# PACKARD'S BUSINESS COLLEGE,

805 Broadway, New York,

(METHODIST BUILDING,)

For the Education of Men and Women, Boys and Girls, in Business Branches, viz

*Bookkeeping, Arithmetic, Penmanship,*

*Correspondence, (including Practical Grammar,)*

*Commercial Law, Political Economy,*

and the details of business; to which is added as special studies,

**GERMAN, FRENCH, SPANISH AND PHONOGRAPHY.**

This College was established by its present proprietor in 1858, and has grown to be the recognized business school of the metropolis. It has a genuine faculty of experienced teachers, a carefully graded and efficient course of study, and has lived long enough and done work enough to have a record of its own. It is, in short, a downright, honest institution, located in the very business centre of the metropolis of America, with unsurpassed facilities as to rooms, appliances and methods, and is doing its share in building up young men in the right way of thinking and of doing. Its mission is not merely to make bookkeepers and clerks, but self-reliant and efficient men and women, equipped for the varied requirements of practical life.

The school is in daily session (Saturdays excepted) from September 1 to June 30. The price of tuition for the commercial branches is \$45 for a term of eleven weeks. Persons desiring particular information as to processes and regulations will please address the principal,

## SPECIFIC INFORMATION

The "regular course" embraces all the branches taught, except Phonography, German, French and Spanish, for any one of which studies the price is eight dollars per term. Persons taking one these extra studies are entitled to any of the others at half price. Instruction in writing alone (one lesson daily,) ten dollars per month or twenty-five dollars per quarter. Books and stationery extra.

When two or more students from the same family enter at the same time a discount of seven per cent. will be allowed.

**TIME OF ENTERING.**—There are no term divisions. Students can enter at any time during the school year with equal advantage. The very best time for entering is when the student is ready.

**PREPARATORY QUALIFICATIONS.**—A knowledge of the ordinary English branches is a sufficient preparation for entering the regular commercial course. Any deficiency in this respect, if not too radical, can be remedied by special training.

**STUDENTS FROM A DISTANCE.**—Students from a distance, and others who have but a limited time to devote to study, can be as well cared for as at any institution in the country; our plan being to give each student, from day to day, that kind and measure of instruction that would best serve his purpose, were it to be his last day at school. Board near the college can be had at from five to eight dollars per week.
