**NIAGARA STEAM PUMP WORKS.**

**CAMPBELL & HARDICK BROTHERS,**

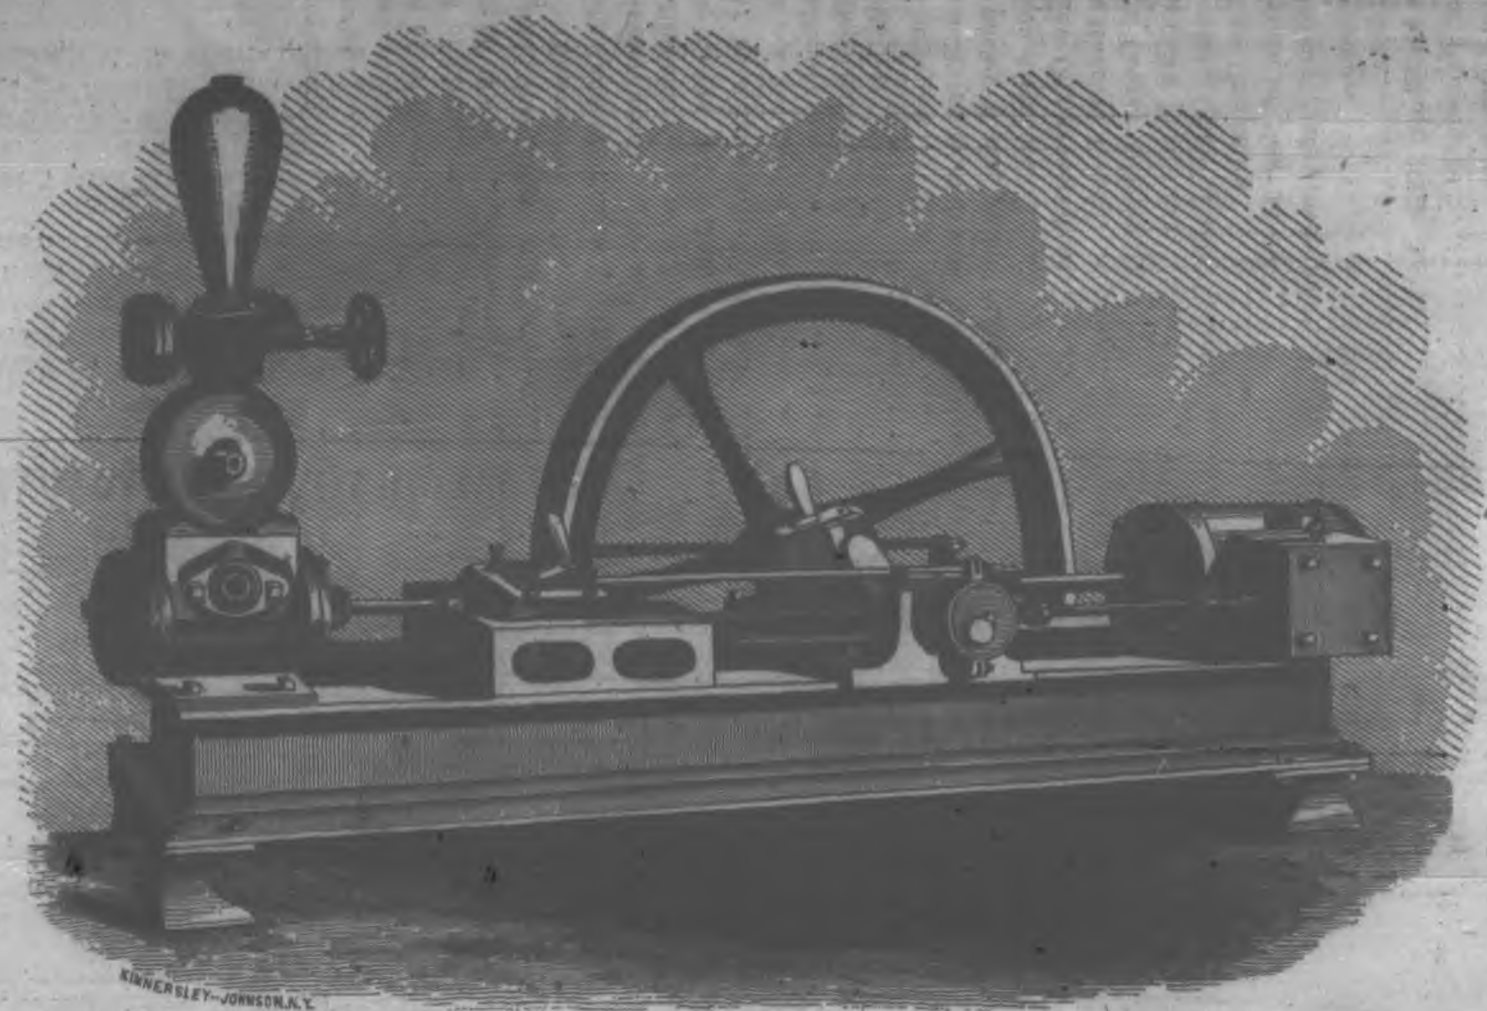

**No. 9 Adams Street, Brooklyn, New York,**

**SOLE MANUFACTURERS AND PROPRIETORS OF**

**Hardick's Patent Double-Acting Steam Pump & Fire Engine.**

This Pump combines all the advantages of other styles of Pumps now in the market, with none of their defects. The Patent Steam-Valve applied to this Pump enables it to start at any point of stroke by simply opening the Valve in the Steam-Pipe, and the Pump is sure to start at once without the use of a starting-bar, or the annoyance of pulling a fly-wheel around to get it off the centre. For Mining purposes this Pump is peculiarly adapted, as the Valves can be removed by unscrewing one nut, and the Valve-Chest cleaned in a few minutes. As the Pump is simple in its whole construction, it does not require the neighborhood of a machine-shop to keep it in working order. The Valve-Chest and Valves are made of brass or composition, and can be easily repaired or replaced when worn out. Any carpenter can make, in a few minutes, of some heavy wood, a set of Valves for this Pump, if the original ones should give out. As a Boiler Feeder, it has no superior, as it can be made to run at any speed, either slow or fast, to suit the work it has to perform. The undersigned respectfully solicit the attention of their numerous customers, and the public in general, to the merits of this Pump, and desire those wishing such an article to call and examine for themselves.

## NIAGARA STEAM PUMP WORKS.

CAMPBELL & HARDICK BROTHERS,

No. 9 ADAMS STREET, BROOKLYN, NEW YORK,

Sole Manufacturers and Proprietors of

Hardick's Patent Double-Acting Steam Pump & Fire Engine.

To those who desire a CRANK-PUMP, we offer Cut No. 2 for their consideration. It has the same Valve-Chest and Valves as are used in our Direct-Acting Pump, with a common Slide Valve in the Steam-Chest, such as are used in all ordinary Reciprocating Engines.

The Pump can be disconnected in a few seconds, and the engine be used independently for driving machinery of any kind. Having a Cross-Head and Slides, it has all the advantages of any Reciprocating Engine now in use.

The Dyeing of Silk, Woollen, and Fancy Goods (including the re-dyeing and cleansing of Garments, such as Silk, Satin, Crapes, Cloth, Merino, Velvet, and other DRESSES, SHAWLS, &c., &c.), has, for a long term of years, occupied the close attention of the undersigned at Staten Island. For the last TEN YEARS it has been their exclusive business, for which they have built up a new establishment at Staten Island, now the most extensive for this business in the country, and, as far as known, in the world. All the improved appliances and apparatus of the art have been here brought into requisition; the most competent and expert of Foreign Dyers and Chemists have been induced to work in their Establishment, and for large fees, to impart the important modern discoveries of European Dyers. They have, also, at present, correspondence with an experienced Scientific Chemist and Dyer in Elberfeld, on the Rhine (in the neighborhood of which are the most important Dyeing Establishments of Europe), who is engaged to transmit to us any new discoveries or methods which may there be brought out.

The friends and customers of the undersigned, some of whom have been such for nearly *Thirty-seven Years*, are aware of the great improvement and steady advance which has been made and sustained, and can bear witness that in the last few years many great difficulties have been overcome, so that, in very many styles of Silk, Satin, Merinos, &c., they dye and refinish very nearly (in some cases quite) to resemble new goods.

Special effort and expense has been devoted to the Dyeing and Re-finishing *Satin* and *Taffeta Ribbons*, and they are now enabled to do them in a *style new in this country, and altogether superior.*

As a natural result of these extraordinary efforts and liberal expenditure, they believe themselves to be far in advance of all their competitors, and by strict, unwearied perseverance, mean to continue so, assured that the community can readily discover merit, and will ever (as heretofore) sustain it.

LACE and MUSLIN CURTAINS, CARPETS, RUGS, TABLE COVERS, &c., CLEANED and RE-FINISHED. DAMASK and MOROCCO CURTAINS beautifully DYED. Also, RIBBONS, TRIMMINGS, GALLOONS, GIMPS, &c., &c.

CRAPE SHAWLS dyed in the most brilliant shades of *Scarlet, Crimson, &c.*, or the more delicate and grave colors. *Broche and Crapes Shawls* cleaned in the best manner.

**SILK DRESSES AND GARMENTS CLEANSED SUCCESSFULLY,**  
**EITHER RIPPED OR WHOLE.**

**Kid Gloves and Feathers Cleaned and Dyed.**  
**Goods Received and Returned by Express.**

### *Opinions of the Press on McAuliffe's Irish Whiskey.*

GENUINE IRISH WHISKEY AT LAST.—We do not know any thing better, with which an Irish American would like to entertain his friends, than a drop of the *real stuff*, and this our friend, JOHN McAULIFFE, has placed within the reach of his countrymen in this city.—*Irish American*, Dec. 23, 1857.

The public of New York are indebted to JOHN McAULIFFE for supplying Irish Whiskey with the aroma and smack of the *Old Sod*, and his success is attributable to the pride he feels in selling it pure and unadulterated.—*Irish News*, Dec. 18, '57.

Not a headache in a hog'shead of it.—*Evening Post*, Dec. 23, 1857.

*The Tablet* says: A word to the wise.

One tod of McAULIFFE's Whiskey is worth a tun of the vile mixtures of the day.—*Hoboken City Gazette*, and numerous others.

# A LEGEND OF SPAIN.

## OLD CASTILE.

Beneath its grotesque mountains there rests one of the most beautiful villas in all the provinces of Spain,—“SEGOVIA” a happy people are nestled together there, surrounded by all that nature and art can bestow; its orange-groves heavy laden with fruit and fragrant flowers intermingled with the more stately palm-trees; there the balmy breath of Heaven gently fans the fair and lovely Senoretta reclining in her bower, whose very look and smiles, like the rising moon, give life to the visitor.

O! that exquisite little spot! with the clear blue sky: its fragrant flowers, its rich odors, and its songs of birds, lend charms to the visitor, and make one feel that it were a Paradise.

Many years since there lived in “SEGOVIA” an honest Old Castilian “who knew his duty well,” made eminent for his great practical skill in the treatment of the various maladies that stalk abroad throughout the land, who saw the necessity of producing a remedy that might act upon the human system as a preventive to all contagious diseases—having met with unbounded success, he gave it a name—

### AMARGO DE CASTILLA.

He submitted his medicinal compound (from Vegetables most rare) to the distinguished men of Physic; after a careful chemical analysis they pronounced it good, surpassing all Medicines in existence, as its action was through the whole system, and more especially upon the Stomach, preparatory to receiving food, giving strength and aid to the digestive organs, which is of much necessity in these days, and especially among the American people, whose customs are to live fast and eat rapidly, a sort of a go-ahead-liveness, not allowing time to masticate their food, causing all disarrangements of the stomach.

**Dyspepsia, Indigestion, Acidity, Headache,  
Constipation, &c., &c.**

**Would you be free from all of these Ailments?**

**USE THE AMARGO DE CASTILLA.**

**Do you visit Europe this Season? Do you travel by Water?**

If you would guard against that dreadful

**SEA SICKNESS,**

Supply yourself with

**BROWN'S  
CASTILIAN BITTERS,**

In which you will find the

**“BALM OF GILEAD”**

A sure remedy for

**FEVER AND AGUE.**

**BROWN'S CASTILIAN BITTERS**

Are compounded for the most delicate Female, and will remove all eruptions from the surface, and leave the disfigured face fair and effeminate, and replace the bloom of youth upon God's noblest work, “WOMAN”—imparting tone and cheerfulness to the whole system, quieting the nerves and rendering sweet sleep.

Put up in beautiful bottles (new design), handsomely labelled, 12 in the Case, accompanied with splendid Card, Circulars, &c., and sold by all Druggists, Grocers, Hotels, and Restaurants.

SOLE PROPRIETORS OF

BROWNE'S PATENT

## METALLIC WEATHER STRIPS & WINDOW BANDS,

Respectfully announce that they are prepared to render the Doors and Windows of Dwellings impervious to COLD, WIND, RAIN, AND DUST, without interfering with the free use of the same at all times.

Read the following few of the many Testimonials they are daily receiving, eulogistic of this invaluable Invention:—

### From the President of the U. S. Sanitary Commission.

U. S. SANITARY COMMISSION, 823 BROADWAY, }  
NEW YORK, February 4, 1864. }

I have had the whole of my dwelling-house, in New York, supplied with the PATENT WEATHER STRIP of Mr. Browne. My experience of its effects is quite decisive. There is a very decided saving in the cost of fuel, a marked exclusion of dust, and—what is of nearly as much consequence at the noisy corner I live—a wonderful diminution in noise. The clatter of sashes is stopped, and the street-rattle, by day and night, rendered inoffensive. To derive the full benefit, or any fair portion of the full benefit, the whole house, windows and doors, should be "stripped." I think for a simple invention it is destined to prove a very important one in its economical and its pleasant effects. Those who adopt this improvement, must provide for ventilation in the most perfect form, by admitting pure air at a proper temperature, and not at the caprice of the weather.

There is only the greatest benefit to be derived from the largest use of the Weather Strip.

REV. HENRY W. BELLOWE.

METROPOLITAN HOTEL, February 8, 1865.

We have adopted throughout our Establishment the BROWNE'S PATENT WEATHER STRIPS and WINDOW BANDS, and find them a perfect protection against Cold, Wind, Rain, and Dust.

We cheerfully recommend them as a great saving, comfort, and convenience.

SIMEON LELAND & Co.

BREVUOET HOUSE, FIFTH AVE., COR. OF CLINTON PLACE.

I had attached to my windows, on the entire front of my Hotel, BROWNE'S METALLIC WEATHER STRIPS and WINDOW BANDS, and find them of very great service. The front being exposed to the Northwest winds, has always been a source of much complaint from my guests, by reason of the cold in winter and dust in summer, which are now entirely obliterated.

I regard them as a great saving in fuel, and worthy the attention of any one suffering as I have been for the want of something of the kind.

ALBERT CLARK.

### From the Editor of the Evangelist.

I have used BROWNE'S WEATHER STRIPS for the last two years, and find they add greatly to the comfort of my house. No more cold drafts from sitting near the windows. The sashes never rattle, even in the wildest winter night. They save much in fuel, while they keep the temperature even and pleasant. Would not be without them for double their cost.

REV. HENRY M. FIELD, No. 53 East 38th Street,

OFFICE OF THE GREENWOOD CEMETERY,

80 BROADWAY, N. Y., February, 1864. }

I cheerfully recommend the use of BROWNE'S METALLIC WEATHER STRIPS. A winter's experience of their efficacy in excluding the severest winds in a very exposed situation, satisfies me of the great value of the invention, and would make me unwilling to dispense with their use.

J. A. PERRY.

### From the Pastor of Trinity Chapel, Twenty-sixth Street.

I have found BROWNE'S METALLIC WEATHER STRIPS very useful in keeping out the dust and cold, and have recommended them to many of my friends.

BENJ. J. HAIGHT.

All orders addressed as above, will receive prompt attention.

**No. 13 LAIGHT STREET, NEW YORK.**

**HOURS:—Gentlemen, 6 to 8 A. M., and 3 to 9 P. M.  
Ladies, 9 A. M. to 1 P. M.**

"A new and delicious sensation"—Major-General N. P. Banks. "One Turkish is worth a dozen Vapor Baths"—D. McMahon, Esq., New York. "When I came here I was suffering from inflammatory rheumatism, so that I could scarcely walk: Four Baths entirely cured me"—Ed. Hughes, N. Y. "I have just come out of the bath feeling quite well; I was sick with a very bad bilious cold when I went in, and with severe headache. Am entirely relieved. I am satisfied of its merits as a medical remedy"—Hon. Galusha A. Grow, Ex-Speaker, House of Representatives. "To show my opinion, I hereby take twenty tickets"—George Francis Train. "After a day of labor and care, which had quite exhausted me, I have just taken one of the Turkish Baths, and come out feeling as completely rested as when I arose from my bed in the morning—in short, as good as new"—L. H. Thomas, M. D., Waterbury, Vt. "This Bath is first-rate, its influence upon the system is invigorating, and, contrary to my expectations, it leaves a warm and glowing sensation about the whole body, instead of a chill. On the whole, it seems to be the very method which Nature has adopted for its recuperation"—Rev. Dr. Thomas Armitage, New York. "I am well satisfied with my first experience of a Turkish Bath, and advise those who wish to be 'born again' to try it"—L. C. Haddock, Buffalo, N. Y. "I cannot speak too highly of the Turkish Baths; they can but prove beneficial to all who take them"—Prof. J. F. Stodard, N. Y. "I regard the Turkish Bath as a great luxury, and have no doubt that it is one of the greatest hygienic and curative agents known to man. Its effects upon myself have been excellent. After suffering with an inflammation in one of my eyes, I was entirely relieved after taking Four Turkish Baths"—Prof. T. J. Cook, New York. "I concur in the foregoing testimony as to the intrinsic merit, as a remedial agent, of the Turkish Bath, and to the very complete way in which it is given by Drs. Miller, Wood, & Co. I have taken the same form of Bath in Germany and England, and nowhere has it been more satisfactorily administered"—Prof. Rufus King Browne, M. D., New York. "Ladies preparing to attend a party, would do well to patronize the Turkish Bath, for it enhances the brilliancy of the beautiful, and makes even the plain pretty"—N. M. Haynes, M. D., New York. "They have almost made me beautiful"—Mrs. Ellen Beard Harman, M. D. "Floating off to Dreamland, care and sorrow, grief and pain, doubt and fear, drifting, vanishing away; each sense enwrapped in a delicious feeling of repose!—gliding back from Dreamland: through each vein new life pulsating; eyes gleaming with a brighter light; cheeks glowing with a fresher color; nerves thrilling with new strength, elasticity, and vigor,—you can find but one word to express your sensations, and that is ECSTASY!"—Mrs. M. J., New York. "They are delightfully refreshing and very remedial, rejuvenating and invigorating the whole physical system"—Mrs. A. J. Davis, Orange, N. J. "The Turkish Bath! the greatest purifier and beautifier in the world! The combination of all cosmetics will not impart to the complexion such brilliant and permanent beauty. It opens the pores of the skin, allowing the impurities in the system to escape; and when the internal body is cleansed, then the external is elastic, fresh, and beautiful, and we go forth feeling lighter, happier, younger, and more vigorous than before"—Miss E. H. Amherst, Mass.

# TESTIMONIAL

FROM THE MOST DISTINGUISHED ARTISTS

TO

STEINWAY & SONS.

---

NEW YORK, December, 1864.

The Piano-Fortes—grand, square, and upright—manufactured by Messrs. "STEINWAY & SONS," have established for themselves so world-wide a reputation, that it is hardly possible for us to add any thing to their just fame.

Having thoroughly tested and tried these instruments personally for years, both in public and private, it becomes our pleasant duty to express our candid opinion regarding their unquestioned superiority over any other Piano known to us.

Among the chief points of their uniform excellence are: Greatest possible depth, richness, and volume of tone, combined with a rare brilliancy, clearness, and perfect evenness throughout the entire scale, and, above all, a surprising duration of sound, the pure and sympathetic quality of which never changes under the most delicate or powerful touch.

This peculiarity is found exclusively in the "STEINWAY" Piano, and, together with the matchless precision, elasticity, and promptness of action, always characterizing these instruments, as well as their unequalled durability under the severest trials, is truly surprising, and claims at once the admiration of every artist. We therefore consider the "STEINWAY" Pianos in all respects the best Instruments made in this country or in Europe, use them solely and exclusively ourselves in public or private, and recommend them invariably to our friends and the public.

We have at different times expressed our opinion regarding the Pianos of various makers, but freely and unhesitatingly pronounce Messrs. STEINWAY & SONS' Pianos superior to them all.
