those who were in attendance last year are three, who are teaching or expect to teach this year. They are Misses Selma Johnson, Ella Arnold and Pearl McAdams. This speaks well for our school last year. X. Y. Z.

Frank About Ages.

Russian women are said to be remarkably frank about their ages. Several years ago one of them misrepresented her age in court and she was promptly sent to Siberia. It is said that the courts of France are absolutely unable to get correct statements of the number of years the fair daughters of that land have been upon earth.

The 6 year-old son came back from his first day at the Marietta street school. He had a head full of impressions mostly those acquired by associating with the crowd of boys of his own age on the play ground. The school room was already a means to an end of getting with "the kids." The father of the boy assumed a deep interest in his son's affairs as what he has learned during the first half day. "I learned" said the novice brimming over with enthusiasm, "that I Jimmy Smith told Rose that if he did not quit monkeying with him that he would knock the gelatine out of him. That's all I learned today."

Vermilion Academy Siver Anniversary

Ridge Farm, Sept. 9—The silver anniversary of the Vermilion academy was celebrated today at Vermilion Grove. This institution of learning was founded twenty-five years ago, it is controlled by the Vermilion quarterly meeting of Friends. They present principal, Prof. G. H. Moore, and assistants were instrumental in bringing about and arranging for this anniversary. The records show that during the past twenty-five years, twenty-one teachers have been employed and eighty-seven have graduated with high honors. At the forenoon session Marietta Lewis read a short sketch of the teachers and Surrilda Ellis, of the Alumni, after which a donation by those present of $110 toward the library fund was made, adjourning the session for noon, when there was a general greeting of old time students and friends; it was a happy greeting to many. At the opening of the afternoon session letters of regrets were read from E. P. Haworth, John Chawner, John H. Reese, M. V. Hester E. P. Hadley, Richard Haworth, Harry Hadley, Allen J. Mills, J. H. Hayward, E. S. Whitlock and number of other former students. Rev. Albert J. Brown, of Indianapolis, made an able address upon education from which we learn that education must help men to better their condition in life and get away from that low type of living; also that education is much more of an elecomosinary institution than business enterprise, its support is part of the debt that man owes to the social order in which he lives for services that society performs for him. That there is little in education that is not of vital interest to home. Rev. Levi Reese gave an able talk regarding the struggles of the academy. True it has had its struggles and triumphs; we of Elwood township are proud of Vermilion academy, it stands as a monument of knowledge and intelligence; it looks toward a new future; Nonnac knows a large number of strong characters and bright minds that stand as a testimony to its beneficent influence; may the professor, G. H. Moore, and his able assistants, with Moses Reynolds, J. B. Cook, P. H. Smith, Wesley Elliott, T. H. Heladay and John Canaday as trustees be encouraged to push on.

O, come, come away
Our silver anniversary now is over.
Another twenty five years is gone.
O, come, come away.
With grateful hearts we sing praise
For blessings of those happy days.
Our thanks in song we raise.
O, come, come away.

Nonnac.

INFANT DIES.

Little Catharine Seals Passes Away at Children's Home.

Catharine Seals, the little child of Mr. and Mrs. Merton Seals, which was turned over to the Children's Home at the time of its father's arrest for wife abandonment, died at the home at 1:20 o'clock yesterday morning, of summer complaint.

This was the child which both parents seemed so anxious to get rid of, and which was left in the care of Attorney W. B. Redden on a C. & E. I. train about three weeks ago. On the arrival of Mr. Redden at the Junction he related the circumstances to Policeman Learnard, who hunted the child's mother up and took her to the office of States Attorney Wilson, who after hearing her story caused a warrant to issue for the arrest of Morton Seals, father of the little one; Seals was arrested at Alvin and held to the grand jury for abandoning the child. He was sent to jail but was subsequently bailed out and returned to Rossville where he is working on the Independent. The mother of the child pleaded that she was too poor to care for her offspring, and for that reason she was not arrested. She is somewhere in Ohio. The Rossville white cappers seem to have gotten hold of the wrong party.

The funeral was held from the Children's Home yesterday afternoon. Mrs. M. A. Freeman read scriptoral selections. Burial was in Springhill.

Attention, Kenesaw Post,

There will be a meeting of Kenesaw Post at G. A. R. hall this evening. A full attendance is desired.

CASE COMPROMISED.

The Patterson - Brown Damage Suit will Not be Appealed.

The damage case of Ada Patterson vs. Benjamin F. and Nannie Brown, tried at the last term of the circuit court, will not be appealed. The jury gave Mrs. Patterson $1,000 damages against the Browns, who were charged with having alienated her husband's affections. An appeal was granted upon the filing of the necessary bond, but a compromise has been effected for $3,500. The costs were paid off yesterday.

Will be Here With a Band.

The public spirited citizens of Georgetown are in earnest in the matter of the electric railway to connect Danville and Georgetown, and a crowd from that village will attend the meeting of the Board of Supervisors this afternoon, to assist Hon. E. B. Nebaker, of Covington, to get a franchise. They will bring the celebrated Georgetown band along and try the charm of music on the obstinate members of the board.

Manufacturing Curios.

A well-known curio expert states that there are factories in Europe for the manufacture of works of art that are likely to attract the collector. Modern articles of china are stamped with old marks so cleverly that even experts have been deceived, says the Pottery Gazette. Arms and armor are treated with acids, which eat away the metal, thus producing the same effect as the ravages of time.

Wooden Anniversary.

The fifth anniversary of Mr. and Mrs. W. R. Jewell, Jr., was celebrated last night at their home, North Walnut street. The company consisted of near relatives and friends. Wooden presents were abundantly in evidence of the occasion and one guest sent his card in advance; but that card was a shingle. A fishing pool afforded considerable amusement as some of the older persons hooked small hoes, rakes, baskets and the like.

Refreshments were served and all wished Mr. and Mrs. Jewell another happy return of five more years, which will be their tin anniversary.

Splendid Singing.

The Vermilion quartet, composed of Wm. Webster, first tenor; Wm. Parsons, second tenor; Ben Howell, first bass; James Johnson, second bass, gave The News force several excellent selections. This quartet is becoming quite popular and make a hit wherever they go. They certainly are good vocalists.

General Henderson Here.

Gen. Henderson, inspector general of the National Home for Disabled Volunteer Soldiers, arrived in the city yesterday afternoon to visit the Danville branch.

COMES TO DANVILLE

Pennant of Illinois—Indiana Base Ball League.

A LEAD OF FIFTEEN PER CENT

Ahead of Mattoon—Season Closes Today—Terre Haute Express Special Says Mattoon Wins the Pennant.

	Games Played	Won	Lost	Per Cent
Danville	68	47	21	.691
Mattoon	68	46	22	.676
Bloomington	65	31	34	.477
Terre Haute	68	32	36	.471
Crawfordsville	68	31	37	.456
Wabash	61	21	40	.344

Special to The News.

Terre Haute, Ind., Sept. 11—Danville won the pennant in the Illinois-Indiana League which ended the season here today. Mattoon finishes second place, Bloomington third, Crawfordsville, fourth; Terre Haute fifth and Wabash, the club which disbanded a few days ago, brings up the rear.

The News received a special telegram from the Terre Haute Express about midnight giving the number of games each club won and lost as follows; Danville won 48, lost 23; Mattoon won 50, lost 22; Bloomington won 35, lost 31; Terre Haute won 31, lost 38; Crawfordsville won 28, lost 38; Wabash won 19, lost 43. The above is supposed to be the official figures of Secretary Hippenhauser. The dispatch adds that the above figures are official except those of Bloomington and Crawfordsville

According to the above telegram then Mattoon has a lead of 18 per cent over Danville. Using Secretary Hippenhauser's figures the per centage of the two leading clubs would be as follows:

Danville—676
Mattoon—694

The News has kept an account of the games won and lost throughout the entire season and its figures show that Danville has a lead of 15 per cent over Mattoon, with one more to be played this afternoon. The News cannot understand how Secretary Hippenhauser figures that Danville has lost 23 games. According to our figures Danville has lost but 21 games and Captain Abbott assures us that is correct.

Yesterday's Game.

The game between the Champions and the Ben Hurs at Elmwood Driving Park yesterday afternoon was close and exciting. The Champions won out by a score of 2 to 1. Their success is attributed to Little Ollie Proerer who, by daring base running, scored the winning run. He was presented with a free pass to first on four bad ones in the locals' half of the ninth, and by stealing second and third bases he scored on Willie Beal's bingo to left field. Callahan out pitched Beal and for a time it looked gloomy for the locals. The Ben Hurs secured seven hits off Beal and at one time they had the bases full, but giff edged fielding on the part of the Champions stone wall infield prevented any serious damage. Callahan only allowed the Champions three hits. The score by innings is as follows:

Danville.....0 0 0 0 0 0 1 0 0 1—2
Crawfordsville.....0 0 0 0 0 0 0 0 1—1

Two Games for Mattoon.

Terre Haute, Sept. 11—Mattoon took two games from the Hottentots here this afternoon. The first game was as follows:

Mattoon	1	5	2	0	0	1	1	1	4	—	15	22	3
Terre Haute.	1	0	0	2	0	3	0	0	0	—	8	15	5

Batteries: Mattoon, Wicker, Young and McGuire. Terre Haute, Swaim and Jessup.

The second game was forfeited to Mattoon.

Notes.

Manager Leverenz wishes The News to state that all who have bills against the I.-I. League to present them and they will be paid at once. Whether or not Manager Chris made any money on his base ball team this season, he is going to pay everything 100 cents on the dollar. All the players will receive every cent of their salaries and all other bills will be paid.

Today is the last game of the season. Everybody should turn out to this game as it may be their last opportunity to see Manager Leverenz's splendid team play together. The players have won many friends here by their gentlemanly conduct and courteous bearing. It is to be hoped that they will be back here again next year although the fans are of the opinion that Turner and three or four others will be in "de big league" next season.

Dreyfus May be Pardoned.

Special to The News.

Paris, Sept. 11—Mathieu Dreyfus was called to Paris today by Joseph Reinach, journalist, for the purpose of holding an interview with Premier Waldeck-Rousan, who is reported as advising the family not to appeal to the court of cassation, as the prisoner may be pardoned on January 1.

An Interesting Scrapbook.

If you have not a scrapbook for crests and monograms you may make up your mind that you are behind the times. Every girl who goes in for collecting now has one. An extensive correspondence is necessary to fill the book easily. It is also wise to select for one's friends persons who have their monograms, coats of arms or crests stamped upon their letter paper. Then when the note is received the monogram, or whatever the decoration may be, is carefully cut out and pasted in the scrapbook. Flags of yacht clubs, the headings on the paper of different ocean steamers and fashionable foreign hotels are also highly prized. A particularly old monogram or crest, or that belonging to any celebrity, is regarded as a great addition to the book.

Weight of a Lion.

Ask any acquaintance how much a lion weighs, and see what he will say. Those who know the look of the king of beasts best, and how small his lithe body really is, will probably come farthest from the truth. About 300 pounds to 350 pounds is the usual estimate. But this is below the mark. A full-grown lion will tip the scale at no less than 500 pounds. Five hundred and forty pounds is the record for an African lion. His bone is solid and as heavy as ivory. The tiger runs the lion very close. A Bengal tiger, killed two years ago by a British officer, scaled 520 pounds. A tiger of this size has, however, considerably greater muscular strength than the biggest lion.

Bite of Apple.

Baltimore Sun: A peculiarly sad death of a little child occurred at Verona, in the Eighth district of Baltimore county, about three miles from Glencoe, which has aroused the sympathy of the entire neighborhood for the parents. The child was Herbert Miles Cole, the 2-year-old son of Mr. and Mrs. Clarence Cole, of Verona, and his death is supposed to have been caused by a small piece of an apple which he ate. Strangulation and convulsions followed, with startling rapidity, the eating of the apple, and death came after a few hours filled with intense suffering.

Hunting Tigers Awheel.

And now tiger hunters have taken to bicycles. A pig was carried away by a tiger from a coffee estate at Castlewood, in the state of Johore, India. The news having been sent to Johore, the sultan's trackers were out on bicycles by midday and found the tiger in some low scrub within half a mile of the shed. The sultan himself rode out at 4 o'clock, and after a short beat of half an hour a large tiger was driven out of the scrub and fell to one shot by the sultan through the tiger's forehead.

Ptomaines in Crabs.

Baltimore Sun: The report of a case of ptomaine poisoning in Baltimore after the victim had eaten crabs has caused a fear in the minds of many shellfish lovers that they may be similarly attacked. Dealers in crabs and crab meat assert that there is no danger to be feared from partaking of this product of the Chesapeake and its tributaries so long as the ordinary precautions are observed attending the use of any perishable foodstuff.

Eugenie's Historic Pen.

When ex-Empress Eugenie writes about her lamented husband she invariably uses the diamond pen with which the treaty of Paris was signed. Each of the fourteen plenipotentiaries wanted to keep the pen which signed the treaty as a memento of the occasion. They, however, yielded to the request of the Empress Eugenie, who begged that only one pen be used, which should be retained by her as a souvenir. Only one pen was accordingly employed, and it was a quill plucked from the wing of a golden eagle, and richly mounted with gold and diamonds.

FIRST SHOWING OF FALL SUITS

The average young man has a commendable desire to dress well at all times. To carry out his wishes in this respect he usually makes great sacrifices of money. No doubt he thinks this a necessity. But this fall we invite such men to come in and see the large line of ready-to-wear suits that we are showing, then he will recognize the folly of paying further tribute to a tailor. The standard of the ready-to-wear clothing has been greatly advanced during the last few years, and manufacturers vie with each other in the production of garments to compare with the best creations of the artist tailors. But it has remained for Stein Bloch Co. and L. Adler Bros. to produce the peer of any creation of the best tailors. We are showing a complete line of this famous make, and will be especially pleased to receive calls from men who consider themselves competent critics.

Prices $15.00 to $25.00.

Other makes in fancy striped worsteds, $10.00 and $12.00.
