## You Can't Tell The Players Without A Scorecard

There's one more Democrat on the Madison Township Council, but the magic number at Monday night's council meeting was still five to two.

That's the vote by which Brentwood Apartments -- a 248 unit garden apartment development on Route 516 -- won approval at the council session, and it was a vote which saw party lines split in the first meeting of the council since the November 3 election.

Taking his council seat for the

first time since he defeated Councilman Kenneth H. Banks three weeks ago, Democrat Leonard Hornster sided against his two Democratic colleagues in his first key vote as a member of the council.

Councilman Harry Messenger and Victor O'Brien sided with three of the four Republican members of the council to guarantee approval for the apartment unit. Also voting for the project were Mayor Donald Macrae, and Councilmen Vincent Cancellieri and Richard J. Dealy, Jr.

Only Republican Donald D. Tierney of Madison Park voted with Hornster against the approval. Tierney cited as his reason for the vote that he had "an option of voting 'no' on any matter involving approval of a subdivision of land use referred to the council by the planning board."

Hornster gave no reason for his vote, but seconded Tierney's motion at first to deny the application and then, when that motion

had been defeated, voted no on a move by Cancellieri to grant approval.

Mayor Macrae pressed both councilmen to provide "a good reason for knocking this down. This property owner has complied with all township ordinances in his application. How can we deny him the right to use his property within the framework of the statutes?"

Attorney Henry Sevrin, representing Brentwood, insisted that approval had to be granted or the township would be subjected to legal action, since the planning board had voted approval and all ordinances were adhered to.

"Gentlemen, if you don't vote to grant this approval, you will be violating your own ordinances as well as state statute," Sevrin informed the council.

Tierney countered that Sevrin's client, Brentwood Apartments, had not received clearance from the township sewerage authority. Sevrin, in turn, produced a letter from the Sewerage Authority's consulting engineer, Charles F. Kupper, indicating acceptance of Brentwood's offer to comply with sewerage authority plans.

On the final vote, the majority of the council affirmed their belief that the council could not

prevent approval of the apartment application.

In action on another planning board matter, the council unanimously voted approval of Cheesequake Park Gardens for Senior Citizens, an apartment development restricted to residents 55 years or older. The council agreed that the project would be an improved ratable for the township.

Once again the Heatherwood Development located off Ticetown Road and Route 9 in the Browntown area of the Township came under the fire of Democratic Councilman Harry Messenger. Most of the disagreement came as a result of Messenger arguing with Assistant Manager Joseph Leo.

According to Leo's version of what happened on October 26, the Township Engineer Robert Baier came into the Manager's office with a set of plans which according to Baier were not the plans for storm drains called for in the Planning Board and Township approvals. According to both Leo and Paul Hermann, who was later drawn into the argument, work on the project was stopped.

Following the meeting of Monday, October 26 the Heatherwood situation was trashed out at a meeting of the Madison Township Planning Board. Messenger discussed what went on at the Planning Board meeting and Leo's reply was "I wasn't there".

Messenger at one point of the discussion tried to insist that a recommendation from the former Township Engineer be presented. The Madison Park Democrat argued that the former engineers' professional reputation was at stake. No action by the committee was authorized.

Messenger carried the battle on for the major part of the meeting.

Mayor Donald Macrae said "the people that are really getting hurt in this situation are a bunch of little guys like you and me, people that entered into contracts to move into their new homes. Macrae stated that he has received at least a score of telephone calls requesting aid from future residents of Our Town, some of their stories are pitiful, they are hard pressed and are at wits end. If something can be done to alleviate this situation the sooner the better, this council should make some attempt to get to the bottom of this gross situation, my heart bleeds for these people."

Messenger replied "I feel sorry for them too, but if we allow this developer or any other developer to get away with anything then it will not only be the fellow that's moving into the township that will get hurt it will be all of the people of the Township."

Councilman Richard Dealy was

### Aid Squad Elects Officers

The Old Bridge First Aid and Rescue Squad of 200 Marlboro Road held its annual election of officers on Sunday.

The following First Aiders of the Red and White Organization were elected to lead the membership in its endeavors for the 1965 year.

Elected as follows was Harry Coyte, President; Mrs. Irene Garshgo, vice president; Mrs. Rollie Liebowitz, secretary; Mrs. Millie Tuminello, Financial secretary; Charles Bill, Treasurer; Herb Bromley captain; Bill Murray, Assistant Captain; Leonard Schnier, First Lieutenant; Dick Gordon, Driver; George Stueber, Sgt-at-arms.

In order for a person to be eligible to be elected for an office in the squad, he or she must serve as a member for more than 18 months, the total collective number of years served by the newly elected officers adds up to 45 years of combined service with the squad.

The incoming holders of the offices of president, secretary, captain, assistant captain and first lieutenant, will succeed themselves for a second term. The new officers will assume office at 12:00 a.m. January 1, 1965 and they will be officially sworn into office at the Squad's Annual Installation Dinner and Dance in January.

The cost of the annual dinner is paid for by the membership, which contribute to a special

Homemade items, comic books, nicknacks, cakes and goodies will be on sale.

fund for this event during the year.

During the recent meeting Charles Gowacki who has recently completed his six months probationary period was accepted as a full member of the squad.

The membership welcomed its newest member William Gaynor, of Gramercy Road.

It was announced at the meeting that George Stueber who has been the squad delegate to the 14th District of the New Jersey State First Aid Council for the past two years was elected to the office of corresponding secretary for the district for the few year.

### Boys Make Donation

Four boys who live in Central Park have turned over to the Free Public Library of Madison Township located in Laurence Harbor, \$4.00 which they earned by operating a cold drink stand during the summer.

The boys are: Leonard Booth of 123 Washington Avenue; David Kosteci, 60 Mercury Circle; and Robert McGovern, of 59 Mercury Circle.

The boys are borrowers of books from the Free Public Library, which is sponsored by The Woman's Club of Laurence Harbor, and have made this donation to help meet the expenses of operating the Library.

## Welcome To Our Town

Political storm clouds have been forming over the Heatherwood situation ever since the pre-election meeting of October 26, 1964 when it was reported that work on the development had been ordered stopped because of undersize drainage pipes. Whether there was an honest mistake made or not has not been determined. Meetings of the township council and the township planning board have failed at this point to bring about a solution to the problem. The meetings have turned into political battlefields. Councilmen continually snipe at one another.

Caught in the middle of this political vorando and storm are approximately 24 future residents of Our Town. These are all little people like you and I. People who wanted to escape from the "asphalt jungle" of city living. Little people who are seeking a better way of life for themselves. Little people who were willing to give up life-long friends and neighbors to resettle in Our Town. To become part of Our Town and Our way of life.

These are the people that are getting hurt in this storm, the little fellow. We've received several telephone calls in regards to the situation. Many of the people have no place to move. They have lost their leases on their apartments. They are homeless, with nowhere to turn and no one to appeal to.

We, the people of Madison Township, should therefore appeal for our future residents, our future neighbors. Whether the installation of the storm sewer system is wrong or right is not the important question. We believe that the Township Council and the Township Planning Board should allow these people to settle in the homes they have purchased.

The problem of the drainage system can be straightened out eventually, if the Township Council would allow each home owner to sign a waiver, this would in no way jeopardize any claim the township might have against the developer.

The Christmas season is fast approaching and we all remember the story of the Christ child. The story of Bethlehem. We appeal to the township council and the planning board to open their hearts and think of the people without homes, nowhere to go, these are just little people and they will be Our People and part of Our Town, if you can just find room in your hearts.

P.S. We also understand from reliable engineers that the pipes are large enough to handle practically any drainage problem with or without politics.

### Cake Sale

A Holiday Bake Sale sponsored by the Woman's Auxiliary of the Old Bridge First Aid and Rescue Squad will be held from 9 a.m. until 6 p.m. Saturday, November 21 at the A & P Store on Route 516, directly across from the Miller School.

Proceeds from the cake sale will go towards the purchase of necessary equipment for the squad.

### Testimonial Dinner

120 people attended a dinner in honor of Kenneth V. Smida, ex-Madison Township High School principal who resigned recently to take the same post at Metuchen High School.

The testimonial was held at the Turf restaurant with Peter Delaney, a member of the high school faculty, acting as toastmaster.

Mrs. Jeanette McKelvey, Smida's secretary at Madison, presented a gift to the school head on behalf of all his well-wishers.

Dr. John W. Khouri was the principle speaker. Others who spoke were Mrs. Mary Beckner

## UNDER THE FENCE

**FEUDING AND FUSSING:** Well the November election is over but you'd never know it with the turn out at the recent meeting of the Township Council. It was one of the longest meetings of the year. There were at least 14 potential candidates attending the meeting and each one was up and down several times to make himself heard. With the primary election coming up next, things will continue to be lively and you won't be able to tell the candidates without a score card. Many Democrats are urging Democratic Municipal Chairman John Phillips to stay in the driver's seat. They feel that Phillips was

### Letters

To Whom It May Concern:

The first step in getting citizens to take part in their township and government is for them to understand how they work. It is to this end that the League of Women Voters is in the process of being formed in Madison Township. The League is interested in helping all citizens become informed about their National, State and Local governments, important issues and the many ways an individual can effectively influence his government. The League takes action in support of or in opposition to governmental issues that have been studied and on which a consensus has been reached. It does not support or oppose candidates or political parties. Individual members of a League are encouraged to work in the political party of their choice. To protect the non-partisanship of the League, Board members do not work in their parties while serving on the Board.

Participation comes in as many shapes and sizes as Leaguers do. There is the member who enjoys belonging to and supporting financially an organization dedicated to strengthening the democratic process. She participates by reading her bulletins and other publications. Another member not only reads but comes to the one meeting that has piqued her interest. Still another member enjoys the stimulating company of her fellow Leaguers and comes to the larger meetings. Some members are interested only in studying. For many members the appeal is action and voters service.

We would like you to sign up for the League activity that appeals to you the most. Our activities are many and varied and we think you will find great satisfaction in any of them. We are aware, however, that some Leaguers have limited amounts of time. Practically all Leaguers are busy people. All have worthwhile interests. Each gives the time she feels she can to League work.

Now is the time to become a member of the League of Women Voters. May we welcome you at our next meeting to be held at the Madison Township High School in Room 103 on Monday evening, November 23rd, at 8:00 P.M.

Mrs. Gloria Richard

### Dance Set

On November 22, 1964 at 8:30 P.M. The Jewish Community Center of New Brunswick, Highland Park and vicinity will hold a "Dance of Milk and Honey" to be held at the Center at 2 South Adelaide Ave., Highland Park, N. J. You will dance to the music of the Rhythmaires. There are excellent door prizes that even exceeds your imagination. All those people from the ages of 20 to 30 are invited to come and dance at our Israeli and American get together."

the prime factor in the recent election and will be the only person in the Democratic Party that can hold "it" together for the 1965 election. They feel that if Phillips drops out as chairman, too many potential chairmen will come forth and there will be knife wounds all over which couldn't possibly be healed in time for the November election. The Democrats have to take four seats in November to gain control. Up at stake are scores of political jobs and appointments.

**POLICE DEPARTMENT:** Rumor has it that the Madison Township Police Department will seek another pay raise. The way we get the story is that the police will ask that senior patrolmen would attain \$7,000 salary immediately. This would also mean that all higher ranking officers would also attain increases in salary. We don't feel that the police will get their demands but they probably will get a pay increase. We'd rather see additional patrolmen appointed to the police force than any pay increases at this time. With additional development coming into the township and apartment houses, additional police will be needed. You can move 1,000 persons into a Garden Apartment project overnight but it takes at least 6 months to train one police officer.

**ROAD DEPARTMENT:** We saw a youngster sticking his head in a drain opening in Sayre Woods South, then he was trying to climb down after his little plastic ball. Wouldn't it be possible to place some type of iron bar so that youngsters wouldn't be able to climb down into the drains; if a youngster ever gets caught down in one of the drains there might be a tragic ending to the story. We would suggest that the township municipal manager check with Middletown Township if our memory serves us right, they had similar problems.

**SEWERAGE:** Well, the taxpayers suit was withdrawn against the Madison Township Sewerage Authority and work is supposed to start. We hope that they will hold up on any digging until early spring because we still feel that regardless of what the contractor says, the roads are going to take a beating and there will be lots of inconveniences caused the residents of Madison Park. A few more months wait won't hurt any one.

**WATER, WATER, WATER:** Well, the Township Council of Madison and the Township Committee of Matawan have hired an attorney to represent them in their fight with the Cliffwood Water Company over rate increases. We still say that the water company will obtain a substantial rate increase. We still can't see why we needed an extra

attorney. We have a township attorney and the Madison Township Municipal Utilities also have an attorney. It is our opinion that these gentlemen could have handled the situation satisfactorily.

**BOARD OF EDUCATION:** Rumor has it that the Board of Education budget will be the highest in the history of the township. We predict that the budget will be defeated at the polls and any Board of Education member seeking re-election will be defeated. Every time you turn around some body connected with the school system is seeking and getting pay increases. It's got to be curtailed somewhere along the line.

## TAKE FIVE

REV. JAMES SILVER

Pastor Laurence Harbor  
Community Church

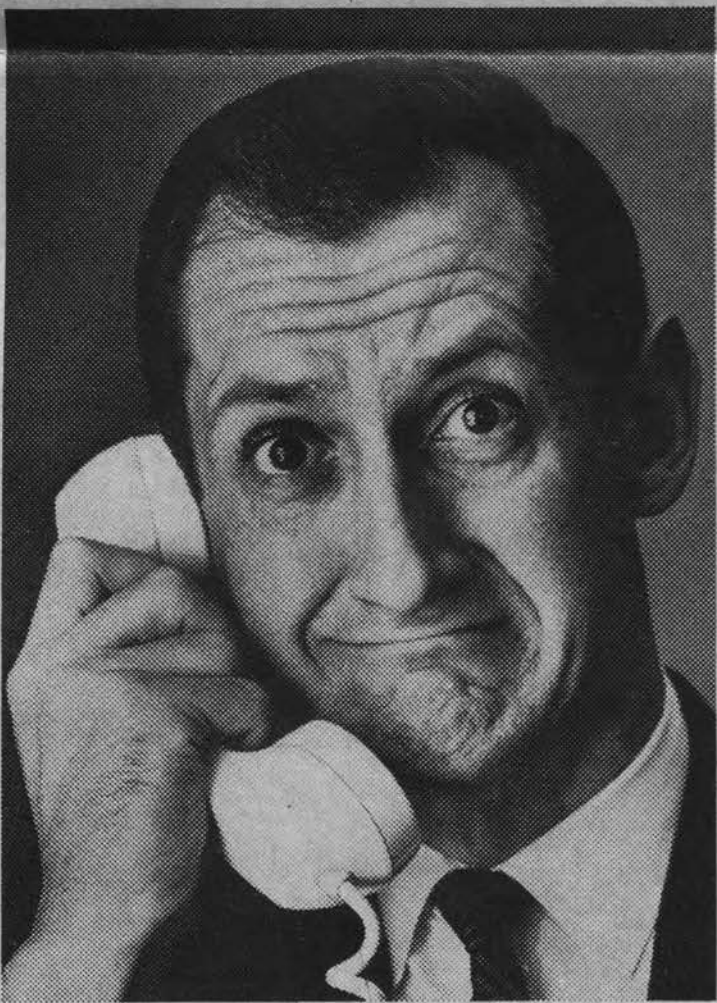

"But lay up for yourselves treasures in heaven, where neither moth nor rust consumes and where thieves do not break in and steal." Matthew 6:20.

We live in constant danger of fussing too much over ourself. It is much too easy to become wrapped up in our own little interests, our pleasures, our health, our status, our finances, when we should be spending life on what will out last them all. There needs to be something of the spendthrift about us so that we give ourselves to others and our God, and not in small measured quantities but in large amounts.

What is our treasure and where does our money go? Are we making an investment in the future in the lives of others or in causes that will benefit humanity? Do we spend all but our small change on ourselves when we should be giving our allegiance and our dollars to what will help us rise above ourselves and push the selfish little "I" out of the center of our lives? We need enthusiasms that demand sacrifice and take their toll of the comforts and pleasures which we think are so necessary but which only make us lazy and self-satisfied. Thoreau's concern should set the character for ours, "My only fear is that I may not be extravagant enough." Extravagance with our abilities, our time, and our money, for the sake of others and for God, this builds an eternal treasure.

Prayer: O Lord, help us to give wisely and well instead of just small change. Amen.

"I am sorry, the number you have reached is not..."

Exasperating, isn't it? It makes us unhappy, too. Yet avoiding wrong numbers is so easy—and can save so much time. Just remember these tips:

1. When you're not sure of a phone number, look it up. Check the area code, too. Jot down both. And then dial. By being sure, you'll save time in the long run.
  2. When dialing, be sure to bring your finger all the way to the finger stop.
  3. And, dial *carefully*—simple carelessness is probably the biggest cause of wrong numbers.
- If you get a wrong number, just call the operator. She'll see that you're not charged.

P.S. Should you be billed for a wrong number, call the Telephone Business Office. It will be straightened out. *Call anywhere, but dial with care.*

This poster, drawn by seven-year-old Judy Bruce, was one of the entries in the "What Electricity Means To Me" contest held for children of JCP&L-NJP&L employees.

*"Electricity makes the lights go on. If there wasn't any electricity, you would click on the lights and it would still be dark." So writes Judy Bruce. And she's right. Electricity means a lighted bulb. But there's more to it than that. Electricity means power to run things—at low cost. Now people are using more electricity than ever before, but they are paying for it at a rate that's 20% lower than it was in 1929. That's a good record—but one that we work hard to make even better.*

### Roll-The-Barrel

The Madison Township Jaycees played host recently to a delegation of ten members from the Franklin Township Jaycees who came to roll the barrel.

The visitors led by their president, Bob Gerstbrein, entertained their host with a brief skit based on their activities within their community. Sponsored by P. Balentine & Sons of Newark, roll the barrel is designed to promote better relations between chapters through discussion of their common goals and various projects.
