Teachers' Contract Approved by Board

Closing more than six months of negotiations, the Board of Education approved a contract with the Livingston Education Association on Monday evening. The contract had been presented to the teachers' organization late last month for approval.

The new contract calls for an averate 7.5 per cent increase for teachers. As in past years, the salary scale includes steps for years of service and for the attainment of additional educational credits. A first-year teacher with a bachelor's degree, for example, will earn $13,775; with a master's degree, the same first-year teacher would make $15,675, and when study toward a doctorate has been completed, $17,075.

After five years, a teacher with a bachelor's degree will earn $15,600, and $17,500 with a master's degree. A teacher with a bachelor's degree and ten years of experience will receive $18,875. At the top end of the scale is a salary of $32,700 for a teacher with 16 years of experience and a master's degree plus 32 credits.

The Board of Education and the LEA reached agreement on the contract without the intervention of an outside mediator through the local negotiation process.

LEA president F. June Graf, commenting on the approval by her group and by the Board of Education, said that she was pleased with the outcome of the negotiations, and looking forward to a productive year in the township's classrooms.

Extra Assignments

At the same time, the school board also approved the scale of extra compensation for such positions as athletic coaches, publication advisors, drama directors, class advisors, department chairmen and safety patrol leaders. Athletic coaching assignments range from $435 to $2,940, and a sampling of other additional assignments runs from $110 for an elementary outdoor education teacher to $1,800 for directing major school productions.

Salary adjustments for department heads in the high school are generally based on a small percentage of salary. Most department heads will receive an additional 7.5 per cent for the extra assignment.

FIRST AID SQUAD MEMBERS removed eight people to the hospital following an accident on Laurel Avenue, south of Oxford Drive, in the early hours of Friday morning. An Orange resident lost control of his car on wet pavement and while trying to control the skid was struck by a van headed in the same direction. Both vehicles went off the road and the van overturned. The injured, residents of Orange, East Orange, Montclair and Newark, suffered multiple injuries. A summons was issued to the driver of the van for driving with a revoked license. Andy Wilson Photo

Gypsy Moth Aerial Spraying Won't Start Before Monday

Township manager Robert H. Harp said on Tuesday of this week that the aerial spraying program for the control of gypsy moth caterpillars will not get started in Livingston before Monday. Previous state estimates had set the time for the start of the spraying several days earlier.

Harp said that his office has been extremely busy with telephone calls and visits from Livingston residents with questions concerning the aerial spraying.

The manager noted that the township has sent out more than 7,000 first-class letters to residents of the area where spraying will take place, and has published notices in the West Essex Tribune. Countless news articles and — in last week's edition — a large map showing the area designated by the state for the aerial spraying have also been published by the Tribune.

Despite this preliminary information campaign, Harp said, he has lost count of the number of questions concerning the state-operated spraying program.

Assistant manager Russell Jones said that the most commonly asked question is whether homeowners should spray trees from the ground, in addition to the aerial spraying. The answer, Jones said, is really up to the individual. The use of bacillus thuringiensis, or B.t., sprayed from helicopters is projected to be about 70 per cent effective against gypsy moth caterpillars. For homeowners who do not feel that this is sufficient to protect their trees and plantings, additional spraying from the ground may be useful.

B.t. is a bacterial spray, sold under the names of Dipel and Thuricide. The bacteria are ingested by the caterpillar, and cause a disease which paralyzes the digestive tract; the caterpillar stops feeding and starves to death.

Other insecticides licensed for home use include Carbaryl, which is sold under the trade name Sevin, and is the most widely used insecticide for gypsy moth control in the United States. Others include Imidan and Methoxychlor.

These sprays may legally be applied by the homeowner, although to reach the upper branches of tall trees special pumping equipment will be required which usually limits the job to a professional spray service.

Maybe Monday

Harp said that there is no certainty regarding the start of the spraying operation in Livingston. The spray program began in the south part of the state, he said, and is subject to weather, the availability of helicopters, and timing to meet the right part of the life cycle of the caterpillars.

In the use of B.t., the timing is crucial so that the caterpillars will be most susceptible to the disease when the organism is sprayed.

It is expected that the spray helicopters will set up a base at a local airport, and will work from there during the two or three days that will be required for the Livingston spraying. They generally work from about 5 a.m. until 9 or 10 a.m., depending on wind conditions.

Very tiny when they emerge from the egg masses, the caterpillars go through several life stages as they get larger and larger. The young caterpillars above have been magnified for clarity; later they will be about two inches long. Stauffer Chemical Co. Photo

Locate Youth At Liquor Store

On Friday, May 7, a 15 year old Livingston resident was reported missing by his parents. Three days later, the police located the youngster after he attempted to purchase an alcoholic beverage at Bottle King on South Livingston Avenue using a stolen license for identification.

The clerk at the store challenged the identification and the youngster fled; but, was apprehended by police a short while later. He has been charged with liquor law violation and presenting the driver's license of another for identification. The case has been referred to the Juvenile and Domestic Relations Court for action.

A spokesman of the Livingston police commended the clerk's action and reminded the public that liquor store clerks in the township are being trained to look for improper identification. He stated that the stores will prosecute violators.

5 Residences Entered By Burglars this Week

Livingston police received reports of five residences entered by burglars this week.

On May 4, Gilda Matinata of 17 Parsonage Hill Road called headquarters to report that, sometime during a day's absence, her home had been entered by ripping a kitchen screen and forcing the window on the side of the house. A quantity of jewelry and an undetermined amount of cash is missing.

Upon preparing to retire for the evening on May 7, Bernard Feldman of 29 Tremont Terrace discoved that someone had entered his home through a bedroom window left open for ventilation. The family had been at home during the burglary, but they had been at the other end of the ranch style house and had not heard any disturbance. A jewelry box is reported missing from the bedroom.

Responding to a burglar alarm from the home of Morris Blum at 9 Tilden Court on May 8, police found that glass in the back door had been broken and the molding of the door showed pry marks. A deadbolt lock prevented the officers from gaining entry and no keyholders were available.

The Fire Department secured the broken window until the Blum family returned the next day. Further investigation revealed that the burglars had entered the home and apparently been scared away when an interior alarm was set off.

Although an inventory has not been completed, some silverware was reported missing. The next day, a resident of Laurel Avenue found several silver plates in the yard. The plates were later identified as belonging to the Blum family.

Also on May 8, Sharon Rosenberg of 43 Rumson Road called police to report that her home had been entered by forcing a window. Returning from an absence of several days, Rosenberg found that several rooms had been disturbed. Pending a complete inventory, only a small amount of cash is believed missing.

Two days later, on May 10, Edgar Rose of 19 Alcott Drive reported that, sometime during an evening's absence, someone had entered his home through an inside garage door. A small amount of cash and several pieces of jewelry are reported missing from two bedrooms.

A police canvass of each of the neighborhoods revealed no witnesses to any unusual occurrences. Evidence at the scene of several of the burglaries indicates that the crimes have been committed by juveniles and police are continuing their investigation.

Pianist Norman Krieger To Perform with LSO

The noted American pianist Norman Krieger will be soloist with the Livingston Symphony Orchestra in its next concert on Saturday, May 22. Krieger will perform Tchaikowsky's Piano Concerto No. 1, and Gershwin's "Rhapsody in Blue."

Like all Livingston Symphony Orchestra concerts, the program on May 22 will be open to the public at no cost.

Norman Krieger has been called "one of the most interesting pianists of his generation" by Harold Schonberg of the New York Times. In 1967, at the age of 11, he was chosen for two appearances with the Los Angeles Philharmonic, and in 1974 he was the recipient of the distinguished Paderewski Foundation Award.

Upon completion of his musical studies at the Juilliard School with Adele Marcus in 1979, he received the Victor Herbert Prize in Piano and the Bruce Hungerford Memorial Prize.

Krieger made his Carnegie Hall debut in 1979, and has performed with many major symphonies since that time, including the Los Angeles Philharmonic, Boston Pops, St. Louis Symphony, Cincinnati Symphony, Buffalo Philharmonic, Rochester Philharmonic and the Montreal Symphony.

Arrest 3 Pa. Men For Drug Possession

Three residents of Pennsylvania were charged with a number of drug offenses after they had been stopped by a Livingston police officer for a traffic violation on Saturday evening.

A patrolman stopped a vehicle which had made an illegal U-turn at West Mt. Pleasant Avenue and Okner Parkway on May 8. The operator of the vehicle could produce no license or registration and the date of birth on the insurance card did not match the apparent age of the driver. The men claimed to have gotten lost while on their way to visit a sick friend in Morristown.

The officer observed one of the passengers attempting to hide a large hunting knife and as the knife was being retrieved, a quantity of substances later proved to be marijuana and cocaine were discovered on the front seat. Further investigation revealed three glassine packets of cocaine between the seats. After the occupants of the vehicle were removed, two more hunting knives and a pipe with marijuana residue in it were found.

Identified as Ethan Perry of Allentown, Pennsylvania; Charles Walthall, also of Allentown; and Michael Stanton of Bethlehem, Pennsylvania, the occupants were arrested. The police determined that the vehicle belonged to Albert Perry, the father of the driver, and had been taken without permission.

Each of the three was charged with possession of a controlled dangerous substance with intent to distribute, possession of drug paraphernalia, possession of a weapon, possession of cocaine, and possession of less than 25 grams of marijuana.

During the routine inventory conducted by the police before impounding a car, two additional unidentified blocks believed to be a controlled dangerous substance were found. No additional charges were filed pending analysis of the substance.

Bail was set at $1,000 cash or a $10,000 bond by a Superior Court Judge. Perry was released Monday evening on bail posted by his father; however, the other two men were sent to Essex County jail in default of bail pending a hearing in Livingston Municipal Court.

Argument Results in Knifing

On May 7, Livingston police responded to what they expected to be a first aid case at the Continental Insurance building at 2 Peach Tree Hill Road. The victim, identified as Weldon Crute of Newark, was suffering from facial and stomach lacerations inflicted after a verbal argument escalated to a knifing.

Crute, who had previously been employed by a cleaning firm working in Livingston, had reported to his ex-supervisor, Willie Daniels, to collect back pay. An argument began when Crute claimed that he had been short-changed some of his wages.

Daniels allegedly slashed Crute, who was treated and released from Saint Barnabas Medical Center. Daniels left the area prior to the arrival of the police but was convinced to surrender by the owner of the cleaning company. Daniels, who was charged with aggravated assault and is free on bail, has filed a counter complaint against Crute.

The case is due to be heard in Livingston Municipal Court on May 13.

Mall Stores Report Losses

Two Livingston Mall stores reported losses to the Livingston police this week.

The manager of the Super Heroes store reported that sometime between May 6 and May 8 someone removed a rare 1934 Mickey Mouse comic book, valued at $240, from the store.

A representative of Games & Gadgets reported that sometime between May 8 and May 10, someone removed $1,115. worth of calculators and lighters from the locked cases. An inventory is being taken to ascertain whether any further losses were sustained.

Police are investigating both cases; however, they do not believe any correlation exists between them.

East Orange Gets No Bidders For Tract in Water Reserve

An auction of 9.87 acres of water reserve property in Livingston received no bids on Friday, May 7. East Orange, which owns the land located along Chestnut Street, had hoped to realize $1 million from sale of the property, which is considered surplus.

The auction was opposed by a group of East Orange residents, the Committee to Stop the Sale of East Orange Watershed Land, headed by Christine Keno, also of East Orange. Keno, who has attempted to file various suits in connection with the watershed land, stated recently that she and her group "... Want to see the land remain a conservation area ... however, if the courts demand development, we would insist on development, either single family or multi-family, that the people of East Orange can afford."

Last week, Keno submitted papers to the West Essex Tribune which she stated were criminal complaints filed with the East Orange Municipal Court charging "Mayor Cooke, members of the East Orange City Council, (Paragano, the Deerco Inc. their associates, relatives ... agents of their corporates, and/or others)" of devising "a scheme to defraud the Plaintiff and/or to sell 191.5 acres of watershed/water reserve lands under false pretenses to Paragano/Deerco/Mitschele family."

This week, Christine Keno stated that, although she had taken the complaint to the East Orange court, it was not signed because it was not in the proper form. According to Keno she intends to present her revised claims to the court again some time this week.

In a statement to the West Essex Tribune, William Brach, attorney for Emil Paragano, stated that his client "... is shocked to see his name in print for an ostensible criminal charge by an anonymous committee. The Paragano proposal was made for an exchange of lands, was made publicly, debated publicly and rejected in public. The so-called committee has without any fact whatsoever has tied my name to some other lands about which they have concern. I know nothing about it and have asked the persons responsible for an immediate retraction of the totally unwarranted and libelous statements."

East Orange Municipal Court officials confirmed Brach's contention that no formal complaint had actually been filed as of Tuesday afternoon.

Peter Francese of the East Orange Prosecutor's Office declined to comment when asked whether Keno's allegations are being investigated.

Krieger to Play

(Continued from Page 1)

Krieger will travel to Moscow next month to compete in the Tchaikowsky Competition, a major international event open only to musicians of the highest quality.

In addition to the Tchaikowsky concerto and the "Rhapsody in Blue," the Livingston Symphony Orchestra will perform "Vocalaise" by Rachmaninoff and the overture to "Zampa" by Herold.

This concert marks the close of the orchestra's 26th consecutive season of Livingston performances. Beginning as the accompanying pit band for a local Gilbert and Sullivan production, the Livingston Symphony Orchestra has grown to a group of 70 musicians with a state-wide reputation. The orchestra's music director and conductor is Carolyn Hill.

Lacrosse Team Twice Defeated

The Livingston High School lacrosse team lost two games this past week, falling to Westfield 6-5 and Mountain Lakes 7-5.

Against Westfield, Justin Peyser completed another hat trick with two goals in the second and third periods. Larry Grum was credited with a goal and an assist on a score by Mark Greenhall late in the fourth quarter. Kevin Zavaglia rounded out the scoring for the Lancers.

Mountain Lakes capitalized on four extra-man goals to defeat Livingston on May 8. This was the third loss in a row for the Lancers since their big win over Montclair.

Peyser led the offense with three goals and an assist, followed by Zavaglia with two goals and Greenhall with two assists.

Has Work Accepted

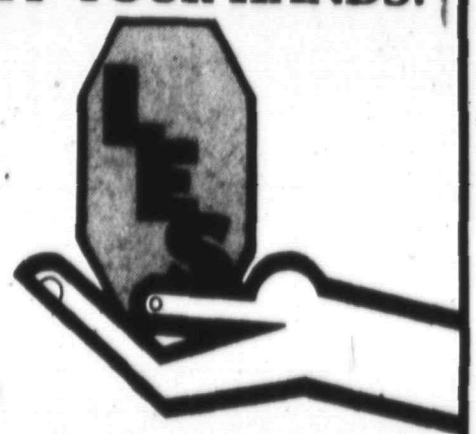

Livingston artist Diane Price has had a handmade paper work accepted in the 40th National Exhibition of the Painters' and Sculptor's Society of New Jersey, currently at the Bergen Community Museum in Paramus. The show will be open until May 28.

Girls' Volleyball Surprises Opponent

On Monday, the Livingston High School girls' volleyball team surprised Dayton Regional with a 15-3, 15-6.

The Lancers fell behind early in the first game 10-1 but returned when Mary Beth Picini served eight straight points. During this streak, she was helped defensively by Joyce Echo, Rhea Applebaum and Eileen Begasse.

Livingston then managed to tie the score and take the game behind an attack by Dorothy Andreason and Mary Whitman.

Defensive control was the key of the second game as Simone Handler, Donna Pecora and Lisa Della Pelle set the pace for a Lancer win.

The team record now stands at 8-3. Picini is in doubt for the New Providence game due to a thumb injury but Pecora and Della Pelle are prepared to fill in if necessary. The team will compete in the Essex County Tournament Saturday at 9 a.m. at New Jersey Institute of Technology in Newark.

Nuclear Strength

Dear Mr. Cone,

Each time I hear the words "Nuclear Freeze" I marvel at the incredible naivete of those who espouse this cause.

Their friends in the Kremlin must hold their sides and roar with laughter when it is recognized how these people have been duped by this devilishly devious ploy.

No one wants war, nuclear or otherwise, but there is only one way to prevent the horror and that is through strength.

Be an American, support your President.

Opinion

Worked it Out Themselves

After watching the negotiating process between the Board of Education and the teachers' organization in past years, it was encouraging to see the process brought to an orderly conclusion this week with the signing of the contract for the coming school year. In many previous years there have been delays, breakdowns in negotiations, various kinds of job actions and other disruptions before contracts could be worked out.

There are always the expected disagreements over which parts of the proposed salary scale are fair and which are not, just as might be the case if an airline were holding labor negotiations with its pilots' union. As a result of the bargaining process, the teachers and the administration have reached agreement that on balance the new scale is equitable, and both parties are satisfied.

Despite the great public attention to the salary scales, one part of the contract is often overlooked: the payment to be made to a teacher who is willing to take on an extra assignment. Often these are outside of the classroom and beyond the normal school day.

There have been some problems in getting enough athletic coaches to handle all the teams, but in general Livingston can well be proud of the willingness of its teachers to accept these extra duties. For the most part, these assignments are taken because the teachers get as much from the relationship with the students as they do from the payroll. To cite just one example with which we may be said to be professionally familiar, it is hard to imagine how much it would cost to go outside the school system and engage a journalist to manage the Heritage Junior High School newspaper. To see that next year this person will receive $540 for the year — not per month but for the school year — reinforces the impression that it is largely the love of their students that leads teachers to take these assignments.

We can be proud of the fact that the Livingston school system attracts professional people of such high dedication and commitment. Building that system has been a cooperative effort between the Board, the administration and the teaching faculty.

More Confirmation

Dear Mr. Cone:

With reference to the letter in last week's paper [about the winner of the four mile event in the township races on April 25], I was helping at the finish line of this year's Livingston Runathon and recall seeing and congratulating Brian McGoff as the first runner of any age to come in.

To the Editor:

Correct Winner

Dear Mr. Cone:

My letter is prompted by Mrs. Connie McGoff's letter in the Tribune of May 6 about the Livingston Run-a-thon race, April 25.

I was an unofficial bystander/timekeeper during this Run-a-thon.

As an oldtimer-runner I noted with a great interest the first person to cross the finish line. I do remember his time, but not being personally acquainted, did not know his name.

The article (with the address) in the Tribune, prompted me to go to this young man's home, to verify if he, indeed, was the first finisher. Yes, he was.

I wish to definitely state here that Brian McGoff was indeed the fastest runner in the four mile race, with the time of 21:32.

There definitely was a mistake made, denying this fine runner his rightful recognition.

Let us, however, not chastise the Kiwanis fellows too much. Their work and organization of this event was indeed outstanding, and I am sure that I am expressing the opinion of many Livingstonians: we are all thankful to them for everything they have done and doing to promote physical fitness in our good town.

Help All Students

To The Editor:

Weeks ago, I ran into an ex-teacher of mine and a group of students from Heritage Junior High School when Mrs. Krafchick, now a counselor, and members of the student council were given a tour of Kean College.

I was very impressed with this idea until I realized something: these kids are already highly motivated. Where are the average kids? Where are the "below" average kids? How would their parents feel if they knew of this activity?

As a graduate of the Livingston school system, I felt compelled to write. As an ex-"below" average student, I feel compelled to protect the interests of "all" students, not just the cream of the crop.

To the Board of Education, may I remind you that you are obligated to fill the needs of those truly in need. Get to the root of things, that's where growth begins.

Reunion, Anyone?

Dear sir:

I am a graduate of the Class of 1962 of Livingston High School. This June marks our 20th year since graduation, and I am curious if there are any left of the Class of 1962 who would be interested in a class reunion.

Since I am a resident of Norcross, Georgia, a suburb of Atlanta, it is not possible for me to organize such an event.

I am very interested in knowing whether there will be any activity, either this year or possibly for our 25th year.

From the Editor's Notebook
by Kit Cone

Perhaps it is only coincidence, but two events of the past week and the coming week seem to have a fortuitous relationship to each other. The first of the two, last Saturday, was the judging of the young pianists' auditions held by the Livingston Symphony Orchestra. The second, on Saturday, May 22, will be the orchestra's concert with pianist Norman Krieger as soloist.

The competition last Saturday was an amazing and satisfying experience. There is a lot of positive feeling about young people today that was not visible a few years ago, and these auditions demonstrated part of the new enthusiasm for youth.

Learning to play the piano at the level exhibited by the 11 young people who auditioned is an expensive and demanding hobby; for some it may develop into much more than a hobby. Some of those at Saturday's competition were just beginning to enter the top levels in their field; others are — despite their youth — experienced musicians who enter auditions like this often. They are not strange people at all: they are rather ordinary kids who range from skinny, frail little girls who don't look like they could get that much sound out of a piano to big, husky boys who would look right at home in a soccer game.

They are young people who know what they would like to do, and are willing to work at it. That's what binds them together. Spending the morning listening to them play the piano was a rewarding and enlightening experience.

One of those young people was selected by the judges to perform with the Livingston Symphony Orchestra next season. In the same way, pianist Norman Krieger was a young competitor not too many years ago, working for the chance to perform with regional orchestras and gain the experience that is essential to a career as a musical performer.

Like the young people we heard on Saturday, Mr. Krieger doubtless spent weeks and weeks preparing for the few minutes when he would extend a cold, nervous hand to the judges, give them his music, walk up to the piano, and play his heart out for 12 minutes. Now, with that reputation firmly established, he is moving on to the Tchaikowsky Competition in Moscow, at the highest level of piano performance.

It is no secret that the Livingston Symphony Orchestra would not ordinarily be able to afford the services of a pianist like Norman Krieger as a second solo performer of the season. The LSO depends entirely on gifts from individuals and a few corporate and foundation grants, and must squeeze its budget to get one major performer per season. To have Mr. Krieger on the program for May 22 is an unexpected bonus that comes from what might be described as a symbiotic relationship.

When Mr. Krieger goes to Moscow next month, he will perform Tchaikowsky's first piano concerto as his entry in the competition. A concerto, of course, must be played with an orchestra. Where does a first-rate pianist find a first-rate symphony orchestra with which to perform the concerto before going into one of the world's toughest competitions? In Livingston, of course.

It is a credit to the Livingston Symphony Orchestra that a musician of Mr. Krieger's stature would make it possible for us to hear his performance locally before he travels to Moscow.

In the same way that last Saturday was an astonishing demonstration by 11 very talented young people, May 22 will be a demonstration by about 75 very talented orchestral musicians and an internationally distinguished soloist.

It's free, and they don't even pass the hat!

To the Editor:

Spray Is Needed

Dear Mr. Cone:

Regarding the aerial spraying program to combat the gypsy moth infestation, as a resident of Livingston and a homeowner in the Cedar Parkway area, I find it difficult to understand the town's decision to exclude the Cedar Parkway area from the program.

I am aware that a state study determined the Cedar Parkway area was not infested intensely enough to qualify for the state subsidy program. Personally, I'm not qualified to certify the extent of infestation in terms of state requirements; however, based on last year's infestation there were a number of trees in the Cedar Parkway area completely defoliated by late spring. I think most people would classify that as highly infested.

As a homeowner in the excluded area, what alternatives are available?

1. Ignore the problem and let the destruction of the trees go unchecked.

2. Apply a chemical on a do-it-yourself basis.

3. Contract with an exterminator to apply the same variety of chemical treatment being provided to other homeowners via the aerial spray program.

Considering the alternatives, I've reached the following conclusions:

Alternative 1. I do not want to risk the possibility of having the trees totally destroyed. This [illegible] my property and possibly results in the expense of having the diseased trees removed.

Alternative 2. I attempted to personally apply chemical spray treatment last year, but was unsuccessful reaching the upper extremities of the 50 foot trees because of not having specialized spray equipment at my disposal.

Alternative 3. Hiring an exterminator seems to be the only viable alternative.

Hiring an outside exterminator is expensive (two applications are necessary) with estimates ranging in the neighborhood of $110 to $150.

Having to pay this sum of money for an exterminator seems unfair especially when one considers that my tax dollars are being used to help pay for other areas in the town which will have the benefit of the aerial spraying program.

The point is that I am paying for a service that I feel the town should provide regardless of whether the state will subsidize my area.

Based upon information in the town paper I understand the cost of aerial spraying is $99,000 and that the state will match 12.5 per cent of the expense. The map depicting the area excluded from the spraying program appears to be about 15 per cent of the residential section of the town. Therefore, if the municipal government were to provide coverage in the entire town, the cost would be approximately $116,000.

The costs break down something like this:

Present plan (excluding 15 per cent of the town not qualifying for state subsidy)
$99,000 aerial spraying
$12,500 state subsidy
$86,000 town cost
Assume: 8,100 single family dwellings sharing the expense cost per dwelling equals $10.68.

Plan where the entire town is included:
$116,000 aerial spraying
$ 12,500 state subsidy (based on 85 per cent qualifying area)
$103,500 town cost
Assume: 8,100 single family dwellings sharing the expense cost per dwelling equals $12.78

Considering the additional cost to individual taxpayers to include the entire town in the program, I cannot understand the ruling to exclude 15 per cent of the residential section simply because the state will not subsidize the cost. The benefit to the town seems sufficient to justify the minimal additional cost especially when the amount ($2.10 per taxpayer) is considered.

I hope you can appreciate my frustration of knowing that others in the town will be receiving a service that is also needed in my area and it will cost me 12 times more than most of my fellow residents to receive that service.

A function and responsibility of municipal government is to provide services and acquire those services based upon a fair, economical, reasonable and equitable standard for its citizens. Certainly, it does not appear that in reference to the aerial spraying program, the function and responsibility of municipal government has been reasonably satisfied.

Simon, down by a set point in the first set and three in the second, fought back to defeat Parsippany's Jay Weitzman 7-6 (7-2 tie-breaker), 7-5.

Parsippany's Robert Garofolo led Goldstein 5-2 in the first set before the Lancer stormed back to take the match 7-5, 6-3. Mulford and Sonnabend dropped the first set of their match against Joe Anwar and Ken Harper 7-5 before winning the next two sets 6-2, 6-4.

Livingston downed Seton Hall 5-0 in a match which saw Chris Peacock return after sitting out with a back injury. Match results were: Peacock over John Hsu 6-3, 6-4, Goldstein beat Chris Erbeck 6-0, 6-2, Fuchs defeated Jeff Ahlholm 6-0, 6-0, Muroff and Rubin beat John Erbeck and Gerry Hoehm 6-3, 3-6, 6-2, and Ron Davidson and Sonnabend took a 6-4, 6-2 match from Frank Hand and Brian Gallagher.

On Friday, the Lancers shut out Columbia 5-0 in an important conference match. Straight set doubles victories led the way with Muroff and Fuchs taking first doubles 6-4, 6-2 from Bill Rustum and David Kniffin, and Rubin and Mulford broke serve in the tenth game of each set to stop Columbia's Jeff Poss and Steve Heischuber 6-4, 6-4.

In the singles matches, Peacock defeated Jay Zaslower 6-0, 3-6, 6-1, Simon stopped Paul Kondo 6-4, 7-5, and Goldstein was victorious in a 6-0, 6-2 match against John Trinity.

Livingston and Millburn visited Cherry Hill East on Saturday to meet Cherry Hill and Haddonfield in a double-header. Millburn defeated Haddonfield 4-1 but lost to Cherry Hill 3-2, while Livingston avenged an earlier loss to Cherry Hill when they beat them 3-2.

Cherry Hill's Mitch Winkler took a match from Peacock 4-6, 6-4, 6-3 while Simon, trailing 5-4 in the first set of his match, fought back to take the tie-breaker 7-2 and then won the second set 6-3.

Goldstein overpowered Rick Tyrell 6-0, 6-4, and Muroff and Fuchs recorded a 6-4, 6-4 victory. Cherry Hill's Prufish Medhera and Paul Gennaoui took a second doubles match from Mulford and Rubin 6-3,6-4.

In the Lancer's 4-1 win over Haddonfield, match results were: Haddonfield's Nick Demetriades defeated Peacock 6-4, 3-6, 6-2, Simon over David Lee 6-4, 6-0, Goldstein beat Bruce Teitelbaum 6-2, 6-2, Fuchs and Muroff defeated Rich Wenzer and Joe Spinner 6-1, 6-7 (5-7), 7-6 (7-1), and Mulford and Rubin took a 6-2, 6-3 match from Ken Brady and Brian Erhardt.

Other wins were: Fuchs over Brian Kessler 6-1, 6-0, Muroff beat Gary DeFasio 6-3, 4-6, 6-3, Mulford and Sonnabend beat Matt Manning and Tony Puccio 6-3, 4-6, 6-2, Davidson and Magid downed Mike Dowd and Dave Askeland 6-3, 6-1.

The Lancers will play in the Essex County Tournament today in Newark's Branch Brook Park.

Young Track Stars Win Annual Meet

On Monday, May 10, the freshmen and sophomore members of the Livingston High School boys track team won the annual Tom Courtney Meet, after defeating Caldwell 93½-47. The Lancers were one of five teams participating in the event.

Losing Streak Ends with Win

The Livingston High School girls' junior varsity volleyball team broke a losing streak recently when they took a 15-13, 15-6 win from Dayton Regional.

Sarah Blake opened the game with several ace serves to give the Lancers a 12-2 lead but Dayton quickly closed the gap to 12-10. At this point, Helaine Harte, Stacey Solomon and Blake took control of the Livingston offense as they set up Zena Applebaum and Rachel Lee for key scores. With the game tied at 13-13, the girls managed to pull ahead for the win.

Constant digs by Rebecca Sumner, Blake and Lee allowed Solomon and Applebaum to mount an early attack for an easy 15-6 Livingston win.

Born in Redwood, New York, she graduated from Cornell University in 1931, and moved here in 1938; she had moved to Mendham in 1962.

Mrs. Hetterly was director of the school lunch program in the Livingston public schools from 1945 to 1971.

She is survived by her husband, Ralph; a daughter, Mrs. Mary Ann Kendall of Torrance, California; a son, Robert, of Weston, Connecticut; a sister, Mrs. Ruth Van Etter, of Liberty, New York; and a brother, Hans Krusa, of Chapel Hill, North Carolina. She also had four grandchildren.

Memorial services will be held at the Brookside Community Church in Brookside, west of Morristown, today, Thursday, at 2 p.m. In lieu of flowers, the family has suggested that contributions be forwarded to the Manse Expansion Fund of the Brookside Community Church.

Lowenstein Realtors Splits In Women's Softball League

In Women's Softball League action this week, Gail Lowenstein Realtors beat Marino's Girls 11-10. Excellent fielding plays were made by Joanne Ortolani, Sherri Glassman, Sheila Wolfensohn and Sharon Stevencsez.

Strong hitters for Lowenstein's were Sue Grabowski, Ilysse Hirschhorn, Phyllis Siegel, Debbie Siegel, Sherri Glassman, Beth Schwartz, Harriet Jalosky, Shelly Umanoff and Karen Goldenberg. Barbara Zipper, star center fielder, was injured in the first inning and could not continue.

In other Women's League action, Landmark continued its winning ways with an 8-1 victory over Lowenstein Realtors. Lowenstein enjoyed a 1-0 lead until Landmark answered with one run in the fourth, and then took a 2-1 lead in the sixth inning.

The seventh inning proved to be decisive when Landmark exploded for six runs. Key hits by Linda Entwistle, who was four for four, Jeanne Signell, Camille Surdi and Roe Maulbeck provided the spark to insure the Landmark victory.

Landmark's record now stands at 2-0.

Baskin Robbins Creams the Buffs

Behind the brilliant pitching of Dave Jacobs, who had a four-hitter, Baskin Robbins won its first game of the Men's A Softball League season, downing Jimmy Buffs 12-5.

Some loose fielding in the early innings deprived Jacobs of his first shutout of the year.

Bill Bohri provided the key hit of the game, a two-run homer in the third inning, breaking a 5-5 tie as Baskin Robbins scored seven times in the inning.

Hitting stars for the winners were Al Jacobs and Doug Swimmer, with three hits apiece. Two-hit men were Bob Russo and team captain Dave Freda. Chipping in the hit brigade were Bruce Danis, Steve Stecher, Bill Bohri, Dave Jacobi, Bill Rouse and Richie Turi, who provided a bases-loaded single during the third inning explosion.

RESPONDING TO A VAN FIRE in the early hours of Wednesday morning, members of the Livingston Fire Department doused the flames coming from a 1977 Dodge van belonging to Edward Kaminski of Florham Park. The van had been parked in front of 39 Bryant Drive.

Livingston National Bank is among the nation's top 10 percent of all banks in financial performance.

In a recent report conducted by the Bank Administration Institute, Livingston National Bank was cited as one of the top 1,200 banks among those 14,000 banks in the country with assets under $150 million.

Joseph Ciaburri, Chairman of BAI's High Performance Bank Asembly said "We felt that the performance profiles of these banks could be indicative of unique management practices worth examining and analyzing. These banks have profit levels that mark them as outstanding; they've managed to maintain a significant edge in an increasingly competitive market."

The Institute's researchers used their 1980 Index of Bank Performance (based on information required by the FDIC) as a statistical base, weighing three factors: return on assets, return on equity, and deposit growth. Using these criteria, the top 10% of banks in each state were selected.

Livingston National Bank is extremely proud to be positioned within the top 1,200 banks in the nation, and it is with continued dedication that we will maintain our position and further enhance our management practices.

The bottom line is that Livingston National Bank may not be the biggest bank around, but it's one of the very best. And that means a great deal to our customers -knowing they're doing business with a bank that is tops in the field.

Like having a banker in the family.

Debbie Siegel Pitches No-Hit Softball Game As High School Team Wins Five, Loses One

The Livingston High School varsity softball team won five games this week, one an 11-0 shutout and another the first no-hitter on the local record books. The week's only loss was to Roxbury.

Meeting Summit, the Lancers took a 9-7 victory for their seventh consecutive win of the season. Maureen Quinn won her second game, and Debbie Siegel came in to pitch the last two innings for her second save.

The Lancers scored three in the first inning on singles by Helene Freda and Val Manna, and a double by Debbie Siegel. Summit moved to a 4-3 lead in the second, but the Lancers scored two in the third for a 5-4 edge on Ann Marie Cefalo's base hit.

Two more scored in the fourth on doubles by Freda and Ally Fordyce, and two more in the fifth on a single by Fordyce and a double by Manna. Summit had three more runs in the fifth to close out the scoring, but Siegel came in and retired the side in the last two innings.

First No-Hitter

Debbie Siegel pitched the first no-hitter in Livingston softball history against Columbia. She struck out seven for the 3-1 victory.

Livingston took a 2-0 edge in the fourth when Ally Fordyce singled and scored on a triple by Laurie Litvak. A perfectly executed squeeze bunt by Ann Marie Cefalo scored Litvak.

Columbia scored in the fifth when a dropped third strike put a runner on first. She stole second, moved to third on a fielder's choice and scored on a sacrifice fly.

Livingston closed the scoring in the bottom of the fifth when Ellie Kosson singled, stole second, and scored on a single by Helene Freda.

Break Streak

Roxbury stopped Livingston after eight straight wins, 10-8. Shelly Komnath started, but control problems hurt and Roxbury took a 5-0 lead after two innings. The Lancers scored three in the third to make it 15-3 on singles by Debbie Siegel and Laurie Litvak, followed by doubles from Ally Fordyce and Ellie Kosson.

Wendy Bennett relieved Komnath and made a good showing in her first varsity effort. She gave up five more runs to a hard hitting Roxbury club.

The Lancers moved up to 5-4 on singles by Siegel and Fordyce in the fourth. Roxbury scored four in the bottom of the fourth to make it 9-4, and the Lancers tried with three more in the sixth to cut the margin to only two points as Ann Marie Cefalo's double drove in the runs.

In the bottom of the sixth Roxbury scored one more to end its scoring, and Livingston scored one more in the seventh. The Lancers had two runners on with only one out, but the rally was halted to end the game at 10-8.

Beat Columbia

Livingston advanced to the semi-finals of the Essex County Tournament by defeating Columbia 12-5. Debbie Siegel coasted to her fifth victory.

The Lancers scored two in the first on hits by Ellie Kosson and Ally Fordyce, and scored five more in the second on doubles by Fordyce and Helene Freda. Three more in the third gave the Lancers a 10-0 lead; singles by Cindy Schiafo, Cefalo, Val Manna and Ellie Kosson's double were the key hits.

The final two runs scored on Kosson's triple to left center.

Shut Out Morristown

Debbie Siegel's sixth victory was a three-hit shutout win over Morristown. Once again the Lady Lancers struck early, as they scored four in the first. Base hits by Cindy Schiafo and Laurie Litvak drove in the runs.

Four more scored in the second on singles by Litvak, Ellie Kosson, Ann Marie Cefalo and a triple by Helene Freda. Two more in the third made it 10-0, as a single by Freda and a double by Debbie Siegel keyed the inning.

The 11th run scored in the sixth on base hits by Fordyce and Abby Yorn.

Livingston 17, Morris Knolls 6

The Lancers destroyed state-ranked Morris Knolls as Shelly Komnath went the distance for her sixth win. A big nine-run first inning gave Livingston control of the game. Base hits by Schiafo, Kosson, Fordyce, Freda, Litvak, Siegel and Joyce scored the runs.

Singles by Kosson and Fordyce made the lead 11-1 in the third. Knolls scored three in the sixth to make it 11-4, but in the bottom of the sixth the Lancers again opened their lead with six more runs. Siegel, Joyce and Lisa Donatiello paced the inning.

The Lancers' record is now 14 wins, three losses and one tie. On Friday in Livingston the Lancers will meet first-ranked Parsippany Hills, led by all-state pitcher JoAnn Ferrieri. On Saturday night at 5:45 the Lancers will play Caldwell at Pulaski Field in Bloomfield in the semi-finals of the Essex County Tournament.

Ed McInroy Gives Game Directions

Varsity Baseball Team Loses 1, Defeats Roxbury & Morris Knolls

The Livingston High School varsity baseball team had a mixed week, defeating previously unbeaten Roxbury 9-4, losing to Newark East Side and taking a 4-3 win over Morris Knolls.

The Lancers jarred Roxbury from the unbeaten ranks as Eric Lilienthal, pitching in his first varsity game, had an eight-hitter. He struck out six batters while issuing only two walks.

Back to back doubles by Jack Alpert and Todd Christie in the first inning gave Livingston an early 1-0 lead.

Andy Schlosser led off the second inning with a single, and was forced at second on Sean McNally's fielder's choice grounder; McNally scored on Tom Sharkey's triple.

In the third inning, starting Roxbury pitcher Bob Kennedy was driven from the mound by the Lancer bats. Mike Entwistle and Jack Alpert singled to open the inning, and were moved up a base on Todd Christie's sacrifice bunt. Jeff McClain singled to score Entwistle, and Andy Schlosser's single scored Alpert. Sean McNally's triple to right field scored McClain and Schlosser for a 6-0 Livingston lead.

Roxbury narrowed the Livingston lead in the sixth inning, but the Lancers moved ahead again in the bottom of the sixth. Tom Sharkey walked to open the inning, and he then ran for Sharkey and advanced to second on Jack Mount's walk. Both runners were driven home on Mike Entwistle's long triple to left center field, his third hit of the game. Jack Alpert followed with his third hit, knocking in Entwistle for a commanding 9-2 lead.

Tom Griffin singled for Roxbury to open the seventh inning and was forced at second. Pat Cagno singled and scored on Kevin Sheary's double. Lilienthal induced the next two batters to ground out, preserving the victory.

Out of Tournament

Livingston was eliminated from the Greater Newark Baseball Tournament as Tony Fernandez of East Side pitched a perfect game, not allowing a single Lancer player to reach first base safely.

Jeff McClain was brilliant after the first inning, matching Fernandez with shutout inning after shutout inning from the second on.

In the bottom of the first inning, after two outs, Ron Selecky singled and stole second with the catcher's throw hitting him in the helmet as he slid into second. He advanced to third as the ball went into the outfield, and scored on a single by Rich Gonzalez.

McClain gave up a two-out single in the second inning and a one-out single in the fifth.

Neither pitcher walked a single batter, as the East Side pitcher struck out four batters and induced Livingston batters to ground out 11 times.

Jack Alpert's long fly ball in the first inning was the closest any Lancer came to reaching base. Jose Villa, playing right field, had an over-the-shoulder catch of Alpert's hit that was the outstanding defensive play of the game.

Beat Morris Knolls

Mike Deresky won his second game in four decisions as he pitched a nine-hit, eight-strike-out game against Morris Knolls, winning 4-3.

Mike was given an early lead as Jack Mount singled to open the game. Mount was sacrificed to second by Mike Entwistle, and scored on Jack Alpert's single.

Morris Knolls struck back in the bottom of the opening inning as Fred Kimble had a double and scored on Gregg Troutmann's single to tie the score.

Tom Sharkey singled to start the second inning, then advanced to second on Carl Andreasen's ground out, and scored on Jack Mount's single.

Livingston upped its lead to 3-1 in the third inning as Todd Christie homered over the center field fence.

Sean McNally singled to open the fourth inning, was sacrificed to second by Tom Sharkey, advanced to third on a passed ball, and scored on Carl Andreasen's fly ball to center field.

Having shut out Morris Knolls from the second inning on, Mike Deresky ran into trouble in the sixth inning. With two outs, Mike Schwarzman singled and scored on Fred Kimble's home run.

Morris knolls threatened in the seventh inning as Greg Trautmann singled and advanced to second, only to remain there as Deresky struck out the next two batters and preserve the win.

Chatham Hurricane Blows Away Lynx

The Livingston Lynx of the Livingston Soccer Club was defeated by the Chatham Hurricane 2-0 in a game played Sunday.

The Lynx had some good scoring chances early in the game but could not overcome the tough Chatham defense. In the first half, Arlene Morgenroth, Elaine Costlow and Lisa Antonucci made some fine passes assisted by Patty Dougherty and Betsy Karetnick, but could not get on the boards.

Battling a gusty wind in the second half, Livingston goalie Maureen Morgan made several key saves with help from defensive players Lynne Potenza, Stacy Wilson, Lisa Lauro, Pam Wolfe and Tricia Donnelly. Midfielder Stefani Dippold also played her best game of the year.

The Livingston Library has a collection of more than 450 large print books for the visually impaired.

Nuclear Freeze Group Chooses Name & Objectives at Meeting

On Thursday, May 6, 25 Livingston residents attended the second meeting of a recently formed nuclear freeze group. During the meeting, held at St. Philomena's Church, the group chose the name Livingston Nuclear Freeze and Peace Coalition and outlined the objectives for the organization.

On the global scale the coalition's objectives included working toward a halt of the nuclear arms race and the redirection of resources from weapons to human needs.

Locally, the group hopes to educate the community on the nuclear arms situation, provide a literature center where residents may obtain information, organize trips to events about the nuclear freeze, and maintain active publicity through mailings.

The next meeting of the Livingston Nuclear Freeze and Peace Coalition, which is open to the public, will be held on Thursday evening, June 3, at 8 p.m. in the Grace Lutheran Church.

MOLDS IN, PAIN OUT

by Jerry Schell, DPM

High-heeled shoes, rugged sports, even high or low arches can cause pain and discomfort in the feet, legs and lower back.

Where nature falls short or daily practice mistreats, orthotics can step in. Orthotics are foot molds made from a cast of the foot. They accomodate anatomical imperfections and improve foot functioning.

Worn in shoes, they can reduce pressure and realign postural position. A high arch, for example, burdens the ball and heel exclusively. An orthotic fills in the arch space and allows 100% of the foot to work.

Your podiatrist can decide if orthotics would help, and if so, which type. Sport orthotics fit in athletic shoes while dress-types are made specially for high heels.

Mt. Pleasant News

Girls' Soccer

On Friday, April 30, the Mount Pleasant girls' soccer team opened up its season by crushing the Heritage Eagles by the score of 6-0. The Mounties totally dominated the game, and goalies Dari Scholsser and Gina Scarabino only touched the ball once or twice during the entire game. The scoring was led by Stefanie Arturi and Gena Mutone with two goals each, and Jennifer Karetnick and Cynthia White with a goal apiece. Left wing Jackie Imgrund had three assists, one of which was a corner kick which nearly went in. The defense was led by Kim Wasner, Patty Dougherty and Sheryl Bernstein.

The team suffered its first loss of the year to powerful Kearny by the score of 4-1 on May 4. Kearny scored first, but then halfway through the second period, Jennifer Karetnick scored on a shot from 12 yards out. With 30 seconds left in the half, "Killer" Karetnick collided with a Kearny fullback and suffered a broken shoulder. She will be truly missed. In the second half, Kearny took charge and scored three times to win the game. An outstanding performance was turned in by goalie Dari Schlosser, who played her best game ever.

The team lost to Chatham on May 5 to drop its record to one win and two losses. Shari Subarsky scored the only Mountie goal. Jackie Imgrund, Stephanie Arturi, Sheryl Bernstein and Patty Dougherty led the offense, and Allison Levine, Cindy White, Dari Schlosser and Ilissa Levy led the defense.

Softball

The softball team won its third game in a row on Friday, April 30, defeating Roosevelt by a score of 9-5. Bette Bellina pitched her fourth complete game, scattering nine hits. Lainie Maltzman paced the offense with two hits and one run. Barbara March turned in several outstanding plays at second base.

The team gave up five runs in the first inning on May 4 and could not catch up as it lost to South Bloomfield by a score of 14-7. Linda and Michelle Babbage each had two singles and a triple to pace the offense, while Lainie Maltzman played an outstanding game at shortstop. The team record is now even at three wins and three losses.

The softball team defeated Summit in a practice game on May 5 by a score of 10-6. Michele Dippold regained her old pitching form, striking out three. She also scored two runs, as did Michele Babbage and Barbara March.

Baseball

The Mounties baseball team suffered its worst defeat of the season on May 4 at the hands of a strong Seton Hall team by the score of 10-5. The Mountie offense collected only seven hits. Rich Niesen got two hits, and Ralph Rizzolo earned the Mounties only extra-bases hit, a double in the third inning. Rizzolo collected two RBI's and Tim Dillon and Rich Miseo had one each. Nine Mounties strikeouts and five errors helped Seton Hall on to victory. The team's record now stands at three wins and three losses.

Gymnast Wins Three Medals

Missy Levine, a member of the North Star Gymnastic Team, took three medals at the New Jersey State Class III Championship, held May 8 and 9 in Hawthorne.

The Bears' Schultz also pitched well for six innings. The Bears had a big fourth inning when they scored four runs to tie the game at 7-7.

Royals 13, Chiefs 11

The J.B. Hanauer Royals defeated the Unico Chiefs behind the pitching of Kelly Dockx and David Hennes. This see-saw battle saw the Royals come back three times to win behind the strong hitting of Robert Silen, Jason Kutakoff, Erik Neubart, David Eisenman, Jason Corsover and Gerard Trotta.

Collecting key hits that kept the Chiefs close were Matt Crystall, Eric Levine and Jason Poe. Rinsky and Babb pitched well in a losing cause.

Royals 12, Bisons 10

The J.B. Hanauer Royals improved their record to 4-0, defeating the Wigder Chevrolet Bisons. Behind the brilliant pitching performance of Jason Kutakoff. For the second game in a row, the Royals had to battle back from a five-run deficit for the victory.

Hitting stars for the Royals were Erik Neubart, triple; David Hennes, two singles; Kelley Dockx, single; and Jason Corsover, single and double.

The Bisons were not without their fair share of hitting, led by Pat Conforti, three singles; Billy Lyons, three singles; Ira Stahlberger, single and double; and Adam Werdenschlag, two singles.

The Royals' Dave Eisenman and Steve Simon, and the Bisons' Mike Turner and T.J. Calandro turned in excellent fielding plays.

International League
Colts 16, Seals 15

In a game where the lead changed hands six different times, the Knights of Columbus Colts defeated the Test-Rite Optician Seals 16-15 to pick up their third win of the season.

Sahil Parikh, Mike Iorio and Brett Hodes pitched for the Colts. It was Hodes who pitched three fine innings of relief to pick up the victory. It was his first pitching appearance of the season. Marc Abbatte and Shawn McFeeley split the catching duties and each did a respectable job.

The Colts' offense was led by Hodes, who for the second game in a row went four for four. Edward Dispaltro chipped in with three hits, including a double in the bottom of the sixth inning that knocked in Hodes with the winning run. John Cignarella, Sahil Parikh and John Dreskin each had one hit. Scoring runs for the Colts were Hodes with four, Iorio with three, Dreskin, David Deutsch and John Cignarella with two; while McFeeley, Parikh and Dispaltro each scored once.

Dixie League

The Jackson Jets were powered by singles from Brian Schwartz, Lisa Murano and David Paperman. Brent Rosenthal contributed a double as well as a good pitching effort. Jeremy Neldon and Kathy Galager were the big guns for the Jets, contributing two doubles and a single each.

The Rockets' four runs were all knocked in by Sari Yorn. Defensively, Todd Zimmer had an unassisted double play.

Nashville 7, Jackson 4

Nashville, sponsored by Livingston Texaco, was led by the pitching of Ron Spring, Alan Elwood and Chris Nitolli in their win over Jackson, sponsored by the Howard Savings Bank.

The hitting attack was led by Chris Nitolli and Brad Goldberg, who had solid doubles, and Robert Trust and Greg Drucks, who had clutch singles.

Excellent fielding plays for Livingston Texaco's Nashville team were made by Robert Trust, and Beth Greenwald and Adam Brief strongly shared the catching duties.

Reading 5, Nashville 1

The Livingston Texaco Nashville Nikes scored the first run of the game in the top of the first inning. The Reading Rockets, sponsored by the West Essex Optimist Club, then scored two runs to take the lead on hits by Andy Liewart and Jeff Grippaldi.

The Rockets scored three runs in the third to increase their lead. Todd Zimmer, Scott Crane and Brian Eisen scored after hits by Joanne Sanders and Jeff Grippaldi.

The strong pitching of Sari Yorn and Doug Cooperberg prevented any Nike rallies until the fourth inning. Then, with the bases loaded, Randy smacked a line drive to center where Brian Eisen quickly fielded the ball and threw to Joanne Sanders at second base for the inning ending force-out.

Babe Ruth League

Eastern League

Tigers 12, Braves 1

Backing up the three-hit pitching of Stan Banner with solid defense and timely hitting, the Degnan Company Tigers trounced the Garan Inc. Braves to notch their first win of the season.

The Tigers scored one run in the first, two in the second, three in the third, four in the fifth and two more in the sixth, capitalizing on eight Braves' errors and using 12 hits to rout the opposition.

Andy Goldstein and Mario Arace led the Tiger attack with three hits each. Arace was on base five times during the game, and scored every time. Paul DeFalco and Glenn Holliday had two hits apiece, while Dan Turi and Steve Weichert both had long doubles.

Banner, in his first Eastern League start, was never in trouble. He gave up one hit in the opening inning and two more in the fourth, completely shutting the Braves down the rest of the way. Tim Dillon had two of the three Brave hits, while Larry Maitlin picked up the other one and the run batted in.

Pirates 10, Braves 6

Notching their first win of the season, the Wigder Chevrolet Pirates defeated the Garan Inc. Braves. Leading the Pirate attack were Mark Mendoza with two key hits and Chris Sules with a long triple. Also contributing to big run innings were hits by Steve Valentine, Pat Boag, Jeff Zenna, Steve Bernstein, Jeff Mayerson, John Cooney and Don Pecora.

Kevin Herder made two great catches in the outfield to close out Brave threats. John Cooney, pitching for the first time, was remarkable. His poise and control were near perfect as he consistently forced the strong Brave hitters to hit into routine outs.

Pitching well for the Braves was Cohen. Leading hitters for the Braves were Miseo with two hits, Sexton with a long double, and Dillon and Dispoto with a base hit each.

Pirates 12, Astros 11

In an action-packed dramatic finish, the Wigder Leasing Corp. Pirates defeated the Hopping Funeral Home Astros. With the Pirates down to their last out, Steve Bernstein delivered a clutch base hit to drive in the tying and winning runs. The Pirates had apparently easily won the game going into the seventh, thanks to the heavy hitting of Angelo Velardi with a tremendous home run deep into left field, another long clout by Jeff Mayerson deep down the right field line, and a long triple by Kevin Herder down the right field line. Three hitds by Mark Mendoza, two other hits by Bernstein, a pair of hits by John Cooney seemed to seal the victory.

The Astros came back with seven big runs on their last turn at bat. It then took the clutch hitting of Mendoza, Don Pecora's second hit, and finally Bernstein to bring home the victory.

Western League

Brewers 7, Twins 2

Calvin Wang registered Maggie's Pub Brewers' second win, allowing only two unearned first inning runs. Steve Schoenback and Jeff Plattman each had two hits for the Brewers, while solo hits were delivered by Kirk Cerkanowicz, Calvin Wang and Rich Slater. Slater's hit was a double which came within a foot of the outfield homerun fence.

C. Hodes and J. Kravitz scored the Livingston Kiwanis Twins runs after getting on base by singles. A. Tyber went two for two for the Twins. The game was kept close by the pitching of M. Gialanella and the fielding of G. Hodes. Although the Twins got early base runners in the third and fourth innings, the steady pitching of Calvin Wang was able to thwart both threats.

Brewers 11, Reds 6

The Brewers, sponsored by Maggie's Pub, won their season opener as a result of the constant hitting of Jay Gross, Gary Curwin, Jeff Plattman and Joe Freda and single hits by Larry Jay and Bruce Abramson. Michael Boag went the distance for the Brewers, giving up only six hits while registering five strikeouts. Kirk Cerkanowicz and Jim Huggins played errorless second base for the winners.

The Livingston Car Wash Reds' hitting was provided by J. Sloan, B. Randel, M. Selyen, B. Leff and C. Knor. Both teams played well, and the score after four innings was tied at six runs each. Joe Freda delivered the game-winning hit in the bottom of the fifth when he singled home Gary Curwin from second.

Brewers 5, Athletics 3

In a well balanced contest, marked by excellent fielding plays by both teams, the Brewers sponsored by Maggie's Pub were able to win their third game of the season. The Athletics scored first in the bottom of the first when Bezzone scored from second on Groome's single to left. The Brewers came back to take the lead in the second, when Steve Plattman and Joe Freda scored on Larry Jay's second hit of the game.

Donovan singled home Jelean for the Julius Oksenhorn Jewelers Athletics to tie the score in the bottom of the second. In the top of the third, Gary Curwin drove in two runners on a single up the middle and scored the third run on an infield grounder. Singles by the Athletics' Bezzone, who had two hits, and Gieson accounted for the final Athletics' run in the fourth.

Jelean and Groome shared the pitching duties for the Athletics, and both turned in fine performances. Groome helped his own cause by initiating a 1-2-3 double play with one out in the sixth after the Brewers had loaded the bases on consecutive singles by Steve Schoenback, Rich Slater and Jay Gross.

Padres 17, Cubs 6

The Goodyear Bergen Tire Company Padres defeated the Knights of Columbus Cubs on the strong arm of pitcher Howard Krutoy. He gave up only six hits and kept the Cubs scoreless for the first five innings. The hard-hitting Padres collected 15 hits, including four doubles: one each by Chris Judge and Mike Cefelo, and two by Ray Spiaggia. The Padres' defense also was strong, which included three double plays.

Phil Sylvester pitched two strong innings in relief. The Cubs, to their credit, never gave up and broke through with six runs in the last two innings. Hitting by Solano, Sharma and Siino helped produce the rally.

Padres 14, Athletics 12

In their season opener, the Goodyear Bergen Tire Company Padres downed the Julius Oksenhorn Jewelers Athletics. The Padres scored four runs in the last inning for a come-from-behind victory. Ray Spiaggia led the Padre attack with three hits and three RBIs. Pat Wasdyke, Chris Judge and Robert Siegel also contributed to the attack with two hits apiece. Gieson and Bezzone each collected two hits for the Athletics in a losing cause.

Prep League

Pittsburgh 10, Lancers 3

Goodyear Bergen Tire Company Pittsburgh scored in each inning except the third to take the Seymour's Lancers. Dan Schoenfeld, Mark Betlow and Joe Valentine did a fine job pitching for Pittsburgh, and Greg Sayle and Chris St. Thomas did for the Lancers.

Pittsburgh unleashed a 16-hit attack, led by two hits each for Joe Valentine, Mike Clark, Mark Betlow, Anthony Lauro, Adam Zocks and David Share. Also adding to the hit parade were Dan Schoenfeld, David Aronberg and Bob Feldman.

Hitting for the Lancers were Glen Schulman and Rubin Sinins with two each, and Chris St. Thomas and Mike Canter adding one each.

Pittsburgh 8, Toronto 3

Mark Betlow pitched a steady game as Goodyear Bergen Tire Company's Pittsburgh stopped Livingston Kiwanis Toronto 8-3. Mike Clark led the hitting with two hits, followed with one each by Joe Valentine, Anthony Lauro and David Share. Adam Zocks played well for Pittsburgh, with five put-outs. Mark Dispoto pitched the full game for Toronto, and earned nine strikeouts.

Seth Greenberg had three hits for Toronto, Pat Burke with two and one each by Mark Dispoto, David Horowitz and David Granovsky. Pat Burke made a fine defensive catch in right centerfield.

Pittsburgh 8, Richmond 5

Goodyear Bergen Tire Company Pittsburgh utilized its six hits by Joe Valentine, Mike Clark, Mark Betlow, Joe Hutter (with two hits and two RBIs) and Jason Ubaldi to nip a stubborn Mount Pleasant Exxon Richmond team. Combining for the victory were Dan Schoenfeld, Mark Betlow and Joe Valentine. David Defusco and Joe Mesquita pitched for the Richmond team. Hitting for Richmond were Ken Duca, Joe Mesquita, David Defusco and Vin Alauro.

Pittsburgh 7, Atlanta 4

Goodyear Bergen Tire Pittsburgh used good pitching and defense to top Julius Oksenhorn Atlanta. Pittsburgh's Mark Betlow pitched well as he went the route and scattered three hits. He also had nine strikeouts.

Joe Valentine had two hits and Adam Zocks added one. Dan Schonfeld had a key single in the sixth inning for two RBIs and started the four run rally. Jason Ubaldi earned an RBI.

Greg Scher made a fine catch in center field. Scott Klein pitched well for Atlanta in giving up only four hits and striking out seven batters in six innings. Lou LeFrancis finished the pitching chores for Atlanta. Mark Lapides had two solid hits and six assists in the field. Ira Mark lined an RBI single to right center field in the first inning. Steve Maritato made a super catch on a sinking liner to center field.

Richmond 9, Lancers 3

Bobby Matthews pitched a six hitter for the Mt. Pleasant Exxon Richmond team as they defeated Seymour's Lancers. Matthews went the distance in recording his first victory of the year. The Lancers were blanked in every inning except the third, where they scored three runs on a single by Mike Kantor, a walk to Glen Shulman and three errors which allowed Chris St. Thomas, Dave Lichtenstein and Steve Sochers to reach base.

Richmond collected 12 hits, led by Vince Arlauro's four for five (a double and three singles), Zach Rosenbaum's three singles and Ken Ducca's two singles. Robbie Kalishman hit a long triple and Glen Lansky a two run double to help the cause. Richmond's defense was steady outside of the third inning. Playing well were Joe Mesquito, Dave DeFusco, Colin Wixson, Marc Aronson and Jed Weinstein.

Ruben Simmons made several fine plays for the Lancers at third, including a tag of a runner at third after Rob Patton retrieved a ball hit to left and threw to Tom Soskin who relayed it to Simmons.

Cole Wins Discus In Championship

Gary Cole was the winner of the discus event in the Iron Hills Conference boys' track team championship held this past Saturday.

The Lancers were one of eight teams participating in the annual event. Cole, who also took third place in the shot-put, was joined by teammates Doug Holliday, who came in second in the 3200 meters, and Damian Chin, who finished third in the long jump and fourth in the high jump.

On May 11, the team lost a close meet to Far Hills by the score of 67½-63½.

Livingston was led by Holliday who took first place in the 1600 meters and 3200 meters and had a second place finish in the 800 meters. Cole won both the discus and shot-put events with throws of 140'3" and 46'6½".

Jeff Cohan took the long jump event with a 18 foot, 11 and three quarter inch leap, and a second place finish in the high jump. Bruce Bernstein hurled the javelin 144 feet, 11 inches for a first place win while Chin won the high jump and took second place in the long jump and 400 meters in a time of 54.4 seconds.

Dan Dougherty took second in the 1600 meters, while Joe Gamberale finished second in the intermediate hurdles and Jimmy Hu came in third in that event with a 1:05.9 time. Livingston National Bank Rated Among Top in Nation

Livingston National Bank has been rated as one of the country's top banks in terms of financial performance, based on an analysis conducted by the Bank Administration Institute. Announcement of the selection was made this week by Jerome P. Foley, the bank's president.

Livingston National was included in 1,200 top banks from among 14,000 with assets under $150 million.

The survey by the Bank Administration Institute was done to determine what made some banks more successful than others.

"We felt that the performance profiles of these banks could be indicative of unique management practices worth examining and analyzing," said Joseph Ciaburri, chairman of BAI's High Performance Bank Assembly.

"These banks have profit levels that mark them as outstanding; they've managed to maintain a significant edge in an increasingly competitive market, and we think it's worth finding out why," Ciaburri said.

The Institute's researchers used statistics on return on assets, return on equity and deposit growth to select the top ten per cent of banks in each state.

"Livingston National Bank," Foley said, "is extremely proud to be positioned within the top 1,200 banks in the nation, and it is with continued dedication that we will maintain our position and further enhance our management practices."

"The bottom line," Foley concluded, "is that Livingston National Bank, with resources over $55 million, may not be the biggest bank around, but it's one of the very best. And that means a great deal to our customers: knowing they're doing business with a bank that is tops in the field."

Postmaster DeChiara Sets "Mailbox Improvement Week"

Livingston residents, and particularly those with rural type curbside mailboxes, are being encouraged by Postmaster P.T. DeChiara to join in the observance of "Mailbox Improvement Week," May 17 through 21.

"This winter was especially rough on mailboxes," the Livingston postmaster said. "Now the effects of weather, vandalism, abuse and neglect are evident in leaning support posts, rust and corrosion, broken door hinges and missing names.

"Of course some boxes may only need painting," the postmaster said, "but others may need to be replaced."

Postmaster DeChiara noted that the Postal Service has restrictions on the type of mailbox customers may choose. Customers must use mailboxes which are approved for use; if they prefer custom-made boxes, conformity to standards of size and strength must be approved by the postmaster before use.

Any postal customer looking for specifications and requirements for mailboxes may check with the Livingston Post Office.

Health Officer Cites Danger Of Disease from Summer Ticks

With the spring and summer months now upon us, Livingston Health Department officials are reminding Livingston residents about the annual increase in the "wood tick" problem.

The ticks, which breed in grassy and wooded areas of the township, are carriers of Rocky Mountain spotted fever, a potentially fatal disease for both animals and humans. Despite its name, the problem most often occurs in eastern coastal states.

Infection is carried by the tick to host animals such as dogs, horses and raccoons. Ticks feed and mate on these animals which, in turn, infect humans. They can usually be found on the scalp, under the hair, and on the skin areas around the head and neck of pets.

The disease, which is transmitted through the bite of infectious ticks, has an incubation period of two to 14 days. Its symptoms include a moderate to high fever persisting for two to three weeks, headache, chills, fatigue, and a rash that begins around the third day after infection on the extremities and spreads rapidly to the rest of the body.

With proper treatment, death from this disease is unlikely. However, the mortality rate is raised to around 20 per cent when the disease is left untreated.

Recently, researchers linked Lyme Disease, an inflammatory joint disease, to the exposure of a certain type of tick called Ixodes dammini, found mainly along the northeastern coast of the United States. Its symptoms are a skin lesion which continually worsens, a rash, headache, stiff neck, fever, malaise and fatigue. In certain cases, patients will develop joint, cardiac or neurologic involvement several weeks or months later.

Prevention of these problems includes avoidance of tick-infested areas or, if one does have to enter these areas, the wearing of tightly secured clothing around ankles. Individuals and pets who may have been exposed should also be examined, especially around the hairy areas of the body. Repellents may be used when exposed.

If discovered on humans or animals, ticks should be removed with forceps. Take care to completely dislodge the burrowed head of a tick and, when throughly removed, apply a disinfectant to the area and seek the advice of the family physician.

All suspected cases of Rocky Mountain spotted fever or Lyme Disease should be reported to the Health Department at 992-5000, and may be directed to the state Communicable Disease Epidemiology Program at (609) 292-7300.

Ilaria Serves on Reactivated Navy Battleship "New Jersey"

Paul Ilaria, a resident of Livingston, is among the men of the U.S. Navy assigned to the USS New Jersey, a World War II battleship which is being modernized and put back into action. Ilaria is an electrician in the Navy, specializing in the internal communication system of the battleship.

The New Jersey was launched in December, 1942, at Philadelphia, and after formal commissioning ceremonies in May of 1943 went through the Panama Canal and into battle in the South Pacific. The ship was active at Kwajalein, Eniwetok, Palaus, Truk, Saipan, Tinian, and took part in the Marianas Turkey Shoot in which some 400 Japanese planes were shot down. The ship served at Guam, Okinawa, Formosa, the Philippines, Leyte, Luzon, Iwo Jima, and finally in raids on Tokyo.

The ship was put back into service in 1950 in Korea, and again starting in 1968 in Vietnam. Following that conflict the ship was placed in the inactive "mothball" fleet, from which it is now being activated.

Ilaria, a graduate of Livingston High School, has been assigned to the New Jersey during the reactivation process. The ship is to be returned to service early next year.

Steve Sheng, Asif Iqbal, Scott Smith, Barry Bassin, John Santoro, Justin Bocchino, and especially Lincoln Rowley with a new Heritage record of 134 feet in the javelin, contributed to the victory.

Softball

The Eagle softball team defeated Lincoln Jr. High School of West Orange 12-2 for its third consecutive victory. Cindy Theel fanned 12 and pitched a three hitter while the Eagle defense played well behind her. Infielders Renee Reskey at first, Ann Dietrick at second, Lefty Posner at short, and Nancy Tarutz at third, sparkled at defense.

The hitting and running attack was led by Theel and Tarutz with two hits each.

The Eagle team remained undefeated by blasting Edison Jr. High 17-8. Pitching well, Cindy Theel and Jill Hauser led the Eagles to their fourth consecutive victory. Fine defense was played by Liz McKay behind the plate, Renee Reskey at first, and Carolyn Jeskey at second.

Also hitting for Heritage were Steve Valentine, Neil Cohen, and Glen Schulman. Playing a fine game defensively were Kaisharis, Schulman, and Mike Somekh.

The baseball team continued to win on Friday, coming back from a 6-0 deficit to defeat Edison 8-6. Heritage scored the go ahead runs in the last inning on a two-out, two-run single by Oscar Viteri. Tom Garzon's two hits contributed offensively. Defensively one bad inning allowing all six runs hurt, but overall, the defense, led by Mike Somekh, keyed the win.

J.V. Girls' Softball Team Wins Four Out Of Five Games

The junior varsity girls' softball team won four out of five games played this week.

On May 5, the girls defeated Summit 27-1 in a game called after five innings. Scoring four runs apiece were Mary Beatrice, Maria Falzo, Lisa Trader, Wendy Bennett and Wendy Kridel.

The girls recorded another win by forfeit against Columbia on Thursday, May 6.

On Friday, the team journeyed to Roxbury. In the fifth inning, the Livingston team found itself behind 10-3. The Lancers then tied the game in the sixth inning on key hits by Lisa Trader, Jodi Liroff, Wendy Kridel, Nicole Jaret and Debbie Jarvis. In the eighth inning, runs scored by Maria Falzo, Lisa Trader, and Debbie Jarvis sealed the victory at 13-10.

On Monday, May 10, the Livingston girls were behind their Morristown opponents 13-4 in the first inning. Five walks and key hits by Maria Falzo and Nicole Jaret in the fifth inning closed the gap to 15-14. Morristown scored one run and Livingston scored twice in the sixth inning to tie the game at 16-16. In the second extra inning, Debbie Jarvis scored one run to win the game 17-16.

On Tuesday, May 11, Morris Knolls avenged an earlier loss to Livingston by defeating them 12-9. Livingston's offense was led by Maria Falzo and Andrea Mollenhauer with triples and Debbie Jarvis who had a three run homer.

The J.V. girls, whose record now stands at 11-5, will play their next game at home on Friday, May 14.

J.V. Lacrosse Is Six and Seven

The Lancer J.V. Lacrosse team improved its season record to six wins and seven losses with five of those wins in the pst two weeks.

Losses were suffered at the hands of Boonton, Montclair, and Mountain Lakes. The five well-deserved victories came against North Hunterdon, Clifton, Hanover Park, Montville, and Westfield.

The Lancers dropped a 2-1 decision to Boonton in a defensive struggle. The defense of goalie Bill Maranz, Kirk Perrini, and Dan Richmond was led by Tom Drago's strong performance on defense and his clearing ability. Leading scorer for the Lancers, Jason Berns, scored the lone goal.

The Lancers exploded for 15 unanswered goals against the North Hunterdon J.V.s, in a powerful 15-0 win. With nearly everyone on the team getting into the scoring act, including goalie Bill Maranz and defensemen Dan Richmond who netted one each. Jason Berns led all scorers with four. Other scorers were Tom Cannizzo with three, Mario Salierno with two, and Gary Lombardi, Kik Perrini, Marc Dockx, and Eric Sheitleman with one each. Sheitleman also had five assists.

Traveling to Clifton, the Lancer defense of Drago, Richmond, Eisen, Miller and Maranz was determined to continue its strong defensive efforts to secure another win. With Tom Cannizzo leading the offense with two goals, the Lancers pulled out a 5-2 win. Berns, Lombardi and Dockx each scored one in the win.

The Lancers took a home game, defeating Hanover Park 5-4. Lombardi and Salierno continued their scoring prowess with two goals each. Sheitleman added to the tally.

On a six-goal performance by junior Dan Weidner, the Lancers defeated Montville by an 11-9 score. Sheitleman added three goals while Salierno and Dyer netted one apiece.

Bringing the J.V. record to the .500 mark, the Lancers defeated a tough Westfield team 4-3, coming from behind. Behind by a 3-1 score, the Lancers rallied to win on goals by Sheitleman, Lombardi, and Salierno's game winner. Superb "get tough" defense in the second half turned the game around for the Lancers. With the direction of goalie John Miller, the defense of Drago, Richmond, and Perrini thwarted a last minute Westfield onslaught at the Livingston goal.

The Lancers most recent efforts resulted in a 7-2 loss at Mountain Lakes. Sheitleman and Lombardi scored for Livingston.

Excerpts From 40 Years Ago

The May 14, 1942 issue of the West Essex Tribune announced that the population of Livingston was 7,126, an increase of 1,142 over the 1940 census. The figure was derived from the number of applications for sugar rationing cards.

Gasoline rationing began 40 years ago this week also. About 68 per cent of Livingston cars were classified B-3, which signified that the cars were essential to business use or to drive to and from work. The B-3 card entitled the holder to 57 gallons of gasoline for the ration period of May 15 to June 30.

The ration board had its headquarters in the State Bank Building over the Economy Market at Northfield Center. Those dissatisfied with their classifications could plead their case before the Board each Monday evening. However, William Buerger, chairman of the board, urged all citizens to first try to live within the assigned quota.

Bill Klaber's editorial stated his dissatisfaction with the rationing system. "If the driver said it was necessary for him to go 200 miles a week, that was that . . . As a result, auto owners could apply for increased allotments in most cases." In addition, Klaber stated that the dealers were not required to submit any proof of distribution and he predicted that a tremendous amount of bootlegging would take place.

Klaber's second editorial urged all residents to shop locally to conserve fuel: "While Livingston cannot compare as a metropolis with Orange, let alone Newark, we feel that a great majority of the goods necessary can be bought at home."

Among the local "boys" in service, Captain Robert Beck, son of township chairman Herman C. Beck of Woodland Road, was promoted to major and was stationed at Mitchell Field in Long Island. Calvin W. Force, son of Mr. and Mrs. J.W. Force of East Mt. Pleasant Avenue, was a corporal stationed at Pine Camp, New York. Corporal Ralph Ashby, son of Mr. and Mrs. William Ashby of South Livingston Avenue was assigned to the Officers Training School at Camp Lee, Virginia, to study for a commission as a second lieutenant. Theodore Panek of South Livingston Avenue had been accepted by the Royal Canadian Air Force and was to be trained as a pilot in Canada before being sent to Europe.

The featured movies 40 years ago this week were "Woman of the Year" with Katherine Hepburn and Spencer Tracy; "To Be Or Not To Be" with Carole Lombard and Jack Benny; and "The Fleet's In" with Dorothy LaMour and Jimmy Dorsey.

BY THE SEA. A shell collection belonging to Livingston resident Lillian A. Schwarz is on display at the Livingston Public Library throughout this month. A member of the Hawaiian Malocological Society, which last year awarded her a ribbon for her collection, Schwarz discovered this hobby on a 1970 trip to the Sanibel Islands in the Gulf of Mexico. Her collection includes pieces found on various trips as well as those picked up through trades.

Giants Holding Top Position In Adult Soccer League Ranking

The Giants maintained their position at the top of the Adult Soccer League after a 1-1 tie with the Lilywhites on Sunday, May 9.

The Giants opened the scoring in the first half when left winger Ken Satz cut into the penalty area and found the top of the net with a chip over the goalkeeper. Paul Ortolani and Kirby Ehret were the other dangerous Giants' strikers.

In the second half, the Giants were frequently under pressure as the Lilywhites' attack became more cohesive and penetrating. The Lilywhite equalizer came when a series of coordinated passes among five players on the right freed David Fraenkel, who was able to outpace the left side of the Giants' defense and slot the ball home.

The heading ability of the Giants' defense prevented the aggressive Lilywhites' forwards from converting any of the numerous high crosses that were floated across the goal by their midfielders during the last 15 minutes.

Livingston Inter achieved an impressive 5-2 victory over the Red Demons. The game was even until the final ten minutes, when Inter led by 3-2. Inter had opened a two-goal lead early in the second half, but Pete Botzenhart kept the Demons in the game when he converted a penalty kick, awarded when Don Farrell was tripped as he dribbled past Inter's goalkeeper, Roberto Amado.

Bruno Amoresano replied for Inter almost immediately, giving them a 3-1 lead. However, the Demons showed their character by coming back again as Dan Farrell scored their second goal with a shot from the left wing.

The Demons finally cracked when one of their defenders misdirected a low center past his own goalkeeper. Inter's Alberto Cifelli scored his team's fifth goal when he was allowed to slide home a shot from a range of only five yards.

Inter's goalkeeper, Roberto Amado, and sweeper, Moses Guevara, were outstanding defenders for the winners. Glenn Gottdenker, John Bonder, Hugo Gallo-Torres Pete Botzenhart and Mike Nemlick were the most hard-working members of a Demons team that refused to accept defeat.

Forum May 23 On Nuclear War

"Nuclear War — Will Your Children Survive?" will be the topic of a community forum sponsored by Temple Beth Shalom on Sunday, May 23, starting at 8 p.m.

The forum will cover three areas. They are: "The Medical Effects of Nuclear War," presented by Dr. Jules A. Titlebaum, director of pediatrics at Elizabeth General Hospital, "The State Department's Analysis of Nuclear Proliferation Worldwide," discussed by Henry H. Janin of the nuclear and scientific division of the United States State Department, and "The First Steps Toward an Alternative to Nuclear War," an analysis of nuclear proliferation offered by Saul H. Mendlovitz, professor of law at Rutgers University School of Law.

Rabbi Samuel L. Cohen will preside over the forum. Temple members Myron W. Kronisch, Pauline Kessler and Paul Finkel, all of Livingston, have organized the program.

The community is welcome to attend this free program. For more information, call the temple at 992-3600.

HISTORIAN MIRIAM STUDLEY was honored by the Livingston Historical Society on Monday night, April 26. Society president Robert Spohn, at left above, presented her an honorary life membership in recognition of her service to the Society and contributions to the preservation of local history. Studley, a Livingston resident, is the author of "Historic New Jersey through Visitors' Eyes" and "The Ely Tavern," among many other items. She headed the New Jersey Room of the Newark Library for many years, and served on the committee which organized the Historical Society in 1963.
