Advertisers Who KNOW

That which makes any advertiser's approval worth while is the prominence he has attained in his particular line of work.

The advertisers in the Directory are competent judges on the subject of advertising mediums—the fact that they approve of Directory advertising is evidenced by their continued patronage.

THE SIGN OVER YOUR DOOR

Is a good thing, isn't it? You would not think of doing business without it.

BUT IT IS ONLY SEEN BY THOSE
WHO PASS YOUR WAY

If you could put a sign where everyone could see it would it interest you?

THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

To be properly registered costs less than to be left out

"Chicago is on the wire
—they want Bill Smith's

in a matter of seconds
the address is located

Common Sense

About City Directory Circulation

The true value of advertising circulation is *circulation consulted*.

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days*, therefore—

$$1000 \times 3\frac{1}{2} \times 305 =$$

1,067,500

INTELLIGENT ADVERTISING

Eye-catching Advertising caters to a chance trade, whose eyes are wandering.

Businesslike Advertising puts its display where it will be seen by those **Looking** for the message it bears.

IF YOU WANT TO KNOW

The meaning of a word, Where
Do You Look? In the Dictionary.

Who sells what you want to buy,
IN THE DIRECTORY.

A directory is **On The Job** 365
Days in the year, and he who
looks therein does so because he
WANTS SOMETHING.
