The home of Eli Pollack of 80 North Mitchell Avenue was one of several damaged by large trees felled during the rainstorm Monday and Tuesday. Electric wires were also pulled down by the big tree. Andy Wilson Photo

Six Inches of Rain Deluges Township

The heavy rains which swept across Livingston on Monday and Tuesday, driven by strong winds, caused extensive flooding and took down many trees and electric wires all over the township. Although there is no "official" rain gauge for the township, the gauge at the sewage treatment plant showed a total of 5.94 inches for the two days, and Newark Airport announced eight inches.

Several homes were damaged when trees were felled by the wind. The home of Eli Pollack of 80 North Mitchell Avenue suffered extensive damage on Monday morning when a tree fell on the roof, also taking down electric wires. Another home located on Glannon Road was hit by a large willow tree early Tuesday, and firemen were called out again to remove the tree.

Several roads were blocked by fallen trees, including Beaufort Avenue and Kennedy Parkway, and many more were flooded at various times during the storm. Police were kept busy setting up barricades on the flooded sections to discourage drivers from going into

(Continued on page 14)

Recycling Center Open on Saturday

Members of the League of Women Voters will assist the high school Key Club in operating the recycling center on West Mt. Pleasant Avenue on Saturday, November 12. The center, adjacent to the VFW Hall, will be open from 9 a.m. to noon to receive glass and paper. In the event of inclement weather, the session will be cancelled.

Paper should be bundled into separate bales of newprint and magazine paper. Glass should be sorted by color, and the metal rings removed from bottle necks.

Livingston Reclamation, Inc., which operates the center, will hold its next session on November 26.

Trunk Sewer Bids Well Within Limits

Low bids well within the overall appropriation of $685,000 were received Monday evening by the Township Council. The low aggregate bids for the two sections of the Fullerton's Brook gravity trunk sanitary sewer lines came in at a net figure of $565,746.27.

There was spirited bidding between eight competing contractors for the work. The project had been split into two sections, and contractors were invited to bid on both sections or either of the two.

The low bid on Section A, running from the sewage disposal plant inlet truck, roughly along Eisenhower Parkway up to a point in the vicinity of Tri-County Asphalt Company at the Roseland line was made by Hutton Construction Company of West Orange with a figure of $317,884.10. Hutton was closely followed by Jane Contracting Company of Oakland with a price of $321,479.88. Bids in this category ranged as high as $552,724.

Jane Contracting was low on Section B, running from Tri-County to West McClellan Avenue. Their bid was $247,862.17. Only six of the firms bid on this with prices ranging to $431,704.60.

The Jane Company submitted a letter stating that if they were low on Section A, they did not want their bid on Section B read. However, since it was part of the bid package, the prices had actually been read before the letter was read. It was a moot question anyhow, since they were not low. The firm's representative explained that his firm felt they could only handle half of the project — not both halves.

The propriety of this letter, and also of a letter submitted by Standard Engineers and Constructors of Fairfield was questioned at the meeting by Lee Cruz, of Cruz Construction Company, one of the other bidders. Standard submitted prices for both sections, and sent a letter saying they would discount the prices 25 per cent if they got both segments of the job. The legality of this proposal was referred to Township Attorney Barry Evenchick, but this also appeared to be an academic matter since the net price with the discount was $685,438.03, which was far above the net low bids.

The project will provide a gravity trunk sewer line for the northeasterly quadrant of Livingston, eliminating a costly pumping system and easing the load on the Slough Brook gravity trunk line which now receives this sewage. This line surcharged on Tuesday during the heavy rain — a problem that quite probably will be solved when the new line is completed.

250 POUNDS OF CLOTHING went to Indian families on the Standing Rock Indian Reservation in North Dakota this week as the result of the effort of the Mt. Pleasant Elementary School PTA. The project started with a kindergarten unit on American Indians, and grew to receive support from the Human Relations Committee of the PTA and the rest of the school's students. Donna Peristein and Susan Cartun sort some of the clothing for shipment.

Sewer Costs Are Reduced

Without any objections, the Township Council Monday evening passed an ordinance amending the charges made for sanitary sewer service in Livingston. Beginning with the bills being rendered toward the end of this month, the basic charge will be reduced $1 to a price of $3.50 per 1,000 cubic feet of water consumed.

The Council, earlier this year had raised the price from $2.50 to $4.50, but had promised to review the figure after six months' operation. The result was the cut to the new price.

Council Considers Appointments To 18 Local Boards & Committees

Livingston residents interested in serving on various municipal boards and committees were asked this week by the Township Council to submit resumes for consideration. The mayor and councilmen will be making appointments to many boards for the new year, and announced this week that the screening process is beginning.

Some of the boards, including the Local Construction Board of Appeals, the library trustees, the Environmental Commission, the Planning Board and the Zoning Board of Adjustment, are established by the state with specific duties. Some locally formed groups, such as the Fourth of July Committee and the Parade Day Committee, have equally specific responsibilities.

Most of the advisory committees, however, have less specific duties. Made up of people with interests in certain areas, the committees serve as advisory bodies to the Township Council in their areas of expertise. Many of them meet when the need arises, rather than on a regular schedule, and they often initiate projects on their own when they see a need.

One area where the Council is considering additional appointments this year is the Consumer Affairs Committee. The Council appoints a CALA officer who is responsible for handling consumer complaints, and whose services are available at no charge to any Livingston resident, or to a non-resident whose complaint is against a Livingston business. Because the number of complaints being received is so great, the Council announced this week that it is considering the appointment of additional people who could be trained to handle these problems.

Appointments are to be made to 18 municipal bodies at the start of the new year. These are the Advisory Council on Recreation and Parks, Advisory Council on Senior Citizens, Advisory Health Council, Advisory Research Panel, Bi-Partisan Advisory Council on Committee Appointments, Board of Assessment for Local Improvements, CATV Program Review Committee, Consumer Affairs Committee, Environmental Commission, Fourth of July Celebration Committee, Industrial Development Council, Library Board of Trustees, Local Construction Board of Appeals, Parade Day Committee, Planning Board, Township Appearance Committee, Transportation Council and Zoning Board of Adjustment.

The Advisory Youth Council appointments are made on the basis of the academic calendar; new appointments will be considered in the spring.

Any resident interested in serving on any of these bodies may submit a resume to the Bi-Partisan Advisory Council on Committee Appointments in care of the township clerk, Renee Green, at the municipal building. The deadline for consideration is December 1.

Arrest 2 In Burglary

Livingston police this week reported the arrest of two Madison men on charges relating to the burglary of a Livingston gas station last September. Officers reported that some of the items taken in the theft had been recovered, but more were still missing.

The Academy Exxon station on South Orange Avenue had been the scene of a burglary, discovered early on September 2, in which tools, cash and an office safe had been stolen. Police said that investigation of evidence in the gas station led to the arrest of Sandello A. LoSapio and Henry Suarez, both of Madison.

The safe, which they had apparently taken from the station office, was recovered from a river in Randolph Township where it had been dumped. The safe had been opened, and some of the papers were found floating in the river. LoSapio and Suarez said that they had spent the cash from the safe.

The two are scheduled to appear in Municipal Court today, Thursday.

United Way Nearly 50%

The United Way of North Essex neared the halfway mark in its campaign for funds this week with the announcement that 47.6 per cent of its goal has been reached. The United Way had set a goal of $750,000 at the outset of this year's campaign, and this week announced gifts and pledges amounting to $357,417.

Contributions may be sent to the United Way of North Essex, 60 South Fullerton Avenue, Montclair.

Township Backs Charter Change; Splits Vote Between Major Parties

Livingston heavily favored charter change Tuesday as 10,965 local voters went to the polls, despite the very heavy downpour. The Township favored Governor Byrne's re-election; gave James Wallwork a narrow margin over Lew Paper for Senator; backed Mayor Donald Coburn for Assembly along with Jane Burgio; and split its ticket for Freeholder, backing both Livingston candidates, Democrat Reita Greenstone and Republican Stella Hennigan.

The vote represented 60.6 per cent of the total electorate of 18,082. Livingston, in addition to the above results, also heavily favored both bond referenda. Voting was steady throughout the day, even during periods of heavy rain.

Livingston led all the communities in Essex in its percentage vote on Charter Change. The local vote was 6649 for and 2162 against. Charger Change was passed in the county by a margin of approximately 7,000 votes. Incomplete returns made it conclusive that a heavy suburban Yes vote had offset the No vote in Newark. East Orange and Irvington were virtual standoffs, with the opposition having a slight edge. Almost every other Essex community favored the change in the form of County Government.

The final outcome on the charter vote was not disclosed until well after midnight. Officials of Citizens for Charter Change in Essex County, including Peter Cooper of Livingston, had to go to the Hall of Records in Newark and demand the figures from County Clerk Nicholas Caputo. Caputo stated he had held up announcement because eight polling places in Newark had not yet been reported. However, the Newark figures, and only those figures, had been disclosed earlier to TV Channel 13 who forecast at 11:00 that Charter Change had gone down to defeat based on a 30 per cent tabulation. The figures they gave coincided with the Newark vote later divulged.

In the race for Governor, Livingston joined the rest of the state in favoring the reelection of Brendan Byrne by a vote of 5646 over Ray Bateman's 4985. There was minor scattered voting for the 14 other gubernatorial candidates on the ballot, the highest counts of 25 being registered by Dr. Donato and Grabowski.

In the vote for senate, Livingston favored Republican incumbent James Wallwork over Lew Paper by a vote of 5,184 to 4,981. Unofficial figures for the entire district, covering parts of Essex, Morris and Passaic Counties, gave Wallwork the election 34,751 to 21,031.

In the vote for assembly, Livingston backed its favorite son, Democray Mayor Donald Coburn with a vote of 6,193. Incumbent Republican Jane Burgio received 5,206 votes; Democrat Reiner got 4,559, and Republican Fred Remington received 3,791. In the whole district, Burgio and Remington won. The unofficial counts for the district were: Burgio, 34,064; Remington, 30,265; Coburn, 24,689; and Reiner, 21,834.

Reita Greenstone, Democrat, headed the local vote for Freeholder with 5,130 votes. Stella Hennigan, Republican, came in next with 5,020. Democrats McCormack and Zangari got 4776 and 4735 respectively. Republicans McKinley and Taliaferro tallied 4622 and 4511. Brown was high vote for the minor party candidates with 53. In the county, the Democrats won all the seats.

For the unexpired freeholder term, Livingston favored Democrat Giblin over Republican Carracino, 5058 to 4473.

The Educational bond issue was approved locally by a vote of 6009 to 2763. The shore and harbor improvement bond issue was favored 5,786 to 2,764.

Tax Collector's Sale Scheduled for December 6

Township tax collector Lawrence Traver this week set Tuesday, December 6, as the date for the annual municipal tax sale, when liens on tax-delinquent properties in the township will be sold. A complete list of the properties is contained in a legal notice in this week's West Essex Tribune.

Traver emphasized that a person who purchases a municipal lien at the tax sale does not own the property outright. There is a lengthy legal process involved before the lienholder takes title, and in most cases the debt is paid off during that process so that the lienholder does not receive the title. He said that in some cases the people who buy the liens at the municipal auction are speculators who hope to take title to the land, and others are investors who are attracted by the relatively favorable rates of interest and are able to handle the legal paperwork involved.

This year's tax list includes 40 tracts owned by the City of East Orange as part of the water reserve on the southwest side of the township. Traver explained that East Orange is seeking to have the assessments on its holdings in Livingston reduced, and can therefore delay payment pending the outcome of the appeal.

Other properties on the list include industrial and residential lots, with delinquent taxes ranging from as little as $74.70 to as much as $2,998.73.

The list also includes liens on homes and businesses where water and sewer charges are in arrears. These are generally for smaller amounts, ranging from $6.75 up to $196.

The tax sale will be conducted in the township hall at 2 p.m. on December 6, and will be open to the public as bidders or spectators.

Nitin Vekaria 3rd In County

During the past week Livingston High School senior Nitin Vekaria did some outstanding running for the LHS cross country team. On Wednesday, November 2, Vekaria finished third in the Essex County Cross County Championship race held at Branch Brook Park. This was the best finish ever by a Livingston runner in this race.

Dan Harry was next for the Lancers in 41st position, followed by Brian O'Grady, 61st; Ed Dyer, 65th, and Ken Marantz, 73rd.

Livingston finished 10th out of the 23 teams represented. Columbia took first, with Mountain and East Orange second and third.

The Section 2, Group 4 championship cross country race was held Saturday, November 5, at Warinanco Park in Elizabeth. Once again Nitin Vekaria was the number one runner for Livingston as he covered the three mile course in 15 minutes, 54 seconds. Vekaris's sixth place finish qualifies him to run in the Group 4 championship race this Saturday at Holmdel Park.

This sixth place finish was the best for Livingston since 1973 when Lou Celebre won the sectional championship.

Lancer Brian O'Grady was the next runner score, placing 51st. Dan Harry came in 60th, Ed Dyer, 67th, and Al Krueger, 72nd.

One Session Days

There will be one session days at all Livingston public elementary schools on Tuesday, Wednesday and Thursday, November 15, 16 and 17. Parent-teacher conferences have been scheduled. Dismissal will be at 12:40 p.m. Kindergarten sessions will be from 8:40 to 10:10 a.m. or from 11:10 a.m. to 12:40 p.m.

Elect Benjamin Bendit President Of Federation of YMHA Camps

Benjamin L. Bendit of 25 Coventry Road was elected president of the New Jersey Federation of YMHA's and YWHA's by its board of directors on Sunday. He succeeds Arthur Stern, who had been serving in the post on an interim basis since this past April, because of the retirement of John Feltman.

Elected with Mr. Bendit as secretary of the Federation, an association of 15 constituent YM-YWHA's which conducts the N.J. YM-YWHA Camps, was Merle Kalishman of 8 Trombley Drive.

Reporting on the 1977 summer of the camps, Bendit said that "camp registration increased over the previous year, continuing a four year climb back to its historical high point."

In accepting the presidency, Bendit said that he had become interested in the camp out of a "conviction about the importance of camping for children and for the community" and, because three of his children have been 'Y' campers, one of them also serving as a member of the camp staff.

Praising the camp's "professionalism, high standards and commitment to quality," Bendit said that its total plant is worth more than $6,000,000 and its annual budget is now more than $1,500,000 — "an enormous communal responsibility."

Bendit, a partner in the firm of Bendit, Weinstock and Sharbaugh, is on the boards of the Hebrew Academy of Essex County, and the YM-YWHA of Metropolitan New Jersey. A past chairman of the United Jewish Appeal Lawyers Division, he is a member of the Community Relations Committee of the Jewish Federation of Metropolitan New Jersey and past president of the Ezekiel Truarig Lodge of B'nai Brith.

On the Board of the Berkeley Federal Savings Bank, he was chairman of the Livingston Easter Seal Drive and is a member of Kiwanis. He belongs to the Essex County and State Bar Associations.

LIVINGSTON SONGWRITING TEAM, Cinder LeDell (left) and Billy Baker (above), will perform six of their original works in New York City on Saturday, November 12, at 2 p.m., at the Kosciuszko Foundation, Manhattan. They will use four different keyboards, including an Arp Omni synthesizer and a Steinway grand piano. Both of the writers play keyboard instruments and sing with their own bands, he with "Caught in the Act" and she with "Wish." During their year-long collaboration, the two have recorded several demonstration tapes and have been marketing their music with publishers and record companies. In addition to teaching at Parsippany High School, Baker teaches rock piano at the Kerner-Bornstein Music Studio in Livingston. Miss LeDell has performed at Livingston's Music Under the Stars and over WNYC-FM radio. This Saturday's program is open to the public and is sponsored by Mu Phi Epsilon, international music fraternity.

Colleagues Honor Dr. George Gens

Dr. George W. Gens of Livingston will be honored by his former students and colleagues with a testimonial dinner dance on November 16, at the Clinton Manor in Union. An open bar social beginning at 7 p.m. will precede the dinner dance.

Dr. Gens has been professor of special education since 1951 at Kean College (formerly Newark State College) and director of the Speech and Hearing Services. He was the first president of the New Jersey Speech and Hearing Association and was instrumental in establishing several speech and hearing clinics in hospitals throughout the state. A pioneer in services for the mentally handicapped, he has written for many professional and lay journals and has published chapters in books. He also serves as a consultant in speech pathology to several hospitals and clinics and has lectured in universities throughout the country.

Further information, details on the dinner and reservations are available from Dr. Joyce Heller, Speech Clinic, Kean College in Union.

Police Checking On Gang Fighting

Livingston police investigated reports of a gang of youths beating up a Livingston boy and his friend on Friday night, November 4, but thus far no apprehensions have been made in the incident.

Neighbors reported at about 11:15 that a car stopped on Hillside Avenue and a large group of youths appeared to get out and attack two 17 year old boys on the street. The neighbors were able to get the license plate number of a car seen leaving the area, but police located the vehicle shortly afterward and determined that it had only been passing by and was not involved in the incident.

Officers dispersed a crowd of onlookers and neighbors gathered at the scene. The incident is under investigation.

Marlene Windham Engaged to Wed

Mr. and Mrs. Julius C. Windham of 71 Ridge Drive have announced the engagement of their daughter, Marlene Candace, to Anthony Richard Riela, son of Mr. and Mrs. Andrea Riela of West Orange.

Miss Windham, a graduate of Livingston High School and Lebanon Valley College, is employed by Foster Wheeler Corporation. She also is a graduate of the Katharine Gibbs School.

Her fiance was graduated from Johns Hopkins University and is a medical student at the College of Medicine and Dentistry of New Jersey.

Auto Rally Sunday

The Greater Rockaway Auto Sports Society will sponsor a 100 mile auto rally starting at Livingston Mall on Sunday, November 13, at 10 a.m.

The rally is designed for beginners, but will still present a challenge to more experienced rallyists. The event is open to all types of cars and light trucks, and prizes are awarded in several categories defending on equipment and experience.

Further information on the rally is available from Atwell Haines, 584-1643.

Electric stoves, hot water heaters and clothes dryers are among the largest users of electricity in the home.

FAMILY SAFETY NIGHT will take place at Collins School on Thursday, November 17, at 7:30 p.m. Fire Chief Charles Schilling will discuss safety tips useful to the entire family and show a short health and safety film for the children while parents receive information on CPR and the Heimlich method of first aid for choking. Co-chairmen of the meeting are Barbara Fleisner and Jane Russo. Displaying posters to advertise the safety night are Danny Monks, David Russo, Christy Fleisner, Carolyn Jesky and Michael Russo.

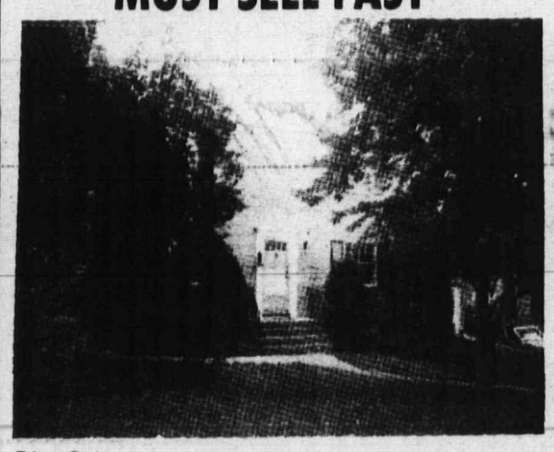

Plays Volleyball

Kathleen Higgins, daughter of Mr. and Mrs. James Higgins of 9 Browning Drive will represent the University of Massachusetts as a member of the women's intercollegiate volleyball team in competition at the Massachusetts Association of Intercollegiate Athletics for Women tournament November 12 at Salem State College. This is her second year on the team. She is a senior Spanish major.

Shopping for jewelry....
compare the others, then come here.

Some people think that because of Satsky's reputation of fine quality and service you pay more. No you don't. Shop around.... then shop us. We refuse to be undersold. Here's why.

- We do not permit other stores to undersell us - even so called discount stores.
- Our tickets only show one price.
- We are a family run business
- Our stores look expensive, but don't let this frighten you...they are our home away from home.
- We buy large quantities of jewelry and diamonds and pass the savings along to you.
- We design and supervise our custom made jewelry in our own workrooms.
- No, you don't pay for the name.
- We refuse to be undersold.

KEY CLUBBERS Peter Cohn, Les Wong and Jeff Gaier assist Livingston residents David and Eileen Gardiner to load newspapers collected for the PT Council Paper Drive. The PT Council scholarship fund will benefit from the proceeds. Paper drives will be conducted the first Saturday of the month. The next one is scheduled for December 3 from 9-12. The depot is the teachers' parking lot at Livingston High School. PT Council scholarship chairman Doris Dean said that the Council hopes to expand its scholarship program; PT Council currently awards a $1000 scholarship to a graduating senior at LHS.

SIXTH GRADE ARTISTS at Collins School made string art pictures by driving small nails into baseboards and then lacing them with colored string. Art teacher Judy Kaplan and principal Ralph Celebre admire the work with two of the student artists, Jim Savage and Robert Silverstein.

3 Are Jailed By Local Court

Three of five people involved in a shoplifting incident at Livingston Mall last August appeared in Municipal Court this week to answer a variety of charges relating to the case. One of the others was a juvenile, and the other apparently jumped bail and did not appear in court when scheduled.

The marathon court case lasted from 9 a.m. to 3 p.m., with the presentation of several witnesses as well as the defendants themselves.

Police said that they had stopped Donald Brown of Livingston and four passengers in a car on Kennedy Parkway on August 18 after receiving a report of a stolen tool box from the mall. Searching the car, police recovered the tool box, along with two bags of new clothing from Bamberger's, Hahne and Company, the Proving Ground and Lerners, all at the shopping center.

Taken into custody were Brown, Thomas Sanders of Union, William Branch of East Orange, Georgetta Reese of Union and a female juvenile whose name was not disclosed. They were charged with possession of stolen property, loitering with intent to steal, possession of dangerous weapons, contributing to the delinquency of a minor, and breaking and entering.

Branch failed to appear in court for the hearing.

In questioning by prosecutor Lloyd Levenson, Brown admitted breaking into a parked car and stealing a tool box, but his account of the other events of the day did not match that of the other witnesses. Judge Martin J. Brenner found Brown guilty of receiving stolen property and of breaking and entering, and sentenced him to two concurrent six month jail terms.

Sanders was found guilty of loitering with intent to steal, and was sentenced to 30 days in jail. Miss Reese also received a 30 day sentence for loitering with intent to steal.

A warrant has been issued for the arrest of Branch, whose bail was forfeited when he failed to appear. A separate trial will be conducted when he is arrested.

Heritage News

New ninth grade officers at Heritage, Elissa Pottheiser, Doug Burns, Sheila Write and Mona Grad, relax on the furniture purchased for the school library by last year's ninth grade class. The gift included two couches and a table.

Ninth Grade Class Officers

Last week the following students were elected as officers for the ninth grade class for this year: President, Elissa Pottheiser; vice president, Sheila Writt; secretary, Mona Grad; treasurer, Doug Burns. The officers are in charge of all ninth grade activities for this year in conjunction with Nancy Smorzynski, the ninth grade advisor.

In one of their first actions, the officers decided to continue the ninth grade yearbook which has become a tradition at Heritage. Selected as editors-in-chief were Allison Baron, Daniel Sher and Dara Olesky.

Visitor to Eighth Grade Social Studies Class

On Monday, Dr. David Cowell, an associate professor of political science at Drew University, spoke to Mrs. Pearlson's fourth period class about the Middle East. Dr. Cowell is the director of a Drew University semester on the United Nations. The students are completing a study on the cultures of the Middle East.

Crafts and Hobby Show

On Saturday, November 19, a crafts and hobby show is being held in the cafeteria from 10:30 a.m. until 2 p.m. Students, parents, and faculty who have special hobbies or an exhibit that they would like to share are invited to call the Heritage office at 994-1550, extension 296, to make arrangements for participating in this activity. All members of the community are invited to attend.

Heritage Herald

The first issue of the Heritage Herald, school newspaper, was published this week. The paper is sponsored by Mrs. Marilyn Beer, and the three student editors are Karen Ziemke, Michele Carola and Leonard Moskowitz. The news editor is Elinor Magid; layout, Stacey Boden; art, Lillie Beckerman; features, Tom Deitch and Lia Hatzimanolis; typing, Joanne Dougherty; and Leonard Esmond is responsible for business and circulation.

Math Contest

On October 26, two students from Heritage, Daniel Goldstein and Evelyn Mills, participated in the Iron Hills Math Contest which took place at Morris Hills High School. All schools in the conference participated in the contest which was held for grades nine through 12. Evelyn participated in the Algebra I division and Danny Goldstein in a special category, because as a ninth grader he has completed all the math courses offered by the Livingston school system. The Livingston team took second place in the contest.

In College Concert

Adreiy Mirchuck, son of Mr. and Mrs. Mykola Mirchuk of 110 East Cedar Street, performed his own composition, "Classic," at Franklin and Marshall College on Wednesday. A pianist, he was accompanied on violin by Jonathan Daitch of Westfield. Mirchuk is a senior in mathematics at the college.

A color television set can use as much power as six light bulbs.

COFFEE HOUSE PLANS. Livingston Youth Service Bureau and the Methodist Youth Fellowship members gather to discuss their coming coffee house which will begin in January and feature entertainment and refreshments. It will be open to all Livingston young people. Left to right are Jan Gordon, Bronwyn Griffith, Ward Anthony, Brad Anthony, Cindi Cole, Glenn Cummings and Mike Profita.

We Did It! We Did It!

We feel very elated today as we go to press. Against all the odds and the forecasts of many people with political savvy, the Citizens for Charter Change in Essex County won out. The public voted for the change in the form of Essex County's government!

It was a long, heart-breaking, often frustrating, battle waged by a bunch of political neophytes, and we are proud to be included among them. At times, plagued by roadblocks, lack of funds, and general exhaustion, we came close to quitting. However, we kept going, and we won our point.

It was a wonderful undertaking, and it is heartening to know that it is possible for such a grassroots operation to win out even in this day of super-power politics.

We look forward a year hence to the establishment of the new governmental form, and sincerely hope that qualified persons can be induced to run so that the utmost good can be achieved from the change.

. . . and to all who contributed in any way to the success of the campaign, our heartfelt thanks personally, and on behalf of the steering committee of the Citizens for Charter Change.

Change Still Needed

The election has been held and Governor Byrne has been re-elected in a so-called miracle comeback. There will be many explanations of what happened and why, but we believe that the most valid one is that the opposition politicians misinterpreted the public reaction to the state income tax.

They felt that the outcry against the tax was a state-wide majority mandate to get rid of an income tax. Actually, a great deal of the opposition was not against an income tax per se, but against the way this particular tax was drawn. It was a stopgap measure, full of ridiculous aspects, such as the return of money directly to the property-owner.

Unfortunately, Mr. Bateman's alternative plan showed very little chance of working. It appeared to be unsound on its face, and we think that is the reason for his defeat.

However, this does not mean that the public has mandated for the retention of the tax as it now exists. We believe that most supporters of the income tax concept feel strongly, as we do, that changes must be made in the present plan.

We still urge that property tax relief be achieved by taking the income tax money and using it to pay court and relief costs — items now paid for by the county, and therefore by a property tax. In this way, there would be direct property tax relief without the foolishness of collecting the tax, processing it, and sending part of the tax conveniently back to the property owner just before elections.

Wait for Green

Last week we devoted some news space to the new traffic signals at Northfield Center, but driving through the intersection several times each day we can see a problem there that bears mentioning: the lights do not follow a regular pattern, and drivers too accustomed to "jumping" the light are going to get hit.

As we explained last week, the new signals are the first of their kind in this area. The big control box near the bank building houses a small computer that selects one of eight possible traffic patterns, basing its choice on detectors under the pavement that indicate how many cars are in each lane. The trick is that these eight patterns do not follow any regular cycle.

At a conventional intersection, such as Livingston Center, we are used to looking for the amber light for the other road as a signal to get ready, then the green arrow for a left turn on "our" road, followed by the green light for through traffic. Don't try that at Northfield Center! The yellow light for the other guy does mean that his cycle is coming to an end, but only the computer knows what's coming up. It could be any of the seven remaining patterns, some of which will allow you to go and some of which will be unfamiliar.

The only answer is to do what we all should have been doing in the first place: go when the light is green, and not when the other guy's light is yellow. Perhaps we are so accustomed to familiar patterns that the county should add some signs: "trick light: wait for green." There are similar signs on lots of complex intersections, and while they really shouldn't be necessary, they might be a useful reminder.

NCJW Volunteers Offer Phone Advice

Essex County Section, National Council of Jewish Women has announced the launching of its new community service project — WISH. Women in Self-Help is a telephone listening and information referral service designed to help women help themselves to find answers to everyday living concerns.

The WISH telephones will be manned by trained Council volunteers on Mondays through Fridays from 9:30 a.m. to 2:30 p.m., starting on Thursday, November 17. The phone number is 678-WISH, numerically 678-9474.

Considering the stresses and concerns facing today's women, the Essex County Section of National Council of Jewish Women has instituted this project to help women face realities with support, referrals, and direction. Questions about parental care, adolescents, health, legal affairs, aloneness, the job market, and others can be answered by referrals provided by WISH.

The WISH volunteers who answer all calls are women who have had extensive training with professional people.

According to Blanche Dorman of Livingston, WISH project chairwoman, the response from the community regarding the need for WISH has been most encouraging and the response from Council member volunteers has been overwhelming. The service is free and anonymous.

THE BEST SELECTIONS. Hillside School first graders Kim Barra, Elaine Kravetz, Susan Hoffman, Ken Schultz and Jeffrey Horn look over the many choices available at the coming book fair. The event will take place November 15, 16 and 17 from 9 a.m. to 4 p.m. in the auditorium.

Township Joins New HUD Program

By terms of an ordinance introduced on first reading Monday evening, the Township of Livingston will join with other Essex County Communities in a new interlocal services agreement. The agreement modifies one dated February 10, 1975, in which the various communities became eligible for funds under the federal housing and community development act.

The modification is being made to coincide and conform to a new state law so that state as well as federal aid can be received. Under the federal program certain sizes of populations must be involved before the urban aid program can be given. By joining with other Essex communities, all become eligible.

Mayor Coburn stated that Livingston actually is joining now to keep faith with other communities. The township has already received its share with federal funds being used for the enlargement of the sewer plant.

Dog Owners Fined

Two Livingston residents were fined for dog violations in Municipal Court on Thursday.

Bram London had been charged with letting his dog run loose without a license. He was fined a total of $15 and court costs of $15 on the two offenses.

Donald Nestor was fined $15 and costs for a second offense of letting his dog run loose.

Agree on Future Land Adjustments

A resolution which promises an adjustment of land boundaries through either purchase, sale, or trade was passed by the Township Council Monday evening. Involved is an odd shaped parcel of property owned by P. Vincent Maolucci and his wife Ethel, and adjoining Township-owned land, also odd shaped.

The property in question lies between Beaufort Avenue and Eisenhower Parkway fairly close to the northern boundary of Livingston. The Maolucci property approaches, but does not quite reach Eisenhower Parkway. It terminates in a triangular point a short distance from the highway. The Township owns two roughly triangular plots surrounding this point, as well as other lands adjacent to the Maolucci property.

In the course of planning the Fullerton's Brook trunk line sewer, it was necessary to get an easement across the Maolucci property. It was felt at first it would be necessary to go through condemnation, but the Maolucci's attorney indicated his clients might reach a deal outside of the courts if their future interests could be protected. This would save considerable expense.

The agreement is that if under the new zoning plan of the Township the property in that area is zoned for other than residential purposes, the Township will get together with the Maoluccis. Either by sale, purchase, or trade, provision will be made that the Maolucci property will have access to Eisenhower Parkway. The Township would initiate the plan, but there is provision for the Maoluccis to take some action if the Township fails to act.

REALITIES OF REAL ESTATE

By Doris V. Sussman, Realtor

WHAT IS GOOD CONSTRUCTION?

How can you tell whether a house you are thinking of buying is well built? This is not an easy question to answer, since much technical knowledge is necessary to judge a house structure. Even among experts, the pros and cons of alternative materials and methods are endlessly debated. You are, in short, entering a technological no-man's-land as an amateur.

Nevertheless, there is a remarkable similarity in the way most houses are put together, certain general rules that apply to all, and certain inspections you can make.

In a new house, you can reasonably look for the most modern, proven ideas in materials, design, and technique. In an old house such ideas may be lacking, though the house may have been well built by the standards of its time. Your principal concern with an old house will be its condition, which normally reflects how well the house was constructed in the first place. The presence or absence of insulation illustrates the difference in approach. When fuel oil cost eight or nine cents per gallon homeowners didn't worry much about heat lost through the roof and walls. In a cold spell they just turned the thermostat up a couple of degrees. But at triple or quadruple the price per gallon, wasted heat can be a heavy item of monthly expense. Therefore good insulation to prevent heat loss has become a high-priority construction detail. Today air conditioning adds another insulation need, to prevent the entrance of outside heat and overworking the costly cooling unit. Accordingly, inadequate insulation in a new house may be considered a serious defect, whereas insulation that has been added to an old house by a previous owner greatly increases its desirability and value.

Good construction does not necessarily mean expensive construction. Some quite costly houses have been poorly built because someone made a mistake. Good construction means housing that is snug, safe, sanitary, comfortable, easy and economical to operate and maintain — and durable. The better your house is built, the more likely you are to enjoy living in it and to get a good price when you resell it someday.

Learn Archaeology

The cultural arts committee for Unit III at Collins School presented a program on archaeology to the fifth and sixth grades on Friday, November 4. Sherrie Lenzen, a PhD candidate at Drew University, spoke about her recent archaeological expedition to the coast of Israel. She showed the children, who have been studying ancient Egypt, artifacts collected on her dig, as well as the specialized tools used by archaeologists. The program was arranged by Dina Culff and Joan Tedlow, chairpersons, Cultural Arts, Unit III.

Academy Students In Debate Tourney

Eighteen students from Newark Academy on South Orange Avenue in Livingston will travel to the University of Massachusetts this weekend to apply what they have learned in a debate course. The group — 16 "novices" and two varsity debaters — will compete in the 17th Annual High School Debate Tournament run by the university's Debate Union.

The debate topic this year is the resolution, "That the Federal Government should guarantee comprehensive medical care for all citizens in the United States."

The 18, who have completed hours of research on the health care system in the U.S., comprise a class in debate that is offered by the Academy's English Department.

Most schools confine debating to the realm of extracurricular activities. At Newark Academy the course emphasizes not only the genre of debate, but also the art of extemporaneous speaking. Speeches are based on current events and reading of national news magazines and daily newspapers is required.

Taking part in the course are Livingston residents Natali Franzblau and Jeffrey Cohen.

World energy consumption is expected to double between 1970 and 1980, and triple by 2001.

BOOK FAIR POSTER WINNERS at Mt. Pleasant Elementary School advertise the annual event which will take place November 15, 16 and 17 from 9 a.m. to 4 p.m. and on Tuesday from 8 to 10 p.m. in the small gym. Educational games and gift items will be available along with a large book selection. Poster winners are Amy Smith, Shari Subarsky, Sara Erde, and (kneeling) Nancy Schofeld, Stacey Prince and Stacey Orange. PTA members working on the book fair are Joan Citron, Jackie Steinberg, Lainie Eisen and Harriet Kirschner.

Hockey Bantams Rescue 3-3 Tie, Go On to Defeat Ironbound 5-3

The Livingston Hockey Club Bantam A's employed some last second heroics this past weekend to tie Garden State Hockey 3-3 and register a come from behind 5-3 win over the Ironbound Hockey Club at the Florham Park Arena.

In the Garden State battle, Livingston was behind at the end of the game when Don Julich, taking a center face-off with only 21 seconds showing on the clock, skated around two Garden State defenders to stick the puck in the net and tie the score in the final 6 seconds of play.

Keith Simons had put Livingston on the boards at 10:31 of period two when, on assists from Julich and defenseman Dave Conklin, the wing drove a short wrist shot past the Garden State goaler.

Simons, teaming up with Howie Solomon and Brad Zipper, scored his second goal of the game at 5:31 of period two to give Livingston a 2-1 lead going into the final stanza.

Lonnie Schaffer, Dave Conklin, Jim Gill and Mike Wolfensohn handled the defensive assignments for the Bantam A's, sharing both penalty killing and power play assignments with Dave Goret, Brian McKernan, Steve McCurdy, Mike Deresky and Jerry Dore as both teams racked up 17 minor penalties and four major assessments.

Defeat Ironbound

A third period scoring spree by the Bantam A's gave the team its first win of the season as they defeated a rugged Ironbound squad 5-3 with four third period goals.

Don Julich started the third period effort for Livingston with a goal at 7:50 on an assist from Lonnie Schaffer.

Brad Zipper followed Julich with a wrist shot from a rebound pass by Dave Goret for Livingston's second goal in a span of eight seconds.

Dave Goret and Steve McCurdy rounded out the fourth period scoring for the A's as Goret scored on an assist from wing Howie Solomon, and McCurdy connected on a lead pass from Don Julich at 11:12 of the period.

Keith Simons scored Livingston's opening goal against Ironbound when the first year Bantam scored the club's first shorthanded goal of the season at 13:00 of period two.

Jeff Knorr was again in the nets for Livingston, and the goaler turned in his third strong game of the season, making 22 saves against Ironbound and 29 saves against the offensive minded Garden State club.

Coaches Joe Hannabach and Al Barry said the team still has some hard work ahead as they face Montclair and Brick in the coming week at the Montclair and Branch Brook arenas.

Jeff Lawrence, the other fine Bantam goaler, has been scheduled by coach Hannabach to start the Montclair game on Saturday. Lawrence, who handled the Pee Wee "A" assignments last year, will start his first Bantam game of the season at the Montclair Arena.

John Zaremba to Discuss Panama

John Zaremba of the Livingston Library will speak to the literature and international affairs department of the Livingston Women's Club on Tuesday, November 15, at 10:30 a.m. at the home of Mrs. E. Ezell, 35 Concord Drive. Co-hostess will be Mrs. P. Wagner.

Zaremba's topic will be "Panama." He is a graduate of Cardinal Hays High School in the Bronx and Fairleigh Dickinson University with a major in history. He holds a master of library science degree from Pratt Institute in Brooklyn. For six years he studied theology and philosophy at Maryknoll Seminary in New York. Most recently he worked as cataloger of books in the Wilbour Library of Egyptology of the Brooklyn Museum. He came to the Livingston Library in 1973.

Mrs. F. Scherer also will give a book report on "Majesty."

Feller Daughter

Mr. and Mrs. Richard I. Feller of 72 Ridge Drive are parents for the first time. Their daughter, Melissa Haley, was born October 28 in Saint Barnabas Medical Center weighing six pounds, two ounces. Melissa's mother is the former Brenda Shabel, daughter of Mrs. Harry Shabel of Maplewood. Mrs. Morton Feller of Livingston is the paternal grandmother.

TOWNSHIP OF LIVINGSTON
PENDING ORDINANCE

The ordinance published herewith was introduced and passed on first reading at a meeting of the Township Council of the Township of Livingston held on Nov. 7, 1977. It will be further considered for final passage after public hearing thereon at a meeting of said Township Council to be held on Monday, Nov. 21, 1977, at 8:30 p.m., at the Township Hall, 357 South Livingston Avenue, Livingston, N.J., at which time and place all persons interested will be given an opportunity to be heard concerning the same. A copy of said ordinance has been posted on the bulletin board in said Township Hall, and additional copies thereof are available at the Township Clerk's Office in said Township Hall to the members of the general public who shall request the same.

Renee Green
Township Clerk

ORDINANCE 33-1977

Ordinance Authorizing the Mayor and Township Clerk to execute an agreement with Essex County to modify the Interlocal Services Agreement dated February 10, 1975.

WHEREAS, certain Federal funds are potentially available to Essex County under Title I of the Housing and Community Development Act of 1974 and 1977, commonly known as Community Development Block Grants; and

WHEREAS, it is necessary to amend an existing Interlocal Services Agreement for the County and its people to benefit from this program; and

WHEREAS, an Agreement has been proposed under which the Township of Livingston and the County of Essex in cooperation with other municipalities will modify an Interlocal Services Program pursuant to N.J.S.A. 40:8A-1; and

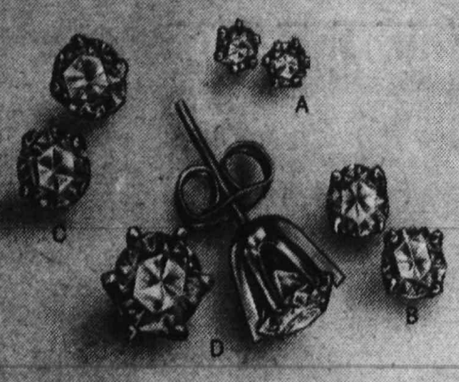

WHEREAS, it is in the best interest of the Township of Livingston to enter into such an agreement;

Now, therefore, BE IT ORDAINED by the Mayor and Council of the Township of Livingston, that the agreement entitled, "Agreement to Modify Interlocal Services Agreement for the Purpose of revising the Cooperation Agreement so as to be in compliance with the U.S. Department of Housing and Urban Development's current administrative requirements," a copy of which is attached hereto, be executed by the Mayor and Township Clerk in accordance with the provisions of law; and

BE IT FURTHER ORDAINED that this ordinance shall take effect immediately upon its enactment.

Karen Kirsch Bride of Marc Maurer

Karen S. Kirsch, daughter of Mr. and Mrs. Bernard Kirsch of 14 Knollwood Drive, became the bride of Marc H. Maurer, son of Mr. and Mrs. Norman Maurer of Oceanside, New York, on Sunday, November 6, in the Crystal Plaza. Cantor Norman Summers performed the ceremony.

Lynn S. Kirsch served as her sister's maid of honor. Bridesmaids were Lisa and Michele Maurer, the bridegroom's sisters.

David Markowitz acted as his cousin's best man. Ushering were Kenneth Perschetz and Scott Markert.

After a wedding trip to St. Thomas and Puerto Rico, the couple will live in Parsippany.

The new Mrs. Maurer, is a graduate of Livingston High School and Fairleigh Dickinson University. Her husband was graduated from Oceanside High School and FDU. He is a salesman for Preferred Packaging Corporation. The bride is a report analyst for Hartz Mountain Company.

To the Editor:

For Less Sweets

Letter to the Editor:

It is with great admiration that I learned of the effort made at Burnet Hill School last week.

Through the cooperation of parents, teachers and the school administration, nutritional and less carciogenic snacks were served during the Halloween festivities.

The time has come for our community with its high educational and health standards, to reach our children during the period when life long eating habits are being established. The substitution of nutritional foods for those high in sugar content will do much to reduce tooth decay and improve the general health of our young citizens.

It is important that we evaluate our school lunch program and establish new guide lines to eliminate "junk foods" in our schools.

Donald I. Kalfus DDS
13 Wychwood Road
Livingston

The U.S., which imports about 20 per cent of its oil, has no deepwater port that can handle modern oil tankers.

A display on the United Methodist Homes of New Jersey is examined by Livingston United Methodist Church mission chairwoman Kitty Shaller and the Reverend E.T. Holland.

Church Examines Methodist Homes

The Reverend E.T. Holland, program director for mission for the Methodist Northern New Jersey Conference, delivered the Sunday sermon at the Livingston United Methodist Church. His presentation elaborated on many aspects of the Methodist Church work, including United Methodist Homes of New Jersey.

The local church has initiated a Mission of the Month Club which serves to inform the congregation of various needs and allows them to contribute as a whole. November's Mission of the Month is the United Methodist Homes of New Jersey.

Since 1907 this organization has provided care for seniors, starting with a small home in Ocean Grove and growing to seven homes in the state with staff and facilities for health care, social programs and spiritual growth. The homes serve about 850 residents.

On November 2 the Rebekah Circle was host for a trip to the Branchville Methodist Manor, one of the homes operated by the organization.

Earlier in the year the September Mission of the Month was the Metropolitan United Methodist Ministries Life Support Pantry, which provides food for needy families in Newark. In October the church examined the problem of world LIFFT Hike for Hunger on October 23.

Medical care will be studied in December, with a program on the Methodist Hospital in Brooklyn and the Protestant chaplaincy program at Saint Barnabas Medical Center.

Rita Hutchinson Dies On Sunday

Mrs. Rita Hutchinson, 58, of Livingston died Sunday, November 6, in Saint Barnabas Medical Center. A member of the Guild of St. Barnabas, she moved here 28 years ago. She was born in New York City.

Services will be held today at 9 a.m. in the Hopping Funeral Home followed at 10 a.m. by a mass in St. Philomena Church. Burial will be in Calvary Cemetery, Queens, New York.

Mrs. Hutchinson is survived by her husband, Edgar C., a son, John C. of East Windsor, a brother, George J. LeGrand of Livingston, and one grandchild, Kelly Hutchinson.

Kubichek Baby

Mr. and Mrs. Frank Kubichek of 78 South Ashby Avenue now have a second daughter, Michelle Francine, born November 1 in Saint Barnabas Medical Center. Michelle weighed an even six pounds at birth, and joins a sister, Sandra Jill, five. Her mother is the former Susan Goldner of West Orange.

THE FOUR STATESMEN quartet will appear in the Livingston Dapper Dans fall show on Saturday, November 26, at 8:15 p.m. in Livingston High School. International champions in 1967, the quartet derives its name from the fact that each member lives in a different state — New Hampshire, Rhode Island, Massachusetts and Connecticut. Tickets for the show are available by calling 992-9279.

NOVEMBER

Holiday Shopping in November?
Yes — because we'll make it
so-o easy for you . . .
and here's how we'll do it:

We'll monogram any item of $7.00 or more that you purchase in November — at no charge!

We'll gift wrap your November purchases in any of our 32 exclusive Holiday wraps — 10 of which are free in November!

We'll hold your November purchases as long as you wish and mail them anywhere in the USA — free of charge!

We'll engrave any engraveable piece of jewelry and put metal-like initials on any handbag you purchase in November — at no charge!

Your November charges are not due for payment until February — with no finance charges in December or January for your November purchases. And by the way, it's easy as A-B-C to open a J-M-T account!

J*M*TOWNE & CO

The two specialty stores where fashions for the whole family and gifts for the home are carefully selected always to be in the best of taste — and where shopping is a pleasure even at Holiday time . . . and don't worry about a mistake — no sale is ever final at J-M-T!

Lt. R.J. Johnson In Army Exercise

Second Lieutenant Robert J. Johnson of Livingston, and other members of the 82nd Airborne Division from Ft. Bragg, N.C., recently participated in exercise "Cavalier Devil" at Ft. A.P. Hill, Virginia.

The exercise tested the unit's abilities under simulated warfare conditions. Aggressor forces for the exercise provided by the 3rd U.S. Infantry, regularly stationed in Washington, D.C.

Lt. Johnson, a platoon leader with the division entered the Army in January 1974. He received his commission through an Officer Candidate School.

The lieutenant attended the University of Colorado at Boulder. His parents, Mr. and Mrs. William C. Johnson, live at 47 Virginia Avenue.

An ignition and carburetor tuneup for your car can save gasoline.

Dr. San Giovanni Discusses Soccer

Dr. Lucinda San Giovanni, professor of sociology at Seton Hall University, will speak on "Sport and Soccer: A Sociological Perspective" to members and guests of the Mount Pleasant Junior High School Home and School Association meeting on Wednesday, November 16, at 8 p.m. in the school library.

Her talk will cover relationships between sport and other social institutions, a cross-cultural comparison of organization of sport in a variety of societies, and the impact of sport as a socializing agency. Particular emphasis will be given to the emergence of soccer as a viable sport in the United States; why it took so long for acceptance; the differences between soccer and other popular team sports in terms of organization; the possible impact of American culture on soccer; and the alleged advantages of soccer over other sports. A question and answer period will follow the lecture.

Dr. San Giovanni has been on the faculty of Seton Hall University since 1965. She has done extensive research in the fields of sociology and sport, and women in sport.

First Aiders Will Demonstrate CPR

On Tuesday, November 15, at 7:45 p.m. the Livingston First Aid Squad will present a lecture and demonstation of CPR at Mt. Pleasant Elementary school. The program is sponsored by the school PTA.

It has been estimated that approximately one million people in the United States experience myocardial infarction each year. More than 650,000 die annually of heart disease, 350,000 within the first two hours outside of the hospital.

CPR is an integral part of basic life support than can be started at the scene of an emergency, if needed. The Livingston First Aid Squad will have information on where to go for a complete course.

Squirt B's Tie North Stars 3-3

The Livingston Hockey Club, Squirt B Division, tied its opening game with the North Stars on October 29. The final score, 3-3, represented a good effort on the parts of rookie goalies, Brian Marino, and Larry Garb, who made some great saves. Two goals were made by Richard Giacalone, assisted by Craig Cohen; and Cohen made the final goal, assisted by Donald Pecora.

The Squirt B Division did not fare as well at the next games on October 30 and November 6, losing 11-0 to Garden State and 12-0 to Cranford, despite a valiant attempt by team members Ilan Altman, Michael Cherenson, Craig Cohen, James Crawford, Larry Garb, Richard Giacalone, Jay Hochberg, Jonathan Kleinstein, Barry Komitor, Brian Marino, Lee Navlen, Michael Ohlweiler, John Oswald, Tucker Oswald, Donald Pecora, Adam Stulberger and Jeffrey Weinstock.

Decorating Details

The Northfield Garden Club of Livingston will meet Monday, November 14, at 8 p.m. at the home of Ethel Norris, 21 West Lawn Road. Co-hostess will be Julie Collins. The program, "Christmas Decorating Throughout the House," will be given by Mary Carriero of Millburn.

Note-A-Belles

For more than a decade Mount Pleasant Junior High School Note-A-Belles has maintained a reputation for excellence as a vocal group. Members of this aggregation are selected through auditions held early during the school year. Participants select a song of their choice to sing. They are judged on voice range and projection, pitch and appearance. Thirty-one of the 68 girls audtioning achieved membership in Note-A-Belles this year.

The Note-A-Belles perform at the school's winter holiday assembly and the annual Arts Festival. This year the organization hopes to expand the number of concerts performed in our community.

The organization's director, Anthony Polito, looks forward to working with this year's group and fully expects them to live up to the high performance levels of their predecessors.

This music organization is a compliment to the seventh, eighth and ninth grade choruses who perform regularly at the school.

A recent addition to the school's music production team is a group calling themselves the "Footnotes" who dance in accompaniment to songs performed by the "Note-A-Belles." Tryouts were held early in the school year which resulted in the appointment of three seventh; two eighth; and two ninth grade students to the dance ensemble.

The finalists were required to improvise a dance routine to accompany the playing of the "Theme From S.W.A.T." The girls were judged on originality, grace and style. This year's squad includes Stefani Zimmer, Kim Mogull, Donna Pecora, Bobbie Nusbaum, Tina Egnezzo, Ann Judge and Barbara Frasca. The entire school looks forward to the polished performance of these organizations in the near future.

Field Hockey

The Mountie field hockey team hosted a game with Millburn on Monday, October 31. Both teams were very tough, not allowing the other to score. Again Mount Pleasant tied Millburn with the final score 0-0.

On Tuesday, November 1, the field hockey team traveled to North Junior high for a 1-1 tie. North scored on a fast break, outrunning our defense. Mount Pleasant waited until the clock was down to 30 seconds to tie the game. Helene Freda made the tying score with an assist by Debbie Siegel.

In the JV game, Mt. Pleasant won 1-0 with a goal by Tina Egnezzo with an assist by Debbie Siegel.

The field hockey team trounced South Bloomfield Wednesday, November 2 with a whopping score of 4-0. South Bloomfield trembled each time Debbie Seigel and Helene Freda stormed down the field. Tina Egnezzo and Patty Kelly were also key figures in the phenomenal Mountie victory. Excellent teamwork dominated the entire match. Joyce Zelkowitz and Coleen Brennan also merit special mention for their efforts in this game.

The Mounties Cross Country team made it two victories in a row over cross-town rival Heritage Junior High on Tuesday, Novmeber 1, by recording a 27-30 win in a thrilling race at the loser's course. Mt. Pleasant's ace harrier, Doug Holliday, ran uncontested as he crossed the finish line of the two mile course well ahead of the pack in 14 minutes 37 seconds. The Mounties' Jon Rubin came in second in 15:08, followed by teammate Robbie Petriw in 15:13. Heritage runners captured the next six places, but Mt. Pleasant's Neal Winters took tenth place and Richie Blatt took eleventh place to ice the win.

Scott Needles, John Lynch and Dennis O'Connor also ran for the Mounties.

Football

The Mountie football team turned near disaster into a thrilling victory on Friday, October 28, as they came from 16 points behind to edge South Bloomfield 18-16. The victory clinched at least a tie in conference play and enabled the Mounties to remain undefeated with a 4-0-1 record.

South dominated the first half of play and jumped to a 16-0 lead. With only three minutes remaining in the half, the Mounties drove 70 yards for their initial score as Stan Yagiello threw a 27 yard TD pass to John Whelan and the Mounties trailed 16-6 at halftime. The second half was all Mt. Pleasant's as the offense started to roll and the defense tightened up. Stan Yagiello, Fred Apicelli, Jon Brandt and John Whelan sparked the running attack, while Dave Peck made three clutch receptions. Both Mountie touchdowns were scored by Stan Yagiello on runs of three yards and one yard, with the latter coming late in the fourth period.

With the score 18-16 and time running out, South moved to the Mt. Pleasant ten yard line. South's final play of the game was stopped short of the goal, securing the Mountie victory.

Soccer

On Friday, October 28, the Mountie soccer team suffered its second loss at home to Summit. The Mounties started by taking a lead of 1-0, but it wasn't enough to hold back the tough Summit team.

On Monday, October 31, the Mountie Mad Dogs soccer team suffered its third defeat in nine games. A tough Millburn team took advantage of our inexperienced goal tender. Millburn was victorious with a 6-1 final score.

On Tuesday, November 1, the soccer team travelled to West Orange to battle Lincoln Junior High. Powerman Todd Silverberg was the top offense man, scoring three goals, which brings his season total to 20. Ross Kurzwiel and scrappy Skip Heyman set up the first of Todd's goals and Todd pushed the ball in to start the Mounties' offense. Next, Todd set up a play himself and kicked the ball in for number two. Soon powerman Todd was down the field again with a perfect unassisted shot. The ball went in but, unfortunately, a Lincoln player collided with Todd and he had to sit out the rest of the game.

Mike Friedin scored next. On a direct penalty shot Mike kicked the ball with such a professional spin that there was no hope for the Lincoln goalie. Jon Janes booted the ball into the Lincoln goal from a setup by Mike Friedin. The Mounties also played superb defensive ball. Eric Friedland was hit and lost some time due to an injury. Half-back Mike Friedin and Todd Silverberg, a lineman, played the fullback position until Eric retruened. Scott Johnson played an excellent first game as goalie. The final score was 5-0.

On Thursday, November 3, the Mountie Soccer team crushed Morris Hills 8-0. The home game began with the Mounties looking very strong. In the first half, four goals were scored. The first was made by powerman Todd Silverberg, who came roaring down the field and pushed in a goal on a setup by Dave Gardner. Mike Friedin displayed his skill by booting in a setup from Todd Silverberg. Soon after Todd scored twice again with assists by Mike Friedin.

In the second half an aggressive Ethan Adams scored on a setup by Silverberg. Following this seventh grader Ross Kurzwiel kicked in a goal with an assist by Silverberg. Todd did not stop there. Before the game ended, he scored two additional goals. One was an unassisted play which the goalie never reacted to, and the other was a direct penalty shot.

It was also a fine day for the defensive soccer team. Eric Friedland and John Johanson played a great game and Kieth Allen, Greg Hefter and Kieth Simons played sensational soccer. Between goalies Scott Johnson and Mike Swimmer not one Morris Hill shot scored.

SUMMIT AND ELIZABETH TRUST COMPANY awarded a pile of silver dollars, a pumpkin and a wagon to seven year old Pellegrino Pescatore of North Caldwell this week when he won the bank's weight-guessing contest. Jane Davis, branch manager of the bank's Livingston Mall office, makes the presentation. Contestants attempted to guess the weight of the pumpkin, with a grand prize of silver dollars equaling the number of pounds of pumpkin.

Burnet Hill School Plans Book Fair

The annual Burnet Hill School book fair will be held Tuesday, November 15, Wednesday, November 16, and Thursday, November 17, at the school. Hours are 8:30 a.m. to 12:20 p.m. and 1 to 4 p.m.

Books will be on sale for every grade, reading level and interest. There will be a large selection of both paperbacks and hard cover books.

The book fair is sponsored by the Burnet Hill PTA. Deborah Fisch and Susan Greenhut are co-chairmen.

"Roots" Theme For Sisterhood

The Sisterhood of Temple Beth Shalom will have its paid up membership dessert evening on Tuesday, November 15, at 7:30 p.m. at the temple.

The theme for the evening will be "Roots." In keeping with this theme, traditional desserts and cakes will be served.

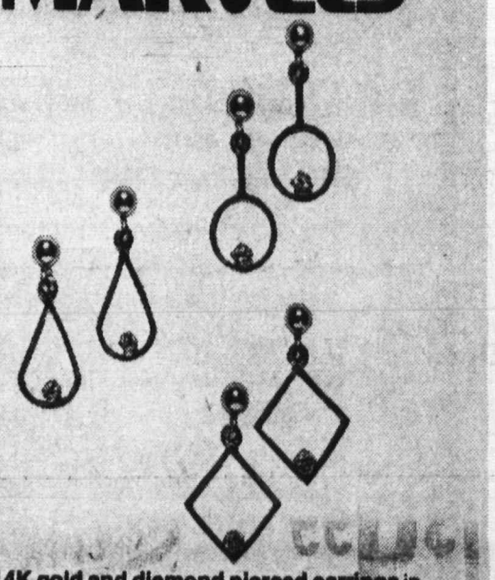

Over 40 new members will be welcomed into the Sisterhood.

Shoshana Ron, Israeli singer, will entertain. Miss Ron has lived in Israel and served in the Israeli army. She has entertained in Israel and in the United States, where she toured with an Israeli group. She sings in seven languages: Hebrew, Yiddish, English, Russian, Portugese, Spanish and Italian. She speaks the first four fluently.

Roberta Goldberg, vice president of membership, is in charge for the evening. Carole Bromfeld is president of Sisterhood.

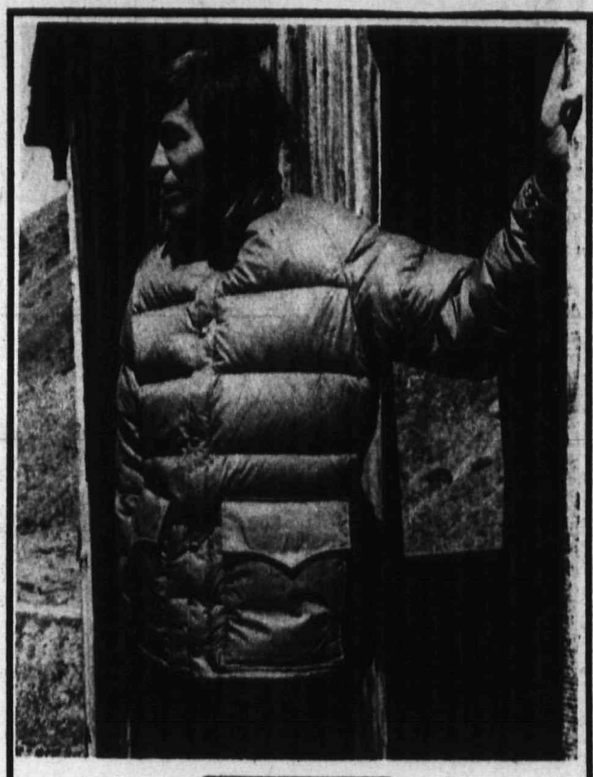

Washing clothes in cold water with a suitable detergent saves the energy needed to make hot water in the home.

PUMPKIN MONEY — On two consecutive Saturdays, the Livingston Advisory Youth Council had a pumpkin sale. The profits realized were donated to the Livingston Youth Service Bureau Monday night. Marilyn Joyce, chairperson for the sale, (fourth from the left) is pictured handing the check to Michael Profita, associate director of the Youth Service Bureau. Looking on, left to right, are Alvin D'Alonzo, advisor; Thomas Coleman, advisor; Councilman Dominick A. Crincoli, advisor; Leslie Yalof, secretary of the Council; Dana Strauss, Bob Litvak and Mark Esposito.

FOR SALE. Custodian Earl Lynch stands with some of the excess wooden school furniture to be offered for sale Saturday, November 19, from 9 to 11 a.m. at Harrison School. The sale is under the auspices of the Livingston Board of Education.

AUXILIARY POLICE Pistol Team members took part in an International Pistol Tournament recently, returning with several trophies. Holding the awards are Nick Pucciarello, Frank Kellett, Pete Harrison, John Ploch and Ted Vassil. The Pistol Team represents Livingston in tournaments throughout the year.

Hockey Squirts Now Going Strong

The results of the first few games in the New Jersey Youth Hockey League were announced this week by the coaches of the Squirt A team, sponsored by the Livingston Hockey Club. After a slow start the team picked up speed and has added three shutout victories to its won-lost record for the season.

The newly organized team had an exhibition game with Garden State Hockey Club, going home with a 9-2 loss. Joe Fodero and Chris Bass scored for Livingston in the losing cause, with an assist from Robert McKernan.

In the first league contest of the season, the Livingston team was host to the Essex County All Stars and showed considerable improvement although losing 5-1. The lone Livingston goal was scored by Chris Bass on an assist from Richard Marino.

Undaunted, the Squirts traveled to Brick Town for another league game, but lost 7-2 to the veteran Brick players in a hard-fought game. Goals for Livingston were scored by Richard Marino and Chris Bass, with Glen Whitman getting an assist.

The team finally hit the winning combination against the New Jersey Rockets in Totowa, outclassing the Rockets 4-0 through position play and a more aggressive game. Randy Klein opened the scoring on an assist by Joe Fodero in the first period. In the second period things picked up as Fodero scored again on an assist by Marvin Brooks. In the third period Richard Marino scored, assisted by Robert McKernan. The final score came on a quick slap shot by Glen Whitman from Richard Marino.

The victory seemed to spur the team to a greater effort against Ironbound last weekend in a home and home series. Livingston took the first contest on home ice in a tight game by a 1-0 margin. The only goal was scored by Richard Marino on a pass from Chris Bass. The next day the team traveled to Ironbound and swept the ice with a 7-0 shutout victory that was credited by the coaches as a real team effort.

Outstanding against Ironbound was Jon Herskovitz, with a three goal hat trick. Richard Marino had two goals, and Robert McKernan and Randy Klein had one each. Assists went to Glen Viditz-Ward, Chris Bass, Glen Whitman and Greg Cohen. The victory was Livingston goalie Chris Barra's third shutout, and he won tickets to a Ranger game from coach Richard Marino Sr. in recognition of his efforts.

The 15 members of the team are Chris Barra, Chris Bass, Marvin Brooks, Greg Cohen, Joe Fodero, Jon Herskovitz, Randy Klein, Richard Marino, Michael Moran, Robert McKernan, Steven Silverstein, Bill Timpson, Jim Treat, Glen Viditz-Ward and Glen Whitman. Coaches are Richard Marino Sr. and Tim Treat.

Isn't it about time your house went to work for you?

You've worked hard to build up equity in your home. Now, thanks to SUMMIT's liberalized Home Equity Loan, you can make it work hard for you. What, exactly, is equity? It's the difference between what your house is worth at today's prices and the amount remaining on your mortgage. And you can use it to borrow *up to $10,000, with up to 7 years to repay.* It's almost like having your house serve as your banker, and it's the smart way to finance big-ticket items—home improvements, business opportunities, debt consolidation, college tuition, and the like—that might otherwise be out of reach.

You can't spend your accumulated equity, nor should you. It's a valuable convertible asset. But you can *use* your equity to borrow big money for virtually any purpose, and at a very attractive rate—11.50%. (Please refer to the chart below for details.) What's more, you can make that rate even *more* attractive—as low as 11%. You can save ¼% simply by having a SUMMIT checking or Statement Savings Account, and an additional ¼% by authorizing automatic repayment deductions from your checking account. (Discounts are cumulative.)

Refinancing charges? There are none. You do *not* have to refinance your mortgage to obtain a Home Equity Loan—The SUMMIT Way, and that's another reason it makes good sense.

Want even more? It may be possible for you to borrow *up to $20,000,* and take 7 years to repay. If you qualify, and have sufficient equity in your home, you can borrow up to $10,000 with a SUMMIT Home Equity Loan. And, also if you qualify, you can add a second $10,000 with a SUMMIT Personal Loan. If $10,000 would go a long way, think how far $20,000 would go!

The SUMMIT Home Equity Loan. Up to $10,000. Up to 7 years to repay.

Choose the amount and term that are best for you. Annual Percentage Rate 11.50%						Compare SUMMIT's Reduced 11% Annual Percentage Rate	
Amount of Loan	3 Years 36 Monthly Payments		5 Years 60 Monthly Payments		7 Years 84 Monthly Payments	7 Years 84 Monthly Payments

Guidance TV Topic

"Guidance in the Secondary Schools" will be the topic of "Superintendent's Forum," the Livingston school district's monthly public information cablevision program. Melvin Klein's guest for the November program will be Sidney Leggett, director of guidance at West Essex Regional School District. Leggett, prior to his appointment to West Essex, had been director of guidance at Glen Ridge High School. "Superintendent's Forum" may be seen Wednesday, November 16, 23 and 30 at 7 p.m. on Suburban Cablevision TV-3.

THE KEY CLUB of Livingston High School held induction of new members on Thursday night, November 3. Sixty-three new members were inducted in the ceremony, held at the high school. At the head table were, left to right: senior director David Schnell, junior director Loa Heymann, treasurer Jeff Gaier, vice president Les Wong, lieutenant governor Nicholas Donatiello, president Peter Levy, Kiwanis president Stan VanBrunt, district governor Christopher Curran, Kiwanis advisor Skip Raymond, secretary Bruce Fletcher and faculty advisor Frank McGinity.

Recording their presentation in preparation for the coming "Youth Speaks Out" program at Mt. Pleasant Junior High School are guidance counselor Ray DeMaio, and students Joyce Zelkowitz, David Hodes and Tricia Bilby. James Smith is the cameraman.

Andy Wilson Photo

"Youth Speaks Out" Theme Of Program

"Youth Speaks Out" is the theme of an open workshop to be directed by Raymond De Maio of the Mt. Pleasant Junior High guidance department on Tuesday, November 15 at 8 p.m. in the Mt. Pleasant Junior High library. The workshop will give members of the Livingston community an opportunity to hear an exchange of views on some of the problems and pressures of the community as perceived by Tricia Bilby, David Hodes, Lynne Skoller, Rick Sules as well as other students from the junior high schools and Livingston High School.

De Maio has worked with these and other students in developing student leaders in the Livingston schools, believes that student input in the study of community problems is a necessity. He said he feels that programs such as this give youngsters an opportunity to be heard.

The program is being sponsored as a project of the Ad Hoc Committee to Study Vandalism, with the cooperation of the school administration. Committee chairman Eliot Small, in announcing this second program, indicated that his committee and its sub committees have received broad based cooperation throughout the township since organizing 11 months ago.

Small stated: "The people of this Township have become increasingly aware of the pressures facing our young people in this fast-car-multi-media society. The schools have expanded their programs; the Recreation Department has broadened its services; and employment opportunities have grown tremendously. But it's still up to us as parents to listen to our children. It will always be first our responsibility to help them develop the right tools with which to make the right decisions."

All parents and concerned citizens are urged to attend the meeting on November 15.

Hockey Rink Nearly Finished

Construction of an enclosed street hockey rink in the rear parking lot of the West Essex YMCA is near completion. Lighting will be installed for evening games at 7 and 8 p.m.

Competition will take place in several age groups: Bantam (13-14 yrs.) Midget (15-16 yrs.) and open high school divisions. Rosters are still being accepted in all divisions before the league meeting Wednesday, November 16, 7 p.m.

Only two openings remain in the high school division where the West Orange Mallers defend their '76-'77 championship trophy. For more information, call the West Essex YMCA, 992-7500.

Attempted Theft Gets Jail Terms

Two Newark men were sentenced to jail in Livingston Municipal Court this week on charges of attempting to steal money from a cash register at the Sears store in Livingston Mall.

Unable to make bail after their arrest on October 27, the two had been held in the county jail to await court action. Appearing before Judge Martin J. Brenner this week, they were sentenced to the time already served in jail, seven days apiece.

Junior Football

American League

In the American League conference the Colts defeated the Patriots 6-0. With only four minutes left in the game, Jack Mount ran 20 yards through a strong Patriot defense for the only score of the game. The conversion was stopped. Playing an excellent defensive game for the Patriots were, DeAngelis, Torsiello, Modugno, Crummey, Harrison, Wright, Ramus, Wells, Lulewicz, Dickson and Spiaggi. It was a well played game by both teams.

National League

In a junior football game sponsored by the Department of Recreation and Parks, the National league Giants avenged an earlier defeat by stopping the Rams 22-6. The Giants took the opening kickoff and moved down to the two yard line on a 60 yard march only to have the drive stopped when Ram safety Tim McDermott intercepted a pass that deflected off the receiver's hands and he ran it out to the 30 yard line. The Giants got the ball back at midfield after holding on downs and started another drive climaxed when Fred Longo slashed his way for a 20 yard touchdown run. Giant quarterback Chris Shiel then hit Tom Cooney with a pass for the two point conversion. The Rams answered back with a touchdown on a pass from Joe McCloskey to Andy Soskin who broke a tackle to complete the 45 yard play. The Ram conversion try failed.

The Giants took control of the game when middle line backer Andrew Morgan intercepted a pass and returned it 35 yards. Giant full back Jim Holey bulled his way over for the score from four yards out diving into the end zone with a tackler holding on. Jerry Flood ran for the two point conversion. Chris Shiel led his team on one more scoring drive converting an important fourth and three play with a play action pass to Fred Longo who made a diving catch at the five yard line. On the next play, Jerry Flood dashed untouched into the end zone for the score.

The Giant defense was outstanding, led by captain Mike Wodzisz who spent a good part of the game in the Ram backfield. Playing from the noseguard position, Mike was credited with three sacks. Jerry Flood was key factor in stopping the Ram passing attack as he guarded their leading receiver man for man and broke up many passes. Chris Shiel came up with a big interception taking away a scoring drive for the Rams. Tackles, Cooney, Foley, Sherman and Kloss had a strong pass rush going and Cooney had many solo tackles. Ends Boni and DiBella prevented the Rams from getting outside and allowed linebackers Crincoli, Morgan and Holey to come up for the tackles. Holey and Crincoli were also outstanding against the pass, both almost having interceptions. Safety Richard Moon covered his zone well enough to prevent any passes to be completed against him and narrowly missed an interception. Andrew Morgan and Al DiBella were standouts on the kicking teams with DiBella making a beautiful open field tackle on the second half kickoff.

Lancers Down Morris Knolls for 7th Win, 32-12; Face Parsippany Hills Away this Saturday at 1:30

Demonstrating a strong defense and an explosive offense, the Livingston High School football team marked up its seventh victory of the season last Saturday, defeating Morris Knolls 32-12. The victory kept Livingston on top of the Iron Division of the Iron Hills Conference, with a 5-0 record, and also meant that the Lancers remain in contention for a playoff spot in the North Jersey Group IV, Section 2, championships.

A victory this Saturday against Parsippany Hills, at the opponents' field, would ensure the Lancers at least a tie for the Iron Division title. Every other team in the league has lost at least one game. The team with only one loss is West Essex, who will meet the Lancers on Thanksgiving Day at Livingston. A victory over Parsippany Hills also would put the Lancers in a strong position for the playoffs. On a point basis, it is possible that there will be five teams vying for one of the four playoff positions — Westfield, Plainfield, Bloomfield, Barringer, and Livingston. Assuming that all five remain undefeated this weekend, the decision will be made on a point basis — figuring the size of the schools on the schedules of the competing teams. On this basis, Livingston, with more Group IV opponents, would get the nod for one of the positions.

Coach Al Jacobson of the Lancers cautions against overoptimism on the Parsippany Hills game. The Vikings have, so far, posted only one victory, but that was against Morris Knolls which had figured to be tough. They beat the Knolls 14-0 and they were in control most of the game. They lost to a strong West Essex team 9-0, and to Columbia 8-6. With the exception of their opener against West Morris, they've been in every game they played.

He floats through the air with the greatest of ease! Dan Prosicki, Livingston corner linebacker, dives through the air to tackle Dick Hayes. No. 42 is Morris Knolls back, Bill Dircks.
Photo by Ken Rubin

Two long gainers for the Lancers: Joe Lucas, number 37, breaks a Morris Knolls tackle as he circles end (above) to start an 81 yard run to the Knolls six yard line. At left, Dave McLaughlin raises his arm in triumph as he nears the goal line on a 55 yard run for a touchdown.

The reason for this is that they have tremendous size on the line. They have seven players with heights of six feet or more. Ron Callahan at guard weighs 248; Steve Goldenbert (6'2") weighs 240 as does Ron Hackney. Ron's brother John weighs a measly 223.

The Vikings are primarily a running team, featured by Joel Ciappa. He's only 5-9", and weighs 180, but he is as tough a running fullback as the Lancers are apt to see this year. Jim King is quarterback and can run, and Steve Booth plays tailback and safety. They have a good kicker in Jerry Breslauer. The game will not be a pushover, and overconfidence could well cost the Lancers dearly.

Livingston's defense did an outstanding job last Saturday completely containing the Morris Knolls attack in the first half, and making it possible for the Lancer offense to score. Not that the offense wasn't good also. Despite the miserable playing conditions (it rained on and off during the game, the footing was miserable, and the ball was slippery), the Lancers were able several times to make sustained attacks, and twice they exploded for really long gainers.

The Lancers got on the scoreboard early in the game. Mansfield, Goodhand, Reinhardt, and Aromando all made key tackles on the first two plays after the kickoff. Their play, plus an illegal motion penalty had kept the Golden Eagles near their own 20. On third down, they attempted an option lateral around end. The wet ball was muffed and Reinhardt fell on it, Livingston getting the ball on the Knolls 21. Two runs by Farese got eight yards, and McLaughlin got another on a sneak. On fourth down, a break in the Lancer cadence drew the Knolls offside and Livingston had a first and goal on the six. Two Runs by Farese got close in, and McLaughlin sneaked across for the touchdown with 8:10 to go on the first quarter clock. A run for point failed.

Morris Knolls made its only first down of the quarter after the kickoff when they clicked on a short pass from Hayes to Halm. Outstanding defense by Fordyce in particular stalled the Eagles at that point, and that was the end of the Knolls offense in the half.

The Lancers kept up pressure during the quarter, scoring several first downs, but both teams had to punt several times. The quarter ended with Livingston on the attack, having penetrated for a first down on the Morris Knolls 43. Runs by Joe Lucas, plus a pass to him and a pitch to Farese had started a drive downfield.

The drive kept going with Lucas and Farese each picking up consistent yardage. In five plays they had made two first downs penetrating to the Eagle 14. Lucas got five of the remaining yards off tackle on a beautiful handoff. Farese broke around end, evading a tackler and making it across the goal line for the second touchdown. Again the run for point failed.

The remainder of the half saw the two teams in a punting duel. Twice the Eagles made first downs as the result of penalties against the Lancers, but neither team could get a consistent attack going. Just before the end of the half, Ciampaglio intercepted a Lancer pass and ran to the Livingston 21. They stopped the clock with three seconds left. They tried a pass to the end zone, but it never got off. The Lancer defense covered all targets, and while he was waiting for someone to get clear, Reinhardt nailed Hayes for a ten yard loss, hitting him from behind as he set to toss the ball.

Early in the third period Livingston found itself in a hole as the Knolls recovered a fumbled punt on the Lancer 14. Dircks made six yards on first down. Fordyce stopped a sweep cold for no gain. Hayes, on a keeper made two. On fourth down Mason stopped the run and Livingston took over on its own five.

The Lancers got an attack going with Lucas and Farese chalking up two first downs in six running plays out to the 27. However, a backfield fumble was costly and the Knolls recovered on the Lancer 37. Their threat didn't last long. Weber intercepted a pass on second down, running to the Lancer 37. Livingston drove to midfield as the quarter ended, but were set back by a procedure penalty and had to punt.

Suddenly the script was different. Morris Knolls opened up a strong attack, with good option sweeps to right and left. A long pass to Halm was good for a first down on the Lancer 48. Hayes scrambled twice for a first on the 35. It looked like the attack was stopped when Prosicki broke up a third down pass with four to go, but Knolls went for it and Ciampaglio ran an option to the 21. On a fourth and three from the 14, Hayes made it to the one yard line on a keeper and he bulled across for a score on the next down. A run for point failed and Livingston's lead was cut to 12-6.

Not for long! The Lancers were set back to their 14 yard line on a clipping penalty on the kickoff runback. On first down, Lucas circled the end, picked up a good block and broke into the clear. He finally was caught from behind on the Knolls five yard line after an 81 yard scamper. Farese drove through the line on the next down, going all the way for a touchdown. A pass to Russomanno got a two point conversion.

The pace continued. The Knolls returned the kickoff to their own 31. A run by Hayes got to the Lancer 41. A pass to Gallagher made it to the 29. An option to Ciampaglio penetrated to the Lancer one yard line. Albanese stopped the first touchdown plunge, but on second down Dircks went off tackle for a touchdown, and the score was 20-12 when Aromando broke up a pass for extra point.

Don't go away — the action isn't over yet. Morris Knolls, after a Lancer punt to midfield, attempted to go for it on a fourth and six situation. Livingston stopped Hayes on a scrambler and took over on its own 45. The Knolls, trying to get the ball, decided to pull a blitz on first down. The only trouble was that Livingston called a quarterback sneak. McLaughlin breezed past the rushing linebackers before they knew what had happened and broke into the clear. He raced 55 yards untouched for a Lancer touchdown. An attempted pass for point never got thrown as McLaughlin was sacked.

On the first play after the kickoff, the Knolls tried another option lateral. This one flew wide, and Reinhardt nabbed the football over the goal line for another Livingston touchdown. The game ended three plays later with Livingston in front 32-12.

Here's Route To Parsippany Hills

To get to Parsippany Hills High School for this Saturday's football game, go west on Route 10 to the junction of Route 202 (at Llewellyn Farms Restaurant). Go right on 202, and go approximately 1½ miles to Brooklawn Drive. Go left on Brooklawn two blocks to Glen Cove. Turn right on Glen Cove and follow to the school.

Couples Win Prizes

Dr. and Mrs. Howard Nusbaum and Mr. and Mrs. Raymond Gold won prizes at the progressive dinner held at Temple B'nai Abraham on Saturday evening, November 5. The Nusbaums won a mixed media collage donated by Irene Feigen. DeVals Jewelry of West Orange donated a silver earring and ring set won by the Golds.

A dripping hot water faucet wastes heating fuel. Any dripping faucet wastes the town's pumping energy.

St. Phil's Looks At New Morality

Reverend Robert Lorenzo, assistant pastor at St. Philomena Church, will conduct a four session program entitled "The New Morality and You." The first session entitled "Whatever Became of Sin?" will be held on Tuesday, November 15 at 8 p.m. Subsequent sessions include: "The Christian Style of Life: A Sometimes Good Idea" on Tuesday, November 22; "Love Is A Four-letter Word" on Wednesday, November 30; "The Hidden Agenda" on Thursday, December 8.

This series of lectures and discussions, sponsored by the Adult Education Committee of St. Philomena's Church, is open to all. A special invitation is extended to college students who may not have the opportunity to avail themselves of such a program on their own campus.

All sessions will take place in Madonna Hall and will begin at 8 p.m. with the exception of the last one which is scheduled for 8:30 p.m.

Women's Club EMD Plans Members Tea

The Livingston Women's Club, Evening Membership Department, will hold a membership tea at the Home of Mrs. Michael Franchino, 47 Tanglewood Drive, on Wednesday evening, November 16, at 8:30 p.m. At this time new members will have an opportunity to meet club officers and the chairmen of the various committees who will acquaint them with club activities.

All new and prospective members and their sponsors have been invited to attend. Those unable to attend are asked to call 992-6757.

Janice Zarro Weds Bobby Wood

Mr. and Mrs. Samuel J. Zarro of Livingston announce the marriage of their daughter, Janice Anne to Bobby Charles Wood of Tuscaloosa, Alabama and Washington, D.C. Reverend Don Shea officiated at Saint Raphael's Church, on Sunday, November 6, and a reception followed at the Braidburn Country Club, Florham Park. Mrs. Peter J. Bellina Jr., sister of the bride, was the matron of honor and Jan Bates, the best man. Beth Ann Bellina, niece of the bride, was a junior bridesmaid.

The matron of honor wore a chocolate brown pleated chiffon formal gown with a matching scarf at the neck. The junior bridesmaid wore a long, ecru dress with an apricot sash trimmed in cotton lace. The bride wore an ivory long sleeved silk chiffon gown trimmed in Alencon lace with a pleated bodice and a matching mantilla.

The bride, formerly from Newark, graduated from Barringer High School and received a B.A. degree from Rutgers University. She received a law degree from IIT-Chicago-Kent College of Law and was admitted to the bar in 1974. Miss Zarro formerly was a counsel with the Judiciary Committee of the United States House of Representatives and is currently with the staff of the Senate Human Resources Committee, headed by Senator Harrison Williams Jr.

The bride groom is a graduate of the University of Alabama where he received his B.A. degree with graduate work in accounting. Mr. Wood is currently as assistant to Congressman Walter Flowers of Tuscaloosa, Alabama.

The couple will continue to reside in Washington, D.C.

Bantam B's Lose To County Chiefs

The Livingston Hockey Club Bantam "B" Squad opened a weekend of hockey activity by dropping a 7-2 game to the Essex County Chiefs on Saturday at Branch Brook Ice Center, Newark.

The Chiefs managed to score four times before Livingston was able to get on the board. The first Livingston goal was scored by Chris Beltram on a pass from Lance Simon. The second goal was scored by Dave Jenkins with Ricky Joyner assisting. Livingston was unable to contain the hard skating Chiefs team. Greg Julich, a PeeWee goaler, pressed into service because of illness, played very well against the older Bantams.

Sunday afternoon found Livingston again at Branch Brook; this time meeting a rough aggressive club from Warminster, Pennsylvania. The game was penalty filled with over 18 penalties assessed. Warminster led 2-0 going into the second period. With four minutes gone Chris Carnevale connected with Lenny Esmond getting the assist. With one minute gone in the third stanza, Lenny Esmond scored with Keith Gottlieb assisting to even the game at 2-2. Nine seconds later, Warminster scored to again take the lead 3-2. The last period provided fast and furious action and with 3:39 remaining, Rick Joyner tied the game on a pass from Chris Beltram.

The Livingston squad is composed of Jeffrey Michaels, John Michaels, Dave Powell, Lenny Esmond, Chris Beltram, Chris Carnevale, Rick Joyner, Keith Gottlieb, Dave Jenkins, Kevin Kelhoffer, Marc Kaplan, Lance Simon, Darrell DiBrigida, and Mike Mullins.

Decorative acoustical tile ceilings can reduce ceiling heat loss by 15 per cent, saving heating fuel and money.

BANNER FOR BOOKS. Collins School PTA will sponsor a book fair at the school from Tuesday, November 15, through Friday, November 18, from 8:30 a.m. to 3:30 p.m. Holding a banner announcing the event are Michael Weill, Christine Ventrice, Karen Weill, Stuart Slotnick, Joseph Ventrice, Jared Eisen, Andrew Weill, Leanne San Giacomo, Cami San Giacomo and Joseph San Giacomo. Co-chairmen of the fair are Faye San Giacomo, Marge Ventrice and Nancy Weill. Parents will be able to visit the book fair during teacher conference hours.

1st Son Welcomed

Mr. and Mrs. Jan Press of Livingston are parents of their first son, Raime, born October 23 in Saint Barnabas Medical Center. He weighed seven pounds, 15 ounces, at birth. The new mother is the former Ilarae Krinsky, daughter of Mrs. Evelyn Krinsky of Bayonne. Mr. and Mrs. David Press of West Orange are paternal grandparents. Raime's father is the owner of Photomedia Photographic Studios.

Thursday Canteen For Handicapped

The Essex Unit NJARC is sponsoring a canteen program for handicapped young adults every Thursday evening at Taylor Park Field House in Millburn. The Livingston Knights of Columbus is providing a bus to transport all Livingstonites wishing to attend. It leaves the Livingston Library at 7 p.m. and returns at 9:30 p.m. For further information call Betty Duguid, 992-9164, or Lee Bergman, 992-7210.

Phyllis Steinhart Show Director

At Mt. Pleasant Junior High School on December 10 at 1:30 p.m. the Livingston Community Players will present "Cinderella" under the direction of Phyllis Steinhart. Mrs. Steinhart, formerly of Livingston, who now lives in West Orange, made her directing debut last year with the LCP's children's show "The Emperor's New Clothes."

An active member of the Livingston Community Players for the past seven years, she has starred in "Sweet Charity," played Tiffany Richards in "Mary, Mary," was in "The Enchanted Journey," "Anything Goes," "Brigadoon," "My Fair Lady" and was stage manager for "Puss in Boots."

Rehearsals for "Cinderella" are nearing completion and tickets are now on sale and are available from any cast member or at the Department of Recreation office in the Memorial Park Building near Livingston High School.

For further ticket information call 992-2245 or 994-1851.

The Livingston Community Players are sponsored by the Livingston Department of Recreation and Parks.

Our free Chec-King gives you more advantages than any other free checking account.

Check it out for yourself.

FREE CHECKING CHECKLIST.

Clip it out and use it to do some comparison-shopping at any savings or commercial bank. You'll find out for yourself that Midlantic National Bank is the only New Jersey bank to give all six of these banking advantages with its free checking account.

	MIDLANTIC	YOUR BANK	OTHER BANK	OTHER BANK
COMPLETELY FREE CHECKING. Once your Midlantic Chec-King application is approved, you'll never pay a per check charge or monthly maintenance charge. And you won't be required to keep a minimum balance in your checking or savings account.	✓			
STAND-BY CREDIT. Combined with your free Chec-King account, you'll also receive stand-by credit of $500 to $5,500. You can write checks for more than your checking balance (up to the amount of your stand-by credit) and the bank will automatically cover them. There is no charge for this credit unless you use it.	✓			
24 HOUR BANKING. You can bank 24 hours a day, 7 days a week with a network of conveniently located automatic teller machines. Midlantic's Handy Teller lets you make cash withdrawals, deposits, loan payments and transfers between your savings and checking account, any time of any day.	✓			
CHECK CASHING CARD. You can cash your personal check at any of your bank's branches. At Midlantic, just show the teller your Handy Card and your check will be cashed quickly and easily.	✓			
90 OR MORE BANKING OFFICES THROUGHOUT NEW JERSEY. With so many conveniently located offices you're sure to have a bank nearby to cash your personal check.	✓			
SIMPLIFIED LANGUAGE. Midlantic is the first bank in New Jersey to rewrite their free checking and stand-by credit forms in language that you don't have to be a lawyer to understand.	✓

Storm Damage

(Continued from page 1)

the deep water and getting stuck.

Volunteer firemen were still pumping out flooded basements on Wednesday morning as the Tribune went to press, and listed well over 100 calls for assistance during the storm. Most of these involved water leaking through electrical outlets in ceilings or filling cellars to the point where heating and electrical equipment was endangered. Many of the volunteer firemen worked all night for two nights to assist their neighbors.

Several automobile collisions were also blamed on the heavy rain and resulting poor visibility. On Monday evening Herbert F. Schuster of East Hanover skidded off the road on the wet pavement at Kennedy Parkway and South Orange Avenue, went over the curb and crashed into a traffic signal pole.

Elizabeth D. Longo of Millburn slid off the wet road on Cornell Drive that night, went across the lawn of Robert Eskow's home at 11 Cornell Drive and hit a fire hydrant.

Early Tuesday George Kaisharis of 34 Edgemere Road was going west on West Mt. Pleasant Avenue when the heavy rain obscured his vision and he drove off the road near Bonneyview Drive. His car crashed into a utility pole, breaking it and damaging the front of the car.

Approve Extras For Sewer Plant

Extra charges for unforeseeable changes in the plans for expansion of the Livingston sewage disposal plant were approved by the Township Council Monday evening. The total of the extras comes to $23,553.87, about one half of one per cent of the present construction contract.

Metcalf and Eddy, the engineers, reported to the Council that the extras were due to Hiller and Skoglund, the engineers, for various changes that had to be made in the plans. Included in the list were the following:

Additional reinforcing steel, $534.66; two coats of Super Service black solution to various tanks, $1,989.50; delete 544 lineal feet of construction joints, credit of $2,539.28; furnish and install new chlorine injector water supply line, $2,596.68; additional angle iron supports for sludge pipe in service tunnel, $1,286; replace two 10 horsepower electric motors on recirculating pumps with explosion proof motors, $1,187.91; waterproofing interior surfaces of by-pass channel, $497.35; change in specifications of copper tubing for water line (Type K instead of Type L), $496.50.

Also: furnish and install additional flow metering equipment, $10,224.65; replace motor on duplex plunger pump with explosion proof motor, $2,276.85; furnish new valve on heated sludge line, $456.79; install louver in wall of blower room, $124.43; new piping for air filter system, $3,033.52; relocate overflow and drain line, $290.22; patch in floor in filter building, $795.48; and relocate existing radiator in filter building, $302.71.

Overloading electric outlets causes fires. The Livingston Fire Department advises careful examination of the outlets in your home.

BOOK DISPLAY. The Harrison School P.T.A. will hold its annual book fair November 15, 16 and 17. Setting up the display case in the main hall are Dina, Sandy and Tara Solomon along with Kim and Anthony Lauro and co-chairwoman Sharon Solomon.

EFFECTIVE ADVOCACY was the course offered by National Council of Jewish Women and Rutgers University, as a combined effort in political awareness. Participants from Livingston receiving certificate of participation from Professor Betty Holland, of Rutgers University are left to right, Beverly Kohn, Livingston vice president of public affairs, Eleonore Cohen, Essex County Section vice president of public affairs; Sandy Newman, Essex County Section legislative coordinator; Professor Betty Holland; and Harriet Kirschner. Ilene Greenbaum, North Hills vice president public affairs, also took the course.

Keglines
by Moe M. Down

Charlie Miller broke three records this week to become the standout bowler of the season thus far, putting his name at the top of two seasonal halls of fame and becoming the first triple winner of the year! Charlie, who bolws with the National League, has the week's best game, 247, which also ranks in first place for the season. He added up a 632 series, which is also the best of the week and of the season. Although his league secretary didn't spot it, we did some arithmetic and found he also made the three-over-180 honor roll with game scores of 247-205-180.

Norman Abbey, bowling with the Business Men's League, shares the spotlight as another triple winner, putting his name on all three honor rolls this week. He had a 220 game, 603 series total, and made the three-over-180 honor roll with 220-200-183 to rank in second place for the season after Junior Leaguer Don Selldin.

Both of those three-over-180 scores came as a result of a little calculating, which raises the question of whether there might be some more we don't know about. Jerk your league secretary's chain every now and then to be sure those winning scores get reported.

Kevin Sansone, another Business League bowler, is a double winner this week with scores of 222 on the high game list and 609 on the weries roster. In the same league, Andy Rogers had a 226 game and Karol DePaolo rolled an identical score.

Bill Healey, bowling with the National League, had a 231 game, and Edward Cox put the American League on the honor roll with his 233, ranking ninth for the season.

On the ladies' side of the chart, things have been very slow this week. Lorna Baron is the week's top bowler among the women, with a double entry on the honor roll. She had a 214 game to rank in second place this season, and went on to add up a 522 series total, ranking tenth this year. Lorna bowls with the high-scoring Strikes and Spares Forever.

Karen Gammond, bowling with the Livingston Ladies, moved into a tie for fourth place on the high game hall of fame with a 211 game. The addition of her name to the chart fills the top ten places for the first time this season, with the result that somebody will have to get bumped off the bottom every time we add a new score to the list.

LIVINGSTON — NOTICE

DO NOT MAKE PAYMENTS FROM THIS LIST as amounts shown below DO NOT include cost and interest to date.

TOWNSHIP OF LIVINGSTON, N.J.

Notice of Sale of Property for Unpaid Taxes, Assessments and Other Municipal Liens

Notice is hereby given that the following described real property situated in the Township of Livingston, County of Essex, on which municipal liens remain in arrears will be sold by the undersigned at public auction on the 6th day of December, 1977 at 2 o'clock p.m. prevailing time, at the office of the Tax Collector located in the Township Hall, 357 South Livingston Avenue, Livingston, N.J. Said real property will be sold for the amounts of municipal liens chargeable against the same as of the 31st day of December, 1976, plus interest thereon to December 6, 1977 following, as herein computed and interest to the date of the sale and costs of sale.

Such sale shall be made in fee, to such persons as shall purchase the same subject to redemption at the lowest rate of interest, but in no case in excess of 12 per cent per annum. The payment for the sale shall be made before the conclusion of the sale or the property shall be resold. Any parcel of real property for which there shall be no other purchaser will be sold to the Township of Livingston, in fee, for redemption at 12 per centum per annum and said Township of Livingston shall have the same remedies and rights as other purchasers, including the right to bar or foreclose the right of redemption. The sale is subject to municipal liens accruing after December 31, 1976. Any of listed properties may be redeemed by payment of the amount due thereon (cash or certified check) to the date of sale including costs to such date.

FINAL TAX SALE — DECEMBER 6, 1977

LHS Sophs Lose to Morris Knolls 28-0

On Friday, November 4, the Livingston High School sophomore football team lost to Morris Knolls by the score of 28-0. The rain swept field provided no help to the Lancers who were completely unable to get their offense untracked.

The Livingston defensive unit did perform quite well considering the conditions and the amount of time they spent in the game. Excellent efforts were turned in by Mike Braun, Mike Neary, Jeff Fridell, Charlie Clark, Jay Petillo and Darren Nacht. Offensively Bill Guiliano provided some bright moments with some slashing runs and excellent punts.

The Lancers next game is Friday, November 11, at home at 11 a.m. against Parsippany Hills.

Rose Ann Paladino

Dan Spricigo

Holiday Inns Recognize Top Efforts

Management personnel of the Holiday Inn hotel in Livingston, have been named among the foremost in their field for 1977 in competition with more than 1,700 Holiday Inn properties around the world.

Rose Ann Paladino, sales director, has been selected sales director of the year in the suburb category, making her one of the top seven sales directors for 1977.

Another top award to be received by the inn is that of Financial Achievement. The first place award, the only one of its kind to be presented this year, has been awarded to innkeeper Dan Spricigo.

The Livingston hotel also received an honorable mention in the children's menu category of the 1977 Holiday Inn System Menu Contest.

Paladino and Spricigo, along with other top award winners throughout the international hotel chain, were recognized for their achievements in Memphis on October 19 in special ceremonies during Holiday Inns' 22nd Annual System Conference.

Offer Reward For Jewelry

The home of Mr. and Mrs. Saul Shiffrin at 51 Rumson Road was entered on Saturday night, November 5, when thieves broke the glass in the back door. Covering the jagged edges of the glass with a blanket for protection, they climbed into the house and ransacked the master bedroom.

Police said that a complete inventory has not yet been prepared, but indicated that some jewelry has been taken. Shiffrin has offered a substantial reward for the return of the jewelry, saying that while the items do have some material value, their principal value is to the family for sentimental reasons. Any information on the burglary can be referred to the Police Department at 992-3000.

Sig Ziemke In "Hello Dolly" Show

Sig Ziemke, 37 Edgemere Road, will be dancing in the Maplewood Music Theatre production of "Hello Dolly," which will be presented November 11 and 12, 18 and 19, at Maplewood Junior High School.

Ziemke is a member of the Livingston Community Players, and has had feature roles in "Kiss Me Kate," "Brigadoon," "Anything Goes," "My Fair Lady," and played Captain Andy in "Showboat."

For ticket information, call 763-4202 or 763-9457.

Meet School Chief

"Meet The Superintendent," an informal dialogue between superintendent of schools Mel Klein and the community, will be held Thursday, November 17, 8 p.m. at the Heritage Junior High School media center. Klein will be available to answer questions about concerns residents may have relating to the District's schools or programs. If an issue will need background research for a complete answer he has asked to receive the question a few days before the meeting.

Roxbury Edges Out Field Hockey Team

The Livingston High School varsity field hockey team picked up its eighth loss last Friday 2-1 at the hands of Roxbury. Livingston jumped out to a 1-0 lead on Leah Finkel's first career goal. Play was sluggish on a short, slippery field.

Unfortunately for Livingston, the Gaels scored on a play in which the ball trickled into the goal cage. Later in the second half Roxbury took the game away on another misplayed shot on goal. Meanwhile the Livingston defense could not stop long drives, and the offensive unit literally blew golden opportunities to score.

The frustrating loss left the Lancers with a 3-8-2 record.

The JV game was cancelled as well as games with Morris Knolls due to poor field conditions. On Wednesday, weather and field conditions permitting, the Lancers played Columbia.

Home Entered

Some liquor was consumed, but apparently nothing was taken from the home of Seymour Fenichel when it was entered on Sunday night, November 6. The family returned home at about 10:30 p.m. to find that the rear sliding door had been opened to gain entry to the house, and the kitchen and den had been ransacked.

The liquor cabinet had been opened, and some of the liquor had been consumed. Although a complete inventory was pending, it did not appear that anything had been stolen.

Shoplifter Fined

Vincent Devingo of Newark, who had been charged with shoplifting at the Proving Ground at Livingston Mall on October 27, appeared in Municipal Court on Thursday, November 3, to answer the complaint. Devingo pleaded guilty, and Judge Martin J. Brenner fined him $275 and court costs of $25.

TOWNSHIP OF LIVINGSTON
PASSED ORDINANCE

Notice is hereby given that at a meeting of the Council of the Township of Livingston, held at the Township Hall, 357 South Livingston Avenue, Livingston, N.J. on Monday, Nov. 7, 1977 at 8:30 p.m. the following ordinance was passed on second and final reading, after public hearing and was ordered advertised according to law.

Cecilia Hicks Dies In Newark

Mrs. Cecilia Hicks, 53, of Livingston died Sunday, November 6, in Beth Israel Medical Center, Newark. Services were held Wednesday in Knapp's Colonial Home, East Orange, followed by private interment.

Mrs. Hicks was a member of the Orange Memorial Hospital Auxiliary. Born in the Dominican Republic, she lived in New York City and Maplewood before moving here 28 years ago.

She is survived by her husband, Raymond M. Jr., a son, Raymond III; a daughter, Maria; a sister, Mrs. William Williamson of North Salem, New York, and her mother, Mrs. Estela DeLara of East Orange.

The family suggests that anyone wishing to remember Mrs. Hicks might make a contribution to the American Cancer Society.

Save energy by using smaller bulbs in lamps.

DARLENE GONNARD of 100 Belmont Drive was taken to Saint Barnabas Medical Center on Wednesday afternoon, November 2, after she ran into the side of a car near Hillside School. Driver Helen W. Shue of 16 Spalding Drive said that she had just started to move in heavy traffic on Belmont Drive when she heard something hit her car; witnesses said the little girl ran from between parked cars. She suffered head injuries, but was not seriously hurt. Andy Wilson Photo

Burnet Hill Team Still Unbeaten In Township Girls' Soccer League

Burnet Hill shut out Hillside 2-0 on excellent goaltending by Lisa Singer in the girls' after school soccer league, sponsored by the Department of Recreation and Parks. Kathy Joyce and Karen Duca provided one goal each in the first and second period. Excellent defense by Melissa Weiss and Judy Heydorn enabled Burnet Hill to remain undefeated.

In other after school action St. Philomena's defeated Harrison 3-2 behind the excellent playing and scoring of Kathleen McNulty who scored all three goals unassisted. Eileen Coyne had a couple of fantastic saves as goalie. Alison Fordyce and Mary Beth DeIeso played a good defensive game for the win. It was an all around and well played game by both teams.

Burnet Hill remained undefeated by shutting out St. Philomena's 9-0. In the first period, Karen Roettger had two goals and Susan Blickstein had one. In the second period, Susan Pittman had two goals and Kathy Joyce had one, and in the third period Kathy Joyce scored twice to get her third hat trick of the season. Karen Duca then added the final goal of the game. Burnet Hill's defense again played excellently to achieve its second shutout.

Hillside girls shut out Mt. Pleasant girls in a very exciting game by the score of 8-0. Anne Monteverdi, star of the team scored four goals and Lisa Behringer playing in a new position, scored three goals. LuAnne O'Neill scored one goal for the winners. All the Hillside girls played well and the win was a result of fine all around team play.

In the fourth game of their soccer season, Burnet Hill registered its third shut out. Scoring quickly in the first period, Burnet Hill kicked six goals. Kathy Joyce had four and Susan Blickstein had two. In the second period, Kathy Joyce scored once again to give Burnet Hill the win over Mt. Pleasant 7-0. Excellent defense once again was played by the entire team.

St. Philomena's girls team shut out Collins 4-0 behind the playing of Kathleen NcNulty who scored three goals, one each in the first three quarters, and Tricia Jamison who scored in the second quarter with an assist by Kathleen. Other outstanding players for St. Phil's win were, Alison Fordyce as an excellent center halfback; Mary Beth DeIeso as a strong center forward and halfback; Laura Viscuso, left fullback, and star goalie Eileen Coyne who had nine great saves.

game of the NJSIAA Tournament this Friday afternoon, 2:30 p.m. on the LHS field.

The team will also play a semi-final match in the Essex County Tournament this Sunday afternoon. The opponent will be Seton Hall but the exact time and site are not yet set.

Board Agendas To Be Posted

Bernard Roper, secretary for the Livingston Board of Education, has announced that the agenda for the monthly public Board of Education meeting will be posted in the administration offices, 11 Foxcroft Drive, and in each school building. If possible, this will be done by 3 p.m. on the Friday preceding the meeting.

The agenda will list any action the Board intends to consider, to the extent that is known at the time of posting. Prior to the public meeting, if a situation to be discussed has substantially changed, the Board may defer action.

Public meetings of the Livingston Board of Education are held 8 p.m. on the second Monday of the month at 11 Foxcroft Drive. At this time the public may comment on items included on the agenda as well as make general suggestions. At the start of the meeting the president calls for comments from the public on agenda items. At the conclusion of the meeting suggestions are accepted on topics other than those on the agenda.

No Soccer Games

The Lancer soccer team was idle during the past week due to weather conditions. Their schedule calls for them to play Morris Knolls in a second round

Parents Write For Librarians

A write-in campaign by parents of Riker Hill-Squiertown Schools has resulted in the receipt of 22 postcards by the Board of Education requesting full time librarian service in the schools. These cards were read at the Board meeting Monday evening prior to the third discussion of the suggested 1978-79 school budget. Because negotiations are still underway no salary schedules were included on the agenda.

But pay scales for per diem workers were discussed Monday evening, and the administration asked the Board to raise the daily pay of substitute teachers from $23 to $25 a day. Superintendent Melvin Klein explained that substitute rates in the area range from about $20 to $40 an hour with Newark and East Orange paying the highest scale.

Board member Eleonore Cohen observed that $25 is the going rate for domestic workers and she felt that substitute teachers should get at least the same amount.

Other Board employees working by the hour include after-school driver education teachers, supplemental and bedside tutors, summer school teachers and summer writing specialists. All receive $7.50 per hour. The administration recommended that this rate remain the same.

Overtime pay for office workers and substitutes in the special services department is expected to rise in 1978-79 as more parents request hearings on their children's placement in special education classes. The allotted amount in the current budget is $5,700 which will go up to $8,000 in 1978-79.

Several budget items involving purchase of supplies will remain the same in the new budget though prices are going up because the falling enrollment and cost increase appear to balance out, said Bernard Roper, Board secretary.

These items include textbooks — $74,000, library books and supplies — $39,000; audio visual aids — $45,000 and teaching supplies, $199,000.

Supplies for school offices and printing costs will rise from $26,000 to $30,000 in the new budget as the enrollment decrease does not affect these expenses.

The miscellaneous account under the instruction section of the 1978-79 Board budget will drop from $124,325 to $90,000. The decrease is due largely to the removal of tuition reimbursement to staff members who have obtained additional college credits from this account to another section of the budget. The actual drop in this miscellaneous expense will be $7,000. Included here are costs for the enrichment program, outdoor education, cultural arts, program development and other minor expenses.

In discussing the innovations planned in these areas Dr. Herbert Andlauer, deputy superintendent, listed career education in the junior highs and a continuous computer and data processing instructional program from ninth through 12th grade.

On Monday evening, November 14, 8 p.m. at 11 Foxcroft Drive, the Livingston Board of Education will continue to discuss the 1978-79 budget. Prior to the work session, from 8 to 8:30 p.m. the public is invited to make comments or suggestions concerning the budget. To be discussed are the 1,000 account and budget sections J1 and J6.

The 1,000 account involves student body activities. Such items as salaries for student body activities, officials, transportation, supplies, insurance and cleaning of equipment are included here.

J1 is involved with federal or State sponsored special projects such as Title I and compensatory education. J6 provides funds for the summer school.

2 Leaf Blowers Stolen from Town

Two leaf blowers were stolen from the municipal storage building on Berkeley Place some time Sunday night or early Monday, according to reports from the Recreation Department. Director Edward Goddard informed police early Monday that the old barracks building opposite the Memorial Pool at the end of Berkeley Place had been broken into, and the two machines had been taken.

Listed as missing were two Giant Vac leaf blowers, one with a seven horsepower Briggs and Stratton engine and one with an eight horsepower Kohler engine. The value of the machines was estimated at about $500.

Section 2

West Essex Tribune

November 10, 1977 Section 2, Page 1

Ticket chairmen Mrs. Robert Schiffman and Mrs. Stanley Siegel of Livingston are working on plans for the "Words and Music" show starring Sammy Cahn to benefit the Theresa Grotta Center for Restorative Services.

Show to Aid Theresa Grotta Center

"Words and Music" starring Sammy Cahn, renowned songwriter and lyricist, will be presented for the benefit of the Theresa Grotta Center for Restorative Services on Saturday, November 12, at Temple B'nai Jeshurum, Short Hills.

The show, which has appeared on Broadway and in theaters throughout the country, features Sammy Cahn talking about his career and talk-singing dozens of his hit songs such as "My Kind of Town," "Three Coins in the Fountain," and "I'll Walk Alone."

Tickets are available at Kings Supermarket in Livingston or at the Theresa Grotta Center, West Orange, 736-2000.

Immediately after the concert, a champagne reception will be held as a tribute to the benefactors and patrons who support the event. The reception will be attended by Sammy Cahn.

Mrs. Robert Siegelman of Livingston, president of the Theresa Grotta Center, has appointed Stanley Rothstein of Livingston, in charge of promotion; Mrs. Robert Schiffman and Mrs. Stanley Siegel of Livingston, in charge of general ticket sales.

The Center, a non-profit facility, provides short-term medical care and rehabilitation.

Town to Offer Free Flu Shots

Paul R. Jackson, health officer, announced Monday that the township will offer a limited number of Hong Kong and A/Victoria flu immunizations to any Livingston chronically ill adult or child and older persons, especially those older than age 65.

Jackson urged individuals in these categories to contact the Health Department within the next few days at 992-5000 to arrange an appointment and find out about the full particulars regarding the availability, date and time of the proposed clinic.

It will be necessary, Jackson reminded, for each recipient to sign a legal disclaimer relieving the township of any liability. The tentative clinic date has been scheduled for Wednesday morning, November 23, at the Township Hall between 9 and 11 a.m.

Jackson concluded by indicating that this is the only opportunity for those Livingston medically indigent in this high risk group to protect themselves against Hong Kong and A/Victoria type flu. Those interested should remember to call for an appointment.

To the Editor:

Halloween Damage

Dear Sir:

I read with interest David Glicksman's letter in last week's Tribune, referring to the group of older trick or treaters who most inconsiderately smashed his pumpkin.

It seems this same group of children moved up the street and a few minutes later shot out my car window. Since a witness to the incident said the group of children was some distance from my car at the time, they evidently used quite a powerful gun. I hesitate to think what could have happened had they hit something or someone else.

I also question where a young person acquired such a dangerous "toy." I think a little more parental concern is in order!

If by chance any of the persons responsible for this incident, be it parent or child, reads this letter, I would appreciate very much if they would send me the $65.29 it cost to repair my window, since it was not covered by insurance.

St. Phil's Plans Basketball Trials

St. Philomena's CYO will commence tryouts for its sixth Grade basketball team and its eighth grade CYO basketball team at its gym this weekend. All interested boys in the fifth and sixth grades may try out for the sixth grade team, and all boys in the seventh and eighth grades may try out for the eighth grade team. Candidates do not have to be members of St. Phil's to try out.

The sixth grade team tryouts will be held Saturday, November 12, from 1 to 3 p.m. and Sunday, November 13 from 3 to 5 p.m. Eighth grade team tryouts will be Friday, November 11, from 7 to 9 p.m. and Sunday, November 13, from 1 to 3 p.m.

Mindy Davidson Plans Wedding

Mr. and Mrs. Sidney Davidson of Livingston have announced the engagement of their daughter, Mindy Ellen, to Denis Jean Kaeppler of New York City and Paris, France. Mr. Haeppler is the son of Mr. and Mrs. Roger Kaeppler of Paris, France.

Miss Davidson, a graduate of the Morristown Beard School, is a senior majoring in business management at New York University. She is also a professional model.

Mr. Kaeppler is a graduate of College Victor Puiseux, Paris, with a degree in economics, and is a graduate of Supelec, Paris, with a degree in computer science. He is president of Le Sac Company, New York City.

The wedding is planned for December of this year.

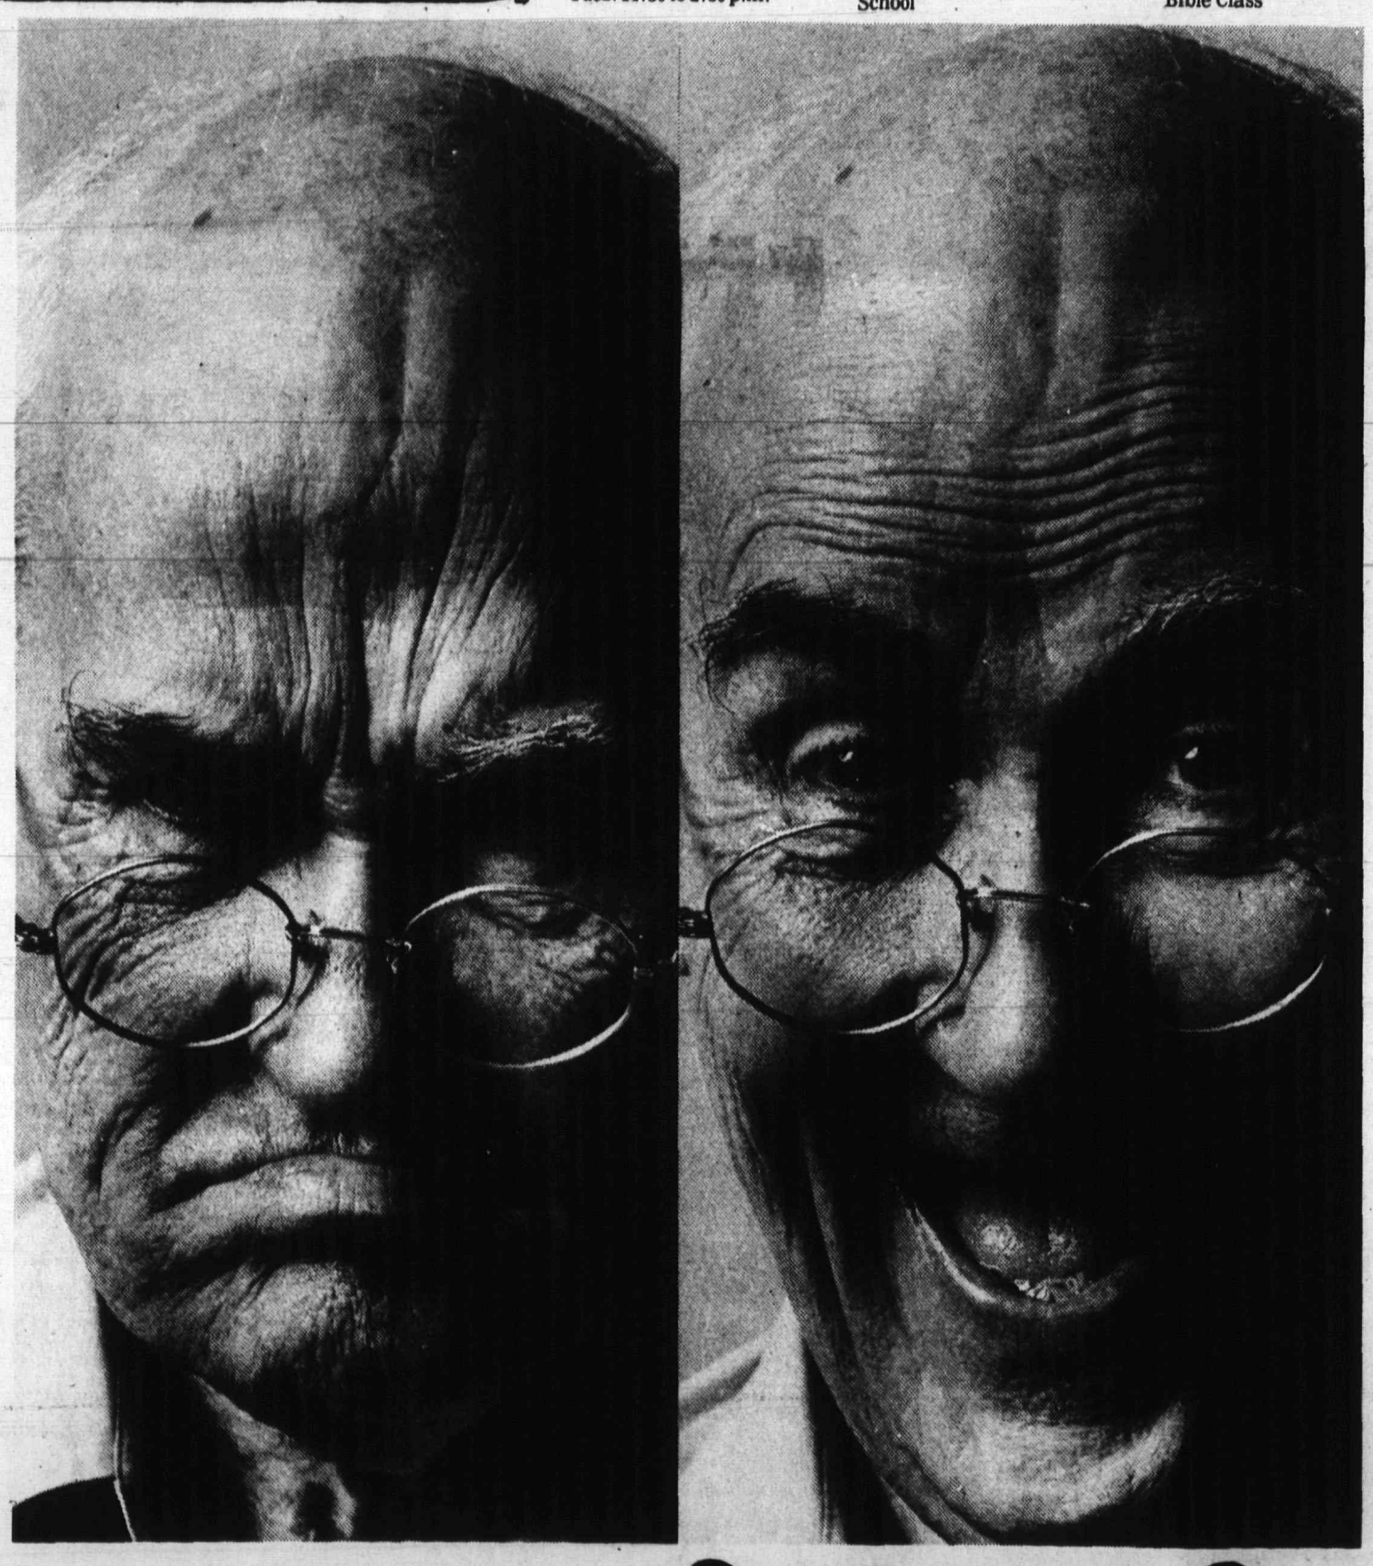

More than 80 per cent of household energy consumption is for home heating and air conditioning and for cars.

Ellen May Weds James Winter

Ellen Marie May, daughter of Mrs. Ellis May Jr. of Chatham, exchanged wedding vows with James Patrick Winter, son of Mrs. James A. Winter of North Ashby Avenue, on October 1 in St. Patrick's Church, Chatham. Father Edward Hinds performed the ceremony which was followed by a reception at the Wedgewood Inn in Morristown.

The bride wore a white polysheen gown designed with an empire bodice and illusion yoke. Its bishop sleeves were trimmed with white Cluny and Venise laces. The flounce hemline fell into a chapel train banded wiith matching laces. The bride's chapel length mantilla of white Alencon lace was a gift from Susan Ientile. She carried a nosegay of red sweetheart roses and white baby's breath.

Paul Serpico, the bride's uncle, gave her in marriage. Mrs. Barbara Hildebrandt served as her sister's matron of honor. Bridesmaids were Joan Berkstrasser, Susan Ientile and Rosemarie Tromonda. All wore poppy jersey halter gowns with matching capelets. They carried baskets of orange miniature carnations and rust and red daisy pom-poms.

Best man was Stephen Smet. Ushers were Albert Fisher, Gregory Montifiore and Robert Winter, the bridegroom's brother.

After a wedding trip to Bermuda the couple will live in Livingston. The new Mrs. Winter is a student at Union College in Cranford and will graduate in June. Her husband was graduated from Fairfield University.

Kathy Newmann Stars in "Cabaret"

Kathy Newmann, a sophomore at the University of Pennsylvania, currently is appearing in the Penn Players production of "Cabaret." Performances are on November 10, 11, 12, 17, 18 and 19 at the Annenberg Center for the Performing Arts.

vocalist at the Quad Grill and the Little Rathskeller, local campus clubs. Last year she starred in "Two Gentlemen of Verona," "A Funny Thing Happened on the Way to the Forum" and "The All Star Revue." While at Livingston High School she appeared in "The Miracle Worker," "David and Lisa," "Bye Bye Birdie" and "Guys and Dolls." She is the daughter of Dr. and Mrs. Thomas H. Newmann.

Golfers Honored

Two Livingston golfers were honored at the annual closing meeting and luncheon of the Florham Park Women's Golf Association recently. Arline Ross was honored for her tournament victory in Flight A, and Muriel Silberner was Flight D tournament winner.

The two, with other tournament winners, were honored at the Florham Park Country Club. Information on the organization is available from membership chairwoman Emily Clawson, 226-2805.

Tim Braun Stars At Wesley College

Freshman Tim Braun, former Livingston High School athlete, is a member of the Wesley College Wolverine football team, a member of the Coastal Conference.

He got his first starting assignment as defensive tackle in the 10-6 win over the top rated Penn State JV Team and the former Livingston athlete had quite an afternoon. He had seven unassisted tackles and assisted in eight others. His work in the center of the Wolverine defensive line was a big factor in holding the much heavier Penn State offense in check.

Braun was honored by the Wesley College Sports Booster Club at its weekly luncheon when he was named the Wolverine's Defensive Player of the Week in recognition of his tenacious line play against the Penn State JV eleven.

Wesley Coach Bob Andrus feels that Braun has great potential.

"Braun has come on strong and is developing into one of our best linemen," said Andrus, "and we feel that he has the potential to become an outstanding football player. He works hard and is always trying to improve himself. At 215, 6'1", he has the size and will get heavier. He is a good team player and is very coachable."

Braun is the son of Mr. and Mrs. Harry J. Braun, 18 Evergreen Avenue. Business administration is his field of study at Wesley College in Dover, Delaware.

Award For Rudolph

Richard F. Rudolph of 64 South Ashby Avenue has been awarded a scholarship in chemical engineering at the New Jersey Institute of Technology.

STUDENT COUNCIL OFFICERS at Mt. Pleasant Elementary School were installed in office this week by Edmond Kirby, state deputy public defender, center, accompanied by advisor Ethel Clark and principal Frank Whiting. At front are president Tricia Donnelly, parliamentarian Eric Manning, vice president John Kirby, treasurer Richard Miseo and secretary Laura Weissen.

Youth to Speak On Vandalism

Members of the Vandalism Study Committee met on October 27 at Mommouth Court School. The group heard progress reports and made plans for an open meeting to be held on November 15 in the library of Mt. Pleasant Junior High. Rae De Maio of the guidance department at Mr. Pleasant Junior High will coordinate the program in which Livingston youngsters will have an opportunity to speak out on some of the issues in our community. The program, which is open to all Livingston residents, will begin at 8 p.m.

The committee heard reports from five of its members. Mrs. Beverly Levy, vice chairperson, opened the evening's agenda with a report on her meeting with representatives of the school system and Board of Education. Ideas were exchanged on school programs and projects which could instill a more positive community spirit and involve youngsters in campaigns against vandalism.

De Maio told of some of the programs that he ran this summer and of student workshops now in progress. Neil Rothstein, of Heritage Junior High, spoke of involving young people in more community volunteer programs.

Eliot Small, committee chairman, reported on his meetings with representatives of the Youth Employment Service, the Livingston Youth Service Bureau and the Livingston High School Guidance Department. One outcome of this meeting was the possibility of establishing a job bank.

Chris Dauer of the Livingston Recreation Department told the group of the success of the Mommouth Court Drop-In Program and of possible future programs for the department.

At the conclusion of the reports it was decided that the committee should now proceed to focus its efforts on one or two specific goals. There will be a further study session to determine just what these goals will be.

Keep refrigerator condenser coils clean to conserve energy. They are usually located on the back of the refrigerator cabinet.

Covenanters Hear Mexico Missionary

The Reverend G. Marlan Enns, a Covenant sponsored missionary to Mexico City, will be the guest speaker at Trinity Covenant Church on Thursday, November 17 at 2 and 7:30 p.m.

Reverend Enns served earlier as a missionary in Ecuador, South America for 16 years. He was director of the mission sponsored school. He is a graduate of the University of California and of North Park Theological Seminary in Chicago.

Heritage Sponsors Fall Book Fair

The Heritage Junior High student book fair will be held on November 16, 17, 18 from 8:40 a.m. to 3:15 p.m. in the home economics room and on November 19 from 10 a.m. to 2 p.m. in the cafeteria during Family Day. The book fair committee has also invited all parents and visitors to attend.

Students will be given the opportunity to browse and purchase books during their English periods.

The Home and School Association will use the profits for enrichment programs for all students.

A large selection of books from many publishers in popular price ranges and in all reading interests will be represented, including classics, fiction, biographies, adventure stories, crafts, mysteries and reference books. Sport records will also be available.

Serving as chairpersons are Joan Boag and Rose Valentine.

Martha Morgan Mr. Chimes Wed

Martha I. Morgan and Arthur P. Chimes were married on November 4, in Baltimore, Maryland.

Miss Morgan is the daughter of Mr. and Mrs. James Howard Morgan of Luverne, Alabama. She is a graduate of the University of Alabama and received her juris doctor degree in May, 1977 from George Washington University.

Mr. Chimes' parents are Mr. and Mrs. Daniel Chimes of Livingston. He is a graduate of New York University and received his juris doctor degree from the University of Georgia in June, 1977.

The married couple will reside in Baltimore. The bride will retain her maiden name.

Camera Club Lists Year's Plans

The Livingston Camera Club has announced its program schedule for the remainder of this season through May, 1978. In addition to its regular print and slide competitions, the Club will be presenting a number of lectures on various phases of photography by well known speakers. The schedule is as follows:

November 14 — Print and Slide Competitions; November 28 — "A Professional's Point of View" — Lecture by Jan Press.

December 12 — Print and Slide Competitions.

January 9 — "The Passing of the Seasons" — Lecture by Ronald Le Mahieu; January 23 — Print and Slide Competitions.

February 13 — "Salon Portraiture" — Lecture by James Turnbull; February 27 — Print and Slide Competitions.

March 13 — "Travel Photography" — Lecture by Helen and Emanuel Trachman; March 27 — Print and Slide Competitions.

April 10 — "Color Slide Manipulations" — Lecture by Dan Kingcaid; April 24 — You be the Judge! — Print and Slide Competitions with judging by the club membership.

May 8 — "Capturing People" — Lecture by "Dot" and "Dash" Wohltman; May 22 — Final Print and Slide Competitions.

The Camera Club meets at the Northland Recreation Building with the scheduled starting time at 7:30 p.m. Anyone interested in the activities of the Club is invited to attend.

Bishop to Offer Mass at Hospital

A Mass of Thanksgiving will be celebrated by Bishop Joseph Francis, Auxiliary Bishop of Newark, at Saint Barnabas Medical Center on Saturday, November 19 at 3:30 p.m. in the Medical Center's auditorium. Bishop Francis will concelebrate Mass with Reverend George Keating and Reverend Gerald Greaves, chaplains for Saint Barnabas, and invited priests from the area.

Patients, visitors and community members are invited to participate. Closed circuit TV within the hospital will be provided for those patients unable to attend the mass.

A reception for the Bishop will follow immediately in the Medical Center's cafeteria.

TOWNSHIP OF LIVINGSTON
NEW JERSEY
PUBLIC NOTICE

NOTICE IS HEREBY GIVEN that at the meeting of the Planning Board of the Township of Livingston held on the 1st day of November, 1977, the Board made the determinations hereinafter set forth. The name of the applicant, the location of the property, the nature of the application and the determinations made, which have been filed in the office of the Board and are available for inspection, are as follows:

1. Request by "Fifth Circle Park Associates" for an Approval Extension to a Previously Approved Building and Site Plan for Proposed "Pavilion Mall" at 599 West Mount Pleasant Avenue — Granted for One Year to November 1, 1978.

2. Application No. MS 77-6 Florence Rathbun, Minor Subdivision, Lots 20, 21, 22 and 23 in Block 25, 47-53 North Livingston Avenue, "R.4" Zone — Resubdivision into Three Lots Approved.

By Order of the Board,
Henry J. Nycz, Secretary
Livingston Planning Board
November 10, 1977 $6.72

RABINNIC INTERN. Rabbi Ely E. Pilchik (left) and Rabbi Barry Hewitt Greene (right) welcome Harry Manhoff to the ministry of Congregation B'nai Jeshurun. A rabbinic student at the Hebrew Union College - Jewish Institute of Religion, student-Rabbi Manhoff, a former Livingstonite, is in his junior year of rabbinic studies. He received his A.B. degree from Yale University, and has also studied at the Hebrew University in Jerusalem, where he met his wife Barbara. They are the parents of an infant daughter, Rinat Zvia.

Patients' Library Plans Book Sale

The Patients' Library of Saint Barnabas Medical Center will hold a book sale for the benefit of the Guild on Friday, November 18, from 10 a.m. to 9 p.m. in the Lower Lobby of the hospital.

Books to be donated can be delivered to the Guild Office at the hospital prior to the date of the sale. The public is invited to participate in this fund raising event.

Pantos Chairman Of Harvest Ball

George Pantos of Livingston, parish council member of the community of Ss. Constantine and Helen Church, Orange has announced the planning of a Harvest Ball.

The annual event is held on Thanksgiving Eve and this year will be held at the Town and Campus in West Orange beginning at 9 p.m., November 23.

Reservations are recommended, although tickets will be sold at the door.

IT'S TIME FOR ANOTHER MIRACLE!
It's time to cure diabetes. Smallpox, tetanus, yellow fever, pellagra, polio are diseases we have conquered. Now it's time to help the many millions of known and unknown diabetics. The essential cause of diabetes is still unknown although it has been established that heredity plays an important part.
Fortunately, diabetes, once found can be controlled by diet, medication and insulin injections. But, you can have diabetes without any symptoms at all, so it is important that your physician checks for it on a regular basis.
LET'S ADD DIABETES TO THE LIST OF "ALSO-RAN" DISEASES.
YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

Dr. Marvin A. Kirschner of Livingston conducts a weighing-in for Herbert Nelson, who entered the controlled fasting program at 110 pounds; at left are dietician Barbara Tasner and Joseph Spector, who lost 100 pounds in 18 weeks at Newark Beth Israel Medical Center.

Dr. Kirschner Reports Fasting Program Is Successful

Dr. Marvin A. Kirschner of 16 Oxford Drive has initiated a special Supplemented Fasting Program at Newark Beth Israel Medical Center, and this week reported on the project on its first anniversary. Dr. Kirschner is director of medicine at the hospital, and also director of the Metabolic Service.

Since the inception of the program a year ago, he stated this week, most of the diabetic patients participating have been able to give up their medication. Patients suffering from hypertension have improved their blood pressure levels, and many are now off hypertension medicine. All of the patients have had a decrease in their fat levels.

Dr. Kirschner says that his Supplemented Fasting Program is responsible for a total weight loss of 21,000 pounds among 480 patients over a ten month period.

"We're dealing with people who are seriously obese," he said. The heaviest patient enrolled in the program started at 535 pounds; the average starting weight of women is 225 pounds, and 260 pounds for men.

"Severe obesity is a major health hazard today," Dr. Kirschner said. Hypertension, diabetes and elevated fat and cholesterol levels are among medical problems commonly experienced by obese patients.

Forty per cent, or 192 of Dr. Kirschner's diet patients, suffered from hypertension at the outset. A total of 93 per cent of hypertensive patients had their blood pressure return to normal. Of the hypertensive group, 123 were taking anti-hypertensive drugs at the outset, but with the help of Kirschner's diet, 89 discontinued all drugs; 26 were able to maintain normal blood pressure levels with the help of medication. Only eight patients continued to have high blood pressure.

Dr. Kirschner's statistics on diabetic patients are also impressive. Ninety-five per cent of all diabetic patients were able to discontinue their diabetic therapy thanks to the Supplemented Fasting Program. The 28 diabetic patients taking oral hypoglycemics all gave up their medication. Eighteen of the 20 patients on insulin were able to discontinue its use.

All patients experienced significant lowering of their triglyceride (fat) levels by dieting. Elevated fat levels were detected in 218 patients. Of that group, 142 reached normal levels through dieting and 76 decreased their fat levels substantially.

Dr. Kirschner's program is patterned after a Mount Sinai Medical Center project in Cleveland which, at five years, showed an 80 per cent success rate for significant weight loss and subsequent maintenance.

Rapid weight loss is one of the outstanding features of Dr. Kirschner's diet. Men and women lose an average of 11 pounds and 7.7 pounds, respectively, the first week of dieting. After that, men lose an average of 4.2 pounds while women average a 3 pound weight loss weekly. Fifty per cent of the women and 75 per cent of the men in the program have lost over 40 pounds. Dr. Kirschner says women have a more difficult time losing weight because, as food preparers, it is harder for them to overcome the constant temptation of food. "The most successful women in our program are those who can get away from the kitchen," he said.

Patients enrolled in Kirschner's diet program are permitted a daily allotment of Optifast, a special dietary supplement. The Optifast is mixed with water or diet soft drinks for a total of 320 calories a day. Black coffee and tea are also permitted on the diet, but no solid food is allowed. The average length of time for participation in the program is 14 weeks, but, "Patients can stay on the diet as long as it takes to lose the weight. There is no time limit as far as we know," Dr. Kirschner said.

The diet approach using starvation was pioneered in the mid-1950's, at which time physicians discovered that with total starvation, patients lost three to five pounds per week. They also determined that as patients used their fat stores for energy, a condition called "ketosis" develops which helps suppress hunger. In Kirschner's diet, patients are no longer physically hungry after 48 hours. However, temptation to eat may still exist because of social habit, the inviting aroma of food and the constant barrage of T.V. commercials.

Doctors discovered that there are some problems connected with starvation, such as the accelerated breakdown of uric acid causing gout and the breakdown of muscle and brain tissue into sources of energy. The 320 calories a day which Optifast provides greatly decrease the likelihood of such problems. Dr. Kirschner's patients also take potassium supplements and multi-vitamins.

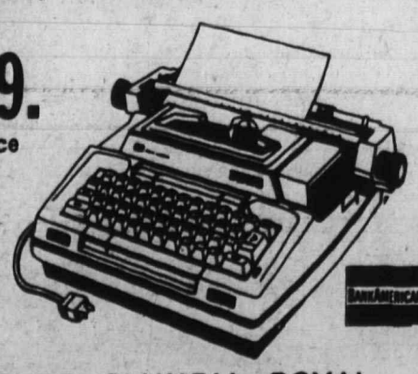

Commitment is essential to losing weight, Dr. Kirschner says. And the commitment must continue even after the patient's goal has been reached. Kirschner and his staff stick with patients to help them maintain their ideal weight. Patients receive continuing dietary advice and guidance, and are assisted in assessing and changing their eating habits through various methods such as behavior modification. "We feel maintenance is as important as losing the weight initially," Dr. Kirschner said.

After reaching their goals, Kirschner's patients are introduced to food gradually. "The diet is just a vehicle for weight loss, not a way of life," Dr. Kirschner said.

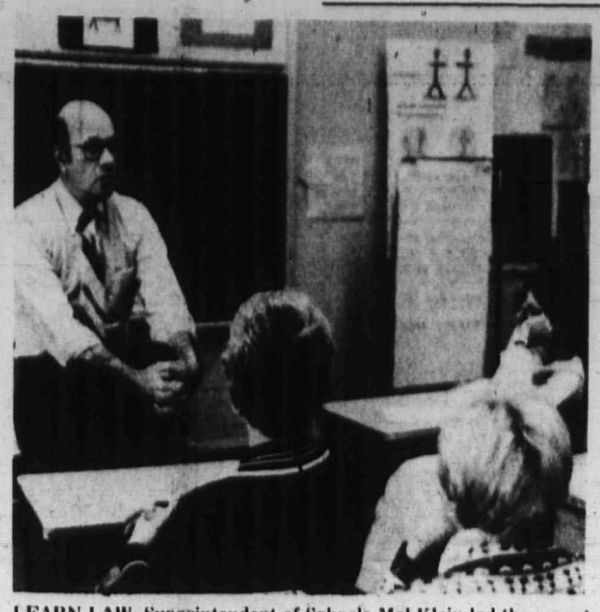

Newark Beth Israel Medical Center, a voluntary, non-profit institution, is a member of the Jewish Community Federation of Metropolitan New Jersey, a beneficiary of the annual United Jewish Appeal of Metropolitan New Jersey campaign and a member agency of the United Way of Essex and West Hudson.

LEARN LAW. Superintendent of Schools Mel Klein led the recent elementary schools inservice workshop on school law. A hands-on art workshop, featuring creative techniques for teachers to use in the classroom was led by Judy Benson elementary art specialist. The half day inservice sessions were held for all elementary school teachers.

Frisbee Champs Coming to Mall

On November 10, 11 and 12 Livingston Mall will present world champion Frisbee throwers Jens Velasquez and Erwin Velasquez.

There will be 1,000 frisbees available for the public to try and win. Show times on Thursday, Friday and Saturday are 11 a.m., 3 and 7:30 p.m. The public is invited to attend. There is no charge for this event. For further information, call Harriet Zocks at 994-9391.

Selanders Have Son

Mr. and Mrs. Herbert Selander Jr. of Berkeley Heights are parents for the first time. Their son, Matthew David, was born October 18 in Saint Barnabas Medical Center weighing eight pounds, seven ounces. The new mother is the former Lynn Miller, daughter of Mr. and Mrs. Norman Miller of 18 Washington Court.

Electricity is generated largely by burning oil or coal. Saving electricity saves energy.

Yiddish Club Meets

The Yiddish Club of the Livingston Chapter of Hadassah will meet on Wednesday, November 16, at 8 p.m., at the home of Harriet Goldberg, 14 Emerson Drive. Anyone interested in attending may call Harriet Goldberg, 992-0458, or Marion Erlbaum, 992-7687.

dial'n pay is here.

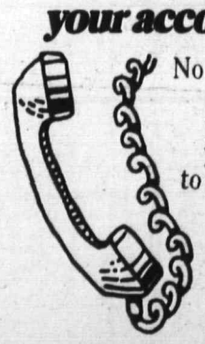

Pay bills or transfer between accounts by phone—any phone, any where

Pay your bills by phone

It's fast, it's convenient, and it's easy. Dial 'N Pay is a new Howard service that lets you pay your regular bills with a simple phone call. Bills such as department stores, utilities, credit cards, your mortgage or personal loan, even payments to other bank accounts. No checks to write. No stamps to buy and lick. No envelopes to scrounge. Just call Dial 'N Pay, tell us who you want to pay and how much. We take it from there.

Transfer money between your accounts by phone

No frenzied dash to the bank to transfer money from your savings account into your checking account, or to pay your savings account from your checking account. Just call Dial 'N Pay and tell us. It's done the same day.

Here's what you need to use Dial 'N Pay

A Scotfree checking account and a Howard Regular 5¼% passbook savings account. If you already have these Howard accounts, you may designate them as your Dial 'N Pay accounts. Prefer a separate Dial 'N Pay savings account? It's easy to open one.

We'll also ask you to sign an authorization form listing who you will want to pay through Dial 'N Pay. For your protection, these will be the only accounts you can pay through Dial 'N Pay. The list may be added to at any time. You may even pre-authorize regular, set-amount payments and we'll do it automatically.

It costs less than a postage stamp!

For each Dial 'N Pay transaction you make—to pay a bill or transfer money—there's a 10¢ service charge. Less than the cost of a postage stamp—to say nothing of the time and aggravation you save!

No minimum balance

For your Scotfree checking or for your Dial 'N Pay savings account. And there's no minimum or maximum amount which you may pay or transfer, either!

It's completely safe and in your control

Only you know who you owe, how much, and when it's due. Nobody gets paid unless you call and tell us. And, since your account number and personal number are as unique to your account as your signature, only you can tell us who to pay.

Any phone, any where, most any time

Call from home. From work. From a phone booth on the highway. And if you're calling from anywhere in New Jersey, the call is toll-free! Hours are 8 am to 8 pm, Mon-Fri., and 9 am to 2 pm Saturdays. You can even tell us to send a payment or make a transfer as many as 30 days after you call.

How to get the convenience of Dial 'N Pay

Stop by any Howard office, or send us the coupon, or call 201-456-5900 and we'll send you full details and a sign-up kit. No obligation, of course!

NOW Accuses Schools of Bias

Livingston is among 60 New Jersey communities listed by the National Organization of Women as continuing to discriminate on the basis of sex, despite a 1972 law prohibiting the practice. NOW is charging 913 towns nationwide with failure to comply.

The local charge is based on a case brought against the Livingston school district five years ago charging that boys were not allowed to take home economics classes and girls were kept out of wood and metal shop.

Livingston Board of Education member Toby Simon said that the schools changed their policy four years ago and all these classes are now open to both sexes, but NOW never withdrew its charges nor took the case to court.

Linda Ann Marzano Is Mrs. Matinata

Linda Ann Marzano, daughter of Mr. and Mrs. Peter Marzano Sr. of Livingston became the bride of Vincent Michael Matinata, son of Mrs. Americo Matinata and the late Americo Matinata, also of Livingston, at a double ring ceremony October 30 in St. Philomena Church. The Reverend William J. Melillo officiated. A reception followed at the Governor Morris Inn, Morristown.

Lana Marzano served as her sister's maid of honor. Bridesmaids were Kathryn Campanella of Neptune, Lisa and Adele Matinata of Livingston, sisters of the bridegroom, and Sue Marzano of Pompano Beach, Florida, the bride's sister-in-law.

Joseph Grum of Livingston served as best man. Ushers included Charles Mancini, Gary Norman and Michael Matinata, the bridegroom's brother, all of Livingston, and Peter Marzano Jr. of Pompano Beach, Florida, the bride's brother.

The new Mr. and Mrs. Matinata graduates of Livingston High School. She also was graduated from Monmouth College and is a first grade teacher in the Roxbury Township school district.

After a honeymoon in the Bahamas, the couple will live in Livingston.

Extra insulation added to the attic saves energy and money.

The color guard of the Imperial Guardsmen Junior Drum and Bugle Corps perform at a recent competition.

Imperial Guardsmen Invite Others to Join Corps

The Imperial Guardsmen Junior Drum and Bugle corps of Livingston, will be recruiting new members until the end of November. Anyone interested in joining the corps and learning horns, drums, how to handle rifles, sabers and flags, are invited to attend tryouts that will be held during the month on Tuesday and Thursday evenings at the VFW Post on Mt. Pleasant Avenue. Tryouts for horns and drum line are held on Thursday evenings, while color guard tryouts will be held on Tuesdays. Time for both evenings is 7:30 p.m.

A recruiting film made by the world champion Santa Clara Vanguard drum corps from Santa Clara, California, is being shown throughout the Livingston school system in an attempt to gain new members for the Guardsmen. Even though experience is not necessary, anyone with school band background is encouraged to participate. Instruction is by some of the best drum and bugle corps instructors on the East Coast; equipment and uniforms are furnished also by the corps at no cost to the Guardsmen members.

The only qualification that prospective members must have is the free time during the summer months ofr extensive traveling to parades and competitions, which encompasses most of the eastern states. Also included yearly in the Guardsmen's schedule is a two-week tour to the mid-west, and two weekends in Wildwood at both the American Legion and VFW conventions.

Members of the Guardsmen include young people from nine to 20 years old not only from Livingston but also from Morristown, Morris Plains, South Orange, Irvington, Bloomfield, Whippany, Hanover and other surrounding towns.

Plans already are underway for a competing winter color guard.

Anyone interested in spending the summer traveling with members of his or her own age group is encouraged to come to the Imperial Guardsmen tryouts, talk to the members, and find out what the corps has to offer. Those who can't attend, but are interested in joining, may call Walter Wingerter, corps director, at 992-9444, or Ann Martin, business manager, at 887-1767.

NANCO at FISCHER'S
Specialists in Doll Houses and Miniatures

NANCO, specialists in doll houses and related furnishings, is located in Fischers Garden Center, 48 East Northfield Road, Livingston. Here you will enter the wonderful world of miniatures: numerous styles of doll houses and everything you would ever need to furnish them. The accessories and furniture include the full range from period to contemporary; from a Lucite kitchen set to Colonial braided rugs; from brass and canopy beds to the latest in Oriental decor. Many of the miniatures are reproductions of fine furniture and accessories.

The doll houses come in many styles: French Victorian (as shown in the above picture), colonials, even a Swiss chalet.

You can also find pet shops, stores, schools, churches — a complete town with people! Ye Olde Yummery is an old fashioned bake shop, hand made by a local resident.

NANCO at Fischers is owned and operated by Claire and Milton Fischer. Fischers Garden Center has been an active part of the Livingston business community for 43 years.

NANCO, Fischer's latest addition, opened about a year ago. With the approaching holiday season, doll houses are welcome gifts for children of all ages. **NANCO** can even supply house plans of which any architect would be proud, complete to such finishing touches as a welcome mat at the front door.

To find a gift for your living doll, stop in at the jewelry department at NANCO. See the full line of sterling silver and 14k gold jewelry at DISCOUNT PRICES.

Stearns in Europe For Army Exercise

Lieutenant Colonel Henry A. Stearns, son of Mrs. Evelyn G. Stearns, 3 Disney Place, recently participated with other American and allied troops in Exercise Reforger '77.

Some 12,000 U.S. based soldiers and more than 37,000 tons of equipment arrived in Europe in late August as the massive exercise got under way. After arrival, Reforger troops drew equipment from ships and from prepositioned stocks, then joined with U.S. Army Europe troops to begin the exercise.

Col Stearns entered the Army in 1958 and is a battalion commander with the 101st Airborne Division at Ft. Campbell, Kentucky.

He received his commission through the Reserve Officers' Training Corps program.

He received his M.S. degree in 1958 at Rensselaer Polytechnic Institute.

Volunteers of the Jewish Counseling and Service Agency of Metropolitan New Jersey practice interview techniques in preparation for their work in a research project sponsored by the agency. They will interview Russian immigrants resettled by JCSA since 1973. In front are Mrs. Sima Graff of Livingston and Mrs. Irving Siegler of Springfield; and in back, Mrs. Edward Kaplan of Livingston and Mrs. Ruth Shapiro, coordinator of volunteers for the agency.

Carol Gordon Photo

Group Will Interview Immigrants

One hundred Russian families resettled in Metropolitan New Jersey since 1973 will be the subect of a study by the Jewish Counseling and Service Agency of Metropolitan New Jersey. Alan H. Bernstein of Livingston, agency president, said the research effort is being undertaken to find out to what extent the families have integrated into community life and have adjusted to American social patterns. Interviews and data analysis will be conducted by agency volunteers.

Serving clients in Essex County and communities in Union, Hudson, Morris and Somerset counties, the JCSA is located at 161 Millburn Avenue, Millburn. It provides family and child counseling, supportive services to the elderly and immigration and resettlement assistance to refugees.

The research project, one of the first to study Russian resettlement, is being coordinated by Mrs. Lawrence Churgin of Short Hills as Chairperson. Two agency staff members, Alan Brookman and Mrs. Ruth Shapiro, are working with her committee.

Twenty volunteer interviewers are being trained for their work in the project in a four-session course, Mrs. Churgin said. All interviews will be considered completely confidential. It is anticipated that the project will be completed in six weeks and that results of the study will be reported at the JCSA's Annual Meeting in December.

Information to be sought in the interview will concern the immigrant's employment history, housing experience and social, cultural and religious activity in this country. Interviewers will ask whether, for example, the new resident intends to become an American citizen, contributes to charities, uses the public library or entertains friends in his home. Respondents will also be asked to make some comparisons between their work experience in Russia and in the United States.

Participating as interviewers are Mrs. Jean Albert, Mrs. Bernice Cohen, Mrs. Sima Graff, Mrs. Judith Heyman and Mrs. Geraldine Kaplan, all of Livingston.

Go shopping with a neighbor in one car: save gasoline.

Jane Bearman Has Minneapolis Show

Livingston artist Jane Bearman will have a one-woman exhibition of collage paintings and graphics on view beginning November 12 at the Jewish Community Center of Greater Minneapolis. The exhibit is in the context of "Identity," the Center's theme for the year.

A native of Minneapolis and graduate in Fine Arts from the University of Minnesota, the artist will be honored at an opening reception on Sunday, November 13. The exhibition will continue through December 4.

Jane Bearman, who has exhibited widely in the state and throughout the country, teaches multi-media painting and life drawing at the YM-YWHA of Metropolitan New Jersey.

Boy For Palermos

Mr. and Mrs. John W. Palermo of Hopatcong announce the birth of Douglas Peter on October 14 in Saint Barnabas Medical Center. Douglas weighed seven pounds, two ounces, and joins brothers Michael, three, and Christopher, one. His mother is the former Linda McCue daughter of Mr. and Mrs. Peter McCue of East Hanover. Mr. and Mrs. John J. Palermo of 154 North Livingston Avenue are paternal grandparents.

To Decorate Bottles

The Livingston Women's Club, art department, will meet on Wednesday, November 16, at 10:30 a.m. at the home of Mrs. A. Skeels 217 West Hobart Gap Road. The co-hostess will be Mrs. H. Picard. Members are to bring white detergent bottles, to make "Snow Lady" dolls. The women will also decorate cornucopia's for their Christmas Party.

More energy has been consumed in the last 30 years than in all history up to 1940.

NOTICE CONCERNING PUBLICATION STANDARDS

News and advertising deadline is noon on Tuesday for the same week's issue.

News copy should be typewritten, double spaced, on one side of the sheet.

Photographs should be black and white, glossy or matte finish. Size is not generally an important consideration.

Wedding photographs will be published only in the issue immediately following the wedding ceremony. There are no exceptions.

There is no charge for the publication of any news article, including engagements, weddings, club news, promotions, or any other type, nor is there any charge for photographs used with news articles.

No unsigned letters will be published, nor will the name of the writer be withheld.

The West Essex Tribune reserves the right to edit or reject any item submitted for publication with the exception of letters to the editor which will be returned to the writer if unacceptable.

TOP EDITOR. Diane Moskowitz of Livingston (center), editor of the Essex County Education Association monthly publication, Essexchange, was the winner of the 1976-1977 New Jersey Education Association Publication Award. This award is given annually by the NJEA Editorial Committee for excellence in newsletter writing. Congratulating Mrs. Moskowitz at the award presentation ceremony held in Trenton were Ellen Crecca, chairperson of the NJEA editorial committee, and James Alouf, a committee member.

Chanukah Gifts Features of Sale

Temple B'nai Abraham will hold its first Chanukah Shop-o-Rama Sunday, November 13, noon to 4 p.m. at the temple, 300 East Northfield Road.

Merchandise for the holiday season will include giftware, Menorahs, silver jewelry, books and games, toys, puzzles, paper for gift wrap, Chanukah decorations and candles.

The public is invited to attend. For more information, call Linda Ross, 994-2186, or Jean Diamond, 994-3836, co-chairwomen of the event.

Edith Belvedere Mass Is Offered

Mrs. Edith Belvedere, 82, of Livingston died Wednesday, November 2, in Saint Barnabas Medical Center. Services were held Saturday in the Paul Ippolito Memorial, Orange, followed by a mass in Our Lady of the Valley Church, Orange. Interment was in Gate of Heaven Cemetery.

Mrs. Belvedere is survived by two sons, Edward of Hollywood, Florida, and Anthony of West Orange; two daughters, Mrs. Florence Skroupski of Bloomfield and Mrs. Mildred Yasko of Livingston; 11 grandchildren and eight great-grandchildren.

A former resident of Orange, she was the wife of the late Edward Belvedere.

2 Women Attend Hadassah Seminar

Education chairman Arlene Winkleman and Lilly Friedman, publicity chairman of the Livingston Chapter of Hadassah, attended the annual educational seminar of the Northern New Jersey Region recently.

The theme of the morning session was " 'I' Witness 28 Zionist Congresses."

On March 15 the Northern New Jersey Region of Hadassah will hold a sequel to this seminar. At that time Hadassah delegates will give their eye witness reports on the events of the 29th Zionist Congress to be held in Jerusalem in February.

Stephen Levine New Supervisor

Stephen L. Levine has been appointed supervisor of the general accounting section, controller's department of Foster Wheeler Energy Corporation.

Levine joined Foster Wheeler in 1975 as an assistant supervisor of the general accounting section. A 1962 graduate of New York University, School of Commerce with a B.S. in accounting, Levine is currently working towards a master's degree in management at Fairleigh Dickinson University. A Certified Public Accountant, he is a member of the American Institute of Certified Public Accountants.

He and his wife, Barbara, reside at 64 Irving Avenue, and are the parents of Aileen and Randy.

Foster Wheeler Energy Corporation — the major United States subsidiary of Foster Wheeler Corporation — designs, fabricates and constructs process plants, fired heaters and steam generating equipment for petroleum refiners, chemical producers, electric utilities and shipbuilders. Foster Wheeler Corporation, the parent company, operates worldwide through 26 subsidiaries. Both corporations have their headquarters on South Orange Avenue, Livingston.

Burn Unit Nurse To Address BPW

Maura Ryan, the nursing coordinator for the recently opened burn unit at Saint Barnabas Medical Center, will be the guest speaker when the Livingston Business and Professional Women's Club meets on Wednesday, November 16. The BPW meets at the Northland Recreation Center at 6:30 p.m.

Mrs. Ryan, a registered nurse, was responsible for coordinating the activities leading to the recent opening of the burn unit. She is a certified Burn Nurse Specialist, in addition to holding certification in coronary care and critical care. A 1974 magna cum laude graduate of Seton Hall College of Nursing, she received her burn education at the National Institute for Burn Medicine at the University of Michigan. She is now studying for a master of science degree in surgical nursing at Seton Hall University.

CHARLES E. DYBAS (left) of 23 West Cedar Street was sworn in this week as a member of the advisory council to the Essex County Office on Aging by the freeholders of Essex County. Officiating at the induction ceremonies was Freeholder Thomas P. Giblin. Dybas is a member of the Livingston Advisory Council on Senior Citizens.

Lions Club Sees Electronic Aids

Aids to the handicapped which have been invented and built by members of the Telephone Pioneers of America were the topic of a special program for the Lions Club this week. William Breen past president of the Pioneers, described how the organization's "Join In, Reach Out" program helps the handicapped.

Among the other devices displayed at the meeting were a "talking dog," actually operated by a person in a nearby room, designed to help speech inhibited children learn to communicate, and a softball with a beeper inside it that can be followed by visually handicapped children.

The Telephone Pioneers are long-time employees of the Bell Telephone Company and its affiliates who apply their abilities to various charitable projects.

Save energy by using smaller bulbs in lamps.

Egon Hoenig Marks 40th Year At Pru

Egon O. Hoenig of Livingston will celebrate his 40th anniversary with Prudential Insurance Company, Newark, on November 15.

Hoenig, who has been a manager in the office services division since last year, joined Prudential n 1937. From 1961 to 1976 he was a manager in the supply division.

Hoenig holds B.S. and M.B.A. degrees from Rutgers University. He is the chairman of the administration board of the Livingston Methodist Church. Hoenig served in the Army from 1940 to 1945.

He and his wife, Elizabeth, reside at 46 Wellington Road. They have two children, Don and Nancy.

Jacobs in Concert

Robert Jacobs of Livingston, percussionist in the Ithaca College symphonic band, will appear in a concert this Friday evening at the college. He is a junior music major and a 1975 graduate of Livingston High School.

HSA to Sponsor School Book Fair

In conjunction with National Book Week the Squiertown — Riker Hill Home and School Association will sponsor a book fair to be held in both schools on November 15, 16 and 17. Books will be arranged according to grade level and will be both entertaining and educational.

Children will have an opportunity to preview the books with their classes during school hours and will be able to purchase books. Parents are invited to visit between 9 a.m. and noon and between 12:30 and 4 p.m. on Tuesday, Wednesday and Thursday.

Four prizes will be awarded in each school. The children's art work will decorate the book fair room in both schools.

Bisceglie Daughter

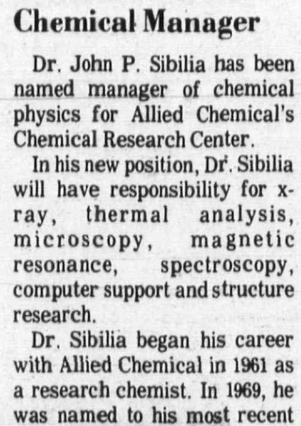

Mr. and Mrs. Guy Bisceglie of Irvington are parents of their second daughter, Denise Michelle, born October 31 in Saint Barnabas Medical Center. Denise, who weighed eight pounds at birth, joins a sister, Nicole, 18 months. Her mother is the former Laurel Tallman, daughter of Mrs. Cammilla Tallman of Olalla, Washington. Mr. and Mrs. Gaetano Bisceglie of 4 Maplewood Drive are paternal grandparents.

Sweet Adelines Have Open House

Two Livingston women, Barbara Pateman and Doris Schrader, will take part in an open house program for the Hickory Tree Chapter of Sweet Adelines on Monday, November 14. The group will meet at St. Patrick's Church in Chatham at 8 p.m.

The chorus and chapter quartets will present a program of musical entertainment, and have extended an invitation to past members, prospective members, and women interested in singing or listening. Refreshments will be served.

Further information is available by calling 992-8766 or 992-6856.

Dr. John Sibilia Chemical Manager

Dr. John P. Sibilia has been named manager of chemical physics for Allied Chemical's Chemical Research Center.

In his new position, Dr. Sibilia will have responsibility for x-ray, thermal analysis, microscopy, magnetic resonance, spectroscopy, computer support and structure research.

Dr. Sibilia began his career with Allied Chemical in 1961 as a research chemist. In 1969, he was named to his most recent post, technical supervisor for the Chemical Research Center.

Earlier in his career, Dr. Sibilia was a research chemist from 1958-1961 for U.S. Rubber Company, Wayne.

Dr. Sibilia has written more than 25 articles and publications and holds a number of patents in areas of polymer science, spectroscopy and analytical chemistry. He has also taught courses in spectroscopy and polymer science at Fairleigh Dickinson University.

Dr. Sibilia is a member of the American Chemical Society and the Society for Applied Spectroscopy.

He holds a bachelor's degree in physical chemistry from Rutgers University and earned his Ph.D. degree in physical chemistry in 1958 at the University of Maryland.

Dr. and Mrs. Sibilia and their three sons live on Balmoral Drive.

Stories for Kids

The Livingston Public Library will have its After School Story Hour on Thursday, November 17, at 4 p.m. in the library's auditorium. All Livingston children from kindergarten to fourth grade are invited. This 45 minute program will include children's stories and a Disney filmstrip "Hiawatha - Father of a Democracy." Children are requested to come on time.

Further information is available from the Children's Room of the Library, 992-4600.

ON PRESIDENT' COUNCIL. New officers of Fight for Sight League of Northern New Jersey are Mrs. Fran Brody of Westfield and Mrs. Amelia Radler of Livingston. They were installed at a recent luncheon at the Chanticler which raised funds for the Fight for Sight Children's Center at the New Jersey Eye Institute in Newark.

PHIDO BETA KAPPA — After seeing a picture of this basset hound in the January 13, 1977 issue of the West Essex Tribune, local resident Ken Burch adopted her. Recently Samantha completed the beginners' course of the K-9 Obedience Training Club of Essex County. Samantha received a third prize, nosing out 26 other dogs.

Claire Heads Fashion Show

Martin Claire of 32 Surrey Lane is chairman of a benefit fashion show for men in support of the American Cancer Society. The "Menswear Here and Now" show will be presented Wednesday, November 16, at Saks Fifth Avenue in Springfield.

Outstanding county leaders will serve as volunteer models for the show, including Phil Dameo, Dr. George Gill, Harry McEnroe, Vince Biunno and Claire, as well as others. Proceeds of the program will support the Cancer Society's national program of research and local programs of education, patient services and rehabilitation. Ticket information is available by calling the Cancer Society at 678-1990.

Kids to Bake Pies

On Wednesday, November 16, at 3:45 p.m., Kids In Action will meet in the Livingston Library auditorium to bake pumpkin pies. There will be a sign-up in the Youth Section of the Library for all interested kids in grades five through nine. There are a limited number of spaces left.

Sisterhood Takes "Tour" of Israel

The Sisterhood of Temple B'nai Abraham will hold its paid-up membership supper on Tuesday, November 15, 7 p.m. at the Temple. Guest speaker will be Mrs. Sylvia Wiener, lecturer, author and playwright of the Jewish Museum. She will present a tour of Israel with slides and commentary.

Members may make reservations with co-chairwomen Rae Friedman, 676-0773, Joan Cagin, 736-5734 or Leslie Mayesh, 994-4224.

Livingston women working on the committee include Libby Heller and Leslie Mayesh.

Astaire Movie

The Livingston Free Public Library is presenting the musical film directed by Stanley Donen, starring Fred Astaire, Audrey Hepburn and Kay Thompson on Monday, November 14 at the library as part of the American Movie Musical Festival. There will be two showings, one at 3:30 p.m. and the other at 7 p.m. Admission is free. For the title call the library.

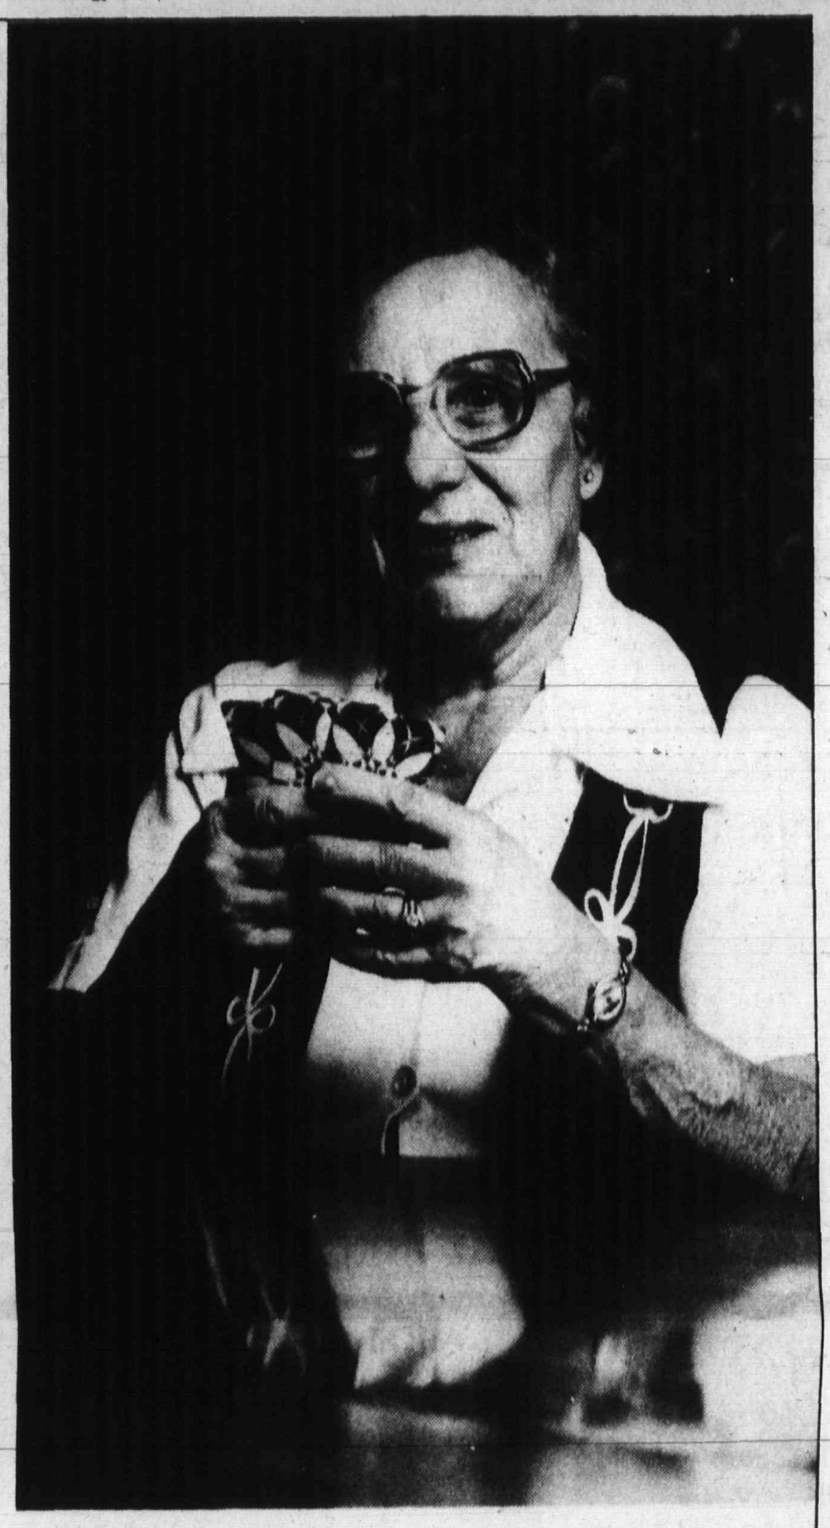

Could you manage with smaller light bulbs in the hallways or porches of your home? Save energy!

Hadassah Board

The Livingston Chapter of Hadassah will hold its monthly board meeting on Thursday November 17, at the home of Rhoda Baron, 3 Troy Drive. Hostess for the evening will be Marge Rich.

New 4-H Clubs Open to Youth

Several new 4-H Clubs have been organized this fall, with openings for Livingston young people interested in gardening, photography, hiking and horses. Organized for suburban youth rather than the traditional farm image of the 4-H Club, the local organization has its headquarters in the County Public Works Building at 900 Bloomfield Avenue, Verona.

The 4-H Gardening Club, led by 4-H Agent John A. Hassert, does activities in indoor and outdoor flowers, vegetables, floral arrangements, dish gardens and terrariums.

Under Edgar Kaup, the Photography Club works on cameras and equipment and how to take good pictures.

Sandra Prekaza and Margaret DeSantis are leaders of the new Hiking Club for young people 14 and older; other 4-H groups are open to those nine to 19 years old. They will have a hike every month, as well as meetings to discuss equipment, tree identification, safety and other topics.

The Stablemates 4-H Club is specifically for young people who love horses but do not own one; there is another club for horse owners. The club, under Kathy Stauber, teaches the care of horses and their equipment, as well as special projects such as films, guest speakers and some riding.

There is no charge for joining 4-H Clubs. Livingston young people interested in further information may call 226-8728 during business hours.

Dodge Dealer Earns Award

Warnock-Ryan Dodge on West Mt. Pleasant Avenue has been honored with the Truck Sales Leader Award by Chrysler Corporation. This is the third consecutive time that the local firm has won the award.

Company president William Ryan, in accepting the honor from zone truck manager F.M. Ripley of Chrysler Corporation, attributes the top sales in large measure to the expansion of the market for light trucks and the firm's large stock of vehicles. "Since we stock all sizes of Dodge trucks," he said, "we feel that our ability to supply them quickly and efficiently has helped us win."

Wines, Cordials Stars of Evening

Temple Beth Shalom of Livingston will present Sonoma wines and Cointreau cordials at its "Vintage Evening" on Sunday, November 13, at 8 p.m. Sonoma Vinyards was awarded 13 medals and citations at this year's prestigious Los Angeles Fair, and Cointreau has achieved distinction for two centuries. Those who attend will taste several medal winners and another described as "... one of the best white California wines made in recent years" by Frank Prial of the New York Times.

Richard Martell, Eastern manager of Sonoma Vinyards of California, will make a presentation of some of these wines. As Martell describes the taste and bouquet of each wine which will be sampled, selected cheese and crackers will be served.

Jack Nathanson, vice president of Renfield Importers, will introduce cordials by Cointreau. Among those to be tasted will be the new "Pistasha," and Cointreau Liqueur, a specialty cordial.

A Viennese table and coffee will be part of the evening.

All are welcome but space is limited. For reservations call Fran Gendel, 992-3406, Sandy and Harriet Goldberg, 994-0454, or Temple Beth Shalom, 992-3600.

Women to Learn Of Tay Sachs

The November 10 meeting of Temple Emanu-El Women's Club will present a program about Tay-Sachs disease, a fatal illness that strikes Jewish children almost exclusively. Until now little has been known about how to prevent this disease; but for the first time educational campaigns and testing can alert those families who might be affected.

This program will feature a slide presentation and discussion period following the speaker, representing the New Jersey Chapter of National Tay-Sachs and allied diseases, on Thursday, November 10, at 8:30 p.m.

Husbands, wives, grandparents and teenage children are invited to attend.

Mrs. Sheila Kasdan is program committee chairwoman, and Mrs. Phyllis Mills is president of the Women's Club.

BEWARE ON BAKER ROAD. Trick-or-treaters on Baker Road who visited the Riedl home got more of an "unearthly" reception than they had bargained for on Halloween night. Harriet Riedl greeted the visitors dressed as a vampire with a "rattle snake" around her arm. Resting comfortably in a coffin was Dracula (Camille Riedl). Joseph Riedl provided eery noises and Dan Ferrara appeared as a hunchback. This is the fifth Halloween that the Riedls have provided their authentic "house of horrors" for the neighborhood.

"My Christmas Club gives me the first payment free!"

"My Chanukkah Club does too!"

"When I told the girls in my bridge club that Livingston State Bank Christmas and Chanukkah Club makes the first payment free, did I ever get a surprise! They all knew it – and many of them already had one."
