**MATAWAN HIGH SCHOOL
MATAWAN, NEW JERSEY**

JOHN E. BENNETT

Mr. John E. Bennett, principal of the Matawan High School, is retiring this year from the local educational scene. Because he has guided us faithfully as a teacher, because he has advised us carefully as a principal, because he has devoted a major portion of his life toward the betterment of our school and our community — we proudly dedicate this yearbook to him.

Mr. Bennett has our best wishes for good health and continued educational activity in his well-deserved retirement.

GENE S. GILBERT

The Senior Class of 1954 wishes to extend its gratitude to Mrs. John Gilbert for her untiring efforts in our behalf. She has been not only an outstanding teacher and friend, but also an inspiration to our class. Her endeavors during the past decade on behalf of **The Pillar** deserve our indebtedness; her guidance in and out of the classroom deserves our appreciation. Because Mrs. Gilbert has been a great force in furthering scholarship, character, and leadership in our community, we respectfully dedicate this yearbook to her.

Russell Stetler

TO THE CLASS OF 1954

You have completed your work in high school with credit to yourselves and to the school, and now it is time for you to leave your friends and assume greater responsibilities. It is my hope that you are well prepared for this task and that your future will be rich in experiences and full of happiness.

My sincere congratulations and best wishes for your future success in whatever you undertake.

Russell Stetler
Superintendent

TO THE CLASS OF 1954

I congratulate you for your accomplishments as individuals and as a class. These successes have come to you because you were self-reliant; you performed your duties cheerfully, not expecting others to do for you, what you were able to do for yourself. Your enthusiasm and your unquestionable loyalty to your classmates, your teachers, and your school, will leave with us pleasant memories. We trust that you will continue to develop within yourselves fine personal qualities of initiative, honesty, resourcefulness, friendliness and courteous cooperativeness which enable you to be good examples to others less fortunate than yourselves. Now that you have passed this mile-stone in your educational program, much more will be expected of you. Accept your new responsibilities cheerfully, but with courage and a determination to do, to the best of your ability, whatever you set your hand to do.

CLASS

September 1950 was the month of our very first performance in Matawan High School. We were all a bit nervous, but self-assurance grew as we performed day after day. We joined the activities that suited us and because of our successful show, we had a dance to close our year of performance. This, by the way, was worth all the hard work.

September 1951 was the beginning of our next big performance. No longer classed as Freshmen, we had gained recognition in the eyes of the entire troop. Our best performance of the year was at our Bunny Hop given before Easter. Already people were beginning to notice our star performers. We closed the year looking forward to our next season.

September 1952 found us relaxed and ready for our show ahead. We had polished off most of our rough spots and our head ringmasters placed more confidence in our performance. To meet the expenses of our troop, Christmas Cards were sold at side shows. We had a St. Patty's Day Dance

HISTORY

in March, which helped us practice the routine for our big special performance of the year, our Prom. Hard work and good judgment were essential for the success of the Prom and we came ahead winning admiration. Once again our season ended and we looked forward to the following year when we would be the star attraction.

September 1953 saw our troop start with heads high and shoulders back. We went to work immediately selling candy and souvenirs at all our activities. Big occasions and shows occurred often for our troop. The first big one came in December with our Christmas Ball. We attempted more difficult tricks and put over the performance of **Don't Ever Grow Up**. This was a success and because of our hard work a trip to Washington was awarded to our group. We came back and settled down to our regular routine. Time passed quickly and soon the biggest moment of our lives arrived. It was our last performance, and our greatest. This was what we had been waiting for — Graduation, starring the troop of 1954. We grasped our diplomas and walked proudly out of Matawan High School.

CLASS

I must call to see if my tickets have been reserved for the opening of the Zingling Brothers Circus.

"Hello, Ida Irons? Please get me the ticket department of the Zingling Brothers. Did you know Dora Jiosne is their receptionist now? Yes, really. . . . Hello, Dora? Let me speak to J.Z. Darling, have you reserved my tickets for tonight? You know I don't want to miss Carlos Concepcion's new mambo band, darling, or that terrific new singer you've hired, Loretta McGee. No, darling, I won't forget to stop in and see you. Toodleloo."

Donald Gleichman, once-famed stock-car driver, drives my gold-plated Jaguar out to La Guardia where the plane is scheduled for take-off in fifteen minutes. While waiting for the plane to be announced, who should walk in but that famed comedienne of stage, screen, and television — Joan Campbell. I call to her, but when she is half way across the room she is rushed by a swarm of reporters and photographers. Among them are James Hodge, recently noted for his excellent coverage of the Blink's Bank robbery, and Ann Jobes and Valerie Marvel, reporters on the "World Letter" and "Moon."

Headed Joan's way is that eccentric scientist, Arthur Meixner, and on his arm is the terrific blonde, Betty Rosenbohm, who made her Broadway debut in "Born the Day After Tomorrow."

Mauvline Bilarczyk, air-line stewardess, is at the door of the plane to greet the passengers, many of whom are also on their way to the premiere. As I sit down I notice James Armour, scientist, Ronald Orr and Robert Carlson, engineers, and John McKenna, electrician, on their way to Space Port No. 93 to start planning for the interplanetary bridge, Creatole; also among the prominent people present are Alice Blanken, who recently won the Nobel Prize for her poetry, and James Milligan, millionaire.

While glancing through my program, I learn the costumes are designed by Joan Brown, who is noted for her work in Hollywood. The hair styles are created by Ann Foti, also known for her work in Hollywood, and Elaine Erdmann. The props are made by Joseph Berbrick, brother of Winifred Berbrick, columnist and an associate of mine. As the acts progress I notice Fred Stahlbaum and Jerome Becker are again astounding their audiences with superhuman feats of lifting 900,000 pound weights. During the trapeze performer's act, one falls. A doctor is called but there doesn't seem to be one in the house. Five nurses rush to the disaster: Ann

PROPHECY

Molnar, Beverly Parry, June Bowne, Kay Walker, and Gwen Russell. But nothing stops the performance — the show must go on.

I see those dare-devils, Joan Short, Mary Ann Vena, and Shirley Vena, are defying gravity again with their stock cars.

While walking along the midway I see several speakers on "Why You Should Join the Service." Among them are Kenneth Bennett for the Army; Dick Frost and Robert Boldt for the Navy; Shirley Sutton for the Waves. I also see Richard Lanzaro famous slugger of the New York Yankees, exhibiting his hitting ability. And there are Kenneth Tonnessen, who rose from a small-town farmer to fame with his discovery of the Atomic Thresher, and his assistant, Tedder Mauro.

I've noticed several famous celebrities strolling along the midway today. Among them is Arthur Phelan, connoisseur of fine food, owner of that restaurant everyone is raving about — The Glass Rail; there also is Barbara Ennis, the only psychiatrist to have a platinum couch and Clark Smith, known to have the largest collection of old cars since James Melton. I guess I'll stroll over to J.Z.'s office for awhile.

"Hello, darling. Your show is really a success. Jean Cashill made a tremendous hit with her yodeling. Darling, tell me who decorated your office? It's in exceptionally good taste. Jean Sangregorio? I'll make a note of that . . . Darling, you have such wonderful secretaries; I'd like to borrow one for my next trip to Mars. Either Virginia Banafato, Janet Boldt, Claire Larkin, or Pat Johnson will do. Of course, I have my own secretaries, Dorothy Herbert, Marilyn Elliott, Jacqueline Craig, and Anne Gallucci, but they are so busy I really can't spare them now. Thank you, darling."

As I walk out of J.Z.'s office I see Gerry Fogg, science teacher, Gail De Shaw, gym teacher, and Rose Greenman, English teacher, discussing the advantages of the teaching profession.

I make my way to the airport through a milling crowd. As I am boarding the plane, I notice my airline stewardess this time is June Burdick. Among the passengers are Thomas Sullivan, President of International 5D Corporation, and his secretary, Peggy O'Neill; also present are Albert Janwich and Richard Milligan, State troopers, and Betty Lou Pitney, specialist in outer-orbit animals.

Arriving at my office I hand my notes to typist, Pat Short, to prepare for tomorrow's column.

"Toodleeoo, darlings"

FOOTBALL

Matawan High School's Championship football squad opened its brilliant season against Neptune with an easy win. They also rolled easily over Point Pleasant. Rumson and Red Bank Catholic likewise met with defeat at the hands of the Huskies.

Freehold won a decisive victory over the Huskies, though Matawan showed true to form in the Atlantic Highlands game. In the traditional Thanksgiving Day game against Keyport the Huskies again came out on top with a 25-12 victory to close a most successful season.

In the next four games, one of which included our traditional rivals Keyport, the boys lost. They bounced back to beat the Rumson club twice, with four losses between the games. After losing to Atlantic Highlands and Red Bank Catholic they won their last encounter against Croydon Hall which finished their season with a won five and lost ten record.

SENIOR STARS

Back row: David Tuttle, Allan Arnold, Joseph Butts, George Hicks, Joseph Zahn, Kenneth Williams, Robert Gold, John Coon, First row: Ted Shafro, Thomas Nelstead, Harold Deitz, Thomas McGee, Jack Kuhns, Raymond Colot, Robert Deitz.

This year's squad is hoping to live up to the record of Matawan High School Track teams of the past. Matawan's Track team won the Shore Conference Championship last year and has been no less than third in the Shore Conference for the past five years. They have always been high in the Central and State Jersey Championships. In 1952 they won the Central Jersey Championship and last year they were second in the State Jersey Championship.

The outlook for this year is a bit dubious because of an average of thirty points per meet lost through graduation. A group of proven Sophomores and Juniors, however, will help the situation. Mr. "C" is trying to make this a year of rebuilding but is hoping for a Championship.

Shore Conference Champions.

This year's Seniors are: Richard Frost, catcher; Fred De Nardo, third base; Vincent Vinci, short-stop; Joseph Berbrick, outfield; Herbert Carbone, outfield; and Richard Lanzaro, outfield.

These peppy, poised gals with personality work hard to boost the spirit of Matawan High School.

The varsity cheers the football and basketball fellows on to victory, and the junior varsity supports their basketball team with the same enthusiasm.

Miss Gordon, their able adviser, deserves a lot of credit for a good squad.

Throughout the year the girls raise money for uniforms, letters, a trip to New York, the Mother and Daughter Banquet, and gold megaphones which each girl receives as she graduates.

The governing body of the school is the Student Council, which tries to create a better relationship between teachers and students and help the students as a group in the school activities. The Student Council of Matawan consists of 20 members elected by the students.

Some of the accomplishments of the Student Council this year were making the dance schedule, cleaning up the school, conducting all student elections and passing on eligibility. Members also attended county student council meetings at other schools. Our council presented a county council meeting in the Matawan High School Auditorium.

BOYS' AND GIRLS' STATE

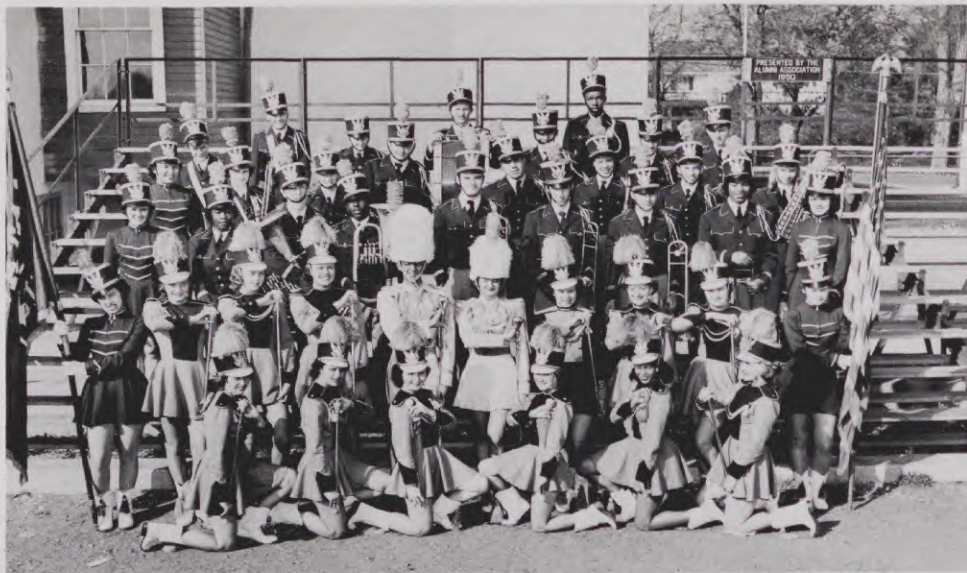

Boys' and Girls' State is a program sponsored by the American Legion, through which a boy and girl are selected from the Junior Class to represent their high school at Rutgers University and New Jersey College for Women respectively. Last year Alan Johnson and Betty Lou Pitney were representatives for their class.

Alan spent a week at Rutgers, while Betty Lou was at N. J. C. for five days. There they learned about the organization of state government and the mechanics of gubernatorial elections.

Candidates for Boys' and Girls' State are selected on the basis of scholastic ability, extracurricular activities, leadership, and service to their school.

In December there is a reunion of Boys' and Girls' State in which the elected representatives take their respective offices and hold assembly.

MAJORETTES

These high-stepping gals twirl their batons in rhythm with the band. They perform at pep rallies and add color to parades during the school year. These pert girls, uniformed in maroon and steel, add interest at a football game.

The Majorettes raise money by holding a tag day and food sale and use it to purchase uniforms and finance a Mother and Daughter Banquet.

Mrs. Ducat and Mr. Maritko, their capable advisors, deserve a lot of credit.
