## FOREWORD

The dictionary tells us that a student is not only one who is enrolled for study at a school, but also a person who studies or investigates. Moreover, we are told that a school is a place or institution for teaching and learning. Mix the teaching, the learning, and the student in proper proportions and something called "education" takes place.

Education is at once a process and a result. By the time we become graduating seniors we are able to assess what we have become. The 1965 *Pillar* staff has tried in this yearbook to reflect what we are together with a timely representation of how we have developed in useful knowledge and responsible citizenship.

### ALMA MATER

Hail, Alma Mater, of thee we sing.  
Our lifted voices your praises ring.  
We'll cherish you and add to your  
fame;  
Always and ever we'll uphold your  
name.  
Though other thoughts may change  
with the time,  
Duty to you is foremost in our minds.  
Down through the years winning  
honors anew,  
We'll all be loyal, Matawan, to you.

# A Student Seeks

Mr. Luther Foster  
Superintendent of Schools

TO THE CLASS OF 1965:

Mine is a generation which has lived through two world wars in the first half of a century which has witnessed more rapid change than was ever experienced in the history of mankind. Yours is a generation which will live to see the dawn of a new century. When the bells toll the opening of the new century, will we be able to say that the later years of the dying century were years of unparalleled economic opportunity or will we find that the long dark night of barbarism has descended upon us, without even a star of hope? It can be either. This, I believe, is The Challenge of Your Generation.

Good luck and may God be with you.

*Luther Q. Foster*

MATAWAN REGIONAL HIGH SCHOOL  
MATAWAN, NEW JERSEY

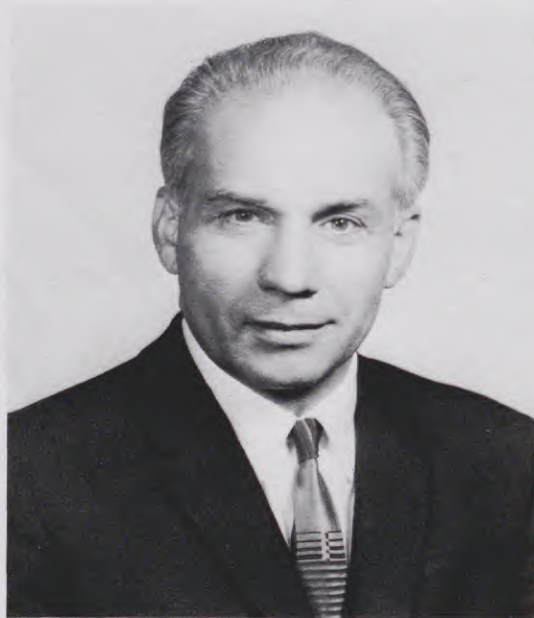

June 21, 1965

To the Class of 1965, I extend sincere congratulations.

As students at Matawan Regional High School, you have accumulated a great deal of information, learned to think more effectively, and discovered some of the attitudes and characteristics needed for furthering your education. Continued learning does indeed require ambition, time, hard work, and striving. Education is continuous, whether it takes place in college or in day-to-day living. It is my hope that you will look upon the completion of your high school training as but one part of the education that you will experience throughout your lives.

You are young and at the beginning of a future which will be filled with years of precious time. Use this time well. Look into this future with interest because you are going to spend the rest of your lives there. Learn how to make the right use of your knowledge, develop a sound philosophy, and cultivate the ground that you have prepared here.

Sincerely,

# Dedication

Thank you, Mrs. Mary W. Oakley, for the years of your life given us in order that we might become more fully educated than could possibly have been the case without your inspiration and love.

We live by the examples set for us by the people we respect. Not only do we feel for you deep affection but also very great respect. Consequently, much of the living which we do is derived from your example. We feel that the impact of your teachings upon our personalities is important not only because you have for years been teaching us about life, but also because you have stressed throughout our years of association that you have thought us important.

Mrs. Oakley, you received your Bachelor's Degree

from Wilson College, and also attended Newark State College. You earned your Masters Degree from Pennsylvania State University. Moreover, you have for many years taught biology and served as the most distinguished chairman of our Science Department. Finally, your expert direction of annual Science Fairs constantly adds lustre to the reputation of our school as a living force in Matawan.

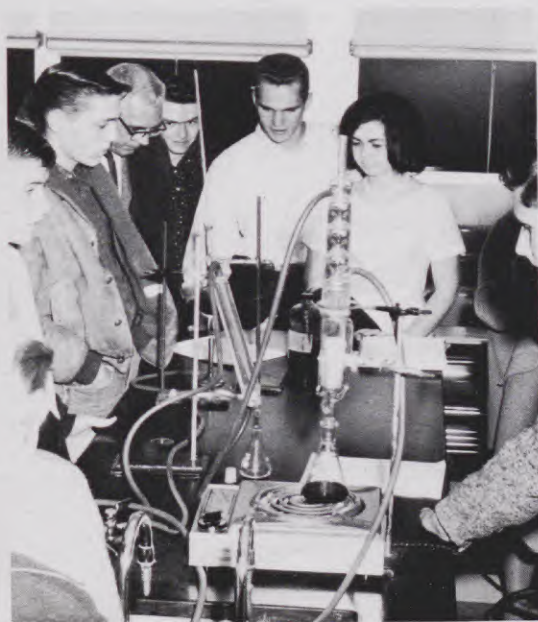

May you always be as happy here with us and with the legions of students who will follow at Matawan Regional High School, as we are to have had you, as a teacher, for this book, Mary W. Oakley, is dedicated to you.

# Moonlight

On June 5, 1964, Matawan Regional High School was magically converted into a wonderland of "Moonlight and Roses." Beaming moonlight, twinkling stars, blossoming flowers, and flowing fountains transformed the cafeteria into an enchanting paradise. The dance floor was brilliantly highlighted by the reflection of smiling faces and glows from many colored frocks.

As the music softly played, time danced away. Soon it was time for the King and Queen to be crowned. Everyone was bubbling with excitement. As the couples promenaded in front of the judges, all were filled with great expectancy. However, when the judges announced the royalty, everyone was pleased with the decision. The royal court of the Kingdom of "Moonlight and Roses" was: **QUEEN:** Sharon Tuttle, **KING:** Robert Brown, **FIRST ATTENDANT:** Jane Carothers; her escort, Gary Zambor, **SECOND ATTENDANT:** Susan Smith; her escort, Jeff Edlestein, **PRINCESS:** Linda-Sue Decker, **PRINCE:** John McCarty.

# and Roses

As the band played the last song, everyone realized that the magic of "Moonlight and Roses" would soon vanish into the past. However, although the enchantment had disappeared, the wonderful memories of that marvelous night would long remain.

The Class of 1965 would like to thank all those who made the prom such a wonderful success. The various committees worked for many months in an effort to make the prom a good one. We would like to extend special thanks to the committee chairmen.

# Championship

To have an exceptionally good season a basketball team must possess three qualities: height, shooting accuracy, and speed. This year the Matawan High School basketball team was blessed with these qualities in abundance.

The twin brothers, Bunny and Butch Hamilton, are big, and consistently lead the team in scoring. However, Matawan's array of talent does not stop here.

Ron Gerlufson, Frank D'Apolito, and Jim Hayes have the speed, hustle, and outside

shooting ability to give the Matawan team a distinct edge over competition.

Ron Mesar and Harold Pease, who check in at 6'3", give the "Huskies" a further edge in size and skill.

The responsibility for co-ordinating the skills and stimulating the cohesive drive of our basketball team falls on the coach. At Matawan we have one of the outstanding coaches in the state. Year after year Coach Bruce MacCutcheon turns out championship teams. This year's club has been one of his best.
