## Library Receives Property

Max Segal, representative for Segal Construction Co., developers of Southwood presented Mrs. Margaret Duncan, President of the Madison Township Public Library Association of Old Bridge with the deed for a parcel of land to be used in conjunction with erection of a library in the Old Bridge area.

Harold Smith, Attorney for the group, handled the clearing of the deed and other details.

Mr. Segal in turning the deed over to the Library Association stated "that it was his pleasure to turn the property over to the group, and I feel that a great service to the children of Madison Township has already been accomplished by this capable group, we hope that this donation of land, will greatly aid the continued growth of the Library Association."

The action on the part of the committee was the result of half a dozen residents of the Old Bridge area who alleged that the erection of the gas station is in violation of the Township Zoning Ordinance and that construction of the gas station will lower their property valuations.

Last week the Township Committee held meetings to discuss the problem. On last Monday night at the Browntown Town Hall a executive session of the Township Committee was held.

On last Tuesday night meeting at the Townhall in special session the Township Committee declared the permit, previously issued by Township Building Inspector John Conover, inoperative. The construction firm was notified by registered letter on November 19 that the permit was cancelled pending the issuance of a variance.

Work continued on the gas station despite the letter from the Township Committee.

The local police department said "that nothing could be done about the construction unless they were notified otherwise."

In the meantime controversy over the gas station is building up to a large issue.

The Library Association have made arrangements to obtain a suitable building to house the many hundreds of books, collected and purchased by the group.

Trustees of the Madison Township Public Library Association of Old Bridge are: Rev. Roy Anderson, Dr. William Sample, Mr. Henry Delbasco, Mr. Edward Rinaldi, Mr. Peter Condo and Mr. Harold Smith.

Officers of the Association are Mrs. Margaret Duncan, President; Mrs. John Keating, Vice President; Mrs. Robert Love, Recording Secretary; Mrs. Joseph Lugo, Corresponding Secretary, Mrs. Gilbert Graydon, Treasurer and Librarian.

The Library Association plans to embark on a Fund Raising Campaign, the goal of the Association is placed at \$15,000. Won't you please help?

We were deeply saddened by the news that Dr. Eugene Shronk, former Superintendent of Schools for Madison Township had passed away at 12:20 a.m. Tuesday morning, November 24.

It was a great privilege to have known the good doctor, the children in the State have lost a honest and sincere friend.

As long as there are schools and school children, we will remember you Dr. Shronk. We will remember you for your great work in Madison Township.

## Mayer Resigns, Committee Appoints Edgar

MADISON TOWNSHIP  
HISTORICAL SOCIETY

At a special session of the Madison Township Committee all semblance of just another meeting ended when Mayor John Chamberlain announced the resignation of Maxwell Mayer as Municipal Court Magistrate. The resignation was accepted quickly with regrets. Then the Republican dominated committee threw a "bomb-shell".

Township Committeeman Donald Macrae, who also serves as Republican Municipal Chairman, read aloud a resolution appointing Joseph Edgar, Police Magistrate, for a three-year term. The motion was quickly seconded.

Township Committeeman John Keating of Old Bridge, a Democrat, angrily shouted "This is a dastardly political move by the outgoing lame duck administration."

The Committeeman from Old

Bridge continued, "This is an example of the Republican party's tactics, trying to foster off on our township one of their appointees for another three years."

Township Committeeman John Phillips, the other Democratic minority member, agreed with Keating's statement; Phillips added, "The court had been well taken care of by visiting magistrates during the last months of Mayer's hospitalization and the arrangements could continue until the end of the year when it would be the privilege of the Democrats to name a magistrate when they take over control of the township committee."

Both Keating and Phillips issued loud and clear "NO" votes when the roll call was taken on the appointment of the magistrate. Edgar presently serves as Township Attorney.

The resignation of Mayer is effective November 30. Edgar's appointment is effective the very next day and runs to December 31, 1962.

In the public portion of the meeting, Thomas Miller of Old Bridge stated that he hated to see Mayer resign and that the Judge had served the Township well. Miller questioned the legality of the appointment. He said, "He didn't think that it was possible to make the appointment for the three year term."

In other business to come before the Township Committee the Committee adopted on first reading an ordinance establishing a Fire District #3 in the Old Bridge area.

The Committee also adopted an ordinance on first amending an ordinance pertaining to the control of dogs in Madison Township.

Committeemen John Keating and John Phillips will attend a meeting with Dwight G. Palmer, state highway superintendent, on November 30 in Trenton regard-

ing several Madison Township highway problems.

Captain Wallis of the Madison Township Police Department presented a report which was read by Donald Macrae, asking for sidewalks and traffic lights in the vicinity of the new Route 18 near the Miller and Willis School. The report stated that over 500 children with more to come use the walkways; their ages are from 5 to 13 years. The report also urged the construction of sidewalks on the northwest side of Englishtown Road.

The ramp over which many of the children have to walk is 1074 feet long, with two six foot sidewalks on each side.

Wallis urged for "top action" on the erection of two traffic lights when could be operated manually or automatically.

The report was received by the committee and will be brought to Trenton.

A letter was received from the Jersey Central Power and Light Co., who stated that unless the steel strike has some effect on delivery of materials, work on the installation of 78 street lights in the Sayrewood South Development would start on December 21. The power company reported that all the paper work has already been completed.

William Baier, Township Engineer, reported that the Bridge on Bushnell Road should have been completed and that the Township would now be in a position to proceed with work on the road itself.

The engineer also reported that operation at the Manzo Blacktop Plant on the new unit has been shut down for about a month. The older unit will operate for approximately another month and then that will be closed down. Filters will be installed in both units.

### RIGHT OR WRONG

For the past week, storm clouds of gigantic proportion have been gathering in the Old Bridge area over the erection of a gas station.

Centered directly in the middle of the storm is John Conover, Madison Township Building Inspector who issued the permit for the erection of the gas station on English-town Road and Fourth Street. Everyone knows that there are quite a few gas stations on English-town Road as it is, probably too many.

The way we get the story from Conover is that he believed that he was acting within his rights as building inspector to issue the permit.

The contractor receiving the permit feels that he is within his rights to build the station on the strength of the permit. We do not know who is right or wrong? To further complicate the matter, the way we understand the story it's not that the people involved are against this particular gas station or any other gas station for that matter. It just seems to them that the whole operation had a very bad start to begin with.

Seems as though someone in the Old Bridge area spread the story around that a doctor's office was to be built on the site, instead of an office, lo and behold, a gas station suddenly appeared as if by magic. This we believe is the main bone of conjecture.

We don't feel that the Building Inspector should be the scrape-goat for the whole affair. We think that it is about time that the Township Committee and all others involved in the construction of the gas station sit down and iron out the difficulties.

We don't feel that the Building Inspector is solely to blame if there is anything wrong with permit or construction of the station?

Let's get to the bottom of this, let's find out first who is right and who is wrong before Madison Township once again ends up in the courts with a losing proposition!

### FOR SHAME MR. MAYER!

We have known Judge Maxwell Mayer for many, many years and we have spent many interesting hours discussing the problems and growth of Madison Township. We listened intently to the many stories of days long gone by in our town.

You sir, have always taken great pride, in the fact that you allowed no politics of any nature to enter your court, while we did not always agree with you, we nevertheless respected you.

However, your recent resignation, greatly shocked us, Judge, we found it very hard to believe that with only one more month of your present term remaining you would resign.

You have served the people of Madison Township well, for over a quarter of a century, with never a taint of scandal. You were respected, honored and welcomed by young and old, Democrat and Republican, in our town.

It is indeed regrettable that you, Honorable Sir, have allowed yourself to become involved in a purely political maneuver intended to force upon the residents of Our Town, a "job-jumper", Joseph H. Edgar, the present township attorney whose term as such would have terminated December 31, 1959.

It is indeed regrettable that you Judge Mayer have allowed yourself to become either a pawn or a party to the "back-room politics" and flagrant defiance of the voters mandate at the twilight time of an otherwise unblemished public career. Nor does this unsavory episode which reeks of political skulduggery at its worst, reflect any credit upon your newly designated successor, Joseph H. Edgar.

Apparently, Mr. Edgar could not face with calm detachment, the certain prospect of being deprived of the post of Township Attorney at the start of the New Year and eagerly grasped at the opportunity of securing another paying job on the public payroll of Our Town.

This is indeed peculiar conduct by one who's name has been prominently mentioned as a possible candidate for appointment to the high judicial post of either the County or Superior Court of New Jersey.

It is sincerely hoped that the parties involved in this vindictive and shocking example of "bad political manners" will reconsider the full impact of their ill-timed and ill-considered effort to perpetrate a back alley political coup and decide to accept their party's defeat at the polls with good grace and wait until "next year" as the saying goes. For shame, Mr. Mayer.

### New Members

The Catholic Daughter of America Court Queenship of Mary #1743 held its installation of new members. Presiding at the meeting was Virginia Kirman, Court District Deputy.

There were 21 new members installed -- Elizabeth Conlon, Elizabeth Bansept, Marleen Bassett, Bernadette DeBerba, Lorraine Holmes, Rosemary Hawarth, Ann Maglio, Evelyn McCue, Kathleen Marsall, Florence Masterson, Mary Marris, Josephine Nowell, Patricia O'Donnell, Joan Ryan, Margaret Russell, Nattie Shallis, Antonette Skarzynski, Frances Thomas, Eleanor Toomey, Jane Tracers, Diana Ziembra, other guests were Shirley Pandophia, Grand Regent of Fulgens Corona, and Helen Gannon, State Treasurer, Rose Green Past Grand Regent of Court San Salvadore of Perth Amboy. A short meeting followed the installation . . . and then a covered dish supper was served . . . .

### Bids Held Over

Bids received for plumbing, heating and ventilating work for the Madison Township Townhall on Route 9 and 34 were held over for further action at the meeting of the Township Committee on Monday night at the Browntown Townhall on Route 18.

Nine firms submitted bids, Angelo A. Petrone, Ziegler Brothers, Vena Electric Co., Dorson Electric Supply for the electrical work, Richardson Engineering Co., and Robert H. McMahon.

The Richardson firm also bid on the heating contract along with C. C. Hook and Thermal. Ricardson, Paszament Distributing Co. and Thermal bid on the air conditioning contract.

The bids represented more money than the township committee had anticipated in acquiring the townhall.

The Townhall Project long under fire by Thomas Miller of Old Bridge again drew fire from Miller who stated that when the acquisition of the tavern was announced, the township committee appropriated \$56,000 for the complete job, we now see that by awarding contracts to the lowest bidder, the cost of the Townhall would be \$81,935.60 at the least. He added furnishing the building with equipment, it would run even more, possible as high as a \$100,000. Miller felt that the townhall project was a costly one to the residents of the township.

### "Westward Ho"

The gala show will feature these stars who have been on

## Under The Fence

CONGRATULATIONS: Are in order to Captain Wallis of the Madison Township Police Department. . . Capt. Wallis was recently instructed to conduct a Safety Survey of the Old Bridge area at the site of the new highway. . . Wallis reported to the Township Committee that traffic lights in the area were sorely needed. We agree with him and have urged that the Township Committee take the necessary action to press the state in the erection of traffic signals. What we don't agree with in the report is that the ramp over the highway has two six-foot sidewalks. We checked on the ramp. The sidewalk on one side is approximately six foot; on the other side it measures only 17 inches. Maybe the good Captain measured the wrong ramp or was he in another town? How about forcing the state to put up protective screens of some sort over the ramp. What will happen if some bright lad decides to play Hit-The-Car and drops stones over the side of the ramp? It's been known to happen.

BOARD OF EDUCATION: One writer complains that it's the big things that count, we kinda disagree! We think it's a lot of little things that count. For example, the Flag at the Cheesequake Fire House (school is held there). We always thought the American Flag was Red, White and Blue. . . this one is Red, Yellow and Blue. . . how about some veterans group donating a flag. . . We understand that one of the busses (owned by the Board of Education) failed to pass the Motor Vehicle Inspection and has been riding on a Red Ticket for several weeks! . . . We wonder if the window on the little "Board Owned Jitney" was ever fixed? How about the light in the Browntown School; wonder if the tube that has been burned out for several months ever was replaced? The black boards in the same room are in sad shape. . . we wonder if they have been resurfaced. . . How about the lovely job of landscaping on the school grounds? . . . Just Little Things . . . Wait till we start looking for the BIG THINGS. . .

FEUDING AND FUSSING: Local G.O.P. really pulled a fast one, and Democrats were caught sleeping. . . Maxwell Mayer resigned as Police Magistrate and the Township Committee appointed Joseph Edgar, who serves as Township Attorney, as police magistrate for a three year term. We understand that this will probably end up in court?? We always thought that there was supposed to be no "politics" in the courts, Ho-hum. Democrats were arguing over the successor for Judge Mayer. . . It looks like the G.O.P. saved them a big argument by making the appointment. . . Wonder if they will try the same thing with other appointed officials?? Wouldn't it be something if the "legal - beegals" came up with a law allowing them to appoint Chamberlain as Deputy Mayor or a business administrator for a five-year term or something??

RUMORS BOUNCING AROUND TOWN: Rumor bouncing around town that Harold Smith of Madison Park will be named as Town-

### Officer Injured

Patrolman Kenneth Berry of the Madison Township Police Department suffered slight injuries when the police patrol car struck a truck driven by Joseph W.

Proceeds will benefit the St. Thomas Building Fund, the musical will be presented at St. Thomas Hall, Old Bridge, on November 27, 28 and 29th. Donations to the affair are \$1.25. First shot will be fired at 8:00 p.m.

ship Attorney. . . We also heard by the grapevine that Jack Salvest will be appointed Township Treasurer. . . Someone's going to be awfully mad at someone if Arnold Lauer isn't named one of the Plumbing Inspectors. . . Rumored around that a Board of Education member is looking for the building inspector's job?? . . . We heard that John Mullane of South Amboy was the choice of the local Democrats for the position of Police Magistrate. . . Mr. Mullane has served as Township Attorney for Madison Township. . . we think it's a very good idea to name the Magistrate from out of town. In that way he doesn't know too many of the people involved in the various cases. . . Vice-Chairlady of the Democratic Party is looking for the job of Deputy Clerk in the local court?? . . . We still don't think that all workers will be fired. . . It just doesn't make sense . . . January 1st will tell the tale?? Meantime, rumors - all rumors are flying fast and furious.

RECEIVED IN THE MAIL: (Not signed but very timely)

The "Twelve Rules for Raising Delinquent Children" are:

1. Begin with infancy to give the child everything he wants. In this way, he will grow up to believe the world owes him a living.
2. When he picks up bad words laugh at him. This will make him think he's cute. It will also encourage him to pick up "cuter" phrases that will blow off the top of your head later.
3. Never give him any spiritual training. Wait until he is 21 and then let him "decide for himself."
4. Avoid use of the word "wrong". It may develop a guild complex. This will condition him to believe later, when he is arrested for stealing a car, that society is against him and he is being persecuted.

### Pick Up After Him

5. Pick up everything he leaves lying around -- books, shoes, and clothes. Do everything for him so that he will be experienced in throwing all responsibility on others.
6. Let him read any printed matter he can get his hands on. Be careful that the silverware and drinking glasses are sterilized, but let his mind feast on garbage.
7. Quarrel frequently in the presence of your children. In this way they will not be too shocked when the home is broken up later.
8. Give the child all the spending money he wants. Never let him earn his own. Why should he have things as tough as you had them?

### Fill Every Craving

9. Satisfy his every craving for food, drink and comfort. See that every sensual desire is gratified. Denial may lead to harmful frustration.
10. Take his part against neighbors, teachers, policemen. They are all prejudiced against your child.
11. When he gets into real trouble, apologize for yourself by saying, "I never could do anything with him."
12. Prepare for a life of grief. You will be likely to have it."

Stevens, of Laurence Harbor. The accident occurred at the intersection of Route 34 and Cottrell Road, Cheesequake.

Stevens and Donald Halub, 15 a passenger in the truck were not injured in the accident.
