The **Dyeing of Silk, Woolen and Fancy Goods**, (including the re-dyeing and cleansing of garments, such as Silks, Satin, Crape, Cloth, Merino, Velvet, and other DRESSES, SHAWLS, &c., &c., &c.), has, for a long term of years, occupied the close attention of the undersigned at Staten Island. For the last **eighteen years** it has been their exclusive business, for which they have built up a new establishment at Staten Island, now the most extensive for this business in the country, and as far as known, in the world. All the improved appliances and apparatus of the art have been here brought into requisition; the most competent and expert of Foreign Dyers and Chemists have been induced to work in their establishment, and for large fees, to impart the important modern discoveries of European Dyers. They have also, at present, correspondence with an experienced scientific Chemist and Dyer in Elberfeld on the Rhine (in the neighborhood of which are the most important dyeing establishments of Europe), who is engaged to transmit to us any new discoveries or methods which may there be brought out.

The friends and customers of the undersigned, some of whom have been such for nearly *Thirty seven Years*, are aware of the great improvement and steady advance which has been made and sustained, and can bear witness that in the last few years many great difficulties have been overcome so that in very many styles of Silk, Satin, Merino, &c., they dye and refinish very nearly (in some cases quite) to resemble new goods.

Especial effort and expense has been devoted to the Dyeing and Refinishing *Satin and Taffeta Ribbons*, and they are now enabled to do them in a style *new in this country and altogether superior*.

As a natural result of these extraordinary efforts and liberal expenditures, they believe themselves to be far in advance of all their competitors, and by strict unwearied perseverance, mean to continue so, assured that the community can readily discover merit, and will ever (as heretofore) sustain it.

LACE AND MUSLIN CURTAINS, CARPETS, RUGS, TABLE COVERS, &c., CLEANED AND REFINISHED. DAMASK AND MOREEN CURTAINS BEAUTIFULLY DYED. Also, RIBBONS, TRIMMINGS, GALLOONS, GEMES, &c., &c.

GRAPE SHAWLS DYED in the most brilliant shades of scarlet, Crimson, &c., or the more delicate and grave colors. Broche and Crape Shawls cleaned in the best manner.

SILK DRESSES AND GARMENTS CLEANSSED SUCCESSFULLY EITHER RIPPED OR WHOLE.  KID GLOVES AND FEATHERS CLEANED AND DYED.

Goods received and returned by express.

MARKET FIRE INSURANCE COMPANY.

No. 37 Wall Street, New York.

Condition of the Company May 1st, 1868.

CAPITAL STOCK, - - - -	\$200,000 00
TOTAL ASSETS, - - - -	535,812 30
ACTUAL SURPLUS, - - - -	296,423 17

Furnishing to parties Insuring in it an Indemnity of nearly One Hundred and Fifty Per Cent. over the Capital; comparing very favorably with other Companies.

In presenting to the people of Jersey City and vicinity, the Statement of the Company, the officers have pleasure in pointing to its favorable condition, and congratulating its Stockholders, Policy Holders, and friends generally, upon the satisfactory results of the business of the year just terminated.

EXTRACT FROM THE ANNUAL REPORT TO THE SUPERINTENDENT OF THE
INSURANCE DEPARTMENT.

The SCRIP issued by this Company, for accumulated, or RESERVED PROFITS, can in no sense be a present or even a prospective liability, except in the following contingency, which is the terms of its issue, viz.:

"Whenever the said SCRIP FUND shall EXCEED Five Hundred Thousand Dollars, the Board of Directors shall THEREAFTER apply the EXCESS thereof, annually towards the REDEMPTION OF THE SCRIP, commencing with that earliest issued."

The SCRIP FUND standing on that condition, is a clear, unfettered, INALIENABLE indemnity to the Policies—as much so as the Capital.

THE SENSIBLE and FRANK avowal of the Great National Board of Underwriters, and also of the Boards of this and other Cities, that OUR POLICIES on the "Participation Plan" are *Better Insurance*, worth Ten and Twenty per cent. more than the Policies of the Non-Participating Companies (being "iron-clad, as it were, by the large SCRIP FUND), has had the beneficial effect to largely increase the business and prosperity of the Company—thereby extending its usefulness, and advancing the interest and security of its Policy Holders.

The Company will continue, as heretofore, to Insure respectable parties against Disaster by Fire on the PARTICIPATION PLAN, or "in the Old Fashioned Way," as may be agreed upon.

The prompt and liberal adjustment of Losses, when "Fair and Square," will also continue the Specialty of the Company.

ASHER TAYLOR, President.

HENRY P. FREEMAN, Sec'y.

THE

KNICKERBOCKER MUTUAL LIFE INS. CO.

Is one of the soundest Institutions of the kind in America, as its per cent. of assets to liabilities shows. During its existence it has issued policies upon the lives of more than twenty-five thousand persons and has paid, in losses; over \$800,000 to the families and representatives of those who have deceased members of the Company.

Special care in the selection of its risks, strict economy, and a safe investment of its funds, characterize the management of this Company.

POLICIES.

Policies granted for any amount from \$1,000 up to \$25,000, upon a single life, from the age of 16 to 60. All the different kinds of Policies are issued. Endowment Policies, payable at a certain age, or when the party should not attain it. Ordinary Life. Also on the Non-Forfeiting Life plan, payable in return for ten annual premiums. All Policies that have had three or more premiums paid on them and lapsed, the Company will give a Paid-up Policy for the amount of profits on the original, if applied for within ten days after the Policy has lapsed. If five or more annual premiums have been paid, no Policy of Insurance is void, except for false answers in the application, or for non-payment of premiums. Paid-up Policy will be given for the value of the premiums paid on surrender of the original.

PREMIUMS, HOW PAYABLE.

Premiums are payable annually, semi-annually, or quarterly, in cash; or the party may give a note for the portion, if the annual premium is not less than fifty dollars.

DIVIDENDS.

The business of this Company being MUTUAL, profits are divided among the policy holders. Dividends payable in cash, or added to policy, or applied to the reduction of premium notes. A policy on which the Company has received three annual premiums is entitled to three years' dividends on the first of January following the receipt of the last payment. The second dividend is declared on the first of January following the receipt of three more premiums, and so on. (The dividend on the last payment is as large as that on the first, which makes an average of eighteen months.)

TEN YEAR NON-FORFEITURE POLICIES.

The Ten Year Non-Forfeiture Plan has so fully commended itself to the judgment of thinking men, that it has become the most popular mode of assurance, and is rapidly superseding the old method of life insurance payment. It has received the approval of the best business men of the land, numbers of whom have taken out policies under it.

By the Table on which this class of policies is based, a person incurs no risk in taking out a policy. Insuring to-day for \$10,000, if he dies to-morrow the \$10,000 immediately becomes a claim; and if he lives ten years, and makes ten annual payments, his policy is paid up—nothing more to pay, and still his dividends CONTINUE DURING HIS LIFE.]

A LIFE POLICY A SOURCE OF INCOME WHILE LIVING.

The only argument of weight offered against Life Insurance is, that a party might pay for a number of years, and then, by inadvertence, inability, etc., not be able to continue paying, thereby losing all that has been paid. The "Knickerbocker Life" has obviated this objection by its

TEN YEAR NON-FORFEITURE PLAN.

BY THIS TABLE, A PARTY AFTER THE SECOND YEAR CANNOT FORFEIT ANY PART OF WHAT HAS BEEN PAID.

Thus, if one insuring by this plan for \$10,000 discontinues after the second year, he is entitled to a PAID UP POLICY, according to the number of years paid in, viz.:

Second year, two-tenths of \$10,000, [amount insured,] amounting to \$2,000, with dividend on same for two years.
Third year, three-tenths of \$10,000, [amount insured,] amounting to \$3,000, with dividend on same for three years.
Fourth year, four-tenths of \$10,000, [amount insured,] amounting to \$4,000, with dividend on same for four years.
Fifth year, five-tenths of \$10,000, [amount insured,] amounting to \$5,000, with dividend on same for five years.

And so on, until the tenth annual payment, WHEN ALL IS PAID, AND DIVIDENDS STILL CONTINUE DURING THE LIFE-TIME OF THE ASSURED.

Knickerbocker Mutual Life Insurance Co.

ENDOWMENT POLICIES.

These policies are coming into general request. As a sure and profitable investment for one's declining years, they deserve the attention of all. The sum secured by an ordinary life-policy becomes available upon the death of the assured; on the Endowment plan the amount is received by the assured himself upon his attaining a specified age, while full provision is made for death occurring prior thereto.

A new table has also been prepared, by which the Premiums can all be paid in ten years, and the Non-forfeiture benefit also secured. The dividends of return premiums will be apportioned on the surplus arising from this class of risks, and continue during the existence of the policy.

PAYMENT OF LOSSES.

In proving the death of a party, it is desirable that affidavits should be procured from the party in interest, the attending physician of the deceased, one or more friends, and the sexton or undertaker having charge of the interment, and in all cases the identity of the party is to be clearly shown. The Company or its Agents will furnish the necessary blanks.

WHAT THE PRESS SAYS :

"An eminently sound and reliable Life Corporation. The management are from among our best business men, and are noted for integrity and honorable dealings. The Company offers the most liberal advantages to members."—*New York Observer*.

"To a sound pecuniary basis, it unites an intelligent and careful control."—*Evangelist*.

"None of our Life Companies are making better progress in well-doing."—*National Quarterly Review*.

"We regard the Company as being under excellent management, and in a sound financial condition."—*Methodist*.

"Its annual statement exhibits a vigorous growth. It is a safe and reliable Company."—*Independent*.

"Shows first-class management and ability."—*N. Y. Commercial Advertiser*.

"A good Company beyond contingency."—*Tribune*.

"Sound, solvent, and affluent."—*Wall Street Underwriter*.

"The Knickerbocker is in the front rank of American Life Insurance Societies. We can heartily commend the office as one worthy of implicit confidence."—*Railroad Journal*.

"We cordially recommend the Knickerbocker to our citizens for safety, liberality, and fair dealing."—*Orleans Times*.

SOME OF THE ADVANTAGES OFFERED BY THIS COMPANY.

The question is no longer, *Shall I insure my life? but, Where is it to my advantage to insure?*

1. The Knickerbocker is mutual, because profits are divided among the assured.
2. It issues every desirable form of Policy.
3. It allows the insured to travel and reside in any portion of the United States and Europe, at any and all seasons of the year, without extra charge.
4. It throws out almost all restrictions on occupation from its Policies.
5. Its rates of Premiums are as low as any Company can offer and do a safe business.
6. It is most liberal in favoring Policy holders in payment of their premiums.
7. It will, if desired, take a note for part of the premium, thus combining all the advantages of a note and all-cash Company. This arrangement favors persons of small means, in securing about double the amount of insurance for the same cash payment that can be had in an all-cash Company. It favors capitalists, who can make their money earn more than average interest.
8. The dividends are added to policies, or applied to reduction of Notes, or payable in Cash if no Note has been given.
9. Dividends have averaged 45 per cent. yearly.
10. All losses are paid promptly.
11. For the benefit of married women it issues policies which are beyond the reach of their husbands or their husbands' creditors. Creditors may insure the lives of debtors.

Life Insurance, for security and further accumulation, is as much to be sought after as the result of continued daily toil, or the reward of further prudent and legitimate investments.

SHEPARD'S SUPERIOR RANGE. NEW HEATER OVENS.

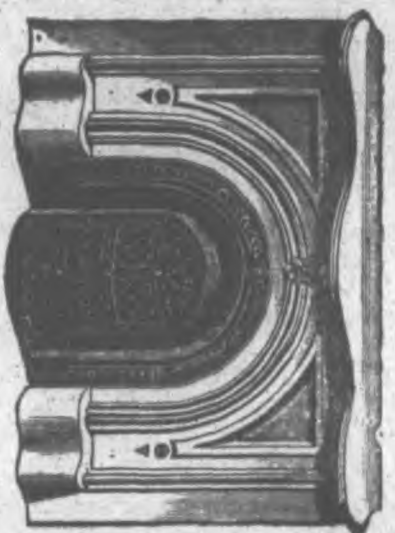

GOOD BAKERS—Nothing superior in baking qualities can be desired. GOOD ROASTERS—Unexceptionable in completeness, with tin roasters. BROILING—Without smoking the meats. BOILING—Quickly over the entire top. HOT WATER—An unbounded supply, ECONOMICAL—Using very little fuel. DURABLE—Standing even hard usage with little wear. STRONG—The proper metal in the right place makes them strong and serviceable. EASILY MANAGED—No person can fail to successfully operate one of these Ranges on their first trial.

The great popularity and unprecedented sale of these Ranges prove conclusively that the public have met the introduction of a first class article as it merits.

No range has been offered which so successfully and completely fills all the requirements of superior finished cooking, and which at the same time proves so economical in fuel as to excite surprise.

With facilities for heating water unsurpassed, arrangements for roasting of the most complete kind, and two extra large ovens for baking, no family can fail to be pleased with its operation.

FIRE-PLACE HEATERS, THE IMPROVED AMERICAN COOKING STOVES.

FIRE-PLACES.
"The SYPHONIC"

THESE STOVES
EXCEL ALL OTHERS.
They have taken the
PREMIUM
AT THE
New York State Fair
FOR THE YEARS
1862,
1863, 1864,
1865 and 1866.

Giving a cheerful and pleasant fire in the apartment where placed, thoroughly warming it, and with great and economical effect supplying heated air for the rooms of the stories above.
The warm air for the stories above is conveyed through the pipes in the chimney, connected with and regulated by Registers in the Grate Frames.
These Heaters make a neat and complete finish, without disturbing the marble mantels, and ensure absolute safety from fire.

ESTABLISHED 1861.

The Great American Tea Company

Since its organization has created a new era in the Tea Trade. They have introduced their selection of Teas and Coffees, and have sold them at the SMALLEST POSSIBLE PROFIT; saving to the consumer several profits of middle men, which amount to from

Fifty Cents to One Dollar per Pound.

We annex the following

PRICE LIST OF TEAS.

OO LONG, (Black) 60, 70, 80, 90, best \$1.00 per lb.

MIXED, (Green and Black) 60, 70, 80, 90, best \$1.00 per lb.

ENGLISH BREAKFAST, (Black) 60, 70, 80, 90, \$1.00, \$1.10, best \$1.20 per lb.

IMPERIAL, (Green) 60, 70, 80, 90, \$1.00, \$1.10, best \$1.25 per lb.

YOUNG HYSON, (Green) 60, 70, 80, 90, \$1.00, \$1.10 best \$1.25 per lb.

UNCOLORED JAPAN, 90, \$1.00, \$1.10, Best \$1.25 per lb.

GUNPOWDER, (Green) \$1.25, best \$1.50 per lb.

These Teas are chosen for their intrinsic worth, keeping in mind health, economy, and a high degree of pleasure in drinking them.

Our Black and Green Mixed Teas will give universal satisfaction and suit all tastes, being composed of the best Foo Chow Blacks and Moyune Greens. English Breakfast is not recommended, excepting to those who have acquired a taste for that kind of Tea, although it is the finest imported.

COFFEES ROASTED AND GROUND DAILY.

GROUND COFFEE, 20c., 25c., 30c., 35c., best 40c. per pound. Hotels, Saloons, Boarding House Keepers, and Families who use large quantities of Coffee, can economize in that article by using our *French Breakfast and Dinner Coffee*, which we sell at the low price of 30c. per lb., and warranted to give perfect satisfaction.

WRIGHT'S BLACK INK.

SCHOOL OF MINES, COLUMBIA COLLEGE, COR. 49TH STREET AND 4TH AVENUE,
NEW YORK, April 16th, 1868.

THIS IS TO CERTIFY that, at the request of the Metropolitan Board of Health of this city, I have made a severe chemical examination of twelve of the best American and European Black Inks, with a view of ascertaining which Ink is best adapted to the purpose of perpetuating the Statistical Records of their office. The list of Inks tested included, among others, the well known manufactures of P. & J. Arnold, Maynard & Noyes, Wm. Carter & Bro., and Thaddens Davids & Co., as well as some of the best French Inks.

The results fully demonstrated the superiority of **WRIGHT'S BLACK INK** over all the others; this Ink having withstood the application of strong chemical agents without fading or changing color, while all the other Inks, under like treatment, either entirely disappeared from the paper, or became practically illegible.

C. F. CHANDLER,
Professor of Analytical and Applied Chemistry.

WRIGHT'S BLACK INK

Is confidently pronounced superior to any other, having been thoroughly tested in regard to **UNCHANGABLE FLUIDITY**, and resistance to the action of time and chemical agents.

It is black at first, and permanently so. Does not mould or precipitate, and

Will Not Corrode the Pen.

Writing executed with this Ink has been immersed for hours in **BOILING WATER**, without changing the color of the writing or causing it to spread.

Water and Sewerage Pipes, KNIGHT-BAILEY PATENTS.

The Water-Pipes are made of Wrought Iron, lined and coated with Hydraulic Cement, with Socket-Joints, and connections for service pipes already mentioned. Entirely free from oxidation they are absolutely indestructible. They can be laid and guaranteed for much less than cast iron Pipes.

The Sewerage Pipes are made of Hydraulic Cement. They stand the most severe tests of acids, increase in strength with age, are perfect in interior finish, and cheaper than any other pipes made.

We will contract for the water supply and drainage of cities and villages.

STEINWAY & SONS' PIANO-FORTES.

EXTRACT FROM OFFICIAL REPORT

OF THE

INTERNATIONAL JURY,

UPON

MUSICAL INSTRUMENTS,

AT THE

EXPOSITION UNIVERSELLE, PARIS, 1867,

BY M. FETIS,

REPORTER OF THE JURY.

GROUPE II., CLASS X.,

PIANOS,

1868.

The Pianos of Messrs. STEINWAY & SONS are equally endowed with the splendid sonority of the instruments of their competitor: they also possess that seizing largeness and volume of tone, hitherto unknown, which fills the greatest space. Brilliant in the treble, singing in the middle, and formidable in the bass, this sonority acts with irresistible power on the organs of hearing. In regard to expression, delicate shading, variety of accentuation, the instruments of Messrs. STEINWAY have over those of their American competitor an advantage which cannot be contested. The blow of the hammer is heard much less, and the pianist feels under his hands an action pliant and easy, which permits him at will to be powerful or light, vehement or graceful. These pianos are at the same time the instrument of the virtuoso who wishes to astonish by the eclat of his execution, and of the artist who applies his talent to the music of thought and sentiment, bequeathed to us by the illustrious masters: in one word, they are at the same time the pianos for the concert-room and the parlor, possessing an unexceptional sonority.

PHOENIX MUTUAL
Life Insurance Company
OF HARTFORD, CONN.

Assets,	\$2,500,000
Annual Income,	1,500,000
Dividend being paid in 1868,	50 per cent.

A few of the special advantages offered by the Phoenix are here below named:

- Its dividends are in every case upon premiums paid.
- Its policies are all non-forfeiting.
- It issues every kind of policy, and is purely mutual, dividing all the profits among its members.
- Its premiums may be paid annually, half note or all cash.
- During the 17 years of its existence, it has never contested a claim.
- The interest alone for '67 more than paid all losses.
- It has abolished nearly all restrictions on travel, residence, or occupation.
- In paying its claims, no notes are deducted from its policies.
- There is nothing desirable in Life Insurance, which may not be secured in the

Phoenix Mutual Life Insurance Company.
