WE PROUDLY DEDICATE PILLAR '80 TO -

Mr. Howard Lloyd

Mr. John Shaw

"A man who has never gone to school may steal from a freight car; but if he has an education, he may steal the whole railroad."

Theodore Roosevelt spoke these words before all of our times, but you, Mr. Lloyd and Mr. Shaw, have taught us the meaning of them. You have inspired us and placed the desire within all of us to make the best of our education and to try what may seem to be impossible.

It was because you were dedicated that you instilled an enthusiasm into us to learn all aspects of English language and literature. You have made dead cultures, writers and events come back to life in full color.

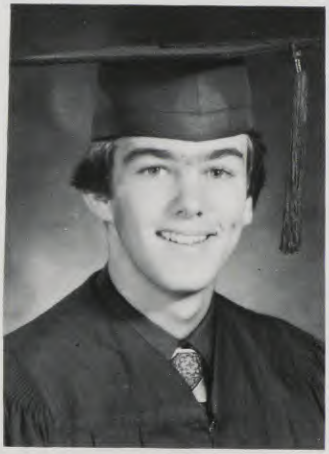

It was because you were dedicated that you donated so much of your time to us, during and after school hours, as our friend, advisor and counselor.

It was because you have proven your dedication to teaching and excellence in so many ways that we here, now, try to partially reciprocate and dedicate this yearbook to you.

KENNETH GRANT

PILLAR saluted these members of the Class of 1980 who have made outstanding grades during their four years in high school. Getting good marks is more than just natural intelligence. It's studying, hard work, and, in many cases, giving up spare time. We thank these students for their outstanding accomplishments and the honor they have brought to Matawan Regional High School.

BRIAN RUBIN

The school is not run by administrators and teachers alone. An integral part of a smoothly run school are the students who go out of their way to do things for the rest of the school. Class officers and other elected officials certainly come under this heading. Also included are the people who work quietly behind the scenes. To these people the PILLAR staff says "thank you."

SPORTS

Barry Rizzo gave twenty-five dedicated years to coaching at Matawan Regional High School. With Rizzo at the helm, Matawan's football team compiled a record of 147-62-8, which included State and Shore Conference Championships and three state crowns. Although he is best known for coaching football, he has also coached girl's track.

Mr. Rizzo, whose record in coaching has often been cited and admired won and lost stressing good sportsmanship. Though young enough to covet, fame is the joy of spending oneself in dedicated, loving service. Student players who toiled on Matawan's fields under Coch Rizzo have nothing but respect for the man. They all know his only goal was to help each individual to excel in life, as well as in sports. He always said sports were just temporary and that the most important thing was to get an education. Mr. Rizzo is always proud of the number of athletes he has helped to obtain scholarships to go to college.

Barry Rizzo was more than just a coach, epitomizing quiet, strong and effective leadership. He gave everyone values and standards to try to attain and live by. He built a reputation of respect at Matawan, not only for his more than able teams, but more importantly, for building good men who could be respected. Matawan will miss Barry Rizzo as a coach, but then, only Matawan has had the pleasure of having him. And it truly has been our pleasure.
