because no township officials were present to help present the case against the rate increase,"

Macrae said. The Laurence Harbor candi-date continued, "When Hoff says that neither I nor any of my GOP running mates for council have spoken a word against the rate increase on the record, he re-veals how sadly misinformed he really is. For all seven of us have repeatedly denounced this rate increase and called upon our seven Democrat opponents to do the same.

### With "Double-Talk" Macrae Charges Democrats "If we had not spoken out on this issue, the township officials would probably have never testi-fied at all," Macrae said. "When they finally got around to testifying, it was at special continued' hearings which they keep a dark secret until after the sessions had been concluded." Macrae blasted the statements by Board of Health President Joseph Hoff as "a modey col-lection of smears and half-trub-seriously misinformed or else he is deliberately trying to deceive the people of Laurence Harbor and Knollcroft on this issue." The GOP candidate said any for a resident "can get the truth behind Hoff's mis-statements by simply talking to persons who

GOP municipal council candi-date Donald Macrae said today he is 'not satisfied with the belated efforts of the township board of health to explain away its laxness in the Laurence Harbor-Knoll-croft water rates dispute."

The Republican candidate re-ferred to a recent statement by the board of health president, in which the Democratic record on the rate increase was defended. "Regardless of all the Demo-crat double-talk," Macrae said,

official township testimony on the rate boost was presented to the P,U,C, until AFTER various local residents and I protested the township's failure to appear at the hearings.

### Dogs, Please Read The Ordinance

Madison Township has one of the finest dog ordinances in the State of New Jersey, it appears however, with all the dogs running wild, that something is wrong.

It certainly can't be the fault of a dog owner that his dog is running wild on the streets, playing havoc with the neighborhood vegetation, knocking over garbage cans and biting little children, mailmen and anyone else that ventures out on the streets. No it couldn't possibly be these dog owners and dog lovers!

So we've come to the conclusion that it must be the fault of the dogs or the Township officials. Perhaps the dogs have never read or heard of the fine ordinance that is on the record for all to see.

So if that unleashed dog bites your child, postman, or does any damage, heavens, please don't blame the dog owner. Place the blame on the stupid ignorant dog that has never read Madison Township's fine Dog Ordinance.

rather than the Republican candidates, whose position is a matter of public record."

Macrae noted that members of the Republican slate were present at each publicly-advertise ther-ing held by the P.U.C. "That's more than the Democrat candi-dates can say. And it's more than Mr. Hoff can say, even though he is a public official.

### Donald Macrae

d not Mr. Hoff withheld the public the fact that onal hearings have been iled, we would have been additional scheduled, we scheduled, we would have been present for the July 22 and July 30 hearings, when the township finally presented a few arguments against the increase," he said, The GOP candidate added,

The GOP candidate added, "Who are the Democrats trying to fool on the water rates issue? "Why didn't the Democrats do their fighting in the summer, when there was a chance of stopping this rate increase, in-stead of now, when it's almost too late? Where were the Demo-crat candidates at all those water rate hearings -- the seven little rate hearings -- the seven little men who weren't there.

### 2...MADISON AMERICAN, September 26, 1963

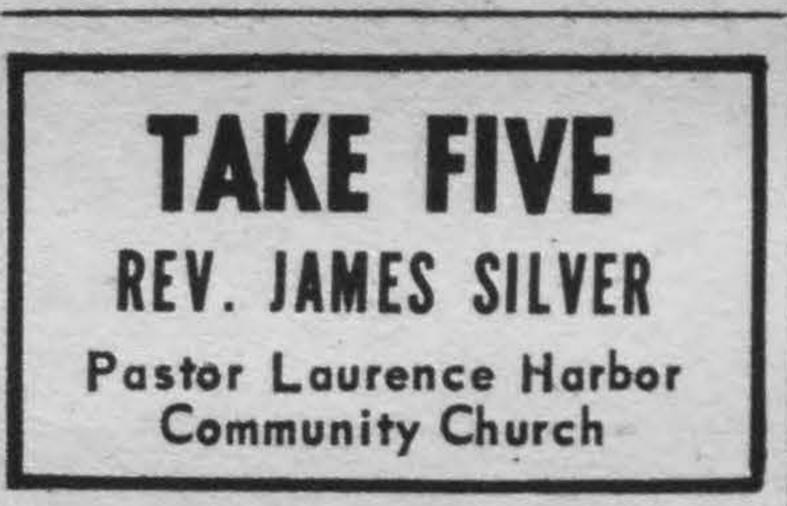

During World War II, many books, movies and other propaganda was released in this country. The articles favored our Russian Ally, we were given the impression that they were just like us, they didn't want war, they wanted peace. Members of the armed forces were in for super-treatment as the experts did a fine job of "brainwashing".

Before we get too involved with our great Russian friends, before we go too far down the lane of mutual cooperation and co-existence, before it's too late. Let us all remember the Polish Massacre! The German-Russian Pact! Let us remember Hungary! Let us all power in submarines, and elecplease remember before it's too late!

### **Too Much Fuss**

work.

We feel that the Madison Township Board of Education is making entirely too much fuss over the transfer of Mrs. K. Mollis. The way we get the story is that Mrs. Mollis, a former member of the Board of Education was trans-

In the Acts of the Apostles, chapter 1, verse 8, Jesus says, as he is about to ascend into heaven, "But you shall receive power when the Holy Spirit has come upon you."

This is an age when we hear a lot about power. There is horsepower in the car engine, atomic tric power for our house appliances. Power is also emphasized in the New Testament. It is not power to run a motor, but it is something much more important. It is power to live as God wants us to live without becgming discoukaged or anxious. Above all, it is the power to overcome the bad habits and temptations to which we often fall victim. Too few of us realize this. We resign ourselves to our faults and we a k nesses saying that they are too ingrained within us to be overcome. Yet the Bible constantly speaks of man with God's help being able to overcome sin. It was the message that the Holy Spirit has come to conquer sin that made the early Christian Church such a dynamic force in the world.

are fairly quiet at the police station, most of the officers are "eyeing" the Sayreville situation where a fellow claimed that he turned over \$1,000 for a job as a police officer. Candidates for Madison Township Patrolman took competitive examinations recently. No announcement has been made as to what scores were attained. Understand that the Township committee is keeping close watch on repairs to the police vehicles, the township purchased the cars outright this year, instead of renting them, understand that they are having a little maintenance trouble. Better make the cars last fellows or you're all liable to end up on foot-patrol.

MOVE IT OVER: Understand that a "contractor" that was involved in a dirt scandal in Sayreville over missing dirt and payments was alleged to be removing dirt in Madison Township. We understand that the dirt movement was spotted by Mayor Keating and that the police, township engineer, township attorney are investigating the situation. Evidently they don't want to see it happen here. Understand that one wisecrack going around town about the incident is "Hell, they only wanted to fill some of the holes in Sayreville. Madison Township officials have been successful in stopping "dirt diggers" on several other ocpull 1,000 votes. We predict that 70% of his vote will come from SayreWoods south. The last Independent Candidate to run in a November election was M.A. Staats. Staats who was a former Democratic Township Committeeman gathered only 315 votes all but 90 of these votes came from the Old Bridge area, voting district 2-6-8. This means that Staats polled only an average of 13 votes in the other seven election districts. (There were only ten at the time.) A writein candidate pulled something like 245 votes in SayreWoods South. How Independent can you get?

WE WONDER? We wonder if Madison Township Board of Education will have the "football stadium" completed by next season, that's right at those prices we're paying for a stadium? More windows broken at the Laurence Harbor Memorial School, maybe they like the wide open spaces or something? Wonder what the truancy record is at the Madison Township High School? Tip to the truant officer, check out a certain luncheonette in South Amboy. Understand that several residents are busily attending Board of Education meetings and will be in the running in the February school board election. There ought to be some new faces and ideas on the Board.

ferred by Dr. William J. Sample, superintendent of schools to another school.

We wonder how many employees were transferred or not re-hired when Mrs. Mollis was a member of the Board of Education? We wonder how many hearings these people were granted by the Board of Education?

It appears to this writer that the shoe is now on the other foot and it's pinching.

We wonder if the Board of Education spent as much time on the school transportation problem in SayreWoods South? We wonder if they spent this much time on preparation for the athletic field?

We feel that it is within the power of the superintendent of schools to transfer, teachers, principals, nurses, janitors and clerks.

The residents of Madison Township are paying something like \$17,000 plus to hire a superintendent of schools to run the schools. At this price why not let him run the school system?

The Gospel of Jesus Christ tells us that we are sinners, but it doesn't leave us there. It is also the good news that we can overcome sin.

Prayer: O Lord God, help us not to become so obsessed with our problems and faults that we forget that Jesus came into the world to save us from evil and not to make us more miserable. Amen.

### Meeting Held

Judge Aldona Appleton, of the Juvenile and Domestic Relations Court of Middlesex County, was guest speaker at the first meeting of the Fall season of the Woman's Club of Laurence Harbor which was held Monday evening at Webster Hall, Laurence Harbor Community Church.

"Women's Clubs were instrumental in making possible the first juvenile courts in America" Judge Appleton said. "Perhaps we can build a better opportunity for our children and grandchildren'' she continued

"perhaps by our interest and efforts we will be able to cut down juvenile delinquency. The first Juvenile Court in Middlesex County was created in 1958. Today's statistics indicate that such a court was justified. Next to nuclear warfare juvenile delinquency is the greatest threat to our national security." Judge Appleton also stated that "the prevention of juvenile delinquency is primarily the duty of the parents." A report of her experiences at Citizenship Institute which was held at Douglass College in June, was given by Barbara Gallagher, a Senior at Madison High School, who was sponsored by the Laurence Harbor Woman's Club. Citizenship Institute is held each year by the New Jersey Federation of Woman's Clubs to provide training in good citizenship.
