IMPROVED
Knickerbocker Range,
 SUITABLE FOR
PRIVATE AND PUBLIC HOUSES.

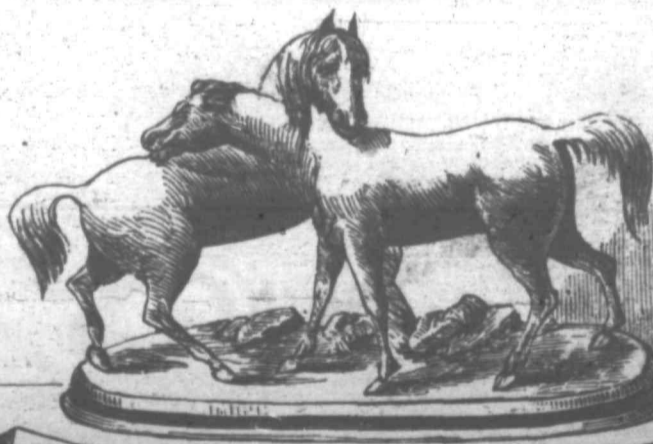

Above cut shows the **KNICKERBOCKER RANGE**, (so well and favorably known) in an entirely new dress, retaining its many excellent qualities, with the addition of such improvements as have suggested themselves to me, making the range

Heavier, More Durable, and Easily Kept Clean.

A Heating Shelf or an Elevated Hot Closet can be attached to each size.

We have 8 sizes, each Range having 3 different Waterbacks to correspond with capacity of Boiler.

We offer the above to our customers and the public generally, relying entirely on its merits.

It is neat in design, substantially constructed, and is provided with a **WARMING CLOSET** below the **LARGE OVEN**, which will be found very useful to keep articles warm.

It is very simple and economical in its operation.

The capacity of fire-chamber is small, and the oven so readily heated, that the consumption of fuel is comparatively less than any other Range in use.

Water backs can be attached, by which a supply of hot water can be kept constantly on hand.

The above are made with either Right or Left fire-chamber.

[Send for Price List.]

MANHATTAN ILLUMINATING FIRE-PLACE HEATER!

The above represents our newly constructed

FIRE-PLACE HEATER.

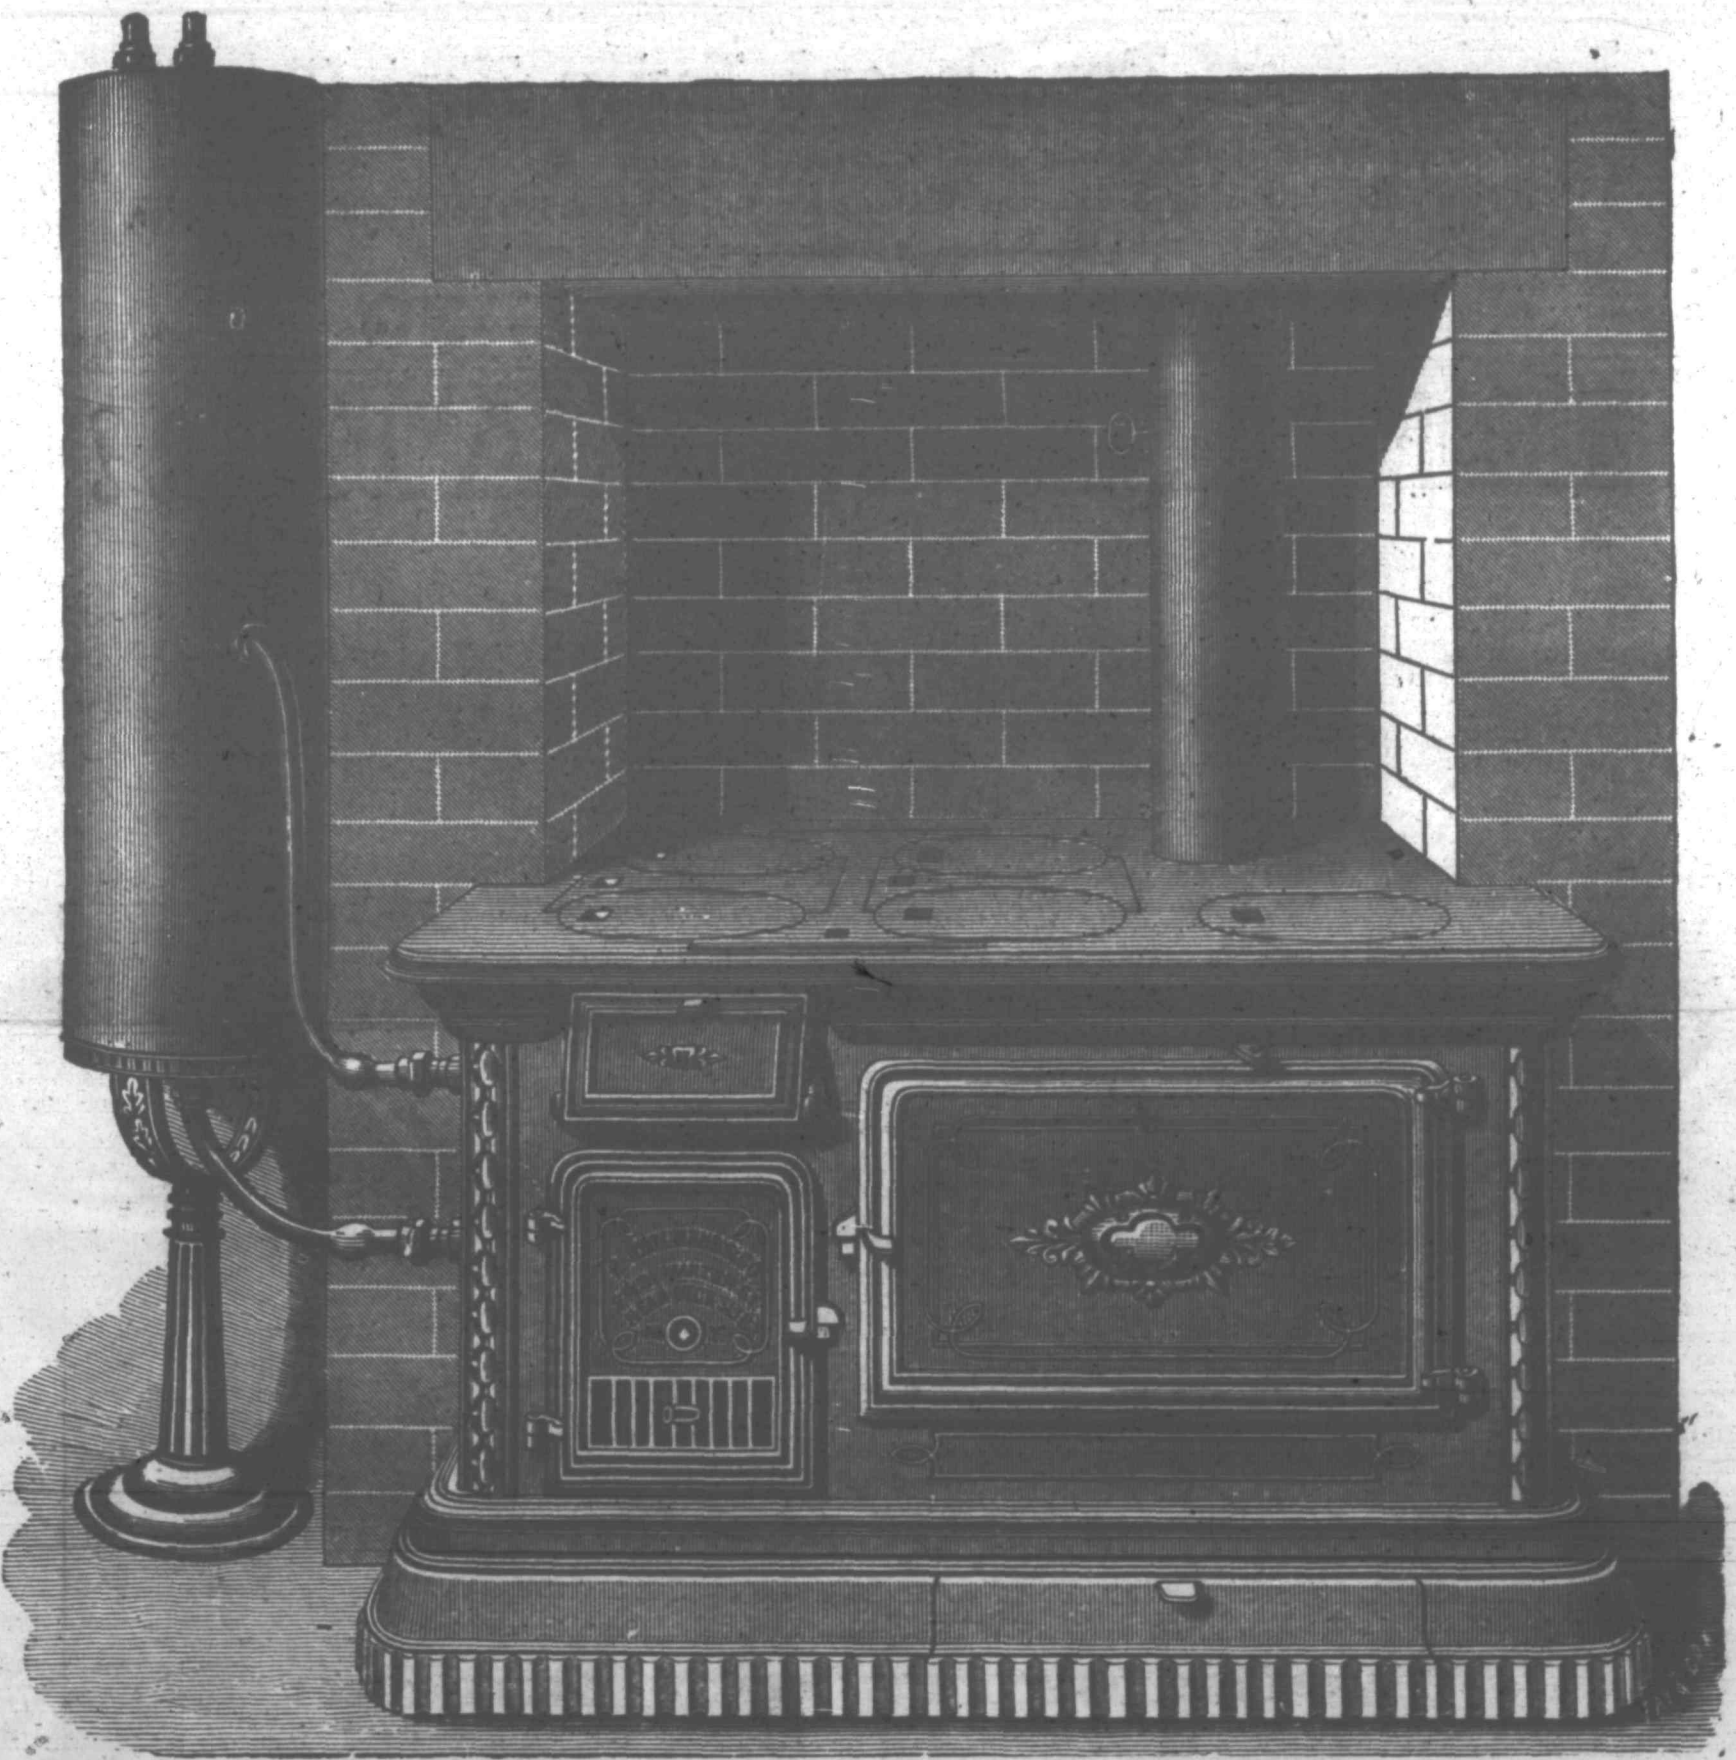

Besides experience and practical knowledge, no time or expense have been spared to make it as the above cut represents, externally a

NEAT AND TASTEFUL PIECE OF FURNITURE.

The Internal arrangement in its different departments is such, that it has introduced itself the same as the Knickerbocker Range into general use. It can be put up with or without a self-feeder [Magazine] and with a round

PUBLIC OPINION

HAS DECLARED

The American Standard

To be the liveliest and most readable daily paper published within the State of New Jersey. It is the unflinching exponent of Democratic principles, and keenly alive to all the great questions of the day. As a family paper it has no superior, and publishes a larger amount of City, County, State and Telegraphic News than any other journal issued in Jersey City.

The STANDARD is furnished at the low price of 2 cents per copy or 12 cents per week.

PUBLICATION OFFICE:

No. 30 and 32 MONTGOMERY ST., JERSEY CITY.

Branch Office, No. 93 WASHINGTON ST., HOBOKEN.

The Book and Job Printing

Office of the Standard cannot be surpassed. Printing of every description, in colors or plain, executed in the highest style of the art, at short notice and low prices.

IMPROVED
Knickerbocker Range,
SUITABLE FOR
PRIVATE AND PUBLIC HOUSES.

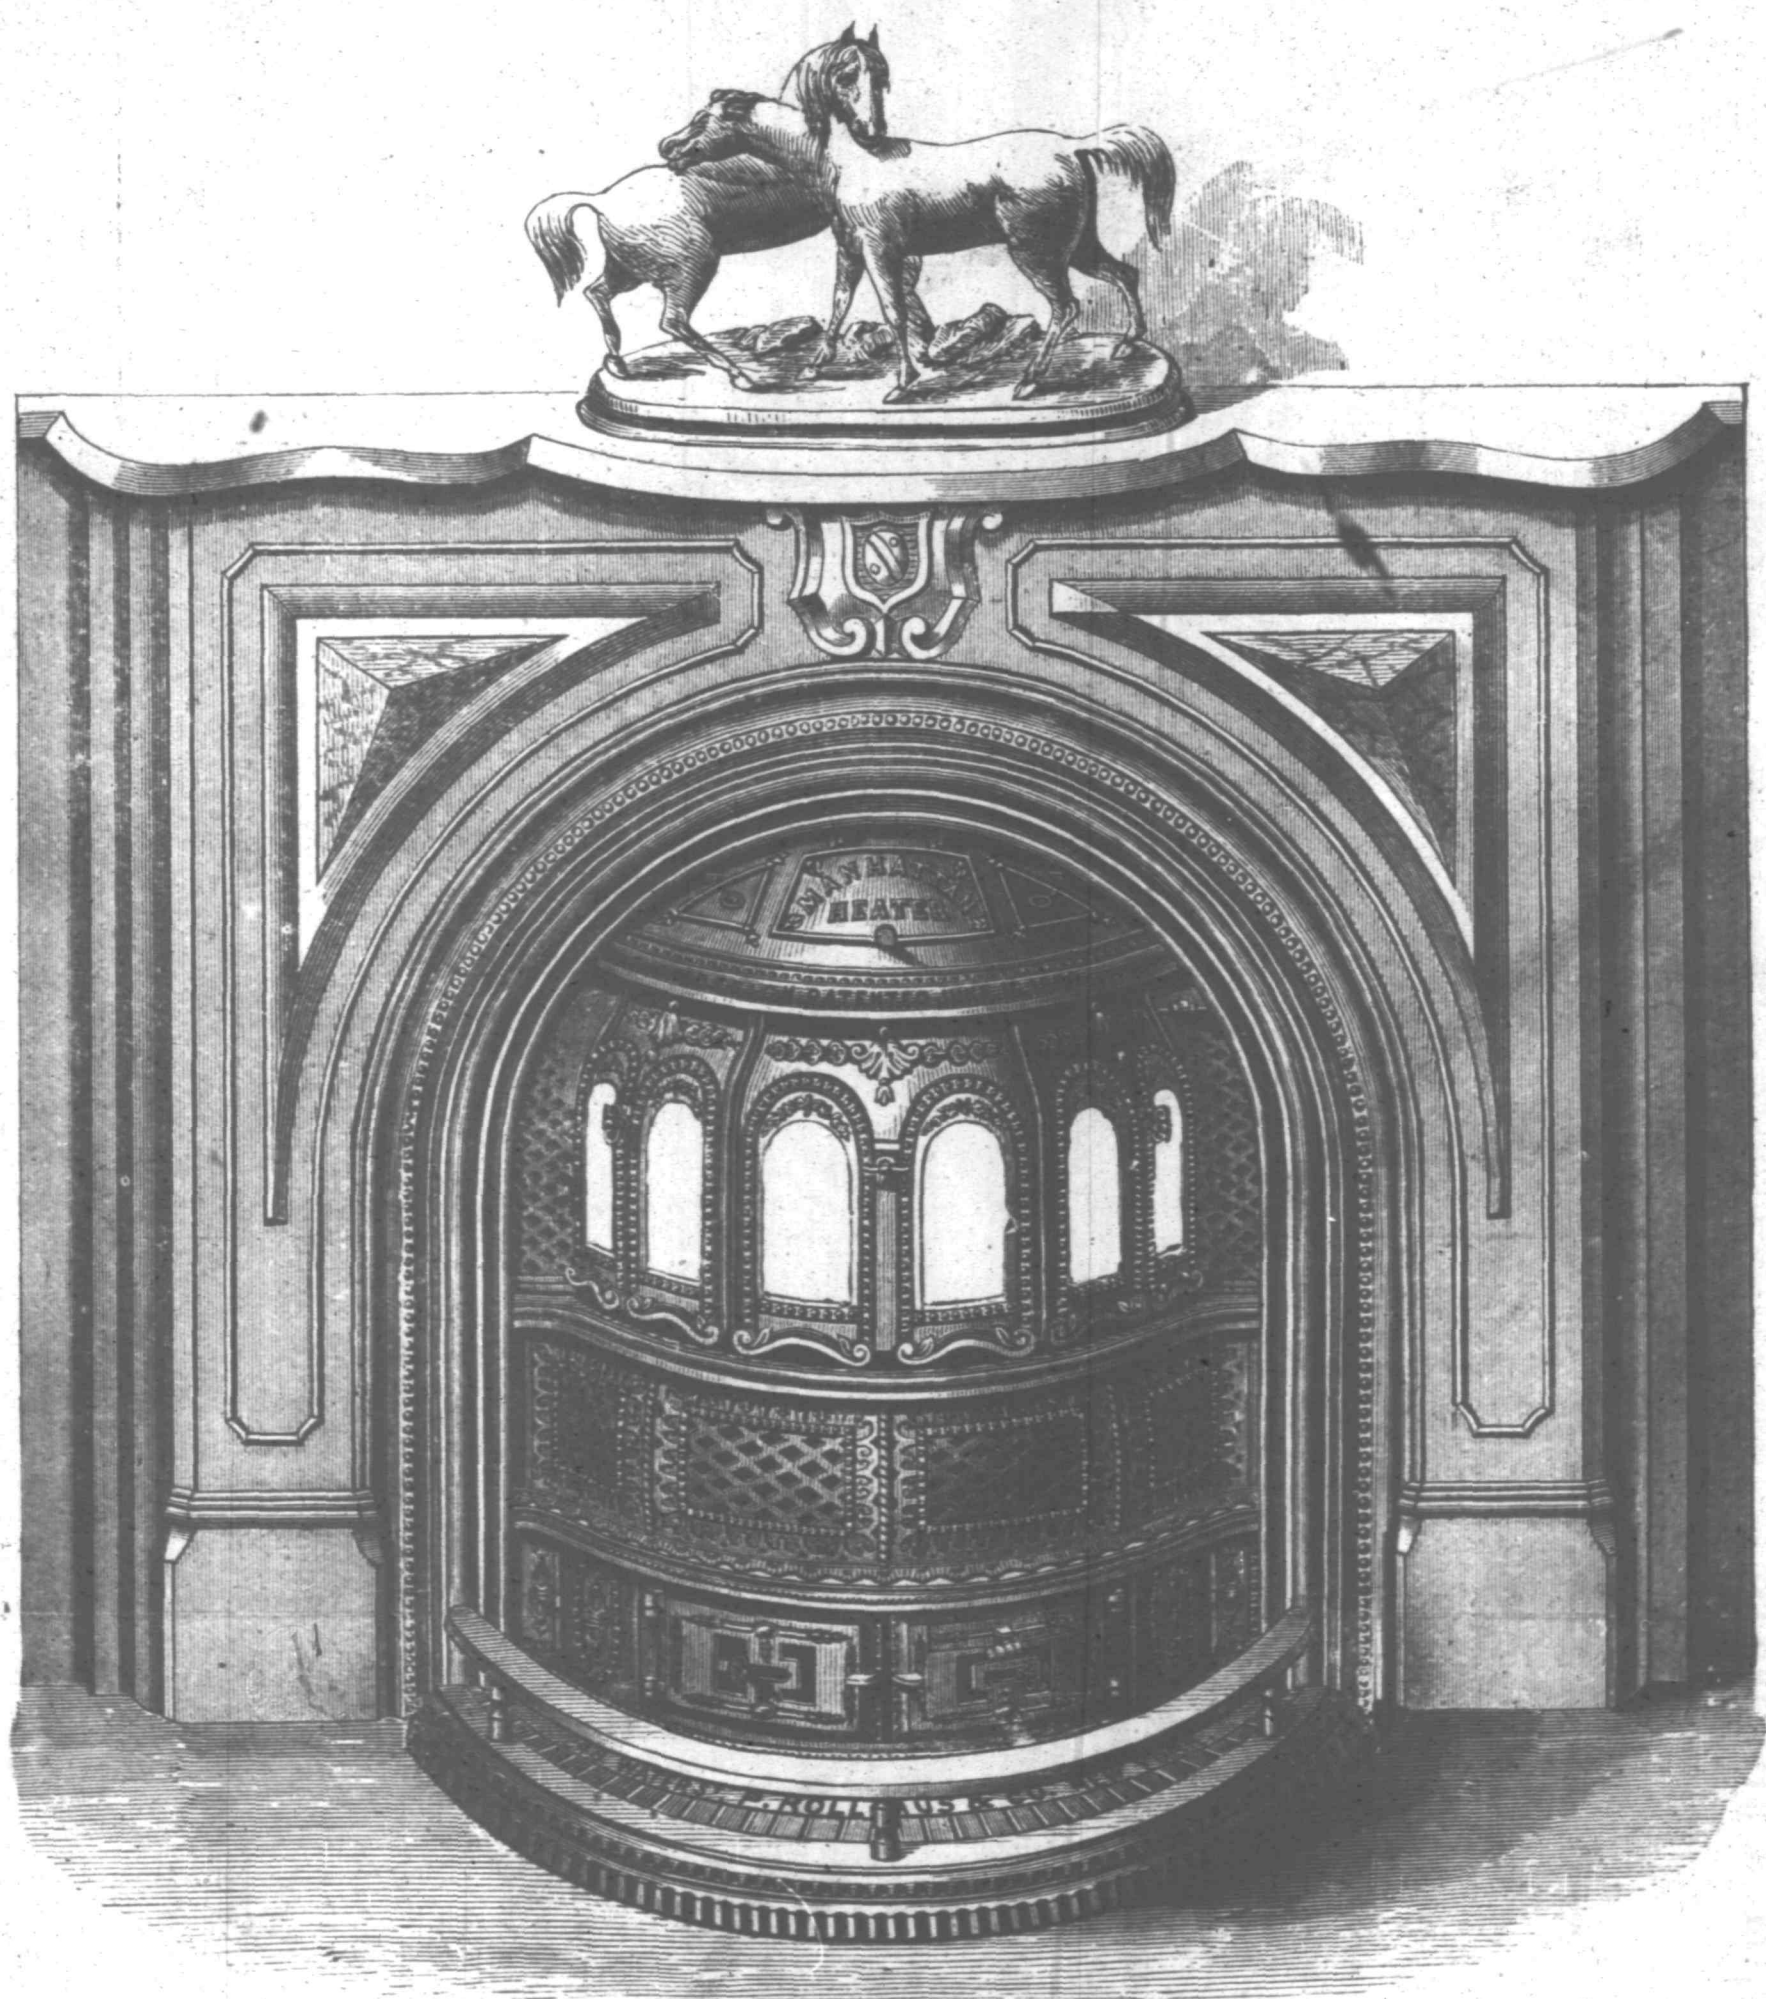

Above cut shows the **KNICKERBOCKER RANGE**, (so well and favorably known) in an entirely new dress, retaining its many excellent qualities, with the addition of such improvements as have suggested themselves to me, making the range

Heavier, More Durable, and Easily Kept Clean.

A Heating Shelf or an Elevated Hot Closet can be attached to each size.

We have 8 sizes, each Range having 3 different Waterbacks to correspond with capacity of Boiler.

MANHATTAN ILLUMINATING
FIRE-PLACE HEATER!

The above represents our newly constructed

FIRE-PLACE HEATER.

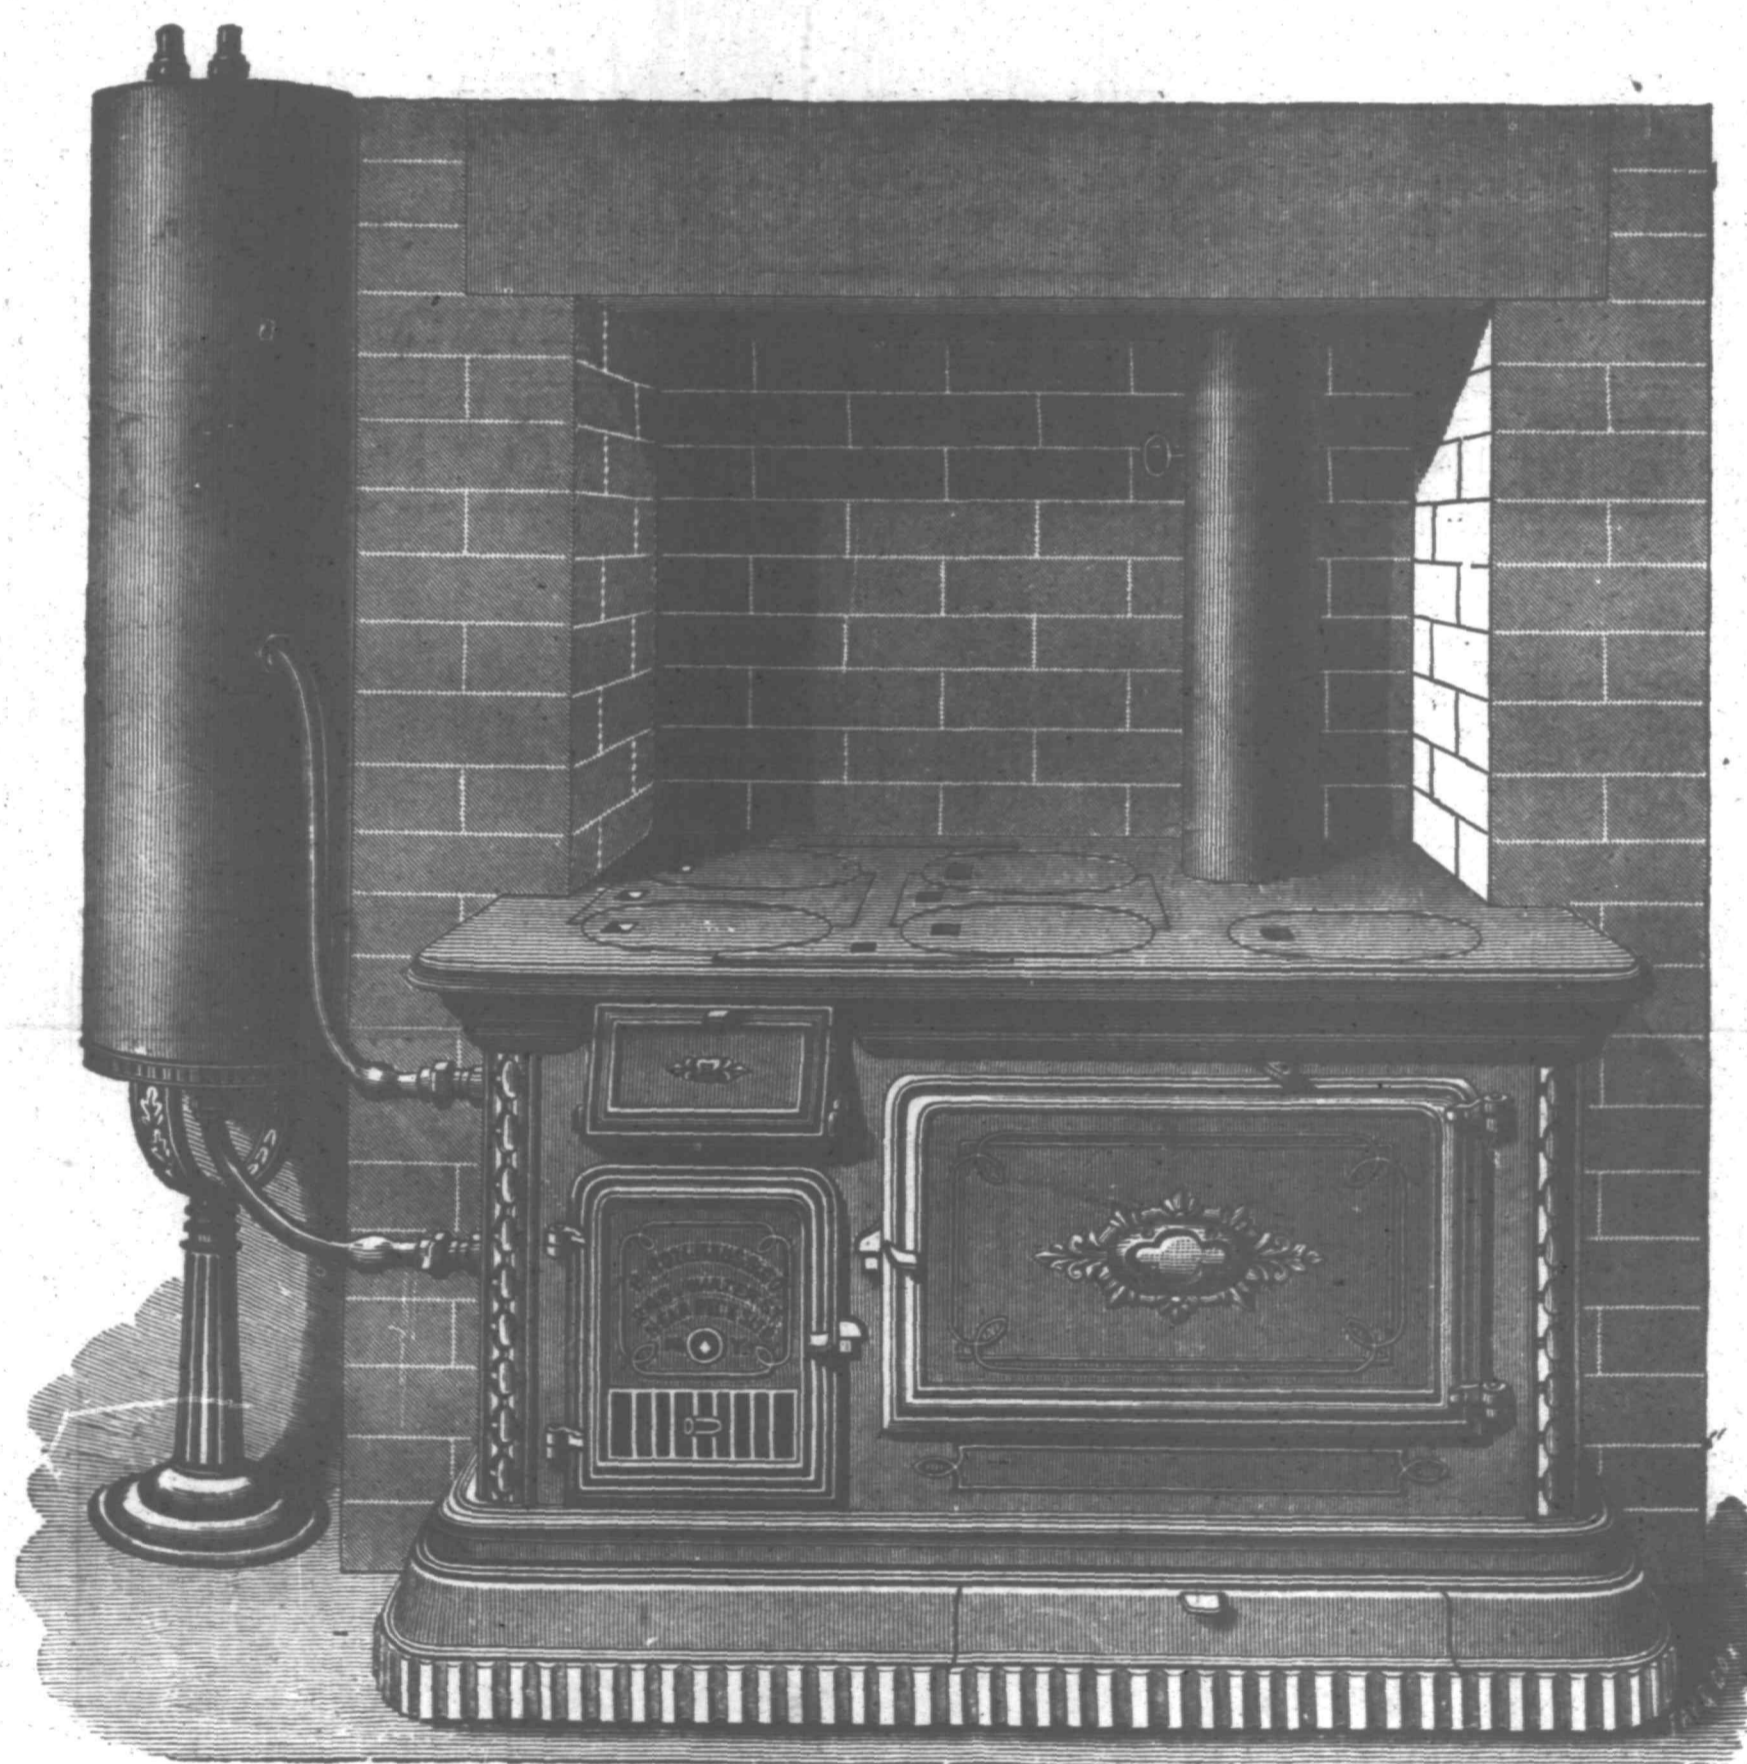

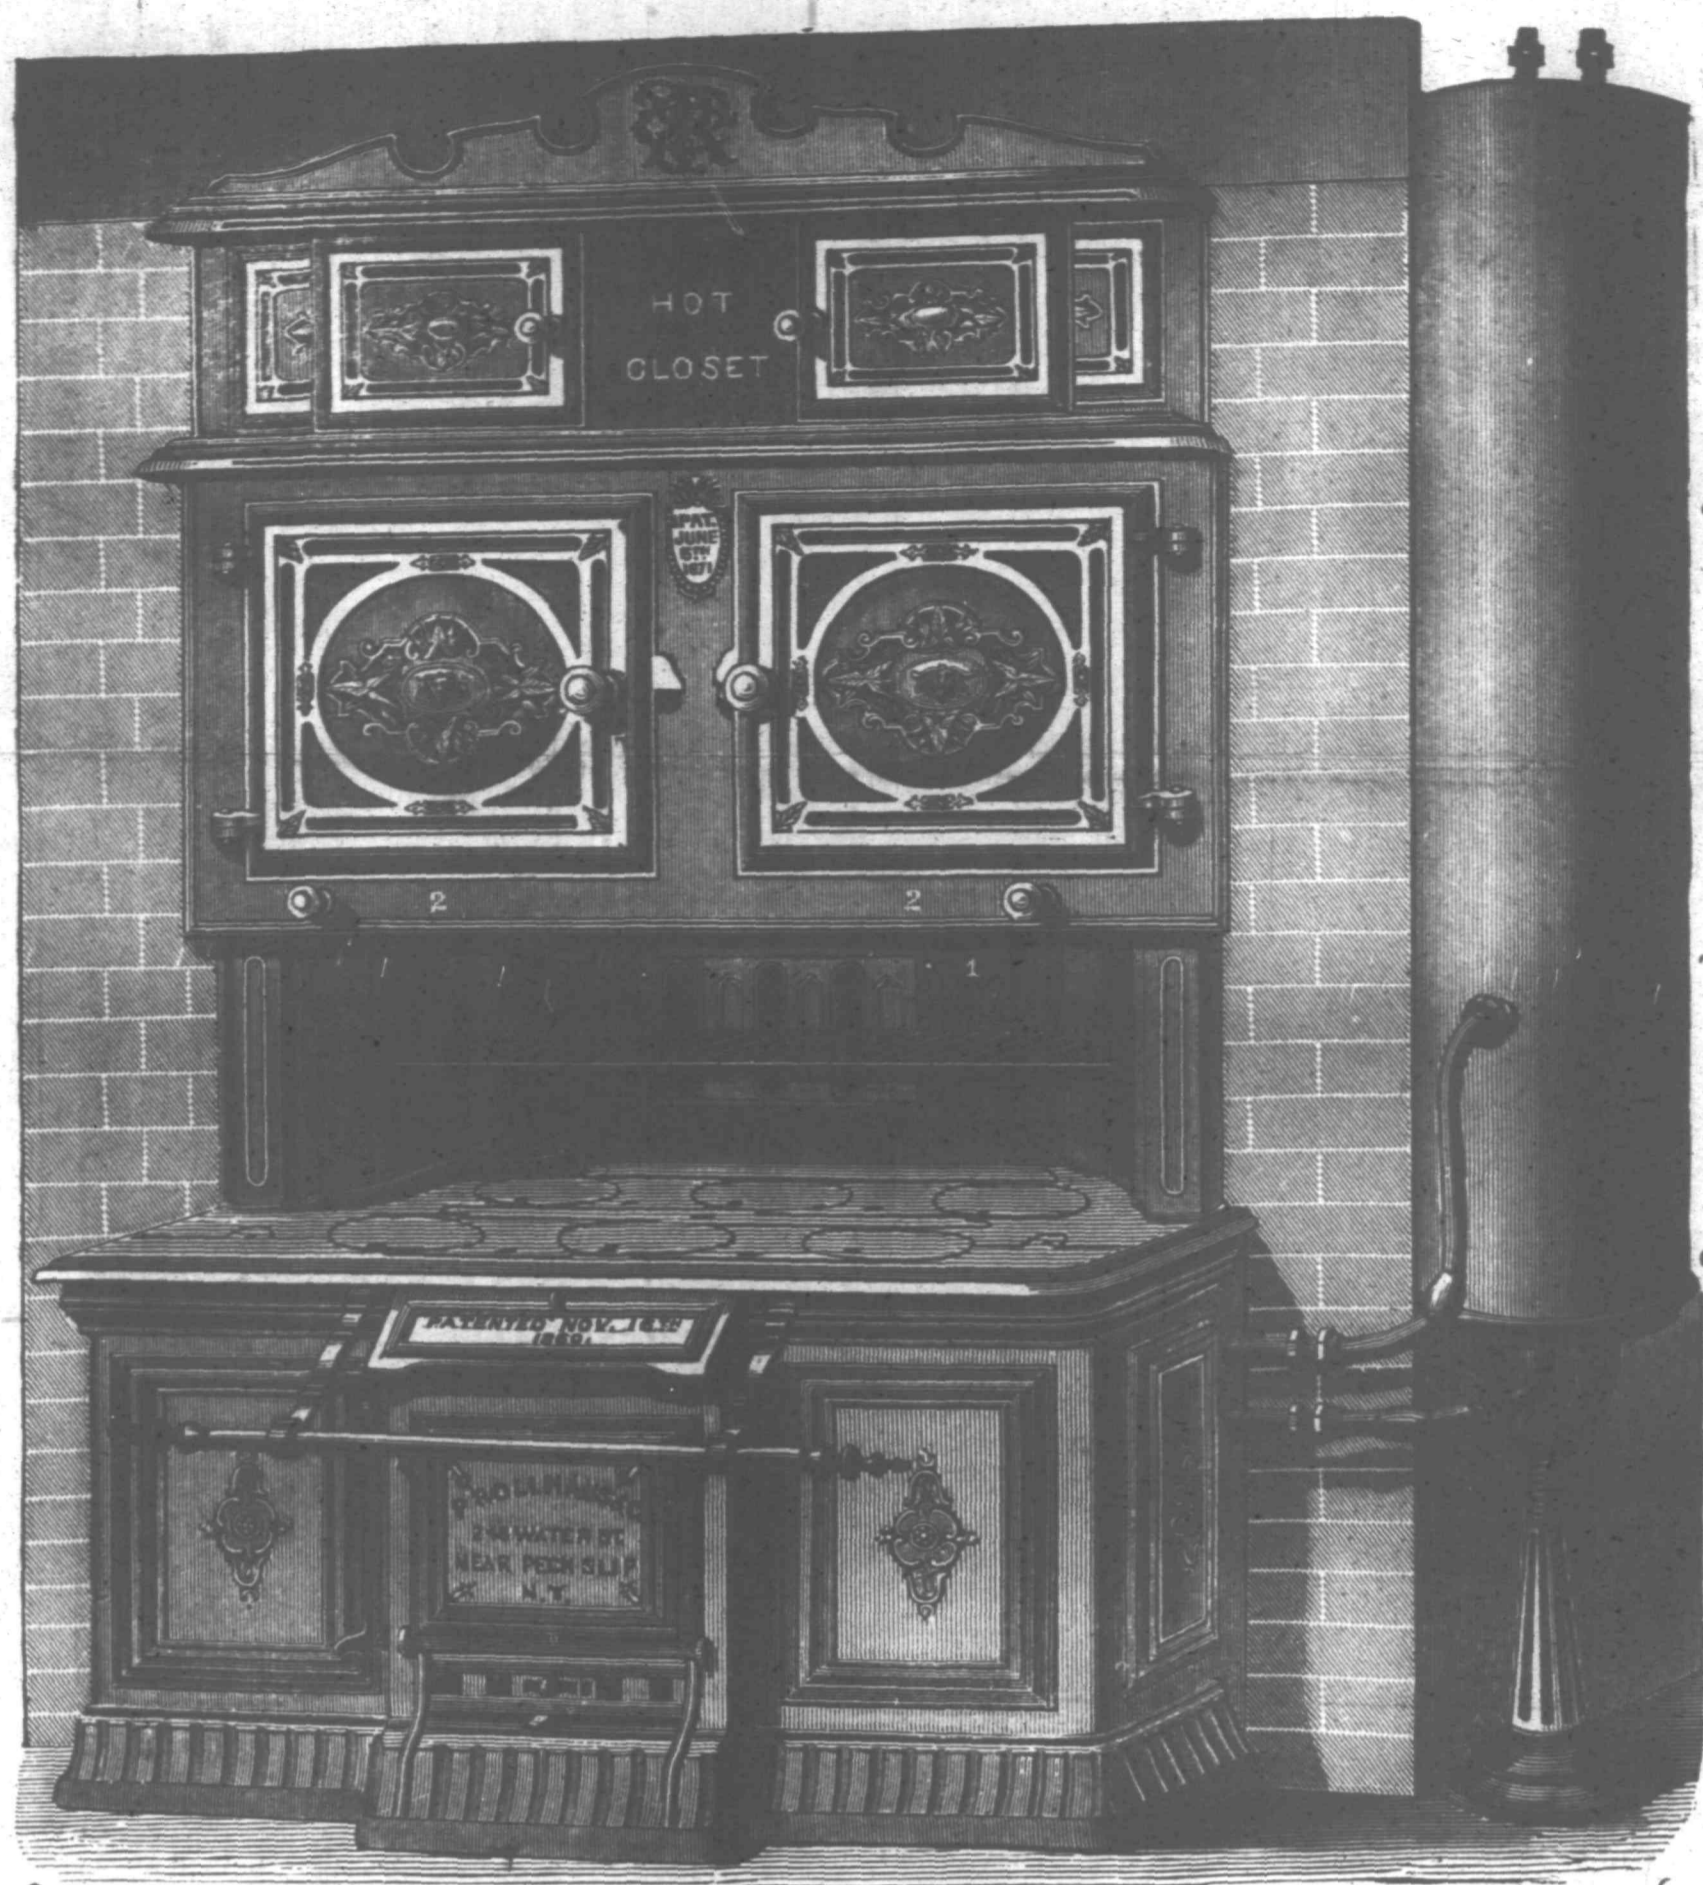

Besides experience and practical knowledge, no time or expense have been spared to make it as the above cut represents, externally a

NEAT AND TASTEFUL PIECE OF FURNITURE.

The Internal arrangement in its different departments is such, that it has introduced itself the same as the Knickerbocker Range into general use. It can be put up with or without a self-feeder [Magazine] and with a round or square frame.

Cold air may be admitted from without or direct from the room it occupies, according to circumstances.

Knickerbocker Elevated Oven Range.

We offer the above to our customers and the public generally, relying entirely on its merits.

It is neat in design, substantially constructed, and is provided with a **WARMING CLOSET** below the **LARGE OVEN**, which will be found very useful to keep articles warm.

It is very simple and economical in its operation.

The capacity of fire-chamber is small, and the oven so readily heated, that the consumption of fuel is comparatively less than any other Range in use.

Water backs can be attached, by which a supply of hot water can be kept constantly on hand.

The above are made with either Right or Left fire-chamber.
