Matawan Regional High School  
Matawan, New Jersey  
Volume 20

## Foreword

We have seen and indeed have been a vital part of many changes in school policy and student life. Perhaps the most sweeping of these changes have occurred during our last year: new concepts of education, varying style in dress, and a stronger student government with a voice in the decision-making process of the school.

We the editors of Pillar 70 have attempted to correlate the change in time with the traditional Pillar features — football games, senior prom, club activities. It is our hope that Pillar 70 proves to be a replica of YOUR high school experience.

# The Class Of 1970 Chooses . . .

Miss Katherine Muller

In recent years, it has become apparent that the teacher's role must extend far beyond instruction in the classroom. This extension of the instructor's duties can range from the participation in an extracurricular activity to simply remaining after the last bell and talking to students.

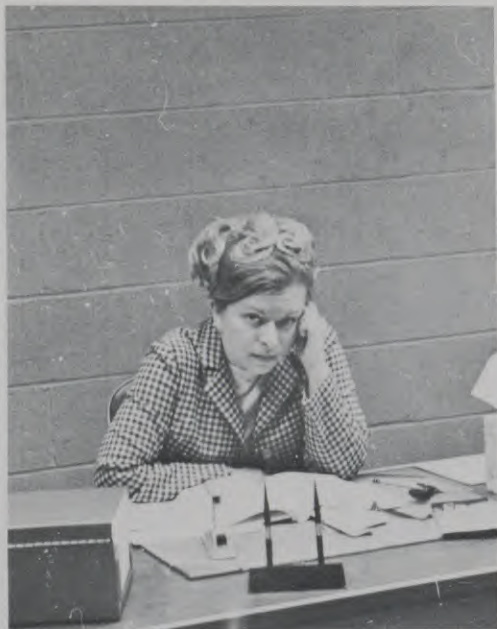

Miss Kay Muller assumes the advisorship of both the school newspaper and the cheerleaders. Moreover, while showing unstinting diligence in the activities themselves, she manages to communicate with the student. Spending many an after-school hour purely in conversation, Miss Muller shows an intense interest in the individual — sharing their opinions, ideas, and problems.

It is because this criteria of the "new" teacher is, in this case, so amply fulfilled that we honor Miss Muller and so dedicate the '70 Pillar to her.

**student life**

Probably the most chaotic day of the year at any high school is the first day. This year at Matawan we out-did ourselves; we surpassed the previous level of confusion by approximately 75%. The reason for all this confusion can be summed up in two words — the computer.

This year for the first time student's scheduling was done through a computer service in Long Branch, New Jersey. The idea behind using this new method was to eliminate much of the paper work in the office. Unfortunately, the plan failed and the computer, in all its glory, proved to be fallible. So many schedules were incorrect that it took almost two weeks to correct the mistakes.

There were students who were scheduled for three periods of Physical Education, two lunches, two study halls and three lockouts. (Lockout means you do not belong in school for that period.) Of course there was always that poor senior who was not scheduled for history. He knew that he could not graduate without it, so he fearfully walked up to the guidance office. There he waited, and waited, and waited, until finally his moment came when he was rescheduled by that sometimes fallible invention called the human mind.

Isn't technology great!

## Exchange Student Finally Arrives

On August 14, 1969 MRHS began its first exchange program with a foreign country and Alejandro Lillo-Ramirez came to Matawan from Talchuano, Chile. He came here through the American Field Service.

It all started at the end of the 1968-1969 school year. A group of students, teachers, and parents formed an AFS chapter in Matawan. They had to raise \$750 to bring a foreign student here.

Next they had to find a home where the student would stay. After a while it was decided that he would stay at the home of Mr. and Mrs. Max Zaretsky.

During his time at MRHS Alex had a full schedule that included Chemistry, English, History, Mechanical Drawing, and Math. Alex headed back to Chile on July 16 after having had a three week tour around the U.S. sponsored by the AFS.

There are all kinds of Huskies, but without a doubt, the hardest working Huskies in the field of music are the Marching Huskies.

It is a rare day in September when one can look out on the field after school and not see the Band practicing, not to mention October and even November.

Mr. Dascoli's famous cries of "Do it again and do it right this time" has once again proven beneficial. The 1969-1970 Marching Huskies have done themselves and their school very proud.

Each year during the football season the majorettes perform at half time. Rigorous training and long practices prepared the girls for a successful and spirited time. Nancy Eisenbeis, our outstanding drum majorette, led the band. This was her second year as drum majorette.

The twirlers were proud to have Bronwen Barry as their captain. The color guard captain was Ann Leontine and the flag twirlers were led by Karen Almenas.

Mrs. L. Anderson, majorette advisor, did a fine job in helping the girls achieve a successful year.

Enthusiasm was the key word for describing the spirit of the 1969-70 cheerleading squad. Throughout the football and basketball seasons, our cheerleaders, led by Captain Peggy Godwin and Co-captain Audrey Anderson, were definitely a boost to everyone. The excitement inspired by them at the pep rallies and bonfire as well as the games helped contribute to one of the Huskies most successful seasons.

# The Bonfire Kicks Off The Thanksgiving Weekend

Our thanks to the Block "M"

If possible, MRHS has once again, outdone itself in starting of Homecoming Weekend with the enthusiasm it deserves. The 1969 bonfire was by far the "most" bonfire in years. The most eggs, most firemen, most enthusiasm and of course, most fun. A special word of thanks goes to the Block M men for making it all possible and to the twenty-one cheerleaders for carrying on the enthusiasm that it began with.

Class of '71 can you top it? Impossible!

### Homecoming Queen

Miss Bronwen Barry reigned over this year's Thanksgiving Day Game against our new rival, Raritan. After nominations were submitted by the football players, the student body voted in the election held by the Student Council. Bronwen's court included Wendy Cornell, Princess; and Audrey Anderson and Diane Gelburd, Attendants. The Queen was crowned during the pre-game show by Mr. Stachura and then all four girls quickly changed into their respective majorette, cheerleading, and band uniforms for the remainder of the game.

## Nine Months In The Making Our Baby . . . Pillar '70

No club, activity, or sport requires as much time and work as that of the yearbook. To layout two hundred and eight pages complete with copy, pictures, headlines, and captions as well as conduct a sales campaign and get advertisements is a prodigious task.

Trivial details such as eighty-two page deadlines, seemed to crop up at the most inopportune times and a small staff hindered progress.

Nonetheless, a dedicated group of students plus a hardworking advisor, Mrs. Anne Frazier — Home Economics instructor, prevailed.

Staff members included:

Kevin Fry	Editors-in-chief
Debbie Richman	Layout Editor
Jack Donahue	Photography Editor
Debbie Schirmer, Jack Donahue	Business Managers
Robin Smith	Typing Editor

# Student Council

This year the Student Council progressed tremendously in becoming a more productive organization. The Student Council strived for better communication with the student body and became more concerned with improvements needed in the school. The greatest milestone this year, was the tri-part plan (Ad-Fab-Sac) which provided a more powerful vote for the Student Council. The three members of the Student Advisory Committee were: Keith Gross, Ron Levine and Bruce Korf. Under this new plan, the passing of the new dress code was approved.

Another Student Council project, which was successful through the leadership of Steven Baker, John Furey and Pat Falco, who presented a need for new bleachers on the home side of the athletic field. The ultimate outcome was \$16,000 allotted in the school budget for the erection of new bleachers. This year, exchanges with other high schools were conducted in which Student Council members, General Assembly delegates and class officers were eligible to participate. The Student Council did more this year than ever before and deserve commendation also for the homecoming arrangements; the revision of the Student Council Constitution; the support of the foster child and for their pursuence of a way to create better election proceedings in the election of class officers and Student Council members.

#### AD-FAB-SAC

AD-FAB-SAC is a new board which gives the students, faculty, and administration an equal vote on any policy decisions which have a direct bearing on the students.

The Student Advisory Committee (SAC) represents the Student Council, while AD & FAB represent the Administration and Faculty Advisory Board respectively. The procedure of the AD-FAB-SAC council calls for the FAB and SAC to poll their respective bodies on the issue at question. The results of these polls and the administrative view is then discussed and a joint policy is re-submitted to the bodies. The results of these votes determines the position of each body and in a final meeting of majority determining the school policy. This newly formed tri-umverate has been a major step in giving the students an effective way of voicing their opinions.

# Student Council Adopts A Child . . .

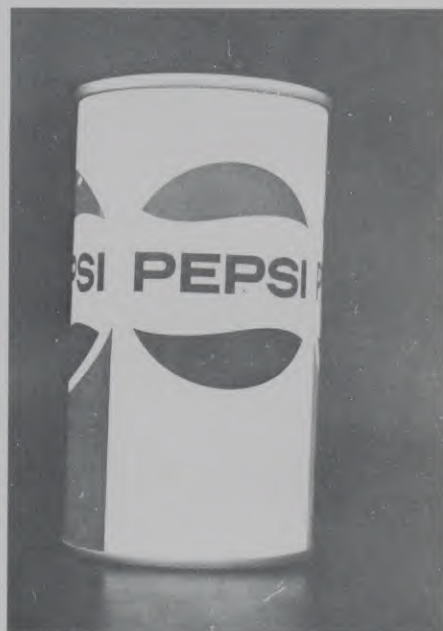

Rebecca Giannopoulou

Rebecca's family background is one of extreme poverty and privation. Although both her parents are living, their circumstances are pitiful. They live in a miserable shack that is far too small for their family. The father, although employed, earns so very little that it is impossible to stretch their meager income to meet their needs. The girl was desperately in need of proper nourishment, clothing and attention. We were happy to welcome her to our "family" group. Your sponsorship will mean much to her.

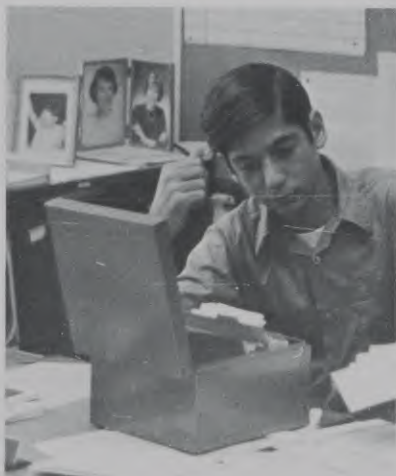

Reminiscences  
Of  
Student  
Council

Members of the M.R.H.S. Student Council have taken over a small corner of our vast building. Great changes have taken place in A-14.

The room was originally designed as a coat check room for the auditorium. Until recently it has only been used as a store room for odds and ends. We have Keith Gross to thank for securing the room for Student Council activities.

The physical appearance of the room has changed greatly. A wall was built to separate the room into a conference room and an office. A rug was laid in the Conference room which will also be used for Guidance.

## Student Council Participates In Interscholastic Exchanges

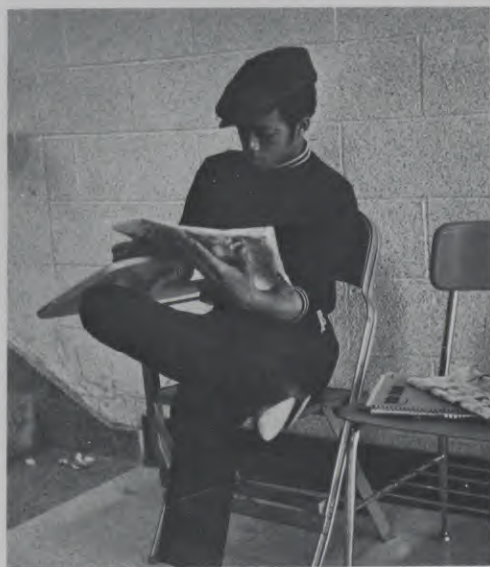

This year student council was involved with a student exchange program with various High Schools in the area. This consisted of one day tours of our school showing them the different facets of Matawan's curriculum. The same was done with our students at various High Schools.

#### MRHS News

The fourth year of the MRHS NEWS proved to be a successful one. In its brief life, the NEWS has expanded from a two page to a four page publication. The '69-'70 year saw the NEWS achieve financial stability and come out on a bi-monthly basis.

The school newspaper places an emphasis on accurate reporting of all school and school related activities. Opinion on school issues is expressed in the editorial column and the Huskie's Bark, a sport's column.

Editor-in-chief of the paper was Ron Levine. Managing editor was Debbie Orbach. Chief editors were Judy Gilbert, Steve de Pietri, Cathy Prager, and Don Suss.

## Music And Drama . . . Big Plans For '69-'70

## Administration Cuts Back Drama Program

"The Unknown Soldier and His Wife", a war satire by British actor, director and author Peter Ustinov, was the Drama Workshop's first production this year, which was presented on December 12, and 13.

Because of alleged obscenity, irreverence and anti-religious sentiments in the play, it was necessary to defend it before the Board of Education, even though the workshop had the approval of the English Department, Dr. McKenna, and the administration. Some of the offending lines were cut, and the play was allowed, reluctantly, to go on.

## Band And Chorus Prepare For Christmas Concert

Concert Huge Success On December 18, 1969

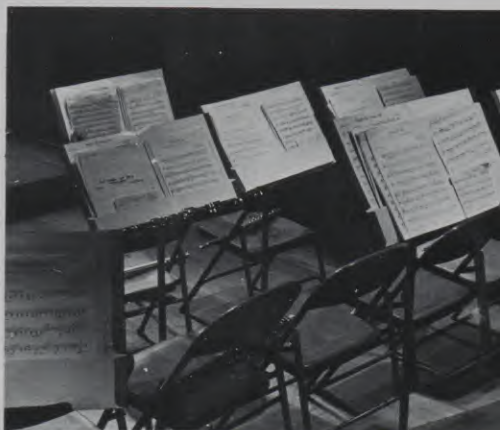

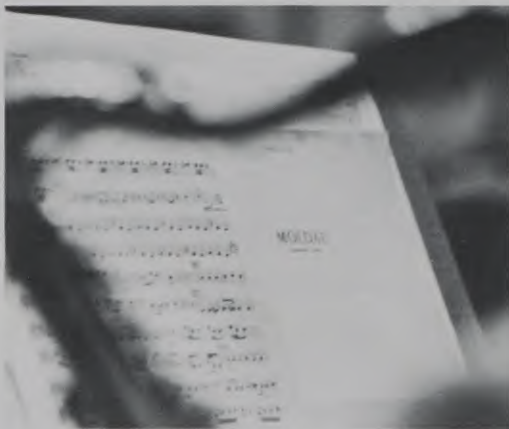

# Spring Choral Concert April 30, 1970 — Most Successful Ever

Mrs. Hannah, Choral Director

The 1970 Spring Choral Concert was the "most successful ever given at Matawan". The standing room only crowd experienced what was perhaps the greatest undertaking ever by the chorus. The audience was treated to the Bach Motet "Komm, Jesus, Komm," and a fine dance number, along with a medley from "Oliver." The comments from the audience indicated that the show was well received.

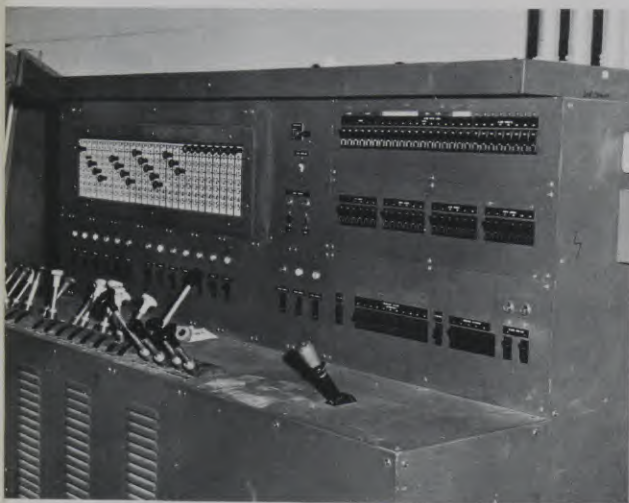

If audience response is the measure by which a concert is judged then the MRHS Annual Spring Band Concert was a smashing success. Director and students worked many long hours to perfect the performance and were rewarded by audience's standing ovation at conclusion of concert.

# Mr. Lloyd . . . Teacher Of The Year

Mr. F. Howard Lloyd, English Department Chairman and English teacher was duly awarded the Princeton Prize for Distinguished Secondary School Teaching in New Jersey. This award, of which there are four in the state, was presented to Mr. Lloyd by Dr. Robert F. Goheen, President of Princeton University, at Princeton's 223rd commencement exercises. The Princeton Prize, now in its 12th year, was established by an anonymous alumnus' gift. It recognizes "fruitful teaching and devoted service in New Jersey schools" with a \$1000 prize for the teacher and \$250 toward the purchase of Library books to the school for each of the four winners.

Since his joining the Matawan Faculty in 1947, Mr. Lloyd has served as Departmental Chairman as well as a high school English teacher.

His college education was interrupted by military service during World War II, but he returned to Rutgers University and earned his Bachelor's Degree in 1947. He received his Master's Degree from Rutgers in 1949.

English, as he prefers to teach it, involves appropriate aspects of all other curricular areas insofar as feasible. During his first six years at Matawan, he taught English IX, XI and a class in applied science. For the past 17 years his primary concentration has been in teaching English XI with the course's literary side placing emphasis on America's historical and cultural as well as literary heritage. For 10 years until 1963 he also taught a journalism course.

Among many extracurricular assignments, he has been co-chairman of planning for the seniors' traditional Washington-Williamsburg Trip.

In his nominating letter of Frank Howard Lloyd to Princeton University, Carl J. Youngman, acting principal of Matawan Regional High School, related that he had thought of several "likely candidates who have been extremely innovative and have brought dramatic change to our school system."

He continued that deeper consideration brought to mind a facet of education "terribly overlooked and grossly underrated — stability."

Mr. Youngman wrote, "The man I have chosen to nominate brings to this great profession, one of the basic foundation blocks — stability. He believes in America and apple pie and is one of the finest teachers and one of the warmest human beings I have ever known."

He added, "In the final analysis, the result of Mr. Lloyd's teaching must be evaluated by looking at the students who have been the products of his efforts. When graduates of Matawan return to visit they invariably ask if they may see Mr. Lloyd. A student may walk around all day with his shirt tail hanging out, but before entering Mr. Lloyd's class, the shirt tail will be tucked inside the trousers. This is done not because the student fears Mr. Lloyd, but simply because he knows that Mr. Lloyd dislikes a slovenly appearance. He does it because of respect, not fear. A teacher of 12th grade students can readily identify those students who were with Mr. Lloyd during the preceding year. These students can write a meaningful report. These students can go to the library and use its resources effectively. These students are usually good school citizens and show respect to members of the faculty."

And he concluded, "His fellow teachers regard him as the rock of the school whose word can be trusted and whose concern and interest in people is sincere."

The Audio-Visual Club is a school service organization whose prime function is assisting teachers in operating all types of equipment such as projectors, tape players, and other communication equipment.

This year a Video recording system has been added and is used in filming football and basketball games and students have made use of the system to give reports. The Video recorder has allowed creative students to set forth their ideas to their fellow students.

Another function of the AV club is to run assemblies behind the scenes. An experienced technical crew provides assemblies with light and sound. Most school functions could not be executed if it were not for the Audio-Visual club. The students in this club are a great asset to M.R.H.S. New members this year are Cliff Shackelton, Debbie Richman, Walter Zwirko, Brian Gelburd, Christov Siciarz, Steve Molinoff, Neal Axlerod.

## F.T.A.

The members of the Future Teacher's Club are those juniors and seniors who are interested in following the teaching profession. This year the club's main activities have been the two observation days on which the members observed a class in the grammar school. The first observation day was held in the fall and the second, in the late spring. In this way, club members had a chance to note the progression of the class they observed.

The advisor of the Future Teacher's Club is Mrs. Bell and this year's officers were: Pres. — Kathy Francis, V. Pres. — Jewell Fry, Sec. — Barbara Schwahl, and Sec. — Chris Sarra.

## Spanish Club

This year, the Spanish Club was faced with the problem of staggered sessions. Since it was impossible to hold a full membership meeting, the club met in two groups. On May 11, club members went to New York City, where they dined at a Spanish Restaurant. They also visited the Metropolitan Museum of Art. The Spanish Club advisors are: Mrs. Patricia Weltner and Mr. Paul DuBrow. The officers are: Sharon Walsh, President; Chuck Weigel, Vice President; Debbie Smith, Treasurer.

## French Club

The French Club this year has not been as active as in past years due to the teacher's Job action policy. Plans for both the club trip and dance were postponed indefinitely. However the club successfully sold stationery to help aid the AFS club in bringing Alex, our exchange student, to M.R.H.S. #### Library Club.

The Library club, under the guidance of Mrs. Lois Davidson, provides assistance to the librarians. The forty members give up one period of their time during the week to work in the library. Checking books in and out, returning them to their proper location, and performing many clerical obligations climaxing in year end inventory are only some of the duties of the Library Club. This club teaches students the basics of library science. An annual trip to a New York library enhances the students knowledge in this field. Often a New York show is viewed as a treat.

Leaving the staff this year is our head librarian Mrs. Lois Davidson. When she first started with this school, there were only 450 students and the library had 2,000 books. We now have 1500 students, and over 15,000 books, and 14,000 magazines, plus vocational guidance material and an ever-growing department of audio-visual aids.

Prior to becoming a librarian, Mrs. Davidson taught Latin and English at the high school and substituted in almost every subject here and in the grammar school.

During her first year as librarian, she organized the Library Club, which was composed of fifteen members. This club which has become a very important part of the library, now has doubled in size.

Over the years, Mrs. Davidson has taken an avid interest in all the students who have come to depend on her unfailing help. She is never too busy to stop and help students find what they need, however obscure the subject; and her suggestions are always invaluable.

Matawan will miss her very much. It is not often we are fortunate enough to have someone in our midst as dedicated as she has been.

This year's chapter of the National Honor Society innovated many things. Led by President — Peter Meic, Vice-President — Ron Levine, Secretary — Carla LaGrassa, and Treasurer — Diane Gelburd, the Society initiated a series of exchanges with other high schools. These ranged from local schools such as Monmouth Regional to East Orange High School.

In addition, the Society conducted its traditional functions of hosting the "Kick-Off" dance and the NHS picnic. Inductions for new members, both juniors and seniors, were held in April. Previous plans for an earlier induction for were put off because of the teachers' job-action.

# International Thespian Society

The Matawan chapter of the International Thespian Society is celebrating its third year as a member of the international organization designed to promote knowledge of the theatre and related arts. This dynamic group, though in a state of suspended animation this season, has a great reserve of hidden talent and dormant potential. The inspiring plans of Mr. Bill Smith, advisor, brought troupe 1615 to a new plateau of "dramatic professionalism."

## AFS

For the first time in the history of MRHS, Matawan received an exchange student — Alex Lillo Ramirez from Chile. Advised by Mrs. Doris Perkins, French teacher, the club sponsored Alex for a full year at MRHS by selling "friendship bonds." Present plans call for a Matawan senior to visit a Foreign nation as a part of the exchange program.

The Officers of the AFS club were: President — Alfred Cannin, Vice President — Barbara Gallaway, Secretary — Helen Groveman, and Treasurer — Kathy Clodius.

The Vocal Instrumental Performance Club is designed to give the amateur musician practice in demonstrating his musical skill in front of an audience. The membership meets on the first Tuesday of every month. Any performer with a solo or ensemble number is given time on the Auditorium stage to perform for the rest of the club.

The goal that V.I.P. hopes to attain is a yearly assembly for the entire school to enjoy. This way it is possible to make known the talent available in the school body.

The officers of this year's club are: President — Richard Brown, Vice President — Barbara Taylor, Secretary — Lisa Zimmer, and Program Co-Ordinator — Bill Lawlor.

Guess Who?

Next!

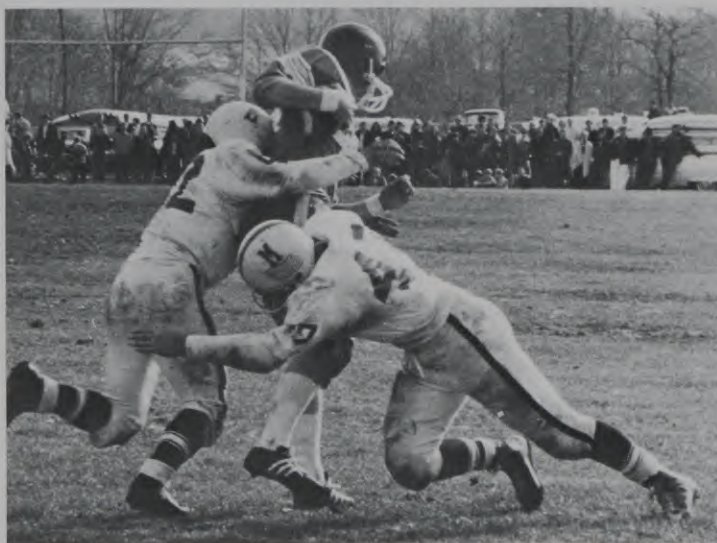

The Huskies, after a 4-4-1 record in 1968, lost only one game and tied two this year. Led by Senior Running Backs Tony Russell and John Geran, the Matawan team finished second in the Shore Conference, "B" division competition, their only loss coming to Undefeated Manasquan in an extremely hard fought battle for the championship. Performances worthy of special merit were supplied by Russell and Geran, along with Seniors Glenn Martin, Bill Casagrande, Jim Rankl, John McKinney and Matt Wilkes, also Juniors Mike Herb, Curt Edwards, Bob Conolly, Danny Craparo, and Randy Charlson.

Coach Rizzo's defensive team let only 44 points score against them, an average at only 4.8 points per game for the eleven games. This total was second only to the 4.7 point average of the Undefeated 1966 team. This effort was sparked by Seniors Geran, Martin, and Joe Vaccarella, along with Juniors Herb, Frank Eovino, and John McDonald.

The defense in Action

The Basketball Huskies finished the 1969-70 season with only a 9 and 12 record (including Christmas tournament losses to Neptune and St. Rose) despite the sharp shooting of Mark Burnup and Bill Hussey and the strong rebounding of Kent Johnson. Yet, the final record is not a true indication of the team's ability, for it found itself short by only one or two points at the ends of several closely fought contests against Red Bank, Asbury Park, and conference champion Manasquan. Some additional bright spots in coach Mac Cutcheon's plans were the defensive play of John Mohler and Dave Hall, and the dependable foul shooting of Jimmy Cameron.

One of the real surprises of the season was Kent Johnson. Through hard work and determination, the 6'10½" senior finally came into his own. In this, his third Varsity year, Kent justified Coach MacCutcheon's faith in him, and wound up second on the team in total points scored.

# Girl's Basketball Team Finishes 6-6

**Kneeling** — Barbara Drago, Charlotte Walker, Leslie Dell, co-captain Diane Dolan, captain Nancy Helms, Pat Talley, Kathy Jorg, Pat Chewey, Judy Tretola, **Standing** — Debbie Richman, Scorer, Coach Peggy Kerwin, Retta

Goolsby, Gail Caley, Carsandra Taylor, Barbara Gustafsen, Ellie Dey, Glenda Jackson, Barbara Neal, Marian Wojtowicz, Timer, Jeanne Dwyer, Statistician

The girl's basketball team, although not quite as successful as in recent years, had a highly commendable season. The team, coached by Miss Peggy Kerwin, finished with a deceiving 6-6 record in a close and extremely well-matched league.

The team was paced this year by the playmaking and leadership of senior Nancy Helms; and the scoring of junior Carsandra Taylor, who averaged 19 points a game. Junior Barbara Drago and sophomore Gail Caley also contributed greatly to the scoring punch and the defense was a team strength with senior Diane Dolan the stalwart and sophomore Retta Goolsby helping to thwart the other teams. With only Nancy Helms and Diane Dolan graduating, the team should be experienced and extremely strong next year.

Coach Hans Fleischer, Ed Ledford, John Hollweg, Rob Roberts, Rick Manville, Ed Bauman

The Golf Team, coached by Hans Fleischer, had a very respectable 9-6 record, good for third place in the shore conference.

The team was led by junior Rob Roberts, who was voted most valuable player. Graduating seniors include Rick Manville, Mark Burnup, and John Hollweg. However, there are several upcoming underclassmen, including Ed Ledford and Ed Bauman.

During the 1969-70 school year the science department has expanded to better service the needs of those students interested in independent scientific research. The science preparation room connecting w110 and 112 has been enlarged to increase storage area and working space. A fully equipped resource center has been established in which students may work on projects in biology, chemistry, and all other allied fields.

One such project, undertaken by senior Bruce Korf, is investigating the genetic mechanism of cancer induction. The project is designed as a chromosomal analysis of cancer cells taken from mice in which one ovary has been removed and the other transplanted into the spleen. Bruce intends to apply the knowledge gained from this undertaking to related research he will preform on the college level.

Another addition, designed to aid the teaching staff, has been the establishment of a science office adjoining w114. The office provides adequate conference area, working space and storage facility.

Six years ago the Math Department introduced a special program in the Algebra II classes. Namely a program designed to permit each student to learn at his own rate. Since this type of program has been proved successful, we have now extended it to include our Algebra I and our Geometry classes.

In addition to our regular math courses, our curriculum includes honor courses in Probability, Abstract Algebra, Advanced Geometry and Calculus.

The flexibility of our math program has been influential in the increased number of students who participate in our Advanced Placement program.

At Matawan, the English department is designed to give the students a broad background into the world of literature. The required English course deals with the experience of British and American writers. The English courses are designed to present literature as an experience to the students, because literature is an experience. The department offers students varied courses which are designed to approach traditional literature and "arts" courses from new and different angles. These courses include Dramatic Arts, which gives the students a brief insight into the history of theatre and theatre today. The students are exposed to not only American playwrights, but, also, world wide playwrights, thus giving the students a well rounded background in literature. Another course offered is Journalism. This is a course in which the students can learn the intricacies of newspaper reporting and publishing. The English department also offers courses in Shakespeare, Classical Literature which deals with the Greek Classics, and Creative Writing.

Sometimes, anywhere, men devise and design unicorns, dragons, centaurs, demons. Stone, plexiglass, sand, acrylic emulsions, pigment, is abundant. Time is leisurely. Play becomes work, hard work, and resembles play. Design is fascinating, aggravating, irresistible.

# Music Department

When a student feels that words can no longer relate his expression often he will turn to music. The Music Department of Matawan Regional High School affords all students that opportunity to participate in various forms of musical activities.

Basically, the music department is divided into two fields; band and chorus. The courses offered are: Concert and Marching Band, Instrumental Music, Ensemble Groups, Chorus, Madrigal Singers, Harmony and, also, Introduction to Music.

The spirit of the Matawan students and teachers involved in the music program definitely demonstrate a true love for music. In striving to reach out toward the plane of perfection, they have put forth a great deal of time and work. For example, Marching Band, which requires practicing three days a week, sometimes in the rain, cold, snow, or hot sun. During the football season in November, many practices extend until after dark. Through the untiring efforts of both teachers and students, Matawan has come to have a commendable Music Department.

### In Memoriam

It is with a deep feeling of loss that we note the passing of John Heyer. As a teacher in Matawan for the past 22 years, he taught mechanical drawing to hundreds of students. They will surely remember him for his unlimited patience and understanding of student problems.

His avid love of sports caused him a leg injury. Had this happened to anyone else, it would have dampened their spirits. But not "Bo" Heyer. He continued with sports by taking up the easy life of ice boating on the frozen Shrewsbury River.

In his numerous years of teaching, he advised many school organizations. The most recent one being the "Printers Club".

It will be impossible to find one to fill the void created by his passing

Forgive my grief for one removed,  
Thy creature, whom I found so fair.  
I trust he lives in thee, and there  
I find him worthier to be loved.

Forgive these wild and wandering cries,  
Confusions of a wasted youth;  
Forgive them where they fail in truth,  
And in thy wisdom make me wise.

## Seniors Give Dance At The Battlegrounds

### "A Midwinter's Dream"

On December 23, 1969, Matawan held its annual Christmas Dance. This year it was held at the Battleground Country Club from 8:00 p.m. to 1:00 a.m.

After months of planning with numerous changes in seating arrangements, the evening turned out to be a great success, noting that this years turnout was the largest that we have ever had. The theme, "A Midwinter's Dream", perfectly suited the evening.

The entertainment was provided by the "X-Ploitations" and the "Scarborough Fair". This year, for the first time, the "Who's Who", of the Senior class was announced by Sally Cherry and Sharon Walsh. This added even more excitement to the evening.

After a long promenade the king and queen were chosen. The winners were: Queen — Diane Gelburd, and King — Rick Manville.

The "X-Ploitations" provided "Soul" music throughout the evening

Kevin Fry; Cathy Senk — Attendants: Mark Burnup, King; Peggy Yules, Queen; Richard Brown and Diane Gelburn, Attendants

The King and Queen enjoy the traditional dance together.

Curtis Edwards, Lois Buchner, Attendants; Mike Herb, Prince; Barbara Loosch, Princess; Carol Foley, and Danny Craparo, attendants.

"The Time of the Season" was a time for the scrapping of old traditions. Some of the more frivolous customs were cast out, and a more informal air was assumed for Matawan's Junior-Senior Prom of 1970. The favors given out in previous years, which were too susceptible to being lost forever in the back of a desk drawer were replaced by ceramic tankards, crested with the Matawan seal as designed by Debbie Richman; a lifetime memento for anyone's mantle piece. Another change was the unique bid that was designed by Stacy Bogdonoff illustrating the four seasons. The traditional promenade was done away with this year and the King and Queen, Prince and Princess and their courts were chosen by the chaperones who were at the door to greet the students when they entered the prom. This year's King and Queen were:

Marc Burnup and Peggy Yules with Richard Brown and Diane Gelburd as 1st runners-up and Kevin Fry and Cathy Senk as 2nd runner-up. This year's Prince and Princess were Mike Herb and Barbara Loosch with Lois Buchner and Curtis Edwards as 1st runners-up and Carol Foley and Danny Craparo as 2nd runners-up.

The Prom committee was headed by Sue Clay and Barbara Grady and advised by Mrs. Marlene Flemer.

# Acknowledgements

## We would like to thank:

**Marilyn Chewey** for helping us out in the end.

**Jack Donahue** for selling the books.

**Jack Frazier** for adding his wit and knowledge in times of need.

**Mrs. Frazier** for her long hours and her living room.

**The Guidance Department** for the use of the Faculty Office and their air conditioner.

**Mr. Wynne Murchison** of the **American Yearbook Company** for his temper — or lack of one.

**Mr. Seymour Pappas** and **Pappas Studios** for many of the fine pictures.

**The Photography Club** for the rest of them.

The **Physical Education Department** for all the hours that we worked on the book instead of going to gym.

**The Taylor Publishing Company** for teaching us almost everything we know about yearbooks.

**Sharon Walsh** for encouraging us and getting us started.

**Our mothers** for tolerating our hours and our moods.
