#### A Ferryboat Scene.

A young woman, accompanied by three men, entered the ferryboat James Rumsey as she was starting from the Hoboken slip on her 9:10 trip to Barclay street, Monday morning. One of the men was apparently under the influence of liquor, and the woman acted as if she was considerably intoxicated. The men took seats in the forward cabin, but the woman refused to sit down and went out on the deck, although the rain was pouring down in torrents. After standing outside of the door for a few moments she came back in answer to a motion of one of the men, but instead of taking a seat beside him, she passed through the rear cabin and out on the after deck. Before anyone could stop her she crawled under the gate and rolled over the edge into the river. One of the passengers caught her dress as she fell from the deck, but was unable to hold on, and the woman sank. The Erie Annex boat was passing astern of the Rumsey at the moment, and after several efforts a grappling hook was caught in her clothing and she was pulled out. The Annex landed her at the Hoboken dock and a doctor was summoned. Every effort to restore her was unavailing and she died in the annex waiting room in a few minutes. The body of the unfortunate woman was conveyed to Crane's morgue and Coroner Devitt notified. It lay there until Thursday without satisfactory identification, all that could be learned being that the woman was known among her companions as "Lou" and was a disreputable character. Jerry McAuley, the New York missionary, gave her burial, Thursday, at his own expense. No inquest was held.

#### To Englishmen.

The Englishmen of Hoboken will hold a meeting at Mr. Williams', Park avenue, corner Ninth street, on Monday evening, for the purpose of organizing a society in this city of the "Order, Sons of St. George." All those interested are requested to attend this meeting, when the objects and benefits of the order will be fully explained. It is desired that members of the order in New York will also be present.

#### Incomparable.

POUGHKEEPSIE, N. Y., May 31, 1881.  
H. H. WARNER & Co.: Sirs:—I suffered ten years with kidney and gravel complaints. The only thing that did me good was your Safe Kidney and Liver Cure. I pronounce it an incomparable remedy. CHAS. H. HELMES.

DISEASE is an effect, not a cause. Its origin is within; its manifestations without. Hence, to cure the disease the cause must be removed, and in no other way can a cure ever be effected. WARNER'S SAFE KIDNEY AND LIVER CURE is established on just this principle. It realizes that  
95 PER CENT.  
of all diseases arise from deranged kidney and liver, and it strikes at once at the root of the difficulty. The elements of which it is composed act directly upon these great organs, both as a food and restorer, and by placing them in a healthy condition, drive disease and pain from the system.  
For the innumerable troubles caused by unhealthy Kidneys, Liver and Urinary Organs; for the distressing Disorders of Women; for Malaria, and for physical derangements generally, this great remedy has no equal. Beware of impostors, imitations and concoctions said to be just as good.  
For Diabetes, ask for WARNER'S SAFE DIABETES CURE.

## DELAY NO LONGER.

In talking with some prominent Republicans the other day, we were not much surprised to hear great dissatisfaction, not to say disgust, expressed at the course of their standing standard-bearer, Besson, during the past year. The feeling against him seems to have grown as taken such tangible shape as to render it not unlikely that he will be thrown over entirely this fall, and that some one else will be pushed forward as a candidate for Assembly honors.

While a more desirable thing than the political shelving of such a character as our worthless Mayor could hardly occur, still we would rather the coup de grace should be dealt by the Democratic voters in open fight, than that he should be retired by his brethren in arms—the Republicans. Whatever strength outside of the primaries he may have, he would undoubtedly find that the people of Hoboken have tired of his misguided aggressiveness and wrong-headed blundering, should he again come before them as a candidate for any office. Because his defeat is so nearly sure this time, he would perhaps be the best candidate for the Democrats to vote against. The Republicans can easily put up a man that would be infinitely harder to beat than their stock candidate, and if all the strong feeling against him in his own ranks should culminate in the rejection of his name in the Convention, there is all the more reason for the Democrats to be up and doing.

The Democratic County Executive Committee has met and called the primaries to elect delegates for the 23d inst., and it is high time that the various ward clubs were organized. If everything is left until the last minute, the battle is going to be all the harder. All the Democrats throughout the city should wake up to the importance of beginning the work early, for the best and most effective work can be done at the outset. Without organization we can do nothing.

In the contest for the Assembly, as hinted above, the task will not be so easy as to make it safe to leave one stone unturned. The Republicans will doubtless nominate a good man, and, with the Ninth so close, only a tried and true Democrat can win. The Hon. Robert McCague, Jr., is entitled, not only by party usage, but on account of his honorable record in his first year of service in the Lower House, to a renomination. No one can place a finger on any act of McCague's during the late session that an honest and upright man would be ashamed of. The libellous sheet run by Besson's henchmen has been systematically blackguarding him ever since the late session from motives of personal spite. We know this to be a fact, and can prove it. But, aside from the motives, the principal ostensible ground for their abuse was that Mr. McCague voted for the "Water Bill." This comes with a bad grace from a sheet mainly controlled by ex-Senator Rabe, who, when he was a member of the Legislature, introduced a bill identical with this same "water bill" in its provisions, and attempted to get it through. This fact has an added interest just now, when Rabe is making desperate efforts, through his sheet, to force himself on the Democratic voters this fall for any office he can get. He does not even disdain to try for Assembly. The nomination of such a man would mean certain defeat. On the other hand, we believe that McCague would be the best man to re-elect, and with earnest and organized effort, his re-election is more than probable.

## CONGRESSIONAL NOMINATION.

The Convention for the nomination of the Democratic candidate for Congress will meet at Odd Fellows' Hall on the last day of the month. The three candidates whose names have been most prominently before the public since the question as to who could most fittingly succeed the Hon. A. A. Hardenbergh as Hudson County's representative at Washington has been discussed, are Col. E. P. C. Lewis, of this city, Allan McDermott and Mayor Taussig, of Jersey City. We have already expressed our preference for Col. Lewis and given our reasons for considering him to possess advantages beyond those of any other candidate, as well as the reason why Hoboken is entitled to the nomination this year.

In talking with prominent politicians of both parties throughout the county, we are confirmed in our conviction that the choice of Col. Lewis would be a wise one. His personal popularity is great, and he numbers many among his friends who will be his strong supporters, irrespective of party. His connection with the Schuetzen Corps as its President, an office to which he has been repeatedly elected against his express desire, will give him a German vote that will be no small factor in his success should he receive the nomination. The idea that he would be the right man in the right place has taken such a firm hold upon the minds of many prominent Democrats, that we make no doubt that his name will head the Democratic ticket in November.

## THAT POLL TAX MONEY.

We are told that the Council have come to an understanding with the Board of Education in relation to the payment of that money received for poll taxes, about which there has been so much fighting of late.

The amount collected from 1878 to 1881 inclusive, was \$7,362, all of which belongs to the School Fund and of which only \$1,290 has been credited to that fund. The balance has been transferred to the Contingent Fund and used by the city authorities wrongfully. Of this balance it is stated that early half was collected for State poll tax after the State law had been repealed. However,

the amount will be adjusted, it will probably be settled without litigation and the proceedings already instituted will be stopped.

This is what should have been done before, and it is what the ADVERTISER advised from the first. It is a bad thing for the city when its departments get to fighting one another in the Courts. They should act in entire harmony. In this case the Mayor and Council have been in the wrong. The money was misappropriated from the beginning. It belonged to the School Fund and should be paid over to it. The adjustment by the Courts would have gotten somebody into trouble and put the city to useless expense.

## AN OFFICIAL INSULT.

The Mayor's veto of the resolutions in regard to the erection of the wooden building on River street was not only an insult to the Council and an unwarranted attack on Councilman Timken, but a direct attempt to interfere with the legal enforcement of a city ordinance. His alleged reasons for objecting are silly, his language undignified and inexcusable and his action in sending in such a veto is tantamount to malfeasance in office. The erection of a wooden building is against the law, and the Mayor not only knows this, but also knows that it is his business to use his official power to aid in stopping the work. His action in this case and his uncalculated attack on the Councilman from the Second are rather significant when compared with the personal effort he made to put Councilman Timken to so much trouble in a somewhat similar case recently.

## Political Notes.

The New Hampshire Democrats have nominated Martin V. B. Edgerly for Governor. Editor Carpenter, of the Clinton Democrat, is spoken of as a candidate for Senator, at the next election.

Hon. Orestes Cleveland is said to be a candidate for the Democratic nomination for Congress in this district.

We are glad to hear that Captain J. W. Bryson's prospects for the Assembly nomination in the Tenth are good. The Captain is a lawyer and a journalist and as well qualified as any one we could name.

Who said that the Hon. E. V. S. Besson was looking for the Republican nomination for Congress? Do give him credit for a little common sense at least. He certainly hasn't gone "clean daff" yet, no matter how much he is "off."

The Pennsylvania Democrats have decided to dispense with parades, torchlight and brass band demonstrations and use campaign funds in a more effective way. They have set a good example in putting an end to this, and it should be followed everywhere.

Hon. Miles Rose was nominated Tuesday by the Third Congressional Democratic Convention at Freehold. The vote stood—Middlesex, 67 for Rose; Monmouth, 78 for Rose; Union, 28 for Rose and 27 for Martine; and 4 blanks. Total vote, 204. It will be Rose's fifth term should he be elected.

It is said that the Hon. Wm. Walter Phelps, of the neighboring County of Bergen, will try and "make the running" for U. S. Senator this fall should the Republicans get the upper hand with State Legislature. Perhaps he will stay in Englewood. The Democrats would rather have him at home.

Mr. Nixon, of Cape May County, has withdrawn as a candidate against Mr. Robeson for the First Congressional District of New Jersey. The step was due to the fact that a large majority of the delegates so far elected to the Convention are Robeson men. Mr. Nixon was beaten in his own county. It is expected, however, that a portion of the party will continue implacable, and demand a compromise candidate.

## Board of Education.

Quite a stormy scene occurred at the meeting of the Board of Education, on Monday evening, which resulted in the resignation of President Beltz from the Board. It seems that in 1875 a certain class of boys in School No. 2 wanted a teacher. They were very young youngsters, and several teachers had failed to manage them satisfactorily. Trustee Munson, then Chairman of the Committee on Teachers, Salaries and School Government, together with other members of the Board, succeeded in inducing Miss Addie R. Van Pelt, then in the female department, and who was known as a good disciplinarian, to consent to be transferred to the male department and take charge of the class, with the understanding that she should be re-transferred if she so desired. She kept the place, and early in 1881 petitioned for the re-transfer. The Board, at a meeting held on February 14th of that year, passed a resolution to grant the petition as soon as practicable. A vacancy occurring in the female department, in the same grade which Miss Van Pelt now holds, she requested, in a communication to the Board on Monday night, that the resolution be put in force. Trustee Kerr made a motion to that effect, and, after considerable discussion, it was defeated. It was argued that the proposed transfer would interfere with the promotion of several teachers in the female department. President Beltz took the ground that the Board had made a promise to Miss Van Pelt—an official one by its resolution of last year; that she was entitled to the transfer, and that refusal to grant her request was dishonorable on the part of the Board. He spoke with considerable warmth, and, after the defeat of the motion, tendered his resignation as President and a member of the Board, took his hat and left the room.

Mr. Beltz's resignation is rather a surprise to those who had admired his course since his connection with the Board, and it is to be regretted that he should have made such an undignified display of temper in so hastily resigning the seat to which the voters of the First Ward had elected him.

## Water.

The water works of the Hackensack Water Company are so far completed that the main pipe will be filled with water by the 20th inst. The reservoir is in such a condition that water can be pumped into it by October 1st, and Hoboken will have Hackensack water by November 1st. A contract has been entered into for the building of works and machinery and the laying of 82,470 feet of 16, 12 and 6 inch pipe, at a cost of \$250,000 to supply water to the township on the 1st.

The George Bess Association, of this city, give a picnic to-day at Dittmar's Park, and a jolly time may be expected.

Why wouldn't School Trustee Kerr make a good President of the School Board? He has sat in the presiding chair before.

In the Times, of Philadelphia, we observe: Mr. John McGrath, 1235 Christian street, was cured by St. Jacob's Oil of severe rheumatism.

A sneak thief entered the apartments of Mr. Fred Hopkins, 232 Bloomfield street, on Sunday last, and stole a lady's cloak valued at \$25.

Ex-Street Commissioner Staek has been obliged to bring suit against the city for \$100, owed him for work, which the Mayor has refused to pay.

The property owners on Madison street, between Fifth and Sixth street, have petitioned for the improvement of the street, by the proper grading and paving.

Rev. Wm. Day, pastor of the First M. E. Church, will, at 7:30 to-morrow evening, discuss the question, "What is the Most Effective Preventive to Intemperance?"

The office of the milk depot at 28 Washington street, was broken into last Sunday by some one evidently acquainted with the premises, and \$8 in money was taken from a desk.

The second anniversary of the Mozart Society, given at Boehringer's Hall, 80 Hudson street, Monday evening, was attended by a large and select assemblage, the affair passing off very pleasantly.

The alterations that have been in progress and are still being made in Trinity Church, will not be completed for some weeks, and services will not be continued there until about the middle of October.

Regular service will be held at the Free Tabernacle, Rev. R. B. Collins, pastor, to-morrow at 10:30. Evening subject, a continuation of last Sunday evening's theme, on "What It is to be Born Again."

Extensive improvements are going on at Hexamer's. The Biding Academy is being enlarged, a new roof is being put on the carriage house, and fifty new stalls are to be built in the stables to meet the wants of the rapidly growing business.

Dr. J. W. Stewart, of this city, the well-known dentist, who has an extensive practice in New York, has issued a circular in which he gives some wholesome advice to mothers, containing useful practical hints for the protection of children's teeth.

A special meeting of the Council was called last night for the purpose of acting on the Water Board matter, and after calling the roll, the meeting adjourned. The members found out that they could take no action on a matter that was in the Mayor's hands.

At the reception tendered by Van Houten Post, No. 3, G. A. R., of Jersey City, to Gen. Hancock, on Wednesday, our fellow-townsmen, Robert McCague, was one of the reception committee, and rode with the gallant soldier to Caladonia Park, where he was received by a salute of artillery.

"How God Saves Men," is the subject of Dr. Hunt's sermon at the First Baptist Church, corner Bloomfield and Third streets, to-morrow morning. The subject for the evening discourse will be "Alexandria." A discourse on this old city of Bible times can not fail to be of peculiar interest at present, on account of the events of which it has been the scene so recently.

The contract for the carpenter work for the new engine house for Engine Company No. 1, which is to be located on Hudson street, on the lot presented to the city by the H. L. & I. Co., has been awarded to John McGraw for \$2,465. The mason work is to be done by J. G. Smith for \$4,250, making a total of \$6,715 for the erection of the building. The work will be undertaken as soon as the Mayor's prospective vetoes are disposed of.

The Corporation Attorney is of the opinion that the Mayor and Council cannot legally sign the warrant for the payment of either \$6,000 on account, or \$9,500, the total amount of the city's indebtedness to the Water Board, because the Contingent Fund is overdrawn. He cannot get over the fact, however, that the city owes the money and must pay it, and that the use of it in the Contingent Fund was illegal. The Board has been compelled to issue bonds for the \$9,500.

## Police Commissioners.

A regular meeting of the Board of Police Commissioners was held Monday night, only three members, exactly a quorum, being present. Commissioner Utz was the absentee. The first thing before the meeting was the report of Chief Donovan of the robberies committed in the city since January 1, as ordered by a recent resolution of the Board. According to this report, the number of robberies committed was forty-three.

During this period thirty-two thieves were arrested, and thirty-two people on suspicion of being thieves. Chief Donovan attributed the increase of crime during the last four months to the changes in the regulations of the Department as made by the present Commissioners. One defective in citizen's dress could do more to prevent the commission of crime than three patrolmen in uniform, he said, and that the abandonment of the river walk, the Elysian Fields and the ferry as posts, afforded an easy access to and escape from the city for criminals from New York.

Officer Gallagher answered to a charge of failure to report for duty on August 3. He said that he was unavoidably delayed while out of the city. The Board reserved its decision. Officer Michael Whalen was tried and found guilty of thirty minutes' absence from his post on August 15, though he denied the charge. Of course Besson's Commissioners dismissed him from the force.

Chanceman David H. Walsh was promoted to regular patrolman and "Lucky" Harrison was appointed chanceman. Chanceman McDermott was again overlooked in the pro-

motions by these Commissioners of Besson's, who for spite will stoop to anything mean, and seem to care no more for right and wrong than if they were unable to recognize any distinction between them.

After the adoption of the following resolution, presented by Commissioner Chamberlain, which the Journal calls a "puzzle," the meeting adjourned: "That on complaint made against any member of the police force for neglect of duty, it will be deemed a sufficient cause for dismissal from the police force for any member of the force or the friends of said member to intimidate or cause to be intimidated the complainant or complainants to withdraw said complaint or in any way whatsoever to interfere with the prosecution of said complaint."

## GRAND LODGE, K. OF H.

Fifth Annual Session of the Knights of Honor of the State of New Jersey.

The Grand Lodge, Knights of Honor, of the State of New Jersey, held its fifth annual session on Wednesday and Thursday at Odd Fellows' Hall. The convention was opened at 10 o'clock A. M. Wednesday by Vice Grand Dictator Henry Stevens, Grand Dictator Andrew Dickinson not arriving till the afternoon.

All but four of the State lodges were represented by delegates. Considerable routine business was transacted, but want of space prevents giving a full account.

The degree of Old Age was conferred upon forty-three Past Dictators. A lengthy but interesting report was read by Supreme Representative Oscar Weiner. The total membership of the Order in the United States has reached 136,000, and the membership in this State, where there are thirty-nine lodges, is 3,900. Since last year the State Medical Examiner-in-Chief has rejected seventy-eight applicants for admission. Reports from the Deputy Grand Dictators were read, showing the condition of the Order in the State. Several amendments to the Constitution were adopted.

On Wednesday evening the visitors were, at the invitation of the Hoboken lodges of the Order, judiciously entertained at an excellent dinner in the room below. Everything about the dinner was first-class in every particular, and reflected great credit upon the Messrs. Appel, who supplied it. The menu and cuisine were unrivalled, and the success achieved by these well-known caterers on this occasion will add to their already enviable reputation.

On Thursday afternoon the annual election of officers was held, and resulted in the selection of the following gentlemen to serve for the ensuing year:

Grand Dictator—Henry Stevens, of Vineland.

Vice Grand Dictator—A. De Boevis, of Union Hill.

Assistant Grand Dictator—A. Weissenbaum, of Jersey City Heights.

Grand Chaplain—W. Chenueth, of Newark.

Grand Reporter—J. M. Mayhew, of Newark.

Grand Treasurer—Oscar Weiner, of Newark.

Grand Guide—G. H. Hardy, of Harrison.

Grand Guardian—T. Betts, of Newark.

Grand Sentinel—F. B. Knott, of Newark.

State Medical Examiner-in-Chief—Dr. Cadmus, of Jersey City.

Supreme Representative (long term, two years)—Oscar Weiner, of Newark.

Supreme Representative (short term, one year)—J. P. Baker, of Newark.

Alternates—John H. Murphy, of Newark, and L. I. Burke, of Paterson.

Trustee (three years)—B. H. Van Ness, of Newark.

The installation of the newly-elected officers by Past Grand Dictator John H. Murphy took place in the evening. The session broke up at about 9:30 o'clock. It was decided that the next meeting of the Grand Lodge should take place in Newark.

## The Exempt's Jamboree.

In spite of the torrents of rain which soaked the city and all inhabitants who ventured out of doors Monday, the Exempt Firemen went out to Rock Collar Park, on their jamboree. As Councilman Kenney said, no good fireman was afraid of water. Everything progressed swimmingly and the disappointment in regard to the omission of the outdoor sports on account of the storm, was more than compensated for by what the Exempts managed to do indoors.

Space will not permit a detailed account of what occurred. Suffice it to say, they enjoyed themselves as only veterans can. "Pop" McCague defeated his adversary, Mr. Wm. Hesse, in the walking watch—that is he was ready to walk and his opponent was not, consequently the match was his.

The dinner, at which ex-Mayor McGavisk presided, was one to be remembered and described to our grand-children as the dinner of the nineteenth century. Numerous were the toasts and happy the responses. Mr. Selde, of the Evening Journal, distinguished himself as an after-dinner speaker. He regretted that he had never contracted the habit of speech-making, returned thanks and took his seat. Mr. Hughes, of the Argus, kept his end up by an essay on the art of eating—a practical one. The press always ahead. Many officials were present and all the departments of the city government were ably represented at every department of the entertainment. A more thorough success has never been achieved by dinner eaters and speech-makers, and every one returned home satisfied with himself and his fellow-men.

## Home From the Country.

Many good housewives' first thought when about ready to come home, or after arriving home, from the mountain or seaside, is the preparing of their homes for nine months' residence, and a very important feature is the renovating of their carpets. Mr. Thomas J. Stewart, corner of Erie and Fifth streets, Jersey City (telephone call 155), has a large and complete establishment, with the best improved machinery and compounds, as well as skilled operators, for the taking up, re-cleaning and re-laying and laying carpets in a first class manner, the prices charged being exceedingly reasonable. Mr. Stewart has had twelve years' experience, having a similar establishment in New York city, and can guarantee entire satisfaction in every detail. Reader go and see his place or send for his large circular, which explains all. Give him a trial and be convinced yourselves. By so doing your carpets will wear three times as long, and your homes will be clean and healthy. He can refer to the first families of Hudson County, whose names have been on his books since he established himself in Jersey City.

His feet are twenty-four inches long. P. T. Barnum takes notice.

John McCullough, the actor, bronzed and bearded from his Yellowstone trip with Gen. Sheridan, is enthusiastic in his praise of the country through which he rode. He said to a reporter the other day: "It is the grandest country God ever made. Why, to sit on the edge of Hell's Half Acre and watch the Sheridan Geyser is to have a lifetime memory. The grand canyon is a marvel of the world, and the falls! Why, what is Niagara to them?"

The foot ball season is upon us, and a number of interesting games will take place on the St. George Cricket Grounds this fall.

The second eleven of the St. George Cricket Club met with a rather disagreeable surprise here on Wednesday afternoon. Some of the best players were on the grounds and a match was gotten up between them and eleven students from the Stevens Institute, which resulted in a defeat for the regular cricketers in one inning by a score of 65 to 34. None of the college boys were cricket players, and a few of them had never played a game before, but their base ball playing seemed to have made their batting and fielding a little too heavy and lively for the St. George boys.

A picked nine of City Hall officers will play a base ball match next Saturday afternoon with a similar nine of Court House officials, at the St. George Cricket Grounds. A much needed improvement has been made in the steps leading to the gallery, for which the female patrons of the theatre are thankful; they now lead direct from the Hudson street entrance.
