A Moment In Time

The years we spend at Matawan Regional High School are just a moment in time. Although this time may seem long now in comparison to the lifetime we will lead it is just few seconds in our hour of life.

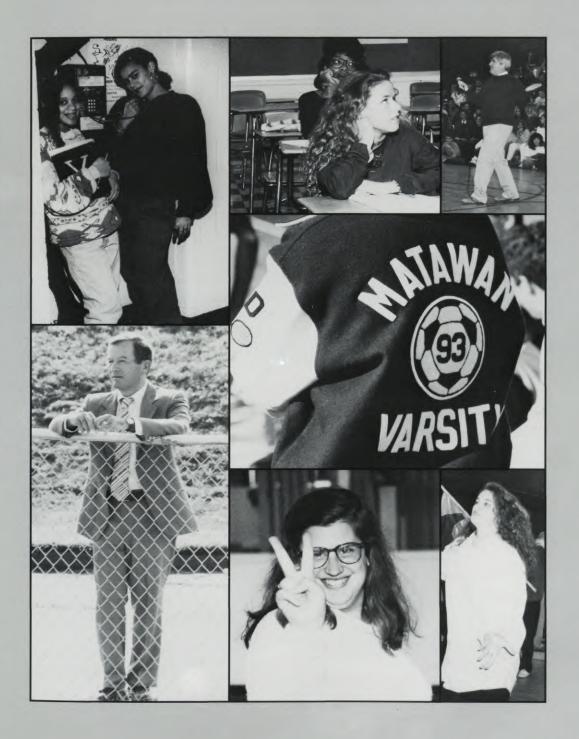

In these years at MRHS we are taught the most valuable pieces of information we will ever need. We learn maturity, knowledge, and how to work with others. MRHS is the place where we make friendships and where relationships begin. For now we must remember what we've learned and must keep challenging ourselves and others for the years to come.

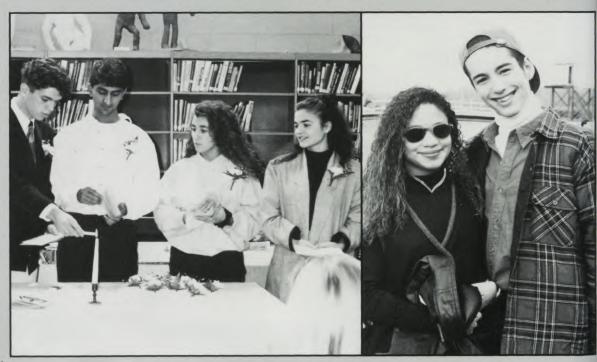

This year the Matawan Regional High School Pillar has been printed on 100% recycled paper. We hope that this will contribute in some small way to help conserve our precious natural resources.

We'll Always Remember These Times

What did this senior year at Matawan Regional High School consist of? It consisted of all the elements of Homecoming; hall decorating, float building, the first annual semi-formal, Silly Olympics, Powder Puff, and of course, the nomination and crowning of the Homecoming king and queen. It consisted of the football team playing to the best of their ability. While the cast of the fall drama, Steel Magnolias, was made up of all seniors, and they showed the audience that performing arts were definitely alive and well at Matawan. Senior year also consisted of college applications and receiving those ever popular SAT scores. The senior prom occurred even with the controversy that the seniors might have to share their prom with the juniors for yet another year. College acceptances arrived and smiles expressed a person's joy. It was a time for all to take part in making memories that will last a lifetime.

Now, as graduation nears, friendships that once were will never be, while others will grow stronger then ever before. We must look to the future for bright stars shine for us all. Who knows what will become of each of us, all will succeed, and the future Matawan High School students will possibly be reading about us, the class of '93, in their history books. We are the future. We will make a difference. We are the class of 1993.

Karen and Elissa helping to save our environment.

This is the grand finale, after four years at Matawan Regional High School, the seniors know it all – how to have fun, and how to view the world from a unique perspective, not to mention the benefits of an education! For the 250 people of the class of '93 nothing is impossible. We'll remember these times forever, and we've made a difference that nobody could ever forget. It was Matawan High School for FOUR years. Now it is time for the world.

Junior Year

Well, it's been a memorable year for us. With PSAT's and ACT's. We looked forward to the junior dinner/dance or was that the prom? Homecoming was a great experience, winning both first place for our hall and float. We'll never forget that birthday cake, or what about the rainforest that was recycled? We now look forward to college hunting during the summer and senior year.

Sophomore Year

Once upon a time, when all needed sleep ... What ever happened to a normal eight hours of sleep? It seems that between our second place hall and float, the PACTs, and athletics, sleep has become but a distant memory to the members of our class.

However, or first two years in this school have not gone without its excitement. We have all witnessed Matawan Football win two consecutive state championships, and don't forget the merit system. Aren't we all glad for that one? Well all we can say is what will top this as we become upperclassmen!?

Freshman year was anything but boring. Meeting new people, experiencing the high school's traditions, and enjoying all that Matawan has to offer. This year we definitely will be remembered for our homecoming float. Well, I don't know about you, but we can't wait for next year.

Homecoming

The Homecoming court, Danny Minucci, Marisa DeSimone, Carmen Roman, Rana Wright, Elise Kunda, and Queen Katie Luzio.

One of the greatest Matawan traditions is Homecoming. This year was, of course, no exception! With the birthday cake that lit the judges' hearts, and that Freshman float, which was definitely the most original in years, (you might say). Walt Disney came to life as you walked through the East hallway, and all could play Monopoly down the Seniors' wing. Supposedly, the juniors were environmentally friendly with their first place hall. Overall, with the football team beating Raritan, Homecoming was once again a huge success.

Director Ms. Crupi and Danny Minucci put the finishing touches on Steel Magnolias.

Steel Magnolias was this years fall drama. With a cast that consisted of all seniors. As always, the drama was a great success, and the Matawan stage will miss these actresses in the future.

News

At noon on January 20, William Jefferson Clinton took the oath of office and became the 42nd president of the United States. As cannons thundered in salute, George Herbert Walker Bush surrendered power and stepped into history.

Bush kept Quayle as his running mate in 1992. The two arrived at the GOP convention Houston (and left) as underdogs to the Clinton/Gore ticket. During the GOP convention, the impression the Bush strategists sought to convey was that the president was the true agent of change and Clinton was slick and unreliable. For the Democrats, the economy- and the Bush's perceived mishandling of it-remained the main message that they hammered again and again. After the Democratic convention in New York City, the Clinton/Gore ticket was far ahead in the polls.

Hurricane Andrew carved its way through the Bahamas and hit south Florida with a powerhouse intensity before moving into Louisiana. The hurricane's 54-hour rampage, the most expensive natural disaster ever to hit this country, left an estimated 180,000 homeless in Florida alone. It was a harrowing time, as tens of thousands more rode out the storm in shelters and boarded-up homes. At least 51 deaths were directly attributed to the storm-41 in Florida and 10 in Louisiana. The amount of damage was estimated at \$20 billion in Florida and nearly \$2 billion in Louisiana.

Ross Perot made his first billion when the computer company he founded began selling stock. His presidential candidacy came to a stop when he abruptly quit the race in July. Then he got back into the race with about five weeks to go before Election Day. As his running mate, he chose James Stockdale, 68, a highly decorated former Navy fighter pilot and POW. Spending millions of dollars of his own money and relying on an army of "volunteers." the Perot campaign was off and running. It included a sport in the presidential debates that were held in October.

Unemployment was one of the major issues during the 1992 presidential campaign. The unemployment rate had risen from 5.2 percent, when President Bush took office in 1988, to over 7 percent on Election Day, 1992. That meant 9.7 million Americans were out of work. And according to Labor Department projections, there will be 30 percent more college graduates than college-level jobs from now until the year 2005.

Civil War spread across Yugoslavia, a nation of six republics and two provinces that had been plagued for centuries by historic ethnic, religious and economic differences. Nationalist, anti-Communist parties won elections in 1991 in all republics except Serbia, the largest, and Montenegro, the smallest. Then Croatia and its neighbor Slovenia declared their independence. Traditional rivalries were strongest between the 9 million Serbs, who belong to the Orthodox church, and the 5 million Croats, who are Roman Catholic. Tens of thousands of people became refugees and the killing continued.

Birthday

Matawan

Happy 30th birthday Matawan Regional High School! For the past thirty years MRHS has provided a warm atmosphere for all its students, with its challenging curriculum and many extra curricular activities. MRHS's sports program has thrived throughout the years, producing athletes with tremendous talents and teams who have won all sorts of titles.

This year we have marked this anniversary with a time capsule meant to leave our legacy to the following generations. We know MRHS will continue its success in the years to come. Once again the Pillar staff wishes Matawan Regional High School a very Happy Birthday.
