Official paper of the city of Hoboken. Circulation second to no other weekly journal in Hudson County.

The number of "the great unwashed" is being gradually diminished in New York just about now. The free baths are fine institutions.

Gov. Cornell, of New York, has vetoed the surface railroad bill under which it was proposed to run a street car route on Broadway, New York city.

The Police Commissioners reduced the pay of the force in order to raise money enough to publish the proceedings in the Democrat, the ring organ.—J. C. Journal.

Harvard won the boat race over Yale, yesterday, by a length. Yale was the favorite in the betting, but the result shows that "you can't most always sometimes tell."

Senator Hobart has gone into the soap business, according to the Paterson papers, and the Bergen County Democrat thinks the Senator will want a large amount of soap if he expects to slip into the United States Senate this fall.

Don Cameron assessed eleven Beasner Steel Companies in Pennsylvania \$1,000 each for his vote-purchasing fund. They have all paid up. The Don is at home in procuring the "sinews of war," but it will take more than money to make peace in Pennsylvania this time.

The New York Dock Commissioners have discovered that the boats running from New York to Fort Lee are running without authority of law, as no ferry had been established by the Common Council between the two points. There is to be an investigation and perhaps some trouble.

The spoils system of appointment, promotion, and removal is at the root of the evil. If we can get rid of that we can get rid of the rest. Suppose the Civil Service to be filled with men who owe their appointments to merit, and who hold them during good behavior, what chance will there be for levying assessments upon such men?—Boston Journal.

The fall of a Long Branch train off a bridge, Thursday morning, at Little Silver, by which one man was killed and two have since died from their injuries, and many others are still suffering, appears to have been caused by carelessness. The bridge was without a guard rail and the ties by the switch where the train left the track were found to have been insecurely spiked.

The Mayor and Council have received a communication from the County Board of Health calling their attention to the fact that they must appoint a Milk Inspector and advising speedy action in the matter. We have received many communications from citizens in regard to the need of such an officer. It is to be hoped that the authorities will not hesitate to take immediate steps to rid the city of adulterated milk.

Profr Democratic leadership will secure Democratic victories everywhere when the next elections take place. Both factions of the split-up Republican party are fighting each other for the leaves and fishes. The Democratic party should make a fight on strictly Democratic principles, against bossism and one-man power, and for economy in public expenditures, and in that case the elections will take care of themselves.—Central N. J. Herald.

Charles J. Guiteau, the murderer of President Garfield paid the penalty of his crime on the gallows at a quarter before one o'clock yesterday, in Washington, almost a year after committing the crime that cast a nation into mourning. He was impatient and blasphemous to the last. As the Evening Telegram said yesterday: "Seldom has justice been meted out to a more horrible specimen of sheer, unalloyed depravity than the wretch who was hanged at Washington to-day."

GUARDING AGAINST LEAKS.

Our little local "Ship of State," the City Government, being partly controlled by incompetent officers, would have struck the other day and sprung a leak, had not some of the other officers seen the danger and averted it. Shortly after the commencement of the annual "cruise," the Tax Commissioners met to appropriate the various sums of money required to pay the expenses of running the city for the year. For the Police Department the sum agreed upon was, in round numbers, \$39,500, enough for the payment of all salaries, allowing for the restoration of the pay of the patrolmen, which had been reduced. The Mayor, as President of the Board of Police Commissioners, tried to get this appropriation reduced to \$35,000, on the score of economy, representing that it was considered advisable to reduce the force. He failed in this. His Board then made a further reduction of the Chief's salary, illegally, and has not yet restored the pay of the other officers to the amount paid them before last year's reduction. The money appropriated for this purpose, together with \$125 appropriated for incidental expenses, makes up a surplus of about \$1,700. This the Police Commissioners have dedicated to private uses—have set it aside, intending to ladle it out in broken doses, as "pap" to sick friends.

The first dose, \$250, was voted to the Hudson County Democrat (Rep.), illegally, for printing the official minutes of the Board. The second was voted to the same concern in doses of "seventy-five cents a page," to be given for the same minutes, it is presumed in the form of "slips," after each meeting of the Board. This was the way in which Beson and his crew tried to start the leak above alluded to. To carry out their scheme of nursing the "ring organ," and providing it with the nourishment so necessary to the sick and destitute sheet, the monthly requisition sent in to the Council, Tuesday night, called for \$3,292.36, for salaries and "incidental expenses." The salaries amounted to \$3,110.86, and the balance, \$181.50, was for "incidental expenses." The amount appropriated for the purpose, \$125, was calculated to be sufficient, with the amount collected in fines from the men during the year, to pay all incidental expenses. But the last month's requisition called for \$181.50.

If the matter had not been called to the attention of the Council by a member of the Board of Tax Commissioners, Tuesday night, this would have been paid without question. Fortunately, however, the thing was investigated and the Council, to a man, voted for the amount of the salaries only, thus preventing this proposed leakage when the danger seemed imminent, for which the Council is to be commended.

This attempt to take the money appropriated for the force and pay it out to friends for unauthorized jobs, shows that the Mayor and his Board require watching. Even his friends in the Council, who are generally rather blind to Beson's shortcomings, could not stand this, and it is to be hoped that their action Tuesday night will be a warning which he will heed. Give the police their proper pay. They are entitled to it, and it is bold robbery to withhold it from them to reward political heelers and strikers.

THE STRIKE.

There is a strong probability that the railroads will come to terms with the strikers to-day, and thus end the trouble which has so seriously damaged business for some time past. Though Governor Ludlow's proclamation may not have been altogether unnecessary, or its warning without effect, the strike throughout, determined as is the attitude of the men, has been marked by an orderly and law-abiding spirit that scarcely warranted any serious fear that mob violence would be resorted to. In a few isolated cases threats were made by drunken strikers, but the organized force of freight handlers who opposed the railroads, have generally acted with a quiet dignity very seldom found in a body of striking men.

After all has been said pro and con, the cause of the strikers seems to be a righteous one. Their demands are just and they have had the sympathy of the business community. The railroad authorities have been severely censured by the public for not coming to terms instead of holding out as they have. They have talked about the ruinously low freight rates and fixed higher rates, to take effect to-day. This has given rise to the charge that they have not exerted themselves, either to come to an agreement with the handlers or to provide other means for moving freight expeditiously. By accumulating large amounts of freight they calculated to advance the wages of the men on the first of the month and make it up by charging the higher rates for transportation. Whether this is the case or not, the trouble is expected to end to-day. Let us hope that it will.

High School Scholars.

Yesterday was the last day of the school year in Hoboken and all the public schools in the city closed. The summer vacation commences to-day and teachers and scholars are free until the first Monday in September. There was no commencement exercises in the High School this year. Only ten scholars were graduated. The following is the list, including the average obtained by each in the final examination:

Pauline Boese	97%	Frank Clifton	91%
Emma Jackson	95%	Louise Willis	89%
Minnie Chamberlain	93%	Lulu Husy	94%
Clara Mather	92%	Laura Barry	94%
Albert Rogers	92%	Jennie Childs	79%

Sixty-one scholars from the Grammar Schools succeeded in obtaining an average of 70 per cent. or higher, in the examinations, and are admitted to the High School. More than usual interest was manifested this year in these entrance examinations, both by the scholars and their parents, and many were relieved yesterday on hearing the result. We

give below the complete list of those admitted. The order in which they appear has nothing to do with the order in which the scholars were graded:

Anna Anderson, John Bates, Miss Bradley, Rosa Beck, Kitty Bobbit, Gusie Geary, Kitty Hathaway, Jennie Horan, Kate Howard, Beba Hedges, Fred Mahl, Clarence Jackson, Madeline Kendrick, Ida Lull, Ada Lundgren, John Farr, Mary Mather, Allison Mather, Frank Newman, Bernard Sengstacke, Marion Tracey, May Woodward, Fred Noble, Robert Naegeli, William Reinhold, Johanna Dellner, Lottie Smith, May Field, Ida Lull, Addie Pope.

S. H. Barrett & Co.'s New United Monster Railroad Show.

The above-named united World's Fair of living wonders, including the most stupendous menagerie, caravan, museum and circus ever organized, will mass its multitude of amusement marvels at Hoboken, on Monday, July 10. Not only is it an entirely new, bright and brilliant, but also a massive, solid, honest railroad show, owning its own splendid outfit of cars bringing savage Nature, in all the majestic illustrations of her living lessons, directly to your doors, and added thereto, a far greater and purer circus than you have ever seen. No such collection of rare wild beasts and birds has ever before been concentrated under canvas. Every continent has contributed to its completeness, as every equestrian organization of the great foreign capitals and every leading gymnastic school of the whole world has furnished representatives to complete the largest and most brilliantly artistic circus ever organized on this continent, and one in which each performer is a special star, and one and all simply incomparable, while worlds of humorous folly and a varied programme of astonishing animal acts complete an entertainment which is the very acme of arena achievement.

After Ten Years.

John Roach, a laborer on the Weehawken tunnel, gave himself up to the Hoboken police, Wednesday night, stating that he was implicated in the murder of a man named Mitchell, committed at Ursina, Somerset County, Pa., in 1872. Mitchell was courting a girl named Hahn. Her father did not like him and got Roach to help "lay the man out." They waylaid him at night and beat him, Hahn using an iron bar and Roach kicking the victim. Mitchell was killed outright by the blows from the iron bar. He was then taken and placed on the railroad track so that it would be thought that he was run over. Hahn was arrested at the time, but nothing proved against him. A telegram from Chief Donovan to Ursina elicited the fact that such an occurrence took place in 1872, that Hahn was still there and that the facts would be laid before the District Attorney. Roach says he did not intend to kill the man, but only to "lay him out," and his conscience has troubled him ever since. The self-accused man was committed to the County Jail for 30 days to await the action of the Pennsylvania authorities. He is but thirty-two years old.

Academy of the Sacred Heart.

The commencement exercises of the Academy of the Sacred Heart were held in St. Mary's Church, on Thursday evening. An attractive programme of music and recitations was carried out, and the exercises were pronounced the most interesting that have yet been held. Gold medals were awarded to Miss Minnie Foley, for general proficiency; to Miss Katy Brown, for good conduct; to Miss Mamie Foley, for the best essays throughout the year, and to Miss Clara Judge, for application. Miss Mary C. Cashman, of West Point, received a gold pen for the highest number of perfection checks for the school year. Miss Alma Doyle would have received first honors had her studies not been interrupted by sickness. The following young ladies received floral crowns for ladylike deportment: Minnie Foley, Clara Judge, Katie Brown, Mamie Foley, Lizzie Walker, Helen Ridgely, Mary C. Cashman, Emily Charters, Marie Brown, Wulfe Carnes and Alma Doyle.

The Union Veterans' Union.

The First Regiment (N. J.) Union Veterans' Union will hold a grand celebration and picnic at Salter's Woodbine Grove, Pampano, Bayonne, N. J., on Tuesday next, July 4th. The procession will be formed at Headquarters, 642 Newark avenue, Jersey City, at 9 o'clock A. M., and proceed at once to the grove. Several companies of militia will participate. The military exercises will include a sham battle, and Prof. Dollinger and the Regimental Drum Corps will supply the music. An oration will be delivered by Hon. A. A. Hardenbergh, and other prominent speakers will be present; General Hancock has also been invited. A variety of athletic games have been arranged, and shooting matches will also take place. The organization has at present seven companies of veterans and several more are being formed. Hoboken is represented by Co. D, Captain L. Budenberg.

He Cut His Throat.

Wm. McLaure, aged twenty-seven years, a resident of Lincoln Park, this State, came to Hoboken, Saturday afternoon, to visit his sister in Madison street. While sitting in his sister's house he suddenly drew out a pen-knife and cut his throat. The wound bled profusely and it was feared that he would die. Officer McCurdy, who was summoned, took him to the station house, where City Physician Nast attended to his wound. He was kept until Sunday night when his friends took him away. After his wound had been dressed he claimed that he did not know anything about it, had no motive for trying to commit suicide and had never been conscious of any intention of inflicting injury upon himself. It is thought that his mind was affected by drink.

Musical.

An organ recital will be given at the Church of the Holy Innocents, corner of Willow and Sixth streets, on Tuesday evening, July 4th, commencing at 8:30 P. M., by Mr. James van Hoeve, the organist of the church. The programme, containing eight numbers, consists of the Festmarch, Supple; Grand Overture; Lefebvre Maig; Wigenlied; Mendelssohn; Concerto in C major; Weber; Funeral March from the Widow of Nain, Lindpainter; Symphony, Beethoven; Nocturne for Oboe, Chopin; and Hymn No. 90.

N. J. YACHT CLUB REGATTA.

Twelve Yachts Competing—An Interesting Race in a Light Wind—The Estelle, Lily R., and P. L. Sheppard the Winners.

The eleventh annual regatta of the New Jersey Yacht Club was sailed in the lower bay on Wednesday. The competing yachts were: Class A—Estelle, A. Hammon, 34 feet; Letitia, William Turner, 30 feet 1-4 inch. Class B—Meteor, E. W. Ketcham, 28 feet 6 inch; Charm, A. Joannet, 28 feet 4-12 inch; Eagle Wing, J. C. Burton, 27 feet 10-12 inch; Lily R., Theo. H. Rogers, 27 feet 5 inch; Dare Devil, W. H. Dilworth. Class C—Pauline, Louis Kayser, 24 feet 2 inch. Class D—F. L. Sheppard, J. D. Goetschling, 19 feet 11 inch; Kitty S. H. G. Stillish, 18 feet; Eddie, William T. Salter, 17 feet 4 inch; Flirt, Charles E. Korff, 16 feet. The course for classes A, B and C was from the Twelfth street dock at Hoboken, thence to and around the buoy on Robin's Reef, thence to and around can buoy No. 13, abreast of the lower Hospital Island, thence back to Robin's Reef buoy, finishing off Communipaw dock, south end of Jersey City. Class D the same course, but turning Fort Lafayette and back to Communipaw dock.

The start was made a little behind time, the gun being fired at 11:34 A. M. There was an exceedingly light wind, the sky was overcast, and altogether the weather did not look promising for the race, but soon after getting away a fair sailing breeze blew up from the south west and things began to get interesting. The yachts were worked down the river skillfully, the steam craft and freight boats giving some trouble. The only Son, carrying the judges, regatta committee, members of the press and spectators, accompanied the yachts. Robin's Reef buoy was rounded in the following order: Meteor, Lily R., Sheppard, Estelle, Charm, Letitia, Dare Devil, Pauline and Eagle Wing. In the lower bay the wind died out, and hardly enough air to keep one cool drove the leaders of the fleet around can buoy No. 13 in the order given above, except that the Lily R. and Meteor had changed places, the former leading by two minutes and six seconds, instead of being forty-eight seconds behind as she was at Robin's Reef. The Lily R. is a new boat, built by McEllean for Mr. Rogers, and was sailed by her owner, this being her first trial. The Meteor was built by the same man, and considerable interest was centered in the close race between the two boats. In the home run the Lily R. gained an additional two minutes and finished well in the front. The Dare Devil parted the leech rope of her mainsail shortly after starting and she did not finish.

The following table gives the details of the result:

	CLASS A.	CLASS B.	CLASS C.	CLASS D.
Nam.	Start.	Finish.	Time.	Time.
Estelle	11 14 00	4 18 35	5 04 35	5 04 35
Letitia	11 14 00	4 40 10	5 26 10	5 15 13%
Charm	11 14 00	4 30 10	5 10 10	5 10 10
Meteor	11 14 00	4 23 30	5 09 30	5 09 15
Eagle Wing	11 14 00	4 41 35	5 27 35	5 26 30
Lily R.	11 14 00	4 18 35	5 04 35	5 02 28
Dare Devil	11 14 00	Did not finish.		

The winner in class A is the Estelle, beating the Letitia by 13m. 17s. The Lily R. wins in class B, beating the Meteor by 4m. 52s. In actual time and 6m. 47s. in corrected time. The Sheppard wins in class C, beating the Flirt badly by 17m. 51 1/2s. The regatta was followed by a banquet and dancing at Rodenberg's Hotel, in the Elysian Fields.

Wm. Robb is driving his young brown horse frequently. It appears to be a likely animal and is doing some fast stepping.

Wm. Weyhausen, the "seltzer water man," has a large sorrel which he thinks can "lay out" any trotting horse in the county that is not kept in training.

On Tuesday, Barney Cole, of New Bridge, called at Oakley's with his trotting stallion, Young Lambert, on his way to Norwalk, Conn., where he was to trot a race on Wednesday.

Charles Kerney, of Bull's Ferry, has a strong bay mare, by Edward Everett, that has never been trained, but has shown a half mile to road wagon at the rate of 2:30. Although thirteen years old, Mr. K. thinks if put in training she might yet be able to make a record.

Last Saturday, Mr. Charlie Stubler, from Bayside, L. I., arrived at Oakley's stables with the two noted trotters, Clover, a native of Columbia County, and Joe Walsh, a California trotter of great speed. It is expected that the pair can beat 2:30. He also brought a stylish young horse which he imported from England for the special use of Mrs. Stubler, and which she drives to a natty little cart. The horses were shipped to the Delaware Water Gap, where Charlie will sojourn during the heated term.
