**HIGH AND DRY:** We know that the tide has been pretty high on occasion in Madison Township, however, this is too much. Special Police Officer Val Aucuri poses with "dead" shark he found on Perrine Road. Shark weighed approximately 100

pounds and was over 5 foot long. Dead Shark is believed to have been placed in road by culprits who put another "shark" in bus depot in Paterson, N.J. Never can tell what you'll come across in Madison Township.

## Newark Man Drowns In Raritan Bay

Coast Guard patrol craft and volunteers turned out Sunday to aid in the search for the body of a Newark man who drowned when the boat he was fishing in overturned about one mile off from Cliffwood Beach.

J. C. Clark 41, of Newark drowned in the waters of Raritan Bay on the ill fated fishing excursion. His brother, Eliza Clark, 27 also of Newark, was rescued by boatmen, as he clung to an overturned aluminum boat in choppy waters.

According to police the younger Clark stated that he and his brother were about to change seats when the boat turned over throwing them both in the water.

Police said that the younger Clark stated that his brother tried to grab hold of the boat on several

occasions but each time the craft began to sink. The older Clark then tried to swim to shore telling his brother "Don't worry I'll be all right".

Local police were notified of the mishap by passing boatmen, who had been hailed by the men in the boat that rescued Eliza Clark, the identity of the rescuers is not known to the police.

The pram with a small outboard motor attached was recovered, as boats from the Coast Guard and the South Amboy First Aid Squad and the South Amboy Boat Club searched the area for the body of the missing Newark man.

Earlier attempts on Sunday to locate the body by means of a search of the area under the direction of the Coast Guard proved fruitless.

The body was discovered by Charles Culkun of 35 Cliffwood Way, Laurence Harbor who was walking along the beach this morning with his granddaughter, near the Morgan Beach shore area.

## Park First Aid Squad To Seek Funds

Robert G. Watkins, president of the Madison Park First Aid Squad announced today plans for the Annual Fund Drive have been completed.

The squad president stated that recently the State Police have seen fit to enforce the regulation which forbids first aid squad and other from soliciting funds on the highways. To the Madison Park First Aid Squad this action is catastrophic, since approximately three-fourths of our operating capital has been derived from this source.

It has been estimated, that on the average, it cost \$16.00 every-time the squad ambulance makes an emergency call. Recently the squad has been handling between

30 and 35 calls per month. With our income drastically curtailed, we are looking forward to our Annual Fund Raising Drive with great anticipation. The drive gets underway September 17.

Last year at Fund Raising time, we were just forming the Squad and hadn't given any First Aid assistance as yet. Consequently, we did not expect, nor did we get, a good response to our plea for financial aid. However, now that we have served you this past year, perhaps our Fund Raising Drive will prove so successful as to minimize the loss of the gratuities on the highway.

With this thought in mind your squad will publish, within the next few weeks, a "Statement of Ex-

penses" showing just where your money goes. You might be startled at the prices of the equipment we must have in order to operate properly. For example, a combination Resuscitator - Inhalator - Aspirator cost \$680.00 and there is one of these in each of your two ambulances.

The members of the squad certainly wish that you or your family may never have need of our services, but with the hope that if you do, we will be properly equipped to assist you and your loved ones in your moment of need.

It is hoped that in view of the cost of operation and for the continued high quality of your ambulance service that you generously support this civic undertaking that is your First Aid Squad.

Please help us, so that we may help you in time of need, give when the First Aid member calls on September 17.

**Speeders And Speeding!**

Some residents of Sayre Woods South are in an uproar about speeding in their development and they certainly have reason to be upset.

Much of the traffic using the various roads seem to have the idea that the roads are their own "privately owned race track".

We have witnessed traffic on Thorctmorton Lane that is traveling at Turnpike Speeds, yes there is certainly speeding in Sayre Woods South.

The local police department on several occasions have erected "radar traps", you guessed it right the first time. Many of the tickets issued were to residents of Sayre Woods South.

We think that the Sayre Woods South Civic Association and other civic groups in Sayre Woods South should get behind a drive to reduce speeding in Sayre Woods South.

It's not only the job of the Madison Township Police, all they can do to enforce speeding regulations, is just what they have been doing, issuing tickets, but tickets alone can not and will not stop the speeding in the development.

We feel that a driver education speed program conducted by the various civic groups in the development would tend to have better control over the situation than the local police department.

Most of the speeding is done by residents of the development, we feel that it is up to the residents to put an end to the speeding. Much more can be accomplished by a few posters or perhaps a news letter to the residents of Sayre Woods South to perhaps slow it down just a little.

The problem of speeding has existed in other sections of Madison Township, over in Madison Park one of the local organizations is working on the formation of a Citizens Safety Committee, to work out various safety ideas and present them to the township committee for their action, however we feel that action must be taken first by the residents of Sayre Woods South.

**Please Help Them  
So They May Help You!**

A frantic mother calls "Hurry please send the ambulance to my child just swallowed a bone and is choking." Another call for "Please send the ambulance to it's an emergency". "My husband just fell off a ladder, what should I do? These are just a few of the calls answered by the Madison Park First Aid Squad in its daily, twenty four hours of service to the residents of Madison Park.

Many of the residents never have need of the services of the First Aid Squad, we certainly hope that they never will, however, if the squad is needed, we hope that they will be able to answer the call and that they have the proper equipment on hand to perhaps save a life.

Equipment costs money and we are well aware of the rising costs of living, taxes have increased, food costs are at an all-time high, gasoline and oil prices have climbed--everything seems to cost more today.

The Madison Park First Aid Squad is faced with the very same increases, equipment cost more today, gasoline and oil and the many extras needed in the operation of a squad have increased. It has been estimated that the average ambulance call averages around \$16. per call, the Madison Park First Aid Squad is handling between 30 and 35 calls per month.

Much of the operating capital of the Madison Park First Aid Squad was derived from collections along highways, recently the State Police have seen fit to enforce the regulations which forbids first aid squads from soliciting funds on the highways, to the Madison Park First Aid Squad this is catastrophic.

You can readily see the need for a fund drive. The Madison Park First Aid Squad will start their annual Fund Drive on September 17. The members of the squad will call at your home for a donation. Please give generously. Give not only for your own family but give just a little more for the family up the street which might feel that they will never need the services of the Madison Park First Aid Squad. Please help the squad, so that they may help you?

**Under The Fence**

**INDUSTRIAL COMMISSION:** We understand that the industrial commission is presently working on a large concern that might locate in Madison Township. The way we get the story is that inquiries have been made on locating a plant in Madison Township near the Route 9, Niki Base. Everything is hush-hush because they are afraid to let out any information concerning same, before some other municipality rushes in and takes over. We certainly hope that this is true and that Madison Township would end up with some industry. The last plant to locate in Madison Township was in 1956, four years ago. We certainly could use the ratables. We understand that the plant is light manufacturing and would employ over 350 persons. Let's hope so.

**FEUDING AND FUSSING:** Our neighbors over in Sayre Woods South are still feuding and fussing over the site of the proposed swim club. We certainly hope that both sides can work out some solution to the problem. Perhaps the supporters of the Swim Club would like to change the location? How about putting it on Cheesequake Road near Madison Park, we'd certainly be in favor of the idea after bucking traffic all the way down to the shore the other a.m. Understand that there is a movement underway to ask supporters of the succession movement in Sayre Woods South to move, many of the residents of Sayre Woods South are pretty upset about the idea of breaking away from Madison Township, they don't like the bad publicity, many moved here for the peace and quiet and don't want to become involved in any brawl.

**POLICE DEPARTMENT:** Some of the residents in the Cliffwood Beach area are wondering how come they don't see the police car more often. Perhaps we should have more police and more cars, then perhaps the areas in the township would be patrolled just a little better. We don't know if enough money was put in the budget for more police. However, we think it would be a good idea to start looking around for some. According to the population figures released by census takers Madison Township Police Department is undermanned. How about appointing some of the special police to regulars, some young specials would make very fine appointments. They know the township and could work at the

desk and relieve some of the older officers for patrol duty.

**RUMORED - AROUND - TOWN:** Several rumors bouncing around town that a new political group is being formed. Understand that several meetings have already been held by leaders of the group. This usually happens in Madison Township around election time and is nothing new. The groups usually form and call themselves Citizen's for Everything or Confusion Party. Usually you will find that the leaders of the new political groups are disgruntled Democrats or Republicans who were ousted by their own parties, when they failed in attempts to take over the party. We firmly believe in a healthy two party system, Democrats and Republicans fighting it out for control. We don't believe in any third parties, no matter what the name. We've seen too many of them form in Madison Township and we haven't seen any good come from any of them. If you want to get into politics and politics is a pretty rough business at times, join either a Democratic Club or Republican Club and let the chips fall where they lie. Some of our best friends are Republicans and many of our worst friends are Democrats. We have no friends when it comes to a third party, no matter what the name.

**BOAT DEPARTMENT:** Just heard that some land in the Cliffwood Beach area was sold and that a boat marina is planned for the area. Boating is big business and the Cliffwood Beach location would be an ideal site. Plans call for the flooding of huge areas of swamp land in the Cliffwood Beach area and making a protected harbor with lagoons and cabins for the boating crowd. We think that it is a tremendous idea and would certainly like to see development of the Raritan Bay waterfront along these lines. It would help solve three problems: - soil erosion, mosquitoes and would also add to the township's sorely needed tax ratables.

The Catholic Daughter of America Court Queenship of Mary #1473 will conduct a Penny Auction to be held on Wednesday, September 21 at St. Bernadettes Hall in Madison Park. The time is set at 8:30 p.m. Refreshments will be served and donations are only \$1.00.

## Bans Steady Company For High Schoolers

At a recent meeting held at St. Thomas Hall, Old Bridge students and their parents of St. Thomas Parish who attend Catholic High School were told that keeping steady company is "absolutely forbidden", nor are the girls allowed to enter beauty contests by Rev. Walter A. French pastor of St. Thomas' R.C. Church.

The pupils of St. Thomas parish who attend various Catholic High Schools in the area and their parents who accompanied them to the meeting heard Father French set forth eight rules for general conduct which he told them must be followed under the threat of expulsion.

"1. At each marking period students must attend a meeting in St. Thomas Hall for the pastor to review their report cards.

"2. Repeated scholastic failures or repeated bad conduct marks will be grounds for expulsion.

"3. All students must be active members of the parish societies, young men in the Junior Holy Name Society and young ladies in the Blessed Virgin Mary Sodality.

"4. Participation in so-called beauty contest is forbidden.

"5. Tuition is \$100 per student, payable \$50 in advance and \$50 before mid year examinations. Father French explained we see

no reason why high school students cannot earn their own tuition by part time jobs.

"6. Indecent reading, immodest conversation, or any immoral misconduct is reprehensible and will be grounds for expulsion.

"7. Steady company keeping for high school students is an occasion of sin and is absolutely forbidden. Students "going steady" will be automatically expelled from school.

"8. Decent and modest dress is a must. Proper necklines and coverage to the knees is absolutely essential, any young lady wearing in public "low cuts", body tight clothing or dress of

any kind above the knees will be expelled. Any young man wearing Levi's or slacks body tight, suggestive, or improper coverage is liable to expulsion.

Father French elaborated on the rules and regulations and explained how they would benefit the young people as well as the parents.

Following the end of the session, each student attending signed the same document, accepting the responsibility of personally guaranteeing that the regulations will be observed at all times.

ADVERTISE IN THE

MADISON AMERICAN

SAUL CANTOR

DAVID DICKSON

## Named Vice-President Of Saul Cantor Associates

David Dickson has been appointed vice-president of Saul Cantor Associates, Inc., Madison Township, N. J., one of the largest home-building firms in the East, it is announced by Saul Cantor, president who also asserted that the name of Cantor Associates, Inc., represents a change in corporate identity from the former designation Cantor & Goldman Builders, Inc.

Mr. Cantor disclosed that he held a 75% controlling interest in all building and real estate activities undertaken by Cantor & Goldman Builders, Inc., and all other corporations in which he was associated with Paul Goldman. Mr. Cantor was president of Cantor & Goldman Builders, Inc., and Mr. Goldman was vice-president.

Mr. Dickson is a certified public accountant who was formerly secretary and controller in the corporate enterprises under which Mr. Cantor and his associates have built 3,600 homes properties throughout New Jersey having a total valuation of more than \$70,000,000. Mr. Dickson has been associated with the builder since 1954.

Mr. Goldman stated that he will remain affiliated with Saul Cantor Associates, Inc., until completion of Sayre Woods South, 2,000-home community being erected on Route 9, Madison Township.

Upon termination of his activities on behalf of Sayre Woods South, scheduled for completion in December, Mr. Goldman said he will enter the real estate and building field in his own name.

Saul Cantor Associates, Inc.,

embraces all undertakings formerly carried on under the Cantor & Goldman banner, Mr. Cantor said.

J.; Midway Homes, Fanwood, N. J.; and Hope Homes, Pershing Park, and Sayre Woods, Sayreville, N. J. He was one of the first developers to introduce the split-level design to New Jersey and to erect builder-sponsored schools in a residential development, as at Sayre Woods South.
