DURAND
ROOM

Taken one by one, we are individuals. Proud of our achievements, our goals, each of us is unique. But at the same time, we find so much in common. And every student, in his own special way, contributes to the whole.

We've learned not just about having friends, but about being a friend. True friends have remained with us, in our darkest and brightest hours.

We've always wondered who we are, where we've been, and where we're going. Now, maybe we have a few of the answers.

Although sometimes each day seemed trivial, like a dab of paint, they will blend together into some of our most magnificently colored memories.

When we look back at Columbia, let's not forget that here we've learned in many different ways.

Each day we became more aware of the challenges we face.

This time we've shared will always exist somewhere. Like a finished painting which we cannot re-paint, it remains with us on the canvas of our minds.

Now we must turn towards the future and the secrets that only time can uncover.

In the first annual powderpuff football game, the seniors defeated the juniors and sophomores, 12-0. Meredith Harper came up big, scoring touchdowns for the seniors. Kendal Whitlock, Patty Covey and Lucia Luciani had their senior squad on track while Cathy Evans couldn't quite get her sophomore and junior team rolling. Rich Romualdo and Miss DelliSanti did their best with the juniors and sophomores while Kevin Kisch, Tyce Knox and Miss DeLuca led the seniors to victory.

Mike Dzikowski, Kerry Kroll and Ed Heckel were the referees for the brutal flag football matchup. Two touchdowns had to be called back for the seniors because of holding penalties.

Chris Holmes was the captain of an all male cheerleading squad composed of James Stanley, Iman Butler, Bill Fitzsimmons, Todd Pitney, Corey Felton, Mike Carmiche, Dino Everett and Nick Spagnoletti.

The Chess Club this year enjoyed a successful season. Many new members joined, as well as many returning veterans. Mr. Domareki was both the Chess Club sponsor and Chess team coach. The Astronomy Club had its most successful year. With the appearance of Halley's comet in our skies, the club took advantage of this once in a lifetime occurrence, to get the most use out of their two telescopes. Observations took place from the observatory at the top of the clocktower, Riker Hill Park in Livingston, and in April, Mr. Levin club advisor, Steve Friedland, club president, Bruce Grossman, vice president, and Adam Herbst, secretary went to Mexico to get a view of the comet. Other than Halley's comet, Jupiter, Saturn and other stars and galaxies have been observed. In the future, the club plans to obtain filters that will allow them to view the sun, a capability that few, if any, high schools in this state have.

Unlike most high schools, Columbia operates its own cable television station through Suburban Cable Public Access Channel 35 under the guidance of media specialist Pat Attanasio. In addition to an electronic bulletin board keeping the students and community informed of upcoming events, many school activities are shown, such as musical and dramatic productions, and assemblies. The principle task of the CHS News crew, however, is to write and produce CHS News bi-weekly, to be aired on Suburban Cable Channel 32. The program is entirely created by students, who are responsible for all aspects, including camera, interviewing, anchorwork, technical direction, audio, and graphics. The accomplishments of this goal requires many dedicated hours of work after school, in addition to class time. Participation to this degree is totally voluntary, and is a reflection of the high caliber of the students and staff committed to this very worth while activity. Those involved are members of the CHS News Production class, taught by Mr. Attanasio, who also assists Mrs. Box with the Broadcast Journalism class.

SPECIAL SERVICES COMMITTEE

The members of the Special Services Committee have many responsibilities in Columbia including ushering at all school functions and at Back to School Night and Open House. They can also be found lending a hand to the Home and School Association by serving at their functions and preparing newsletters for mailings.

Readily visable in their bright red vest, the Special Services Committee members have grown to be one of the most helpful organizations of CHS.

MOCK TRIAL CLUB

Members of the Mock Trial Club compete against other New Jersey High Schools in a "mock trial" situation. The case is pre-assigned, and the members discuss and prepare their case for months before the actual competition. Students are given specific parts such as lawyers and witnesses, and the team must be prepared to argue either side of the case. Two local attorneys serve as coaches, and the whole competition is sponsored by the New Jersey Bar Association.

The Martin Luther King Jr. Association, formerly called the Black Student Union, was formed to give the minority students of CHS a chance to learn more about their culture. Several scholarships are given out at the end of the year to senior offices and members who contributed the most to the association. Some of their undertakings this year include a canned food drive, their annual fashion show, and a fund raiser for Ethiopia.

The Student Foreign Exchange Committee runs programs to welcome exchange students to Columbia as well as parties to bid them farewell. We schedule meetings so that those who are interested can ask questions of both the exchange students and any American students who have gone overseas. We encourage CHS students to meet the exchange students and to invite them to do things outside of school such as attending sportings events and going to museums.

Our faculty advisor, Mr. Strothers, gives our club ideas and assistance in producing this year's comic book. We'll be writing and drawing comics which are printed and sold to Columbia students and Faculty.

This year we had several stories from club members, which we sorted through and picked the best three. These stories were written by club members, Brendan Mulligan, Bob Tennard, and Dorian. Bob's comic will be drawn by Troy Tennard, Jason Shiffman will draw Brendan Mulligan's and Dorian will draw his own. Kevin Schowoebel will edit.

The club has two goals: one is to publish the book and run our own convention. The other is to impress Mr. Struthers to sponsor the club for another year.

The Pep Squad, an organization comprised of students from all grades, promotes school spirit and cheers on all athletic and academic teams. This year's peppy advisor is Mrs. Moran.

This fine group of students dedicate free periods to helping younger students cope with schoolwork and experience academic and personal success.

Hard-working, patient, perservering, open, friendly, and understanding, these students serve as important and necessary role-models, providing a much-needed and greatly appreciated service to CHS.

The Ultimate Frisbee Team this year is doing very well, partly due to the fact that only one player has graduated. The fall season was successful. The team ended the season with an impressive record of 7-0, beating all high school teams, one college team, and the Alumni Team on Thanksgiving, the team is looking forward to an even more productive season in the spring. The captains were Bob Wagner and Marty Richman.

This year a unique idea was implemented at Columbia High School. This idea is Project 88.

The goal of Project 88 is to help freshman alleviate disturbing feelings that are experienced during the first weeks of freshman year. They are faced with new academic pressure, an unfamiliar building, new procedures in school policies, and literally hundreds of new faces.

It is a time of tremendous change and many students are overwhelmed with helplessness and frustration. Project 88 helps these students by having them spend time with other freshman, teachers and upperclassman on a communications-oriented camping trip.

The teachers were all given an opportunity to nominate four upperclassman to act as peer counselors to help the freshman in adjusting to the new atmosphere.

The program was held at the New Jersey Y Camp in Milford. The organizers of this program were led by Jeff Himmelstein, Alan Levin, and Stewart Richter.

The Student Library Aides work during their free periods and after school, providing the type of back-up support that is essential to the operation of all libraries. Their duties include refilling all returned materials, keeping materials on the shelves in order, assisting librarians with clerical tasks and charging desk routines. Their services are a truly valuable contribution. With the expansion of the library into a large modern multi-media center, the Student Aides have had to assume more responsibility. They have successfully met the challenge and gained valuable experience both in serving the public and enhancing their own skills and pursuits.

The Committee on Student Relations (COR) developed last year from a concern about the growing racial problems in the communities of South Orange and Maplewood. Through extensive research, the members of COR have found that communication and better understanding among individuals will help our communities to mature.

The Committee meets on a regular basis with students at the various elementary schools in our area. Activities and discussions cover the three topics of prejudice, interclassmate relations and the individual's self image. These meetings began in September of this year. Preparation for these meetings involved a special training session during spring vacation last year, April 1985, with a professional in the field of communications. Regularly scheduled follow up sessions have taken place to ensure all COR members are qualified and dedicated individuals.

The Committee on Student Relations has been very successful in the work it has done and hopes to continue this success for many years to come.

Student Serving Seniors is an organization comprised of students who volunteer their time to aid senior citizens in the communities of Maplewood and South Orange. The organization has been in existence for three years and it is continually growing in size and in strength. This year marked a trend toward greater organization within the group itself, as well as greater publicity throughout the community. Our goal was to serve the largest number of senior citizens, in as many ways as possible, while involving the most dedicated and caring students.

The Columbia High School intramural program involves a large percentage of the student body. Over 130 boys participated in the winter basketball activities. Twelve teams were organized in two divisions. The winners of these divisions met in a championship game. During the other seasons the following activities are offered: girl's basketball, co-ed volleyball, boys' touch football, and co-ed softball. All students who are not participating in a varsity sport at the time are welcome to participate.

This year's Junior class led by President Joanne Fredell and under the supervision of Mrs. Carol Lawrence began on a positive note. The class held Columbia's first annual Homecoming Dance, which was a great success. The Dance brought close to \$1,500 to the Junior Class treasury, the highest amount collected at a Columbia High School Dance in past years.

The class has worked all year towards raising funds for their senior prom. This hard work is evident in their flower sales, back sales, car washes, cushion sales and school events.

The success this year's Junior class has had with its fundraisers may be attributed to its school spirit. This year has pulled the class of 1987 together. Together it has accomplished a great deal and it shall continue to do so.

This year the council achieved its goal, performed its duties and enjoyed doing so. The main goal of this year's Student Council was to promote school spirit and to get students involved in the school's affairs. This is exemplified by the success of the dances held by the council. The Homecoming Dance raised over \$1,300 and the Halloween Dance and Talent Show were also a success. The Bon Jovi contest included every student in Columbia. All of the students were working together toward a common goal.

The Council also served as a Communication device. Students gave their input and also received information on the daily events of the school. Four representatives from the Council were on the curriculum advisory committee, which worked on the curriculum for the upcoming year. Other things done this year was to initiate a branch of Students Against Drunk Driving (SADD), financially support Safe Rides, walk for the March of Dimes, voice concerns at Board of Education meetings, and continue the tradition of the Hall of Fame by including Drew Middleton.

FLES is an after school experience for the high school and elementary students, sponsored by the High School Foreign Language Department, the elementary PTA's and the elementary school principals. Currently there are four elementary schools participating in the program and the students are learning Spanish, French, Italian, or German. The classes are set up depending on the availability of teachers. The classes range in size from 3-10 students. Each student must submit weekly lessons plans and attend several workshops during the year.

The 1985 boys' Varsity soccer team added another successful season to the ongoing tradition of soccer excellence at Columbia.

The year was surprisingly productive according to All-Oranges coach of the year Gene Chyzowych, "This season was supposed to be a rebuilding year. We won 19 games, the Iron Hills Conference for the 8th consecutive year and our 9th Essex County Title." Some rebuilding year!

The team was led by junior John Mairo with 22 goals and senior tri-captains Chris Colasanti, Larry Pine and Jeff Schaffer. Offensive standouts included Mairo, seniors Rohan McFarlane (12 goals, 8 assists), Brian Steglitz (8 goals, 5 assists), Mike Cohen (3 goals, 8 assists) and assist leaders Brett Buggeln (10 goals, 11 assists) and junior Dave Donovan (8 goals, 11 assists).

Donovan was honored by being named 1st team All-American in

the Scholastic Coach Magazine and Regional All-American by The National Soccer Coaches Association. He was also named a 1st team All-State member with Mairo 1st team, McFarlane 3rd team, and Colasanti and Scott Smarsh receiving honorable mention. The Cougars also placed 12 members on the All-Essex team as well as 14 on the All-Orange team.

Defensive standouts included Pine, Colasanti, goalkeepers, senior Ken Silverman and freshman Steven Armenti and seniors, Aidan Jones and All-Oranges player of the year Scott Smarsh.

The Cougars finished with a record of 19-2-3. They outscored their opponents 77-13 and notched 15 shutouts. They played exciting soccer and gave the fans a lot to cheer about. They should be proud of their efforts and after the so-called "rebuilding" season, next year should be even brighter.

The 1985 girls' soccer team proved to be one of the best teams in the state. For most of the season they were ranked no. 16 in the state and no. 1 in Essex County by the Star-Ledger.

The team was led by junior striker Pam Davis' 34 goals. Strong play by senior tri-captains Stacey Caruso, Jean Doyle, and Kim Kushmerick, sophomores Kim Buggeln, Lisa Marano, and Danielle Guyet, and freshman Lynda DeJianne, along with a strong bench, gave Coach Gavitt the best record the girls have ever had. Their 17-2-1 record was the best in the six years of girls' soccer at Columbia.

Over the course of the season, some great games, won or lost, were played. A 2-0 victory over 18th ranked Millburn in the Essex County tournament final and a 3-2 win over 13th-ranked Paramus Catholic in the state tournament were two such games. Two other games both losses, were exciting matches. One was a 3-1 overtime loss to no. 2 Morris Knolls during the regular season, and the other game was a 2-1 loss to the same Morris Knolls

team in the Group 4 semifinals of the State Tournament. Both games saw an aggressive Cougar squad jump to early 1-0 leads.

The season was also highlighted by individual recognition. Pam Davis was named Girl Athlete-of-the-Month for October by Fidelity Bank. She was also named to the All-County, All-State, and All-American teams. Four year letterman Jean Doyle was named Army MVP for girls' team. She too was named to the All-County, All-State teams. Sophomore Kim Buggeln was named the MVP of the Essex County Tournament, and was also named to the All-County, All-State teams. And four year letter winner Kim Kushmerick made 198 saves and had a string of 14 games where she did not allow a goal to be scored. In her four years on Varsity, she made over 400 saves at goalkeeper. She also was selected to the All-County team.

This year's team proved to be one of the best teams in all of Columbia's sports history and provided its fans with exciting soccer.

For the second consecutive year, the Varsity football team has ended their season with a record of three wins and six losses. However, many outstanding performances were achieved throughout the 1985 season. For the first time ever, two players broke the 1,000 yard mark. Senior quarterback Kevin Kisch passed for a total of 1,139 yards and junior halfback Keith Williams rushed for a total of 1,089 yards this season.

The 28-14 victory over West Essex High School was one of the best games, both offensively and defensively, played this season. Keith Williams broke the school record for rushing, carrying the ball 23 times for 220 yards and two touchdowns. Defensively, Todd Pitney and Ray Ricciardi each caught an interception and ran it back for a touchdown.

Captain Kerry Kroll led the team with 37 receptions for 540 yards. Kroll was followed by Corey Felton who had 17 receptions for 222 yards and senior Bill Fitzsimmons with 12 receptions for 253 yards. All three receivers had one touchdown. Kisch closed the season completing 79 of 155 passes and three touchdowns. Williams carried 192 times and scored eight touchdowns. Se-

nior Paul Ferraro also carried the ball for the Cougars gaining 141 yards on 20 attempts and one touchdown.

Defensive captain Tyrone Britton led the team with 107 tackles (8 sacks), and was named Defensive Player of the Year. Others contributing to the defensive team: Ray Ricciardi, Captain Andrew DeCicco, Ian Bolden, Todd Pitney, Mike Dzikowski, Dino Everett, Rich Romualdo, Nick Spagnoletti and Tyce Knox. Kisch was named Offensive Player of the Year and Williams was named the team's Most Valuable Player. Also receiving honors were Bill Fitzsimmons and Matt Andrews, who were presented with the Coaches Award, and Todd Pitney was presented with the Team Player award. The starting offensive team was entered into the 1,000 yard club and was presented with plaques. The offensive team consisted of Captain Daryl Rubin, Todd Pitney, Nick Spagnoletti, Ed Heckel, Bill Ruggerio, Corey Felton and Brett Sisson. Head Coach John Porcelli is very confident of next year's season having already announced one leader of next year's team. Currently a junior, Corey Felton has been elected captain of the 1986 Varsity Football Team.

The Varsity field hockey team finished this year with the fourth best season in the history of field hockey at Columbia. Coached by Melinda Gardner, the team had an overall record of 11-6-3, and an Iron Hills Conference record of 7-2-3, placing second. The Lady Cougars also finished second in the Essex County Tournament, losing to state champion Montclair in the finals.

Led by tri-captains Jennifer Steeb, Chris Tromans, and Hope Wright, the team allowed fewer goals against them than any Columbia field hockey team before, and scored 63 goals, with 38 assists. Individually, forward Karen Skinner scored 15 goals, high for the team, and tri-captain Chris Tromans had a team record nine assists. Other high scorers were forward Chris Fiumara, with eleven goals and four assists, and tri-captain Hope Wright, with eight goals and seven assists. Goalies Karen Ricci and Anne Mitzak combined with the stingy Columbia defense, hurt by the loss of tri-captain Jennifer

Steeb to a knee injury, for seven shut-outs, an impressive record. Many players received county recognition this year; tri-captain Hope Wright made Essex County Coaches first team, Chris Tromans and Michelle Santaseire second team, Stephanie Swan and Meredith Harper third team, and Chris Fiumara and Karen Skinner received honorable mentions. In addition, Hope Wright will be playing in the first North Jersey all-star team.

The 1985 field hockey team consisted of: tri-captains Jennifer Steeb, Chris Tromans, and Hope Wright, with players Kim Ashurst, Chris Fiumara, Tina Fossella, Laurie Gormley, Meredith Harper, Beth McCampbell, Anne Mitzak, Karen Ricci, Michelle Santasiere, Karen Skinner, Stephanie Swan, and Lauren Zucker. Managers were Kelly Carroll and Cathy Janulis, with Melinda Gardner coach, and Karen Van Schaack-Nobbs, assistant coach.

The 1985 girls' tennis team ended their rewarding season in November with a 12-10 record. The team was composed of several determined athletes who pulled together in many pressure situations.

Early in the season, they competed in the Essex County tournament, where they were defeated by Bloomfield in the second round. Despite that disappointing loss, they played in the consolation tourney, which they won.

Captain Becky Friedman consistently anchored the team with her many victories. She also reached the quarterfinals in the State Tournament, and placed second in the Essex County Singles Tournament; which accounted for her only two losses of the season.

Coach George Stager was delighted to see the second singles player,

Wilhanitra Lee, improve as the season progressed, providing the team with some key victories. Natasha Zarrin, at third singles, was another hard hitting and fine player. Jessica Kirson and Kristy Jacobs combined their talents, at first doubles, to hold the team through some tough matches. Dana Zucker and Jenny Meyer, teamed together for the first time, compiled an impressive 16-2 record at second doubles.

A positive aspect of this year's season was that almost all the girls were given the chance to play, no matter what grade they were in. Most of the team will be returning next year, except for graduating senior Dana Zucker. Mr. Stager, and the team are hopeful that with its large number of veterans, the team can continue to improve.

The 1985 Boy's Gymnastics Team was a team to be proud of. Despite some early season problems with eligibility and team discipline, they pulled together, raised their score by a full twelve points, and earned a place for a satisfactory finish. Senior tri-captain Dave Walters commented, "The season went as well as it could have. We had an inexperienced and young team. There is room for improvement." The team will be losing senior tri-captains Dave Walters, Mark Duchesneau, and Matthew Mitchell, however, the returning underclassmen are looking forward to a successful season next year.

The varsity wrestling team finished the season with a losing record, however there were many high points during the season. The team suffered a few close losses and came up with impressive victories over West Essex and Seton Hall Prep. The team was led by senior captains Chris Defilippis and Mike Nuzzo. Also contributing significantly were seniors John Vogel, Dave Walters, David Fong, Marc Ducheneau, Jack Kennedy, and Mike Blankenstein; juniors B. J. Orsi and Tyce Knox; sophomore Brian Lee and freshman Kevin Orsi.

Three Cougar wrestlers qualified for the regions; Defilippis and B. J. Orsi by winning the districts, and Jack Kennedy by placing third in the districts. Chris Defilippis went on to qualify for the finals in the state tournament.

Although the record didn't show it, this season was rewarding. The Cougar wrestlers are looking forward to a better season on the scoreboards next year.

The Boys' Varsity Basketball Team had an impressive season. Although the team was comprised mostly of juniors, the Cougars ended the season with a record of 15-8. Not only was it an impressive season, it was also a season chock-full-of excitement. The Cougars upset Morristown, and brought state powerhouses, East Orange and Seton Hall, down to the wire in close conference games. The Cougars finished conference play with a record of 10-5, finishing fourth.

The team was led by junior guards Mark Brown and Vinnie Ryan, who both consistently scored and dished out artistic assists. Dave Love also contributed to the Columbia offense. Love and Troy Hill controlled the boards for the Cougars. With four starters returning next year, the future of Cougar Basketball looks great.

The Girls' Varsity Basketball Team ended the 1985-86 season with an impressive record of 12-10. Coached by Mrs. Johanna Wright, the season featured a slew of highlights, including upset victories over Montclair Immaculate (twice), Parsippany, and Roxbury. In the Essex County Tournament, the Cougars beat Montclair Immaculate in the first round, before being eliminated by Nutly. They then made it to the state tournament by winning the final three games of the season. In the Iron Division of the Iron Hills Conference, the team, after falling into sixth place, came on strong at the end of the season and finished a respectable third.

The team's offense was spearheaded by juniors Wilhanitra Lee, Sue Bishop, Cathy Evans and senior Nabatanzi Bewayo. With only two departing seniors, the team can look forward to future success.

The 1985-86 Columbia High School Swim Team made living proof out of the statement "great things come in small packages" this past year. Having an eighteen person squad with only one senior, the Cougar swimmers did better than last year's team of twenty-five and seven seniors. They finished with an equivalent record of 12-5, which included a rare win over Livingston. Competing separately at the Essex County Championships, the girls' team took fourth place, while the boys finished third.

With a squad only $\frac{3}{4}$ the size of last year's team finishing with just as many victories, the Cougars gained the respect they deserved. They showed that man for man, they are the strongest team in the county.

The Cougars say goodbye to their only Senior teammate, Captain Joe Zavesky, who never again has to practice at 6:30 a.m.

The 1986 Cougar Fencing Team had lots of fun and spirit. Captains Ari Vuotila, Alvin Marcovicci, and Karin Hagaman led the team throughout the season. Although both the boys' and girls' teams had disappointing records, Coach Stager commended their hard work during the season. The team was young and inexperienced; all of the members were underclassmen, while most of their opponents were seniors. Even though the scores don't reflect it, this season was a valuable one to the team. They look forward to a much more successful season next year.

Columbia has a tradition of a strong guidance and counseling department, which provides students with sequential developmental programs through our grade level curriculum for counseling. Students are regularly given guidance by the counseling department as indicated in the curriculum. Post high school planning sessions are held by both the individual counselors and the department as a unit. Group presentations, aptitude testing, and interest inventories are given to aid students in career choices. The individual counselors are available to help students by giving personal, interpersonal, career, and crisis counseling. A computerized information center in the counseling center offers college and career materials to the students. College and Career Night, held each spring, also helps students make the right choices. The counseling center believes that they are providing a means for students to prosper in the educational setting. They are concerned with the well-being of the whole school.

SOC STU

The social studies department has as its central purpose the development of knowledgeable and effective participants in our society. First, we help our students to understand how their biographies intersect with our history. How did we come to have our American values, such as democracy, hard work, free speech, wealth? This is why we study two years of American history. However, a purely national focus to society is not sufficient. We are all members of a world community, and students study one year of world history to understand this. This study of history helps students to understand, value, and function well in our five social roles: citizen, worker, consumer, member of a group, and self. To help the student understand and express uniqueness, we offer enrichment courses such as sociology, psychology, economics, law.

The key to the English department is its excellent faculty of scholars and writers, who can and do open a world of literature and understanding for the students. They are aided in this by the curriculum, which strikes an even balance between choice and requirements, offering many literature and writing electives to allow students to develop a range of skills. The traditional organization of mathematics, in which the studies of arithmetic, algebra, and geometry were separated, has been discontinued at Columbia. Our curriculum was restructured so that all these areas of mathematics reinforce each other and are complemented by calculators and computers. The math program is flexible enough to allow students at all ability levels to take up to four years of meaningful mathematics if he wishes to do so, in addition to electives which include various

computer courses. The program has realistic standards for each level, and expects each student to perform to the extent of his ability. The Math Team allows students to participate in a variety of contests sponsored by organizations from local to national. Our department has been nationally recognized for its innovative curriculum utilizing computers, discrete mathematics, and new geometrics. It is suitable for all students, and challenging for even the best.

The Foreign Language Department at Columbia High School is made up of a group of dedicated teachers who are eager to introduce students to foreign cultures and customs, as well as the study of their chosen language. As students quickly discover, learning a foreign language helps them develop a rapport with other peoples so that in the end there are no foreigners — only friends. Students choose from the five languages offered: French, Ger-

SPECIAL EDUCATION

The Special Education department provides support services to students with learning disabilities. These students attend regular classes and come to the Special Ed. room to receive tutoring from teachers trained in these learning disabilities. These students can also receive vocational counseling if desired. Both the Special Education students and faculty are part of the school — there is no separated Special Ed. curriculum. These students are going on to college, trade school, employment, or the military services just like all the other students in Columbia. The Special Education department simply gives them extra support to enable them to learn and use their skills to their best advantage.

Columbia High School's Physical Education Department offers more to the student than most schools do. Traditional gym activities such as football, soccer, and basketball are available, but so are more unique activities. Slimnastics and fitness are available for those who want to lose weight and build muscles. Columbia also has an excellent dance program, which includes a performing company. Another unique program is Project Adventure, an obstacle course-like activity designed to help students work together to solve problems and complete tasks.

The Columbia High School art department has a diversity that is uncommon in high schools. All the teachers are working professionals, and each one is talented in their specialized area. Students enjoy our art classes because they have a comfortable atmosphere, with few constrictions on the teacher or the students. The faculty try to stimulate the students artistically, while still making the classes enjoyable for all. We take pride in the fact that all the art classes continue to fill up, and that the art department continues to expand, although there have been many cutbacks. We are also very proud of the Art Gallery in the school, which shows work of all our community members.

The support staff, including secretaries, aides, computer center personnel, library staff, and our nurse, is a crucial part of our school. Without their assistance in places such as the main office, the counseling center, the athletic office, the message center, the transcript office, West House, the library, and the computer center, our school would not be a smoothly running place. We don't even notice these people most of the time, as they continue to do jobs such as forwarding transcripts to colleges, arranging athletic events, answering telephones, making appointments, and typing memos and bulletins without which something important would remain undone. Their department is definitely as important to the school as any of the more academic ones.

Bon Voyage!

Columbia's all-school musical of the 1984-85 academic year was *Anything Goes*, in which Cole Porter's songs and G. P. Woodhouse's script combined to produce an extravagant 1930's romantic comedy. The stage became a cruise ship, on which the characters played out their hilarious roles. The play involved such unlikely elements as an escaped criminal rooming with a stowaway and a love triangle between a naive bachelor, his high-society girlfriend, and a showgirl. The CHS production, directed by staff members Pat Lawler and Wayne Fenstermacher with students Ellen Dennehy and Carolyn Neu, featured a cast/chorus of 61 and a pit orchestra. Following nine weeks of intensive rehearsal, the play was performed on March 29, 30, and 31 and was enjoyed by all who attended.

The boys' lacrosse team had another outstanding year. Under Coach Keith Manera they compiled a regular season record of 11-4, and went into the state tournament. Unfortunately they could not advance in the tournament as a result of hard-fought losses to Lawrenceville and Bridgewater East. Seniors Andrew DecCicco, Peter Turk, Steve Carew, and Bret Jenks were vital in many of the team's triumphs. Juniors Todd Pitney, Daryl Rubin, Biff Friend, and Nick Spagnoletti also contributed a great deal, and will be some of the mainstays of next year's team.

In commemoration of Columbia's one-hundredth birthday, the C.H.S. Parnassian Society produced and directed a revue entitled "Columbia High School — The First One Hundred Years." This production featured vignettes that were written by students, including, among others, "The 1920's: The Jazz Age," written and directed by Beth Doblosky, Kristin Glanzman, and Jennie Hyer, and "The 1950's: 'Jitterbug,'" written by Mrs. Box's first period English class and directed by Margaret Aymer. This production was unique in that thirty-one staff members joined the students in the cast. The Executive Director was Meg Wastie, the Executive Producer was Frank Niccoletti, and the Student Director was Margaret Aymer. This witty and humorous show played on May 4th and 5th, 1985, in the auditorium to a receptive crowd.

The girls' varsity lacrosse team had a much improved season over the previous year. With the addition of Coach Marguerite Dempsey, the girls became a more aggressive and competitive team — a force to be reckoned with. As a result, the team came away with a record of 3-8-2. Senior mainstays Kathleen Tevlin, Amy Bobrow, Alyssa Jaffe and Jill Bland, as well as juniors Karen Skinner, Kathy Skinner, Stephanie Swan, and Stacey Caruso helped guide the team. It was a season marked by hard work and dedication as well as great development in skill.

In April of 1985, eleven students traveled on an eight-day excursion to Spain. There, guided by Spanish Heritage Tours, they saw the countryside under the supervision of their fearless leaders Bill Price and Enrique Passarge. The students visited many cities, including Madrid, Salamanca, and Avila, and saw numerous sites such as the University of Salamanca and the wall surrounding Avila.

At night the students ate in typical Spanish restaurants and then danced away the evening at a Spanish Disco. When not touring, the students were free to see Madrid on their own. Many students used this time to buy souvenirs for their friends and family. One popular item was Lladro, which are porcelain figures made to represent characters of the world.

All in all, the students had a wonderful time, each increasing his or her friendship with the others, and all learning a little bit about Spanish culture and its people.

During the April vacation of 1985, eleven students traveled to Italy and Greece under the direction of the Art Department, with the intention of seeing the cultural roots of Western art. During the ten day trip, the students toured extensively, traveling to timeless cities such as Rome, Capri, and Athens, and viewed such historical sites as the Fora Romana, the Colosseum, the Parthenon, and the ruins at Delphi. By no means was this the entirety of the trip, though. Each day the students and staff got a taste of Italian and Greek culture by simply walking around. They also "toured" the restaurants, shopping areas, and night-spots as eagerly as they toured the ancient ruins. When the trip came to a close, each person knew that he or she had been involved with a very special experience, one never to be forgotten.

The 1985 boys' tennis team had a very rewarding season last spring. Senior captain Michael Poss had an outstanding season at first and second singles. Adam Levitt, the only underclassman in the starting lineup, outsteaded a majority of his opponents for a winning record. At third singles, senior captain David Keresztes was a force to be reckoned with during the Essex County Tournament. Seniors Jeff Davis and captain Jason Gross teamed to form an aggressive first doubles team. Michael Bunis and Phil Brown scored many victories at second doubles.

Though the team had a disappointing 12-11 record, the team played hard and never relented. Eight of the eleven losses were to Top 20 teams, including three to No. 1 West Essex. The highlight of the season came in the second round of the state tournament when the Cougars upset highly ranked Livingston, a team that had defeated them twice in the regular season.

"One of the most valuable experiences I had in Columbia wasn't in school at all. It was in Milford, PA, on the May camping trip. Milford is a place to go to be yourself. The atmosphere is one of openness and friendship. The activities are laid out in such a way the trip is very structured. I learned a lot on the camping trip, a lot about communicating with others, a lot about my friends and a lot about myself. Whenever I'm in Milford, I feel like I'm surrounded by people who I can trust. There will always be a part of me in Milford, and part of Milford in me.

The 1985 girls' softball team had a strong season under their coach, Mr. Charles Taylor. Although they were a very young team, predominantly made up of juniors and sophomores, the girls held their own in many a hard fought game. Juniors Chris Tromans, Noel Evangelista, Patti Swan, Linda Dombrowski, and Jenny Secor provided a strong backbone for the team.

A new tradition started last year at CHS during the spring. A hall of fame program was instituted with the intention of honoring famous alumni. Each year, two graduates who have achieved excellence in their fields will be inducted. The first were actor Roy Scheider, class of '50, and The Honorable Amalya Kearse, Second Circuit Court of Appeals judge, who was a member of the class of '55. Upon their arrival at Columbia they received a fanfare from the marching band. The two spoke to the student body and were warmly received. A reception was held in their honor later in the day.

The dynasty of Coach Jack Fletcher has come to an end at Columbia after prosperous years. The knowledge and skills he passed on will be treasured by those whom he has carried under his wing. His retirement has saddened many participants in the baseball program but his spirit will live on.

Senior Joe Santasiere was a first team All-Essex selection this past year. Other senior starters were Andy Shue, Anthony Masi, Jim Aiosa, Glen Manochio and Andy Kesin. The pitching staff consisted of John Dimpel (All Orange Selection), Dave Glosinski, Mike Ghegan, Dave Love and Angelo Nocchiolo. This years team will be bolstered by returning players Paul Ferraro, Nick Verderese, Bill Fitzsimmons, Tom Auth, and Jon Levine. This year Columbia is counting on their new coach to lead them to a Greater Newark Tournament Championship.

In June of 1985, CHS students rekindled the flame of social consciousness by staging an anti-apartheid rally. A week before the demonstration, students were given pamphlets describing the apartheid system in South Africa. On the day of the rally more than 500 students gave up their lunch period to take part in the protest. Speeches were given by students Jessica Wolff and Jonathan Ezrow as well as staff members Owen Snyder and David Hogenauer. South Orange Village President Bertrand Spiotta came and talked about his trip to South Africa, and Maplewood Mayor Robert Grasmere, who was out of town, sent a message commending the students on their dedication to a worthy cause. After the speeches, students were asked to write letters to Congress and place them in a large box, which was sent to Washington. All who participated in the rally felt that it was one of the most worthwhile experiences of their school year because it allowed them to address an issue of international importance.

The CHS volleyball team had yet another undefeated season under Mr. Chyzowych. Their 20-0 record raised their all-time mark to 174 consecutive wins over several years. Led by seniors Tracey Skinner, Barbara Dobrzanski, Brenda Wreidt, and Lory Pilchik, the team played outstandingly and continued to amaze their fans. Next year's torchbearers will include Julie Ruprecht, Heather Gilligan, Wilhanitra Lee, and Kristin Mallet, among others, who will try to extend their already unbelievable winning streak.

In the 1985 track season the girls finished first in the conference and county, and second in the state sectionals, while extending their dual meet winning streak to 36. The boys finished third in the conference with a dual meet record of six wins and one loss. Both senior Lisa Morgan and junior Hope Wright were key to the girls' successes. They finished first in the states in their events, the 800m and 110m hurdles, respectively. Shiela Staggers, Susan Willner, Leslie Sabin, Kim Dunn, and Christine Grant were also crucial. Seniors John Talleyrand, David Scher, and Danny Garrick, as well as Pierre Valles and Willie Williams ran strongly, keeping the team ahead. Rohan McFarlane not only pulled the team through by constantly finishing first in the discus, but also was an excellent sprinter.

CONGRATULATIONS

TO THE CLASS OF 1986

THE HEISCHUBER FAMILY

MIKE, MATT, EVAN, STEVE, and MARC —

I couldn't ask for better friends than you have been. Thanks for letting me share all of the good times — they were the only kind we had! I'll miss each of you incredibly next year. Good luck, and keep in touch!

JEFF —

You've been a "brother" and a friend to me for seventeen years. Although we've both grown and changed a lot during that time, my feelings towards you have and will always remain the same. I'll miss you more than you can imagine.

CHRIS —

Never forget how special you are and how much you mean to me. The times we've shared have been among the best of my life.

"Love should be like a harbor
from which a ship can sail,
and in which a ship is safe.
Love shouldn't be a dock
to which a ship is tied."

I wish you all that you wish yourself, and promise me that you won't settle for anything less. Through it all, remember that there will always be a place for you with me. I love you. 5-10-85

THANKS FOR EVERYTHING GUYS!
I COULDN'T HAVE SURVIVED THIS YEAR

Dear David Gurland,
 this one is for you.
 Real life time friendships,
 so seldom come true.
 We've had our good times,
 and we have had our bad.
 There will always be pleasure,
 but sometimes we're sad.
 If given the chance,

 I'd pick the (J.B.),

 Just like the earth,
 holds on to a flower.
 Remember me please,
 until the last hour.

As we reach out our hand
While we think of the memories
Tears fill our eyes
We've starting a new life,
We hope friends will keep in touch
Although it hurts inside
We think of kindergarten

Now we've reached the end
How do you say good-by
Will there be time
You'll always have the memories
Don't think of school as ending—

KC RASCLES!

The diploma we grasp,
Of the years in the past.
Because it's all gone,
We have to move on.
As the years pass us by,
we'll try not to cry
And our first day,

We are going away.
To friends who mean so much?
To sincerely keep in touch?
Of your school years from day one,
Think a new life has begun.
