SHEPARD'S SUPERIOR RANGE!

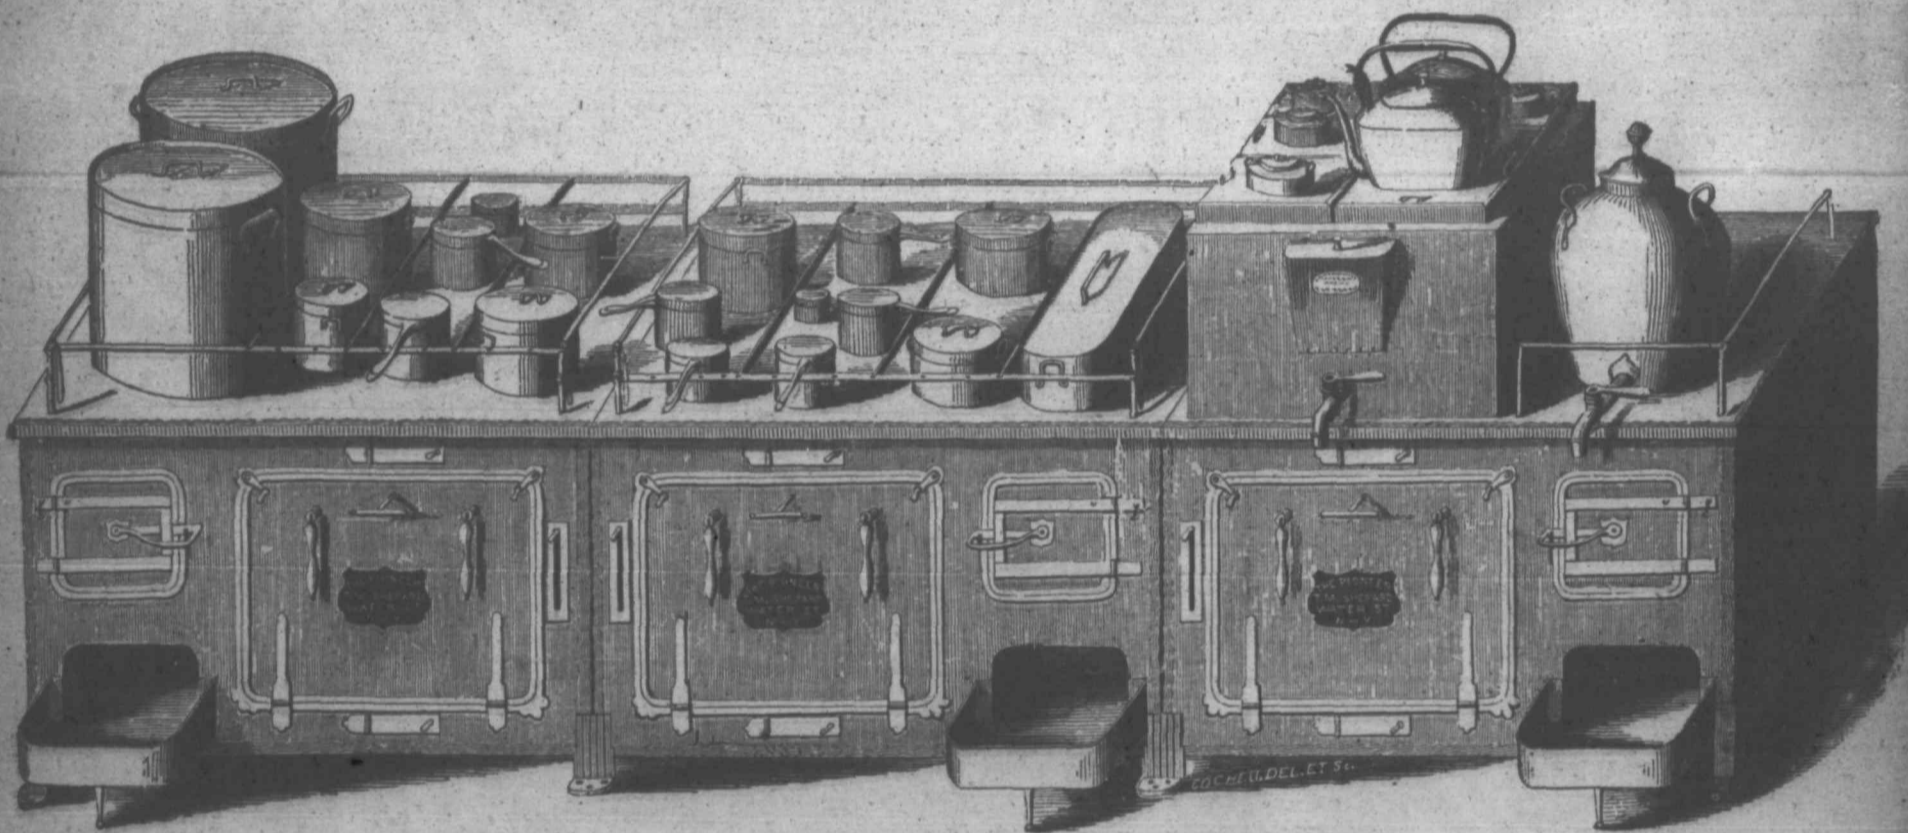

NEW HEATER OVENS.

Good Bakers—Nothing superior in baking qualities can be desired. **Good Roasters**—Unexceptionable in completeness, with tin roasters. **Broiling**—Without smoking the meats. **Boiling**—Quickly over the entire t.p. **Hot Water**—An unbounded supply. **Economical**—Using very little fuel. **Durable**—Standing even hard usage with little wear. **Strong**—The proper metal in the right place makes them strong and serviceable. **Easily Managed**—No person can fail to successfully operate one of these ranges on their first trial. The great popularity and unprecedented sale of these ranges prove conclusively that the public have met the introduction of a first-class article as it merits. No range has been offered which so successfully and completely fills all the requirements of superior finished cooking, and which at the same time proves so economical in fuel as to excite surprise. With facilities for heating water unsurpassed, arrangements for roasting of the most complete kind, and two extra large ovens for baking, no family can fail to be pleased with its operation.

THE PIONEER.

CUNARD PATTERN.

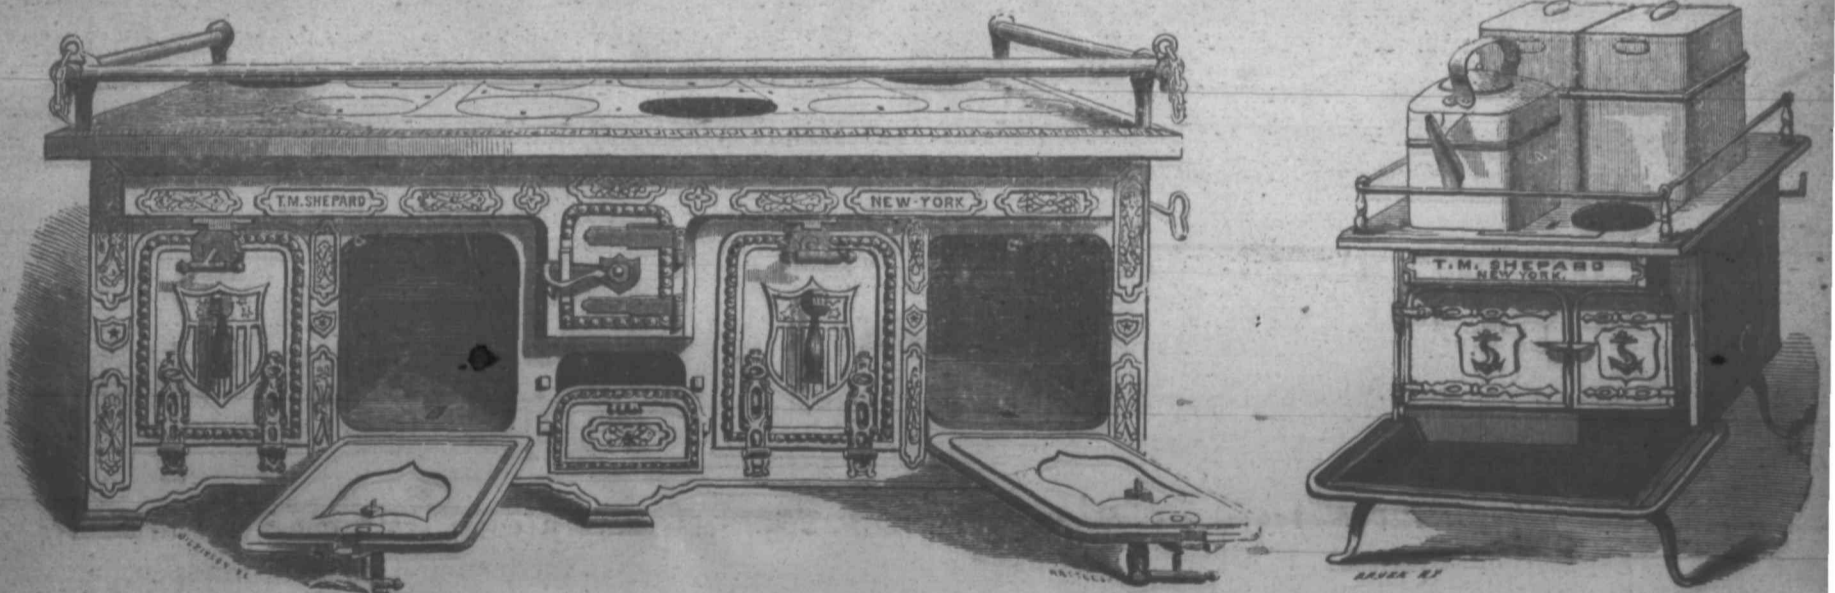

A splendid outfit for Steamships. This style of GALLEY RANGE has ever been in use on the "CUNARD" Steamships. Its success is evidence of its usefulness. LARGE OVENS AND SUPERIOR BOILING AND STEWING CAPACITY.

Baker's Ovens—Three sizes for Steamships. *Cabin Heating Stoves*—Various patterns.

Shepard's Steamship and Ship Caboooses.

ALSO ALL SIZES FOR SMALLER VESSELS.

Twenty sizes of superior Caboooses. The best article for ship cooking ever manufactured. Their success on the Pacific Mail, Collins, Charleston, Savannah, and other lines, attest their merit. They never fail. COPPER, TIN AND IRON WARES, well manufactured and strong, suitable for Ship use, furnished with dispatch.

PANTRY AND GALLEY OUTFITS complete to order. COPPER, SHEET IRON AND TIN WORK made to order.

REPAIRS ATTENDED TO ON SHIP BOARD, of all Galley and Pantry Fixtures.

CHAS. J. SHEPARD, 242 Water Street, New York.

Shepard's Patent Argand Furnaces.

BASE-BURNING.

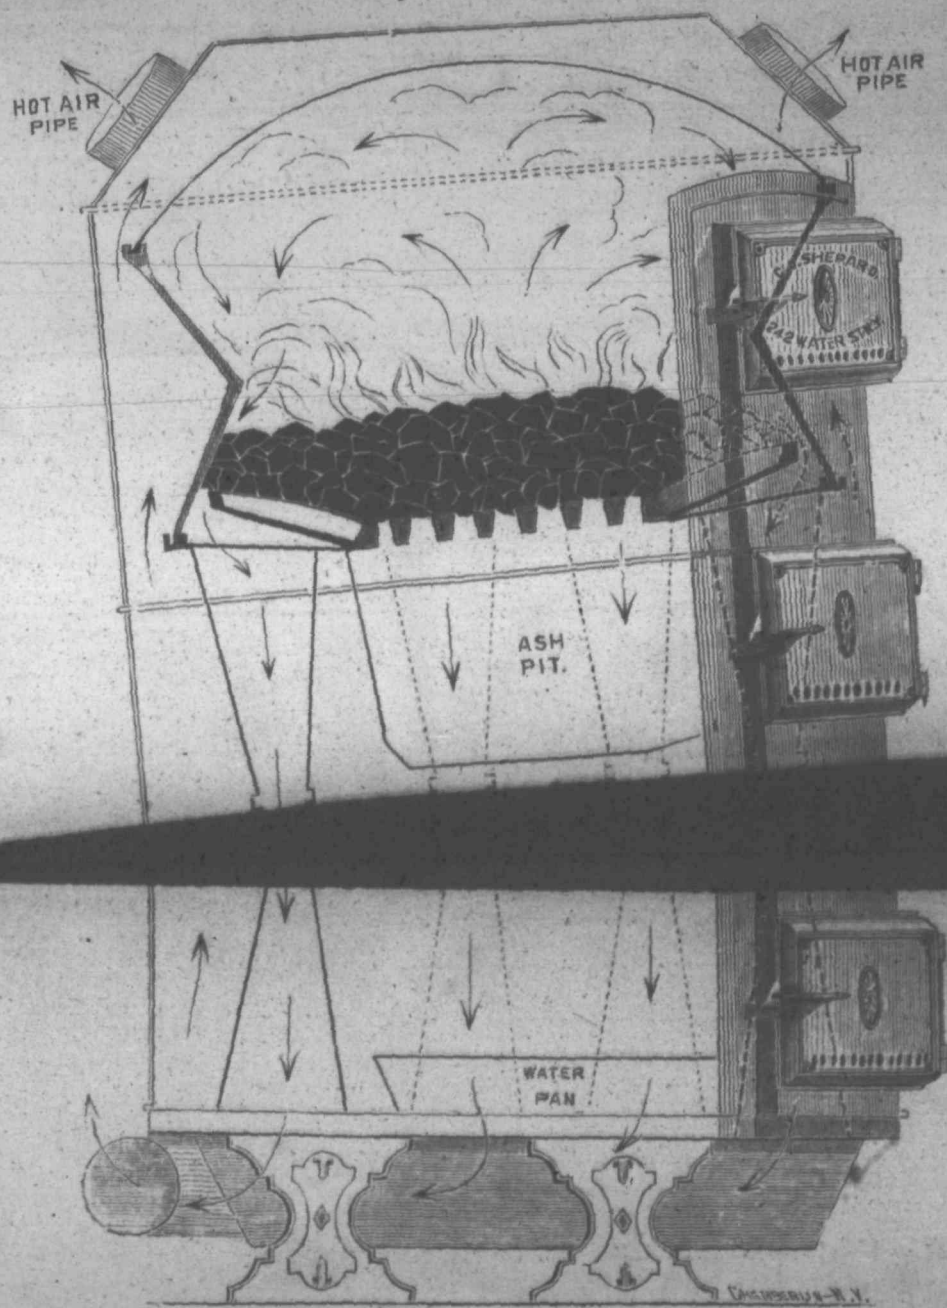

SURFACE-FIRE.

For Portable Galvanized Case. Three Sizes. Also Three Sizes for Brick. The largest is the most effective heater for large buildings.

PLAN OF THE SHEPARD ARGAND FURNACE.

BASE-BURNING

SURFACE-FIRE

Exhibiting Fire, Combustion Chamber, Flues, Ash Pit, Evaporator, warm air space, Smoke Pipes, and Galvanized Iron Case. Three Sizes, Brick or Portable.

Shepard's Argand Base-Burner Furnace very completely consumes those volatile gases generated from Coal, which in most furnaces constantly pass unconsumed to the chimney, with the consequently utter waste of fuel. It needs only to be seen under combustion to assure the observer of this fact. It is admitted by those who have examined and have them in use, that it is the most complete adaptation of the real science of combustion to useful purposes, combining less waste of fuel and real increase of power, with great economy.
