MYSTERY ROAD: This is a picture of the State Highway Department's "jug-handle" or turn near the intersection of Route 9 and 34, the turn has become a mystery to many motorists forced to use it to reach the Madison Township Municipal

Building. Safety Island openings were closed off by the State Highway Department for a safety measure. We feel that they ought to put up some signs directing motorists.

Lack of Signs Presents Dangerous Problems

State Highway Department workers are busily completing the final stages of the road construction program in the Madison Township area from the intersection of Ernston Road and Route 9 to the intersection of Route 9 and ROUTE #5.

The rehabilitation of the area has seen the erection of two jug-handle turns one near the Sayre Woods Shopping Center and the other near the Central Park Homes.

State Highway workers last week started to close off all the crossovers on the safety islands, making it impossible to turn with the exception of at the "jug-handles", merchants in the area had protested the closing up of the safety island but to no avail.

Saturday evening during the heavy North Bound traffic return, traffic became snarled at the jug handle at Route 9 and Ernston Road, there were as many as fifty cars waiting patiently to make the cross over, Route 9. One police officer explained that the timing trip for the traffic signals at the intersection may not be timed properly or was possible out of order.

The highway department has provided an emergency cross over near the Madison Township Municipal Building on Route 9 for use by police cars in an emergency. Police Chief Edward Adler reports that unless the cross over is used for emergency only, there is a possibility that this will also be closed.

Vehicles traveling south and wishing to reach the Township Municipal Building on Route 9 must use the "jug handle" near the Central Park Homes, the only sign in evidence as of Tuesday evening was a stop street sign, several motorists have already reported near misses in trying

**DRIVE
CAREFULLY!**

to reach the municipal building. We feel that someone "goofed". We feel that the cross overs should have been closed only after proper signs were posted to inform motorists of just where to go.

Harbor Little League Championship At Stake

The familiar cry of "batter up" will soon be heard when two great big Little League Teams meet at the Little League Ball Field in the rear of the Memorial School.

August 1st will mark the beginning of three play off games for the two top teams in the Laurence Harbor Little League, battling it out in full tradition of a World Series Pennant Game will be the top-notch players of the Harbor Lions and Garber and Gerity teams.

Spectators will be well pleased with the starting line-up when Co-managers Olsen and Shaw start their "Speed-Ball Merchant" Roger Treadway. Behind

Field Day Planned

The Madison Park Recreation Committee will sponsor a Field Day on August 27th at the field near the Madison Park Fire House on Cheesequake Road.

The affair will be held on Saturday and will start at 1:00 p.m. The Field Day will feature a multitude of races and contests such as relays, baseball throw, doll contest, broad jumping, three legged race and potato sack race.

Winners from the various events will participate in the Township Wide Olympics which will be held at a later date.

Also feature will be an exhibit of the sewing class and many other hand sewn objects made by the girls will be on display.

The B.O.P. 20 Year Club Team won the second half of the Laurence Harbor Little League Minor Division by winning 8 out of 9 games played.

The club in winning the title received out-standing pitching from Stephen Chylko and Dennis Besecker and some real "jazzy"

the plate will be "Pee Wee" Pierce the hottest package in the League, this combination resulted in fast ball for the Harbor Lions.

Managers Nixon and Baxter are holding their starting pitcher a secret, however, they are sure to call on any of three pitching aces. A good bet would be young "Joey" Masker, who won 6 and lost 1 game in the regular season of play for the Garber-Gerity nine. Nixon and Baxter have a fine pitching staff to call on including Robert "Curve-Ball" Knight and "Big John" Cazzazza. Stopping the real hot ones behind the plate will be Walter "Dead Stop" Leary.

Managers of both teams are busily pointing out just a few more fine points to the boys on both of the teams. Special interest is being paid to the catching and pitching staff, managers of both teams hope that the games will develop into a pitching duel, because of the heavy hitting power on both teams it will be interesting to watch if this can be accomplished. Batters on both teams will be trying for the long ball.

DAY POST PLANNED

Plans are being discussed for the formation of a Disabled American Veterans post in the Sayre Woods South area.

Anyone wishing to join or aid in the organization of such a post should contact George Vetter of Sayre Woods South.

catching behind the plate from John Holub.

The slugging star of the team was Mike Borbitt who came through at the right time with many a needed hit.

Much of the credit must be given to the co-managers Earl Rutan and John Magala who sparked the team on to the win with their fine coaching and directing of player activities.

Tip Results In Arrest Of Youths By Local Police

Calls started pouring in the Madison Township Police Headquarters on July 18, residents of the Sayre Woods South development were complaining that while they were away from home for the weekend someone had broken into their homes and valuables and money had been taken.

With the number of calls and the police investigation which revealed that no forced entry had been committed, officers at the scene presumed that the thefts were being committed by a person or persons that had a master key to all the homes in the area. Madison Township Police promptly placed the area under close observation and warned residents in the area to be on the look out for suspicious persons. This bit of advice later paid off.

At approximately 11:15 p.m. Monday, July 18, police received a tip from a resident in the Sayre Wood South Development that two boys were seen looking through a window into a house on the corner of Girard Avenue and Cindy Streets. The police dispatcher notified one of the patrol cars in the area. Ptl. Einar Nielsen and Ptl. William Barry sped to the scene and began a search of the area for the two youths. The patrolmen sighted a boy sitting on a curb in the area and began questioning him. The youth admitted that he and a friend were in the process of robbing the place in front

required in the zoning regulation. The developers of the shopping center propose to construct a shopping center consisting of between 115,000 square feet and 120,000 square feet of store space.

Plans call for a 24 lane bowling alley, a large supermarket and several small rental stores, construction is expected to be underway within four months, provided that the ordinance change is granted.

Henry Sevrin, attorney for the developers present a written agreement to construct a buffer zone between the shopping center and adjacent homes, the buffer zone to be landscaped and a six foot fence erected with an additional 10 foot wide strip of screened planting which is supposed to grow to maturity within three years, the planting would attain a height of at least ten feet.

The Shopping Center is designed to serve the residents of the center portion of Madison Township in the Browntown and Cheesequake area. The shopping center will also include parking facilities for several hundred cars.

Blood Bank Formed

Announcement was made recently of the formation of the Sayre Woods South Civic Association Blood Bank. James P. Forbes of 4 Bruce Street, was named chairman of the Blood Bank.

All members of the Sayre Woods South Civic Association are automatically members of the blood bank and as such are eligible to receive blood from the bank when needed.

of which he was sitting.

The youth admitted that he was playing "chickie" and his "buddy" was still in the house. The police officers then advised headquarters as to what was going on and then waited for the other

Auxiliary Police Promotions

John Badum has been promoted to the rank of lieutenant in the Madison Township Auxiliary Police. Capt. Jack Faro, announced recently. Badum who joined the auxiliary in 1958 was a sergeant before the promotion.

George Grieco was named sergeant to replace Badum in the Old Bridge area. Also appointed sergeant is Drew Fetherston, recording secretary of the unit. Fetherston will serve the Cheesequake, Laurence Harbor and Central Park area.

Faro reported that he has received official approval of the local chief of police and Civil Defense Council on the promotions.

It was also announced that the auxiliary will be covered by state insurance when on civil defense duty. The state policy pays \$35 a week for disability, \$1,500 for accidental death and \$700 for medical payments.

"Rough And Tough" On Speeders

Madison Township Police Magistrate Samuel Sladkus vowed "open warfare" on speeders in Our Town. Sladkus stated that a "rough and tough" policy will be enforced against any and all speeders in this township.

The reason for the police magistrates alarm is the increase in traffic violations since last year. There have been an 85 percent increase in traffic violations since last year. At the present time there are 1,100 cases on the books for 1960 compared to only 650 for the corresponding period last year.

We certainly agree with the police magistrate that something must be done to impress motorists traveling on various roads in Madison Township.

We feel that a "rough and tough" policy coupled with more radar and police patrols along the various highways in Madison Township will certainly tend to slow down passing motorists who use the various highways for their own private race tracks.

Madison Township is divided by several major highways which proves to be adding to the influx of traffic violations. Much of the speeding takes place on Routes #35, 34, 9 and 18 with Englishtown Road getting its fair share of speeders.

We certainly hope that the Police Magistrate carries through with his "rough and tough" policy, because when word gets out to other motorists that Madison Township is "rough" on speeders you will notice a decline in the traffic violations rate.

With excessive speed there is always the danger of traffic accidents and death by automobile. Let's all in our own little way contribute to the police magistrates program. Participation by the residents of Our Town would call for driving just a little slower and just a little more careful. Good Luck in your campaign Magistrate Sladkus.

Swim Pool Up For Approval

It was announced by Leon Arrowsmith, Chairman of the Madison Township Board of Adjustment that an appeal has been filed for the Green Dolphin Swim Club of Cindy Street, Sayrewood South requesting a variance in the requirements in the zoning ordinance of the Township for the purpose of building a non-profit swimming pool in a residential zone.

A hearing to hear objections to, or protest against the granting of the appeal will be held at a meeting of the Zoning Board of Madison Township on August 8 at the Madison Township Town Hall on Route 9, R.D. #1, Old Bridge.

At a recent meeting of the Township Committee twenty-seven residents of Sayrewoods

South in the vicinity of Cindy Street protested by petition against the newly formed swim club. The petition was placed on file.

The residents protested against the location of the swim club which was recently incorporated and listed as a non-profit organization under the name of the Green Dolphin Swim Club.

Acting for the first board of trustees are Hart Tendler, Henry Miller, Al Weingartner, Joe Berkowitz, Harris Burstyn, Mike McGreen, Jerry DeWitt, Clay Benedict and Joseph Pandozzi.

The non-profit organization will consist of members from the Sayre Woods South Development only, membership will be on a first come first served basis as there will be a limited number of memberships available.

The pool will be "L" shaped in design with separate diving area and wading pool, bath houses and parking facilities as well as picnic grounds and recreational facilities will be on the pool site.

Police Probing Robberies.

Madison Township Police after successfully solving several robberies in the Sayre Woods South development are attempting to solve two more.

Police are investigating the theft of \$20 worth of tool from a tool box at the Ceco Steel Products Company of Millstone working at the new Madison Township High School on old Route 18 in Browntown.

Listed as missing were two shortwhite aprons, a ratchet wrench, three sockets and one aluminum window sill.

Also under investigation is a search for a thief or thieves who have carted off over \$11,000 worth of building materials from the construction site of the new St. Thomas R. C. Church in the Old Bridge area, during the past year.

Police reported that the culprits may have used a truck to make off with the heavy loot. Local police were called in on the case by Robert Burgeson, supervisor of the construction, who noted the theft of the materials after an inventory was made. The supervisor believed that the thefts could have been going on for over a year.

Listed in the missing items were \$10,000 worth of lumber; 1,300 colored cinder blocks, valued at \$450.; 30 pieces of angle iron, valued at \$200; slate window sills, valued at \$16.; cable at \$36.; 13 bags of cement and other items amount to over \$50.

Police reported that a watchman is on guard at the site from 4:30 to 9 p.m. daily.

8th District Dinner August 6

At the recent meeting of the Ladies Auxiliary of VFW Post 7508 it was announced the 8th District Past Commander dinner will be held on August 6. It will be in honor of John Krahowski and will be held in the post home on Bordentown Avenue. Tickets for the affair which will begin at 7 p.m. may be purchased from any member. There will be dancing until 2 a.m.

The annual picnic of the post will be held on the VFW grounds on August 14th. The picnic is open to the public and will get underway at 12:00 noon.

A donation was voted to the Middlesex County Rehabilitation and Polio Hospital.

A thank-you note was received and read from the auxiliary's adopted senior citizen, Miss Mary Park of Elizabeth, expressing her appreciation for the gift remembrance of her 90th birthday anniversary.

Following the business meeting a stork shower was given in honor of Mrs. William Martin. Twenty-five members were present, serving as co-hostesses were Mrs. Edward Duncan, Mrs. Joseph Lugo, Mrs. Stella Ference, Mrs. Rose Conover and Mrs. Bruno Flack.

A number of the local members attended the 8th District meeting in Perth Amboy. The local auxiliary received two citations one for 100 per cent membership and the other for achievement. Mrs. Rose Mary Mazer, president, accepted the citations.

Under The Fence

CONGRATULATIONS: Are certainly in order to the two Madison Township Patrolman, officers Einar Nielsen and William Barry. Both officers are fairly new on the job, however, their recent apprehension of two youths that burglarized several homes in the Sayre Woods South area, add something to their record. Congratulations for a job well done. We certainly hope that the police department can solve several other crimes listed as "unsolved". Seems to be a little less bickering since some of the officers were told off recently. We'd still like to see more patrolmen named to the police department, we feel that there just aren't enough regular police officers to go around. Some of the specials presently working would make fine police officers without too much trouble?

TEACHER DEPARTMENT: We got a "chuckle" out of two teachers talking about the recent ruling handed down by the State Department of Education concerning teachers drinking on the job or even having alcohol on their breath (even if its cough medicine). Teacher #1 "With some of the children and some of the parents we have to put up with, it's a wonder more teachers don't hit the bottle". Teacher #2 commented "At these salaries who can afford to drink, I'm having a hard time paying my water bill, let alone a liquor bill". Dr. Sample has just about hired all the teachers necessary for the start of school, now if he can only keep them before they are pirated away!

ROAD DEPARTMENT: Wonder how long they think the oil will stay down on Cheesequake Road in the rear of Madison Park, some of the oil was laid right over the top of loose sand and some in water. We'd like to see them put a load limit on the road, to keep the heavy trucks off. Some of the roads in the Southwood area sure need a going over, ruts and holes are again causing motorists to see their automobile mechanics for repairs to the front end. Things were sure good up in the Laurence Harbor-Cheesequake area when County Department workers were out spreading oil and stone on Morristown Road. Some wide detours had to be made. Probably some of the detoured travelers are still looking for the Cheesequake Park.

WHO'S SUING WHO?? Rumor bouncing around the township that a businessman in Old Bridge might end up by taking some members of the Madison Township Board of Education to court. The way we get the story is that the businessman bid on several items and claims he was low bidder but did not receive any of the business. We understand that the fellow paid a visit to the local police department and tried to make a complaint, no success, so he returned during the day and talked to the local magistrate to no avail, he was told to get a lawyer or so the story goes. Also reports bouncing around that a member of the Board of Education might insist on a Grand Jury investigation, we can't figure it out at all. Could be that somebody is "grandstanding" instead of Grand Jury. Many people are strangely silent about even talking about it.

STRANGE AS IT SEEMS: We received a call the other a.m. from a woman who is very much disturbed about all the spraying of mosquitoes in the Cliffwood Beach area. The woman alleges that the Mosquito Control Units have sprayed the area continuously. She objects to the spray and claims it effects her eyes and bothers her flowers and smells up her house. The woman claims that spraying in the area is a waste of time, she claims most of the mosquitoes come in with "the wind" from neighboring Monmouth County. She feels that she did much better in the "good ole days" with just a ten cent fly swatter. Well, some like them sprayed and others like them swatted, get that pesky mosquito with a "swing" instead of a "spray".

RACE TRACK: Most favorite spot in Madison Township for hot-rodgers and drag races is still Ocean Blvd., in the Cliffwood Beach area. Residents of the area are still complaining about speeders who have been "burning up" the concrete. Things are very quiet when local police patrol the area but as soon as they leave, wham, the hot-rodging begins anew. It's almost like if the hot-rodgers have police radar and can tell when they are in the area. We'd like to see a crack-down on the entire area perhaps a few revocations of driving licenses will straighten out the speed demons.

Tickets On Sale For Fall Festival

Plans for the gigantic Fall Festival to be held on Saturday, September 17th were furthered at a recent meeting of the Madison Park Recreation Committee.

General Chairman Gus Masimino issued his report to the group, he reported that the affair is progressing satisfactorily.

Ticket Chairman is Mrs. Beverly Wheatley, tickets may be obtained from Mrs. Wheatley or any member of the Recreation Committee.

There will be real old country style square dancing at the affair and also modern dancing. Music will be played by Joseph Kaschack and his Stylists.

Various games and activities

are planned at the affair to help liven up the evening and refreshments will be served at no further cost.

All proceeds from the affair will be used for recreational purposes in Madison Park.

Attend the Fall Festival on Saturday, September 17 from 9 p.m. until ?? at the Laurence Harbor Casino, Laurence Harbor Beach Front.

The combined G.O.P. Clubs of Madison Township are sponsoring a Beach Party on July 31st. All you can drink for only \$1.00 plenty of swimming. The party which will be held at Cliffwood Beach gets underway at 12:00 p.m. Life-Guards on hand.

"Hole-In-Wall" Action Taken

Elimination of the dangerous railroad crossing and bridge known as the "Hole-in-Wall" at the intersection of Ernston Road and Bordentown Avenue came one step closer as Middlesex County Freeholders authorized the county to enter into contract with the Pennsylvania Railroad for elimination of the "Hole-in-the-Wall" underpass bottleneck in Sayreville.

The resolution was introduced by Freehold William Warren, under the term of the agreement the underpass will be widened and paved and a pedestrian walk will also be built.

The Pennsylvania Railroad has agreed to pay one half or approximately \$50,000 for the construction work while the county and borough of Sayreville will contribute \$25,000 each.

Belly Floppers
can be Fun

BUT

Sometimes they're fatal. Diving in strange waters can end tragically in a shallow pool, on a hidden stump or underwater rocks. Don't let your children do it. Here are a few more "don'ts" that can help them swim safely this summer.

- DON'T** allow unsupervised swimming. When professional lifeguards aren't on duty, even good swimmers sometimes drown.
- DON'T** let children go in the water within an hour after eating. It's the surest way to cause cramps.
- DON'T** rely too much on inner tubes or water wings. They give poor swimmers a false sense of security. A leak causes big trouble.
- DON'T** permit night swimming unless the pool is well lit and well guarded. Once someone goes under in dark water, it's difficult to find them.
- DON'T** allow long, ambitious swimming early in the season. Swimmers are out of condition. And cold water saps strength fast.

Common sense is the best guide of all. That's what we at JCP&L-NJP&L teach in our safety programs. At work and on the road, we put our employees'—and our neighbors'—safety first.

TIP RESULTS Cont'd

youth to come out of the house, as he stepped out, he walked into the arms of Nielsen and Barry, the second youth readily admitted his part in the robberies.

The youths were taken to headquarters by Det. Sgt. Charles Boice and Sgt. George Gillard. Both youths were questioned by Det. Sgt. Boice and Det. Joseph Laskiewicz about the series of thefts of money and jewelry in the area.

It was then that the boys one a 14 year old SayreWood South resident and the other age 13 from North Bergen, New Jersey, who was visiting in the area admitted the robberies.

The youths under further questioning admitted that they had a master key to all the houses and would walk the streets looking for a "dark" house and would then enter it and proceed to ransack it. From Thursday, July 14th until their apprehension by police the boys netted approximately four hundred and fifty dollars in cash and jewelry.

The local boy also admitted the theft of a bicycle with the help of another local youth.

After the questioning by the detectives, both boys were taken to their homes where the jewelry was recovered. The youths were then turned over to the Middlesex County Detention Home in New Brunswick.
