"What You Should Know About Your City"

"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government and her needs. This knowledge develops, first, an intelligent interest; then, a sympathy; then, a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful; and finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.

still an
old-fashioned*
bank

A visit to the bank, circa 1885. The Bettmann Archive

Don't let our Full Service Banking fool you

When we first opened our door more than 150 years ago, we had only a few services to offer customers. They could make deposits, borrow money, or buy the bank's currency.

As the bank grew over the years, we added service after service. Today we offer a long list of them to take care of almost every conceivable banking need. You'll find a partial list on the Millburn tab page.

Because so many people use these services, we are the leading Full Service Bank in New Jersey. We think this proves one thing: Our old-fashioned way of doing business is still the most important service we offer.

*__old fashioned,__ *adj.* 1. *Time-honored, proven through experience: assurance of service with traditional courtesy and integrity.*

PLUMBING AND HEATING

THE City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the classified list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern up-to-date method of getting what you want.

THE PRICE & LEE CO.

SUMMIT NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.

"Right even" after street description indicates even numbers on right side of street.

The symbol □ following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

"...still the bank on the corner"

More than a half-century ago, what is now our Millburn-Short Hills office opened with the modest capital of $12,625 but with the firm belief that Millburn *needed* a bank.

Over the years, history has proved the wisdom of this opinion. Millburn and its environs have flourished. The bank has played a significant role in this growth—helping to build new homes, establish new business and expand and modernize existing ones. At the same time, the bank has grown with the community.

Today, First National State's capital funds exceed $70 million and our total resources are over $750 million. What's more, we serve the entire Millburn-Short Hills-Springfield area with every facility for dependable and convenient banking. As large as we have become, we have not outgrown our original belief in being a good neighbor.

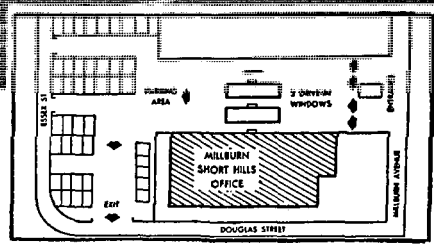

FNSB is still the old-fashioned bank on the corner.

About City Directory Circulation

The true value of advertising circulation is *circulation consulted.*

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days,* therefore –

MILBURN NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.

"Right even" after street description indicates even numbers on right side of street.

The symbol □ following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

Zip Codes are included in the description of each street and changes in Zip Code for streets with more than one code are indicated at the address where the change occurs.

SPRINGFIELD NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.

"Right even" after street description indicates even numbers on right side of street.

The symbol □ following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

Please Note The Zip Code For The Township Of Springfield Is 07081
