

ILL-TIMED WIT.

Some Men are Wise and Some are Otherwise.

In a recent letter I sought to vindicate the ministers of religion from the charge of being gloomy, dismal and miserable men. Perhaps I went too far, and conveyed the impression that they are more merry than is meet, or not as sober-minded as becometh the gospel of the grace of God.

It is better to be stupid than witty, when wit is out of time and place. It is better not to laugh at all, than to laugh when mirth is mockery. One of the wittiest of the early Puritan divines was the Rev. Mather Byles, of Boston, a Tory in the Revolution, of whom many pages of entertaining stories are told.

"Ah," replied the bishop, "I had hoped you were going to the Shepherd and Bishop of souls." To make a play upon words on one's dying bed, to be merry at such a time, is so revolting to one's sense of propriety as to be positively shocking.

"The song of them that triumph, The shout of them that feast." The foam on the sea disappears, but the ocean, fathomless and boundless, rolls on. Wit that cheers and illumines the social hour is soon forgotten, but the sober thought of sensible people, the deep stores of wisdom laid up by long reading and reflection, these are waters of health and life, and happy are they who are full of them.

It will pay intending buyers to call and examine my extensive stock of FALL DRESS GOODS, Plaids, Flannels, BLANKETS, MILLINERY, &c., before purchasing elsewhere, and see the value I am offering.

To court a grin when you should woe a soul; So did not Paul. Direct me to a quib Or merry turn in all he ever wrote, And I consent you take it for your text.

WILLIAM McADOO.

FOR CORONOR (to fill vacancy).

JOHN C. HUGHES.

FOR MEMBER OF ASSEMBLY.

7TH DIST.—DENIS McLAUGHLIN.

9TH DIST.—MARTIN STELJES.

Shoot folly as it flies and you'll do mankind a good turn.

Gilbert Collins was "too early seen unknown, and known too late."

The President has set apart Thursday, the 30th of November, as a day of Thanksgiving.

The frequent payment of "stenographer's fees" has been a feature of recent Council meetings.

An avalanche of reports and communications from city officials descended upon the City Fathers Tuesday night.

It seems to be a very good season for ordinances; can't the Mayor and Council get up one for the extermination of cats within the city limits?

The advance sheets of "Meadowmere; a Tale of Love in the Lowlands," have reached us, and will soon appear in the columns of the ADVERTISER.

If Besson's friends could only induce him to "run stump" for Congress, it would at least put some show of animation in Hudson County's Republican corps.

The Langtry, the Comet, the Philadelphia Bi-centennial and the Walking Match, all here at the same time.

How would Col. Hart like his Honor Mayor E. V. S. Besson to succeed him as Colonel of the Gallant Ninth? There is a rumor abroad that such an event is not impossible.

The tankard tramps are still toddling around the ellipse," is the way the f. m. of our New York Commercial name-ake writes up the performance at the Madison Square Garden.

Our special correspondent in Philadelphia failed to forward his account of this week's Bi-centennial celebration in time for this issue and its publication is postponed until next week.

Somebody got the ADVERTISER man's dander up in the Council Chamber Tuesday night, by mistaking him for one of the "cabinet," and there came near being a horrible massacre then and there.

Our political poet has employed his muse in the production of some fifty or more lines of "trochaic tetrameter," on a subject familiar to our readers, which will be found in another column.

HACKENSACK WATER.

The new pumping works at the headwaters of the Hackensack, at New Milford, were set in operation Monday, and water was pumped into the new reservoir at Weehawken Heights.

The decision of the authorities to make this change in the water supply of the city, is one of the most important steps for the public good ever taken in this community.

ON TO VICTORY!

Under the caption, "Make it as great as in 1874," our brilliant contemporary the New York Sun, hot for the fray,

"The Democratic tidal wave which has started in Ohio, and is running eastward with great force, calls to mind the memorable upheaval of 1874.

The aggregate Democratic majority in the seven States was 117,000. In the same States the Democrats elected 68 members of Congress, and the Republicans only 47.

Why should not the tidal wave of this year equal that of 1874? Its magnitude eight years ago was largely owing to the dissatisfaction of Republicans with their own party.

DEMOCRATS AT WORK.

In marked contrast with the apathy displayed by the Republicans in the Congressional campaign is the activity in the Democratic camp.

CHILLING.

The following from the Jersey City Journal (Rep.) has the sound, and to the "grand old party" must have the feeling of ice water running down its spinal column:

Republicans all over this county are listening with waiting ears for the "stately steppings" of those delegates in the recent convention, who forced Mr. Collins into the field, and assured the rest that it would be all right, and what was needed would be forth-coming.

THE SLUCE-GATE MATTER.

From time to time, and frequently of late, complaints have been publicly made against the negligence of the man entrusted with the duty of attending to the sluice-gate on the meadows, and the flooding of adjacent land in consequence

of his neglect. He is paid by the city to open or close the gate at each turn of the tide. This he has neglected to do for days together.

REGISTER.

Next Thursday, November 2, is the last day for registration. Democrats must remember that unless their names are registered in the proper books they cannot vote.

THEY SLEEP.

The few Republican organs of this Seventh Congressional District, don't enthuse to any extraordinary extent over Gilbert Collins, the Republican candidate for Congress.

Political Notes.

The Central New Jersey Herald says that Collins will lack about 6,000 votes of the number required to give him a passport to Washington.

Thomas V. Cator has received a re-nomination to the Assembly in the Third District, from the Anti-monopolists.

The Philadelphia Times:—"The next House will be decidedly Democratic. So much has been decided by the Ohio election.

On the shore end of the middle pier a graceful tower, nearly 100 feet in height, will contain a large clock and on top an electric light will be erected on a staff and burn all night.

Trinity Church Enlarged.

Trinity Church, Washington and Seventh streets, has been for many years a picturesque landmark in the upper part of the city, and when it was built it might have been properly called "Trinity in the Fields," as the surrounding neighborhood was then, and a portion is yet, in a state of natural rural beauty.

It was thought necessary, therefore, to enlarge the structure, which has been done by extending the east end about 27 feet and adding two short transepts. This addition allows a suitable sanctuary and choir of 27 feet in depth, and adds 18 feet to the length of the nave.

The interior will be decorated by E. J. N. Stent in the medieval school of art decoration. Several new windows have been added, all in stained glass, two in the chancel, two in the transepts and four others.

ALONG THE RIVER FRONT.

The New Hamburg Steamship Docks—Increased Dockage Facilities—A Large Hotel to be Built.

IMPROVEMENTS THAT ARE GOING ON.

The river front from the centre of Newark street to a point a little south of Second street, presents a scene of life and activity, which cannot fail to interest every one paying the slightest attention to the growth and prosperity of the city.

These piers and bulkheads about 5,000 piles were used, ranging in length from 60 to 90 feet. Some of the piles were driven as much as 60 and 75 feet into the mud in the river bottom.

The floorings of the piers is also built with special attention to extra strength, and has a slight arch. From each row of pilings is an "A" brace, connecting with the crown of the flooring, making it, as it were, a very strong bridge.

The openings on both sides of the middle pier and the north side of the south pier are to be protected with self-colliding steel shutters. The frame work of the roofs, that of the middle pier being already up, is of iron with the exception of the main rafters, and the frame work of the sheds, covering all three piers, is of yellow pine.

The steamship and custom house offices will occupy a space inside of the sheds, two stories high, with a frontage of 100 feet, and will be built near the shore end. The bulkhead pier, which will also be covered with a shed like the long piers, will be used for general delivery and open on the shore side so that trucks can back up and load with the lighter freight without driving on the pier at all.

On the shore end of the middle pier a graceful tower, nearly 100 feet in height, will contain a large clock and on top an electric light will be erected on a staff and burn all night.

The electric light is also to be used on the piers, and altogether about twenty will be required. Not content with the ordinary arrangements, the Hamburg Company, when loading and unloading the freight at night, will have electric lights lowered into the hold of the vessels.

Fashion in Ferryboats.

The ferryboat Hackensack, lying up in the repair dock near the foot of Second street, has been painted a pale sea-green color, with Indian red trimmings, relieved by a band of chrome over the cabin windows.

The entrance will be protected by a large central archway, with a roadway for teams and on either side smaller gates for foot passengers. The structure will be elaborately ornamented and will constitute no unimportant feature in the handsome appearance given the property in the neighborhood of the ferry by these many and extensive improvements.

American Packet Company will be landing passengers and freight next door, so to speak, to the ferry. This close proximity and easy access to ferry transportation will be an immense saving in time and cartage.

The land comprised in the company's property here, bounded by Newark and River streets on the south and west, the river and the Hoboken Ferry Company's repair docks on the east and north is not to remain idle, but will eventually be occupied by various buildings. On the northeast corner of Newark and River streets, it is proposed to build a large hotel, principally for the convenience and accommodation of the transient passenger traffic of the steamship company.

The dock at the foot of Third street, now in use by the Hamburg-American Packet Company belongs to the North German Lloyd Company, and the Hamburg Company's lease of it will expire soon.

The Conron Concert.

Owing to the unpleasantness of the evening, there was but a fairly filled house at the German Club, Monday evening, to welcome the sometime residents of Hoboken, the Misses Conron, who made their first appearance here after an absence of several years.

The singing of the young ladies was an agreeable surprise and was the subject of manifest approval on all sides. Hard and conscientious study during their residence abroad has developed them in a remarkable degree. Lack of space prevents an extended notice, but it is proper to say that Miss Marie is possessed of decidedly superior abilities, and was heard at her best in the two songs of Schubert and Hattoen, which were generously applauded and to which she graciously responded in the chausson of Rubenstein.

PERSONAL INTELLIGENCE.

Mrs. Christine Nilsson and Mrs. Jersey Lily Langtry have arrived. Barry Sullivan, the actor, has accepted a Home-Rule nomination for the British Parliament.

Second Ward Democrats.

The Second Ward Democratic Club held a meeting at Klue's, 210 Washington street, Thursday evening. Routine business was transacted, after which Hon. Wm. McAdoo, our candidate for Congress, Martin Steljes, candidate for Assembly in the Ninth District, ex-Mayor McGavigan and Counselor Stulr made stirring addresses.

VECTOIA.

(A LONG TIME) AFTER HIAWATHA.

In the dull, autumnal shadows— Broken shadows from the lamp-posts. And the wipers of telephones Stretching from the ADVERTISER Sanctum to the noble City Hall— Stands an office, in the corner Of that sixty thousand dollar Pile of brick and stone and mortar Monument of Jimmy Curran's Legislation for Hoboken.

Was he Smart or Stupid?

An amusing incident occurred at the Conron concert, Monday night, which will bear relating, though an account of it would be out of place in the notice of the concert.

AMUSEMENT NOTES.

An eleven of the St. George Cricket Club will play a match with an eleven from Stevens Institute, Wednesday next, on the St. George grounds.

HOBOKEN.

Geistinger still reigns supreme in comic opera at the Germania Theatre. Catherine Lewis, with a strong company, is giving "Olivette" at the Alcazar.

GENERAL NEWS.

Ten million acres of land in Dakota are to be reopened for settlement. The Paducah Times is the only Republican daily in Kentucky, outside of Louisville. Charles Leland, the well-known New York hotel proprietor, will open an American hotel in London.

CITY ITEMS.

Register Thursday! Warner's Safe Kidney and Liver Cure.

The box sewer in Newark street, near the river, is undergoing repairs.

Another "engine house" veto was "downed" by the Council Tuesday night.

We know from experience St. Jacobs Oil will cure rheumatism.—Phoria, (Ill) Peorian.

A twelve days' mission will commence in the Church of the Holy Innocents, on November 17th.

Mr. George Ducker received four votes for City Clerk, Tuesday night.

The Richmond, (Va.) State writes: Ex-Mayor J. A. Gentry, Manchester, this State, was cured of rheumatism by St. Jacobs Oil.

After November 1st the benches are to be removed from Church and Hudson Square Parks.

The "Werra Sample Room" will be opened to-day by ex-Police Sergeant Binge.

A schooner will, 400,000 feet of yellow pine lumber for the Hoboken Lumber and Improvement Company.

A sociable for the benefit of a poor woman, will be given at Weber's Winter Garden.

The first annual ball of the Young Men's Hebrew Association, of this city, in aid of the Building Fund.

Although upwards of 500 canines gave up the ghost during the late "heated term," thanks to Thorpe and his dog-catchers.

The Mayor has vetoed the resolution of the Council awarding the contract for building a box sewer on Marshall street.

At the Free Tabernacle M. E. Church, Rev. R. B. Collins, pastor, there will be preaching to-morrow at 10:30 A. M.

Services will be held as usual to-morrow morning and evening in the First M. E. Church.

The Westphalia, from Hamburg, Wednesday, brought 750 passengers, among whom were Dr. Julius Franz and Dr. Hermann Kauld.

An entertainment for the benefit of St. John's new Sunday School, West Hoboken, will be held in Clinton Hall.

The many friends of Mr. Jas. S. Burdett, will be glad to learn that he will give an evening of humorous, dramatic and dialect readings.

Proposals from the following named parties for the printing and binding of Ordinances of the city, were presented.

From E. J. Kerr, 250 copies of each at \$1.34 per page.

From E. J. Kerr, 500 copies of each at \$1.34 per page.

From H. D. Gerdt, 250 copies of each at \$1.54 per page.

From H. D. Gerdt, 500 copies of each at \$1.74 per page.

A petition from F. W. McLean, for permission to erect an awning in front of his premises.

A petition of George W. Jenks, to have a street lamp placed in front of 410 Garden street.

A communication from Elizabeth O'Brien, protesting against the grading of Clinton street.

The following claims were presented, read and referred to the Committee on Finance and Salaries:

To the Committee on Streets and Assessments: L. H. Kendrick, postage stamps for City Clerk's office.

To the Committee on Public Grounds and Buildings: George Coppers, one six-light gas fixture for Committee Room.

Charles B. Britton, Second Lieutenant Company G, Third Regiment, Charles E. Hill, Captain and Judge Advocate Fifth Regiment.

The American Institute Fair. This popular fair is now in full bloom with a very large attendance of visitors.

Respectfully submitted. FRED KAUFMAN, Chairman.

Unclaimed Letters. List of letters remaining unclaimed in the Post Office at Hoboken, N. J.

Ladies' List. Breyfogle, Miss L. Carroll, Miss Jessie Denart, Miss E. Fryer, Miss Wright.

Gentlemen's List. Connor, Mr. R. T. Edwards, Mr. M. W. J. Hanke, Mr. C. Kreiser, Mr. E. Kruel, Mr. J. Meyer, Mr. J. P. Mapp, Mr. Ch.

DIED. HOPKINS.—Entered into rest on Wednesday evening, October 25th, 1882.

Filling the North River.

The secretary of the Board of Pilot Commissioners of New York has been directed to notify all pilots of this port to avoid a new light buoy which is being tanded near the Scotland Lightship, off Sandy Hook. He is also to write again to General H. G. Wright, Chief United States Engineer, urging greater despatch in the removal of the remains of the steamship Nankin from the Swath Channel. The Board ordered that the new channel lately dredged out at the foot of Fortieth street, south Brooklyn, be sounded, so as to ascertain its depth. Inspector Conway made report of a recent night expedition which he took and in which he discovered a flagrant violation of the law prohibiting the filling of the harbor. He hired a tugboat, and on the 17th inst. steamed over to the shore of New Jersey. Between the oil docks and Weehawken he lay to and waited for something to happen. At half-past eight in the evening a light was discerned out toward the middle of the river, and although it was single, he surmised it to belong to a steam tug, which, according to law, should carry two lanterns. His suspicion proved to be true; the tugboat had a scow on either side of her, and he heard distinctly the sounds produced by the dumping of one of them. Those on board, becoming alarmed about this time, on finding that they were watched, moved away in the direction of Weehawken. Conway's tugboat followed theirs, and he discovered that its name was Luckenbach. While he was at Weehawken another tugboat, named Germania, came along, with the apparent intention of towing some scows which lay at a wharf. The Luckenbach signalled it and it turned about. It afterward steamed up and down the river for some time, as if those on board were watching Captain Conway's vessel. Both of the suspected tugboats belong to Mr. L. I. Luckenbach, of No. 9 South street, New York. The Luckenbach is chartered by Messrs. Morris & Cumings and the Germania by the Atlantic Dredging Company. The place where the scow was dumped is opposite Twenty-third street, New York city.

A FATAL MISTAKE.

How a Blameworthy Judgment May be Responsible for the Most Serious Results.

Mr. Edwin Booth said recently that he supposed his lungs were affected, having a persistent cough until he saw Dr. Mackenzie, of London, who found that this symptom arose from a disturbance of the liver.

The above item, which has been going the rounds of the press, is of no special significance other than to the personal friends of Mr. Booth, except that it brings to light a truth of the greatest importance to the world. Few people pass through life without the affliction of a cough at some point in their career. In most cases this is considered the result of a cold or the beginning of consumption, and thousands have become terrified at this revelation and have sought by a change of air and the use of cough medicines to avert the impending disaster. It may safely be said that more than half the coughs which are afflicting the world to-day do not have their origin in the lungs but are the result of more serious troubles in other organs of the body. "Liver coughs" are exceedingly common and yet are almost wholly misunderstood. Arising from a disordered state of the liver they show their results by congesting the lungs. In fact, the efforts of the liver to throw off the disease, produce coughing, even when the lungs themselves are in a healthy state.

But it is a mistake to suppose that such delicate tissues as the lungs can long remain in a healthy condition when they are being constantly agitated by coughing. Such a theory would be absurd. Consumption, which was feared at first, is certain to take place unless something is done to check the cause. This must be plain to every thoughtful mind. It stands to reason, therefore, that the only way in which "liver coughs" can be removed is by restoring the liver to health.

In this connection another fact of great importance becomes known, which can best be explained by the relation of an actual event. Mr. W., a wealthy cattle dealer of Colorado, became greatly reduced in health and came east to Chicago for the purpose of being cured. He consulted Dr. J., one of the leading physicians of the country on pulmonary subjects, and began treatment for the cure of his lungs. But his cough increased while his strength decreased. Finally he determined to consult another physician, and applied to Dr. B. After a careful examination he was informed that his lungs were perfectly sound, while his kidneys were in a most terrible condition. He had all the apparent symptoms of consumption, but he was suffering from the terrible Bright's disease. The symptoms of consumption are often the sure indications of Bright's disease.

The above truths regarding coughs have been informed of them. They are serious facts, however, and should be understood by all, so that dangers which might otherwise prove fatal may be avoided. They clearly prove one great truth which is, that the kidneys and liver are such vital organs that their health should be constantly guarded. The distressing, hacking cough, which is often dreaded as the forerunner of consumption, and the wasting strength which accompanies it, in all probability may arise from weakened or diseased kidneys or liver, to restore which would cause returning health. How this most desirable end may be attained has long been a problem, but few people of intelligence at the present day have longer any doubts that the popular remedy known as Warner's Safe Kidney and Liver Cure has done more to correct, relieve and restore these organs than any other preparations ever before known. There are hundreds of instances which have occurred within the past three

months where individuals have believed themselves the victims of consumption, when, in reality it was deranged kidneys and liver, which this remarkable medicine has completely cured, as witness the following statement: BUFFALO, N. Y., July 6, 1882.—I believe it to be a fact that thousands of cases of so-called consumption can be successfully treated by simply using Warner's Safe Kidney and Liver Cure as directed. I was one of the "given up to die" persons—had every symptom of the last stage of consumption—bad cough of four years' standing, night sweats, chills, etc., etc. A scow south did no good, and the fact was the case looked discouraging. I took Warner's Safe Kidney and Liver Cure, and in three months I regained over twenty pounds, and my health was fully restored.

W. C. BEACH, Foreman Buffalo Rubber Type Foundry. There are thousands of people in America to-day who believe that they are the victims of consumption and destined to an early grave and who are trying to save themselves by the use of consumption cures that are growing worse each hour. Let all such persons stop, and calmly consider whether they are not seeking to check a disease in the lungs when it is located in the kidneys and liver. Let them then treat the disease in its original stronghold and by the remedy which has been proven to be the most effective and then look for the return of health and happiness which that treatment is sure to bring.

WARNER'S SAFE KIDNEY AND LIVER CURE. DISEASE IS AN EFFECT, NOT A CAUSE. Its origin is within; its manifestations without. Hence, to cure the disease the cause must be removed and in no other way can a cure ever be effected. WARNER'S SAFE KIDNEY AND LIVER CURE is established on just this principle. 95 PER CENT. of all diseases arise from deranged kidneys and liver, and it strikes at once at the root of the difficulty. The elements of which it is composed act directly upon these great organs, both as a food and restorer, and by placing them in a healthy condition, drive disease and pain from the system. For the most reliable troubles caused by unhealthy kidneys, liver and urinary organs; for the distressing Disorders of Women; for Malaria, and for physical derangements generally, this great remedy has no equal. Beware of cheap imitations and concoctions said to be just as good. For Diabetes, ask for WARNER'S SAFE DIABETES CURE. For Sale by all Dealers. H. H. WARNER & CO., ROCHESTER, N. Y.

CORPORATION NOTICE.—SALE OF lands in the city of Hoboken, on MONDAY, OCTOBER 30th, 1882, at the City Clerk's office, City Hall, Washington street, between Newark and First streets, at 10 o'clock A. M., for the non-payment of assessments for Garden street improvement, between Ferry and Newark streets.
