1954

the 1990s, the number of people with a mental health problem has increased in the UK, and the number of people with a mental health problem who are in contact with mental health services has also increased (Mental Health Act Commission 1999).

There is a growing awareness of the need to improve the lives of people with a mental health problem, and to reduce the stigma and discrimination that they experience. This has led to a number of initiatives, including the development of self-help materials, the establishment of self-help groups, and the development of community mental health teams. The aim of this paper is to describe the development of a self-help manual for people with a mental health problem, and to discuss the implications of this for the future of mental health services.

Background

The number of people with a mental health problem in the UK has increased in the 1990s, and the number of people with a mental health problem who are in contact with mental health services has also increased (Mental Health Act Commission 1999). This has led to a growing awareness of the need to improve the lives of people with a mental health problem, and to reduce the stigma and discrimination that they experience.

There are a number of reasons why people with a mental health problem may experience stigma and discrimination. One reason is that they are often perceived as being dangerous, and this can lead to them being treated with suspicion and fear. Another reason is that they are often perceived as being weak or dependent, and this can lead to them being treated with pity and condescension.

Stigma and discrimination can have a number of negative effects on people with a mental health problem. It can lead to them being isolated from their family and friends, and it can lead to them being treated unfairly in the workplace. It can also lead to them being treated with suspicion and fear by the general public, and this can lead to them being treated with suspicion and fear by the police and other authorities.

There are a number of ways in which the lives of people with a mental health problem can be improved. One way is to provide them with self-help materials, which can help them to understand their condition and to manage their symptoms. Another way is to establish self-help groups, which can provide them with a sense of support and understanding. A third way is to develop community mental health teams, which can provide them with a range of services, including counselling, medication management, and crisis support.

The aim of this paper is to describe the development of a self-help manual for people with a mental health problem, and to discuss the implications of this for the future of mental health services. The manual is designed to help people with a mental health problem to understand their condition and to manage their symptoms. It is also designed to help people with a mental health problem to reduce the stigma and discrimination that they experience.

Methods

The manual was developed by a team of mental health professionals, including a psychiatrist, a psychologist, a social worker, and a nurse. The manual was developed over a period of 12 months, and it was developed in consultation with people with a mental health problem. The manual is designed to be easy to read and understand, and it is designed to be practical and helpful.

FOREWORD

The Indian theme of this year book was suggested by part of our Metuchen High School seal. We recognize the cultural contributions of the American Indian, but our special interest is in this area.

Long ago the Indians of New Jersey were divided among twenty ruling chiefs. The greatest was Chief Raritan, whose domain spread along the Raritan Valley. A local leader named Metuchion had a camp in the same section. In those days a chief was geographically named for his locality. Metuchion, the Indian word for "rolling hills,"

seems an appropriate appellation as Metuchen is the highest point between New York and Trenton.

Chief Metuchion, or Chief of The Rolling Hills, is believed to have lived in this area three hundred years ago. Early settlers bought this area from the Indians. Metuchen, originally called Metuching, was a town built around a church known as the Metuching Meeting House. Many arrows, axes and utensils that farmers plowed up in this area further indicate our Indian heritage.

Dedication

When selecting the person to whom we would dedicate our yearbook, we thought of one held in high regard by both the faculty and the student body. We chose Miss Mildred Leis, who has aided not only our class but the school in general. Miss Leis is always ready to help, quick to understand and accurate in informing.

Cheerful and affable, she is a calm center in the whirlwind of busy school days. As freshmen we learned "When in doubt ask Miss Leis!" As our high school secretary, Miss Leis is the keeper of our records; but we are sure that none of our records is so permanent as the mark her personality has made upon our school memories.

Our graduating class wishes to dedicate the 1954 Blue Letter to our invaluable friend, Miss Mildred Leis, who has represented the soul of efficiency and the heart of sympathy through our high school days.

Many Moons Ago . . .

Many moons ago, as a band of Freshmen, we cautiously took our first steps down the halls of the then unknown territory of Senior High School. This year was not only our Freshman year, but also the half-way mark of the century. For our class officers we elected Joan Lamparter as president, with Elaine Beck as vice-president. Sollace Molineux and Ann Dunne assisted as treasurer and secretary. After a brief season of getting settled, we plunged into fierce battle with Latin 1 and J. B. T.

With great expectations we launched our first class dance. Using "Apple Blossom Time" as our theme, we gave Van Kirk Auditorium the "new look" of spring flowers and pastel streamers. We had the proud distinction of being the first Freshman class of Metuchen High School to engage a band.

It seemed as if we had scarcely had a chance to turn around before we advanced one more rung on the ladder to become Sophomores. Charles Fitch was elected as president, with Gloria Ahearn as vice-president, Sollace Molineux and Ann Dunne again acted as secretary and treasurer.

Our Sophomore year saw the beginning of many things. The girls startled us with the latest fad—the poodle cut, while the boys appeared in plaid vests. Now we were

eligible to try out for the Footlighters, and to start our first day of cheerleading practice. This year we were finally allowed to enter candidates in the battle for the office of vice-president of Student Government. With enormous enthusiasm we embarked on our campaigning, and as a result we enjoyed the distinction of having one of our girls elected as vice-president. The following year she was to go on to become president.

The "Wheel of Fortune" spun on the magic night of our Sophomore Dance, and we found ourselves swept into our Junior year. We were deluged by a torrent of Chemistry, Typing, sports, and plans for a Junior Prom. Since we did not have the usual Junior Dance, we had to plan the Prom without the benefit of the profits from an earlier dance. With "Midnight Cruise" as our theme, we planned a breath-taking Prom. In the course of an afternoon the Auditorium was transformed into a beautiful, sea-faring ship complete with gang-plank and life-preservers. That year Lee Clowes served as president, with Jim Dickinson assisting as vice-president. Carolyn Lankey acted as secretary, and Bob Edleman, as treasurer.

In the fall of our Senior year we found ourselves occupying the place of honor in the long house. Charles Fitch was again elected as our chief, and Gloria Ahearn again served as vice-president. The positions

of secretary and treasurer were occupied by Marilyn Baumlin and Barbara Christoph. We knew this year would be the last time we were to act, dance, play, and study as students of Metuchen High School. Realizing this, we tried to make the most of everything we did. Now we were entitled to Senior privileges. A lunch room was set aside for Seniors only. I doubt that any of us will forget the day we first marched into Assembly as Seniors. All through high school we had stood out of respect as other Senior classes marched in, but now we, ourselves, were being honored by the underclassmen. One of the highlights of our last year was the presentation of the play, "Best Foot Forward," by the Senior class. Our whole class contributed to the success of the play by being in the cast, acting as stage hands, prompters, "make-up" artists, or by selling tickets.

A new custom was inaugurated this year. The varsity football squad elected a queen of football. She was crowned under an arch of batons at the Keyport game at Roosevelt Park. During the half-time of this game our cross country track team scored a victory over St. Benedict's harriers. This marked the

first time that a cross country race was held during the half-time of an M. H. S. football game. To top everything off, the football team brought the season to a glorious climax with a twenty-six to nineteen victory over Highland Park.

Almost unbelievably fast the sands of time had slipped through our fingers, and we found ourselves trying on the Senior plumage of caps and gowns. All of us have looked forward to the moment of graduation, but now that it has arrived we can't help feeling twinges of regret. Finally we have come to the abrupt awakening that graduation night is the last time we walk down the aisles of Van Kirk Auditorium as high school students. We who have traveled the same trail for four short years are soon to separate to follow divergent paths, but we will never forget the years we have spent together. Metuchen High School has given us much, and it is our wish to be able to make her proud of us by aiming at worth-while goals and doing our best to make our arrows hit the mark.

How we could have crammed so much into four short years is a mystery to us, but here we are, Seniors, on the brink of the processional to the strains of "Pomp and Circumstance." As we take part in the traditional ceremony of graduation our minds will be filled with thoughts of moments we have enjoyed together. We will journey on with countless happy memories.

Student Government

Many benefits for the students of Metuchen High have been continued and new ones have been organized by the Student Government this year. Among these were a senior honor lunch room, intramural sports at lunch time, a student coordinator appointed in a new cabinet position, plans drawn up for a united fund in M. H. S. and a get-acquainted program planned for new students at the beginning of the new school year. Perhaps the biggest accomplishment was the organization of a county sportsmanship crusade under the leadership of Metuchen.

The Legislature, our body of representa-

tives, met every Tuesday noon with Bill Frye presiding, Nancy Deisher serving as secretary, and Mr. Constantine acting as counselor. They endeavored to keep the school constitution up-to-date and to make any amendments that proved necessary. Grievances and suggestions for improvement were discussed and bills were introduced by the homeroom representatives. The job of carrying out decisions of the Legislative Council rested with the Executive Council or the Cabinet, whose members included School President Sollace Molineux, Vice President William Frye, and various secretaries appointed by the president.

JUDICIARY

SUPREME COURT & PATROLS

The Judiciary Branch of the Student Government has two main departments: the Supreme Court and the Patrols. The Supreme Court, consisting of two judges from every grade and headed by the Attorney General, worked to emphasize the prevention and elimination of any problems that might lead to poor discipline. There are two main functions of the Supreme Court. The first task is trying offenders. When a person violates a law or rules of the school, he is given a ticket or summons and must appear before the Supreme Court. He may plead innocent or guilty. Our Supreme Court works in a manner similar to that of the Civil and Federal Courts.

The second task of the Supreme Court is to see that any new laws that the Student Government has written do not go against the constitution. The other department of the Judiciary Branch is the patrols, who work very closely with the Supreme Court. They enforce the laws of the school and bring charges against offenders.

With Mr. Jackler as adviser and Robert Nastanovich Attorney General, the Judiciary did an efficient job. Our success is indicated by the reduction of the number of offenders this year.

Our Student Government puts democracy into action and develops good citizens.

Bulldog Bark

To be on the staff of the Bulldog's Bark, a student must take the two-week journalism course offered at the beginning of the year and pass an exam creditably. The Bulldog's Bark aims to provide the school with a newspaper, to build school spirit, to provide an organ for student opinions, to inform students of school activities, and to afford practice in preparing journalistic copy for publication. M. H. S. will always remember the various contests run by the Bulldog's Bark. Miss Anker is guidance adviser. This year the staff was headed by George Hollingshead, Editor-in-Chief and Sports Editor;

Donald Cole, Managing Editor; Gary Owens, Associate Editor; Nancy Deisher and Edi Celko, Feature Editors; Joan Lamparter, Copy Editor; Carol Poppendieck, Exchange Editor; Ann Dunne, Advertising Manager; Carol Lankey, Circulation Manager; and Betty Northrup, Business Manager. Other faculty advisers were Mrs. Hilly-Swank, Miss Kuzmich and Mrs. Bovers, all of whom took care of the business end of the paper. Attending the Columbia Scholastic Press and the Temple University Press Contest is among the annual events of the Bulldog's Bark.

Band, Twirlers

"There is something about a home town band." The M. H. S. Band played at all of the games in the "53" season of football. Remember those crazy costumes worn in the Halloween Parade, and the happy faces on everyone when the Band brought Santa Claus to town?

You will all agree that this year's Spring Festival was the greatest yet. Mr. Atkinson (Mr. A.) was, as usual, always at their side.

Our high strutting twirlers who not only accompanied the band but also performed at football games, pep rallies, parades, and annual spring concerts will never be forgotten. June Baldsiefen was this year's stunning majorette who drilled with the band at every practice and added that extra special spice and pep.

Oh, yes! One is not enough for soloist Ann Dunne. She showed other schools how twirling is really done with two batons. The rest of our high stepping squad consisted of: Carmella Easso, Linda Lochs, Helen Demarest, Diane Flood, Phyllis Ten Eyck, Nancy Crawford, Elaine Beck, Judy Coppola, Judy Kingman, Marilyn Baumlin. Gail Hutton and Joni Meszaros were flag twirlers.

and Glee Club

The Glee Club with the newly acquired A Cappella Choir have had a memorable year. Mr. Azzolina, faculty adviser, with president Roni Stanley, vice president Kenny Burton, treasurer Tony Hutson, and secretary Nancy Crawford planned a Christmas pageant, music festival, performances in assemblies, and presentation of pins to the members. With our girls

section, boys section, and A Cappella Choir, our Glee Club has won a definite position for itself and will always be remembered by M. H. S. Mr. Azzolina proved himself to be a talented man with a beautiful voice. Our Glee Club shows that besides having brains and brawn, M. H. S. students have voices to soothe the savage beast.

Cheerleaders

It now comes time to say good-bye to our Varsity Cheerleaders: Gail Fisher, Arlene Kos-sick, Sue Cameron, Johanna Bisogna, Peggy Pearse, Sollace Molineux, and Janet Hoops who all have done an unforgettable job.

Our new Jay-Vee team is made up of: Winnie Mallette, Ann Fig, Virginia Brown, Lucille Wilkinson, Diane Santavasci, and Pat Leiss.

Varsity Club

Under the leadership of Mr. John Cassell, faculty adviser; Bert Topping, president; Bob Nastanovich, vice president; and Jim Dickin-son, treasurer; the Varsity Club followed great plans. Souvenir programs were sold at the basketball games and better equipment was secured for the members in order to be a member, one must have earned at least one varsity letter.

OFFICERS AND SECTION LEADERS—Front Row (L. to R.): David Aurelius, vice-president; Peter Espenschied, president; Mr. Paul V. Nielsen, sponsor; Alfred Rabinskas, secretary; Fred Gray, treasurer. Back Row: Andrew Stofa, maintenance chairman; John Needham, clerical chairman; Herman Dyremose, transportation vice-chairman; John Mostow, transportation chairman.

The Visual Aids Club

The Visual Aids Club forms an essential and integral part of the educational program at Metuchen High School. The club which is sponsored by Mr. Paul V. Nielsen, was organized to aid the faculty in the use of audio and visual aids for education (films, slides, pictures, records, etc.) and to give students valuable experience in management and in working with projection equipment. In order to hold an Operator's License, a high school student must be a member of the Club; there are about forty licenses.

Each year a president and vice president are elected by the members, while appointees fill the positions of secretary and treasurer, as well as chairmanships (and one vice-chairmanship) of the three special sections — Maintenance, Transportation, and Clerical. To these sections is assigned the work required for the efficient operation

of the organization.

The Maintenance Section members are in charge of oiling and cleaning the machines, repairing films, policing the Visual Aids classroom (which serves as the center of Visual Aids operations and houses the Metuchen Film Library), and training new operators.

The Transportation Section is concerned with the moving of machines to various rooms as requested by members of the faculty.

The Clerical Section works on filing letters and catalogs, listing inventory material, and keeping personnel records.

Associated with The Visual Aids Club is its bi-weekly newsletter, The Vis-Aids Guide, which is run entirely by students. The Guide disseminates to teachers and club members, information concerning films, procedures, and other pertinent topics.

STAFF OF THE VIS-AIDS GUIDE—(L. to R.) Fred Gray, circulation manager; Peter Espenschied, publisher; Bruce Hahl, artist; David Aurelius, editor.

Library Council

"Oh, Miss de Vries, do I have to check that section? I did it last week." Of course that sounds familiar to some. It's a typical Library Council member whose duties are to assist Miss de Vries in the library. It's not all effort and no relaxation in this club. The Christmas celebration, the enjoyable trips, and those taffy parties after Miss de Vries returned from a journey will always be remembered. Along with President Jim Dickinson, Vice President Edye Lou Wallace, Secretary Connie Mills, Treasurer Carolyn Ruggieri, and General Assistant Winnie Mallette, the council has accomplished many worthy aims.

Literary Club

Learning can be fun, and it was! We always enjoyed discussing novels, plays, short stories and television with Miss Haitsh at Literary Club meetings. Our aim was to develop a more intelligent appreciation of fiction and drama. Sometimes we heard special reports and sometimes we had general discussions; but all these sessions were lively with enthusiasm.

THE ELMO E. SPOERL Future Teachers of America

With the excellent advice of Miss Hydo, adviser; President Janet Hoops, Vice President Jacklyn Bell, and Secretary Judy Kingman, the F. T. A. strives to develop among young future teachers an organization which shall be an integral part of state and national education associations; to acquaint teachers in training with the history, ethics and program of the organized teaching profession; and to give practical experience in working in a democratic way on problems of the profession.

International Relations

Every Thursday, in Room 30, gather the internationally-minded students of M. H. S. under the leadership of Mr. Withey. They discuss international problems and ways in which individuals may promote better international feeling. They had interesting films, enlightening discussions, eminent visitors, and those exciting trips. This year's officers were, President Lysbeth Ruckert, Vice President Steven Buckley, Secretary Adrienne Gostin, and Treasurer Howard Bovers.

the "Hub"

The purpose of The "Hub" is to create an interest in speed and accuracy in typing. Among other things the members of The "Hub" hope to foster a better understanding of different nationalities. Mrs. Hilley-Swank is adviser; Rose Grecco, president; Joni Mezaros, vice president; Pat Fuller, treasurer; Carolyn Ruggieri, recording secretary; and Margie Fink, corresponding secretary.

Footlighters

Rehearsals might have made Mr. Morgan slightly gray but we all thought that the Footlighters' did a grand job this year. The main purpose of the Footlighters is to acquaint its members with the fundamentals of acting, stage make-up and stage work, and to put on performances in the assembly. With president Ann Dunne, vice president Winnie Mallette, secretary Barbara Knudson and treasurer Diane Flood, the Footlighters have had a most successful year.

German Club

The members of the German Club try to learn more about the German people, their customs, songs, dances and other interesting things. Those crazy initiations will always be remembered along with the various parties, trips and inspiring visitors. Miss Anker, adviser; Carol Lankey, president; David Sanders, vice president; Nancy Deisher, secretary; Barbara Christoph, treasurer; and David Moss, program director, and the many members have had a memorable year.

French Club

Morty Wernik, president, is trying to convince everyone that this club's motto is, "Qui, nous parlons en francais." Ila Stimon is secretary (taking her notes in French, of course); Judy Van Pelt, vice president; Sue Chandler, treasurer; and Mr. Morton Graham is the faculty adviser. We'll never forget the French Club's Christmas luncheon, and those famous atmospheric meetings on the third floor. New York has never been the same since our French Club made a day of it.

Latin Club

The well-established Latin Club may thank the work of president Steven Buckley, vice-president Bernard Marks, secretary Barbara Brink, treasurer Patricia Schoenhut, and Mrs. Bennett, adviser for their early trip with the history classes to see "The Robe" in New York, and their well-planned year which consisted of spring trips, parties, and the many undertakings of the Latin Club. The officers along with the members hope to further their interest and knowledge of Latin.

G.A.A.

The Girls Athletic Association has been organized to give girls with interest and ability in physical education a greater opportunity to participate in athletics. All girls from seventh to twelfth grade, who take part in after school sports regularly, are eligible to join the G. A. A. They take part in setting up and organizing baseball and

Girls' Basketball

basketball games played between girls' teams of different schools. Miss Crowell, adviser, Edye Lou Wallace, president; Linda Seifert, vice president; and Lorretta Handle, secretary, along with the other members and the active teams have had a successful year.

Football

Our football team had its most successful season in seven years. Although we didn't score eight wins, or even come close to doing so, we did something no other Metuchen team had in the past seven years been able to do—We beat Highland Park!!

This year we beat Atlantic Highlands, Scotch Plains and our arch rivals, Highland Park; while suffering defeats to Dunellen, St. Peter's and Sayreville. We also played two deadlocks with North Arlington 0-0 and Keyport 13-13

twenty - first. This will long be remembered by those who saw and those who played the game. It was kickoff time and we started out under the arch which was formed by the band twirlers and cheerleaders. There were many of us sounding off as we ran out on the field. Ed Kukish, Senior guard, said "Hey, Nelson, how about going all the way on the kickoff?" Then in retaliation, Nelson Stallings, Senior fullback, said "If I get that ball, nobody will touch me." Ray Borup shouted "Let them know we're here." Ken Burton, Senior center, chimed in "We'll bring home the bacon if we have our way." We lined up; we were set; the whistle blew and the kick was in the air. It was deep to Nelson, who stood on the five-yard line. He yelled, "Let's go!" and then we saw what we thought was a fast express

fly by.

Well, with a few good blocks and some fancy stepping, Nelson went all the way. He must have broken the back of Highland Park, because they never recovered. Although our backfield was superb, we cannot forget our defensive and offensive line. With All-State Dick Wickberg and Eddy Kukish in the line, we had nothing to fear. They tackled viciously all day. If you don't believe us, ask the Highland Park backfield. If a Park back happened to slip through the line, he had a head-on collision with our backer-ups Ken Burton, Ray Borup and Nelson Stallings. Highland Park tried a come-back, but to no avail. The final score was 26-19 in our favor.

We Seniors are not trying to take all the credit. We wouldn't have won if not for such outstanding Juniors as Quarterback John Lindquist, End Bob Nastonovitch, Tackle Bill Frye, and Guard Hayward Baskerville. We weren't the only happy people. We are sure Coach John Totin, and Assistant Coach Bob Whitney were proud and overjoyed.

Five Seniors who bid adieu to high school football are Fullback Nelson Stallings, Half-back Ray Borup, Guard Ed Kukish, All-State Tackle Dick Wickberg and Center Ken Burton.

Basketball

As we go to press the Bulldogs' record stands at four wins and eight losses with seven games remaining to be played, and we're still rooting! Dick Wickberg is again the leading point producer for the Bulldogs, boasting a 17.5 points per game average. He is followed by Bob Nastanovich and Bill Frye, who are scoring 15.9 and 9.8 points per contest respectively. Scrappy Frank Schneider has been a sparkling defensive standout.

A Bulldog rally fell short in the season's opener as they were nipped 63 to 60 by a fighting Millburn quintet. In their first road game the team was overpowered by a strong Sayreville five, 73 to 51. Coach Kelly's boys showed their stuff as they impressively trounc-

ed Carteret, 69 to 52. Bob Nastanovich exploded for 16 points in the second period as the Metuchenites disposed of Scotch Plains, 55 to 47.

In other games the Bulldogs belted the Alumni and edged Dunellen, while closing to Millburn, Sayreville, St. Mary's, and Dunellen. The team was nipped by Roselle and lost in overtime to Jamesburg by a score of 53 to 46. High-scoring Dick Wickberg was elected Most Valuable Player by the team. Wickie was not only high scorer, but was the leading rebounder and a defensive standout for the blue and white. The scrappy "Big Swede" will long be remembered for his basketball prowess at M. H. S.

Track

Cross Country

The cross-country team, under Coach John Cassell, experienced its most successful season as a varsity sport at M. H. S. The Metuchen Dalers registered nine wins out of their eleven dual meets. They ended their regular schedule with consecutive victories over three of the strongest teams in New Jersey. One of these teams, St. Benedict's Prep., had won 52 straight dual meets.

November 2, 1953 will be a date long remembered in the athletic history of M. H. S. On that day the Bulldog Harriers won their first State Championship. It marked the first time in the history of this school that any Metuchen team had won the title of State Champs.

Outdoor

The outdoor track team, headed by Coach Tom Bradley, ended its season with an encouraging dual meet record of four wins against two losses. However, the Bulldogs' showing in the Penn Relays enables us to say that they were much better than their record indicates.

The Blue and White, led by Stallings, Fink, King and Fedak, brought home Metuchen's first mile relay victory in the Philadelphia Relay Carnival and garnered fifth place in the New Jersey State Championships.

Most outstanding on the squad were Pete Fedak and Tom King. Fedak set a new state high hurdle record and also set a school record for a total number of points scored by one individual in one season. King, whose specialty was distance, just missed breaking the school half-mile record in his last race.

BOTTOM, L TO R: Fritz Metzger, Elwood Van Sise, Tom Carpenter, Zony Johnson, Ray Borup, Bailey Molineux. **2ND ROW:** John Smith, Alan Needham, Joe Nastanovich, Pete Lipp, Bill Frye, Bill Schedneck, Nelson Stallings, Dale Owens. **STANDING:** George Hartland (Coach), Frank Schneider, Bob Nastanovich, Mike McFaul, Dick Wickberg, Bert Topping, Mike Muha, Lennie Legg, David Dietz.

Baseball

After experiencing one of its finest seasons in 1952, Coach George Hartland's baseball squad found the road a bit rougher in 1953. Leading off rather poorly, the team was not expected to stir much excitement. However, after losing a number of close ones, the Bulldogs went on to win six in a row to set their season record at 7-6-2.

The big upset of the season was our 7-1 victory over Highland Park. It spoiled our rival's chances of going undefeated and also paid them back for the 1 run defeat which they pinned on us early in the season.

Most outstanding on the team were Mike McFaul, Bill Schedneck, and Zony Johnson. McFaul was selected the team's most valuable player chiefly because of his superiority as one of the best pitchers in Middlesex County. Johnson and Schedneck were the leading batters on the team. Schedneck was also captain.

BOTTOM, L TO R: Fred Molineux, Stan Kebel, Joe Kubiak, Bob Suliman, Robert Hall. **2ND ROW:** Ronnie Kubiak, Bob Erle, Denny Harnyk, Bob Breen, Jad Sortore. **STANDING:** Don Higgins, Art Morey, Walt Seredy, Dick Hecker, Bruce Borup, Otto Cliffrodelli, Julius Balog, Jim Kelly (Coach).

FRESHMAN & J. V. FOOTBALL
 Mr. George Hartland's yearlings had another bright season. The team's record was 4-1-1 for the season. The team suffered their only loss at the hands of a powerful St. Peters team. The little Bulldogs scored impressive wins over Highland Park, Plainfield, Dunellen and South River. Leo Arcuri was the leading ground gainer for the Frosh eleven.

J.V. CROSS COUNTRY
 The J.V. Cross Country Team led by Pat Frisoli, George McGuiness, Robert Erle, Dave Blanch, Bill Webb, and Art Morey, finished their season with a perfect record of three wins and no defeats. Victories were registered over Seton Hall 20-35, New Brunswick 27-28, and Lawrenceville Prep. 18-37. Besides finishing with an undefeated season, the J.V. Dalers made a rather impressive showing in the N.Y.U. Cross Country Meet at Van Cortlandt Park in New York City. Frisoli and McGuiness were most outstanding in the race, placing fourteenth and twenty-first respectively.

J. V. BASKETBALL
 The J. V. squad was not very tall this year, but, "What they lacked in height, they made up in fight!" Mr. Withey's team did not achieve an impressive won-lost record, but the J.V.'s turned in many brilliant performances. Jimmy Reed was the leading scorer for the Junior Bulldogs. Tom Graham was awarded a trophy for having the best foul-shooting record.
