Keating Hits At G.O.P. Charges On Developments

Mayor John Keating lashed out at G.O.P. charges over "mass housing development" in a statement issued in behalf of his candidacy and his runningmates Joseph G. Hoff, Harry Messenger, Victor O'Brien, Vincent La Manna, John Spellman and Joseph Pandozzi.

Keating's statement read as follows: -

During the past weeks there have been several charges hurled at the present Democratic Administration by the various Republican candidates which we cannot let go unanswered.

The principal charge has been about mass housing developments in Madison Township. In this charge as well as the other charges made by these candidates they are resorted to the usual Republican tactics of distortion, half truths and smears. We would suggest that when they

make such statements that they collect all the facts and present them in full. It is a known fact that the first Democratic Administration in Madison Township was the first administration in the history of the state of New Jersey to extract donations for education purposes from developers. This was done in an effort to ease the burden upon the taxpayers of the township. This was not an innovation of the last Republican administration as these candidates would have you the voters believe. Let us examine some of the specific claims of these candidates. First of all the school donations exacted from the Central Park development amounted to \$450 per home, not land, not buildings but cash. Apply this against the formula

of 2.5 school age children per home and the \$18,000 cost to construct a school room for 30 children. This \$18,000 does not include cost of land. When this is done we find that the cash donation from 40 homes would be required to build one classroom for 30 children yet from those 40 homes there would be 100 children. This left the township with the necessity to provide the facilities for the other 70 children. When we come to the Knollcroft development we find that the agreement called for 1 room (not necessarily a school room but 1 room) for every 40 homes. Here we run into the same problem as with the Central Park development. Further, where was this school built, not in the area of the Knollcroft development but a small 4 room building built in the Madison Park complex of buildings. One of the candidates states that he protested the approval given to the Knollcroft development because of inadequate water supply. He doesn't say that this was a preliminary approval nor does he say that he was a member of the Administration which granted the FINAL approval to this development. Further he had nothing to say about the availability of water when the Attorney reported that since the area was in a franchised area the water company would be required to supply the water. No,

Third Annual Award Banquet Held

ALL STAR CHAMPS: The Laurence Harbor-Cliffwood Beach Babe Ruth Baseball League held their third annual awards banquet. Boys between 13 and 16 years old participated in the Babe Ruth League. The All Star Champs Babe Ruth League Team was presented with special honors at the affair. Township Committeeman Joseph G. Hoff was toast master.

The Laurence Harbor-Cliffwood Beach Babe Ruth Baseball League held its third annual awards banquet at the Turf Club, Route 9, before an audience of over 200. Township Committeeman Joseph G. Hoff, was toastmaster.

Madison Township Recreation Commissioner Harry Messenger and Mayor John Keating paid tribute to the more than 90 boys from 13 to 16 years of age who participated in the Babe Ruth League play during the past spring and summer. Messenger lauded the league and its players for the promotion of fair play

and sportsmanship. Keating praised the league for its victory in the annual Mayor's Cup tournament which the Byrne's Shamrocks won over the Old Bridge and Madison Park league teams. Special citations were paid William Maskevich, manager of the Shamrocks and Joseph McMahon, coach of the team.

Trophies were awarded Shamrock players Bob Knight, Roger Treadway, William Testa, Herbert and William Sargent, Mike Reilly, Tony Pasqua, Mike Powell, Joseph Kempel, Robert

Grace, James Del Cioppo, Edward Bullard and Charles Bond for their Mayor's Cup triumph. These players also received awards for gaining the championship of the league during the regular season's schedule.

Annual Affair Set

The Cheesequake Independent Fire Company will hold their Annual Halloween Dance and Ball at the Cheesequake Fire House on Route 34.

The date for the gala affair is set for Saturday, October 26, dress is optional, but prizes will be awarded for various costumes.

Squad Report

Captain John DiGiovanni of the Laurence Harbor First Aid and Safety Squad, Inc., reported for September that the total mileage was 1,950, total man hours, 538, total calls, 105, and total oxygen used was 1,650 pounds.

Meeting Set

Mrs. William Laughlin President of the Laurence Harbor Elementary P.T.A. announced there will be an Exec. Board Meeting Oct. 22, 8 P.M. at the Memorial School.

"Destroyers" All But Destroyed By Jets

The Laurence Harbor Jets of the Madison Township Pop Warner Football League swept to its fourth straight triumph by crushing the Madison Park Destroyers, 39-0. Coach Ed Hines' Jets, have never been scored upon this season.

The offensive stars of the game, Beechie Sand, George Casey and Ricky Gregus each tallied twice. Sand counted on forward passes from Johnny Casazza via 20 and 50 yard aerials. Casey recovered a fumble on the 15 yard stripe and another one on the 30 yard line to rack up his two TD plays for the Jets. Gregus snared another pass from

Aid Drive Continues

Mr. D. Preston, Chairman of the Madison Park First Aid Squad's Annual Fund Drive stated that about one half of the envelopes have been collected. Squadmen will return to all homes where no one was in.

Mr. Preston said that if anyone is unable to donate at this time, weekly installments can be arranged.

The Squad is seeking a \$5 minimum donation from each home, which will barely meet operating expenses.

The Slogan of this year's drive is "Next Years Budget - This Years Building".

Party Planned

The Auxiliary unit of Veterans of Foreign Wars, Post 7508 will have a Halloween party for children of members of the auxiliary and post Oct. 25 from 7 to 9 p.m. at the hall. Mrs. Martin is chairman.

A public masquerade dance is planned for Oct. 26 at 8 p.m. to be held at the hall. A buffet supper is included. Prizes will be awarded for costumes. Mrs. John Suchon is chairman.

Mayor John Keating

this candidate says nothing about this but only what he feels will advance the political fortunes of himself and his running-mates.

We have heard a lot about the activities of the Democratic Administrations in dealing with the influx of mass housing, let us look at the great deeds of the late lamented Republican Administration. The first one we come to is Sayre Woods South. This area received its final approval from that administration and in so doing signed an agreement similar to that for the Knollcroft development. Everyone who lives in the area knows how inadequate the school construction was and has been. Further this agreement called for construction of upwards of 1800 homes over a period of 3 years but did allow for the construction over an eighteen month period. Everyone knows what a severe drain this rapid construction placed upon the economy of the township. These candidates have boasted of their agreement regarding the Midtown properties. Let's look at this agreement. This was an opportunity for the Republican Administration to say no but rather

Reassigned

LACKLAND AFB, Tex.--Airman George E. Stieh, son of Mr. and Mrs. Henry Stieh of R. R. 1, Pleasant Valley Road, Old Bridge, N.J., is being reassigned to Keesler AFB, Miss., for technical training as a United States Air Force radio

Airman George E. Stieh

and radar maintenance specialist.

Airman Stieh, who enlisted in the Air Force a short time ago, has completed his initial basic military training here.

The airman attended South River (N.J.) High School.

Rev. David L. Bucci, Pastor of the Bayview Presbyterian Church announced today that on Friday and Saturday, October 18 and 19 there will be a Fall Rummage Sale in Fellowship Hall. Doors will open at 9:00 a.m. Friday morning. The sale is sponsored by the Women's Association, and the Catherine Close and Naomi Circles are in charge.

Church School meets at 9:30 a.m. on Sunday. At the 11:00 a.m. Worship Service, Elder Harold Hatfield, Sr. will preach on the topic "The Power of Prayer", in observance of Laymen's Sunday. The Rev. David Bucci will administer the Sacrament of Baptism.

The Senior High Fellowship will meet at 6:30 p.m. and the Junior High Fellowship will meet at 7:00 p.m.

Monday, October 21st at 8:00 p.m. there will be a Women's Association Meeting in Fellowship Hall. The guest speaker for the evening will be Mrs. Herbert Wendt, President of the United Church Women of the Bayshore Council. All women are welcomed to attend.

Wednesday, October 23rd there will be a Bible Study at the Cottage at 7:45 p.m. All are welcomed and are asked to bring their Bibles.

Somebody Goofed!

Recently we purchased a copy of the New Jersey Almanac at Corby's Luncheonette in Laurence Harbor for \$1.95. The 768 page almanac is probably on sale at other locations in Our Town.

The Almanac was published by the New Jersey Almanac, Inc., Upper Montclair, N.J. and co-sponsor is the Trenton Evening Times, Trenton, N.J. The almanac commemorates 300 years of New Jersey history from 1664 to 1964.

We scanned the many pages of the New Jersey Almanac and found quite a bit of history and information, however, we failed to find a listing for Madison Township. There is a listing for Madison, N.J. in Morris County but no Madison Township could we find.

Did somebody goof?

We'll Remember!

According to one of the daily publications covering Madison Township, William Kerr of the Madison Township Board of Education would like to see a medal or some other presentation given Board of Education members for their service, so that they can be remembered.

Don't worry about that Mr. Kerr. The residents of Madison Township, their children and their grand-children will remember the Madison Township Board of Education.

We remember the members of the Board of Education with every payment to the mortgage company. We remember the members of the Board of Education every time we receive a notice that our taxes have once again increased.

We remember the members of the Board of Education every time we glance at the condition of some of the school grounds, in their dilapidated condition.

Yess, Mr. Kerr, the residents of Madison Township remember the members of the Board of Education.

Uncle "Sap"

We wonder if President Kennedy made the right move in his recent announcement to sell wheat to Russia? It appears to this writer that we are once again repeating a mistake we made prior to World War II when we sold Japan tons and tons of scrap steel to bolster the economy of that country.

Japan returned the favor by attacking us at Pearl Harbor on December 7th, 1941.

This country hasn't been able to surpass the Russians as far as production of war material is concerned. We feel that the Russians are further advanced in their "outer-space" program. When it comes to farm production the Russians' have fallen behind, so what do we turn around and do, we are going to supply them with wheat.

Once again Uncle Sam can be called Uncle Sap.

Under The Fence

BOARD OF EDUCATION: Understand that some of the youngsters riding the various buses in Madison Township are getting out of hand and giving the drivers a hard time. We thought that all pupils were supposed to be seated in the bus with no standees. Patrick Torre assistant superintendent of schools in charge of transportation had better check out a few of his routes to see if there is overloading or just that the kids don't want to be seated. We also understand that it is against State Law to smoke on a bus, how about checking that one out also. We still feel that the Board of Education ought to get out of the bus business and into school business. We understand that the Board of Education will probably buy additional equipment for school transportation?

OFFER STILL OPEN: We have asked the G.O.P. candidates on several occasions to please sign all press statements issued on behalf of the candidates. We have tried to give the members of the G.O.P. the opportunity to present their views and statements to the readers of the Madison American but you must play the game according to our rules. We've also asked for pictures and biographies on each of the G.O.P. candidates seeking election in

TAKE FIVE**REV. JAMES SILVER**

Pastor Laurence Harbor
Community Church

"Bless the Lord, O my soul, and forget not all his benefits." (Psalm 103:2)

The story is told of a man from India who visited in this country. After several months he was about to leave when someone asked him what had impressed him most about the United States. He replied without hesitation, "Your full garbage cans."

We are a people with great material blessings. We have food on our tables, warm and comfortable houses, and excellent medical care. We have so much that millions of people in the world would be happy just to have what we throw away as refuse. We need to remember where these blessings have come from. They are gifts of God. It has been His help that has enabled us to become a strong and wealthy people. Let's not forget to thank God who has given so lavishly, for when our gratitude ceases, His gifts are also apt to stop.

Prayer: O Lord, forgive us when we take our blessings for granted. May we ever be grateful for what you have done for us. Amen.

November as of this writing we have yet to receive the information. The Madison American is often charged with supporting Democratic Candidates only. We have and can still support other candidates but we must have information regarding the candidates. We can't see the reason for the big "secrecy". Maybe it's about time that you packed in your "ghost writer".

FEUDING AND FUSSING: The local Democrats are sponsoring Demo-Bingo, residents are given a card with the names of the candidates on it. At various political rallies stamps are issued and pasted to the card, when the card is completed it is supposed to be turned in and you win a prize. One member of the G.O.P. asked us if the local Democratic Organization had obtained a license from the Game of Chance Commission in Trenton to play Bingo? We really don't know if a license is required? Wonder if it is?

NO SIGNS: We got a chuckle out of a recent G.O.P. release that they won't place any signs on telephone or electric light poles during the present campaign. The way we get the story is that a directive was issued and that the utility companies will remove signs from the poles, regardless of who put them up. About the only signs we've seen on the poles this year so far belong to Robert Sapir the Independent Candidate and we've been told that his signs are being removed in the Sayre Woods South development by utility company workers. We wonder what they will do with some of the signs that are still up from this year's primary election and last year's November election?

POLICE DEPARTMENT: Is Madison Township Police Department a training ground for Police Chiefs? The way we get the story is that a former police chief made chief in a town in Maine and another former member of the Madison Township Police Department made chief of police in a town in Florida. Madison

Antique Show

Over 1500 Antique pieces will be displayed by Antique Dealers from major cities of New Jersey at the Madison Township Antique Show sponsored by Hadassah. Tickets are now available announced Mrs. Sue Balaban, PA 1-8865, of 39 Stevens Avenue, Sayre Woods South.

A capacity turnout is expected on Sunday and Monday, November 10 and 11 from 11 A.M. to 9 P.M., since this is a first for Madison Township and the dealers are as excited about this opportunity as the residents. It will be held at the Madison Park Fire House on Cheesequake Road where facilities can accommodate the many booths planned.

The show will feature Early American and European decors of jewelry, lamps, furniture, mirrors, paintings etc. There will be a varied price range for everyone's pocketbook.

Tickets are available from Mrs. Balaban, Mrs. Pearl Stein, President of Hadassah, 25 Bushnell Road, Sayre Woods South.

son can soon boast we've trained them all from the rocky coast of Maine to Florida's sunny shores, Madison Township has trained them all. Wonder if any other members of the local police department will make the move? Understand that there is a nice job for police chief in Eugene, Oregon up for grabs?

CHAMPS: Madison Township Pistol Shoot sponsored by the Madison Township Police Department and the Madison Township Recreation Committee. Winning team for the fourth year in succession with a 96.8 average. (left to right) Victor O'Brien, Police

Chairman; Patrolman William Hatfield, John Aquino, Robert Kellett, Jerry Palumbo, Reynold Heuer and Sgt. George Gillard and Harry Messenger, Township Recreation Chairman.

Harbor Club Celebration Termed Highly Successful

The 32nd anniversary of the Laurence Harbor Democratic Club was celebrated on Saturday October 12, 1963 at the Harbor Casino with a Supper Dance. Robert Knight, President of the club expressed his thanks to all who made this gala affair a milestone in the history of the club. Approximately four hundred attended the celebration which made one friend of the club remark "It seems more like a victory dinner." The air was filled with happiness and congeniality. The lavish buffet table was catered food fit for a gourmet.

Guest of honor at the anniversary party was Congressman Edward Patton who was introduced

by Freeholder John Phillips, Master of Ceremony. The Congressman congratulated the club for its good works during the many years, urged the members and friends present to support the seven Democratic Candidates for Madison Township committee. Congressman Patten inspired those present with his enthusiastic talk on the progress of this country with relation to the Outer Space program.

The highlight of the evening was the presentation of plaques from the club to Township officials Mayor John Keating, Joseph Hoff, Harry Messenger, Victor O'Brien and Joseph Pandozzi "in appreciation of continued sup-

port in Township activities" (presentations made by John Phillips on behalf of the club). He then called upon John Spellman and Vincent Lamanna and gave them good luck charms for their efforts. (also from the club) All seven men are running for election November 5, 1963 on the Democratic Line "A" for Township seats. President Knight presented John Phillips with a plaque from the club "in appreciation of continued support in Township Activities". Phillips gave Knight a gift token of thanks from the club and then called on General Chairman of the 32 anniversary celebration, Mrs. G. P. Carroll who was the recipient of a token of appreciation from the club for many hours of diligent work in order to make this a successful evening.

Serving with Mrs. Carroll were the following:

Advertisements: Mr. Joseph Hoff, Mr. Joseph Petriszo, Mr. Arnold Lauer, and Mrs. Charles Farley.

Tickets: Mrs. John Phillips, Mrs. Vitor Boski and Mrs. John McCauley.

Club History: Mrs. Frank Scozzio, Mr. August Edel, Mrs. Victor Boski and Mr. David Watson.

Decorations: Mrs. Harry Novotny, Mrs. Vincent Walsh and Mrs. James Owens.

Beverages: Mr. Robert Knight, Mr. Joseph Hoff, Mr. William Carrol and Mr. William Prince.

Food Committee: Mrs. Adam Billand and Mrs. Grace Zierer.

Hall Arrangements: Mrs. Joseph Volker, Mr. and Mrs. Dan Baxter, Mr. Victor Boski, Mr. Clarence Vogel and Mr. Jack Borwn.

Dave Gage and his orchestra provided music for dancing.

Mrs. Frank Scozzio, the eldest member of the local club entertained by singing "Bill Bailey" Mrs. Scozzio had several encores.

Continues Attack on Industrial Commission

Jack R. Sapir, the Independent candidate for Municipal Council, lashed out again at Mayor Keating while calling for the immediate resignations of two members of the Industrial Commission.

"The mayor refused to cite the names of commission members when I requested them at the last meeting of the Township meeting", said Mr. Sapir. "On the following day, the names were published in a local newspaper and I was amazed to find the name of one man who had moved to Palisades Park at least six months ago; and another who had resigned a year ago."

"As I stated at this meeting", continued Sapir, "two of the remaining members are serving in other capacities and are therefore in conflict with a state statute. All four should be replaced

Authority Says ~ ~ "Not Our Bills"

The Madison Township Municipal Utilities Authority, (Water Authority) has received a number of complaints from residents in the Sayre Woods South area of the Township in reference to a bill received by these residents for water service by the Browntown Water Company. The bills are stamped "effective immediately bills are payable within five days after presentation".

The Authority wishes to inform these residents, that the Authority does not own Browntown Water Co. at the present time, although final arrangements are being completed to take it over. The bills received with the five days notification were sent by the Browntown Water Co. and not the Authority.

In areas now serviced by the Authority, water bills are due and must be paid within 22 days after receipt.

with qualified personnel and the industrial brochure which was started in January should be completed."

"The administration keeps stating that I am making an issue of Industry. Do they expect me to ignore our town's most pressing problem in the same manner that they have done till now? We have a mayor who didn't know how many members we had on this commission until recently. He said there were five. And we have a committeeman who is supposed to be liaison officer to the Industrial Commission, who says he "doesn't care if it takes another six months to complete the brochure on proposed industrial sites."

"The administration keeps stressing the services they are providing for Madison Township. What they keep forgetting to mention is that you and I are paying for all these things. Any doubters can check last year's mortgage against this year's. While we need recreation, public health, street lights and all the rest, the home owner cannot afford to continue bearing the entire tax burden. This applies to every resident regardless of what part of town he lives in."

"It was interesting to note that both parties are engaged in a debate as to who brought the most developments to Madison Township. I don't see what difference it makes now. The time for them to have fought over this was before and not after approval."

"The only thing we can do now is concentrate on securing industry, because only with the relocation of major industries will the homeowner's burden be lightened. We need qualified men in office who care enough about the job," concluded Mr. Sapir.

Over 3,000 New Jersey businesses help us bring you better phone service

This year the Bell System will buy thousands of products and services from New Jersey businesses. Our shopping bill in the Garden State will run about \$170 million. We buy from small local firms and from the New Jersey branches of nationwide organizations. To get the things we need for good telephone service we go into almost every community in the state. We like to think that the money we spend gives a lift to the economy of the state. We're proud of that and we're proud of New Jersey. We think it's a fine place to work and to live.

Madison Township Roads Present Multiple Problems To 25 Workers

AS Road Repairs Go F

PATCHING UP: Township Road Department employees patch "pot holes". The roller presses the material into the holes. Ac-

cording to Road Department Chairman Joseph G. Hoff this is a unending fight. Weather conditions and water conditions

often play havoc with many of Madison Township roads. Township committee have up-graded road specifications.

TEST SECTION: Under road department program a fairly new type of macadam mix is being "Road Tested" in Madison Township. The sections of pavement

have been placed at locations where he abundant. If the n up (Also being Ro the State of New J

Township Committeeman Joseph G. Hoff heads the Madison Township Road Department and Sanitation Department. Most of us take the roads we travel in the township for granted, except when we hit one of the holes or ruts that pockmark some of the roads in our town. Committeeman Hoff with a twinkle in his eye said "the road department has yet to completely catch up on all the holes in the roads, but we're in there trying to do our best."

Hoff explained some of the complexities involving the Madison Township Road Department. Madison Township employs 25 men on the road department, these include machine operators and laborers.

Upon acceptance of a road by the township committee, the Madison Township Road Department is charged with maintaining the road. There are over 150 miles of roads maintained by this department. Several hundred storm sewer basins and miles and miles of storm drains that have to be cleaned and maintained.

According to the road department chairman, 20% of the roads in the township are hard surface road, 50% sealed coat or chipped stone and 30% gravel or oil treated roads.

The road department is charged with the erection of road signs, cleaning of brush, overhanging trees, cleaning of storm sewers and catch basins, instal-

lation of sewers, patching, cleaning and maintaining varied type road surfaces.

The road department has on hand back hoe loader (used for digging ditches and loading of dirt), several trucks, two road scrapers, road sweeper, roller and storm sewer cleaning equipment. The road department strangely enough is charged with the maintenance of recreational equipment and the maintenance and cleaning of recreational and playground areas in the township.

During the months of September and October the Road Department casts a weary eye on all hurricane reports, because they will be called out to erect barricades and remove trees and other fallen debris which might

have been blown down on a township road and is blocking traffic.

Committeeman Hoff is especially proud of the snow removal program established in the Township. Madison Township had most of the streets open and ready for use in last winters heavy snow storms before many of the larger New Jersey communities. At the first sign of snow, road department workers are placed on a "Stand by alert". Trucks and snow removal equipment is readied by the operators and the process of obtaining auxiliary equipment for the gigantic task of snow removal is placed in operation. Hoff noted that co-operation by the residents of the township in the event of a snow warning would greatly aid in the

snow removal program. If motorists would park their vehicles off the roads, it would make the task of snow removal easier.

It is estimated that 10% of the calls placed at the road department headquarters located at the old municipal building are of crank nature. Anyone having a road complaint can telephone Parkway 1-5608 and speak directly to a representative of the road department. There is no need to call any other official or the police department under the present system.

The road department acquired a pair of storm sewer cleaners, these have been put to use cleaning debris and dirt from the miles of storm sewers in the township.

SWEEPING UP: Madison Township Road Sweeper shown here in operation in the Southwood development. Use of the sweeper

to reclaim stone and other excess road material has resulted in huge financial savings to the taxpayers. The sweeper has also

managed to remove tons of litter and other debris.

IT'S CLEAR NOW: Road department workmen prepare to remove storm debris has been found in storm cleaning equipment from Sayre Woods South Street. All

kind of debris has drains including b grass and even auto missions. Miles of have been cleared

Rolling Along

ON

Miles And Miles Of Roads In Madison

in strategic heavy traffic is material holds road Tested by Jersey) it will

enter future road resurfacing programs planned by the township.

CHECK UP: Township Committeeman Joseph G. Hoff examines one of the recently purchased garbage trucks.

Madison Township is one of the few communities that operate "once a month" CLEAN UP. According to Hoff the three muni-

cipal garbage trucks will be outfitted with snow plows to aid in snow removal program in the Township.

Prior to the purchase of the storm sewer cleaners the only way to open a "plugged" storm drain was to remove it by digging up the streets, this resulted in loss of money and created another "bump" for the motorist to hit. Since the purchase of the equipment miles of drains have been opened. Road department workmen report a host of objects found in catch basins and storm drains. Items range from grass cuttings, dolls, toys, bicycles, sticks, rocks, bricks, paint cans and last but not least several used automobile transmissions have been removed. One thing certain most of the items didn't just "float" down the drain with rainwater.

Township road department

equipment can almost always be counted on to aid local Little League and other recreational activities to grade, cart dirt and many other items necessary in shaping up the ball field. The township road sweeper has many uses, not only is it used for sweeping paper and other debris from the many miles of roads in the township but tons of stone have been recovered by the sweeper. The material is saved and reused again, thus saving the taxpayers of the township a considerable amount of money.

The Township Committee and the Madison Township Planning Board have continually over the past years, upgraded township road specifications and many of

the roads that were installed over the years are not allowed by present day standards. At one time there were no specifications of any type for road construction and developers had a "field day". A brush through a wooded area with a bulldozer meant Madison Township had another road to maintain, not so today. Road specifications have been upgraded and the Township Engineer must give his approval before any road is accepted by the committee.

The Township also operates a Department of Sanitation, which employs ten men. The township operates three (new) garbage trucks. Madison Township is one of the few communities in the state which has monthly

"CLEAN-UP DAYS", trash pick-up other than regular garbage is on the 15, 16 and 17 of each month. The Township Sanitation Committee also operates a sanitary land fill operation according to Hoff, other communities have modeled their particular land fill operations after Madison Township.

Presently the Township Committee is "Job Testing" a fairly new type of macadam mix, composed of sand and gravel mix as opposed to the more expensive type blue stone mix. According to the Road Chairman "the committee feels that if the new material can stand up satisfactorily under general road conditions it will be used in future road repaving programs. The

pavement is also being tested by the State of New Jersey.

Hoff is hoping to obtain a sand spreader to be used on the roads in the event of icy conditions. The garbage trucks will be equipped with snow plows to aid in the snow removal program. Hoff stated "we hope that we don't get hit hard this year but you never can tell, so the best thing to do is be prepared."

With winter just around the corner it may sound strange but spread in front of the Township Road Department Chairman were all types of literature concerning mosquito control equipment. Hoff smiled "Jim there aren't any mosquitoes around now but I'm getting ready for spring and summer."

been found in bicycle, toys, mobile trans- storm drains economically

because of the storm drain clean equipment. Road department officials urge that residents refrain from sweeping lawn cuttings into streets.

UP TO GRADE: Madison Township Road Grader in operation on one of the many miles of rural roads maintained by the Road Department. At

the present time a special push is on to shape up the various dirt roads for the winter season. Freezing weather makes such road operations practically

impossible, so much of the work is being rushed for completion prior to the first heavy freeze.

KEATING*Continued from Page 1*

than say no they elected to negotiate an agreement similar to the others which they negotiated but in several instances which was more severe upon the economies of the township. Under the terms of the agreement school construction would have proceeded along the same lines as described before, i.e., one room for every 40 homes which would have been sufficient to accommodate only 2640 children out of the approximate 9000 children who would have flooded the school system. Further under the terms of the agreement these people agree to a limitation of the zoning powers of the township for a period of seven years which was in direct violation of the statutes. Going a bit further this agreement specified a certain number of homes that could be built in any one year but did provide for a carry-over if all of these houses were not built in that year. This would have resulted in the entire development being built in a matter of 3 years from the date of final approval. Can you the voters imagine what a final approval under these conditions would have done to the economy of the township? It was for these reasons that the present Democratic Administration denied final approval to this development, were taken to court and successfully defended the case. Yet these candidates accuse us of upsetting the apple cart regarding school donations. We feel that these actions saved the township rather than harmed it as we are accused of doing by these candidates.

Let us look at some of the other events which took place during this late lamented administration. There are many events which still need a lot of explaining, maybe the one candidate who was a member of that administration can account for these happenings. Why did they introduce an amendment to the zoning ordinance to increase the size of building lots but fail to take any action or a vote after a public hearing; why did they employ a planning consultant to develop a master plan but then directed him to develop a zoning ordinance without the necessary detailed preparations of land use as indicated in a master plan, and thereby delay the full development of the master plan and zoning ordinance which is the natural and logical method of

planning; why did the Republican controlled planning board grant final approval to the Pine Haven development at the final meeting of its existence? These are but a few of the events which occurred from 1957 through 1959 which have never been explained.

We can compare the efforts of the Democratic Administration to control mass housing developments. Among these measures was the passage of an interim ordinance enlarging lot sizes until the master plan and detailed zoning ordinance could be developed; effective delay of the Pinehaven tract off over 14 months from the time it was approved by the Republican Administration; improvement of the specifications for roadways and setting of specific and adequate fees for applications coming into the planning board; passage of an ordinance restricting the number of homes in any one plat and the total number that could be approved in any one year; an appeal to the legislature and resultant introduction of bills to amend the Planning Act of 1953 to permit municipalities to require adequate school construction and dedication of recreational lands as prerequisites for final approval of mass housing; the development of the Master Plan and the detailed zoning ordinance which will be introduced very shortly. Compare this record to that of the Republican Administration which was afraid to say no, was afraid to enlarge the lot sizes, was afraid period.

In releases which were purported to have occurred at "Kaffee Klatches" all of these candidates show their lack of knowledge of township affairs and as usual have resorted to the distortion of facts. One candidate stated that 1400 homes have been approved by this administration since January 1. This candidate should sharpen his pencil and review his arithmetic. If he had been truthful and reported the true facts he would have stated that this Administration did approve a total of 362 homes this year. These were two developments which had applied to the planning board before the limiting ordinance was enacted and which complied with the

letter of the law and statutes in the presentation of their case. Nevertheless certain commitments were extracted from these developers such as donations of lands for schools, a cash donation for schools and the deeding of lands for recreational purposes. This was a criticism from a candidate who earlier this year asked the following question at a Township meeting "IS THE TOWNSHIP GOING TO PAINT A WHITE LINE DOWN THE CENTER OF ROUTE 9 SO THAT THE RESIDENTS MIGHT FIND THEIR WAY IN THE HEAVY FOGS?" Everyone knows that Route 9 is under State Highway Department maintenance but this candidate wanted to use township funds for this job. Another candidate states that we did not exhaust all legal measures to delay mass housing. We have recited the measures that this Administration has taken to control mass housing and this candidate must learn that when a developer complies with all local ordinances and statutory requirements the hands of the planning board and the local governing body are tied by the present statutes. Nevertheless commitments over and above the statutory requirements were granted by developers. Another candidate states that we have not lured any industry into the township. This again is a half-truth because industry and other tax rateables have shown a decided interest in locating in Madison Township. Over the past year this Administration has been successful in obtaining shopping centers, theaters, neighborhood stores. Whose fault is it that industry as yet has not located in Madison Township. We can only place the blame where it logically belongs and

that is to the lack-luster leadership which was present during the close to 90 years of Republican administrations.

For the past 4 years the Democratic Administration has led Madison Township up the path towards recognition among the communities of Middlesex County and in the state by providing the people of the Township with good, clean progressive

economical government. We urge the voters of Madison Township to allow us to continue the programs which we have started and to vote for the Democratic SEVEN, Joseph Hoff, John Keating, Harry Messenger, Victor O'Brien, Joseph Pandozzi, Vincent LaManna and John Spellman. Allow Madison Township to move forward in the 20th Century and not return to the dark days of the 19th Century.

DRIVER TRAINING CAR:—This is the second consecutive year that Sayreville Motors has supplied cars for the Driver Training Course at Madison Township High School. This year students will have the use of two four-door Plymouth sedans, each equipped with dual controls for maximum highway safety. In addition each car will bear a large sign reading "Student Driver" to alert vehicles on the road that a student-driver is at the wheel.

Mr. Jack R. Sapir, owner of Sayreville Motors, Inc. feels that this is a positive way in which he can contribute to the safe driving practices of the community's young drivers.

Mr. Kenneth V. Smida, principal of Madison Township High School is seen accepting the two Driver Training cars from Mr. Jack R. Sapir of Sayreville Motors.

Dems Plan Tri-Club Rally

A rally is being planned for the seven Democratic Candidates for council in Madison Township. The affair will be run as a combined effort of the Madison Township Young Dems, Madison Park Women's Democratic Club Inc., and the Madison Park Democratic Club Inc.

Harry E. Messenger, candidate from the Seventh District, will give the Welcome Address. Harold Smith, President of the Young Dems will serve as toastmaster, and the principal speaker of the evening will be John A. Phillips, Freeholder of Middlesex County, and Chairman of the Democratic Committee in Madison Township. Also attending the rally will be the Democratic candidates for council in

Madison Township, Victor C. O'Brien, Joseph G. Hoff, Joseph Pandozzi, John E. Keating, Vincent "Jim" LaManna, John Spellman, and Harry E. Messenger.

Mrs. Charles Searlaski is General Chairman of the affair which is to be held on October 19th at the Madison Park Fire House on Cheesequake Road, at 8:30 p.m. Co-Chairman of the affair will be Frank Wallinger and Earl Poore. Serving on their committee will be Esther Messenger, Mary Morella, Vicky Simon, Ann Kilduff, Mary Poore, Jennie Lukacs, Midge Creash, Angie Kellest, Charles Searlaski, Rose Tauriello, and Mary Lou Sansone. The music will be provided by the "Diamonds".

Election Held

Mrs. Jean Lang was elected president of the Auxiliary of the Madison Park Little League. Elected with her were Mrs. Joyce Green, vice president; Mrs. Martha Compitello, secretary; and Mrs. Ruth Dowd, treasurer.

A token gift was presented to the outgoing president, Mrs. Florence Favilla at the last monthly meeting. Future plans of the auxiliary include a card party at 8 p.m. on Nov. 14 at Tickets can be obtained from Mrs. Harry Wilson of 7 Lehigh Road and from other auxiliary members.

Installation Held

The Rosary Altar Society of St. Thomas the Apostle Church held annual installations of new members. The Rev. Thomas Dentici, assistant pastor, officiated during ceremonies held at the church. Benediction of the Blessed Sacrament followed the rites.

During the monthly meeting held in the auditorium, plans were made for the Fashion Show and Luncheon, to be sponsored by the Society Oct. 19th at 1 p.m. in the church auditorium. Fashions will be by Montgomery Ward & Co.

Cake Sale

The budget chairman of the Madison Park PTA announces two fund raising projects for the month of November.

November 5 a cake sale will be held at the school with Mrs. D'Ercole and Mrs. Cerra as chairman.

On November 18 a Fashion Show will be held at the Madison Township cafeteria with Mrs. Cappello and Mrs. Doran as chairman. Tickets and information can be obtained by calling PA 1-6173.

ORDINANCE REGULATING AND SETTING SPEED LIMITS UPON CERTAIN STREETS IN THE TOWNSHIP OF MADISON.

BE IT ORDAINED by the Township Committee of the Township of Madison, County of Middlesex, State of New Jersey, that:

The speed limits for both directions of traffic along Ocean Boulevard from New Jersey Route 35 to the Middlesex County-Monmouth County line at Whale Creek be set as follows:

- 30 MPH from May 15 to September 30 and 35 MPH from September 30 to May 15.
- Speed Limit signs, Type R-102, 24" wide by 30" high, black letters on white background and reflectorized, displaying a speed limit of 30 MPH from May 15 to September 30 and 35 MPH from September 30 to May 15, be installed to the right of the roadway at the following locations:

FACING EASTBOUND TRAFFIC

- Approximately 170' east of the center of Middlesex Avenue
- Approximately 300' west of the center of Central Avenue
- Approximately 401' east of the center of Sunset Boulevard

FACING WESTBOUND TRAFFIC

- Approximately 80' west of the

center of Raritan Boulevard (easternmost)

- Approximately 390' west of the center of Raritan Boulevard (easternmost)
- Approximately 75' west of the center of Lake Avenue

3. Warning signs, 30" by 30" diamond-shaped, black letters or symbol on yellow background and reflectorized, be installed to the right of the roadway as follows:

FACING EASTBOUND TRAFFIC

- Turn Symbol, modified with a thin line to indicate Middlesex Avenue, similar to Type W-1, left, approximately 80' east of center of the Raritan Boulevard (westernmost)
- NARROW BRIDGE, Type W-22, approximately 80' west of the center of Raritan Boulevard (easternmost)

FACING WESTBOUND TRAFFIC

- NARROW BRIDGE, Type W-22, approximately 300' east of the center of the Whale Creek Bridge. This location is in Matawan Township, Monmouth County.
- Turn Symbol, modified with a thin line to indicate Middlesex Avenue, similar to Type W-1, right, approximately 400' east of the center of Middlesex Avenue.

- All existing improper, illegal, and non-conforming signs be removed.
- All ordinances inconsistent with this ordinance are hereby repealed.
- This ordinance shall take effect immediately upon final passage and approval according to law.

April 22nd

May 6, 1963 Final

Public notice is hereby given that a meeting of the Township Committee of the Township of Madison, Middlesex County, New Jersey held in Municipal Bldg. Route 9, Cheesequake, on the 6th May 1963, the above ordinance was adopted on final passage and became effective with publication of this notice.

Mary M. Brown, Clerk
 Township of Madison

LEGAL NOTICE

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED "AN ORDINANCE LIMITING AND PROHIBITING PARKING ON CERTAIN DESIGNATED AREAS OF CERTAIN STREETS AND HIGHWAYS IN THE TOWNSHIP OF MADISON.

BE IT ORDAINED by the Mayor and Township Committee of the Township of Madison, County of Middlesex and State of New Jersey, that the above-entitled Ordinance be amended as follows:

No person shall park a vehicle at any time upon any of the following described streets:

- Along the north side of County Road 3-R-14 beginning at a point 435' east of Sunset Avenue and extending to the point where County Road 3-R-14 meets the spur of New Jersey Route #18.
- Along the south side of County Road 3-R-14 beginning at Sunset Avenue and extending to the point where County Road 3-R-14 meets the spur of New Jersey Route #18.

No person shall park a vehicle for longer than the time limit shown upon the following streets:

- One hour parking along the north side of County Road 3-R-14 beginning 35' east of Sunset Avenue and extending to a point 400' east thereof.

Unless another penalty is expressly provided by New Jersey Statute, every person convicted of a violation of a provision of this Ordinance or any supplement thereto shall be liable to a penalty of not more than fifty dollars (\$50.00) or imprisonment for a term not exceeding 15 days or both.

All Ordinances or sections of Ordin-

ances, amendments thereof or supplements thereto, inconsistent herewith are hereby repealed.

This Ordinance shall take effect immediately after final passage and publication according to law.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Township Committee of the Township of Madison, Middlesex County, New Jersey, held in the Municipal Building, Route 9, Cheesequake on the 16th day of September, 1963, the above ordinance was adopted on final passage and becomes effective with publication of this notice.
