Commander William J. Trinkner of the Hoffman-Prince Post #2672 V.F.W. announced plans for a Loyalty Day Parade to be held on May 1st in Laurence Harbor.

To fight openly against any group or nation that opposes our American Way of life and to tolerate no "ISM" other than Patriotism and Americanism. To live unmolested and in the same manner in which we have lived since our country was founded, to exercise our rights and continue in the paths of freedom. ## Madison Park Little League Seeks Clean-Up Cooperation

All the boys that are to participate in the Madison Park Little League activities this season are asked to be at the Madison Park School Baseball field on Saturday, April 23, at 10 a.m. The boys are asked to bring rakes and shovels to the site to aid in clearing off the field.

Residents of Madison Park are urged to co-operate in the cleaning operation. Officers of the Little League would greatly appreciate any help that can be

given them for this clean-up project.

Fathers of boys playing in the Little League circuit are especially asked to turn-out and devote one or two hours in the clean-up project, which is very important. It is necessary that the area be cleaned and raked in order to start Little League activities on May 1. Any delay in cleaning the grounds will result in a delay of the baseball season.

## Wall Urges Safer Highway Planning

"Connie" Wall, Middlesex County Safety and Traffic Co-ordinator appeared at the regular meeting of the Madison Township Committee held at the Cheesequake Fire Co. Fire House on Route 34. Wall pleaded that the township committee give attention to careful planning of shopping centers and other commercial enterprises to be constructed along already busy highways.

In a rare appearance the Traffic Co-ordinator stated "that he was not present at the meeting to criticize local officials, but was merely pointing out the need for better highway planning." Wall continued "that traffic safety is everybody's business. Most highway and municipal roads are antiquated and it is fortunate that most development in Madison Township borders along State highways. Traffic in Middlesex County is steadily increasing with the rapid population growth. Commercial enterprises planned along major highways presents a serious traffic problem that must be coped with. Local municipalities have to invest taxpayer's money in the erection of traffic signals and "jg-handles" to correct some of these dangerous problems. It is quite easy to build a shopping center along a highway, but what of the traffic problem, can this be solved as easily?"

Wall urged that the township committee give the matter serious consideration and recommended that the Township officials take the matter up with developers in order to obtain property for future expansion of the highways.

The traffic co-ordinator stated that "Madison Township has done very well with the developers in obtaining aid for schools and the building of schools in the township and felt sure that the officials and developers could work out a plan of mutual understanding, whereby the developers would present property to the township for highway expansion and a plan where developers of highway enterprises would pay for a share of the cost for construction of "jug-handles" and other traffic safety devices."

In other business to come before the committee: -The committee moved for advertisement of an ordinance governing the licensing of Taxi Cabs in the Township.

The committee awarded a bid for road supplies and materials to the Manze Co. of Route #34, Matawan. The Matawan firm was the only complete bidder on road materials as advertised.

Township Attorney Harold Smith informed the committee that there was no State Statute governing the creation of First Aid Squad Districts.

The township received a petition with over 200 signatures to correct a drainage condition in the Cliffwood Beach area. Residents of the area complained about a water condition on Ocean Blvd., a spokesman for the group also stated that cars have been using Ocean Blvd. for a race-track and urged that the committee do something about it before some child is killed.

The engineer was instructed to obtain a right of way in the rear of the property bordering the water condition. The road department supervisor was instructed to clean out, clear and flush and open sewer in the area and notify the Mosquito Control Commission about a sewer.

Several bills were held up for payment. Mayor Phillips stated that there wasn't anything wrong

## MAY RUIN AMATEUR STANDINGS?

The Laurence Harbor Little League's plan to sponsor a "Miss Little League" Contest is reportedly running into several snags. The group plans to conduct a contest for Miss Little League. Candidates for the contest must present a picture and twenty-five cents to enter same.

The entrance fee presents a problem? If a contestant pays her "quarter" and is entered in the contest, will this ruin her amateur rating. Could this prevent her from perhaps entering a Miss America contest at some future date?

Then there is the problem of licensing for the contest. Will the Little League be violating laws established by the State covering games of chance? Perhaps the Little League Officials should look into the situation. Perhaps they will be required to obtain the necessary license to cover the contest. After all, there is a paid admission fee to the contest.

We certainly understand and are in favor of Little League activities but we can't see "shaking" down children for twenty-five cents to enter a contest.

Have the contest Mr. William Foster, president of the Laurence Harbor Little League, but let's have no registration fee. Let's not take candy from the mouths of children!

## ADULT EDUCATION ON OUR TOWN

Adult education is everybody's job. Madison Township Board of Education is investigating the possibilities of having the adults go back to school. Adult education has never had a greater amount of followers than today in the United States. Some of the principal boosters claim that adult education has never been so vital before and there seems to be an "excess in knowledge" which makes it less and less possible for adults to look smugly on the formal education as something finished and done with. The great influx of young people into Our Town and their great thirst for knowledge makes this a very worthwhile project. Our only drawback is the financial arrangements necessary to foster such a project. The current tax rate is so high that it would seem impossible to make it any higher and still keep Our Town out of the Bankruptcy Courts. Perhaps a project such as this could be arranged by charging a fee. Anyone interested surely would have no objection to supporting himself in this educational field and not put the burden on all the taxpayers in Our Town. Anyway, it's worth a great deal of study and effort on the part of our Board of Education and we're sure they'll come up with the right answer.

## Old Bridge Republicans Meet

An open meeting of the Old Bridge Republican Club was held recently and the public took the opportunity to meet the "Regular Organization Candidates for Township Committee these were John Chamberlain and Donald Macrae. Leonard Massom was also present at the meeting. Massom is seeking re-election on the G.O.P. slate.

James Burton, president of the Old Bridge Republican Club told the audience "We do not have the 3rd Republican Candidate for Township Committee here this evening because we do not recognize him for he is the number one plaintiff in a 4 1/2 million dollar suit in which the township is a defendant. We do not feel that he can morally seek any office in the Township because of this suit."

Following the business portion of the meeting, refreshments were served and a short program of entertainment followed.

Richard Oasen were appointed to secure prices on a trophy case for the school lobby, to display athletic and P.T.A. trophies.

An Auditing Committee will present their report at the May 10th meeting. Serving on this committee are Chairman, Miss Shirley Smith, 2nd grade teacher, Mrs. Jos. Guzzi and Mrs. M. Frier.

## WALL Cont'd

with the bills but urged that all bills to be paid should be presented the Thursday before the Township meeting to give members of the committee the opportunity to examine the claims.

It was moved that a request from the Board of Education to obtain funds in the amount of \$324,365.75 be granted. The proper officials were authorized to make the transfer of money.

A letter sent to the Township Committee regarding the Sayre-Wood South development was read. The contents of the letter requested that the township committee obtain from the developers of Sayre Woods South information concerning playgrounds, church sites and school sites. The letter was sent to the township committee addressed "Madison Township Committee, RD, Old Bridge, New Jersey" had been delayed enroute. The letter was sent to Madison, N.J., in error and later found it's way to Oak Ridge, N.J. and then finally to the Madison Township Committee. The letter was signed by Jerome Zuckerman, president of the Sayre Woods South Civic Association, since the mailing of the letter, Zuckerman had resigned as president of the association.

Permission was granted to the Laurence Harbor Little League Auxiliary to hold a Tag Day on May 7.

Permission was also granted to the Harbor Little League to conduct a Miss Little League contest providing that the group meet all requirements of the Raffle and Games of Chance Commission.

Harry Messenger, chairman of the Street Light Committee reported that he is working on a plan with county officials to obtain better lighting on County roads. Messenger hopes that the County will contribute towards the cost and installation of better lighting along county roads.

Committeeman Victor O'Brien, Chairman of the Police Committee announced that the police department would start operating with two-man patrols in police cars at night starting this week.

Committeeman John Keating announced that Free Rabies Control clinics would be held on the four Wednesdays in May.

Residents in the Central Park area requested that the township do something about the mosquito problem in the development. Mayor Phillips instructed the township clerk to notify the Mosquito Control Commission of the problem.

Thomas Miller, president of the Old Bridge Fresh Air Association requested that the State Department of Health be notified of an air pollution in the Old Bridge area. Committeeman John Keating agreed with Miller that the smell was putrid.

Keating reported that two of the garbage trucks had broken down -- the clutch in one of the garbage trucks was "burnt out" and a motor had to be replaced in the other. Miller retorted that perhaps it would be a good time for Madison Township to get out of the garbage business.

A resident of the Old Bridge area questioned Mayor Phillips as to why the plumbing work in his home was rejected. Phillips declined to answer stating that he did not know of the problem or why it had been turned down.

Joseph Molnar, former plumbing inspector stated that while the plumbing was done by the home-owner he had supervised the job and there was no reason why the work was turned down. The homeowner also charged that the plumbing inspector had failed to keep an appointment to inspect the plumbing and had later "broken" into the house to inspect the plumbing. Mayor Phillips stated that he did not know of the situation and would arrange a meeting between parties concerned.

Molnar charged that none of the plumbing inspectors were legal since none held the proper credentials and were not qualified to do any inspecting of plumbing work.

## Under The Fence

**POLICE DEPARTMENT:** At the last regular meeting of the Township Committee, residents of the Central Park development complained of "speeders" in the development. The township fathers promised that they would have a "radar check" made to see what could be done about the situation. The local police made arrangements for a Radar Trap. Guess What? Most of the tickets issued for speeding in the development were handed out to residents of Central Park! The police department jumped the gun and already have moved into the new Town Hall. The phone number for the Madison Township Police Department is now Parkway 1-4000. The old phone number, LO 6-0200, will be continued until June when the new phone books are made available. The radio seems to be operating much clearer in the new location reception seems to be better. Maybe the local police will be able to pick up China, after all, they were getting California at the old location?

**CROSS OVER THE BRIDGE:** What's this we hear about one of the Fire Commissioners in the Old Bridge area? The way we get the story is that the Fire Commissioner (who is also a member of the Old Bridge Fire Co.) was in attendance at a recent brush fire, when he decided to cross over the "stream", to get at the fire. As there was no bridge crossing the "stream" the Fire Commissioner decided to pole vault the stream. So what happen? He missed and plunked in the middle of the stream. He might have been a poor pole vaulter but he was a good swimmer. We know things were pretty warm at the fire, but it wasn't that warm to go swimming or was he pushing the season?

**BOARD OF EDUCATION:** Madison Township Board of Education and Superintendent of Schools are busily working out a plan of placement of Madison Township High School Students. Several receiving districts have already informed the local board that they are limiting the number of Madison pupils? Dr. Sample is presently making arrangements with another High School to take some of the pupil load? Madison's High School is a little behind because of the steel strike and won't be available for students until September, 1961, we Hope? Much discussion

over the tuition rates as established by receiving districts. When the local school budget is prepared for presentation to the voters of Madison Township, there is no way of knowing what the tuition rate per high school pupil will be. This necessitates a little "guess work" on the part of the Board. No receiving district can "charge" the local Board of Education more than the cost of education. This is based on the total budget figure for the receiving district and is divided by the enrollment figures to obtain, cost per high school pupil. The figure established by the receiving district may be higher or lower than the estimated figure set by the local Board of Education, nobody is "robbing" anyone and Madison Township is paying a fair share of the cost.

**PLANNING BOARD:** At the April 11th meeting of the Zoning Board of Adjustment, at the Town Hall, A TAX MAP was still not available. What's holding up the works?? The Zoning Committee says this is the responsibility of the Planning Committee. Maybe we need a new committee who will get on the ball! It is not fair to the taxpayer when he goes to these meetings to appeal 'use' permits, etc., and there isn't even a map there to show them exactly where the lots for these permits are located.

**FEUDING AND FUSSING:** Looks like a new feud is shaping up between the First Aid Squads covering the Old Bridge area. One first aid squad asked the township committee to create a First Aid District. The other squad petitioned the township committee as being against such a move. We also hear that one of the squads would like the township committee to limit the number of first aid squads serving Madison Township's estimated population of 20,000. There is one first aid squad in the city of Perth Amboy with an estimated population of 42,000. Perhaps the local first aid squads should band together as one unit. Much of the stress and strain of the aid squads in Madison Township is lack of funds. It takes quite a bit of money to maintain and operate a first aid squad.

## Auction Planned By League Auxiliary

The Madison Park Little League Ladies Auxiliary will hold an auction at the Madison Park Fire House, Cheesequake Road, on May 7th. The auxiliary is seeking donations of usable articles for this event.

Anyone who has any unwanted articles which may be of use to someone else can help support the Little League by calling one of the members of the auction committee who will make arrangements to have the item picked up.

The committee members are Mrs. Ruth Dowd, PA 1-3780; Mrs. Peg Gordon, PA 1-4207 and Mrs. Phyllis Hathaway, PA 1-0237.

The number of boys of Little League age in Madison Park is increasing every year. To ensure that all of these boys play, your help is needed.

Madison Park residents and other interested parties can contribute to the Leagues support by donating to and attending the auction and aiding in the various activities.

## Finders-Keepers?

Approximately 75 dozen eggs were hidden by members of the 2-6-8 Democratic Club at the groups annual Egg Hunt held Saturday at the Duhrnal Lake Recreation Area. Over 200 children attended the affair seeking hidden eggs in the bushes and leaves. Most of the eggs were recovered by the "egg seekers".

Laurel Minch found two of the prized silver eggs hidden in the

Bromley noted that any resident of Madison Township over 18 years of age may apply for membership in the squad.

area of the older group. The Old Bridge Miss collected two silver dollars from Mrs. Ann Redd, general chairman of the hunt. The third silver egg in the 9-12 year group was never found.

Assisting in the hunt were Mrs. Dolores Sweeney, Frank Donnelly, Doris Carotta, Arch Dillon and John Yanik.

William Vass was in charge of the ambulance stationed at the hunt by the Old Bridge Ambulance and Emergency Squad and Roy Morgan was on hand with a fire truck from the South Old Bridge Fire Co.
