White, publisher of the Madison American with a beautiful certificate of appreciation for his papers excellent coverage and publicity of the Lions Club worthwhile projects and his interest in various affairs in Madison Township. The presentation was made by Publicity Chairman William F. Ohnsman.

White, in a short speech lauded the efforts of the Lions Club of Laurence Harbor for their many activities and had the highest praise for the members of the group who turned out to participate in the various fund raising activities. The Madison American Publisher, thanked the group for the certificate.

White had served as vice president of the Madison Township Board of Education for several years and a member of the Madison Township Committee serving as chairman of the Madison Township Police Committee. As Board of Education member he headed the Transportation Committee and

Finance Committee of the Board for several years.

Another guest speaker present at the meeting was Samuel Stratton, representative of the Metropolitan Life Insurance Co., who gave a short talk on insurance. Mr. Stratton presented the group with a cash donation for the clubs welfare fund.

The group voted to write to the Post Office Department to see if anything can be done about speeding up door to door delivery service for the Laurence Harbor area. It was pointed out by Lion Arnold Lauer, that Laurence Harbor is the only area of Madison Township that has its own Post Office, however, it is also the only area besides the rural delivery areas that does not have mail delivery service. The members also instructed the secretary to find out what is holding up the new Post Office Building which was supposed to be erected near the Madison Township Public Library (old Police Headquarters).

Wilbur Nixon was honored by the group on his birthday.

All members of the group were presented with the 6 months activity report by the secretary.

of Dimes in Madison Township.

## Budget Hearing Set

The Madison Township Board of Education will hold a public hearing on their record breaking budget at the Madison Township High School on Route 516, Brownstown on Thursday evening, January 25 at 8:00 p.m.

The budget calls for appropriation of funds in the amount of \$70,000 and the local Tax Levy is set at \$1,804,489.35, State Aid shows a slight increase to \$765,283.00 and Federal Aid at \$2,000.00.

The total Capital Outlay account calls for \$186,900.00 and

Debt Service calls for \$262,491.75.

Increases in the Current Expense accounts are substantial amounts Administration 1961-62 \$63,150.00 and for 1962-63 it is set at \$73,780.00 an increase of \$10,630.

Instructions increase from 1961 - 62's \$1,430,425.00 to the 1962-63 high it is \$1,619,740.00 an increase of \$189,315.00.

Transportation figures show substantial increases:- 1961 - 62 Salary account \$21,500. The 1962-63 budget calls for an expenditure of \$33,500 an increase of \$14,000. Contracted services in Transportation will increase by \$7,786 in the 1962-63 budget.

Total current expenses show an increase of \$139,358.35 for the new school budget.

It will be interesting to learn how the Board of Education will get around the fact that they are supplying towel service in the budget.

It was also learned from a Board member that the Board of Education might expand its fleet of buses. The Board of Education maintains that they can operate the buses more economical than a contractor. The pro's and con's of the argument have been issues at Board of Education meetings on more than one occasion.

Board of Education Budgets in Madison Township have not faced too much opposition and have been approved by the voters in the past several years.

At the budget hearing the line items are either increased or decreased or remains the same. The budget is then submitted to the voters of Madison Township. If the budget is voted down, another hearing is held and the budget resubmitted to the voters of the district. If the budget is voted down the second time it is then submitted to the Township Committee. The last time this happened the Township Committee "chopped" the budget by \$50,000 and the Board of Education still wound up with a healthy "free balance" at the end of the school term.

The 1962-63 budget calls for a anticipated increase in the enrollment figure of 733 pupils for a total of 7,449 pupils (anticipated).

## Fire Truck Needed In Madison Park

The Board of Fire Commissioners of Fire District #4, are proposing to the voters of the district that funds be appropriated in the amount of \$25,000 to purchase a new fire truck. The amount asked for would also include interest.

Several residents of Madison Park are a little upset about the purchase of the truck. They claim that this will increase the Fire Tax. True! Any increase in expenditures would undoubtedly raise the local fire tax.

We wonder just how upset this same group would be if their homes were burning and the equipment could not get to them because it broke down?

Madison Park is "blessed" with one of the most modern fire houses in Madison Township. However, we have yet to learn if a fire house ever put out a fire?

The equipment housed in the "modern fire house" is old and worn out. New fire apparatus is needed. This will cost the taxpayers additional money.

It seems to us to that these same people that are complaining about increases in taxes are maybe "hollering up their sleeve". The Fire Tax in Madison Park is \$.77 per hundred while the garbage tax is set at \$.86 per hundred. We're paying more for garbage collection than fire protection. Yet we don't hear these same fellows "hollering" at the Township Committee meetings. Nuff said.

**GARBAGE DEPARTMENT:** Understand that several residents of Southwood in Old Bridge will soon circulate a petition for the township to get out of the garbage business. They feel that the garbage tax will increase this year. Some of the residents just figured it out that most of the houses in the Laurence Harbor area are paying less money for garbage than they are. Speaking of five hour days wonder just how many hours a day the township garbagemen are putting in?

**RUMORED AROUND TOWN:** Rumor bouncing around the town that Sgt. George Hanson may be soon promoted and Patrolman Boyd Nash will also get a promotion long overdue. We certainly hope that both men get their just rewards. We think it would be a wise move on the part of the Township Committee. Rumor bouncing around that the Madison Township Young Democratic Club might make some endorsements at the next regular meeting of the group. Township Committeeman John Keating may be pushed for Municipal Chairman of the Democratic Party ---Phillips for Freeholder and Messenger for Mayor. . .that's the latest line-up according to some top Democratic Party workers. . .Mayor Phillips may have to decide shortly. The split in the G.O.P. Ranks is becoming wider and wider despite speeches of Party Unity and all that jazz---the rift is growing---Just when they thought they had the Dems fighting---the G.O.P. starts a "inner party feud". . .Gary Murtha's announcement that he will seek election on the G.O.P. ticket for Township Committeeman came as no surprise to this writer.

**BOARD OF EDUCATION:-** What makes a Superintendent of Schools turn gray or lose all his hair completely? It's just the little things, like:- The Board of Education, school bus accidents, school buses freezing up in the morning, school budgets, board meetings, and cafeteria boycotts. Understand that the students are a little upset about the food being served at the cafeteria, they would also like to have more "freedom." One student who wouldn't like to be named says they think they are running a prison camp. Says he went to Matawan and it was never like this. Wonder if the Board of Education is hiring a "outside"

Taxi service to transport Madison pupils to school? Why not do business in Madison Township? The Board of Education should make as many purchases in the Township as possible. We're sure that merchants in the area can supply the Board of Education with over 75 percent of their needs if the Board would only give them a chance.

**LOVE AFFAIR:** Well that couple from Sayre Woods South are back to the old game of switching cars. She meets him at the corner of the Shopping Center and he parks and gets out of his car and into the little Ford. They drive off hit a few of the nightspots in Sayreville and then depart for the night each returning to their respective spouses. Things will soon be "popping." If you don't think some of these things are happening why not attend a session at the local police court. Business is booming. What is the old saying "Behind each man there is a woman---with a rolling pin?"

**POLICE DEPARTMENT:** Locking the barn door after the horse got away? Both doors leading to the Squad room of the Madison Township Police Department are now locked. Is this the result of the recent escape of a prisoner or was it because this writer saw a sign on the black board advertising liquor for sale?? Understand that orders have been issued to the police department to watch their conversations over the radio. Next thing they'll be posting World War II vintage type posters reading "S-s-s-h! The Enemy is Listening. Understand that a few merchants in Madison Township are going to have some members of the police department a little upset. They are going to ask for some of the money that is owed to them by some members of Madison's finest.

ship Chairman for the New March of Dimes for 1962 announced today.

The Middlesex County Chapter of the Foundation is fighting three crippling diseases, birth defects, arthritis and polio. Funds will be collected in Madison Township on January 30 when the Mother's March on Polio will be held.

Smith disclosed that plans are now underway for establishment of the Center, which will serve the Middlesex Chapter and others.

Smith said that the grant to be made by the National Foundation would apply the newest knowledge and treatment methods to the individual victim, provide in-patient bed space, out-patient services and complete medical and ancillary services as well as special services to meet the individual needs of the patient.

Pointing out that 250,000 babies

are born each year in the U. S. with significant birth defects, Smith said "as more and more children are born in the population explosion, there will be a parallel increase in the number of children suffering from birth defects."

"Early detection and care can often cure or minimize the disabling effects of many birth defects."

Smith said that "the National Foundation is using March of Dimes Funds to attack birth defects on three fronts: Through Medical Care, through Scientific Research and through Professional Education."

The January 30th Mother's March will seek funds to continue this fight, I urge each resident of Madison Township to please contribute to continue this fight, Mother's aiding in the Fund Drive will be supplied with the proper credentials, please give."

The Sun Knows

why your electric

bill varies!

The sun shines less on your home in the fall and winter than it does in the spring and summer. This, of course, means more electric light, more heat, more hot meals, more hot water and a general step-up in electric use as the sun moves into the winter solstice, as it did December 22nd. This is a slow transition — as slow as the change of seasons — but it is reflected in most everyone's electric bills.

So if you happen to compare January with June or February with July, don't be surprised if those for the winter months are larger. Electricity is working harder for you then to make up for less light and warmth from old Sol.

Your electric bill is only as large as your benefit from electricity!

**GARY MURTHA**  
G.O.P. HOPEFUL

Gary Murtha, Republican party campaign manager and president of the Sayre Woods South Republican Club, announced his plans to seek one of the two nominations of the Republican party for township committeeman at the

"I am entering my name as a prospective candidate in the hopes of securing support of Republicans throughout the township. If I should be selected, I will work ceaselessly for the Republican party, dedicating my efforts toward building up the solidarity that will bring representative progressive government-Republican government-to Madison Township.

"I face the forthcoming campaign, whether I am selected as a candidate or not, with a great deal of enthusiasm and optimism. These feelings stem from the fact that we, as Republicans, are functioning with a vital, energetic and above all, a united organization," he said.

Murtha pledged his efforts to maintain the standards and principles of the party and to win in November.

## Affairs Listed By Harbor Legion

The regular meeting of Laurence Harbor Post 332 The American Legion was held at the Legion Home with Commander Rollin Rathbun presiding.

Plans were discussed for the Past Commanders and Past Presidents Dinner-Dance to be held at the Legion Home Feb. 10 honoring Jack Olsen and Miss Mary Reiher who served the Legion and Auxiliary in 1960-61.

Mr. Foster will serve as chairman of the Feb. "Legion Night" on Feb. 17. He is featuring a "Pot Luck" Dinner.

Recently an announcement was made that the Ladies Auxiliary was planning the celebration of the 43rd Birthday of The American Legion that was to be held on March 24. This affair is still going to be held, but will be held on March 17. The Post and Auxiliary are combining the March "Legion Night" and the Birthday and will have one affair to celebrate St. Patrick's Day and the Legions Birthday with a gala event as was sponsored by the Legion on New Years Eve. Many residents who attended that affair are still talking about the wonderful time they had. Mr. Foster and Mr. John Collista will serve as the Legion Co-Chairmen and the Auxiliary Chairman will be announced at a later date. Tickets will be available within the next few weeks, so make your reservations early.

The members of the Youth Dance Committee of the Post and Unit meet recently to discuss plans for a Youth Group that will be sponsored in conjunction with the weekly dances. At present the boys and girls are dancing to records but have expressed their desire to have live music on occasions. Since the Legion and Auxiliary is a Service Organization, funds are not available to pay the prices for the live music at this time. The committee has conceived an idea, which they hope to put into effect within the next few weeks, depending upon the attendance at the weekly dances.

## Card Party Planned

The guild of the Church of Our Saviour, Cottrells Road, Cheesequake will hold a public card party on Friday evening in the parish hall at 8:00 p.m.
