Shepard's Patent Argand Furnace.

BASE-BURNING.

SURFACE-FIRE.

For Portable Galvanized Case. Three Sizes. Also Three Sizes for Brick. The largest is the most effective heater for large buildings.

PLAN OF THE SHEPARD ARGAND FURNACE.

BASE-BURNING.

SURFACE-FIRE.

Exhibiting Fire, Combustion Chamber, Flues, Ash Pit, Evaporator, warm air space, Smoke Pipes, and Galvanized Iron Case. Three Sizes, Brick or Portable.

Shepard's Argand Base-Burner Furnace very completely consumes those volatile gases generated from Coal, which in most furnaces constantly pass unconsumed to the chimney, with the consequently utter waste of fuel. It needs only to be seen under combustion, to assure the observer of this fact. It is admitted by those who have examined and have them in use, that it is the most complete adaptation of the real science of combustion to useful purposes, combining less waste of fuel and real increase of power, with great economy.
