Snow Is Blamed For School Budget Defeat

At least one school official who declined to be named blamed the defeat on the Madison Township School Budget on the snow which hit the Middlesex County area. The voting was very light for a school election. Four seats were up for grabs in the February 11th school election. Mrs. Carol

Kosubuki was the only incumbent to be re-elected in the school election race, she polled 963 votes.

Candidates from the Sayre Wood South development met defeat on all tickets and the combination sponsored by the Better Education Committee which re-

portedly screened school board candidates also met defeat.

Dr. William J. Sample, superintendent of schools saw his first school board budget defeated since coming to Madison Township. Other school budgets presented to the voters had been approved by large majorities.

The campaign in itself was pretty quiet with the usual charges of lack of transportation, delays in the school building program which had previously been approved by the voters of the township, absenteeism at school board meetings.

Carol Kosubuki and Charles Thompson were paired off on one slate, while Eugene Vroom, Richard Pine, James Garland and Robert Nixon were on another slate. Leonard Booth, Herbert Pedersen, Ralph Steinhart and Phillip Untersee represented the third slate.

Richard Pine served as president of the Madison Township Board of Education and headed for several years important committees such as transportation, athletic and publicity. Many feel that it was because of Pine's knowledge of publicity that the various school budgets were approved.

Pine has been active in civic and political clubs in the township and was a former resident of Cliffwood Beach.

Charles Thompson also served

as a Board of Education member. He resides in the Cliffwood Beach area, he has been active in P.T.A. affairs in the Laurence Harbor area and in Middlesex County.

It was the first time out for Robert Nixon of Laurence Harbor, Nixon was elected to a one year term on the Board. He is employed by the California Oil Company and has been active in church affairs in the Laurence Harbor area.

The unofficial results for the school board election are as follows:- Eugene Vroom, 712; Richard Pine, 933; Charles Thompson, 877; Leonard Booth, 768; Carol Kosubuki, 963; Herbert Pedersen, 647; James Garland, 683; Ralph Steinhart, 567; Phillip Untersee, 879 and Robert Nixon 939. The last two names sought election for the one year term.

The referendum questions voted upon by the voters of the township are as follows:- Current Expense, 773 Yes and 984 No, Current Expense defeated. Land, Buildings and Equipment 761 yes and 966 no, Land, Buildings and Equipment defeated. High School addition of eight rooms, 950 yes and 801 no, question approved.

The Board of Education will present a new budget to the voters of Madison Township, the new budget can actually be the same budget or accounts may be reduced, but the total can not be greater than the first budget presented to the voters. In the event that the budget is defeated by the public on the second election, it is then turned over to the Township Council, they may reduce the budget or approve the entire amount. If the Township Council takes no action on the budget following the second defeat at the hands of the voters then the State Department of Education must rule on the local school budget.

Over 17,000 Township Residents Receive Sabin Vaccine

Over 17,000 residents of Madison Township participated in the Middlesex County Medical Society "Down With Polio" program held Sunday, February 9th. Persons getting the immunization for polio were given the Sabin vaccine on a lump of sugar. (left to right) Kenneth Banks, Madison Township Councilman; Mrs. Muriel Capelli, program worker and Mayor Donald Macrae. The program was

carried out at the Memorial School, Municipal Building, High School and St. Thomas Auditorium. Scores of volunteer workers from first aid squads and township workers volunteered their services for the program. Madison Township's response to the Sabin program was one of the highest in the county.

In 1926, with his wife, Maisie Ward, he established the London House of Sheed and Ward. The American House was founded in 1933.

Mr. Sheed has translated some dozen works, including "The Confessions of St. Augustine," and has written several books of his own - "A Map of Life," "Communism and Man" and "Society and Sanity."

Rain, Hail, Sleet Or Snow!

During the past few years in Our Town, the Madison Township Board of Education has more or less depended on the terrific response given to school budgets, school building referendums and such from the residents of SayreWoods South.

The 1964-65 budget was defeated by a majority of voters at the polls but about the only thing that was proved was that not enough people who were interested in the passage of the budget took time out to vote for the approval.

In SayreWoods South the budget was approved by a two to one vote. The only trouble is that evidently in SayreWoods South the residents don't like to come out in the snow.

Perhaps if the Madison Township School Board had spent some money on snow removal in the SayreWoods South area and less money on Board of Education publications and publicity releases, the Budget would have won approval.

It is our opinion that the Madison Township Board of Education will present probably the same budget to the residents of the township and the budget will be approved by over 500 votes. The greatest majority of yes votes will be from the SayreWoods South area, unless of course it snows or rains on that particular day.

It appears to this writer that people who want to vote No on School Board Budgets don't worry about rain, hail, sleet or snow.

Anybody Doing Anything?

During the entire 1963 political campaign one of the questions raised and debated was the lack of industry for Madison Township. The Democrats were lamblasted for failure to obtain industry for Our Town.

Opposition candidates were going to raise heaven and earth to obtain industry for Madison Township. One independent candidate practically based his entire campaign on lack of industry in Madison Township.

We wonder what happened to all the talk about appointing proper personel to the industrial commission so that Madison Township could obtain industrial ratables? Middlesex County is still getting new industrial ratables but so far none are slated for Our Town.

We realize that the Industrial Committee is fairly new and we don't expect miracles but we haven't heard a thing about industry or the industrial commission. Anybody doing anything?

FEUDING AND FUSSING: Quite a bit of tension and candidates in the Democratic Ranks but it still looks like Joseph Pandozzi is running on the inside. At a recent meeting of the Laurence Harbor Democratic Club one "ole time" politician who only last year was fighting for candidates from the Laurence Harbor area submitted the name of JOSEPH PANDOZZI as the club's recommendation for Township Council Candidate, the club also submitted the name of JOSEPH HOFF but many feel this was so his feelings wouldn't be hurt. "Bless the Lord, O my soul, and forget not all his benefits." Psalm 103:2.

There is a saying that goes, "I was angry with God because I had no shoes, until I met a man who had no feet."

The right to complain seems to be one of man's inalienable freedoms. At least we use it a great deal. We fume and fuss over a hundred different things, from taxes, to bumpy roads, to the weather, or a bad cold. There is no end to our gripes, unless we see someone worse off who says nothing about it.

It seems to take the sight of another person's difficulties to wake us up to the fact that we have much for which to be thankful. A visit to the hospital is good medicine for those who complain about bad health. And those who are angry with their families change their mind when they speak to those who have lost loved ones. There are so many people who are in situations much worse than ours. Our problems are trivial when we compare them with those of others. When you think about it seriously, we have a lot for which to be grateful.

Prayer: Our Heavenly Father, be with the people who have many difficulties, and help us to see all the things with which we have been blessed. Amen.

ward Mc Lane from SayreWoods South who served on the charter study commission. There will probably be a few more candidates but from where we sit it looks like Democratic Municipal Chairman John Phillips is still the "boss".

MYSTERY - DEEP DARK MYSTERY: Everyone in the Harbor area is wondering how E. C. twisted her ankle. Some say she was watching a "CHUBBY CHECKER" FLICKER on T.V. We checked the T.V. guide and several newspapers, no Chubby Checker. The only thing that we could figure out is that she must have been trying to twist and gyrate in tune with the "Beatles". Wonder if we can't put the "Beatles" on the buses that England is going to sell Cuba? Geez, wonder what happened to the old American fighting spirit? Didn't we have a Boston Tea Party once because of taxes? Didn't we have a revolution? Didn't we beat the British in the War of 1812? Geez, maybe this is England's way of getting even with us? Look for a new quartet from Newark to hit the airways, they call themselves the Four Roaches.

having big piles of cakes and pies all around. Happiness is like being able to make a real thick malted milk with 8 scoops of ice cream. Unhappiness is like working in a luncheonette and you're ordered to go on a strict diet. Isn't it so right DOT?

POLICE DEPARTMENT: Understand that several additional patrolmen will be appointed in the not too distant future, this will balance out the police department because at the present time there seem to be more OFFICERS than enlisted men. Many of the police are working extra hours staking out various places. We understand that the police will soon solve quite a few breaking and enterings around the township. The way we hear the story is that a gang is involved? We still feel that the best place for a police officer is out on patrol with the police car. It's senseless to have police officers around the police station, because we haven't heard yet where they have stolen a police station. Constant patrolling and rotation of police officers pays off.

Issues Warning on Dog Ordinance

Madison Township Chief of Police Charles Boice announced today that because of the unusual number of dog bites reported to the local police department, strict enforcement of the local dog ordinance will be maintained.

According to police records there were 223 dog bite cases reported in 1963, the total amount according to the chief is somewhat higher because many of the dog bite cases are not reported

to the police.

Boice pointed out that not only does it cost the residents of the Township unnecessary expenditures because of intensive police investigation of each case but the mental anguish of persons bitten.

Chief Boice reminded residents of the local Dog Ordinance which was revised in 1959 under the local ordinance it reads "No person owning, keeping or harboring any dog shall suffer or permit it to be upon any of the public streets or upon any private property in the township of Madison unless such dog is accompanied by a person over the age of 12 years and it is

securely confined and controled by an adequate leash not more than six feet long.

Violation of the ordinance could mean that violators could possibly be punished by a fine not exceeding two hundred dollars or imprisonment not exceeding ninety days or both, such fine and imprisonment to be made at the discretion of the Magistrate before whom such convictions may be made.

Boice also urged that residents of the township owning dogs six months of age or older apply for dog licenses at the Madison Township Municipal Building on Route 9, Old Bridge. Dog licenses are due as of January 1st, 1964.

Letters

Dear Jim:

After reading the article in the Madison American of Thursday Jan. 23, 1964 titled "Something is certainly wrong" I thought it best to answer this since it appears that Law enforcement is on the receiving end of the dirty stick again. The people of Madison Township shouldn't worry about the operation of the Madison Township Police Dept. it is in Good hands, run right by a good chief and his orders are carried out by a Damned good bunch of men who know their job.

It's the same old story, Law enforcement, excellent Justice, stinks! A police officer does his job well, he arrests the violator, brings him to court and there, is where your trouble lies. The courts either pat the slob on the back and turn him loose telling him to behave or they put him on probation. This in itself is a big laugh because all the courts do is give him "another chance" a chance to do what? Commit a crime and not get caught, another chance to get even with the Police officer that locked him up? Or a chance to commit a bigger offense and sit at some soda fountain and brag to the other punks and slobs around him about how it is O.K. to commit crimes because those "stupid judges" let them get away with it.

Take a look around you and you'll see all of the punks in Madison Township that have been picked up by the local police after many man hours of criminal investigation, brought before a judge and released with a small fine or a word of warning.

Take the case of Sgt. George Hanson when he was shot, the Juvenile judge and the prosecutor didn't know what to do with the punk that deliberately shot him.

The local department wasn't even given the courtesy to appear and testify at his hearing. The first we knew of the disposition was when we read the papers. He's been out about a year now, I wonder if he's starting a gun collection with his gun toting buddy again?

Take the case of the local punk who we picked up and who kicked down the detention room door and then busted the cell door and got out. What happened in that case? Very simple, a local "Big shot politician intervened" the punk was to join the Marine Corps the same week. Only one thing went wrong there. No one could insult the Marine Corps intelligence so they didn't accept him.

About the only way things like this can be stopped is for Civic

Meeting Set

Donald Borst, Chairman of the Madison Township Planning Board announced that the group will hold a special meeting on Friday, February 14, at the Madison Township Municipal Building on Route 9, R.F.D. #1, Old Bridge, at 8:00 p.m.

The meeting is open to the general public and the proposed zoning ordinance will be heard.

organizations to band together and demand investigations on County and State levels to ferret out the incompetent heads of law enforcement and judicial halfwits who turn these punks back on Society. In the days gone by a Policeman's shoe accomplished more than the present day head shrinkers who pamper these creeps and give their answers in Ten dollar words.

By the same token, it is the responsibility of law enforcement organizations like the P.B.A. and the Police Chief's associations to set up a long and loud Howl. This could even be done on local levels.

Local politicians who are earnestly interested in their community's welfare should keep their noses out of the Police Department's business. Generally police departments have one fault, and that is, "Brown nosing". This rare and disgusting breed would lock up their own mothers for a political favor and at the same time would foul up everybody in a department if they knew that they could score a point with a politician. Some would go as far as painting a house or even build one for a two bit politician.

If the people want good and effective Justice, they have to let it be known that they are not satisfied. Don't talk about it in whispers, shout it out and demand explanations when you think that something isn't right. Don't stand ready to condemn your police officers, take your beef higher up, an individual is hard to be heard but a group can make a complaint heard.

Thank you,
Joseph P. Laskiewicz
Chief of Police
Central Florida
