## School Transportation "Still In A Muddle"

Once again the Madison Township Board of Education has created another problem. Transportation of school pupils something that should have been worked out well before this was the highlight of the recent Board

of Education meeting.

According to Board member's the present transportation of parochial school children will be closely reviewed when bus contracts are awarded for the 1963-64 school term.

Presently the Board of Education under State Statute provides for the transportation of parochial and other private school pupils to and from these schools.

There are over 1,000 pupils attending parochial school in

South Amboy, New Brunswick, Madison Township, Perth Amboy.

Transportation of pupils to and from private schools is covered under State Statute 18:14-8. Provision has been made by the State Board of Education to supply 75% of the cost of such transportation.

Parents of youngsters attending private and parochial schools must provide their own tuition fees if any are involved. The parents must also pay all local taxes.

Several years ago a similar problem came up in the City of Perth Amboy when Town officials in an economy move voted to suspend bus transportation for parochial schools. The parochial schools responded to the issue by temporarily shutting down their school operations and informed the Board of Education that they would have to take care of the additional pupil load.

Suppose the same thing happened in Madison Township and the Board of Education had to provide teachers, supplies, books, janitorial services for an additional 1,000 pupils. Wonder what the cost would be to the tax payers of Our Town? We wonder where these 1,000 pupils (plus) would be housed? Certainly the Board of Education could not easily absorb the additional pupils? The Board of Education could need thirty new class rooms to handle the pupils.

Some members of the Board of Education feel that existing routes to parochial schools in

Perth Amboy and South Amboy have been "stretched". Some argue that the transportation is based on existing public school routes and parochial school transportation should stay on these routes.

Most of the parochial schools provided to Perth Amboy and South Amboy based on the fact that Madison pupils attend Vocational School in Perth Amboy and Woodbridge. Some Board of Education members point out that this is as far as the Board of Education is responsible for the transportation of parochial. Can you imagine the City of Perth Amboy allowing the Madison Township Board of Education to "dump" over 700 youngsters at the Boy's Vocational School on New Brunswick Avenue and allowing the youngsters to walk to the various parochial schools which are located almost one mile from the Vocational school? This is the nonsense that the present Board of Education is discussing.

According to transportation laws of the state bus routes are supposed to be laid out according to the shortest route, there are many times that routes are moved or extended because of hazardous conditions.

In 1955 the Motor Vehicle Department and the Middlesex County Safety Co-ordinator recommended that pick-ups and discharging of passengers on Bordentown Avenue near Madison Park be stopped and that the buses be rerouted to the Madison Park development. Why? Because the buses held up traffic entering and leaving the various plants located in Parlin.

We would suggest that the members of the Board of Education immediately confer with the various parochial school heads, before they bite off more than they can swallow. Madison Township schools would never be able to handle the influx of parochial school children if the various Catholic Churches in the area suddenly decided to send all youngsters to Madison Township schools. If this ever happened it would mean an approximate increase in the student load of 20%.

We urge the present Board of Education to think twice before they start experimenting with parochial school transportation.

## Madison Police Officer Receives Trophy

man Fleming and Major D. R. Capello Acting Superintendent of State Police. Madison Police are asking for an increase in pay. Won't you help by voting YES on Election Day November 6th. PLEASE

Thomas Fleming of Dolan Avenue, Morgan, N.J., has been a member of the police department since 1960. He was born in South Amboy and is a graduate of Sayreville High School.

He is the second Madison Township Patrolman to receive an achievement award at the Sea Girt Academy.

He is a veteran of seven years in the United States Marines, having served with the Corps during the Korean conflict. Fleming is married to the former Carol Tier, of Lawrence Harbor, and they reside at 223 Brookside Ave., Lawrence Harbor, N. J. The couple has four children; Bernard, age 9; Robert, age 7; Christine, age 5 and Patrick,

## Scale Model For Stage Production

Bud Guarino and Frank Attardi of Community Theatre Players have devised a unique method of set construction for the groups production of STALAG 17. Each member involved will receive a "Kit", to be assembled in their home, which

will contain all the necessary construction material needed for a particular section of the set.

Working from a precise scaled model, these completed "Kits" will fit together like pieces of a puzzle when the entire set is erected on the High School stage the beginning of October.

STALAG 17 to be presented at the Madison Township High School on November 8, 9, and 10 will be the most exciting evening of "Live Theatre" ever produced in Madison Township.

At a small but impressive ceremony, held at State Police Headquarters, Major D. R. Capello, Acting Superintendent, presented the New Jersey Police Academy Pistol Trophy to Patrolman Bernard T. Fleming, Madison Township Police Department.

Chief Charles Boice, himself a graduate of the Academy, was present at the presentation, and praised Fleming's accomplishment in achieving the honor over 48 other members of the 66th Class.

Fleming, son of Mr. and Mrs.

The meeting will take place in the Kindergarten Building at the Madison Park Schools, all interested persons are urged to attend.

Under discussion will be various problems concerning the residents of Madison Park. Sewerage, sanitary problems etc. will be topics of conversation at the meeting.

Messenger pointed out that the meeting is non-political and is aimed solely at the problem of correcting various complaints in the Madison Park area.

Recently residents of the Park area complained of rats and overflowing septic tanks in the area.

## Dance Set

A Masquerade Dance will be held at St. Bernadette's Hall, Madison Park, on Saturday, Oct. 27, 1962.

Music will be provided by Jerry Fallon and his orchestra. The affair is sponsored by St. Bernadette's Holy Name Society.

## Challenge To The Candidates

The Madison American challenges the candidates seeking election to the Township Committee in the November 6th election to answer the following questions. The challenge is made to the Democratic Candidates and the Republican Candidates.

1. If elected how do you intend to lower the taxes in Our Town? Can they be reduced?
2. What do you intend to do about obtaining industry and additional commercial tax ratables for Madison Township?
3. What is your position on "garden apartments"?
4. What about home developments in Madison Township?
5. Would you recommend the appointment of a "full time" engineer?
6. How would you go about providing additional services from the local Board of Health?
7. What about future expansion of the Madison Township Police Department and Road Department?
8. What about additional recreation programs for the residents of Madison Township?

These are but a few of the questions that the voters of Madison Township would like to have answered prior to election day on November 6th.

## Card Party Set

The Welfare Department of the Woman's Club of Laurence Harbor will hold a card party on October 23 at 1 p.m. at the home of Mrs. William Slendorn, 299 Norwood Avenue, Laurence Harbor. Funds realized will be used to purchase Christmas gifts for the patients at Seabrook Nursing Home, Keyport.

During the meeting held at the home of Mrs. James Armstrong, 71 Bayview Avenue, 85 cancer dressings were made. The Girl Scouts assisted by pasting 299 crossword puzzles on shirt cardboards. The puzzles are obtained from newspapers, magazines, etc. and the answers are pasted on the back of each cardboard. They will be donated to the patients at Marlboro State Hospital.

Mrs. Armstrong announced that there is still need for used clothing and anyone having any to donate may contact her for pickup.

### Stamp It Out Before It's Too Late

Recent wanton acts of destruction and vandalism committed by juveniles in Our Town can only lead to the creation of another BLACK BOARD JUNGLE.

Many of the residents of Madison Township moved from the city to escape the mire, dirt and filth of the JUNGLE. We sought refuge in fresh air and clean country living. For many of us it meant giving up life long friendships. We endure many additional financial and physical obligations in the hope to rid the stench and moral corruption of the JUNGLE from our nostrils.

Slowly but surely, the cancer of the BLACK BOARD JUNGLE is forming!

This decadent and obscene growth starts with juveniles exhibiting discourtesy to police and adults, store owners are plagued with taunts and jeering, women shoppers are often jostled, shabby remarks are made to younger females coupled with suggestive gestures.

It is about time that the citizenry of Our Town take notice of this cancerous growth and stamp it out before it's too late. Every church organization, P.T.A. and civic organization in Madison Township should demand from the Mayor and Township Committee that the necessary action be taken at once to stamp out this cancer before it's too late!

The introduction of an ordinance prohibiting children under the age of seventeen years from remaining, loitering and being found upon any of the streets, parks, public places or quasi-public places in Our Town after 10:00 o'clock at night would certainly be a step in the right direction. Neighboring Monroe Township recently introduced such an ordinance.

We fully realize that no single ordinance will effectively stamp out the cancer and decadence of the BLACK BOARD JUNGLE entirely, but at least we will have moved forward.

If any adult thinks that this cancer is not already forming, speak to the Chief of Police, make inquiries at the local Juvenile Committee, look around! The cancer is slow in forming but once established grows to tremendous proportions and then can not be cured.

We offer our apologies to the many, many clean and wholesome teenagers of Our Town that would also be inconvenienced by this ordinance, however, we feel that you really understand the problem perhaps much better than the adult population of Our Town. Surely the youth of Madison Township realizes the extent and proportions of this decadent cancer.

## Under The Fence

WE MUST BE GETTING OLD: Maybe somebody can tell us how come "SHERRY" was replaced as number one record by the "Monster Mash". "SHERRY" sounded like a group of singers that had their toes caught in a meat grinder. The "MONSTER MASH" sounds like someone caught in a cement mixer. Maybe we're getting old or something but how come a song like "Fly Me to the Moon" doesn't even get off the ground. Getting so that we hate to turn on the radio. You either get the screeching of "SHERRY" or the mumbling of the "MONSTER Mash". We'd also like to hang the kid on one radio commercial from a tree with a string of frozen sausages you know the one "More ---sausages Mom". We try to instill in our youngsters how to be polite and say please when asking for something and all you hear is "squeaky" hollering for "More ---sausages Mom". We have news for him and his sponsor we've just stopped eating sausages for the duration. Revolt America! Bring back Burt and Harry.

WARNING TO PARENTS: The 1962 gunning season will soon open, with hunters roaming the woods of Our Township parents should be advised to keep the youngsters out of the woods. Unfortunately some hunters shoot at anything that moves. They shoot first and investigate later. Play safe and keep youngsters close by the home. Report any hunter that fires too near a residential area to the Madison Township Police call Parkway 1-4000. There are still large tracts of land that are stocked with game there is no reason to hunt near residential areas.

POLICE DEPARTMENT: Local police recently thought that they had a run on French poodles. Seems that a poodle was picked up for the dog-catcher and turned over to the police. One officer placed the poodle (with only three legs) in the kennel behind headquarters. Sometime later another police officer reported that he had picked up of all things a three legged poodle and placed

it in the kennel. Upon further investigation it turned out to be the same poodle who merely had escaped the confines of the kennels. Just when we thought we had a human interest story. It went to the dogs! We already had the title picked "Oodles and Oodles of Poodles". Madison Police have apprehended everything from monkeys to steers. Recently they received a call that cows were sauntering down the road. Years ago when Madison Township just consisted of "farms" cows and steers seemed to stay home---never to roam. Oh, well I guess they didn't get their tranquilizers or something. Pretty soon Madison Police will be wearing cowboy hats.

FUDGING AND FUSSING: The political situation in Madison is coming down to the wire. The local Dems have borrowed a page off the G.O.P. who have been publishing a newsletter. Dems came out with first issue of a pamphlet called "YOUR TOWN". Some Dems feel is this trip necessary? Many argue that they don't need any publicity. Despite constant statements from the G.O.P. municipal chairman that he can smell the victory in the air, we think he's a little worried. Understand that he has been really campaigning in the Laurence Harbor area. Rumor has it that Democratic Campaign Manager Dave Watson was recently under fire. Well things just might get warmer---s-o-o-n-?

ROAD DEPARTMENT: Wonder who's brilliant idea it was to clean up Fourth Street in Old Bridge recently? The street sweeper made several passes up and down the street busily sweeping up dirt. That's about all he was picking up. After the contractors finished with Fourth Street there wasn't too much hard surface left to sweep. Dirt goes down mighty deep. Harbor residents are complaining (under their breaths) about the sewerage work in the area. Roads are left practically impassable just about everything. Overhead at the postoffice "It'll take more than SALVO to clean up the dirt".

TIGHTER CONTROL: Madison Township Police will soon tighten up on youngsters that disappear from their homes on overnight spees. There have been numerous youngsters disappearing from homes only to show up the following night. Understand that police will place all such youngsters in the Juvenile Detention Home for complete physical examination and questioning in an effort to stamp out this latest "fad"?

OH WHERE! OH WHERE! Some residents of Madison Township are beginning to wonder what ever happened to the Tax Map that was supposed to be completed. Guess by the time they ever get around to finishing it. We'd have to start a new tax map cause the other one would probably be obsolete. We hope that the township committee isn't paying by the hour for the completion of the tax map?

**PLEASE GIVE:** - Madison Park First Aid Squad is conducting Annual Fund Drive. A tire for this ambulance costs \$40. A battery \$50. Insurance approximately \$500. The squad is seeking the average of \$5.00 per home in the Park area. Please donate.

ROY MIDDLETON chairman of the Madison Park First Aid Squad Fund Drive announced all collection envelopes were distributed Saturday October 13th.

Squadmen will start the initial "pick up" of donations Saturday October 20th.

Mr. Middleton pointed out that should residents not be able to donate at that time, a member will call back; or if desired, a

weekly donation arrangement may be made.

It is requested that each home donate a minimum of \$5.00 which will barely keep the Squad in operation, due to increased costs in Insurance, fuel, maintenance, replacement of supplies, etc.

Once again the Squad's slogan of "Help Us To Help You" should be remembered.

## G.O.P. Candidates Blast Bookkeeping Of Dems

The Republican candidates for township committee last night called upon the present Democratic administration to "explain its failure to effect some 15 major reforms in fiscal practices advocated by auditors for past two years."

Candidates Kenneth H. Banks and Mrs. Eugenie F. Hampton, who are seeking election to the presently all-Democrat township committee, spoke at the Republican organization's annual Dinner-Dance at the Pines in Edison.

"The present Democrat regime is currently operating under a bookkeeping system which the owner of a corner news stand would laugh at," they told GOP supporters.

"Madison Township's one-party administration is content to muddle through its current fiscal chaos even though the township has been told for two years

accounts, disposal of property acquired through tax liens and maintenance of separate departmental bank accounts.

Banks accused the Democratic administration of "sloppy, inefficient management of the business affairs of the township." He termed the auditor's report "A shocking revelation of the mish-mash which is the township's financial set-up."

Mrs. Hampton continued, "The average housewife wouldn't run her household without knowing whether or not she had enough money in the bank to pay the monthly bills. But the present township administration has no qualms about doing this. Most people balance their accounts on a monthly basis. But the township tries to balance its accounts once a year."

"Under current practices, the township dips into funds earmarked for one department whenever it has to meet unex-

## Messenger and O'Brien Reply To Charges

Township Committeemen Harry Messenger and Victor O'Brien seeking re-election on the Democratic Ticket in the November 6th election, lashed out at recent press statements made by the Republican candidates concerning recommendations of the Township Auditor. In a released statement Messenger and O'Brien stated:-

It is a matter of record that the same recommendations of our auditors were also the recommendations of various auditors for the past 20 years in Madison Township. The present administration is working hard to reconcile these recommendations as suggested.

For our opponents information we have finalized eleven of the suggestions, and the remaining

### Police Pay Raise Endorsed

At the regular monthly meeting of the Madison Township Junior Chamber of Commerce the referendum for increased pay for the local police force was endorsed by the membership.

Plans were reviewed on the groups program of activities, including a community attitude survey, seat belt and safety clinic and the information program on obscene mailing practices.

are of such a nature that it will take a number of years of investigation to do the research necessary that will enable us to comply with the recommendations of our auditor.

Once again our opponents are ill advised or telling half-truths, when they should know full well that each official, department head, and citizen of Madison Township can find out how much money has been spent from any account, at any time by a visit to our Clerk's Office and examine the records.

We point out that the budget is a guide, provided by each department head at the time the budget is formulated. All submit their proposed budget requirements for the ensuing year and if the Committee sees fit to approve them, they are included in the budget. It is standard procedure in munici-

denning the majority of the housewives in our community whose job it is to "balance the budget".

Our opponents again have indirectly attacked the Industrial Commission, who we feel have worked hard and expended much time and energy in an attempt

**Victor O'Brien**

to bring industry into Madison Township. They blandly state that they will employ a pay-as-you-produce Professional Industrial consultant to locate Industry in our Township. Who are they trying to kid? They are asking mature individuals to believe these statements such as a child would make. Who can believe that a qualified professional Industrial consultant of any stature would accept this job under those conditions?

We wish to inform our Republican opponents that there are seven seats on the Industrial Commission and not five as they seem to think. It is very difficult to convince qualified people to serve without compensation on various Commissions but when they are subjected to attacks by Candidates who appear as highly critical experts just prior to election it is virtually impossible.

We are asking the voters of Madison Township to support and return to office experienced Democratic Candidates who have provided good government and sound fiscal administration for the past three years.

**Harry Messenger**

palities to transfer funds from one account to another in order that no one account is overexpended. It is against the law to over expend the total budget, and this a Democratic Administration has never done.

All past administrations have seen fit to make transfers as they are needed, and allowed by law. If our opponents feel that housewives who may use their "rent money" to pay the milk man because they used the "milk money" to pay for groceries are mismanaging their homes, we are of the opinion that our Republican opponents are con-

# Boice Warns Of "Winter Driving Conditions"

Despite the "spring-like" weather enjoyed by residents of Madison Township earlier this week Chief Charles Boice of the Madison Township Police Department issued a warning that cold weather will soon be on its way and motorists must now begin to prepare for winter driving before the first snowfall.

The Madison Police head stated that the individual motorist can help to reduce driving hazards by following the tips on winter driving contained in a folder which can be obtained from the New Jersey State Highway Department.

Boice said follow the simple requests and it will definitely keep you from becoming a casualty because of weather conditions.

Before cold weather sets in, make certain your car and all of its accessories are ready for the winter season. See to it that your braking system is in good

mechanical condition and that your brakes are evenly balanced.

Check to see that you have good tread on your front tires and mount snow tires on your rear wheels.

Put a set of tire chains and a couple of warning flares into your car trunk.

Make sure that there is sufficient anti-freeze in the radiator and that your car heater and windshield defroster operate effectively.

Put a small plastic ice-scraper in your glove compartment and check the windshield wipers to be sure that they operate properly and that the blades don't streak. If they streak, replace them.

If your car is equipped with windshield washers, double check to see that they are operating properly and that the reservoir contains the proper fluid mixture.

When snow or ice is expected, don't drive unless it is absolutely

necessary. However, if you must drive, fill your gas tank at the first opportunity and keep it as nearly full as possible.

Put a bucket or bag of sand and a shovel in your car trunk.

During a snowfall or immediately thereafter when roads

smoothly. Don't try to accelerate rapidly, and take curves and corners with extreme caution.

Drive well in back of the car ahead so you'll have plenty of room for stopping. Be alert in anticipating stops, applying your brakes sparingly and in small doses -- don't hit them hard, you'll only skid and probably lose control of your vehicle.

If you approach a traffic tie-up, don't attempt to cut across center islands or go in the wrong direction on one-way streets or ramps -- stay in line.

Listen to road condition reports on your car radio. You may be able to avoid routes that are in a poor or congested condition.

One cardinal rule that would be to your advantage, as well as ours, would be to give snow

Police Chief Charles Boice

are relatively hazardous, there are many things that you can do to increase your personal safety factor.

Don't wait until you are stuck to put emergency chains over your regular or snow tires.

Make a habit of driving

plows and sand spreading trucks the right-of-way. They are trying to help you.

If you should be stopped for what might appear to be an extended period, make every effort to conserve your gasoline supply and your battery. You can do this simply by shutting off your accessories and cutting the motor. Use a blanket to keep warm and unless you feel it is absolutely necessary, don't abandon your vehicle. Above all, cooperate fully with the local police and road maintenance crews who are working to clear the roads and to keep you safe.

## Census Bureau To Conduct Health Survey In County

A number of residents of this county who were born in Great Britain or Norway will receive in the mail late this week a questionnaire from the U. S. Census Bureau as part of a Survey of Health Characteristics which that agency is conducting for the United States Public Health Service.

The purpose of the survey is to provide information for use in studying health problems involving diseases of the heart and lungs. Questions will be asked to determine if persons born in Great Britain and Norway are less or more likely to have these diseases than persons born in the United States, and whether these diseases have any relation to the places people have lived, kinds of work they have done, and similar factors. The collection of information from British-Americans and Norwegian-Americans will permit comparisons with results of studies of persons now living in Great Britain and Norway, countries with different climates and living conditions than in the United States.

The survey is being conducted here and in 244 other countries where there is a concentration of former residents of Great Britain and Norway. Nationally, questionnaires will be mailed to 32,000 persons
