FACULTY

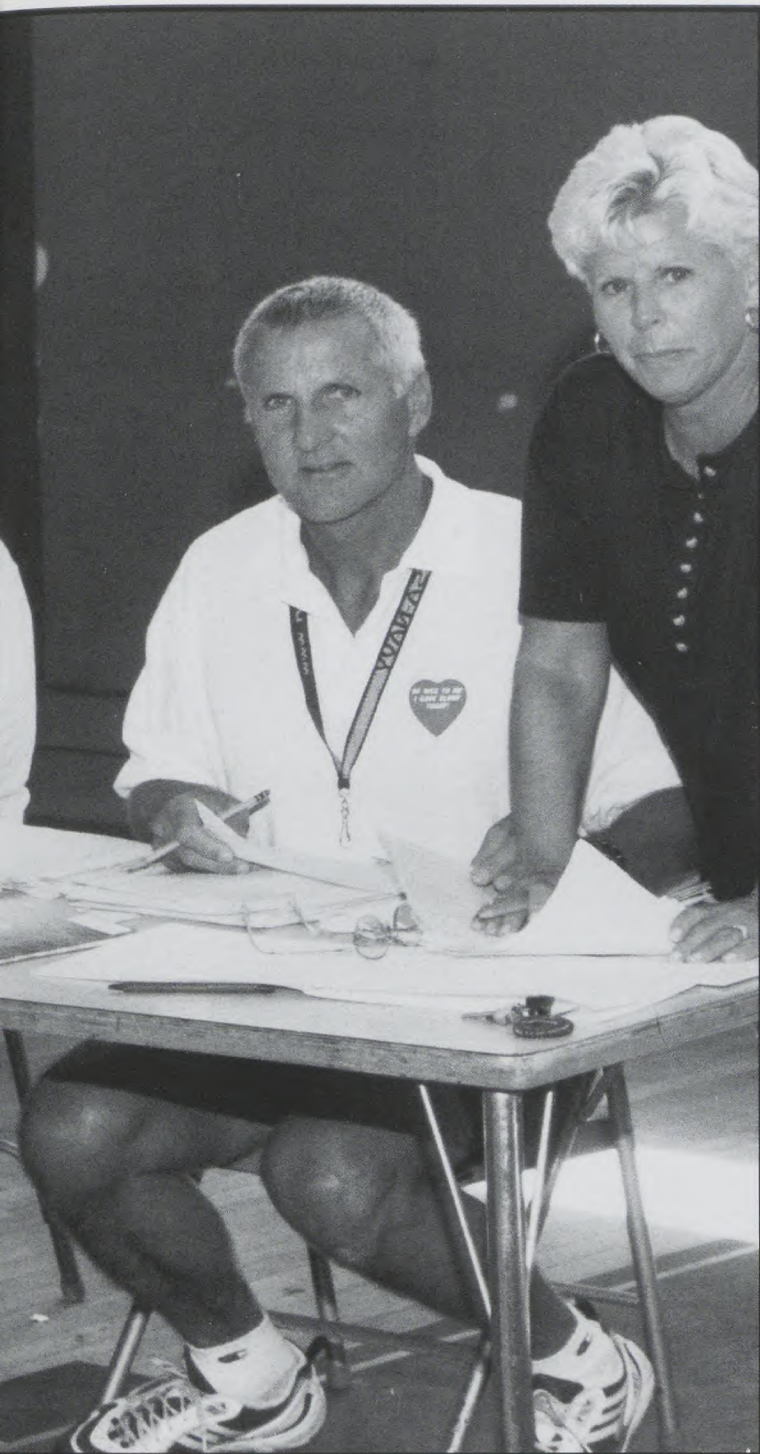

"My way or the highway..."

Here they are, the ones that make it all happen. To some of us they are just voices we hear go in one ear and out the other, but to most of us these are the people that help us shape our future. When we are sitting at our office desk, or standing over our next brain surgery victim, or reading a criminal their rights, these are the people that we'll be thinking about. And although we may not thank them now, we will be when we get our first college essay back and there is a big A+ on the top of it.

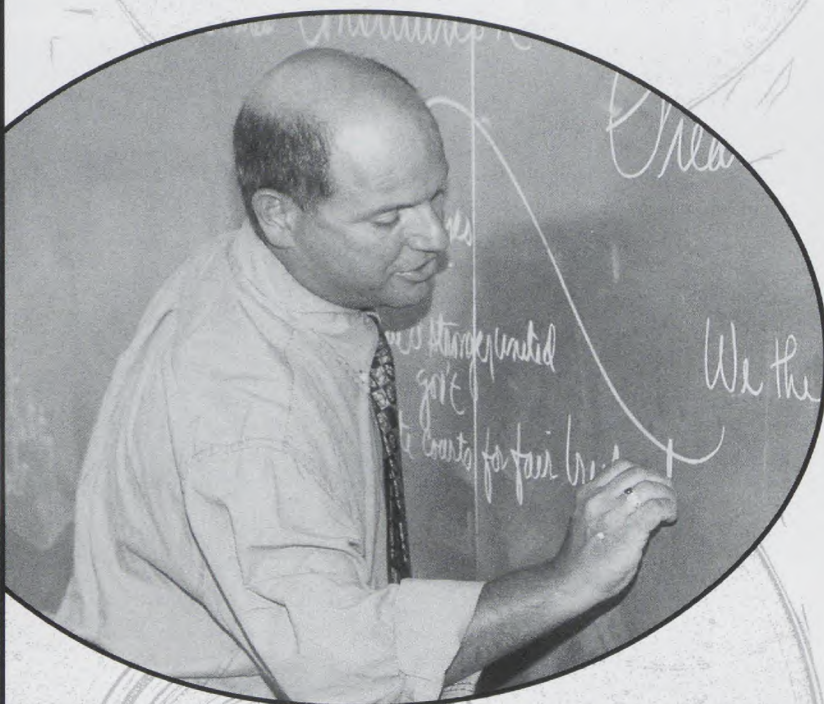

Ms. Lew and Eva talking about the homework for tomorrow.

A yearbook is more than printed pages, clever sayings, and photographs. In a very real sense, it is a record of memories- the memories you hold both individually and in common as students of Matawan Regional High School. It is the hope of the administration and faculty that those memories are pleasant ones; ones you will cherish throughout your life. It is also our hope that your days here at Matawan Regional High School have been enjoyable as well as filled with learning and growth. You have received an education that will serve you throughout your lives, and the memories within these pages will help you reflect back to the days spent with us.

On behalf of the faculty and administration, I wish you health, happiness and success throughout your lives.

Wow, can you believe it? It's the end of junior year! Just one more year to go and you guys will be out of here. This past year was probably filled with a lot of new things. You've probably taken your SAT's and even started to look into possible colleges. Then there's prom and that exciting classification as "upperclassmen." Whether you realize it or not your junior year is probably one of the best years you'll have.

What a work out!

Being sophomores you guys are put in a weird position. You're not freshmen anymore which is a good thing, but you're also not quite upperclassmen. You're still getting into "the swing of things," and still getting used to everything the school has to offer. Sophomore year is a fun year where you make even more friends than the previous year.

The lyrics "I'm a survivor..." by Destiny's Child fits well for the freshmen this year. They've had to deal with the sophomores who are just glad not to be freshmen anymore, and the juniors who are finally upperclassmen, and of course the seniors who just seem so old. But they've made it through. They've survived their first year of high school, and they have three more fun filled years to look forward to.

CLUBS

"Make new friends and keep the old..."

A lot of people are hesitant about joining new clubs without having their old friends with them. You see the whole point of joining clubs is to "make new friends and keep the old" while doing something you enjoy. Every day after that final bell students rush from club to club. Whether they take photos for year-book, write an article for the Huskieview, or sing a song the students here at Matawan love to be involved.

"During these last few months, I have been humbled and privileged to see the true character of this country in a time of testing. Our enemies believed America was weak and materialistic, that we would splinter in fear and selfishness. They were as wrong as they are evil. The American people have responded magnificently, with courage and compassion, strength and resolve. As I have met the heroes, hugged the families, and looked into the tired faces of rescuers, I have stood in awe of the American people...None of us would ever wish the evil that was done on September 11th, yet after America was attacked, it was as if our entire country looked into a mirror and saw our better selves."

-President George W. Bush

2002

In Memory of September 11, 2001

"Where were you when the world stopped turning on that September day, teaching a class full of innocent children, or driving down some cold interstate, did you feel guilty 'cause you're a survivor, in a crowded room did you feel alone?...Did you open your eyes, hope it never happened, and you close your eyes and not go to sleep, did you notice the sunset for the first time in ages? And I remember this from when I was young...faith, hope, and love are some good things he gave us, and the greatest is love."

-Alan Jackson

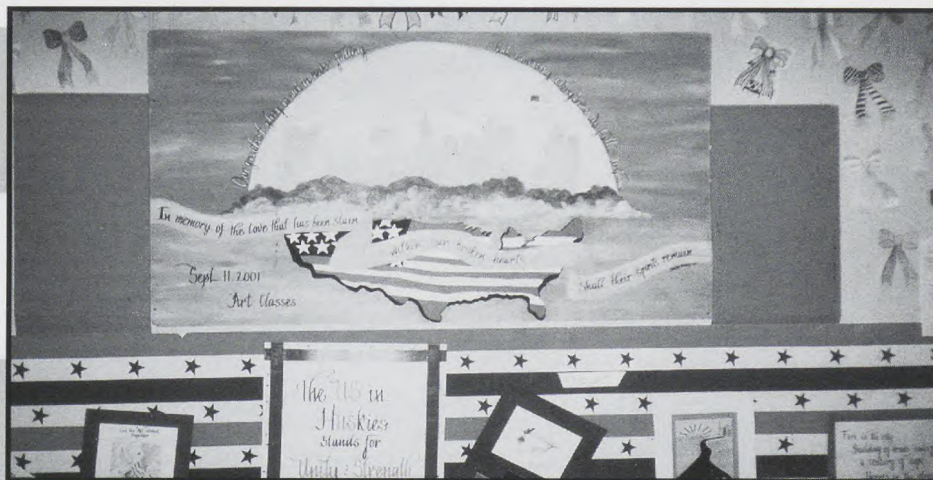

"I can be your hero, baby, I can kiss away the pain I will stand by you forever, You can take my breath away."

-Enrique Iglesias

"If I could tell the world just one thing, it would be that we're all ok, and not to worry because worry is wasteful and useless in times like these, I will not be made useless, I won't be idled with despair, I will gather myself around my faith for light does the darkness most faith...and heartache came to visit me but I knew it wasn't ever after. We will fight, not out of spite for someone must stand up for what's right cause where there's a man who has no voice there ours shall go singing in the end only kindness matters."

-Jewel

"What's going on in a world filled with pain, where's the love for which we pray, what's going on when our children can't play, homeless can't eat, there's gotta be a better way, what's going on, when we're politically blind, can't see the signs of endangered times, what's going on..."

-All Star Tribute

"Coming together is a beginning,
Staying together is a process and
Working together is success."
-Henry Ford

Another year, another yearbook to cherish. We have put a lot of hard work and dedication into this yearbook, but we could not have done it without our hard working staff. We especially want to thank Mrs. Fajardo for negotiating with us. We've been through a lot, from finding "Waldo" to chasing after the entire senior class to get their signatures for the double page spread. Secondly we want to thank Danielle. Without her help we would've gone home with a lot more headaches. To our senior staff, Lauren, Liz, Natasha, Nakisha and Neha...you guys are awesome and we had a lot of fun and we'll miss the laughs we had together. Thanks to all the juniors for your help and good luck with next year's yearbook. Mrs. Miller, thank you for putting up with our questions, you're a lifesaver. To Normandy Studios, thanks for all the great pictures. To the students, enjoy the 2002 yearbook!
