PILLAR 74

MATAWAN REGIONAL HIGH SCHOOL

MATAWAN, NEW JERSEY

VOLUME NO. 24

THE CLASS OF 1974 DEDICATES PILLAR TO DOCTOR DAVID ROSCHER

Doctor David Roscher (Doc to us all) could easily explain the most complicated of all chemical reactions with words fifteen letters long. Yet with all his knowledge and his vast vocabulary somehow this remarkable man has never learned to say no.

Throughout our four years in high school Doc has come to our rescue far too many times to count. He is famous for accepting the jobs everyone else has managed to get out of such as, cross-country coach or riding with us on a bus to Raritan on Thanksgiving Day. He is always willing to chaperone our dances and is chairman of FAB. He has never asked for any special recognition. He is involved because he cares about us. What more could we ask for? Through his involvement, Doc has taught us much more than we could ever learn in a classroom. He is our "absent minded professor" and we appreciate all that he has done for us.

For all this and so much more, the Class of 1974 dedicates this year's PILLAR to Doctor David Roscher. Thank you for caring.

PILLAR STAFF SALUTES

MRS. ANNE FRAZIER

It is very unusual that an entire school is aware of how much an advisor does for his or her club or organization. It is a very time consuming job with very little recognition beyond that of the students directly involved.

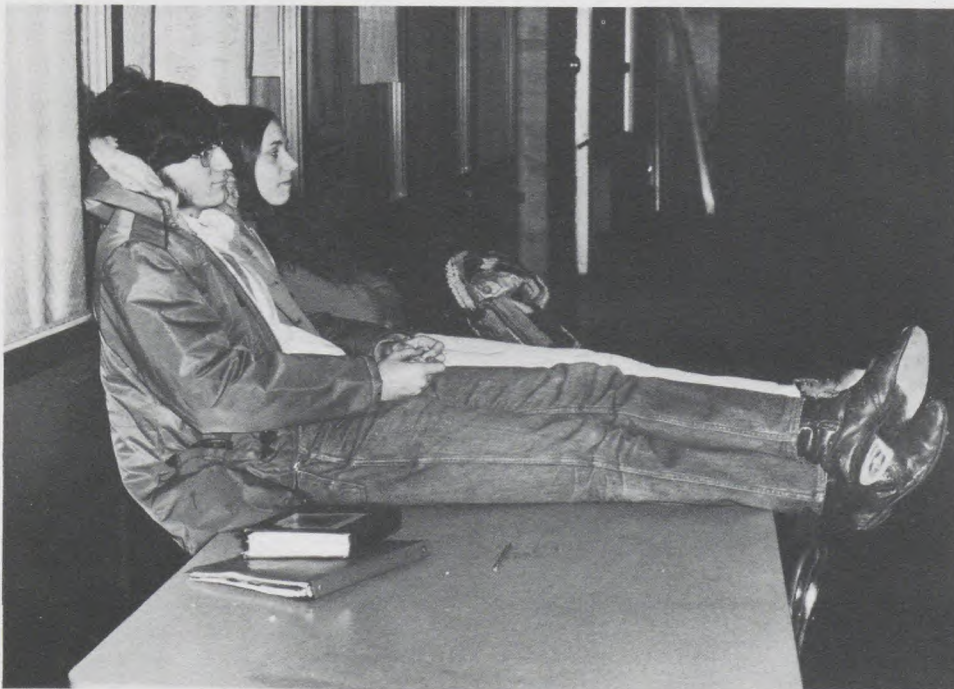

In the case of Yearbook, Mrs. Frazier has been the key factor of not only getting the book to the press, but also of keeping a staff of varied personalities together as a whole. Her patience, and kindness, and understanding has made her an excellent advisor, and perhaps more importantly, a beautiful person.

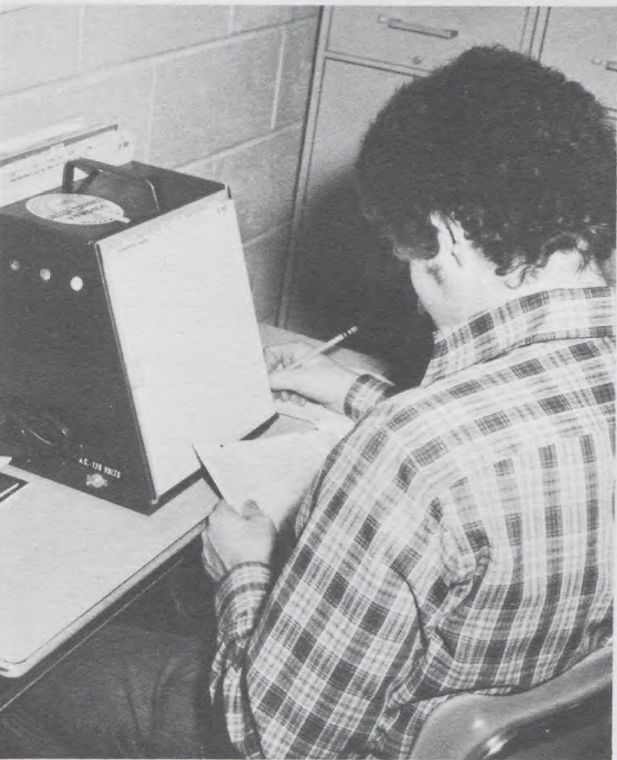

Gratitude seems to be the hardest of all emotions to express because there is no one word capable of conveying all that we feel.

Until we reach a world where thoughts can be adequately expressed in words, THANK YOU, will have to do.

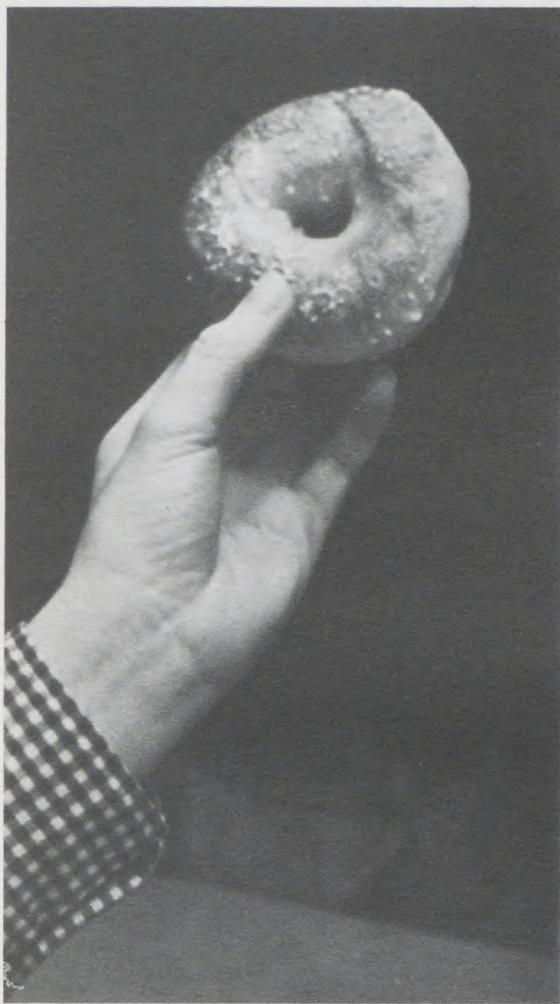

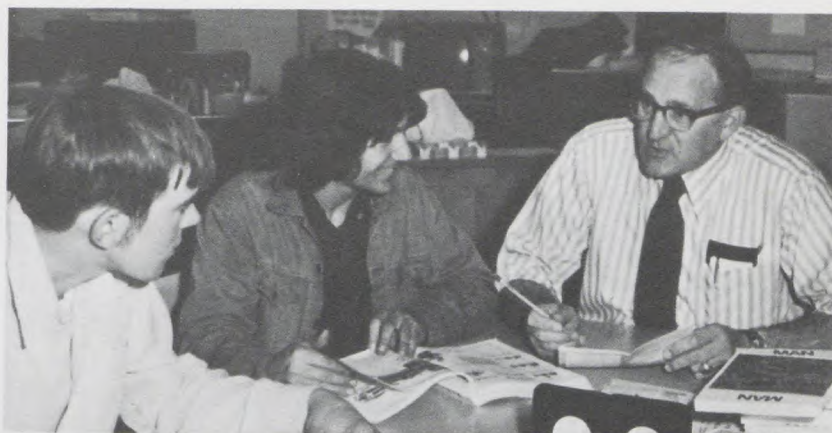

Thank you Mrs. Frazier for you time, your dedication and all the much needed advice which you have offered us all.

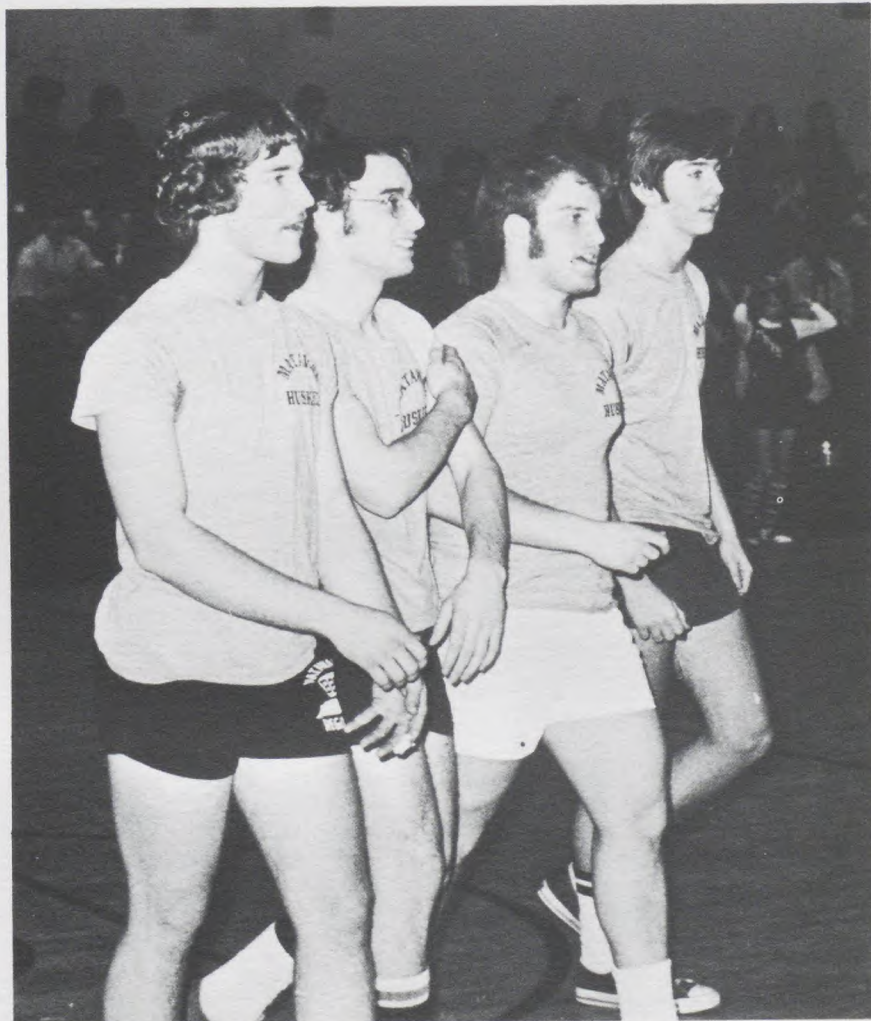

With love from your Staff

Getting good grades is more than just natural intelligence. It's studying, hard work, and, in many cases, giving up spare time and activities. Yet, many of the members of the senior class have kept up excellent averages. Six seniors have had outstanding grades through their high school career, grades that make them stand out from the crowd. It is with great pride that the Pillar staff salutes these six seniors for their outstanding accomplishments and the honor they have brought to our school.

A school is not run by teachers, administrators and custodians alone. An integral part of a smoothly run school are the students who go out of their way to do things for the rest of the school. Class officers and other elected officials certainly come under this heading and we are grateful for all the time they have put in to make this year better than the last. But also included under this title are the people who quietly work behind the scenes and receive no glamour at all. Both these types of people spend large amounts of their time doing things for the rest of us. The PILLAR staff is pleased to salute these people and say "Thank you".

Marathon Volleyball Game was a success

Throughout the summer Council worked on Freshman Orientation in hopes of getting some spirit going. It seemed to have worked because not only was the turn out for Freshman elections higher than usual, but the underclass General Assembly became very active. Perhaps the increased involvement of General Assembly members of all classes was due to the new arrangement. The Assembly was divided into five sections, each headed by an executive board member so as to have a more personalized meeting.

Once again toy and food drives were successful for Thanksgiving and Christmas. Each time six families received a full course meal. A Curriculum Committee was established, SAC elected and a fifties day held. Council encouraged students to Walk for Mankind, and the biggest project of the year was a Marathon Volleyball game in which a new world record of 192 hours was made. Teacher appreciation days were held, homerooms were changed enabling students to have extra time through the day, and blue and green slips were eliminated. Council offered \$2000 to the Board of Education to go towards a student parking lot only to find that the new Vocational School prevented any present plans of building. We had our first indoor assembly in years and it was a terrific success. All in all Student Council had a very good year.

This year Matawan joined the Shore Math League. This is an organization which brings together students from other Mommouth County high schools to take math tests. They are students who have shown a special ability in Math and who enjoy a strong challenge.

Once a month, five or more students from Matawan meet with other high schools to take a test specially designed by a math professor from Tenton State College. Taking the test is totally on a volunteer basis. Although this is Matawan's first year in the League, it is expected that we will place high in competition. Congratulations to Mrs. Curry- advisor for showing us that learning can still be fun.

This year the M.R.H.S. Jazz Band entered competitions along with performances at the high school and around the community. On Feb. 20 they took first place at the Pt. Pleasant Jazz Band Festival and placed second at the Middletown Jazz Festival on April 3. They spent April 26 and 27 in Boston, performing first at the Children's Hospital Medical Center and, on the following day, competing in the Berklee College Jazz Band Festival.

The efforts of the Jazz Band directed by Deiter Zimmer, have rounded out the music program at the high school and provided a pleasurable and educational experience for all those who heard them.

A DREAM TURNS TO REALITY

Zach Speigleman—the guy with the dream

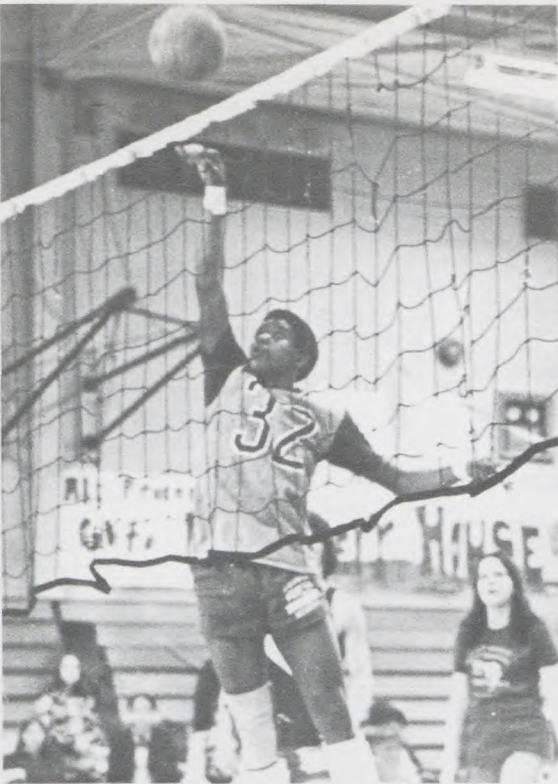

Eddie Stewart's quick to the defense

On Saturday, April 6, 1974, at 3:00 p.m. nineteen vivacious students and a handful of spectators started a volleyball game which would hopefully last long enough to beat the existing world record of 168 hours. Little did anyone realize then, that not only would they beat that record but would go on 24 hours longer, playing right into Easter Sunday for a total of 192 hours. A new world record!

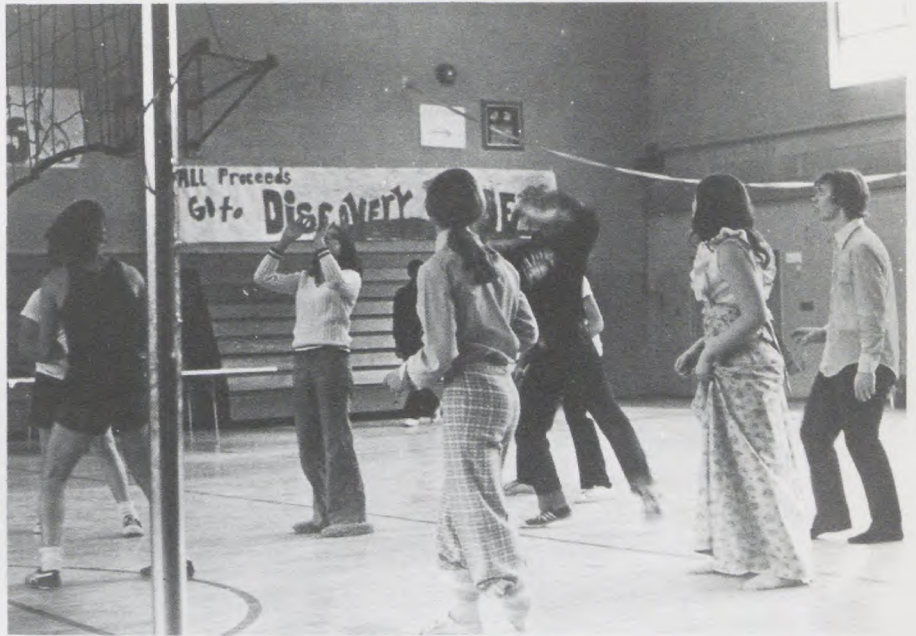

Along with giving Matawan recognition through the newspapers, radios, and T.V. stations, Student Council was able to contribute money to Discovery House, a drug rehabilitation center located in Marlboro State Hospital.

PILLAR SALUTES RIZZO'S 100th WIN

Coach Barry Rizzo

The relationship that a coach has with his players is a very special one, made by dedication and bound by loyalty and respect. When a team such as Matawan has a winning season, year after year, much can be said about that relationship.

On Thanksgiving, the Huskies, led by Coach Barry Rizzo and his staff, Mr. Britton and Mr. Johnson, beat Raritan with a score of 28 to 6. The victory completed their season with a 7-2-0 record and second in class A Conference and first in Group 3 Division. That in itself was an accomplishment the crowd could be proud of, but what the crowd wasn't aware of was that win marked Coach Rizzo's 100th victory.

We, the Varsity football team of 1974, are proud to be the victors of Coach Rizzo's 100th win. We would like to join the Pillar staff in congratulating him for completing this goal, and thank him for his dedication.

The 100th Victory!

The Matawan Regional High School Soccer team, although not compiling a winning record, turned in a respectable season. The team was comprised mostly of Juniors and Sophomores. Senior Co-Captains Bob Satty and Rich Rifenburg performed well the entire season along with Senior Dave McKennan. The young Huskies were competitive in virtually every game during the campaign.

Junior Center-full Back, Brad Lehman was selected to the First Team "A" Division All-Star Team and was chosen Group III Third team Back on the All-State Soccer Team. Sophomore Carlos Vera was selected Third Team "a" Division. Others who performed well were Juniors Tom Furey and Tom Chang; Sophomores: Doug Angus, Jim MacCutcheon, Jeff Siss, Tom Bucco and Neil Strum.

With a number of lettermen returning, the future looks optimistic.

Won Girls Division "A" State Meet
Tied Raritan Relays with Mommouth Reg.

In addition to their fine track record, the girl's track team sent MARTHA SUHAYDA to Florida to compete in the Jr. Olympic Championships where she placed second in the discus, thus qualifying her for the competition against the Russians in Texas. Along with that achievement, she was Shore and State champion for the shot-put and discus, and went undefeated in the Dual-Meet Competition.

ACKNOWLEDGEMENTS

Each year a handful of students who call themselves a staff and their advisor, spend a year putting a yearbook together to benefit their entire school. There are times when the work is enjoyable, but there are also many time consuming hours of boring detail work that must get done. Many people have sacrificed their free time to help out when the going got really tough. It is for those extra hours of work that we thank the following people:

JEFF MOLINOFF our student photographer who spent all his free time behind the lens and in the dark room.

TONI WOOD and NANCY SMITH for all the typing they did.

PAUL CASAGRANDE for giving an all girl sports staff the general idea of what a football was.

MR. JIM FECKETIE for the million of special favors he did with a smile.

IAN CARRUS, LOU RAINONE and LARRY RIFKIN for putting together an effective business staff.

THE FRAZIER FAMILY for giving up many a supper in the time of overdue deadlines.

and especially MR. PAPPAS for once again coming through with his great photographs.

THANK YOU SO MUCH TO THE ENTIRE STAFF, YOU DID A FINE JOB!
