## JCPL Open Madison Headquarters

OLD BRIDGE -- County and municipal officials toured Jersey Central Power & Light Company's new Old Bridge District headquarters Monday during an open house at the facility, 999 English-town Road.

Speaking at a luncheon at Forsgate Country Club, Jamesburg, after the tour, Jack R. McGalliard, manager of the electric utility's Bay Division, said the new building is in the heart of an expanding area and will afford the company a greater efficiency of operation. The new headquarters represents JCPL's latest step in a continued expansion program aimed at staying ahead of growth in its service territory.

Mr. McGalliard said 11 municipalities, or portions of them, in eastern Middlesex County and parts of western Monmouth

County will be serviced from the new headquarters. They are Jamesburg, Spotswood and Helmetta and Madison, Monroe, South Brunswick and East Brunswick Townships. Also, parts of Sayreville and Cranbury and Manalapan and Marlboro Townships.

He said the Old Bridge District will permit a reduction in the time required for service calls in those communities. Previously, crews operating from Union Beach serviced the area.

Madison Township Mayor John Phillips was a guest speaker at the affair. Phillips hailed the construction of the Jersey Central Power and Light headquarters as the start of something new for Madison Township. Phillips stated that the Madison Township committee would be willing to aid the company in any

way they could and cited the close cooperation given by the various local governing bodies of Madison Township.

The Bay Division covers the area from the Raritan River south to the Navesink River and from the ocean west to the New Brunswick area.

The new headquarters was constructed at a cost of more than \$350,000, including equipment and landscaping. It is the first JCPL district headquarters to incorporate operating and business offices under one roof. It has 19,480 square feet of floor space and is electrically heated and air conditioned. There is off-street parking space for 63 cars.

The district office section of the building includes the superintendent's office, general foreman's office, space for the engineering and clerical staff, radio alcove, meter storage room, utility and locker rooms. The district garage has 12 bays with a platform to accommodate 10 line trucks. The garage also houses the district's equipment storage room. M. Paul Goble is district superintendent.

The business office area contains an appliance display, book-keeping section, meter readers' office, conference room, tile room and drive-in window for customer convenience. Hillary J. Cummons is the office manager.

A feature of the new building is the combination meeting room and fully-equipped kitchen. The room will accommodate 78 persons and will be used primarily for home service and other sales department demonstrations.

The structure was designed by Bernard Kellenyi, Red Bank architect. Thomas S. Beers, Red Bank, was the consulting engineer. Norman K. Lanterman, the electric utility's building manager, supervised and coordinated construction. William L. Blanchard Co., Newark, was the general contractor.

## May Deduct Storm Damage

Internal Revenue Service announced today that the new law signed by President Kennedy on March 31, 1962 permits taxpayers who have suffered property damage from storms and flood earlier this year to deduct the casualty losses on their 1961 returns.

Taxpayers who have already filed their 1961 returns can file amended returns to claim their losses, IRS said. Internal Revenue said that the new special treatment is limited to taxpayers whose property is in an area determined by the President to warrant Federal disaster assistance.

So far 11 states have been determined to warrant such assistance and tax relief for disaster victims. The states are: Idaho, Nevada, Colorado, Delaware, Maryland, New Jersey, Virginia, West Virginia, Kentucky, North Carolina and New York.

Internal Revenue Service promised to speed refunds to

storm and flood victims. To aid the Service in this, Internal Revenue asked that taxpayers attach a statement to the front of their returns indicating that a casualty loss is claimed.

## Rummage Sale Set

Don't forget to attend the Rummage Sale to be sponsored by the Laurence Harbor Lions on Saturday, April 14th opposite the A & P Store in Laurence Harbor at the circle.

The sale is open to the general public and many interesting and needed items are up for sale.

Why not plan to attend, might find something that you can really use at prices below wholesale? Can't find a better deal in town.

## Old Bridge Society Meeting Held

The regular monthly meeting of the St. Thomas Rosary and Altar Society was held recently in the new church hall following the Women's Mission Service which was conducted by the Passionist Fathers.

Due to the heavy wind and snow storm in March there was no meeting and therefore some business had to be discussed on the Cake Sale and Evening of Recollection by telephone. Mrs. Anderson, president of the group thanked the executive board and the various committee chairman for their cooperation in this matter.

The minutes of the previous meeting were read and were approved by the group as well as payment of various bills.

Mrs. Loretta Columbus an-

nounced that the date has been selected for the Annual Charity Ball. The affair will be held on Saturday, November 24th at St. Thomas Hall. Guy Lombard will again return to grace the stage. Mrs. Columbus urged that various ladies register to sign up to help with this affair.

Rev. Walter French was guest speaker at the meeting. He announced with sorrow the recent death of Mrs. Mary Kossman who helped organize St. Thomas's Parish. He asked that the entire membership pray for the soul of Mrs. Kossman and also to pray for Father Macho is believed to be held by the Castro Communists following the ill-fated expedition to the "Bay of Pigs".

## "Name The Hole In The Road Contest"

In order to aid the Madison Township Road Department to find holes in the various roads in our town, The Madison American is sponsoring a "Name The Hole" Contest. We are offering no prizes, you won't receive any "Free Trading Stamps" and we can't even promise that the Township Committee will name the road after you.

The rules of the contest are quite simple merely cut out the coupon below and paste to Penny Post Card, (whoops Three-Cent Post Card) and mail to "NAME THE HOLE" CONTEST, C/O MADISON AMERICAN, Post Office Box 231, Laurence Harbor, New Jersey.

Holes must be at least three inches deep and at least twelve inches wide in order to count in the contest. We will inform the Township Committee as to the location of holes in the road. We won't use the name of the person submitting the "Hole of the Week" this is the biggest hole in a road in Our Town submitted by a contestant. In fact we won't use any of the names just the location of the hole and the size.

Perhaps if the Township Committee and Road Department get interested in the "Name the Hole Contest" arrangements can be worked out where the winners in the contest might receive a shovel and a wheel-barrel full of "black top".

Let's get in the spirit of the thing and send in your coupon. You might have the biggest "Hole in the Road" in Town. Send in today. Send us \$25,000 in cash and we will send you 25,000 words or less.

**Project Of Convenience**

Back in 1956, George Otlowski was a candidate for Freeholder in Middlesex County. He suddenly took an interest in the shore area of Madison Township which was severely damaged by hurricanes that struck the area in 1955. He spent many hours in conferences with the Township, State, County and Federal officials in regards to the problems of shore erosion. You were successful in your campaign and you were elected as a Freeholder.

The Laurence Harbor - Cliffwood Beach problem became more acute as subsequent hurricanes and storms hit the area. The situation was desperate but we didn't notice you visiting our town anymore, except around November when you made election speeches. There wasn't any mention of the shore problem in Madison Township.

In 1961 you once again became interested in the shore erosion problem. This was about the same time that you announced that you were a candidate for Congress. You contacted certain Township officials and again began a campaign of shore relief for the Laurence Harbor-Cliffwood Beach area. This seems to be a project of convenience -- your convenience.

You have served on the Board of Freeholders. We challenge you to point to one accomplishment in Madison Township. Have you corrected the drainage on Ernston Road near Madison Park? Have you corrected the drainage on Englishtown Road in Old Bridge? You certainly must be aware of the drainage problems on these two locations.

Maybe "minor flooding" conditions haven't got enough prestige or glamor, or perhaps they don't make very interesting reading from a politician's point of view. They are however, problems of interest to the many residents that use these county roads.

Mr. James E. White  
Publisher  
THE MADISON AMERICAN  
Box 321  
Laurence Harbor, N.J.

Dear Mr. White:

I'd like to thank you for helping my cause during the summer by publishing my ELECTION NEWS, LOCAL 88, M.M. & P. If more publishers would take the time to publish facts about free trade and free immigration, there'd be more people employed in the U.S. today.

Many papers in the Township have gone into great detail about new schools. Schools which the School Board and the Board of Education says we need. Not one that I've read mentions the ability of the teachers, the courses taught, or the books which the Township children are reading.

Yesterday Ronnie came home with a History notebook which appeared several notes on the how and why of Communism. The questions, and the answers, on the whole, seemed all right. But in another subject, Speech and Drama, a teacher's book report seemed to denounce, or perhaps misstate would be a better word, the American business system.

I call your attention to: ALL MY SONS.

"ALL MY SONS demonstrates the basic ethical weakness of the American business morality, which justifies all through success and often ignores human values; Joe, setting out to succeed in the typical American way, has murdered his son and brought destruction on himself and his family."

I admit, at times, we might be tempted to use a heavy club, but murder, well...

Isn't it Communism which ignores "human values"? How could American business be accused of this when so much of their tax money is used to feed the world. And aren't workers in this Country, union and non-union alike, better paid than any other country in the world?

If you dig further, you might come up with a fair story.

Very truly yours,  
Ed Connor

Dear Editor:

I would like to enlist your assistance in attempting to clear up a situation which has become most confusing to many residents of Middlesex County.

In recent weeks, many people living in Middlesex County have received telephone calls soliciting old clothes and rummage, in the name of Cerebral Palsy. This effort is being conducted by an organization from outside Middlesex County and does not in any way benefit the United Cerebral Palsy Association of Middlesex County or the United Cerebral Palsy Association of New Jersey.

If residents of Middlesex Coun-

**Under The Fence**

**FEUDING AND FUSSING:** Well it's almost all over but the shouting as far as the local primary picture is concerned. Jacconetti is putting final touches on his campaign in Sayre Woods South. "Big John" as they are beginning to call him was seen chatting recently with one of the "real big" leaders of the Democratic Party in Middlesex County and State politics. Pandozzi has been working equally hard and April 17th will decide who's in and who's out.

**POLICE DEPARTMENT:** Somebody goofed. Recent releases by leading safety experts have advocated the use of seat belts in all automobiles as a safety aid in reducing injuries. There is even talk of requiring that all automobiles be equipped with the belts as standard equipment. The Township Committee should have set an example and ordered them in the new police cars. Understand that the police chairman will soon speak to some of the police and there may be a slight shake up in the police department.

**LOVE AFFAIR:** That "babe" in Old Bridge was told to knock it off by husband dear or else. The "babe" took the "or else" and is now living with her mother. Hubby Dear is all "shook up" to say the least. Before she left the old homestead, she broke up all his stereo records... several hundred dollars worth. She claims he loved the hi-fi more than her. Sounds to us like a broken record. To J.B. in the Harbor it isn't your girl friend that you have to watch it's your boy friend who is going steady with your girl friend.

ty would like to assist the work being carried on to rehabilitate cerebral palsied victims of this area, by donating clothes or other articles no longer wanted, please call the United Cerebral Palsy Association of Middlesex County at LI 9-5580 and arrangements will be made to have the materials picked up.

Our sincere thanks to the Madison American for your continued interest in and support of our efforts on behalf of the cerebral palsied individuals of Middlesex County.

Sincerely yours,  
H. Edwin Stockwell, Pres.  
United Cerebral Palsy Assn.  
of Middlesex County.

**THAT TIME OF YEAR:** Well spring must be in the air, despite the chilly weather, Madison Township is once again "flooded" with ice cream trucks. We still feel that these vendors are unfair to local businessmen who have to pay real estate tax, personal property tax etc. We feel that the Township Committee should pass a tighter ordinance regulating canvassing of any type. We doubt if the township committee has a legal ordinance on solicitation? There is an ordinance requiring the proper parking of vehicles, local police ought to start enforcing the ordinance as far as the ice cream trucks are concerned.

**WORD TO THE WISE:** Homeowners watch out for the "phony fertilizer" salesmen. These are the fellows that sell from the back of an open truck material which they generously term fertilizer. The junk can be anything from coffee grounds to chopped up weeds flavored with a little horse manure. These fellows usually sell the junk by the bushel and they clip you. You'd be better off if you took the money and spread that around the ground. Unless you know the fellow that is peddling the fertilizer insist on bagged fertilizer which has the chemical content listed on the bag. Watch out for extremely low prices in bagged fertilizer you might just be buying up to 90% sand. What did that fellow say about one being born every minute?

**ENGINEER:** The Township Committee should look into a full time engineer. We understand that in Edison Township the engineer is full time and is paid less than \$10,000 per year. Perth Amboy also has a full time engineer as well as the city of Long Branch. The committee could save several thousands of dollars each year, plus they would always have full time coverage. Why not tie the engineers job in with the Board of Health and make the Engineer a full time health inspector?

## Group Hears Talk On Stained Glass Windows

Mrs. Peter A. Read, Middletown, N. J. was guest speaker at the recent meeting of the Mid-Madison Womens Club. Her topic of "Stained Glass Windows" was illustrated with numerous colored photographs depicting some of the most beautiful and famous stained glass art in the world. Mrs. Read explained the entire creation of the single window using her own black and white drawings to show each step in the process. She noted that her interests in stained glass began as a winning project in a Womens Club essay contest, and has "snowballed" from that start. Several arrangements combining flowers, small art objects and stained glass replicas were used to show how the art could be used in the home. The high light of the display was a framed mosaic of small pieces of glass window and a single piece of iris crystal chandelier from the ruins of the Old Matawan Presbyterian Church.

Mrs. Redd also announced that as in previous years, candy for the youngsters will be given out.

## Fire News

Chief William Kashau of the Cheesequake Independent Fire Company again appealed to residents of Fire District #2 not to attempt to burn fields of weeds or grass.

The Cheesequake Fire head urged that residents desiring to rid their fields or plots of grass or weeds to contact any member of the fire company.

Chief Kashau also announced that a film on fire safety and other related subjects will be shown at the Cheesequake Fire House on Friday evening at 8 p.m. admission to the affair is free and the general public is invited to attend.

Various merchants have donated money and candy for prizes. Assisting Mrs. Redd with the annual affair are co-chairmen John Soldiveri and Mrs. Eva Cafara of Old Bridge.

Mr. Edward Patten, candidate for the 15th Congressional District on the Democratic Ticket will make an appearance at the affair. Mr. Patten according to Mrs. Redd will award the prizes.

Youngsters of all ages are urged to attend the affair, it's plenty of fun for all from 2 to 60. As in past years there will be volunteers on hand to watch the children and supervise the affair. So for a gala time attend the annual Egg Hunt sponsored by the 2-6-8 Democratic Club of Old Bridge. All children from the Old Bridge area are invited to attend the affair which gets underway at 11 a.m. at Duhernal Lake.

## Park PTA Elections Held

PTA MODELS: Following recent election of Officers at the Madison Park PTA a fashion show was held. Various "old time" costumes were modeled (left to right) Mrs. Irene Rescigno, Mrs. Carol Felice and Mrs. Judy Harter.

Election of officers was held at the last monthly meeting of the Madison Park P.T.A. The officers elected for next year are: President - Mrs. Shirley Waldman, Vice-Pres. - Mrs. Gloria Salvo, Treasurer - Mrs. Phyllis Woodruff, Corresponding Secretary - Mrs. Betty Piguit, Recording Sec. - Mrs. Jenny Pederson. Among the motions presented at this meeting was a motion to purchase a "Roberts Rules of Order" for P.T.A. use, and a motion to show free movies at the school for the children during Easter vacation. Attendance banners were won by Mrs.

Helen Smith, third grade, and Allen Luster, fourth grade teachers. Refreshments were donated by the mothers of the first grade students.

Following the election of officers, Mrs. Mary A. Wenng, Program Chairman presented a fashion show at the last meeting of the Madison Park P.T.A. Among the apparel on parade was a dress similar to the one worn by Phoebe Apperson Heart, one of the founders of the first P.T.A. This dress was modeled by Mrs. Irene Rescigno, Mrs. Carol Felice wore the Gay Ninety bathing suit, and Mrs. Judy Harter the Roaring Twenties outfit. Mrs. Betty Tierney modeled a twist dress, and Mrs. Shirley Waldman a suit.

**Dear Sol***Dear Sol:*

I went to a rally the other night. Some fellow by the name of Olowyke is running for congress. Just can't figure him out he was such a nice quiet fellow.

Sol I met him in 1955 for the first time at Warsaw Busby's Restaurant in Lawrence Harbor.

He said he was thrilled to be able to run with the backing of the Democratic Organization. He said he would never, never use the ski "on the end of his name to get one vote."

That was in 1955, now he says Patten shouldn't run. The "boss machine". You know Sol he sounds like they wouldn't let him carry the ball and now he wants it back.

I don't understand him at all but then I'm not a politician. Just a taxpayer with plenty of taxes. He talks about hospitals I wonder they would be without taxpayers like me.

Got to run now Sol, I'm going to hear a gentleman talk I'm going to a Patten for Congress Rally.

A &amp; E TRAVEL SERVICE

BY Richard Brill

The other day someone called and asked the following question: "We are getting married this June, we have \$250.00 for our honeymoon trip, do you think, we could go anywhere for a week?"

With \$250.00 for two you can have a nice honeymoon or a vacation for two in Miami Beach, Florida. Round trip by rail with their new excursion rate is now \$70.00 by coach and if you wish to go by bus it will cost about \$10.00 less per person. Therefore, the round trip transportation to Miami will cost about \$140.00 for two. You are left with \$110.00 for your hotel accommodation and other expenses. You can get a nice double room with private bath and modified American Plan (breakfast and deluxe dinner) for about \$75.00\* for both of you for six nights and seven days, making a total of your expense in beautiful Miami Beach of \$215.00 for both of you. . . . Now you have additional few dollars available for other expenses and if you spend carefully you will have a wonderful time.

The attractions to see and visit in Miami Beach are numerous; the parrot, monkey and orchid jungles, the tropical gardens, glass bottom boat trips, famous sea-quarium, horse races, etc. Miami also offers over 350 restaurants and night clubs. Many of the nation's most famous entertainers perform in Miami. I strongly recommend a tour of the "Hotel Lobbys" which is fun all by itself, as one is more beautiful than the other. Miami Beach entertains more than 2,000,000 people yearly and all of them return happy and plan to go there again and again. . . . Here is a bit of warning, make sure, that your hotel is reserved before departing from home. . . . Miami Beach has had a banner year and accommodations are very difficult to obtain. It is wise to make sure, that your room is waiting for you on arrival rather than hunt for one.
