#### Developer Faces Court Action-Inspector Resigns

The Madison Township Committee in a surprise move voted to seek legal action against the development. Residents of the development known as La Laune Estates off Englishtown Road in the Old Bridge area have continually appealed to the township committee for some action against the developer.

Mayor John Keating spoke on the subject, He said that the

developer had been given enough time to correct certain road con-ditions in the area and the town-ship committee now felt that little would come of any of the pro-mises made by the developer. The motion was adopted by the

#### Hits At County Taxes And Former Mayor

Thomas Miller of Englishtown Road, Old Bridge a candidate for the Board of Chosen Freeholders on the G,O,P, ficket lashed out at former Mayor John Phillips who is presently serving as a County Freeholder. Miller who had served as president of the Board of Education in Madison Township and as a member of the Township Committee hit at County Taxes, lack of county services and generally took Phillips over the coals.

Miller in a prepared statement said "for the past several years Madison Township has been the 6th highest county taxpayer yet we rate about 25th when it comes to receiving services from the County. This year we will pay the county the sum of \$668,055,72 in taxes, an increase of \$43,917,24 over last year. For what? Other than the few students who attend county vocational schools, we receive absolutely nothing in return. Look at the deplorable conditions of county roads in this area. of Madison Township, who now serves as a Freeholder must surely know that these conditions exist in the township. He has been a Freeholder since January 1, 1963 and has done nothing and said nothing for all this time except to help raise our county taxes by \$43,917.24 for this year. It seems that he is running true to form because this is about all he did while a member of the Township Committee was to raise our taxes. In 1962 our taxes in Madison Township increased by 164 points. The G.O.F. candidate and general critic of county and municipal budgets continued. Recently Phillips, our former Mayor.

cipal budgets continued. Recently Phillips, our former Mayor, now Freeholder, voted in favor of creating a Raritan Arsenal Authority. It seems that he wanted to spend more of the taxpayers money in order to put the county in the real estate business. Luckily, for us, four of the seven members of the Board of Freeholders had the foresight and the welfare of the taxpayers of the county, at least in this instance, in mind and voted against this proposal. Perhaps against this proposal. Perhaps our former mayor had visions of another "Golden Circle Indus-trial Park" in mind when he trial Park" in mind when he voted for the creation of this

# Madison Township, N.J.

Quite a bit of discussion regarding the changing of the name of Our Town. We still would like to see the place named after the first person or company that built a sizeable ratable in our 'industrial dry' township.

The township was named after the fourth president of the United States, James Madison, he was not as generally known as his predecessors.

According to Information Please Almanac James Madison was born in Port Conway, Va., on March 16, 1751. A Princeton graduate he joined the struggle for independence on his return to Virginia in 1771. In the seventies and eighties he was active both in state politics, where he championed the Jefferson reform program and in the Continental Con-He was influential in the Constitutional Convention as leader of the group favoring a strong central government and as recorder of the debates; and he subsequently wrote in collaboration with Alexander Hamilton and John Jay, the Federalist papers to aid the campaign for the adoption of the Constitution.

In the new Congress, Madison soon emerged as the leader in the House of the men who opposed Hamilton's financial program and his pro-British leanings in foreign policy. Retiring from Congress in 1797 he continued active in Virginia and drafted the Virginia Resolution protesting the Alien and Sedition Acts. His intimacy with Jefferson made him the natural choice for Secretary of State in 1801.

In 1809 Madison succeeded Jefferson as president with 122 electoral votes to 47 for the Federalist, C. C. Pinckney and 6 scattering. His attractive wife, Dolly Payne Todd, who he married in 1794, brought a new social sparkle to the executive mansion. In the meantime increasing tension with Britain culminated in the War of 1812 -- a war for which the United States was unprepared and for which Madison lacked the executive talent to clear out incompetence and mobilize the nation's energies. Madison was re-elected in 1812, with 128 electoral votes to 89 for the Federalist, De Witt Clinton. In 1814 the British actually captured Washington and forced Madison to flee to Virginia.

In his domestic program, Madison capitulated to the Hamiltonian policies that he had resisted twenty years before, signing bills to establish a United States Bank and a higher tariff. Following his presidency, he remained in retirement in Virginia until his death on June 28, 1836. Small, wrinkled, unimpressive, Madison had an acute political intelligence but lacked executive force. The standard biographies are by Hunt, Brant, and RIVES.

DEAR SIRS:

If the name of Madison Township must be changed, why name it after someone who never heard of the place.

How about calling it Ernst, Cottrell, Perrine or Farrington, old timers of this territory.

> Respectfully, Mrs. H. S. Robbins

Dear Editor:

Now that you've started another agrument about changing the name of the township. I'd suggest that you change the name of the township to White Township or Smith Township, providing that either of you gentlemen? leave town.

If Mr. Smith isn't fighting with the developers, you're suggesting that we change the name of the township. Why don't we just call it Smith and White Township and you both move out of town.

A Laurence Harbor Resident, J. P.

Gentlemen:

We agree with your front page editorial on changing the name of the township to the first outfit that builds a factory or industrial ratable worth \$150,000,000. With the taxes that keep climbing and the school board that keeps wanting to build more schools even though there is plenty of room in the high school. I've been told that there are some classes where there are only 15 or so pupils.

We hope the industry outfit can see fit to use your suggestion.

Mr. and Mrs. Green,

R. D. #1, Old Bridge

EDITOR:

While everybody is kicking the "gong" around about naming the township, I might as well get into the act. Why not call it NOTHING, New Jersey. Everytime you need somebody, someone or some information, nobody seems to know NOTHING.

This (deleted) place is full of (deleted) for officials, about the only one that answers any questions is Mrs. Brown and she is getting old.

I'm moving from this (deleted) place, but I still think you should push for NOTHING, New Jersey, cause nobody does NOTHING, nobody knows NOTHING and everybody has NOTHING. I dare you to print this in your (deleted) paper.

a former resident of m.p.

(please withhold my name cause
I got relatives in town)

# Under The Fence

FEUDING AND FUSSING: Well the rift in the Democratic Party is widening, it's going to take a whole lot of "political glue" to mend this one. Mrs. Mary M. Brown who was "dumped" as Vice Chairlady is leading the charge, Mrs. Brown who has been a long time Democrat in the township, has been making quite a few phone calls regarding her dumping. According to Mary she wants to know how come after the first vote she was leading all opponents and the county committee then went into "executive session" when they came out her name was deleted? Hell, we'd like to flip quarters like that any day, the low man wins and the high is out---or is she? We say the Dems made a big political blunder and something should be done to correct the situation. Strange thing wasn't the previous Vicechairlady dumped in much the same fashion?

WATER DEPARTMENT: It sure looks strange to us. The Laurence Harbor Water Company wants to raise their water rates and the township committee voted to oppose the increase. When the

Madison Township Water Authority raised the rates in Madison Park and Central Park, we didn't hear any protests from the Township Committee. Course you can drink the water in Madison Park, the water in the Harbor is a little "rough" at times. Perhaps the Water Authority would like to purchase another water company. Let's face it everyone in business is entitled to make a profit on their investment. If additional funds are needed to correct a deplorable situation, then they should be granted. If the people can't pay or don't want to pay for improvements in the water company, then they shouldn't complain too much if the water is rusty, tasteless and undrinkable. ROAD DEPARTMENT: From the looks of things the Road Department has been receiving much of the "fire" from the residents in the Harbor and Old Bridge areas concerning the messed up roads. True some of the roads in these areas were pretty lousy before the sewerage authority contractors ripped them up, but let's face it they have really ruined many of the roads. We certainly hope that the Sewerage Authority and the Township Committee can come to some concrete understanding and repair the roads in first class condition. Old Bridge residents are complaining over the tar factor, in the Harbor they are complaining about the dust. "Quip in the Harbor' Did you bust a spring or shock today? Motorist really have a rough time traveling some of the streets. We know several insurance salesmen who park their cars and do all their collecting on foot.

BIG THINGS BREWING: Rumor has it that the Industrial Commission may have hatched on to a brewery for Our Town. One of the biggest items needed for the manufacturing of beer is water. There is a good supply of water in the Farrington Sands and it might be just the type that the "lil ole beer maker" is looking for. How about it Bert and Harry? Wouldn't it be nice to

name the Township "Piels Township". Maybe it would be cheaper to drink beer with Water Rates as high as they are?

HO-HUM! We see where another Civic Organization has been founded. Ho-Hum! Sounds like the same old story, all the politicians the Democrats and Republicans don't know what they are doing, we'll save the township. What amazes this column is that everybody becomes an expert after they move in town, they can sure find out what's wrong, taxes are high, lack of schools, poor garbage collection, and a host of other complaints. Wonder how come these people purchased homes in the township? You'd think that they would investigate some of the "problems" before they moved into Our Town. We've seen Civic Organizations start and we've seen them go. Our advice to new-comers is join a political organization whether it be a G.O.P. group or Dems, quit fooling around with Civic Associations they never seem to last. Guess the main reasons are the founders usually end up being the politicians they seem to discredit. We say Ho-Hum! If you have too many problems see a lawyer.

Patrick Marotta, league president addressed the crowd. He said, "We of the little league strive to teach sportsmanship, fair play, teamwork and dis- Bazaar Successful cipline. If this is accomplished we feel that we are helping the youth of our town to be better citizens. The only participation we ask of the parents is to be present at the games, as you are today, and give continued moral support to the boys."

Superintendent of Schools Dr. William J. Sample, Recreation Commissioner Harry Messenger, George Stone, president of the local Babe Ruth League and Township Committeeman Joseph G. Hoff also spoke.

Frank DeMatto of Madison Park, was master of ceremonies. He also announced the game as it progressed. The flag was raised by representatives of the Hoffman-Prince Post VFW and the American Legion Post 332.

In charge of the opening day ceremonies was Kenneth Dunagan, chairman who planned the

festivities. The Little League Auxiliary was also introduced. Its president is Ann Jennings. Other officers of the unit are Syd Baxter, Carrol Fleming, Ruth McCauley and Doris Smith. The Little League officials, in addition to Marotta, are Robert Sand, John McCauley, Mac DePre and Virely Porter.

Rielley, who was a member of the Middlesex County Board of Elections for 38 years, before his retirement, during Mrs. Massom's period of service, spoke for the Guests present and extended all good wishes, in behalf of the group. Mrs. Massom has been with the Middlesex County Board of Elections, at the Perth Amboy Office, for the past twenty years. A Staunch Republican, Mrs. Massom has been a loyal active party worker, in Madison Township and in the County, for many years before her appointment as an employee in the County Election Department. Mrs. Massom served as County Vice-Chair-

man of the Republican Organization for many years.

Travel is one of Mrs. Massoms many hobbies and she is a Native of Scotland. Mr. and Mrs. Massom plan to go to Scotland for an extended visit this summer. Mr. Massom is a retired official of the Prudential Life Insurance. Company and shares with Mrs. Massom her enthusiasm for travel. In Scotland they will be joined by a Daughter, Mrs. Louis Harvey, who, with her family are temporarily residing in Madrid Spain. Mr. Harvey, an Engineer, temporarily residing in Madrid Spain. Mr. Harvey, an Engineer, has an assignment in Spain. After the Massom's leave Edinburgh, they will spend some time in Madrid, returning to Scotland in the Fall, for the Festival in Edinburgh. Mr. and Mrs. Massom have another Daughter,

Mrs. Harold Crowther, who resides in Laurence Harbor, and five grand-children. Retirement from the Middle-

sex County Board of Elections Office, will not mean inactivity for Mrs. Massom, as Church endeavors and Civic Projects will continue to be some of her major interests.

## Miller Hits (Continued from Page 1)

For those who are authority. not familiar with the now famous "Golden Circle Industrial Park" an explanation is in order. A few years ago prior to election, in the Cliffwood Beach section of Madison Township, bulldozers etc., were busy clearing land and a large sign was erected stating that this was to be the site of the "Golden Circle Industrial Newspapers carried screaming headlines stating that our former Mayor Phillips now Freeholder Phillips was bringing Industry to Madison Township. This hoax helped to elect him to the township committee. There is no industry in this area today, even the sign has been painted over. What happened, Mr. former Mayor, now Mr. Freeholder?

Miller continued, there have been many, many accidents and injuries and deaths on County Road #516 due to dangerous curves, Freeholder Phillips, knows the condition of the road yet nothing has been done to correct this condition. Remember Mr. former Mayor you are supposed to do something other than occupy space on the Board of Freeholders. How about it Mr. Freeholder Phillips, how about doing the job you were elected for and are being paid to do. So far you are batting a big fat zero or even a minus zero.

Miller concluded "Our taxes in Madison Township took a big jump of 164 points during the last year of your local administration, they also jumped to an increase of \$43,917.24 in the county taxes during your first year as Freeholder. It seems everywhere you taxes increase. It not only appears that you are too expensive for Madison Township, but that you are fast becoming expensive for the county as well.

# PROCLAMATION

Today the word Freedom is as important to our history as it was in 1776.

The unalienable rights to Life, Liberty, and the Pursuit of Happiness, as guaranteed by the Constitution, to every American citizen, is being challenged on many fronts.

Our first line of defense against the enemies of Freedom is our Law Enforcement Agencies.

The citizens of our city have been fortunate in having one of the finest police departments in the Nation, protecting their rights, their liberties and their happiness.

Understanding is the watchword to compatability, and it is important that the people of our city know and understand the problems, duties and responsibilities of their police department.

Therefore, as Mayor of our City and on behalf of the administration, I am pleased to designate the week in which May 15 occurs each year as "POLICE WEEK", and urge our citizens to take advantage of this opportunity to honor the police officers of our community and to provide a wider base of understanding of their daily work.
