"WHAT YOU SHOULD KNOW ABOUT YOUR CITY"

"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government and her needs. This knowledge develops, first, an intelligent interest; then, a sympathy; then a reasonable affection; a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful; and, finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."

A GREAT CITY DIRECTORY ORGANIZATION SERVING

3,651,320 People in the most densely
populated area in America

Annually, with a trained organization within these five states, serving one hundred and forty-one communities, each street and building is thoroughly canvassed for new names, changes and verification of prior information, after which by trained investigators, sections are again recanvassed to keep our name takers keyed up to a high degree of accuracy.

Through the process of sorting, compilation and still greater refining for accuracy, each name is handled twelve times as it becomes a part of the five departments when combined and printed into city directories, renders a service unsurpassed for those who know that without knowledge, activities become wasteful, confused and subject to duplication.

PAYS DIVIDENDS

HOW MANY CHANGES IN A YEAR?

Out of every **100** People as listed in the last Directory

16% to 18% Move away or die

17% to 19% "New" people move into town or reach listing age.

26% to 29% More change their addresses or their jobs or some other vital fact that affects their listing.

(All that's left that's good)

Making a total of **59% to 66%** of the People listed who have new information in some particular which can be surely found only in the **NEW DIRECTORY**

Note: These figures are from repeated checks in numerous cities and do not vary 5% in any one year.

**THAT IS WHY NEW DIRECTORIES MUST
BE PUBLISHED EVERY YEAR.**

High Hurdles. . . .

In business as well as in sports there are High Hurdles to overcome. Your ad in the Directory, where multitudes will see it, will help to overcome many of the business hurdles.

In business as well as in sports there are High Hurdles to overcome. Your ad in the Directory, where multitudes will see it, will help to overcome many of the business hurdles.

The Mortality of Advertising

The waste basket is the grave of millions of dollars worth of advertising every year. Keep your advertising out of the waste basket by using mediums that are not thrown away. The City Directory is on the job 365 days in the year and no level headed man will think of the waste basket and the City Directory at the same time.

The Price & Lee Company
