MISS REYNOLDS

For those interested in any phase of mathematical science, membership in the Mathematics Club is advisable as well as enjoyable. The purpose of this organization is to encourage an interest in the study of algebra, geometry, and trigonometry. The club endeavors to take up at its meetings various phases of mathematics which may not be studied in class because of lack of time. To accomplish this, interesting and informative programs are presented. These include quizzes, such as "Mathematical Guggenheim" and "What's My Name?" At one meeting a member spoke on the importance of π (pi) and demonstrated an interesting method of deriving this number. At another meeting, Miss Reynolds explained the meaning of certain letters used in math classes, such as i and e . At the May meeting the club members went outdoors and practiced using various instruments for surveying. At some of the meetings the discussion concerned men who have been important in the field of mathematics throughout the centuries.

In May the club joined with the Commercial Club in sponsoring one of our popular afternoon dances. In the same month a good many of the members, accompanied by Miss Rose and Miss Reynolds, attended a conference of high school mathematics clubs held at Montclair State Teachers' College. The conference was sponsored by the Mathematics Department of that school. An entertaining and helpful program was presented. The annual club trip was also held in May. This provided a fitting and memorable close to a year of activity.

Miss Reynolds, teacher in the Mathematics Department, is the sponsor of the group. To join the Mathematics Club it is necessary to have an interest in the subjects concerned and to maintain a mark of B or high C in the mathematics classes. The club hopes that through its activity, there will be greater interest in mathematics among the students.

CHEMISTRY CLUB

President	JACK TROIANO
Vice-President	GEORGE SOLOMKA
Secretary	JACK BERGENSTOCK
Treasurer	JOHN GAYDOS
Adviser	MR. DIEHL

Here is a club which is becoming one of the most popular in the school. Last year a few boys who were interested in Chemistry formed a club of their own and called it the "Chemistry Club." They performed many interesting experiments and enjoyed it so well that they elected a president for this year to conduct their meetings and plan for enlarging the membership. Jack Troiano has proved himself an able president, as can be seen by the increase in the membership of the club. It no longer consists solely of boys; membership is now open to senior girls. Because of the increased interest girls are taking in chemistry and science, the club expects more girls to join in future years.

The purpose of the club is to extend the knowledge of chemistry and science, and discuss current events in that field. It also provides a way to acquaint its members with the local chemical plants and modern chemical processes, and tends to develop an interest in scientific endeavor.

The club meets in the regular club period of the fourth Wednesday of every month. Every meeting was looked forward to with enthusiasm by the members because they knew that they would have a full period of the excitement in witnessing new experiments. The demonstrations which were given by the members were followed by interesting discussion periods. The faculty adviser, Mr. Diehl, was always on hand in case anything should go wrong, but the experiment itself was left entirely up to the performing student.

In co-operation with the Stamp Club, the Chemistry Club sponsored its first dance, which was very successful. They also sponsored a play which was given as one of the assembly programs. The play dealt with some scientific discoveries. During the Easter vacation, the members visited Merck, the well-known chemical plant at Rahway.

HOME ECONOMICS CLUB

President	MARY STREBE
Vice-President	MARY ELLEN THOMPSTON
Secretary	DOROTHY EILBACHER
Treasurer	DORIS LINDSAY
Adviser	MISS WARE, MRS. HANNA

Girls generally have a good time when they can get together and talk about the latest styles and the most becoming colors a certain girl could wear. Well, the place in high school where girls can speak freely of these things and enjoy themselves is in the Home Economics Club. Only the girls who have an average of A or B in art, sewing, or cooking may join this club. The girls not only give their opinion of what the high school girl should wear in and out of school, but they also receive expert advice from the faculty advisers. At the beginning of the year, a party was given for all the old club members. Later, they had an initiation party for the new members.

In order to show what expert sewers we have in high school, for the first time the Home Economics Club sponsored a sewing contest for all girls who take sewing. All work on the garments had to be done in sewing classes under the supervision of Mrs. Hanna. The judges of the contest were members of the high school faculty. The winners were entered in the large contests at Kresge's and Bamberger's Department Stores. The girls had to model their own clothes. The day the judges decided the winners, the club sponsored a fashion show for the girls. Any girl participating in home economics was permitted to model.

The monthly meetings were of interest to every girl. They had discussions on topics such as cosmetics, the most becoming hair styles for different faces, and what looks best on different types of girls. The girls also learned a great deal about materials and how to tell good quality. Every year the club goes on a trip as a final "get together". This year they went to see the play "Life With Father" in New York City. This club is growing larger and better every year.

Those who have ideas and opinions to voice, and those who enjoy hearing the other fellows' viewpoints, are the people who make up the Civic Forum Club. This club is proud of the fact that it represents democracy in action, in that it allows all opinions to be voiced and substantiated. The club has fifty members and the participation in meetings shows that all the members are both interested and active. Under the guidance of Miss Lang, faculty adviser, the club has both expanded and become well known in forum circles throughout the county.

One of the outside activities of the organization is its participation in the Interscholastic Forum Association. This organization presents forums in high schools throughout the state. Linden has been very fortunate in having Burton Cohen, Grace Donnal, Florence Tunkel and Stuart Hunter participate in several forums. The highlight of the year occurred when Linden High was host to a forum on the topic "Should A United States President Be Allowed A Third Term?" Before an audience of 300 people four speakers presented their views and answered questions. Stuart Hunter was the discussion leader. The forum was the largest of the year to be held by the association.

The meetings of the club consist of a short business meeting followed by a discussion period which occupies the rest of the time. In these discussion periods the topics such as "The Dies Committee," "The Third Term," "The International Situation" and others of widespread interest were discussed. In many cases the discussion brought about heated arguments when opinions clashed on the floor.

In the future it is hoped that the club's membership will increase as interest in public affairs correspondingly becomes larger. The club's goal, to interest as many as possible in public affairs, is being continually attained, as can be seen in the increased interest in the activities.

Students interested in speech work, other students interested in national problems, and still others interested in the technique of argument make up the Debating Club. In all of the club programs special consideration has been given to these activities. Interclass debating on the topic "Should the several states adopt a system of socialized medicine" was a complete summation of all the desires of the club members. However, special consideration was also given to types of speech and platform work. In order that the club might be represented in state contests several competitions were held during club meetings on extemporaneous speaking and original oratory.

Florence Tunkel, who obtained first place in the club tryouts, represented the school in the State Original Oratory Contest, and in this competition she placed fifth. Burton Cohen, who was to represent the school in the State Extemporaneous Speaking Contest, sustained a broken ankle and was unable to participate. Florence Tunkel, runner-up in the club eliminations, replaced him and achieved sixth place.

The club invaded new fields when it entered Stuart Hunter in the State Humorous Declamation Contest. Stuart placed fourth and received first honorable mention with a skit entitled "The Last Day of School."

A new system of interclass debating was attempted this year in which every team that wished to debate was given a chance to do so. The upper class teams were severely shocked by the strong opposition they received from the lower classes. The Sophomore class won first place, Seniors, Freshmen and Juniors following in that order. A new record was made by the Sophomore team of Burton Cohen and Charles Plungis, who came through the entire tournament without losing a debate. High hopes are held for Judith Barr, Katherine Dooley, William Perzley, Milton Sevack, Dorothy Casey, and Jean Daly, who excelled in debating and promise to be excellent state material in the future.

VARSITY DEBATING TEAM

The Varsity Debating Team is composed of those people who have shown exceptional ability in interclass debating. The team this year was composed of both the varsity and the junior varsity teams. The members who composed the varsity were Burton Cohen, Ann Levine, Florence Tunkel and Stuart Hunter. In view of the fact that many capable debaters are already on the Junior Varsity, and that only one member of the varsity is being graduated, high hopes are held for the success of the team in the future. This year's team debated against Sommerville, Perth Amboy, Kearny, Hillside and South River previous to the State Tournament, and with Sommerville, Trenton, Riverside and Jamesburg at the tournament.

The State Tournament was held in the Trenton State Teachers College at Trenton. This journey was, in reality, a semi-final for an all-state contest. The first team encountered by Linden was the Sommerville team, last year's state champions. Linden was beaten in this debate by the narrow margin of one point. In the next encounter the school's affirmative varsity, composed of Burton Cohen and Stuart Hunter, met, and defeated, the Trenton team. In the third debate the negative lost to the contingent from Jamesburg. The final debate with Riverside was won by the affirmative. Linden, after the tournament was over, came out fifth, two points from fourth place, the position needed to make the state finals. Stuart Hunter was placed on the honorary Sectional Team, for exceptional debating.

Although the team was not as successful as it has been in past years, those who have participated feel certain that it has been one of the best years in enjoyment and platform education in the history of the organization.

SENIOR PLAY

The class of '40 presented as its annual senior play this year a romantic comedy in three acts and a prologue, entitled "Smilin' Through". It was presented at a matinee performance on February 1, and at evening performances on February 2 and 3. The play was very ably coached by Miss Helena Gilkeson, assisted by stage manager Shirley Sirkin, and prompter Julia Senyshyn.

Kathleen Dungellen (Mildred Strazdas) who has been raised by John Carteret (Daniel Dickerson), who in turn, has been assisted in this task by his very close friend Owen Harding (Roderick Schoenlank). Kathleen falls in love with Kenneth Wayne (Donald Molony), but John Carteret stubbornly refuses to let her have anything to do with him. When Kathleen rebels because she thinks Carteret is just being tyrannical, he finally tells her why he does not approve of Ken Wayne. It seems that many years ago John Carteret fell in love with Moonyeen Clare (Camilla Keiler). Jeremiah Wayne (Stuart Hunter) was also in love with Moonyeen, but she chose Carteret. Wayne, crazy with jealousy, attempted to shoot Carteret, but Moonyeen threw herself in front of her fiance and received the bullet intended for him. She died in the arms of her lover. Carteret tells this love story to Kathleen, but she does not think that it is sufficient excuse to stop her from seeing Ken. Dr. Harding tries in his kindly way to persuade Carteret to allow Kathleen to see Ken.

In the meantime, Ken Wayne has gone away to war, and when he returns he is crippled and depressed. Believing it is unfair to Kathleen to marry her because he is crippled, Ken stops writing to Kathleen, but comes to tell Carteret that he will no longer try to see Kathleen, and to ask Carteret to tell her not to expect him any more. At first Carteret is quite pleased at this, but when he sees how unhappy Kathleen is, he sees, with the help of Dr. Harding, that the two people are brought together again. Later, John Carteret and his life long friend, Dr. Harding, are playing a game of chess when Carteret begins to nod. Believing him asleep, Harding leaves him. It is then that we find that Carteret is sleeping the soundest sleep of his life, for his dear Moonyeen comes and joins him.

Adding much to the play by their splendid performances and humorous dialogue were Ellen (Grace Donald), Mary Clare (Helen Martinko), Sarah Wayne (Cynthia Pugash), Willie Ainley (George Solomka), and the wedding guests (Edwin Ball, Adelaide Simmel, Violet Furtner, Helen Glen, Robert Dorbacker, Jack Troiano).

The lovely costumes were selected by the costume committee which was supervised by Miss McBride and Mr. Moldaschl. The chairman of this committee was Helen Sofranko. The committee members were Thomas Dooley, Harry Seaman, Ruth Midgley, Anne Fakelman, Margaret Reichardt, Irene Sosnowski, Olga Menta, Ruth Wenz and Grace Zamorski.

The property committee was in charge of all articles handled by the actors and actresses. This committee, consisting of Stella Micek, chairman, Beatrice Fishkin, Jeanette Engel, Julius Twaska, and Raymond Zupkus, was under the supervision of Mrs. Hardin and Miss Rose. They also had to make the flowers which made the stage so lovely.

The ticket committee consisting of Catherine Starker, chairman, Anne Airel, Florence Engel, Robert Hatton, Charlotte Parfitt, Michael Lesko, Helen Tomaszewski and Ethel Mayer was responsible for the reservation of seats and the sale of tickets, and completed their end of the job successfully. All performances were crowded and the Saturday evening performance was a sell-out. This committee was under the supervision of Mr. Barrett.

The stage committee was under the direction of Miss Oldack and Mr. Yeisley. The chairmen of this committee were Norman Kalish and Harold Bernstein. The members were Murray Watter, Irving Gutkin, William Wetzel, and Martin Wishna. The job of making the cottage and settings was the responsibility of this committee. They worked long hours and what they accomplished was made evident by the final setting.

The ushers at the evening performances were beautiful and charming. Many eyes were turned toward them. The chairman was Wanda Zaleski, and Elinor Birk, Bette Carver, Amy Casino, Alice Chism, Madeline Danish, Beatrice Dougherty, Cornelia Dunn, Eleanore Egles, Gertrude Flynn, Marian Heilman, Anna Kluge, Stella Lewandowski, Regina McIntosh, Marjorie Miklosy, Sylvia Newmark, Muriel Reibel, Helen Sauer, Barbara Twardus, Doris Vill, and Anna Yadowski were the ushers.

SECRETARIAL STAFF

Every commercial student looks forward to her final year for one reason—Secretarial Practice. What is Secretarial Practice? Well, it is a general composition of typing, stenography, bookkeeping, geography and English applied to everyday business activities. It gives the student a chance to learn the use of machines—such as the ditto, mimeograph, calculator, and the noiseless typewriter,—to have experience as a real secretary, and to get some important pointers on the personality of a prospective secretary.

The classroom procedure is usually divided into three distinct sections: first, an explanation by the teacher, next, a demonstration of the point by the girls (sometimes by an original skit), and then actual practice. Needless to say, the second step is the most interesting and enjoyable. It is pre-arranged that every girl have at least four days' practice on the duplicating and calculating machines. In this way she acquires a minimum of familiarity with each one. A representative of a dictaphone company expertly demonstrated the necessary operating technique. He left a dictaphone for the students to use for practice.

Probably the most beneficial experience for the commercial student is her appointment as secretary to a "Teacher-employer". She is able to show her own individual traits and to practice her fundamental book knowledge. However, the success of her job depends more on her ability to adapt herself than on her book knowledge. Every half year the secretaries are interchanged, thus forcing them to again become accustomed to new surroundings. This year's class distinguished itself in a contest sponsored by the "Gregg Writer Magazine" by winning many awards. Each girl received a certificate, and the class as a whole was presented with a gold certificate. Over half the girls received gold pins for their individual papers.

AVIATION CLUB

Every year a large number of students apply for admission to the Aviation Club and this year was no exception. Not only air-minded boys wished to join, but also a large number of girls. The girls are not usually interested in aviation as a profession, but most of them would like to take a trip in a plane or fly one themselves. There is nothing to prevent a student from joining the club provided he is interested in aviation.

It has been the custom of the club to take a trip out to Westfield Airport and give many students the thrill of their first airplane ride. This ride, which is under the supervision of Mr. Walker, the faculty adviser, is looked forward to with great anticipation by every student.

This year the club was a little disappointed about not going to Newark Airport. They had gone there in previous years to learn more about airplanes and to investigate the method in which weather reports are made. There are only a few flag stops at Newark, but otherwise there are now very few new things for the members to see. The club considered going to La Guardia Airfield in New York City, but decided not to take the trip because of the expense.

Although the club did not do much traveling and did not have the pleasure of a scheduled talk by an air-hostess, its monthly meetings were very interesting. Sometimes they were humorous and sometimes they were exceedingly stimulating, especially when a few members told of some of their exciting airplane experiences.

At one meeting a member of the Club brought in his own model airplane and explained the different parts. He told some very interesting facts about the way a plane flies.

The meetings are held on the second Wednesday of each month. The Aviation Club combined with the Latin Club in sponsoring a very successful dance.

DRAMATIC CLUB

One of the most democratic clubs in Linden High School is the Dramatic Club. This club has no dues or officers. It is managed by standing committees which have charge of all programs and activities. In this way, it is possible for all the members to participate in the programs. The members are very co-operative and always agree to do whatever is requested of them.

At the beginning of the year an announcement is made in the auditorium to all sophomores and upperclassmen who are interested in joining the Dramatic Club. They must address all applications to the chairman of the membership committee. The aim of the club is to cultivate and improve talent for acting and other phases of dramatics, such as costuming, stage managing, coaching, make-up and producing; therefore, the applications must contain any interests that the students may have in these fields. Moreover, the students must agree to work.

The Dramatic Club proved indispensable to other clubs and even outside organizations by repeatedly lending them the use of their properties, scenery, costumes and make-up. The make-up committee has been very efficient, and by patient and fastidious work has succeeded in perfecting old talent and developing new talent as future make-up artists. Many of those people who have volunteered their services for the make-up committee have not been members of the club. Their job has been an interesting but difficult one, and they have come through splendidly. One of the best and most practical results of this make-up training is that the girls learn how to apply their street and evening make-up perfectly. Different members not on this committee, but interested in the work, lent their services as models. The costume committee was especially active, and created a large number of costumes that enlarged the club's supply considerably. These costumes will be passed down and used by other classes. The costume and property committees are very essential to the success of the plays put on by the club. Realism and accuracy mark the work of these two committees and they never know where their search for material will take them. Another very important committee, which deserves recognition, is the stage crew. This group included carpenters, electricians, and handy men. The stage crew, fired by an acute interest, built new scenery and renovated the older sets.

DRAMATIC CLUB

In the fall, the club put on its annual production for raising funds. This year it proved to be two plays, "Crime Cure" and "Rich Man, Poor Man." The cast of "Crime Cure" was composed entirely of boys. Once again the talent of the Dramatic Club came to the fore, and the work of the organization was certainly appreciated by the audience. The play dealt with the temerity of a young college student who might have been enrolled at any college in our United States. He was one of those bookworms who are always reading detective and mystery stories and who, much to his regret, has for his roommate the best football player of the college. Dan Dickerson and Warren Ericsson, respectively, took these parts. George Klutkowski took the part of the colored janitor who stole into the boy's room at night in the disguise of the campus prowler. The whole college was awakened by the yelling of the boys, and when Martin Dvorin, the stern professor, arrived in his nightgown to find out what all the trouble was about, the audience went into convulsions. Martin's legs have been quite famous this year. Color was given to the performance by the entrance of several college students including Elwood Perry with his guitar. Their singing was very jolly and amusing. At the climax of the performance it was discovered that the whole robbery had been planned by Warren and his friends in order to scare the book-worm, but Dan had captured the burglar and became the hero of the hour, where Warren had been disgraced.

New talent was discovered with the presentation of "Rich Man, Poor Man." The lead was taken by Janet Bauer, who is a newcomer in Linden High dramatic circles. Rod Schoenlank portrayed Peter, the young suitor who is sceptical about how a young debutante can go through with her plans to run an economy shop for the poor people down on the East side. Humor is brought in by the entrance of various people of the neighborhood with their different dialects. Everything turns out for the best in the end, and Peter and Emma, the lovers, live happily ever after.

This year's spring production for the annual assembly program was a forty-five minute presentation entitled "Her Majesty, the King." Two of the leading parts, the queen and the princess, were taken by those two representatives of famous acting families in Linden High dramatic circles, Dorothy True and Mary Zanetti, respectively. They are surrounded by various ladies-in-waiting, generals and so on, who all help to make the play more interesting. Under the very able supervision of Miss Helena Gilkeson, the play turned out to be quite a success.

Advisers	MRS. WINETSKY, MISS MARSHALL

The Commercial Club has not restricted itself to the subjects of typing and stenography. Instead it has widened its scope to include others which are necessary to the success of the modern business girl. For instance, general appearance, dress, and make-up have much to do with procuring and holding a position. To aid the girls in their selection and application of make-up, the Commercial Club held various discussions and demonstrations. Three girls, a blonde, a brunette and a red head, consented to demonstrate the procedure and the correct make-up for each type of girl. Through this the members learned several beauty hints. Hints were also given for the girls who wear glasses. Some of the members brought in complete sets of cosmetics to share with the others.

A new activity, which was started this year, has proved successful. It is the idea of corresponding with other commercial clubs in the various high schools over the country. Letters exchanging ideas, comparing activities, and planning trips for a meeting of the clubs have been received. The group hopes to continue this more extensively next year.

An extensive study was made of colleges and business schools suitable to students with commercial high school education. Detailed reports on qualifications, tuition, advantages and disadvantages were given about the schools in the near vicinity. Many of the girls were surprised to find that they could become commercial teachers. Others were glad that they could further their education in a minimum amount of time for a reasonable tuition. As a result, some have made up their minds as to what they wish to do when they are graduated.

Any sophomore, junior or senior with an A or B average in commercial subjects and an A or B average in English is eligible. The co-sponsors, Mrs. Winetsky and Miss Marshall, have done much to make this club a successful, interesting and beneficial organization.

GERMAN CLUB

Those who are fortunate enough to be members of the German Club find a great number of activities of interest to the German student. The cardinal purpose of the club is to help the student by supplementing his class work with a better understanding of German customs and ideals. Such things as German literature, history, art, music, geography, and Germany's present day functions are discussed during club meetings. In order to become a member of this club, the candidate for membership must be a recipient of either A or B during his first marking period. At the meetings great German men have been discussed, as to their lives, works and philosophies. Outstanding events in German history, both political and military, have been mentioned, and their effects not only on the Germany of today but on the entire world. Nor are all the meetings simply discussion periods. The club often takes part in singing German folk tunes, led by Mr. Hans Moldaschl, the adviser. During the Christmas meeting the club sang carols such as "Stille Nacht" and "Oh Tannenbaum."

The biggest club activity, and the most successful, was the annual dance. This year it was given in conjunction with the French Club. It was one of the best-attended dances of the year. In past years the club's gift to the school has been a year's subscription to the weekly publication "Die Woche", but because of the present war, it was impossible to continue this. The gift this year consisted of German books about the country. Besides giving the German student an insight into German habits and customs the organization helps develop fluency in talk and increase the student's vocabulary. It has, in many cases, stimulated outside reading and research in subjects pertaining to Germany. Beyond a doubt the organization is both enjoyable and educational.

MISS OLDACK

There is a belief prevalent at the present time that art and all that it stands for is declining in public support and approval. On the contrary, art, in the past few years, has received a greater impetus than ever before. Statistics prove that the public, to a very high degree, wholly endorses any plan for artistic achievement and appreciation. It is the aim, and also the duty, of the Art Club of Linden High School to foster just such a spirit of cooperation with those people who do their utmost for the advancement of the worthwhile things in life.

Miss Oldack, the art instructor, sponsors the club. Even though this is her first year at Linden High, she has shown great energy and enthusiasm in endeavoring to improve the artistic branch of our school life. It is under her capable leadership that the club has been able to develop from a mere handful of students to the large group that it is at the present time.

One of the most striking things in regard to the club is the fact that it meets twice a month. For a new organization, this is indeed unique, as it shows the whole-hearted approval of the students and their desire to learn as much as possible about painting, sculpture, and the allied arts. The club, the first of its kind to be organized within the High School, is composed of thirty-five members. With increasing participation, it is believed that the membership will soon be doubled.

The club does not wish to become stereotyped; rather, it desires to make its programs so interesting to all that a continually increasing group will participate out of sheer enjoyment. Participation in art exhibitions, visits to various galleries and museums, and interviews with contemporary artists—all these will certainly add to the knowledge and pleasure of each member. With these facts in mind, it can be assumed that the Art Club will continue to fulfill its purpose.

LIBRARY SQUAD

MISS WATERMAN

The Library Squad has proved itself to be one of the most efficient organizations of the school. The tremendous amount of work required to run a library as large as our school library rests upon the shoulders of these people. There are a vast number of different things that the members of this club attend to. Checking out books, shelving books and magazines, making out fine slips, mending books, keeping the shelves in order, attending the bulletin board are but a few of their many tasks. In order that the club members may learn more of library technique they sign over to the library certain periods of the week. On these periods they go to the library just as any of us might go to a regular class period.

The squad, however, does not simply apply itself to working in the library room, for every month they all hold a meeting and interesting discussion period. Every second meeting is in conjunction with the Literature Club, at which time several speakers have talked on varied topics. At one meeting Mrs. James Erle spoke on her native New Zealand. At another, Miss Pruitt spoke upon the conditions existing in China because of the war, and at the third joint meeting Miss Viola Maihl spoke on new books and library technique.

The club went on two trips this year, both of which were closely allied to their work. On the trip to a library conference at Bayonne they were fortunate in hearing Cecil Matchet and Mrs. Margaret Parton, both authors of wide experience. On another trip they visited Ocean Grove and heard Fredrick Melcher, noted printer, and Kurt Wiese, a nationally known artist. One can easily conclude, in the face of these activities, that the Library Squad is an active organization.

MUSIC ORGANIZATIONS

This year the orchestra has gone a long way toward attaining the instrumentation of a symphony orchestra. Under the leadership of Mr. W. F. Malpas, the orchestra gave commendable performances at the Senior Play and the May Festival, besides playing for the regular assembly programs and the Christmas program. Mr. Malpas adopted an entirely new seating arrangement in order to produce better balance throughout the string sections. This year the first and second violins were seated at the conductor's left, and the violas and cellos on his right.

As in the past years, a few of the orchestra members were selected to represent Linden High School in the New Jersey All-State Orchestra. The All-State Orchestra holds its annual concert in Atlantic City, New Jersey. The members of this orchestra broadcasted a portion of their concert over station WEAJ before giving the concert in its entirety. The members of our orchestra who represented our school were: Harry Seaman, violin; Fred Lewentowitz, violin; Anna Eichhorn, viola; and James Chapman, string bass.

Under the direction of Coach "Les" Goodwin, the Linden High Serenaders provided another enjoyable year of dance music. The syncopated rhythms of the dance orchestra drew many students to the afternoon dances. "Hep-cats" as well as "smoothies" were well represented on the floor during all the dances sponsored by the various clubs. The dance orchestra was a feature of the 1940 "Cynosure" play, in which they turned in a very commendable performance. A very novel number was arranged to the tune of "The Little Red Fox", wherein Coach "Les" Goodwin recited the tale of that elusive little animal.

As in previous years, the Linden High School Band has made considerable progress towards achieving a more perfectly balanced band. Under the leadership of Mr. W. F. Malpas, the band played for many occasions. Besides inspiring the football team at all games, the band gave an exceptional performance for the Parent-Teacher Association's last meeting and the May Festival. This year Mr. Malpas introduced a number of well-known band selections in the band's annual concert given in assembly.

Many new instruments were added to the band's ever-growing number. These were a new bass drum, snare drum, french horn, baritone and sousaphone. This year two of our band members were fortunate in being selected to represent Linden High School in the New Jersey All-State Band. These students were Gertrude Van Eerde and Joseph Attanasio, both clarinetists. This year's senior class will leave many vacancies in the band after graduation. However, Mr. Malpas has provided replacements for many of these vacancies. The organization is now composed of sixty members. Its officers are Harry Seaman, manager; Albert Henel, assistant manager; John Kundla, assistant manager; Zelda Gushin, librarian; Marjorie Miklosy, baton twirler; William Christoffers, drum major; Mr. W. F. Malpas, conductor.

GLEE CLUBS

The Girls' Glee Club, consisting of over a hundred girls, is one of the oldest and largest organizations in Linden High. The club is divided into three sections: sopranos, second sopranos, and altos. The girls meet regularly every Tuesday from 2:45 P.M. until 4:00 P.M. The Boys' Glee Club is a comparatively new organization, devoted to the elevation of the musical standards of the boys in the school. Club meetings are held on Wednesday afternoon, eighth and ninth periods.

Both clubs entertain at assembly programs, P.T.A. meetings, and participate in the annual production of the May Festival. Miss Kantner, the music teacher for all the students, is the faculty leader for both clubs. Miss MacConkey, another faculty member, and a very accomplished pianist, plays for the girls, while Frieda Farber, a member of the class of '41, is the accompanist for the boys.

One of the most enjoyable and most anticipated assembly programs of the year is the Christmas program presented by the combined glee clubs. This year the girls wore black dresses with white collars, and carried red candles. As the procession walked down the aisles, the girls sang "Adeste Fideles". The program consisted of many songs bringing to the students a bit of the spirit of Christmas. The girls and boys combined to sing "Joy to the World" for the grand finale.

The most accomplished singers of each group are chosen for the mixed chorus. The Boys' Glee Club also has a novelty quartet, consisting of Jack Troiano, Jack Van Brunt, Harry Seaman, and Charles Hazelwood. They entertain at assembly programs and P.T.A. meetings.

The May Festival is the only program given by these fine organizations for which an admission is charged. The proceeds are used to send representatives from Linden High to Atlantic City, to become members of the All-State Orchestra and Chorus. The opening scene found five Indian girls seated in a circle weaving baskets, mats, etc. More Indian girls entered from all sides until the entire Girls' Glee Club was on the stage. The sopranos were dressed in pale yellow costumes, second sopranos in violet, and the altos in pale green. The operetta was given in three scenes, each having the same Indian camp setting. The first scene took place in the late afternoon, and the following scenes in the evening. Many of the songs were well-known to all the audience, including "By the Waters of the Minnetonka" and the "Indian Love Call". The rendition of the latter by Frances Twibill and Jack Van Brunt will long be remembered by those who heard it. The Indian Dance was a novelty that seldom is seen in the Linden High Auditorium. To help in making that evening of May tenth a success, the Linden High Orchestra and Band gave a concert, under the baton of Mr. Malpas. Members from both these organizations are sent to the All-State Orchestra.

MIXED CHORUS

When students join either the girls' or boys' glee club, Miss Kantner tests their voices. Those whose voices meet the necessary requirements are chosen to make up what is known as the Mixed Chorus. This is a comparatively new organization, being in existence only two years, and having about fifty members. The meetings are held at 7:55 A.M., usually on Tuesday, but when programs are being prepared, special rehearsals are called by Miss Kantner. The Mixed Chorus is a great favorite with the students at assembly programs, and with adults at the various P.T.A. programs at which they entertained. From this organization are chosen the students to represent Linden High School at the All-State Chorus.

It is not all work for the members of the chorus. Very often they themselves choose the songs they want to sing. The most popular request is "Listen To the Lambs". This seems to be the favorite of almost all the students in the organization. In the Christmas program, and in the May Festival, the mixed chorus played an important part. It had its own place in the program, just as the orchestra or either glee club had. The experience that those who participate in this organization gain in choral and solo work goes a long way towards making them better singers.

LITERATURE CLUB

One of the most interesting and cultural organizations in the school is the Literature Club. Its purpose is to encourage a better appreciation of literature among the students. To promote this, the club sponsors each year a poetry and essay contest. To the winner of each division a prize of \$2.50 is awarded. In its meetings the group also endeavors to maintain the spirit of creation as well as that of appreciation.

Every other month the Literature Club holds its meetings in conjunction with the Library Squad. At these meetings the members of both groups are privileged to hear men and women connected with various phases of literary activity. Among these was Miss Viola Maihl, head of the local public library, who brought with her numerous current books. Other speakers were Miss Ida Pruitt, who spoke on Chinese co-operatives, and Mrs. Janes-Earles, a former resident of New Zealand.

In spite of its intellectual industry, the club also finds time for other activities. One of the most important of these is the annual dramatic production presented in assembly. The play selected this year was "Where But in America?" The play was preceded by a reading of the poem "I Am an American." Because of the topic concerned, this program was one of the most timely presented in our assembly during the year.

Each year, the Senior class of Linden High School has the privilege of publishing a year-book called the "Cynosure." This "Center of Attraction" contains records and pictures of events occurring during the school term. The staff is composed of an editor-in-chief and as associate editor who are aided and abetted by five committees: art, business, clerical, photography, and reporters. When the chairmen of the committees have been chosen, they, the editors and the faculty adviser, Miss Ranney, decide upon the theme. The committees are then given their respective assignments and the proverbial ball is started rolling. To the Art Committee goes the task of originating a cover and the title pages. To the Clerical Committee go the write-ups of the Reporters Committee to be typed, and the responsibility of matching the right name with the right picture. To the Business Committee, under the supervision of the faculty adviser, Miss McBride, goes the duty of getting "Ads" and selling the book. To the Photography Committee, under the direction of Mr. Moldaschl, goes the credit for being of assistance to the commercial photographers; for arranging a schedule for taking all the pictures and for the "candid" shots in and about the school. To all the students who take part in this activity, the work seems interesting, educational, and enjoyable.

On the second Wednesday of each month the French club meetings were opened with the singing of the French national anthem, "La Marseillaise." The purpose of the club is to give to its members an interest in French life and culture, and to make the study of the French language more interesting to them. While the opening part of the meeting is conducted in French, the business affairs are discussed in English, so that the students just beginning their study of the language may also take part in the discussion.

Interesting programs were held after each meeting which in some way pertained to the study of French. At one meeting Miss Noddin showed motion-pictures of one of her earlier trips to France; at another the club went into the library and gathered around the tables to play some French games which Miss Noddin had purchased. A comedy entitled "Haut les Mains!" or "Hands Up!" was presented by several members of the club, and was enjoyed greatly by the audience.

The initiation was held in the fall and was conducted in a different manner from usual. Instead of entertaining the old members at the expense of the initiates, the committee decided to give the newcomers a more friendly greeting, and so gave a party in their honor, but that they might not be admitted too easily, they were required to wear for a week a large sign identifying them.

The French and German clubs united in sponsoring a St. Valentine's Day dance. The gym was appropriately decorated for the occasion. A spot dance was held, and the winners were each awarded a heart-shaped box of chocolates in accordance with the day.

In the early spring several members of the club went on a picnic and had a very enjoyable time roasting frankfurters and marshmallows.

LATIN CLUB

One of the largest clubs in Linden High is the Latin Club with over sixty members. On the third Wednesday of each month, this group meets, and after concluding all the business, enjoys many interesting and varied programs. The majority of these programs are devoted to Rome at the time of Julius Caesar, and its relation to our present day America. At one meeting a set of books, the Latin Club's gift of a previous year, was discussed. These books held the interest of everyone, as they pertain to a variety of topics: music, art, plant life, biographies, and travel. At the December meeting, the members joined in the Christmas spirit by singing carols in Latin. A report was given on the Saturnalia, a Roman holiday corresponding to our Christmas.

The Latin Club also has a social side. The upperclassmen look forward a great deal to the initiation party, where they have a chance to make the "Freshies" suffer. The students being initiated, besides having to do different stunts, must clean up the tables and dishes after the upperclassmen have finished their refreshments.

Almost every year, the Latin Club goes on a trip. In previous years, the members enjoyed Broadway plays, often going backstage with Miss MacConkey, the faculty adviser of the club. This year, for variety, a suggestion was made to see an opera at the Metropolitan. Since this was a new experience, it was a successful adventure. Another new idea was the spring picnic, which the members hope to make an annual occurrence.

It is rather an honor to receive an invitation to the Latin Club, as only a Latin student with an A or B average is invited.

The Linden High Chronicle, published bi-weekly by the students, has for the sixth consecutive year been faithful to its policy of serving the school body. The paper is a member of the Columbia Scholastic Press Association, which holds its annual convention at Columbia University each spring. This year as in the past it was represented by its Editor-in-Chief, Adviser and five other members of the staff. The convention, which lasts for three days, consists of various lectures and exhibitions. At the end of the third day a formal banquet is held in one of New York's largest hotels. Various speakers of national importance are always present.

The Chronicle has always proved itself popular with the students, because of the wide field it covers. It not only writes the past news, but attempts to predict coming events throughout the school. The paper is one of the finest school publications in this section of the state, and was awarded a third class honor rating at the Columbia Press Convention. It is a self-supporting newspaper, soliciting advertisements and charging low subscription rates to the students. The Chronicle also maintains a mailing list for those people out of school who wish to receive their copies. It has definitely become a part of the school activities, and the "power of the press" is fully realized.

The first or "front page" of the newspaper usually contains the latest school news, after having been covered in detail, by capable reporters. A forecast or perhaps a summary of the latest assembly program or play usually is found on the first page also. Additional articles that are usually found along with the aforementioned are an interesting feature story, the coming social events dances, and any club news or activities that demand special attention. Occasionally articles about the graduates of Linden High School appear on the page also. The editor tries to make the layout appear attractive, and it is executed in professional style. The second page, which is called the "editorial page", is perhaps the most widely read page in the entire newspaper. In addition to "Four Years," the Chronicle's traditional column, are "Query", "Passed by the Non-Sensor", "Chits and Chats", "Student Celebrities", and "In Our Mailbox." "Four Years" covers the entire school in the way of gossip and human interest stories. In the "Query" column the students are asked various questions of interest. "Passed by the Non-Sensor" is a column designated purely for humor and is written as such. "Student Celebrities" is very interesting, inasmuch as a brief biography of well-known students is cited. "In Our Mailbox" publishes letters received from students. The paper is fully aware that it cannot succeed without the co-operation of the students, so "it aims to please," and it can do this only by following constructive criticism.

The third page of the Chronicle is in its entirety designated for sports. At the beginning of each season for a particular sport the prospects are written up after an interview with the coach. At the end of each season a review is written. Each game played by the varsity teams is accurately written up by a reporter who witnesses the games. Some of the interscholastic sports that the newspaper covers are football, basketball, baseball, track, golf and tennis. Interclass sports also receive much attention on the sports page, along with girls' sports, which are growing in popularity. This year another one of the odd features in the paper was that most of the important interscholastic activities were covered by a writer of the "fairer-sex", proving how progressive and liberal-minded the Chronicle is. The sports page is always one of the last pages to be made up in order that the latest news may reach the student. This year the scholastic teams achieved much honor throughout the state in their respective sports, but nowhere did they receive more attention or credit than in their own publication. The sports page is definitely one of the greatest attractions. Turning to the last page, the reader finds "We 'Uns," "Club Clippings," and "Off The Aisle." "Club Clippings" covers the club meetings throughout the school. "We 'Uns" is a column that has been, in the past year, written by a freshman, and very capably done. It is the answer to the underclassmen's query of "how to get in the news?" The column "Off The Aisle" covers the assembly programs, giving a brief review and usually a list of the cast of the program.

In addition to the Reporter and Editorial Staff the newspaper is composed of the Business Staff, which is divided into the business, advertising, circulation, typing, and collecting departments. In all there are about sixty members working on the paper. In addition to the enjoyment received in publishing the school newspaper, the students learn many useful things which they may be able to use in later life. The Chronicle fosters many friends, it is very popular, and it truly "covers" Linden High School.

"Linden High makes news—the Chronicle records it."

MEMORY JOTS FOR THE SENIORS

As you read this, sink back into your chair, and let your mind relax, free to drift away into a reverie which will recall to mind those events which happened in the class year of 1940. Slowly as you weave the threads into a pattern, a mental picture is laid out before you, presenting the passing review of things which happened in the school term of 1939-1940. Let us quickly run over the incidents which were most important this past year.

OCTOBER:

Senior class officers were elected and Tom Dooley nosed out "Wuzzy" Fullerton for presidency by a wide margin.

* * * * *

Miss Light returned from her one-year visit to England as an exchange teacher, and gave interesting reports and stories about her visit there.

* * * * *

Dr. Carlton Palmer, art interpreter, pleased the students very much with his lecture on "The Appreciation of Paintings."

* * * * *

Al Lawson finally obtained the much-desired radio for the cafeteria, for which the students offer many thanks.

* * * * *

Linden lost its first football game of the year to Red Bank, but bounced back to overpower Dover and Rahway under crushing scores.

* * * * *

Basketball season opened with Linden presenting a promising line-up.

* * * * *

NOVEMBER:

The Barn Dance went over with a bang, both the Juniors and Seniors having a swell time.

* * * * *

New Jersey State Chorus and Orchestra broadcasted over the air, in which a few Linden High Students participated.

* * * * *

Dramatic Club presented its fall play, which was a huge success.

* * * * *

Linden continued to crush opponents under "steam-roller" playing, and was headed for a championship—until so rudely interrupted by Union.

* * * * *

For the first time in Linden High's history, the Chronicle ran a six page edition instead of its usual four page.

* * * * *

Thanksgiving day festivities were supremely enjoyed by all except for one thing—Linden lost to Union a deciding game which immediately eliminated Linden from any possible championship.

* * * * *

DECEMBER:

Victor Coty depicted wild life and lectured on hunting and fishing—a very interesting program.

* * * * *

Christmas spirits enveloped the school under a blanket of good cheer; everybody was in the best of spirits.

* * * * *

The Junior Class poll of orchestras revealed Glen Miller in first place, Benny Goodman second, and Sammy Kaye third.

* * * * *

The new fashion of "screwball" hats, sometimes called "porkpie fedoras", swept the male students in Linden High and all the fellows wore pushed-in fedoras.

* * * * *

FEBRUARY:

Linden lost a very important basketball game and was eliminated from the county title.

* * * * *

The Senior Play was an immense success, with students, faculty, and townspeople alike enjoying it very much. The cast did a great job in enacting "Smilin' Through".

PHOTOGRAPHY CLUB

The Photography Club is made up of members of the school who are interested in taking, developing, and enlarging pictures. It is not a club for people starting out in photography but for advanced amateurs. The members meet to discuss new processes, films, and other developments and innovations. They also work out formulas among themselves for different types of film and paper development. In the latter part of the year, they turned towards direct color photography.

The Photography Club's annual dance was held with the Home Economics Club. During the dance pictures were taken of the dancers, and these were later put up in the library. The members also had some of their other work exhibited in the library. Since this is a small club, which can do very little photographic work in school, most of the work is done at home in private darkrooms and then brought to school, where it is criticized by other members. Helpful advice is given by Mr. Walker, who is quite expert in photography.

At one of the meetings William Hartman gave a talk on flashlight pictures and demonstrated a flash gun. Ernest Segesser presented a talk on portrait lighting and composition, while Edward Hempel discussed miniature cameras and their use in present day commercial work. Gunter Gammisch talked on color photography, its commercial advantage, and the processing of pictures in full color. Throughout the entire year, pictures were brought to the club meetings, where members gave their opinions on what kind of finishing they should have in regard to papers and tones.

FISH AND GAME CLUB

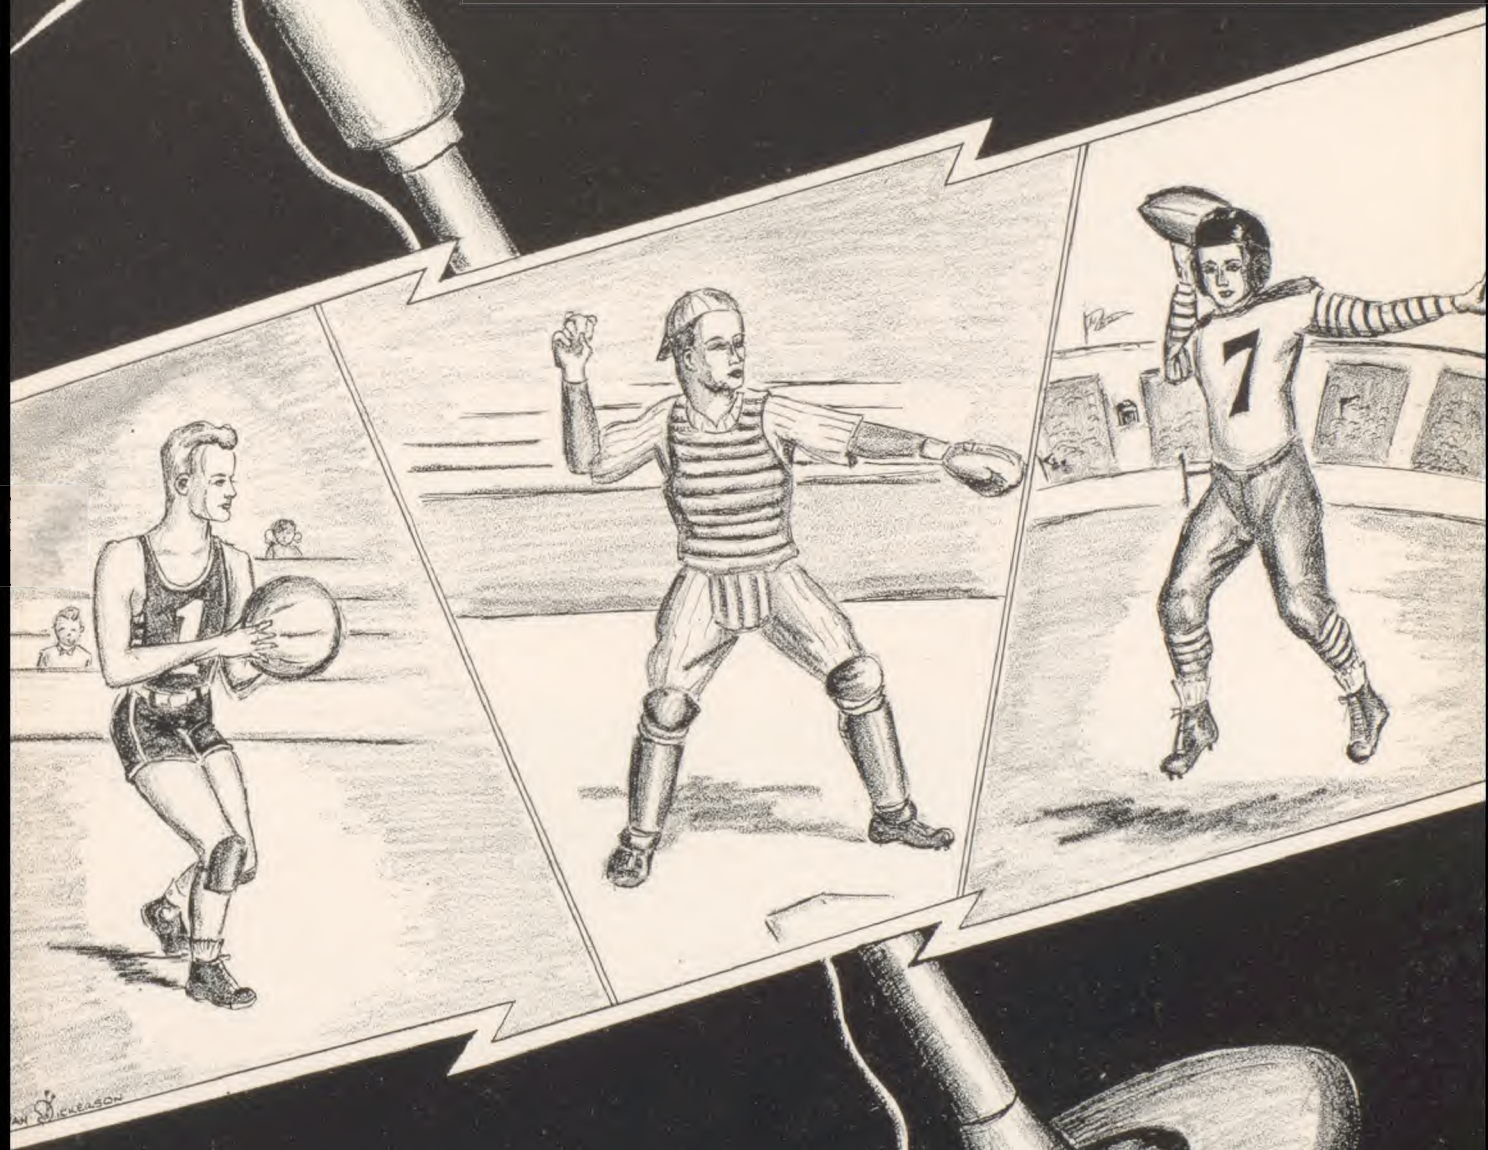

One of the most distinctive groups in Linden High School is the Fish and Game Club. Composed of students attracted to outdoor activities, especially hunting and fishing, the membership of this club is small, but exclusive. About the only requirement for joining the club is an interest in the various phases of hunting and fishing. At its monthly meetings, various topics of interest to the members are presented and discussed. Often various procedures are demonstrated by the members of the club especially proficient in them. This year, such things as fly-casting, various types of bait, reels, and similar subjects were discussed at the monthly meetings. Because of the laws of the state of New Jersey, most of the club's activities are confined to the indoors, although the individual members often try out the suggestions presented. As its annual trip, the Fish and Game Club visited a sports show in New York. Under the guidance of Mr. Walker, the club adviser, the members hope to stimulate the interest of outdoor sports among the student body and to encourage these activities.

STAMP CLUB

The Stamp Club is one of the many school clubs pertaining to hobbies, for all those who are members of this organization have as their hobby stamp collecting. During the club meetings the members exchange stamps, and discussions are held on philatelic topics. Mr. Piper, the club adviser, has been a stamp collector for many years, and has a large collection. The club has, through Mr. Piper, been able to obtain the first issues of many special stamps, and in many cases had letters mailed on the first flights of the newer air lines. In this manner many stamps are obtained that may, at some future date, be of considerable value.

The organization is one that stamp collectors find very useful, both in increasing their collections and in obtaining information on the newer issues.

FOOTBALL

When several capable lettermen from the North Jersey Group III Championship team of 1938 appeared in answer to Coach Cooper's call for football candidates, a successful season appeared in the offing for Linden High School. These returning veterans were joined by a large group of boys who sought to win a permanent place on the squad. After weeks of hard practice, Linden's newest gridiron machine was ready for its initial test. From this opening encounter, which saw the varsity opposed by a strong alumni eleven composed of former stars, the "Little Tigers" emerged victorious when Stanley Olearczyk dashed across the goal-line as the clock ticked off the final seconds.

The following Saturday Red Bank High's strong aggregation journeyed from South Jersey to destroy the hopes for a second undefeated season. The locals were unable to cope with the clever aerial attack launched by the visitors, who, aided by several fumbles by the high school, scored three touchdowns to triumph 19-0. The next team to face the Orange and Black was Linden's traditional rival, Rahway, which was undefeated at that time. Led by "Gibby" Givens and "Ed" Kasmin, the high school scored its second victory of the season, 14-0.

Continuing their winning ways, the "Bengal Eleven" journeyed to Dover to win 18-0. "Ed" Kasmin provided a thrill when he dashed nearly ninety yards to tally a touchdown. Roselle and Woodbridge were the next to suffer defeats at the hands of the locals. The former was defeated 13-0, while the latter lost 14-0. The Woodbridge game saw Linden play its best game of the season, as the hard-charging line and shifty backfield, led by "Gibby" Givens, worked with precision to register the triumph.

Next on Linden's victory parade were the hapless contingent from Carteret, which succumbed 26-6, and Hillside, which wound up on the short end of a 14-6 score. Finally, on Thanksgiving Day, Linden met a determined Union eleven on the local field, losing 8-0. Although Linden High School was unable to retain its championship, the season was none the less successful with seven games won and two lost.

INTERCLASS BASKETBALL. -A-

Winning all but one of their games, the senior group A interclass basketball team triumphed in the annual tournament. The only team that was able to defeat the fourth year students was the sophomore squad, which won a hotly contested battle. The senior A quintette completed the season by decisively trouncing the senior B five in a post-season encounter.

After playing throughout the entire regular schedule without the loss of a single game, the senior group B interclass basketball team was named Group B champion of Linden High School. Functioning like a well-oiled machine at all times, the seniors' air-tight defense and powerful offense were combined to crush all opposition as they won game after game in convincing style.

BASKETBALL

When Boris Woytowicz and Oscar Givens, outstanding stars of Linden's Union County Championship team of 1939, returned to action once again, a successful season was anxiously hoped for. This year Linden was a member of the Union County Big Five Conference, a league composed of five Union County high schools. Linden in addition to Rahway, Cranford, Plainfield, and Regional was to battle for the coveted title of Union County Big Five Champion. In the season's opener, Linden met its initial test against a Big Five opponent when they traveled to Springfield to battle a strong team representing Regional High. Fighting off a desperate last quarter rally, the Orange and Black emerged triumphant, 25-23. The next team to face the "Little Tigers" was Cranford High, another member of the newly organized league, who succumbed to Linden, 26-12. Meeting an imposing Alumni quintette composed of former stars, Linden triumphed when Jack Mulhall sank a basket in the "sudden death" over-time period. Linden next entertained North Plainfield, defeating the visitors 43-22. Next on the schedule was Linden's rival for the Big Five Crown, Rahway, who in a furiously played game defeated the Orange and Black by the slender margin of one point, 27-26. Following this defeat, Linden met Plainfield High once again in a return engagement. Scoring almost at will throughout the contest, Linden repeated its previous defeat of this Big Five Conference opponent by trouncing them 49-20.

BASKETBALL

The Maroon Marauders of Hillside were the next to test the mettle of the "Little Tigers" quintette. Leading all the way, Linden accounted for the sixth win of the season by finishing on the heavy end of a 42-30 score. Invading Linden's home court, the "Farmers" of Union High School were defeated by a 28-20 score in a game featured by the work of John Andrejcio and Linden's able reserves. Before a capacity crowd Rahway High once again defeated Linden, this time 42-36. Trailing 24-10 at the half, Linden, led by "Butch" Woytowicz, surged back to tie the score at 34-34, before finally succumbing to the "Spanktowners". Bounding back from their second defeat of the season, Linden next downed Regional High for the second time, 49-29. This game saw "Butch" Woytowicz and "Os" Givens once again lead the Orange and Black to victory as they tallied nearly half of the total number of points amassed by the local quintette. Travelling to the spacious gymnasium of Cranford High, Linden ran wild in the second quarter of the game to account for twenty-one points, as they defeated the Blue and Gold, 43-22. Playing Plainfield at home, Linden fired shot after shot through the lacing to account for the amazing total of sixty-three points as against their opponents' twenty-seven. Largely responsible for this high score was "Butch" Woytowicz, who shattered the all-time high scoring record for one game established by Al Nogi in 1931 in a game against Elizabeth Vocational School. Woytowicz scored twenty-seven points to equal the number of points made by the entire Plainfield squad.

Traveling to Carteret, the Linden team once again emerged victorious when they defeated the "Boilermakers" in a hotly contested game, 35-22. Thomas Jefferson High of Elizabeth was the next to feel defeat at the hands of Linden when their rally faltered in the final minutes. The hapless contingent from Newark Central High was overwhelmed by Linden, 60-17. Equaling the previous all-time high for a Linden five, the Orange and Black decisively trounced Westfield High, 68-37. In this overwhelming victory Linden was paced by Givens with seventeen points and by Woytowicz with twenty-one points. Union High was then defeated by Linden, 44-17, as they tried desperately to penetrate the impregnable zone defense set up by Linden. Unleashing a high speed scoring drive, Linden disposed of a gallant Roselle Park team, 53-33. The first half was a nip and tuck battle with neither side able to gain a commanding advantage. Following the half time intermission, however, Linden scored at will to win. Winding up the regular season, Linden swept North Plainfield High off the floor to win, 45-29.

When the results in the Big Five race were tabulated, it was found that Rahway and Linden were deadlocked for the lead, making a play-off game necessary to decide the championship. Playing in the Cranford gymnasium, Linden earned its first victory of the season over the Rahway five when, led by Andrejcio, Reagan, Givens, and Kasmin, Linden won 30-26. This triumph gave the Union County Big Five Trophy to Linden. Playing in defense of the County Championship, won last year in the county tournament, Linden was defeated in the first round by an inspired Plainfield team, 34-31. Trailing 21-26 at the beginning of the fourth quarter, Plainfield found the range to outscore Linden and win. In the opening round of the State tourney, Linden met and defeated Summit. Following this, Linden again defeated Rahway, this time by a 26-24 score, when "Lolly" Beriont sank a goal in the overtime period after Givens had tied the score with two foul shots, second before the close of the game. This victory gave Linden the North Jersey, Division 2 Group III title. Meeting Bound Brook in the semi-finals of the State tournament, Linden lost after a gallant fight to place its season's total at twenty games won against four lost. Boris Woytowicz's feat of scoring two hundred fifty-one points established a new record for Linden High, while "Os" Givens, star center, was close behind with two hundred forty-one points to his credit.

GIRLS' SPORTS

It is with great pleasure and anticipation that the girls look forward to the announcement of the beginning of the sports' season. The girls' sports start in October and usually attract a great number of girls, both as participants and as spectators. Much is usually written and said about boys' sports, but how many know anything about what the girls do? Probably only a very few of you.

Beside the fun and excitement to be had, the girls are rewarded with a major "L" on Gift Day. To get the "L", for which every girl strives and which produces keen competition, each girl must have earned 300 points. The girls who are not fortunate enough to earn 300 points but who manage to reach the 200 mark are awarded a numeral indicating the year that the girl will be graduated. Probably some of you are wondering how a girl will ever get so many points. It does sound like a lot, but this is how it is done. First, however, you must remember that all girls do not get "L's" or numerals, but are rewarded through their enjoyment of the sport.

In order to receive any credits, a girl must be an A. A. member. Then she may "join in" and win her points. The girls have quite a full season. As they enter the large gym at the beginning of the year, they hear such sounds as "your serve"—and immediately know that volley ball has started. Volley ball has been quite popular among the girls of Linden High School. On each team there are eleven girls. A captain is chosen by each team. The four teams are the Seniors, Juniors, Sophomores, and the Freshmen. This year the Seniors were lucky to have as co-captains Sophie Popiel and Geraldine Alber. The Juniors placed their hopes in Catherine Scizak, while the Sophomores elected Alberta Davis. The Freshmen put their fate in the hands of Helen Mahar, their captain. This season the Juniors proved their ability by taking the lead, winning five games and losing one. The Sophomores surprised the school and took second place, winning four games and losing two. The Seniors were rather disappointed that they won only three games and lost three. The Freshmen came in fourth place; however, they gave the other teams quite a bit of competition. Much of the strife was between the Juniors and the Seniors, each class trying to outdo the other.

GIRLS' SPORTS

The spectators do a lot toward the winning and enjoyment of the games. It doesn't take a spectator long to choose her favorite team and start cheering for the players. At all games there is always sure to be a keen competitive spirit and much excitement.

Before going on to the other sports, perhaps it would be better to explain the value of taking first place, second place, and third place. For first place, the winning regular team receives 100 points; for second place, 75 points; for third place, 50 points; and for fourth place, 35 points. There is a proportional amount for substitutes. These points are good for volley ball and basketball.

For foul shooting the girl winning first place takes 100 points; second place, 85 points; third place, 75 points; fourth place, 65 points; fifth place, 55 points; and so on down.

The members of the track team are also rewarded. The points are apportioned as follows: 100 points for first place; 75 points for second place; 50 points for third place. The members of the team winning the relay receive 75 points each, and the members of the second team get 50 points. In this sport, the members of the winning team for all the events each receive a ten-point bonus.

Beside the points to be gained by participating in the school sports, a girl may make a few extra points by doing outside activities, such as ice skating, bicycling, archery, swimming, horse-back riding, roller skating, golfing, and playing tennis, badminton, and handball. In foul shooting one tries to get as many baskets as possible out of the allotted 75 shots. This year Margaret Danchisko, "41", proved herself quite skillful by making 53 baskets out of the 75 shots. This score is believed to be the highest score ever made at Linden High. In second place was Helen Raba with 49 baskets.

Basketball is the most interesting sport and usually has the highest attendance. Before the actual games start, the coach, Miss Siegman, usually conducts drills which help the girls who go out for sports. These drills include foul shooting, dribbling, passing and angle shots. This year the Seniors, who had to play three games against the Juniors, won the title of "Champs". The Seniors had co-captains, Sophie Popiel and Geraldine Alber. The Juniors took second place with Carmella Lombardo leading the girls. The Sophomores had Lillian Woytowicz as captain, and the Freshmen with Helen Mahar as captain took fourth place. This year the girls have been more active in basketball. They have had the opportunity of playing the Union girls and the Hillside girls both at home and in Union and Hillside. Linden proved itself quite able by winning most of the games. The girls won more games at home than they did when they played away. At home for the Hillside game the scores were as follows: Seniors—Linden-16, Hillside-10; Juniors—Linden-15, Hillside-11; Sophomores—Linden-19, Hillside-16. For the Union home games—Seniors—Linden-11, Union-10; Juniors—Linden-28, Union-4; and for the Sophomores—Linden-3, Union-12. It was the only loss at home. After the games, the Freshmen girls served cake and ice cream to the visitors. The games were very interesting and attracted much attention. Another game that was looked forward to was the one that the Junior girls played against the faculty. The teachers played quite an interesting game and "put up a good fight". Although they were winning in the first quarter, they soon gave way to the Juniors. The teachers must have enjoyed the game, for a return game with the Seniors was scheduled. This time the faculty won.

The fourth sport is paddle tennis. Each girl chooses some one to be her partner. There are three weeks' practice, and then the tournament. Much competition arises as each set of girls tries to be the winner. As one passes the gym, the rhythm of paddles hitting the balls can be heard.

The season of girls' sports ends in the late spring with track, which includes the 75-yard dash, broad jump, basketball throw, high jump, and the 300-yard relay. Again, for track, the girls begin training in classes, and as the weather gets warmer, they go down to the athletic field, where they finish whatever practice they need. The final track meet, which is held in May, is the last day of sports for the girls.

The last contact with sports takes place on Gift Day. When the girls receive their "L's" and numerals, beside the medals which they have won for track, and when they hear the round of applause from the audience, they are glad they worked as hard as they did for their awards.

TENNIS

Linden opened the 1939 season of its comparatively new sport, tennis, by meeting North Plainfield on the courts in Woodrow Wilson Memorial Park. From a bitterly fought match the powerful team from Somerset County emerged victorious, 3-2. The second match of the season saw Linden again nosed out by the smallest margins when the "Little Tigers" lost to Hillside, 3-2. Playing in Warinanco Park, the local raquet squad met Roselle Park and was shut out, 7-0. Continuing the season, the high school was again blanked when the Roselle team which had held the State Championship the previous year stroked its way to victory, 5-0.

The next opponents to be faced by Linden were Regional High, which defeated the locals 4-1, and Roselle, which duplicated its previous triumph over Linden. Playing Linden in a return encounter, the Regional netsters just managed to eke out a 3-2 win. Travelling to North Plainfield, Linden was again beaten, 6-3. Following this defeat, Linden was blanked by Hillside. Closing the season, Linden High's tennis squad was defeated for the second time by Roselle Park 3-2.

TRACK

In the early Spring of 1939, under the direction of Coach Goodwin, tryouts were held and the largest track and field team ever to represent Linden on the cinder path was selected. Following weeks of extensive preliminary practice, Linden's track team was ready for its first test of interscholastic track, opposing Hillside and Cranford in a triangular meet. After a bitter fight the Orange and Black succumbed to Hillside, which had fifty points, and to Cranford, which had forty-seven points, as compared with the locals' score of forty-six points. In the first dual meet of the new season, Linden defeated the Roselle Park Team, 52½-46½. Continuing their winning ways, the Linden squad triumphed over Regional 53-46 and swamped North Plainfield 67½-36½. Closing the curtain on the regular season, Linden was defeated in a thrilling meet by a strong Westfield team 50-49. The outcome of this event was in doubt until the completion of the final event.

Entering the County meet, Linden earned third place by compiling a total of twenty-two points. Competing next in the State meet, Linden amassed twelve points, largely through the efforts of fleet-footed "Jimmy" Chapman, who triumphed in both the one hundred yard and the two hundred and twenty yard dashes. In the same meet "Al" Kazary earned two points for Linden by placing fourth in the quarter-mile. The successful 1939 team was captained by Harold Belcher, capable half-miler, and Frank Barnacki, consistent winner in the one mile run. James Chapman and Richard Fusick, powerful shot-putter and discus thrower, were named co-captains to lead the Orange and Black through the 1940 schedule. For the first time in its history, Linden was able to compete in the hurdle events this year. With the return of many veterans, led by the versatile Chapman, who has gained recognition as one of the outstanding track athletes in the state, Linden seemed assured of a successful season.

GOLF

Under the direction of the coach, Mr. Piper, and the manager, David Rafelson, the golf team of 1939 played a series of twelve matches, winning four while losing eight. The squad was captained by Thaddeus Hubert, a veteran of several years of competition. The 1940 team held several practice sessions in the gymnasium before actually playing on the golf course. In the first rounds played, several newcomers to the squad proved themselves able golfers. Although the only veteran returning to the team is its captain, Frank Newell, a successful season is nevertheless anticipated.

CHEERING SQUAD

The Cheering Squad is one of the organizations in the school that really go about stimulating school interest and enthusiasm. There is seldom a moment at any game in which Linden is participating that is not invigorated by these peppy few. Their cheers not only add a stimulus to the audience, but they rally enthusiasm for the home team and bring about that ever-important moral support. For both their size and vitality they are to be warmly congratulated. The fullest year in the squad's history has now passed. In every game in which Linden was a part the squad participated. Besides adding new, spicier cheers, the squad has tried to secure the school's cooperation by making all the cheers louder and better.

This year six of the members are graduating. This will, of course, leave many openings in the squad for those who might be interested in participating. Miss Demarest, faculty adviser to the squad, is going to increase the team's membership from ten to fifteen, so that more people can participate and more complex and involved cheers can be worked out. Something new in the line of gymnastics will also be attempted. Students who are interested in getting on the squad should have the following arts well in hand. They must first have a pair of the strongest lungs in school, a prerequisite to any cheer leader. The second point is originality. Many new cheers and plans for giving them have yet to be worked out, so that any ideas along this line will be welcome. Lastly, they must have a flare for tumbling and sommersaulting.

The Cheering Squad was, in the past year, a very active organization, popular with the students and teams. If all organizations of corresponding size were as active, the high school would be renowned for its effervescent students.

BASEBALL

As the first signs of Spring became visible in 1939, Linden students began to think once again of the great national sport, baseball. The first few weeks of the spring training were spent in the gymnasium, where the boys worked out under the watchful eye of Coach Cooper. With the coming of more moderate weather the squad moved out of doors and began to prepare for its opening tests against Thomas Jefferson High of Elizabeth. Playing on the local diamond, the Orange and Black defeated the "Betsytowners" 9-4. Taking to the road for the next two engagements, Linden defeated Plainfield 6-5 and Roselle 6-4. Entertaining North Plainfield at home, the "Little Tigers" found themselves on the heavy end of an 8-4 score. The next game was a free-hitting game which saw the local contingent out-slug a determined Cranford nine 12-10. Hitting hard throughout the game, Linden runners crossed the plate eighteen times to trounce the hapless Roselle tossers 18-9.

Continuing its victory parade, Linden's fine team outscored Weequahic 14-10 and nosed out Cranford. The next diamond squad to feel the power of Linden's bats was Central High of Newark, which succumbed to the locals, 14-4. Following this, Linden's bombers met the strong team from Carteret and for the only time in the regular season found themselves on the short end of the score. Rebounding back from this setback, the locals crushed Roselle, Hillside and North Plainfield in order, by scores of 5-4, 7-3 and 12-5, respectively. Bringing the season of scheduled games to a close, Linden entertained Carteret in a return engagement from which the Orange and Black emerged victorious, 3-1. At the close of the regular season Linden entered the Greater Newark Tournament, meeting powerful Irvington in the opening round. After a hard fight Linden went down to defeat 10-8, to bring the season's total to two games lost and thirteen games won. Following the tournament, outfielder Boris Woytowicz was voted the outstanding interscholastic player in the State of New Jersey.
