ADVERTISERS

WHO

KNOW

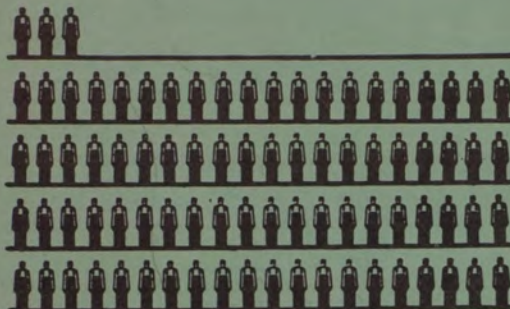

That which makes any advertiser's approval worth while is the prominence he has attained in his particular line of work.

The *advertisers in the Directory* are competent judges on the subject of advertising mediums — the fact that they approve of *Directory advertising* is evidenced by their continued patronage.

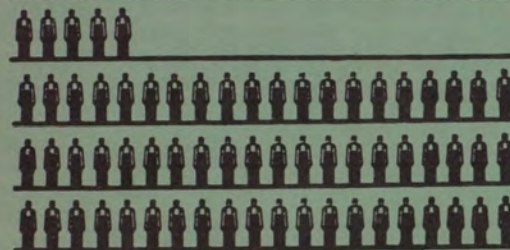

HOW MANY CHANGES IN A YEAR?

Out of every **100** People as listed in the last Directory

16% to **18%** Move away or die

17% to **19%** "New" people move into town or reach listing age.

26% to **29%** More change their addresses or their jobs or some other vital fact that affects their listing

(All that's left that's good)

Making a total of **59%** to **66%** of the People listed who have new information in some particular which can be surely found only in the **NEW DIRECTORY**

Note: These figures are from repeated checks in numerous cities and do not vary 5% in any one year.

THAT IS WHY NEW DIRECTORIES MUST BE PUBLISHED EVERY YEAR.

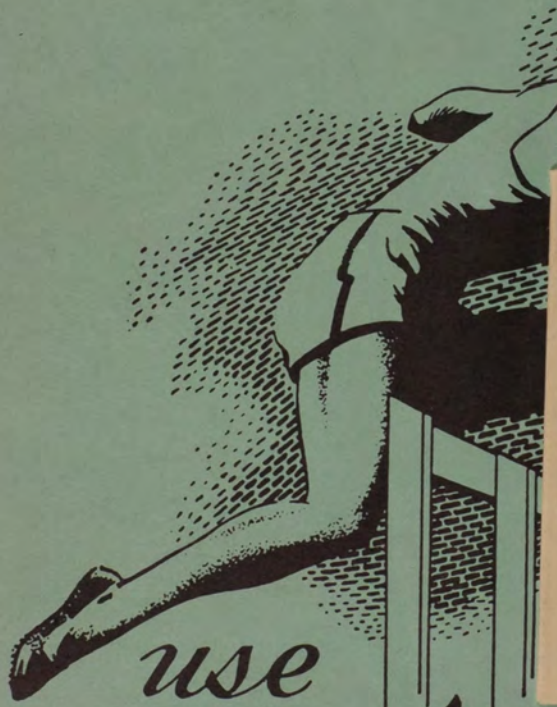

Red means Stop—Green means Go. Your ad in the Directory is the Green signal to Go—and the results will be a Green light all along the way.
